With a bit of disdain and unscrupulous look.

He pointed at Wen Xiang, "Hey, you don't even call your second uncle anymore? Wen Xiang, let me see how long you can pretend? Do you think you love her?"

Your family is also bankrupt. If it weren't for Su Jin, You are just going to end up being someone else's mistress. How dare you put on airs in front of me just because you gave birth to two babies?"

Wen Xiang's face turned pale in anger, his fists clenched and tightened, and he slapped him down.

Su Yinian's face was cold and ugly.

"You still dare to hit me?"

"Why don't I? What you say is rubbish, even if Su Jin and Dad are here, I still dare to hit me!"

Wen Xiang's face was cold, her eyes were full of coldness and kindness. disgust.

There is no need to hide my disgust and disgust towards this second uncle anymore.

It was such a joy to be torn apart.

Su Yi Nian was about to fight back when he heard Ning Yue panting and sat up from the sofa with difficulty, "President Su, go and call a doctor for me, don't you still cooperate with my husband? How can you see death?" Don't help?"

She wanted to hear him say it herself.

Su Yinian paused, watched her restrain her emotions, and sneered,

"If there is no relieving medicine, the allergies should cause suffocation within half an hour, and then die, right?"

Wen Xiang was shocked by that perverted look in his eyes.

She suddenly wanted to run around him, but Su Yinian tightly grasped her arm, flung her back, and threw her beside Ning Yue.

“Since you’re here, you don’t have to leave. I’ll take care of you after I take care of Ning Yue.”

He smiled maliciously, and his eyes fell on Ning Yue again.

“Actually, I didn’t want to harm you, but who made you marry Fu Yechuan?”

Ning Yue’s eyes widened. “Pollen, right?”

Su Yinian couldn’t help but raised his head and laughed, “You delivered it to your door yourself, so you can’t blame anyone else. Mr. Fu told you about pollen allergies, so you can blame him. Thanks Get rid of him, otherwise it will be very difficult to attack you in China. Now it’s all right, after half an hour, I will go and say that you accidentally ate pollen and died by yourself, it has nothing to do with anyone. As for you... ..”

Su Yinian landed on Wen Xiang’s face.

There was a bit of murderous intent in his eyes.

He raised his hand, wanting to touch her face, but Wen Xiang pushed him away.

He smiled slowly, as if he was not in a hurry to touch her.

In the face of life and death, he did not believe that Wen Xiang would be so cold and hard.

Sooner or later, she would kneel before him and beg him to spare her life.

Ning Yue’s face turned pale, “You forced my biological mother to death. I never wanted to settle accounts with you, and I didn’t even know anything about it. How could you do this? Why did you kill me? I don’t understand.”

Su Yinian sneered, and stared at her, “So you already know, so you also know that I am your biological father?”

Wen Xiang’s eyes widened in shock for a moment.

Ning Yue sat there with a tense and stiff face, clutching her chest, panting heavily.

Tears fell involuntarily.

The person she was looking for was not Su Yifeng, but Su Yinian who stood under Su Yifeng’s wings.

Only Su Yifeng and Su Yinian of the Su Group could be called “Boss Su” back then.

Su Yinian’s ability and decision-making ability are not as good as Su Yifeng’s.

So it is easy to be overlooked and forgotten.

But at the beginning, with the power of the Su Group, as Su Yifeng’s younger brother, Su Yinian naturally rose to the top and was highly sought after outside.

In order to get the project, Ning Junchen donated his wife. From the very beginning, things got out of hand.

They feed a devil’s greed with their lives.

Su Yinian smiled coldly, “Don’t hate me either, I really liked your mother at the time, I asked her to divorce me, but she didn’t agree, and instead stabbed me, so that I could never have a baby again.” I have a child. I hate her so much. If she dies, she will make me childless for the rest of my life. Do you think you are my biological daughter, so I will treat you kindly?”

His brows and eyes are full of indifference and arrogance, “I know you are my daughter. When I gave birth to my own daughter, I only felt extremely disgusted. It was your mother who was mocking me, mocking me that I only had you as a daughter, so I will love you if I count it. Pooh, I am not as good as she wants, I would rather go to I will never make it easier for you to raise other people’s children.

You are right, I could have done nothing.

Who made you marry Fu Yechuan?

You told the Ning family that Fu Yechuan will be yours in the future Relying on the mountain, revenge if you have grudges, revenge

if you have grievances. If I don’t do it in advance, won’t I lose the initiative when Fu Yechuan finds out the truth for you?

Waiting for you to come to me to settle accounts, I might as well settle accounts with you.

What your biological mother owes me, I will get it back from you! “

Su Yinian’s face became ugly and distorted little by little.

The madness and unscrupulousness on his face made people feel horrible.

Ning Yue’s tears welled up, and she couldn’t control the liquid in her eyes.

But her face She didn't have the slightest emotion.

She listened to Su Yinian's venting in a daze, and felt it was extremely ridiculous.

Who would want to be his child?

If she could choose her own parents, why would she choose to be born in such a family?

Ning Yue's eyes were empty and lifeless, she only felt sorry for that poor woman.

She let her go because of a thought of kindness, but the devil didn't. Ning

Yue suddenly laughed, stood up slowly, her eyes were dark and cold Looking at him hard,

"You can't get it back, my mother died, you forced her to die, you made her lose her happy home, you drove her to a dead end step by step.

Why do you have the face to say something to settle accounts with us?

Su Yinian, I didn't settle accounts with you, you should be grateful to my biological mother for not planting the seeds of hatred in my heart.

You are the most damned person, but you have enjoyed the blessing for more than 20 years, it is really unfair!

At this moment, she was no longer panting with her hands on her chest, her face was no longer flushed, and she was no longer weak.

Su Yinian frowned and looked at her, " Why did you suddenly recover?" As soon as the words fell, there was movement at the door.

Someone kept knocking on the door.

It was Su Jin's movement .

"Wen Xiang, are you inside?"

Wen Xiang's eyes were sore all of a sudden, and she hurriedly stood up, "Su Jin..."

As soon as she finished speaking, Su Yinian pushed her onto the sofa violently and slapped her on the face.

"Be honest with me."

The movement at the door became louder and louder.

Fu Yechuan impatiently wanted to kick the door open, “Ning Yue...”

Ning Yue shouted loudly, “I’m fine, I can’t die.”

She looked at Su Yinian with mocking and indifferent eyes, “Of course I’m fine, because the pollen Allergies are fake, from the time I drank that wine, I knew that you were the one who wanted to kill me, because you served me that glass of wine, and I only told you about my hay fever allergy.”
