Divorce billionaire heiress chapter 2616-Su Yinian's face flashed panic and shock.

There was anger and coldness in the eyes looking at Ning Yue.

He took a step forward, approaching step by step with Yinzhi's indifferent aura.

Ning Yue met his gaze without any fear, "Your blood is running on me, I feel sick, but I will live well, because I can make you feel sick!"

Su Yinian choked her neck violently and pinned her on the sofa.

The movements were fierce and vicious, and the veins on his forehead were protruding, with a hint of determination, "You go to die, then you go to reunite with your biological mother, you go to die..."

Wen Xiang was shocked at the side Go over and push him, "You're crazy, Su Yinian, let go!"

She went to the side and picked up the ashtray and smashed it on his head. The blood on Su Yinian's head slowly flowed down, but he still didn't let go.

That horrible look seemed to come from hell.

All the vicious strength in his body was used in his hands, tightly strangling Ning Yue's neck.

Ning Yue couldn't breathe, her face turned red and purple...

Wen Xiang saw that she was not feeling well, so she hurried to open the door.

The door here is specially made, and the action of external force can rarely be opened.

At that moment, Fu Yechuan also kicked away.

Wen Xiang retreated because of her strength, but she couldn't care less now.

Fu Yechuan rushed in.

Seeing that scene, his eyes instantly turned red.

He stepped forward a few steps and kicked Su Yinian away.

Ning Yue breathed heavily.

Fu Yechuan held her in his arms, and then let go.

He unbuttoned his own, his face was gloomy and chilly.

He grabbed Su Yinian's clothes and smashed them down with fists.

Every fist used full strength.

Su Yinian struggled at first, but soon became motionless like mud.

In the end, his head was covered in blood, and he couldn't even see his original appearance.

Or Su Qi went over and stopped,

"Fu Yechuan, do you want to go to jail?"

They didn't stop at first because Fu Yechuan wanted to vent his anger, and because Su Yinian deserved it.

No matter who saw that scene, there would be an urge to kill.

Su Jin went over to hug Wen Xiang, kissed him lightly, and asked in a low voice,

"Are you okay?"

Wen Xiang shook his head and tugged at his clothes.

Tell me what happened just now.

Su Jin's face became darker and darker.

Su Nan supported Su Yifeng to come over last, and was stunned when he saw this scene.

The mark on Ning Yue's neck is really shocking.

Su Yifeng's face changed slightly, "Go and call a doctor."

Ning Yue touched her neck, and only now belatedly felt the dull pain like a knife cutting flesh.

Fu Yechuan stared at Su Yinian fiercely.

He glanced at Su Yifeng and chuckled, "Boss Su, the sincerity I sent seems superfluous. I know some things, and it becomes different."

"Boss Fu, what do you want to do?"

"I want to take people away, regardless of life or death."

Fu Yechuan's tone was sharp, the indifference and contempt in his eyes were as sharp as a falcon, and the killing intent rose.

Su Yifeng narrowed his eyes, walked over, looked at Su Yinian, who was already unknown on the ground, and sighed.

"People always have to pay for what they do, sooner or later."

He didn't intend to care.

Originally, I still had a glimmer of hope for this younger brother.

Looking forward to his return.

But he actually wanted to kill Fu Yechuan's people on this scene.

The results needless to say.

The Su family and the Fu family turned against each other, and all interests involved were lost.

Su Yinian wanted to destroy the Su family, and also wanted to kill Ning Yue, no matter what the price was, he didn't care at all.

Su Yifeng suddenly felt exhausted all over, and it was impossible to say anything for him now.

He turned his head to look at Ning Yue, with a bit of distress and struggle in his eyes, "My child, I didn't know about this before I read the diary you sent me. After reading the diary, I just doubted him. I originally I want him to say it himself, but now it seems that I am thinking too easily. In the past twenty years, the Su family has been sorry for you, don't worry, I will give you justice."

Ning Yue's face was ashen . , coughing violently.

Fu Yechuan stepped forward, picked her up, and then asked the bodyguards who came in to take Su Yinian away from the ground.

Fu Yechuan left.

When the bodyguard first touched him, he resisted violently, "Brother, save me, you can't leave me alone, if I fall into Fu Yechuan's hands, can I survive?"

Su Yifeng's eyes were old and calm, "That's what you asked for, Yi Nian, am I not good enough for you? You actually want to betray me and the Su Group. Fu Yechuan sent you the contract you signed with him. Even if he doesn't settle with you, I won't let you go!"

Su Yinian was slightly taken aback, and immediately cried out, "I was deceived, brother, it was Fu Yechuan's trap, brother, save me..."

"Stop pretending."

Su Yifeng turned around and left.

Seeing this, Su Yinian couldn't help yelling, "I have a share in the Su Group, but you only think about your children, what about me? You think I don't have children, so you won't give me the power, for fear that I will spread the power to others." Outside, aren't you selfish? You think you're getting paid, Will I be grateful to you?" Su Yifeng swayed slightly, almost unable to stand still.

It was Su Nan who supported him from behind, and urged Fu Yechuan's bodyguards to take him away quickly.

If they handle this kind of rubbish by themselves, they would dislike dirty hands.

Since he had no intention of saving people, Fu Yechuan was free to do whatever he wanted.

Su Yinian cursed incoherently, and was escorted away by the bodyguards.

Although he left through the back door, he still Many guests saw it.

Su Yifeng was no longer in the mood to celebrate his birthday.

He suddenly realized that Su Yinian proposed to hold a special event just to find an opportunity to get close to Ning Yue, and then take advantage of it.

He wanted to put the entire Su family They were all dragged into the water!

Su Yifeng's eyes darkened, and he passed out immediately.

"Father..."

Su Nan and Su Jin stepped forward, Su Jin took him to another lounge, and immediately called the doctor. You Shangqian stabilized the situation, so even this small disturbance will not shake people's hearts.

Su Qi came to monitor to see what happened before and after.

Su Jin saw Su Yinian's rudeness to Wen Xiang, Her contempt and humiliation made her face turn pale.

Wen Xiang was still taking care of Su Yifeng, and she didn't notice her husband's emotional changes.

Until the doctor gave Su Yifeng an injection, Su Nan sat next to her and saw Wen Xiang's face when she looked up It was swollen.

She stood up in shock, "Sister-in-law, what's wrong with your face? "

Wen Xiang touched the face that was slapped by Su Yinian, it was hot and a little painful.

She blocked it with her hair, and smiled to comfort her, "It's nothing. "

As soon as the words were finished, Su Jin went over and grabbed her hand, brushed her hair away, seeing the slap marks on her delicate face, her eyes could only get angry.

"Second uncle beat him?"
