Divorce billionaire heiress chapter 2617-Wen Xiang knew that he was angry, and quickly comforted him, "It's okay, I will stop him from beating Ning Yue. This injury is nothing compared to Ning Yue."

I won't let him go."

Originally, he just ignored it, but now he wants to add fuel to the fire.

Su Qi was also very angry,

"Yes, we can't let him go, Su Yinian doesn't even look down on his sister-in-law, so it's no wonder he wants to bring down the Su Group, brother, settle the old and new scores together!"

Su Jin nodded with gloomy eyes.

Su Yinian's obscene look at Wen Xiang made him want to gouge out his eyeballs.

Wen Xiang is the treasure in his heart, the god he holds high, and no one dares to desecrate him.

Su Nan went over to look at the injury, and said with concern, "Go and take the medicine first, sister-in-law, it must be very painful."

Xiang smiled.

Su Nan nodded, "Don't worry, I know, go and take the medicine quickly, or the swelling will be severe tomorrow."

They all hated Su Yinian so much that their teeth were itching.

Wen Xiang is such a gentle and generous person, Su Yinian dared to be so contemptuous.

I really don't know how to live or die.

Wen Xiang nodded and was taken away by Su Jin.

Su Qi went over and patted Su Nan on the shoulder, "I'll stay here to watch Dad, you go see off the guests with Shang Qian, there are probably more people watching the excitement now, so don't let the news out."

“I know.”

Su Nan glanced at Su Yifeng, and then immediately.

Shang Qian saw that it was almost time, and had already started to see off the guests.

Seeing Su Nan coming, he took off his coat and put it on her.

“Tired?”

Su Nan hugged him with both hands and shook his head, “My father must be very sad. He is very tolerant of this brother. Uncle has lived a lot of hard times with him, and he regards his life as his own responsibility. In fact, look now, what is wrong with Second Uncle? He does one thing in front of his face and another behind his back, and lives more chicly than his father. It’s not easy for Dad to look after us and the company!”

Shang Qian sighed and hugged her, “Don’t worry, Dad knows what’s in his mind now, and he won’t interfere anymore. I think Fu Yechuan’s attitude will not be taken lightly.” Let Su Yinian go, if Dad doesn’t intervene, it will have nothing to do with the Su family.”

“I hope so, I really don’t know how to raise this stuff that eats inside and out!”

Su Nan was rarely so angry.

Shang Qian stroked her hair, and greeted the people who came over with a smile.

The man smiled meaningfully, “Boss Shang and Ms. Su are really in love. We can smell the sour smell of love from such a long distance. What should we do as singles?”

Su Nan looked up and saw that it was an old man. He has no scruples anymore, he smiled and let go of his hand, “Find one quickly, too.”

The other party pointed to Su Nan, said hello and left.

It took a long time to send everyone away.

After all, it was a good day, and everyone wondered why Su Yifeng didn’t show up in the end.

Su Nan could only say that he was old and in poor health, and fell asleep after taking the medicine.

Everyone is not too entangled.

After everyone left, Su Nan and Shang Qian returned to Su Yifeng’s room.

Su Qi was still there, calling Ning Zhi in a low voice to report the situation.

Ning Zhi came here for a while, and then left in a hurry, because the company had something urgent and had to go.

She was going to come back now after finishing the treatment, Su Qi asked her to go directly to the old house to stay for one night.

Otherwise, it would be a mess here.

Su Yifeng woke up again and rubbed the center of his brows.

He glanced around, his eyes were somewhat gloomy and painful.

He looked at Shang Qian,

“Why don’t you take Su Nan back to rest? She is pregnant now, so she can’t stay up late.”

Shang Qian poured a glass of water and handed it over, gently saying,

“She is worried about your body, Dad, and you can’t sleep. You Are you feeling better?”

Su Yifeng sat up and sighed.

“It’s really a disaster.”

Su Nan sniffled and walked over, “Dad, anyway, we don’t plan to meddle in the second uncle’s affairs anymore. You are soft-hearted, but we won’t take everything we have to fight for such a scumbag.

Do you know that he still humiliated and beat his sister-in-law?”

Su Yifeng was slightly startled, with disbelief in his eyes.

“This bastard!”

Su Qi stroked Su Yifeng’s chest from the side, “Dad, don’t be angry, we just want your attitude, leave this matter to the elder brother, and you can leave it alone.”

Su Yi’s ethos His chest heaved up and down, and he waved his hand away,

“I know, I won’t be soft-hearted, if he dares to bring his ideas to our own home, I won’t be polite to him.

I used to think that he was ignorant and had no bad intentions, but when Ning Yue appeared, I realized what kind of devil Su Yinian was in the eyes of others! “

In these years, he has pretended so much.

It makes everyone think that he is just a wimp with a strict wife and soft ears.

Maybe Shen Jie is just his use.

He has no children for so many years, Su Yi Nian didn't cheat or find another woman.

Because he knew that it was impossible for him to have children.

Shen Jie and her daughter Shen Li were just a cover to deceive others.

Su Qi nodded.

As long as Su Yifeng doesn't With a soft heart, they will naturally handle things beautifully.

Fu Yechuan took Ning Yue back to Fu's house.

Now that he knows who it is, it will be easier to investigate the rest with this direction.

He just wants to give Ning Yue Prescribing the medicine.

The doctor was waiting at home.

He stared at Fu Yunche who had just returned home.

When the two of them entered the door, the doctor stood up, “What happened? “

Ning Yue's voice was a little hoarse, and she could hardly speak.

Su Yinian used all his strength to pinch her to death.

Ning Yue's eye sockets were also very red.

There were bloodshot eyes.

“Give it to her quickly.” have a look. “

Fu Yechuan carried her upstairs in one breath.

The doctor and Fu Yunche hurriedly followed.

The doctor checked carefully before he breathed a sigh of relief and took out an ointment

“It’s for external use. I’ll bring the medicine for internal use tomorrow. Her throat is not suitable for taking anything tonight, and the medicine won’t work anymore. When the swelling subsides tomorrow, she can eat.” Fu Yechuan nodded, “No big deal.”

” Is it in the way?”

“No, the pinch is not in the right place. Although it is hard, it will not hurt the key parts. If it goes down a little bit, I am afraid my life will be lost.” The doctor said, watching.

Fu Yechuan’s face completely darkened .

Having said that, his business is over.

“Then I’ll go first, call me if you have anything to do.”

Fu Yechuan nodded.

Fu Yunche climbed onto the bed and sat beside Ning Yue. He wanted to touch her neck with his little hands but dared not touch her neck. His clear and clean eyes were full of distress, “Auntie, does it hurt? I should go with you today, I should go protect yours.”

He choked up a little as he spoke.
