Divorce billionaire heiress chapter 2619-So Su Yinian lived at ease for another twenty years.

The musty smell of damp in the room tainted his expensive suit.

Su Yinian grinned loudly, and blood flowed out from his smile.

Nasty and sticky.

He vaguely saw the gasoline smell of the car accident when the car collided, and the bloody smell after the woman jumped off the building.

It was surprisingly consistent.

“Is she dead? It’s good to be dead, good to be dead...”

He murmured with a grin.

Fu Yechuan kicked him with a cold gaze, breaking several of his ribs.

Su Yinian clutched his chest in pain, his face turned pale, and he couldn’t utter a word.

When the pain is extreme, the body will curl up together, and the pain is also dull and sharp, surging and surging.

Fu Yechuan’s tone was cold, “Are you awake, President Su?”

Su Yinian coughed, and a mouthful of blood came out of the cough.

He smiled intermittently,

“I’m not dead, it’s a pity that I’m not dead.”

Seeing that he was delirious, Fu Yechuan’s eyes were extremely deep, “Look at him, you don’t need to find a doctor, life or death is irrelevant.”

“Yes.”

There was a cloud in his eyes anger.

the next day.

Su Jin asked someone to deliver a package of things to Fu's Group early in the morning.

When Fu Yechuan went, Chen Mian handed it over.

Open it and have a look.

It is the evidence of Su Yinian's tax evasion in the company over the years, as well as the evidence that he illegally obtained funds and projects.

These evidences are enough for him to go in and sit in prison for 20 years.

But they didn't give it directly to the police station, but to Fu Yechuan.

Because Su Yinian was in Fu Yechuan's hands.

Once the things are handed over to the police station, the police will definitely start arresting and looking for someone, and Fu Yechuan's situation will be passive.

But if it was handed over to Fu Yechuan, no matter what happened to Su Yinian, these evidences would become physical evidence for him.

It was impossible for Su Yinian to get out of the way again.

This is also the attitude of the Su family.

Fu Yechuan took a look at it and asked people to put it away.

He didn't want to let him go so soon.

But he has to give the Su family face.

As long as the Su family doesn't intervene, he won't hurt the innocent.

noon.

Fu Yechuan was worried about Ning Yue, so he called home.

It was the servant who answered the phone.

"How is Madam today?"

Before the servant could speak, Ning Yue answered the phone.

"Mrs. Fu is fine today, and she is also in a good mood. Don't worry, make money, you know?" With a little smile, judging by her tone, she has regained her vitality.

“Are you in a good mood? There is a bank card in the drawer in the bedroom. If you want to go shopping, you can go shopping. Someone has to spend the money I earn!”

Ning Yue smiled, “Of course there is a chance. Yun Che is on vacation today, so I will take him shopping. He can still carry my bag!”

“How much can that little man carry? How about I help you?”

Fu Yechuan was also in the mood.

Ning Yue: “Don’t come, you are a bag every minute, don’t waste it.”

Fu Yechuan: “You really know how to live!”

The two talked for a while, and Ning Yue thought of something, “Fu Yechuan, don’t kill him, it’s not for anything else, don’t get blood on your hands, it’s not clean.”

Fu Yechuan pondered quietly for a few seconds before responding, “Okay, I know.”

If Su Yinian hadn’t caught her, he wouldn’t be so relieved to let Ning Yue go out.

Now it’s all right, she can go out openly.

Ning Yue smiled and hung up the phone.

A trace of gloom flashed across Fu Yechuan’s eyes, but he didn’t go either.

Su Yinian’s injuries were serious, and he wasn’t worried that he would run away at all.

What’s more, the bodyguards there are all carefully selected.

More than half a month.

Su Yinian’s rib injury was almost healed.

Fu Yechuan made a phone call, and the bodyguard kicked him off again.

Just like this, it’s okay to break it, it’s okay to break it, it’s okay to break it again.

Repeated wounds will never heal.

Su Yinian lay on the bed in pain, the room was dark.

It was very similar to the room where he imprisoned and locked Ning Yue’s mother.

Back then he was after stimulation and sensual pleasure.

But when it was really his turn, he could only feel waves of panic and chills.

He couldn't take it anymore...

a month later.

Fu Yechuan received a call from the bodyguard.

He confessed something that none of them knew.

Su Yinian wanted to exchange this for his freedom and end this dark torture.

Fu Yechuan readily agreed to him.

So a confession letter arrived on Fu Yechuan's desk.

It described in detail how he bought Ning Junchen's driver, tampered with Ning Junchen's car, killed Ning Junchen, and then attempted to take possession of Ning Yue's mother.

Between the lines, he did not admit his mistake, but calmly narrated what he had done.

And how he feels about killing people.

It makes people feel bloody metamorphosis.

Fu Yechuan watched for a long time, feeling suffocated.

That's how his Ning Yue came.

From a pile of dung, can a flower bloom?

It's incredible.

Ning Junchen is useless, Ning Yue's mother is weak, and Su Yinian is perverted.

He didn't hide it from Ning Yue, he let her read the letter before telling her about his decision.

"Leave it to the police. Now killing people is bigger than personal grievances. We can't end this matter privately. The police can."

Ning Yue nodded in agreement without saying anything.

She already knew the answer and had the result.

How she acted didn't seem to matter that much anymore.

The biological father killed the biological mother, she was not welcomed into this world, she has no kindness or debt, and she does not need to avenge anyone or stand up for anyone.

By now.

The best way is to expose the dusty past, tell the truth, and let the law make a decision.

In this world, the kindness she owed Mr. Ning for her upbringing has been paid off.

She just feels relaxed.

Fu Yechuan quickly asked people to hand over the things sent by the Su family to the police.

After the police filed the case, someone let Su Yinian out.

Su Yinian stumbled down the street, looking dazed, listless, staggering, and the passers-by screamed.

Soon, someone called the police.

Su Yinian was arrested by the police, and the nature of the commercial crime was relatively bad.

Moreover, the police notified the Su family in advance. The Su family only said that they hoped to do business properly, and they did not plan to pay to bail him out. They also wanted to investigate Su Yinian for the huge losses caused to the company.

The police have not begun to fully verify the incident of commercial crime.

Su Yinian himself confessed to another criminal offense.

"It was I who tampered with Ning Junchen's brakes. I wanted him to die. I did it. I also forced that woman to death. Even if she didn't jump off the building by herself, I would let her die.

Hahahaha , She deserves it, comrade policeman, I surrendered myself, can you be lenient, I pay the money and let me go?" The police sensed that something was wrong, and immediately went to investigate this person named Ning Junchen.

All of a sudden, Ning Junchen's car accident twenty years ago was involved.

There were also two major cases of Ning Junchen's wife jumping off a building, and then a series of crimes involving Su Yinian threatening to force women were discovered.

The rest, became a matter of course.
