Divorce billionaire heiress chapter 2620-The nature of commercial crime has become a criminal offense.

The police's investigation target has one more direction.

It was only during the interrogation by the police that Su Yinian realized that he had been fooled.

His confession was never handed over to the police.

is his own trap.

He originally wanted to wait for the police to come up with the "statement of guilt", deny it categorically, and tell about Fu Yechuan's illegal imprisonment of him.

The result was nothing from beginning to end.

Instead, he fell into it himself.

When he wanted to overturn his confession, the police had already started investigating.

When he started not cooperating with the interrogation, the police revoked his privilege of turning himself in.

Ning Yue handed over the diary, and the police solved the case with twice the result with half the effort.

In Ning Yue's parents' wedding house, the basement is full of evidence.

Fingerprints, bloodstains, semen, all well preserved.

Although it has been a long time, it is not troublesome to verify.

When the police took Su Yinian to identify the scene, he stood at the door of the villa with an evil smile on his face.

Ning Yue and Fu Yechuan didn't go in.

They tried their best to put aside the relationship with this case, and just quietly watched the end of all this in the car not far away.

Fu Yechuan held her hand tightly, his eyes were dark, and he looked into the distance without emotion.

When she looked down at Ning Yue, the corners of her eyes were filled with tenderness.

Ning Yue turned her head and looked out the window.

The gate full of green plants was full of police cars parked there.

It was the first time in twenty years that it was so lively.

Hypocritical hilarity.

More like a ridiculous ending.

The police took Su Yinian to identify the scene, and Su Yinian's initial reaction was normal.

Even when he got to the basement, his expression only became complicated, and there was a bit of excitement in his eyes.

But when it came to the innermost room upstairs, it was Ning Yue's baby room.

There was something wrong with his mood.

The policeman stood by the window and used a ruler to measure the size, pointing here and looking at Su Yinian,

"Did she jump from standing here?"

Did she jump from standing here?

Su Yinian seemed to see that day twenty years ago. It has been so long, how could it be so clear?

That woman is so beautiful, it can make people feel excited every time.

She cried pitifully, like a fairy weeping.

She saw the paternity test of herself and her daughter, and knew that she was not Ning Junchen's child, as if she couldn't live anymore.

The more pitiful she was, the more he wanted to use force. When he did it, she did it too.

But before he could react, Su Yinian watched the woman open the window and jumped out.

Jue Jue's thin back is as thin as a piece of paper, but when it falls lightly to the ground, it is as heavy as a thousand pounds.

It also smashed the bottom of his heart to pieces.

When the policeman asked there, the reflection in his eyes seemed to overlap with the woman in his memory.

He felt the sting, the cold dagger pierced into his body, and his life could no longer be normal.

The anger in his chest gradually burned, and his eyes were dyed red.

Suddenly.

He pushed away the policeman beside him and ran towards the window.

Handcuffed hands reached out, trying to push the woman down.

not dead?

Then die again!

He pinched the policeman by the neck and pushed down, while others rushed over at the same time, released his hand, and saved the policeman under him.

And he was controlled on the ground, with his face pressed against the dusty ground, his breath was unsteady, but he could feel a burst of chill from the ground to his body.

Limbs and bones were shivering from the cold.

Assaulting the police is a serious crime, the police immediately stepped up their vigilance, and after taking the man away, calm was restored in the villa.

Fu Yechuan could clearly see everything that happened on the window.

This Su Yi Nian is really gone on his own path of courting death forever.

Close the windows.

Ning Yue asked him, "Going home?"

Fu Yechuan smiled, "Wait a minute, I'll take you somewhere."

The car arrived at the gate of the mental hospital.

Fu Yechuan took her to a ward at the east end of the second floor.

The doctor recognized him a long time ago, "Boss Fu."

"How is the person recently?"

Into the nurse's cup, if the surveillance staff didn't find out in time, she would have succeeded."

Ning Zhenzhen was not stupid, and she still had the strength to jump around in the first few days.

But after seeing that the people in the hospital didn't buy it at all, she changed her approach.

She wanted to find a chance to leave, but there were more doctors and nurses than patients.

Doctors and nurses must be dealt with.

Fu Yechuan looked at Ning Zhenzhen in the ward through the surveillance.

Ning Yue also saw it, and frowned slightly.

"She's been here all this time?"

Fu Yechuan sneered, "You underestimate your cousin too much, she's much better than you."

Ning Yue rolled her eyes speechlessly.

Fu Yechuan's voice was clear and cold, "After giving her a Valium injection last time, she pointed her target at Su Yifeng. She is deliberately misleading us, showing that her psychological quality is very strong, which is not as simple as it seems on the surface. And you still Do you remember? Su Yinian said that it was someone from the Ning family who told him that after you were with me, you will have revenge and resentment."

"I never said that."

Ning Yue frowned, saying such arrogant words, She couldn't tell.

After all, she was reluctant to even get married in the first place.

Fu Yechuan chuckled, and squeezed her shoulders, "Of course I know you didn't say it, but someone said you did, and Su Yinian felt that you did. Have you ever wondered why? Guide Su Yinian to kill you..."

He obviously said this with a smile, but his voice was inexplicably cold and harsh.

Ning Yue's smile suddenly froze on her face.

She stared blankly at Fu Yechuan.

The original relaxation disappeared in an instant, like ice water pouring down from the head, cooling the heart.

All her attention was on Su Yinian.

Everyone is paying attention to their emotions.

Ignored some irrelevant things he said.

But those irrelevant words were all noticed by Fu Yechuan.

The Su family gave Fu Yechuan the surveillance video at that time, and he must have watched it several times before he could see this detail.

Details that she overlooked.

Fu Yechuan sighed, "Don't be afraid, you see, I have never dared to tell you, just because I was afraid that you would be frightened."

Ning Yue snorted coldly, and adjusted her mood, "I'm not afraid, even Su Yinian, I'm not afraid anymore. Are you still afraid of other people?"

"Now the Ning family's side branch, basically only Ning Zhenzhen's parents are left, and other people have no conflicts of interest, and they are not good for you."

Fu Yechuan analyzed by himself, then paused " But Ning Zhenzhen's parents are different. The company is going bankrupt and can hardly continue to operate, but recently they received a large sum of capital injection and brought it back to life."
