

Read Novel Divorce Billionaire Heiress Chapter 2622 [Chinese]

Divorce billionaire heiress chapter 2622-More importantly, the diary that Ning Yue showed him, Su Yifeng just planted a seed of doubt in his heart.

It wasn't until he saw the final result of the police that he realized how sinful his brother was.

Two people's lives, he even said to kill them.

There was no sense of awe in his eyes at all.

Su Yifeng called everyone over.

There is something to say.

Have a short family meeting.

Even Shuo Shuo and Su Lin participated.

The family sits in the living room, huddled together.

Su Yifeng looked a little dignified.

"Children, the matter of Su Yinian has basically come to a conclusion. We have done everything here. Fu Yechuan has not responded so far, which is the best reaction. At least the Su family has been taken out of this matter. Su Nan, won't your people still follow Fu Qingcheng?"

Su Nan touched his chin and nodded, "I'm afraid he'll go crazy, so there must be something in his hand."

"Okay, call your people back, yeah Let's make mistakes first, so don't make things worse."

Su Nan nodded.

Su Yifeng pursed his lips, "Su Yinian only enjoys the dividends of the shares. I asked him to use them for the elderly at the beginning, but I'm afraid he won't be able to use them now. Although his contract to transfer the shares to Fu Yechuan is not legally binding, it is also not legally binding. It's suitable to stay under his name. I want to transfer this dividend to Ning Yue, what do you think?"

Ning Yue is Su Yinian's daughter, so she is more suitable to take over from any aspect.

And, she deserves it.

Ning Yue also has the blood of the Su family flowing through her body.

This is the truth.

She has been wronged too much, and Su Yifeng wants to give her some compensation.

Although they didn't know, compared to the victim Ning Yue, no one had the right to say the word "innocent".

Su Nan nodded, thoughtfully, "I have no objection, but second uncle's wife, I'm afraid she won't agree?"

Shen Jie is not a fuel-efficient lamp!

Su Qi sneered, "That's not right, I think this matter has to be done secretly, so it's reasonable to just use that transfer contract and give it to Ning Yue through Fu Yechuan's hands."

Su Jin frowned, thinking carefully. After a while, he said in a serious tone, "Dad, why hasn't Shen Jie come forward since the second uncle's accident?"

He said.

The living room fell silent.

Everyone didn't have much opinion on transferring Su Yinian's rights and interests to Ning Yue.

Su Yinian didn't have any right to participate and make decisions in his hands, and those shares were not real.

It's just the right to share dividends and get money. Compared with people like Shen Jie, it would be better if the money was given to Ning Yue.

The housekeeper uncle came in from the outside, "Chairman, Mrs. Su from the second room is here."

Everyone was slightly surprised.

Say Cao Cao, Cao Cao is here?

There is really no delay at all.

Su Qi snorted coldly, "Look, are you here?"

Su Yifeng looked a little unhappy.

Su Yinian was asked to divorce her back then, but it was a pity they didn't.

She did settle down for a while, too.

Su Nan frowned speechlessly, "Let her go. Wasn't the trouble ugly enough before? What is she?"

Su Qi followed suit and nodded, "That's right, whether the second uncle divorces or not is his business, but whether he recognizes this relative or not But it's our business."

The butler uncle was still standing there waiting for a reply.

Su Yifeng paused, and waved his hand, "Forget it, let her in first, and explain what she wants to do first."

The housekeeper uncle nodded.

Then Shen Jie hurried in.

She is still a big name, with exquisite makeup.

It seems that Su Yinian really didn't treat her badly.

After so many years, she still lives with radiance.

How could such a perverted person like Su Yinian have been with Shen Jie for more than 20 years?

"Brother... are you all here?"

Shen Jie looked at the people in the living room with surprise written all over her face.

It seemed unexpected that there would be so many people.

Let's talk about the kid who finally couldn't sit still and stood up, ran to Shang Qian's lap and dangled, "Daddy, I want to go out to play."

The meeting was too boring, and she couldn't understand what she was talking about.

I thought everyone would sit in line to share snacks!

The result is nothing!

Shang Qian pampered her soft hair, "Go, go with Brother Qiqi, don't run out of the yard."

“Okay!”

Said that the child happily ran out holding Su Lin’s hand.

Shen Jie rubbed her hands together and smiled awkwardly.

“Look at me, I came here in such a hurry that I forgot to bring gifts for the children.”

Su Qi sneered, not showing any face at all, “It’s fine if you don’t reach out and let us ask for money. What about the gift? Right?”

Shen Jie’s smile froze for a second.

“Su Qi, you are still so naughty. Why are you not in a hurry to have children even after you are married? Your brother and sister have already been born, don’t you envy yourself? Or is there something unspeakable? How about I introduce some An andrology hospital?”

Su Qi stood up angrily, “What do I mean you? The one who accuses me at my house? Do you really treat yourself like a green onion?”

How dare this woman humiliate him?

Is he enjoying the world of two people?

Now he has a baby!

Of course, he didn’t want to tell this damn woman, she didn’t deserve to know the good news!

Shen Jie smiled meaningfully, walked to the sofa and sat down unhurriedly.

“No matter how I say it, I’m still your second aunt, and your elder. My eldest brother attaches great importance to family, how can he not even have ethical rules?”

Shen Jie looked at Su Yifeng, trying to get Su Yifeng to stop Su Qi from being out of control. son.

In the entire Su family, he is the most out-of-the-ordinary, and everything he does is unexpected.

The words spoken are also the worst.

Su Jin didn’t have the patience to listen to Shen Jie here, so he stood up immediately, “Dad, Wen Xiang and I are going back to the room first.”

Su Yifeng nodded, and remained silent without speaking.

He didn't speak, because he didn't want to respond to Shen Jie.

Su Nan and Shang Qian did not leave.

Su Nan stared straight at Shen Jie, making her hairy.

In this Su family, apart from Su Qi, it is Su Nan.

Shen Jie was still afraid of Su Nan.

If Su Qi escapes uncontrollably, then Su Nan is one who can break the rules.

The tragic intensity will be greater.

Su Yifeng coughed and cleared his throat, "Okay, just tell me if you have something to do, I'm very busy here."

Shen Jie smiled awkwardly, lowered her eyes, turned to look at Su Yifeng and said, "Brother, Yi Nian is yours after all. My dear brother, why don't you help when something like this happens? Why don't you just watch him go to jail? I asked the lawyer, and he will be punished for several crimes, which may be life imprisonment!"

Su Yifeng was silent for a moment, He took a deep breath and couldn't see the expression on his face, but there was a bit of coldness in his eyes, "Help? How can I help? Should I bribe the police or bribe the judge? Do you really dare to speak?"
