Divorce billionaire heiress chapter 2623-Shen Jie's face turned green and pale, "I have to try, at least find a reliable lawyer, and let him spend a few years in prison."

Su Nan couldn't help but chuckled.

They interrupted their conversation, "Second Aunt, in fact, you came at the right time, and we are here to discuss how to rescue Second Uncle!"

Shen Jie glanced at her in surprise, half-believing,

"Then...then what will come out of your discussion?" What method?"

Shang Qian smiled inexplicably, and his warm eyes fell on Su Nan, with a sense of watching a good show.

Su Nan sighed in a clear voice,

"Actually, we have consulted with a lawyer. The serious one is the death penalty. After all, it is two lives. Are you married?"

As long as Second Aunt you come forward to testify, those things were not done by Second Uncle, he has been with you all the time, it is impossible to have the opportunity to do those things, maybe there is still a glimmer of life!" Shen Jie's face turned pale In an instant, she became pale, and stood up in shock, "You...you want me to give a false certificate, how can this be done? This is illegal!"

Su Nan sneered, with a sloppy chill in her eyes, "Wow , you still understand the law? Then why did you ask my father to do those illegal things as soon as you came in?"

Shen Jie realized that she was being teased by Su Nan.

His angry face turned blue and red.

"Su Nan, you can't say that. I was also in a hurry, so I spoke out. Your second uncle hasn't been convicted yet, so we can still fight for it."

Su Nan lowered her eyes and raised her eyebrows, "Then you should work harder." Come on, we are optimistic about you!"

"What do you mean?" Shen Jie looked at her, and finally at Su Yifeng, "Brother, don't you plan to take care of him?"

Su Yifeng's eyes were deep and dark, "He has to pay for what he does, what are you going to do?" We don't care about it, but we don't need your pointers on how we do it."

Shen Jie didn't expect Su Yifeng's attitude to be so cold and hard.

I panicked for a while.

Her attitude changed from being tough and domineering to stuttering and she sat down again, organized her words to speak again, "If he leaves like this, how will we live as orphans and widows..."

Shen Jie said, two drops of eyes squeezed out tears.

It's a pity that no one appreciates her emoji.

Su Yifeng lowered his eyes, looking impatient and struggling to cope.

Su Nan thought it was very funny,

"Second Aunt, your daughter is not his own, and her surname is Su, and the Su family has raised her for you. You still want her to depend on Second Uncle for the rest of her life? Vampires don't work so hard. Diligent, right?"

Shen Jie froze suddenly, her face looked ugly, "Su Nan, your words are really ugly, your second uncle can't have a child, it's not that I can't have a child, I take care of him, what's the point of him taking care of my child Wrong?"

Su Qi couldn't listen anymore, and interrupted her irritably, "Okay, okay, what are you doing here, you are not welcome in our family!"

Shen Jie took a deep breath, holding back her anger.

Su Yifeng didn't stop his child from being rude, which meant he was conniving.

She is aware of her situation, but it is impossible to leave empty-handed.

You have to get what she wants.

She took a deep breath, turned around and looked at Su Yifeng, "Brother, since Yi Nian can't come out again, I can't sit and wait to die, let me go back to the company, I will take care of the company in J City, and I will Make good use of Yi Nian's shares. I won't cause trouble for the group, you see, I have never had much trouble in the past two years, I just want to live a good life."

Hearing this.

Su Yifeng frowned, and slowly opened his eyes.

His eyes were deep and dark, as if he could see through everything.

“Do you want shares?”

Shen Jie twitched the corners of her mouth, trying to maintain a decent smile.

“Shouldn’t I? I am his wife, and the reasonable owner of his property.” Heir, he is in prison now, and all his property should be in my hands.”

As soon as he finished speaking, Su Qi couldn’t help but sneer.

“You don’t know yet, do you? He sold his shares to Fu Yechuan.”

“I know, but Fu Yechuan didn’t want it, right? This means it’s still in his name.”

Shen Jie said immediately, and then looked at To Su Yifeng.

She valued Su Yifeng’s attitude more.

Su Yifeng’s heart is soft, especially for this younger brother.

It is impossible for him to disregard his brother’s family.

But as soon as she finished speaking, Su Yifeng looked at her suspiciously.

Shang Qian’s playful eyes also paused slightly, and squeezed Su Nan’s hand.

Shen Jie realized something, and immediately added with a smile, “I guessed right away, Fu Yechuan likes our Su Nan so much, it’s too late to curry favor, how could he do something that is not good for the Su Group? Su Nan stared Fu Yechuan was afraid, Shang Qian, it’s not that I want to provoke your relationship, I’m just seeking truth from facts. Even if it was for Su Nan, Fu Yechuan would not have signed that contract. What’s more, if there was a real change in equity, City J would have already heard the news, and it would not be peaceful until now. “

Shen Jie is indeed a person who has been in the mall.

He has a clear grasp of the company’s turmoil and operations. In just a few words, he can analyze it clearly.

It’s just that Su Yifeng was a little angry at Shen Jie’s words, “What nonsense are you talking about? Fu Yechuan is already married, so don’t put a hat on my daughter. “

“Yes, yes, brother, I made a slip of the tongue.” Shen Jie quickly admitted her mistake.

Anyway, what she said was spoken, and she couldn't take it back.

"But it's true that the shares are not in Fu Yechuan's hands, right? "

Shen Jie asked tentatively, but she was full of confidence.

Su Yifeng glanced at her silently, his eyes were deep and dark, "Do you want shares? "

Of course, Yi Nian also left me this little thing. If I don't want it, I'm sorry for him." Shen Jie concealed the excitement in her chest.

Su Qi rolled her eyes speechlessly, this Shen Jie was too anxious for utilitarianism. Before Su Yinian passed the sentence, she couldn't wait to come over to sort out her property. If she didn't know, she thought In a hurry to collect the inheritance!

Su Yifeng took a sip of tea from the teacup slowly, and sighed,

"I'm disappointed, Shen Jie, Su Yinian's actions in the company have been found out, and all the loopholes he owes the company It was not made up, and now the board of directors insists on holding him accountable.

According to our needs, the police will confiscate his property and repay part of the company's arrears, which is just right, the dividend of his shares. "

After Shen Jie heard this, she was shocked and stood up abruptly, her face became very ugly,

"The board of directors listens to you, and if you don't speak, how can they pursue this little money? I think you want to take his I only came up with the idea after taking the shares as my own!"
