Divorce billionaire heiress chapter 2624-Shen Jie's rudeness made Su Yifeng's face darken.

Su Nan twitched her lips indifferently, "The shares of the Su family originally belonged to the Su family. At the beginning, the second uncle signed it himself, and the shares were handed over to the group. In the company, he only enjoys dividends. Now that he has left the company, naturally You can't even enjoy dividends. Second Aunt, your calculations have failed.

These shares do not involve property division, even if they are to be divided, they must first protect the interests of the group."

Shen Jie's face looks ugly.

"Then what should I do? If he goes to jail, should I drink Northwest Wind? I don't care, those shares must be given to me, otherwise I won't just let it go!" She looked like a rascal Sitting there, it seemed that he had made up his mind to get it.

Su Yifeng's face was gloomy and gloomy, and he glanced at her complicatedly, "You'd better go back, wait for the police and the company's notice, Su Yinian emptied the company, swallowed hundreds of millions of property, now the group is not going to pursue it with you This money is not bad, but you actually asked me for money and shares instead? I am not Su Yinian, I don't care if you drink Northwest Wind or not, and we don't have time to watch your performance if you want to play tricks."

After he finished speaking, Glancing at the butler, "Send off the guests."

"Yes."

Before the butler could speak, Shen Jie became a little anxious, and she stood up with a broken attitude,

"Brother, you can't say that, he's you My dear brother, if something happens to you, you will add insult to injury, if I tell the media about this matter and let them comment, I am afraid the media will be very interested in this matter too!" Su Yifeng's face was stiff, his eyes froze instantly, and his breath was

gloomy .

There seemed to be a dead silence in the air.

Hehe, blatantly threatening.

Su Nan suddenly felt that although Shen Jie's old problems had not changed, her rank was higher than before.

But they couldn't compromise, and if they gave one point, she would rush to ask for 10,000.

She is a bottomless pit, never satisfied.

Su Nan said from the side, "If you want to tell, just tell. We can still get the money for withdrawing the hot search. Who do you want to threaten, second aunt? When you are old and want to rely on others for food, second uncle should stay. It's a lot of money, you don't even care about it? Either soft or hard, bright or dark is fine, but Second Aunt, you have to know that we have affection for Second Uncle, and we should not raise it. Don't substitute yourself into the role of the second uncle, the Su family does not support idlers."

Su Nan's words sounded a little ruthless and mean to Shen Jie.

"I'm your second uncle's wife, why am I an idler? It's fair for me to inherit his property, Su Nan, you speak so harshly, do you think I have no other way?" Shen Jie was aggressive. He stared at Su Nan.

Just as Su Nan was about to speak, Shang Qian pressed her hand, and looked at Shen Jie with a half-smile, "Since you know what Su Yinian has done, you should know that you are not the only one with the right to inherit?"

Shen Jie His face changed slightly.

Breathing became suffocated in an instant.

Shang Qian smiled, "You should go back, we will find a way to discount it, and you won't be starving for the rest of your life."

Hungry?

Now even the most ordinary migrant workers won't suffer from hunger, right?

Shen Jie's chest was severely blocked.

She was so anxious that she ignored the most important thing.

The girl didn't die.

Shen Jie glanced at Su Yifeng with heavy eyes, finally restrained her emotions, and said goodbye with a fake smile, "Brother, you should think about it carefully. After all, I am his only wife. You should not be so indifferent when you think about blood

relationship.” , when the fish is dead and the net is broken, everyone’s faces will be ugly, won’t they?”

After she finished speaking, she turned around and left.

The butler uncle followed behind to see off the guests.

Su Nan snorted coldly with an ugly face, “She’s threatening us, she really isn’t the same family as Second Uncle and won’t enter the house.”

Su Yifeng’s expression was ugly and cold, “Let the lawyer go through the formalities quickly, and don’t let this woman take advantage of it.”

Su Nan followed and nodded.

The right to earn income from those shares might as well be given to Ning Yue!

Shang Qian remained silent.

Seeing them unhappy, she couldn’t help reminding, “Dad, don’t you feel something is wrong?”

“What?”

Wanting the company and shares, she knows what the second uncle is doing.

The most important thing is that she reacted too calmly to the facts of the second uncle’s crimes. Her husband cheated and forced others to have children. Didn’t care at all?

She didn’t leave until I said that she was not the only legal heir.

If I guessed correctly, this lady should be going to trouble Ning Yue.”

Shang Qian thought about it.

His face was a little heavy.

Su Nan subconsciously raised her head to look at him, and instantly understood something in her heart, with a bad intuition.

“I’ll tell Ning Yue right now.”

Shang Qian smiled, and comforted him, “Don’t worry, when you ask the lawyer to deliver the contract, just mention it by the way, telling Mr. Fu is more useful than telling her.”

Su Nan pursed her lips . pursed lips.

For Ning Yue, she felt a little guilty.

She didn't know, and she was still blaming her for hurting Su Yifeng.

But after knowing what happened, she realized that Ning Yue's life was more difficult than she imagined.

Her birth, her existence, and her life were all too bitter.

She shouldn't have said those things to Ning Yue.

"I'll go find her, I have to apologize to her for what happened last time."

Su Yifeng nodded, "You can go in person, sincerity is enough, tell her well, if she is willing, we will be a family It has nothing to do with Su Yinian, she is still your good friend."

Su Nan nodded.

She may not be willing to take the property transferred by the shares.

But the Su family must have their own attitude.

Su Nan invited her to a cafe near Talking Talk and Fu Yunche.

Just convenient to pick up and drop off children.

When Ning Yue arrived, Su Nan had already arrived, she smiled and waved to her.

Ning Yue smiled and walked over.

"I've been waiting for a long time. I'm sorry, there is some traffic jam on the road."

"No, I just arrived."

Su Nan smiled and looked at Ning Yue's face, which looked much better than before.

"I asked you out this time, I actually want to apologize to you, I'm sorry, last time at my house, what I said was too much.

If I stand in your point of view and think about the problem, I will feel how hurtful what I said is. Ning

Yue smiled and shook her head, she took out a small gift box from her bag, and handed it over,

“Don’t take it to heart, I can understand that no matter who hurts the family members, they cannot calm down and forgive.

It was indeed my fault, Fu Yechuan used the wrong method.

This is a small gift I picked, you don’t mind.

Fu Yechuan said that you like to collect gemstones for bracelets, which you bought from a businessman in Dubai, and I picked one for you, I hope you like it. “
