Divorce billionaire heiress chapter 2628-A blink of an eye.

Talk about children becoming big friends.

As soon as she graduated from high school, she had a boyfriend.

I was also happy to go home and share the good news with Su Nan.

Su Nan didn't think much of it, young people just need to enjoy that sweet feeling when they fall in love.

So I asked to talk about the child's feelings, but I didn't think she was serious.

So I think I can just turn a blind eye.

But after Shang Qian found out, he didn't fall asleep all night.

He intended to have a good talk with her.

Tell me what the kids don't think.

"Everyone in our class is making boyfriends. If I don't make friends, won't I be unable to keep up with the trend of the times?"

Of course I'm going to fall in love early. Puppy love is not counted, and life without puppy love is not perfect!"

Shang Qian persuaded, "You are still young, go out and walk more, and you will know that men have nothing good..."

"Then my mom and you Wouldn't it be blind if we were together?"

Talking about the child's eccentricity since he was a child, he is exquisite and beautiful, compared with Su Nan, his frown and smile are very similar to Su Nan's charm.

Moreover, she also inherited Shang Qian's advantages, her big eyes are pulsating and she can talk, she is tall and bright, and she has integrated all the advantages of Shang Qian and Su Nan.

Su Nan knew that her daughter would be a small scourge that would bring disaster to the country and the people when she grew up, so she kept instilling in her that she should have a happy family just like her parents.

Talk about seeing Shang Qian speechless, happily ran over to hold his arm, "Daddy, don't worry, I just want to experience the feeling of puppy love."

"Then tell me, your... boyfriend, what kind of person is he?"

"Which one did you ask?"

Shang Qian was stunned. "There are several more?"

"Of course, everyone else is the same. I can't be like them. I have one every day, seven days a week, and it's not the same!"

Talk about the children Take it for granted.

Shang Qian opened his mouth, and a word "Queen of the Sea" suddenly appeared in his mind.

But I am also quite relieved, at least to say that I am not a love brain.

"Daddy, don't worry, I will break up with them after my boyfriend contest is over!"

"Boyfriend contest?"

Talking nodded, "It's a competition held among classmates to see who has the longest relationship, Until the day of adulthood."

Shang Qian calculated, she still has more than a year to become an adult, isn't it too early?

His excited mood was instantly splashed with cold water.

I can't be happier.

He frowned and looked at her, "The purpose of your boyfriend is to win the competition?"

Talking and nodded, "Of course, I have a damn determination to win, I can't lose, other people only have a boyfriend, but I seven No matter what, it's longer than theirs!"

Shang Qian nodded knowingly, and slowly heaved a sigh of relief.

His old father was really worried.

"Okay, go for it!"

Talking about what the kid was about to say, the phone rang.

“Brother Qiqi and Yun Che are waiting for me, I’ll go first.”

Shang Qian nodded.

Su Nan came out of the room, “Little Cherry’s teacher called again, saying that he beat someone in school. I’ve been there three times this month. I really can’t afford to lose this person. Go ahead!”

Little Cherry is the second child of Su Nan and Shang Qian, a boy.

Little Cherry is the name given by the child because she is the brother she has been looking forward to the longest.

I thought I could be more well-behaved, but in the end, under the guidance of the children in Shuo Shuo, it is almost a replica of Shuo Shuo 20, and the naughty ones can go to the house to expose the tiles.

Shang Qian smiled, took her hand and went out together, “It doesn’t matter, I will go in the future, this little thing is not good enough, I went five times in the last month, and I am ashamed.”

Su Nan chuckled He said, he used to go there, but he went there so many times last month that it became a common occurrence.

Most of his older classmates are the children of Shangqian’s business partners.

On weekdays, what he likes to ignore others in the company is always followed by others.

When I went to school, I had to correct my attitude and apologize.

Shang Qian couldn’t stand the back and forth, and proposed to let Su Nan go this month.

Shang Qian is going to send her to work.

As soon as the car got out, he saw the little boy standing on the side of the road, standing with Fu Yunche.

Fu Yunche has grown very tall. He is tall and thin and very good-looking. His appearance is gentle and handsome, but his eyebrows and eyes are more and more like Fu Yechuan. Occasionally when he raises his head to look at strangers, his lowered eyebrows and eyes make people feel very cute. pressure.

He stood there, talking and laughing politely, and took out the dessert that had been prepared all along and handed it over.

Talk about taking it, patted him on the shoulder to express his appreciation, and then got into the car.

Fu Yunche unexpectedly curled the corners of his mouth happily, as if he had received some kind of reward.

Su Nan and Shang Qian saw this scene.

Shang Qian pursed his lips slightly, "When did they get so close?"

Su Nan glanced at him sideways.

"Didn't you ask? Fu Yunche is one of her boyfriends now."

Shang Qian's eyes widened for a moment.

one?

Is he one of those seven?

The way Fu Yunche looked at his daughter was obviously not innocent.

The thoughts of boys and girls are the most difficult to hide.

From the eyes, from the actions, you can see it clearly.

Although Shang Qian wants to talk about finding someone he likes, but if the other party is FuYun Che, he was still a little bit shy.

If you talk about marrying Fu Yunche, wouldn't Fu Yechuan be so happy afterward?

Fu Yechuan and Ning Yue gave birth to a son named Fu Siyuan two years after their marriage.

Fu Yechuan's liking for this youngest son is obviously more than Fu Yunche's.

At the beginning, he threw a big banquet happily, completely ignoring Fu Yunche's inner thoughts.

No matter how much Ning Yue tried to persuade her, it was fortunate that Fu Yunche didn't care about these things in his heart, maybe he did, but he was used to it.

It was impossible for Fu Yechuan to wrong his youngest son for Fu Yunche, and it was also impossible for him to wrong Fu Yunche for his youngest son.

Although the two children looked the same on the surface, even under Ning Yue's care, Fu Yunche's personality became more and more cheerful, but everyone could tell with the naked eye that Fu Yechuan preferred his younger son more.

Because it was born between him and Ning Yue.

Although Shang Qian thought that Fu Yunche was a good kid, it was hard to say that he was not pretending along the way.

He prefers to talk about finding a simple person in the future.

Su Nan looked at him and said with a smile, "Are you still thinking about her seven boyfriends?"

And I don't want her to be too far away, the general environment of staying here always feels too shallow."

Shang Qian said what was in his heart.

Su Nan also hesitated for a while, "I think it's better for her to study abroad for a few years. We always protect her here, and she can't see the outside world."

Shang Qian silently did not speak, just shook her hand. "Okay, I'll talk to her later."

Talking about the child is their darling, it would be great if they could protect her for the rest of their lives, but they all know that it is impossible.

Compared with the flowers in the greenhouse, they hope that their children will grow into towering trees.
