Divorce billionaire heiress chapter 2629-Shang Qian told him about studying abroad.

Talk about agreeing without hesitation.

Ask her where she wants to go, except country f, other places are fine.

Shang Qian pondered for a while, and then asked,

“Is it because of Xiao Yu’er that you don’t want to go to Country F?”

He said that his eyes were a little red, “I don’t remember him at all, Daddy, don’t mention him!”

She said to herself I feel very wronged.

The elder brother who had been growing up with him suddenly disappeared one day.

is like a dream.

There was no such figure behind her, no little fish.

She missed him very much, but he didn’t even say a word.

Shang Qian patted her head and looked at his daughter distressedly,

“Tell me, you have grown up, Xiao Yu’er had no choice but to leave, he had to leave, he didn’t contact you, it was no choice, in the future you will see When it comes to him, don’t blame him.”

Talking stubbornly turned his head away, as if he didn’t care.

The jewel in the palm of Shang Qian’s palm, when has she ever been wronged?

Sometimes when she cries, Shang Qian will be terribly distressed.

She has all the power and interests in the hands of the Su Group and Shang Qian, and she doesn’t need to look at anyone’s face at all.

It’s just that when she grew up, she thought of the elder brother whom she could forget, and when she wanted to contact him, she found that the phone number she could reach had already been blocked.

She was left where she was.

Now that she has decided to go abroad, Shang Qian asked someone to contact the school for her.

Back and forth, she still went to Europe.

It was as if someone was waiting for her in the dark.

Before leaving, she said goodbye to her classmates and broke up with those seven "boyfriends".

When going to the airport, someone from the Su family came to see her off.

Let's talk about the child's lack of sentimentality, as if she was traveling abroad with her daddy and mommy before, but this time she stayed there by herself, more free and yearning.

The little princess greeted them delicately. Shang Qian and Su Nan took the little cherry and planned to send it to country f.

The family had just entered the boarding gate when they heard clear and hurried voices.

"Tell me..."

Talk about the little princess turning her head, and Fu Yunche ran over in a panic. He was in a bit of a panic, his face was also pale, and his eyes were suppressed and calm.

"Are you really leaving?"

Talking about the kid nodded, and said with a smile, "Brother Yunche, thank you for taking care of me. Oh, have you read my breakup letter?"

"I didn't." Fu Yunche It seems a little angry."

"Oh, then go back and have a look, I announced that the game is over early, we broke up!"

Talking and laughing, she didn't regard this matter as a serious relationship at all.

She plays all the time, because it's fun.

Just like Daddy and Mommy often play games with her and her younger brother.

Fu Yunche's face paled slightly, and he wanted to say something, but there were too many people around, and it was difficult for him to say it in public.

Before Su Lin, his good brother talked about his sister's feelings.

It's just that she is too young, she won't think about it at all.

He walked up, smiled and hugged and said, "Call my brother there, tell me if you need anything, and I'll send it to you!"

Talking nodded happily, smiling brightly and worry-free, "Okay, take care, come and see me when you're on vacation!"

Talking waved his hand, and walked towards Shang Qian and Su Nan.

Fu Yunche followed two steps, "Tell me, will you forget me?"

He anxiously and cautiously waited for the answer.

Talking and laughing, she turned around and blinked, "Of course not, brother Yun Che is better than my own brother!"

When Fu Yunche and Su Lin were with her, Fu Yunche took care of her more thoughtfully than Su Lin.

Tan Tan waved his hand, Fu Yunche stood there with a smile, "You wait for me, I'll go find you soon!"

He shouted, but unfortunately Tan Tan was busy catching the plane, so he didn't know whether he heard it or not.

Su Lin went over to pat him on the shoulder and sighed.

...

the plane lands.

Talk about receiving blessings and farewells from many people.

Looking at the blue sky and the clear breath, she felt that it was no different from that in China!

Shang Qian bought a villa near the ivy where she went to school. He couldn't bear his daughter living in the miserable environment of the school.

He also found more than 20 servants for her to serve her and play with her, in case she would be afraid at night, all the surrounding houses were bought and housed with bodyguards to protect her.

There are so many on the surface, let alone secretly arranged.

Talking about her grades is quite enough, she is smart and quick-witted, as long as she wants to learn, these schools are not difficult.

But Shang Qian still donated a building, in order to let the school pay more attention to his daughter, so as not to be wronged.

Su Nan took Little Cherry's hand and talked about going around the school.

Little Cherry is too naughty, always running around, she is white and tender, she is delicate and cute, and she can act like a baby, exactly the same as when she was a child, making people reluctant to scold him.

But Shang Qian didn't have the patience and good temper to talk to him about children.

Once he personally tutored Little Cherry's homework, and after making himself so angry that his stomach hurt, he lost his patience.

Not all children can turn their father into a loving father.

this kid! It's an enemy!

"Daddy, Mommy, I also want to stay here and go to school with my sister!"

Little Cherry jumped up and down happily.

Shang Qian sneered, "That's good, you stay, I can live with my wife!"

Little Cherry ran behind Shang Qian again, "But I can't bear Daddy and Mommy!"

Little Cherry acted like a baby. It's so cute when it's cute, and it's really good when it hits people.

The little fist waved, and the students in the class were all afraid of him.

He never reasoned with others, and beat anyone who provoked him.

I don't know who inherited this temper?

Shang Qian and Su Nan reflected on themselves, and they both felt that they were not this kind of person!

On the contrary, she looks a bit like Su Qi!

Talk about getting tired after walking half a circle around the campus, and go back with them.

“Daddy, Mommy, don’t worry about me, I will tell you in time if I have something to do.”

Although he had made all the preparations, Shang Qian was still very reluctant.

That is the daughter who grew up on his shoulders.

When he left, he even wiped away his tears, “If you are really unhappy, you can go home, it doesn’t matter whether you go to school or not!”

Talking about and Su Nan looked at him speechlessly “...”

So fragile !

When they left, Little Cherry waved her paws, “Come on sister, sister is the best, and sister is the most beautiful!”

Said the little princess waved her hand, “Come on brother, brother is the best, brother is the most handsome!”

Everyone boarded the plane , Shang Qian watched and said to leave, his face was full of reluctance.

“She just left? Don’t even look back?”

Su Nan shook her head helplessly, “It’s all sent here, it’s not like she won’t come back, please don’t be too fragile, okay?”
