Chapter 281 call her sister-in-law

Chapter 281 called her sister- in-law

Su Nan's room.

The spotless room, comfortable and luxurious, as soon as she opened her eyes, she heard Su Qi's hysterical and excited shouting.

"Su Nan is awake..."

Su Nan's eardrums were about to burst, but he felt very cordial.

The sun lazily passed through the window and spread on the ground. The sea breeze and the waves gently beat the glass on the window. The sky in the distance was blue, and the clouds hung softly.

Incredibly beautiful.

She moved her hands gently, her hands wrapped in gauze, clumsy and heavy.

Su Qi was lying in front of her, her eyes were red.

"Little Si, since you had an accident, my brother has been at sea for so long, and I can finally bring you back. Whatever you want, my brother will buy it for you."

Su Nan hooked her lips, her dream was a little unrealistic. But the strong smell of disinfectant irritated her nose.

Indeed, she survived!

Looking at Su Qi's messy hair, the alluring face was already decadent and embarrassed.

"Then I'll think about it..." Su Nan smiled.

She has never been soft-hearted when it comes to pitting her own brother.

Su Qi nodded vigorously.

Suddenly someone slammed the door open.

“Su Nan...”

Fu Yechuan’s voice was cautious.

Hearing the familiar voice, Su Nan was stunned for a moment, then turned his head to look over, it was really Fu Yechuan.

She remembered the last time on the island, when he walked towards her from the helicopter.

She thought it was a dream.

It turned out that it was true!

It was amazing to be able to take her out of the hail of bullets.

Su Nan looked at the huge emotions surging in his eyes, she lowered her eyes slightly, and showed a polite and distant smile.

“Mr. Fu, I really want to thank you this time.”

Fu Yechuan’s body stiffened, as if his words had hit the weakest part of his heart, and his lips quickly faded.

In her eyes, he was already an outsider...

“You... just be fine.”

His eyes flashed a bit of gloom, but he stepped forward and pulled her up. Pull the cup, the action is skilled.

“What’s wrong with your body? Are you hungry?”

Su Nan smiled stiffly, stunned.

“It’s okay, thank you for your concern.”

She looked at Su Qi, “Third brother, pour me a glass of water.”

Su Qi sighed and immediately turned to pour water.

When he handed it to Su Nan, he gave Fu Yechuan a smug look.

Just as Su Nan was about to take it over, Fu Yechuan immediately squeezed her wrist.

“Wait a minute.”

He turned to his side, took out the straw that had been prepared long ago from the table beside him, and put it in the water.

“It won’t tear the wound.”

He smiled gently and handed the water to Su Nan, “Drink it.”

Su Qi rolled his eyes angrily.

Is it great to have a straw?

Su Nan was a little weird, but he didn’t want to cause more trouble, so he was alive after drinking a glass of water.

Although there was fresh water before, but after all, it was filtered by sea water, which was not pure enough and always had a salty taste.

She took a deep breath, and before she handed the empty cup to anyone, Fu Yechuan took it away from her.

“The doctor is here...”

There were messy footsteps outside, more than one person.

“Sister-in-law, I heard you woke up, let’s see you...”

“Sister-in-law, are you feeling better?”

“Sister-in-law, you are so brave, no one will believe you when you say it. The pirates who survived and dared to resist with guns, you are the first!”

“Don’t disturb sister-in-law’s rest, let’s see and leave...”

A lot of people quickly gathered at the door, everyone He is very tall, and although he is talking and laughing, he has a strong temperament and looks like a well-trained soldier.

If Su Nan remembered correctly, they were the soldiers on the helicopter.

But...these people have a “sister-in-law”, why?

...

Chapter 283 Our family is not bankrupt, right?

Chapter 283 Our family is not bankrupt, right?

Su Nan was slightly startled, her chest trembled, her eyes were instantly sour, and she quickly lowered her head to hide her emotions.

Fu Yechuan... She knew very well that if it weren't for Fu Yechuan, she would never have a chance to survive.

But how to repay this life-saving grace?

The doctor quietly left, and the room fell silent again.

Su Nan's chest was dull, pressing like a boulder, unable to breathe.

Su Qi slipped in quietly, looked at no one, and breathed a sigh of relief.

"If it wasn't for them saving you, I wouldn't be able to bear them. I've been suffocated these past few days!"

Su Nan smiled, "Are Dad and the eldest brother and the second brother okay?"

Su Qi went over and touched her cheek hair.

"Second brother is on the boat. If it weren't for him, I would still be looking for a needle in the haystack where the plane crashed. Having a high IQ still has an advantage."

Su Nan couldn't help sneering, and when she felt relieved, she knew that she could find her. It must be Su Ming!

As expected of God Su Ming!

"Big brother is okay, Dad is in the hospital and his body is recovering."

Su Nan's eyes flashed anxiously, "Are you alright?"

"Is it alright? In the days after your accident, even the body was not found, Dad was angry,

I want to donate all my family's property!"

Su Nan looked up at him in shock and asked cautiously.

"Then now, is our family not bankrupt?"

Can she still spend so much money?

Su Qi patted her shoulder and sighed earnestly.

“Don’t worry, brother will protect you, brother will not let you become a pauper!”

Su Nan breathed a sigh of relief, that’s good!

She looked down and saw that her clothes had been changed, and her body became much refreshed. Finally, she was not as embarrassed as before on the island.

With Su Qi and Su Ming around, she didn’t worry about that.

“Fu Yechuan...why are you here?”

It was unexpected that he could save her.

When it comes to this person, Su Qi is not angry.

“He’s thick-skinned!”

Su Ming pushed open the door and came in, when he heard Su Qi’s words, he frowned slightly.

“Little San, how many times have I told you to be realistic!”

Su Xiaohu happily jumped onto her bed, and the clean and cute little tiger turned around in front of her.

Su Nan touched its soft tiger head, stretched out his hand to look at Su Ming, and narrowed his eyes with a smile.

“Third brother, I knew you would come to save me.”

Afraid of tearing her wound, Su Ming simply hugged her and glanced at Su Qi.

“We have no way to approach this sea area, only Fu Yechuan has a way, so the eldest brother went to him for help.

Since the plane accident, he has been looking for you. Your third brother has been here as long as he has been here. The manpower and material resources are not comparable. There are few of us, and the risk of going to the island this time is huge...

Objectively speaking, Fu Yechuan can do this, which is something neither my eldest brother nor I thought of.”

Su Nan’s smile froze on his face On the chest, as if electric current passed through, there was a slight tingling in the numbness.

The darkness in her eyes became more obvious.

If it was before the divorce, she didn't know how happy she was...

But now... she can't afford his gift.

Su Qi was dissatisfied with Su Ming's attitude and snorted coldly.

"If it wasn't for the invitation he gave, Xiao Si would have had to suffer all this? He was the initiator, wouldn't it be right to help save people?"

Su Ming frowned helplessly.

"Your position must be neutral, the plane crash is not his responsibility."

"That also has nothing to do with him. Anyway, I don't accept his love, Xiao Si, don't pay attention to him, the third brother is really confused, how can he face Fu Yechuan Talk?"

Su Qi walked over and pulled Su Nan's arm, touching her hair distressedly, ignoring Su Ming at all.

Su Nan twitched the corners of his mouth, "Don't quarrel, anyway, what you said is true and makes sense."

Su Qi twitched the corners of his mouth and snorted lightly.

"Master Duan Shui!"

...

Chapter 282 Because he said you were his life

Chapter 282 Because he said that you were his life

, Su Nan was a little confused. Fu Yechuan touched his nose, stood up, and glanced at Su Nan with a guilty conscience.

But as soon as he turned around, he stared at the group of people behind him.

"Keep your voice down!"

Afraid of his own power, everyone involuntarily kept silent, but all of them stretched their necks and refused to leave.

Su Nan smiled and looked outside with a gentle and soft voice.

"Hello, thank you for taking the risk to save me."

She was grateful from the bottom of her heart. If it weren't for them, Su Nan might have died on that island long ago.

"You're welcome, they're all from the country Z, sister-in-law, you're really fighting for us. The only person in the world who dares to point a gun at the head of the pirate David is you!"

"That's right, sister-in-law, you are really born together. That 's right!"

...

the tall doctor in a white coat standing at the front, Jiang Zhe, walked over helplessly.

"I'm going to start a follow-up consultation, can you guys be quiet?"

After speaking, he looked at Fu Yechuan, "Take them out to talk."

Fu Yechuan's dark eyes were hesitant, he glanced at Su Nan, but he lifted his legs and walked out. .

"You go out too!" The doctor looked at Su Qi.

Su Qi's smug look just now disappeared, and he went out reluctantly.

Every time he came here to take care of Su Nan, he would be "please go" by Fu Yechuan's comrades and make room for Fu Yechuan.

The room finally quieted down.

Su Nan smiled and looked at the doctor, "Thank you doctor, sorry for the trouble."

The doctor raised his eyebrows and shook his head.

"You're not like the legend,"

he said, pulling out a series of tools to measure her heart rate and the effects of her wound.

"Which is in the legend?"

Su Nan asked.

"What we saw on the news is that the eldest lady of the Su Group, a famous lady who grew up with a lot of pets, has her own temper and is arrogant.

Fu Yechuan once said that your character is stubborn and willful."

This doctor is really direct.

Su Nan paused, Fu Yechuan was able to tell him this, indicating that their relationship was unusual.

She did not want to continue the discussion and changed the subject.

“Doctor, Fu Yanni, who left with me, how is he?” The

doctor paused, “He is very good, he can eat and sleep, and he was beaten by Fu Yechuan, so he’s honest.”

Su Nan was surprised, “Why? Do you want to beat him?”

“Don’t you know that he is Fu Yechuan’s nephew? The

Fu family stopped him from going out to explore for a long time, so he cut off his pocket money, but he went to that place by himself. The island. The

Fu family doesn’t even know where he is. He’s been missing for three months!

If it wasn’t to save you this time, his whereabouts would still be unknown...”

Su Nan was stunned in shock. Suddenly, the phrase “Second Uncle” that Fu Yanni shouted before she fell into a coma flashed past.

Dare she met Fu Yechuan’s nephew?

This world is really too small!

Su Nan thought of something.

“Are those people outside just now soldiers? Were there casualties in the fight against pirates?”

If so, she doesn’t know how guilty she is!

The doctor lowered her head and changed the medicine for her, and then changed the injection for her.

Hearing this, he smiled.

“No, the pirates have suffered casualties, and you caused them.

Those people outside and me are all old comrades of Fu Yechuan.

You fell into the waters of the small island, which is the territory of pirates, and governments of all countries will not send troops there.

Old Fu He brought us here because he begged the general he had been with before.

We are not helping as an official soldier, so there is no trouble.”

Su Nan’s chest was slightly heavy, as if he had been hit by something. She owed more to Fu Yechuan.

“Thank you very much, if you didn’t come, I really might not be able to live.” The doctor shook his head and gave her a meaningful look.

“If you want to thank him, thank him. We know that you are divorced, and everyone is willing to follow him because he said that you are his life!”

Fu Yechuan could not be allowed to lose his life.

...

Chapter 284 You support me

Chapter 284 You Raise Me

The warm sunshine is warm and pleasant, and the sea breeze blows the waves loosely, as if everything has become excellent.

Su Nan and two older brothers were talking when suddenly someone knocked on the door.

Seeing someone coming, Su Ming went back to his room to study his physical formula.

Su Qi didn’t want to leave. Facing the person at the door, he raised his chin slightly.

“What are you doing here?”

Fu Yanni had fair complexion and deep facial features, which made it difficult to conceal his stunning beauty.

He was wearing a beige casual suit with a gray-blue coat, stylish and concise, with a personable demeanor, like a son-in-law.

He smiled slightly, looked at Su Nan with concern, and his voice was gentle and lazy.

“Susu, you finally woke up and worried me to death...”

Su Qi rolled his eyes aside, hypocritical!

Su Nan was very happy to see Fu Yanni, especially when he saw that he was okay.

In just a few days of getting along, she and Fu Yanni have established a revolutionary friendship that has experienced life and death. This is really the most unforgettable period of life!

“Are you worried? Ni Ni, I think you’re getting fat...”

Fu Yanni touched his cheek in disbelief, “Impossible!”

Su Nan smiled, remembering the fact that he hid his identity to himself, raised an eyebrow.

“Didn’t you say that you have nothing to do with Fu Yechuan?”

Fu Yanni rubbed his nose in a guilty conscience and grinned at her to please her.

“I...I didn’t mean to lie to you, I read the news before, you just got divorced, I was afraid you would leave me and run away...”

Su Nan looked at him speechlessly.

However, Su Qi sneered, “Then your worry is correct.”

Fu Yan and Ni Zilai smiled familiarly.

“Third brother, Su Su is not such a person. When it was a matter of life and death, she asked me to stand behind her, what a kind and just little fairy...”

Su Qi raised her eyebrows proudly, “That is, our little four is a fairy.”

After speaking, he turned to look at Su Nan with a solemn tone.

“But if you are in danger again, you can’t do this. You can only stand behind others and don’t kill yourself.”

His sister, don’t block bullets for others!

Su Nan suddenly felt sore in his eyes and took a deep breath.

Just as he was about to speak, Fu Yanni patted his chest to assure.

“There will be no next time. No matter what danger I encounter in the future, I will stand in front of Su Su without hesitation. From now on, we will be a family...”

Su Nan turned his head in surprise, and Su Qi also Very surprised.

“What the hell, who is your family?”

Fu Yanni snorted confidently, smiling very calmly.

“Susu said that she will support me for the rest of my life, of course we are a family...”

Fu Yanni leaned on Su Nan’s shoulder, squinted his eyes, and the two were very close.

“Susu, you have to say what you say...”

Su Nan was shocked, and before he could speak, a tall and familiar person suddenly came in from the door.

Fu Yechuan held Fu Yanni’s ear with one hand, his eyes were cold, and his voice was cold.

“Get away from me.”

Fu Yanni grinned in pain, covered his ears and jumped to the corner, looking at Fu Yechuan angrily.

“Second uncle, you are too cruel, am I still your own nephew?”

“You have been kicked out of the Fu family long ago, and you still owe me five billion yuan. With a nephew like you, it is unfortunate for the family! “

Fu Yanni looked at the cold and noble Fu Yechuan, he didn’t need to speak, just standing there, his aura was already killing everyone.

And he is only five years younger than Fu Yechuan, and his appearance is slightly inferior to him, but he is young!

Susu and him are friends of life and death, and he has a lot of advantages over him!

Thinking of this, Fu Yanni straightened his back and let go, “Don’t mention the money, no matter how much money, Susu will help me pay it back, right Susu?”

...

Chapter 285 I want you

Chapter 285 I Want You

Su Nan does have a headache.

After all, before that, she always thought that Fu Yanni was just a poor explorer.

Knowing that he was Fu Yechuan's nephew, she was really crazy to say that she would support him for the rest of her life.

She can't afford this young master!

"I..."

Su Qi interrupted her.

"Your Fu family is trying to deceive us, right? Just say it, we can't afford the money?"

Isn't it just 15 billion US dollars?

That is, those pirates who have never seen the world are rare!

Su Qi looked at Fu Yanni, frowned and said, "How come you have such a big face, you want to depend on our family, and you spend more food to support you, so you can stay where it is cool!"

Fu Yanni didn't mind Su Qi's attitude, but was polite. He smiled with Su Qi.

"Third brother, I'm young and strong and obedient. It's not a loss to help me. What's more, I can support myself. I just want to be with Su Su forever..." After

speaking, Su Qi could feel the room The temperature inside dropped instantly, and it was a little inexplicably cold.

Turning his head to look, Fu Yechuan's face was so dark and cold that water could drip.

Su Qi smiled coldly, "Don't think about it, what are you dreaming about in the daytime?"

Su Nan reluctantly interrupted them when they heard that the two were about to quarrel.

"Don't say it, third brother, I did promise Ni Ni before."

Fu Yanni smiled happily and his eyes lit up.

"However, if you hide the truth from me without knowing your identity, then my promise will be greatly compromised."

Su Nan looked at him for a moment, and his eyes dimmed instantly.

Thinking that Fu Yechuan just said that he was kicked out of the Fu family, I'm afraid it will not be easy.

“Well, Mr. Fu, I will ask my brother to repay all the costs you paid this time, including manpower and ransom.”

Of course, Fu Yanni’s share is also included.

Su Nan raised her eyes and looked at Fu Yechuan. This was the best way to thank her.

The silver and the goods are received, and they do not owe each other.

But why, after she finished speaking, Fu Yechuan’s face became even more gloomy and ugly.

He stared at her darkly, with huge complex emotions surging in his eyes, but they were all suppressed by him.

He tried to calm himself down.

The silence made the atmosphere in this room a little weird.

Su Nan pursed her lips, maybe this is not enough?

She tentatively said, “Of course, in the Yunjing project, the Su family can hand over all the shares.”

This is not a small sum of money, and it is a blueprint for the project that is enough to create hundreds of billions of miracles, but it was planned by Fu Yechuan himself.

He knows the value of it best.

“Su Nan, is this what you think I want?”

Fu Yechuan gritted his teeth, and was restrained enough, his eyes were dark and deep, and he couldn’t see the end at a glance.

Su Nan frowned, is this not enough?

Fu Yanni coughed aside, “Second Uncle, it’s quite a lot...”

“Shut up, get out of here!”

Fu Yechuan seemed to have found an outlet, his anger was overwhelming, his eyes were scarlet, a little scary.

Fu Yanni opened his mouth and wanted to resist, but he was really frightened by the power of Fu Yechuan from childhood to adulthood, so he could only leave in despair.

Fu Yechuan looked at Su Qi, his eyes were heavy, but his tone was as soft as possible.

“Please go out too.”

Compared to scolding Fu Yanni, this is more polite.

Su Qi snorted coldly, why did he go out?

Fu Yechuan is so self-righteous!

“Why should I go out, I want to protect our little fourth!”

Su Nan paused, “Third brother, go out, we have something to say alone.”

Su Qi frowned and wanted to persevere, but Su Qi frowned. Nan’s attitude is very clear.

Forget it, listen to her!

Everyone else went out, and the room fell back into silence.

Su Nan was sitting on the hospital bed. Although he was injured and his face was pale, his brows were less cold and more gentle and soft, which was still amazing.

The long silence made her feel uncomfortable.

She was extremely uncomfortable with being alone with Fu Yechuan.

Finally, she couldn’t help but looked up at him with a calm face.

“Mr. Fu might as well just say, what do you want?”

She was still negotiating, but she made a lot of concessions on the bottom line of the negotiation.

Fu Yechuan’s eyes were heavy, and he looked at her with complicated and forbearing eyes. How could those emotions that were buried in his heart be explained to her at once?

Under Su Nan’s gaze, his tone was hoarse, low and nostalgic.

Attitude, low to the dust.

“I miss you, Su Nan.”

Chapter 286 Give me another chance

Chapter 286 Give me another chance

Fu Yechuan's voice is magnetic and mellow, deep and hoarse, and the emotions in his eyes are suppressed and restrained.

As soon as he finished speaking, the air almost froze.

Su Nan's complexion instantly faded from blood and became even paler.

There was almost an unbelievable look in her eyes, did she hear it wrong?

What he wants, is she?

The person who wanted to throw her away like trash would choose her?

Su Nan didn't understand, and couldn't believe it, what exactly did Fu Yechuan want to do?

The silence in the air eroded her calm inch by inch.

Fu Yechuan's eyes tightly locked every emotion on her face, every detail was in full view.

Shocked, surprised, alienated, resisted...

Fortunately, there is no disgust in so many emotions!

Fu Yechuan approached her, wanting to touch her hair, wanting to make her feel full of affection.

He was sincere...

but before his hand touched, Su Nan instantly backed away, lest he could not escape.

She didn't have such a big reaction to Fu Yanni's approach just now, but when she faced him...

her dodging deeply hurt his eyes.

On the surface, nothing happened, he hooked his lips and smiled, but the emotions in his eyes were like waves.

His voice was hoarse and gentle, extremely restrained.

“I’m not kidding, Su Nan, during this time, I’m not much better than you.

I think, our divorce may be too hasty...”

Su Nan’s brows furrowed, she suddenly realized something, sideways look at him.

The undisguised joy and joy in the man’s eyes, like a fire, almost burned her.

The moment she saw through his sight, her heart trembled violently without any surprise.

She actually saw nostalgia and love in his eyes?

At that moment, Su Nan’s heart was like stagnant water, and suddenly it was smashed by a stone, and ripples appeared.

Not too happy, she was just shocked.

But in just a moment, she withdrew her gaze and regained her calm attitude.

She curled the corners of her lips and looked up at him, without a trace of warmth in her eyes.

“Mr. Fu, it’s too hasty for us to get married.”

Divorce was a decision she made after three years of deliberation.

For her, it was relief.

As soon as Su Nan’s words came out, Fu Yechuan’s body froze suddenly, his gentle face tightened, and the emotion in his eyes shattered inch by inch.

She met his gaze without evading.

If it is other aspects, even if Fu Yechuan is a lion, Su Nan has no reason to refuse.

But if it was a relationship, she no longer had that thought, and she would never step into that fire pit again.

“Su Nan, give me another chance, I will definitely...”

Fu Yechuan looked pale and looked at her almost earnestly.

It's just that Su Nan interrupted before he finished speaking.

"Mr. Fu, you didn't mean to tell me that you regretted your divorce and that you fell in love with me, did you?"

Fu Yechuan looked at Su Nan and nodded.

"Yes."

His voice was hoarse and dry.

He admitted that in his life, Su Nan was irreplaceable.

He admits his likes, never so clearly.

He admitted that when he learned of Su Nan's accident, the piercing pain must have been a deep love to his life.

Divorce is really the stupidest thing he has ever done. If he can do it all over again, he will definitely pay all the price to bring Su Nan back to him!

But when Su Nan got that answer, he just twitched the corners of his mouth, and calmly sentenced him to death.

"Mr. Fu, I don't care about everything in the past between us, but I don't like you for a long time.

It's not suitable for us to talk about feelings.

I'm very grateful for everything you risked to save me. If you want to If you want, you can talk to my father and my elder brother directly, and they will definitely not refuse."

Su Nan didn't want to talk about what kind of compensation he wanted, the Fu family was not short of money, but who would think too much money?

It would be more appropriate for Su Yifeng and Su Jin to talk about this.

Su Nan's indifferent and polite attitude was completely unexpected to Fu Yechuan.

I don't like you for a long time...

This sentence, more than her sarcasm, disgust, made him feel at a loss, like a soft thin needle, pierced into the heart, and the internal organs were aching like a knife.

There was a sudden uneasiness in my heart.

Three years ago, Su Nan, who only saw him in his eyes, had already lost it...

...

Chapter 287 That's not me

Chapter 287 That's not me

, Su Nan, drooping his eyelids and stroking Su Xiaohu in his arms, as if he didn't want to say more.

Fu Yechuan refused to give up, how could he give up so easily?

Su Nan stabbed a knife in his heart, he deserved it!

He smiled palely, trying to make himself look warmer.

He lowered his head and took out the photo he had seen countless times from his pocket, his fingertips turning white.

She saved his life, she never mentioned it.

Fu Yechuan couldn't believe it, could she really forget those likes?

His voice was hoarse: "Su Nan, I still owe you a life, and you never told me that the person in the photo is you."

If he had known it was her, he would not have ignored her in this marriage. The presence.

At least, this marriage will not end so bleak!

Su Nan glanced at the photo, her face stiffened and she was stunned.

After choking her breath, she raised her head subconsciously, looked at the rich guilt and regret in Fu Yechuan's eyes, and suddenly understood something.

The bottom of my heart is slightly cold.

Do you think you owe her?

She pursed her lips, looked back, and her voice was quiet.

"That's not me."

If so, she would rather not admit that the gunfights on the streets of Europe and the experience of the black boxing gang were like a dream.

She was fortunate to have met him, but regretted meeting him too.

Fu Yechuan's expression froze, his eyebrows filled with doubts, and he didn't believe Su Nan's words at all.

"Impossible, how could this not be you?"

She was clearly lying!

why?

Because she didn't want to admit that she knew him a long time ago?

It was as if a piece of my heart had been gouged out, and I couldn't breathe in pain.

Su Nan smiled lightly, her brows cold and indifferent.

"Mr. Fu has identified the wrong person. The person you're looking for is not me. We didn't meet before we got married."

She didn't want to admit that those memories that had long been buried, those that belonged to her alone were carefully guarded by her.

She didn't want even the little dignity she had left to be trampled on at will.

Now that you have decided to let go, you should throw it away together with the past!

Fu Yechuan's eager eyes cooled a little bit, and when he looked at Su Nan's sparse eyes, his heart was like being poured a bucket of cold water, and it slowly cooled until it was cold.

She didn't admit it, and he couldn't force her to admit it.

It doesn't matter if you don't admit it now, it will take a long time to come to Japan anyway.

He took back the photo lightly and looked at her tenderly.

"Okay, it doesn't matter if it's not you, Su Nan, I want to be with you, I'm serious."

The moment his big hands were slender and beautiful, like works of art, they covered Su Nan's hands, and Su Nan frowned and drew them away. , but was held tightly by him.

No sound, no rejection.

Su Nan's eyes froze slightly, but instead of trying to take it away, he raised his eyes to look at him.

Facing his line of sight, Su Nan evoked a slight arc, her voice was delicate and cold.

"Mr. Fu, sometimes, wishful thinking is as annoying as scumbag.

It's the same as when I married you and you hated me."

However, they completely changed positions.

Hearing her words, Fu Yechuan's body froze slightly, a gentle smile on his face, and a dull pain in his chest.

An emotion similar to panic spreads in the bottom of my heart and expands infinitely.

He opened his mouth and wanted to say something, but Su Nan didn't give him this chance.

"Third brother, are you there?"

she called out.

"Yes!"

Su Qi answered without hesitation and pushed the door in.

Guard this sister anytime and anywhere, and will not give others a chance to hurt her.

Su Nan smiled and looked at Fu Yechuan.

"Mr. Fu, I've already said what I need to say, and now I want to rest."

Fu Yechuan stood there without moving, staring at Su Nan with a deep gaze, a cold smile on his stunning face.

It was as sharp as a knife, and there was a little pain in my heart.

He clenched his fists tightly by his side, unable to say countless words of regret, because she didn't want to hear it at all.

Su Nan now, not even hate, she is just ignoring his emotions.

Su Qi coughed and looked at him rudely.

“Fu Yechuan, didn’t you hear Xiao Si say she’s tired? Can you go out?”

He didn’t have much affection for Fu Yechuan, but anyone who hurt his sister was not a good person!

Naturally, there is no need to be polite!

Su Nan has turned his head away, stroking Su Xiaohu and preparing to rest.

Fu Yechuan saw the decisiveness and simplicity in her eyes, and his heart was entangled by a thin thread, which was an inexplicable emotion.

He finally realized that Su Nan really didn’t like him anymore.

Fu Yechuan was silent for a few seconds, but his voice was still gentle.

It’s just that his voice sounded a bit hoarse and low, and it was suspected of being lonely.

“You have a good rest.”

After speaking, he walked away, before reaching the door, his body paused and his voice was deep.

“What I said is all sincere. Maybe you can’t accept it for a while, but Su Nan, I really regret it.”

After that, the person had already left the room.

Su Qi frowned suspiciously, “What did he say?”

...

Chapter 288 He is so sad

Chapter 288 He is so sad!

Although Su Qi was just standing outside the door, the sound insulation of this room is really not that good!

Therefore, he did not hear anything!

Fu Yechuan left an inexplicable sentence and left, how could he not be curious?

Su Nan pursed her lips, her eyes trembled slightly, and lowered her eyes, “It’s nothing, third brother, how long until we get home?”

“Two or three days.”

Su Qi frowned. I will forgive Fu Yechuan!

Su Xiaohu in Su Nan’s arms sticks out his head cutely, his voice soft and glutinous.

“Baba is gone, Baba is so sad…”

Su Qi: “?”

Su Nan: “Dad…you mean Fu Yechuan?”

Su Xiaohu sighed casually.

“Mama rejected Baba, he is really sad.”

Su Qi walked over in two steps and picked up Su Xiaohu’s neck.

“What are you doing, don’t you hate him very much? You little traitor!”

Su Xiaohu snorted awkwardly and coldly as he kicked on his four legs.

“God Su Ming said that you have to be objective, and he has already revised his program, and his bad impression of Baba is gone!”

Su Nan twitched the corners of his mouth, “Second brother is too much, how can you modify it casually? What are Su Xiaohu’s thoughts?”

Su Xiaohu’s cute beard without any dignity moved.

“God Su Ming said, don’t teach the little animals!”

Su Nan and Su Qi looked at each other.

Forget it, they can’t fight Su Ming together.

Su Nan was really tired, her injuries were not healed, her whole body was aching, as if her strength for many days had taken off her disguise, and the pain had been intermittent.

Fu Yechuan’s words lingered in his ears all the time, like a magic sound.

Su Nan desperately wanted to get rid of, wanted to escape, but couldn’t really forget.

In her sleep, the hail of bullets on the island and the pictures of gun battles on the streets of Europe overlapped in her mind, and she had nightmares again and again.

When she was awake, she opened her eyes and looked at Su Qi, who was worried about her and had not slept all night, her dark eyelashes drooping, her tone firm but relaxed.

“Third brother, find me a psychiatrist.” The

night was dark blue, the stars and moonlight were reflected on the sea, and the ripples on the sparkling water rippled layer by layer with the cold wind.

The man stood on the deck, his slender figure was drawn very long, his pupils were as black as a ball of ink that could not be melted, and a circle of light shadows cast a circle under his eyes.

He stood there in silence, the coldness of his body and the turbulent cold of the sea seemed to merge into one.

Military doctor Jiang Zhe walked over slowly, and his voice had the meaning of watching a good show.

“Does our Fu always heal here because of a woman?”

He had never seen Fu Yechuan, who didn't care about anything, and would be haunted for a whole day because of Su Nan's words.

The man's jaw line is smooth, and at first glance, there is no emotion in his eyes.

But when you approached, there was everything in his eyes, which was terribly heavy.

Fu Yechuan instantly restrained his emotions, glanced over lightly, and his voice was indescribably low and hoarse.

“I always feel that she won't like me anymore.”

Jiang Zhe raised his eyebrows slightly, “You saved her, why is she still blaming you?”

Fu Yechuan laughed at himself.

“She doesn't hate me for a long time, and of course she doesn't blame me.”

Just because she doesn't blame him doesn't mean she likes it.

The Fu family can have inextricably linked interests with the Su family, but Su Nan will never have anything to do with Fu Yechuan again.

Jiang Zhe sighed and patted his shoulder.

“Then there is still salvation. Of course, you have to pay the price for the stupid things you did in the first place. Since you have identified a girl, even if you risk everything, you have to chase it back.

Otherwise, how can you be worthy of your brothers to risk your life to help you? “

Fu Yechuan curled his lips and smiled, his brows slightly relaxed.

“All the brothers have gone back?”

“Yeah, otherwise a few giant helicopters will enter the country, and the procedures will be very troublesome. If there are no patients, I will follow. By

the way, the actor Su came to me today and asked if I would She can do psychotherapy, that Miss Su won't...”

Jiang Zhe hesitated, frowning slightly, encountering so many things, if it were an ordinary person, his mind would have collapsed long ago.

Su Nan's psychological defense is very strong, and he can still control himself so well now.

But when Fu Yechuan heard this, his face instantly sank, and the anxiety and worry in his eyes could not be concealed.

He didn't even have time to continue being sad, he just lifted his foot and left.

Jiang Zhe, who wanted to come out and talk freely: “...”

He just said a few words and was thrown away?

Fu Yechuan walked to the corner of the promenade and heard Su Qi calling Su Jin.

“Yes, she has nightmares all day long, and still has a fever, a low-grade fever, and is not confused...” She

wanted to stop, but Su Ming, who was standing opposite Su Qi, had already seen him, and Fu Yechuan left directly and generously. past.

While talking on the phone, Su Qi rolled his eyes at him and continued to report the situation to Su Jin.

“Of course I took good care of Xiao Si. When she was awake, everything was fine. She asked to see a psychiatrist...”

Hearing this, Fu Yechuan's brows tensed fiercely.

hung up the phone, Su Qi looked at Fu Yechuan badly.

“What are you doing here? No one can help you now...”

Before Fu Yechuan relied on a large number of people, every time he had Su Qi, who refused to leave, be carried out.

Fu Yechuan’s eyes darkened, “I have a friend who is a psychiatrist, let me get in touch.”

A psychiatrist who can be recommended by Fu Yechuan may not be easy.

But Su Qi immediately refused.

“No, my eldest brother is already ready, you don’t need to worry about it.”

Fu Yechuan wanted to say something, Su Ming also agreed with Su Qi and declined Fu Yechuan.

After all, seeing a psychiatrist will be related to a person’s privacy and weaknesses.

And Su Nan definitely didn’t want Fu Yechuan to see his weakness.

late at night.

Su Qi rested on the sofa outside Su Nan’s room.

Fu Yechuan sat beside Su Nan’s bed and looked at her face quietly. She was sometimes nervous, sometimes scared, sometimes calm...

He didn’t even feel sleepy at all, he just felt distressed.

She looks strong on the surface, but the stamina of fear is too great, she has endured hard!

The night was cold as water, Su Nan snorted, and opened his eyes in confusion.

Whisper softly.

“Water...”

Soon, a glass of warm water was handed to his lips, and the straw was placed beside his mouth.

Su Nan quenched his thirst, became a little conscious, and saw Fu Yechuan.

She opened her mouth, and Fu Yechuan approached gently, wanting to hear what she said...

“Fu Yechuan...”

She called his name.

Fu Yechuan felt like a stone was thrown into his heart, warm and soft.

She hadn't called him by his name for a long time.

“Su Nan, what do you want?” In the middle of the night, under the shadows, his voice was unbelievably gentle.

Su Nan was half awake, her voice weak.

“Fu Yechuan, you go out...”

After she finished speaking, she didn't have the strength to say anything else, so she fell asleep.

Naturally, he didn't see Fu Yechuan's face after hearing these words, and the light in his eyes that had just lit up turned pale.

Gentle face, a little bit broken into pieces.

For a long time, the silent silence swallowed the darkness, and the whole room was shrouded in gloom and depression.

He slowly reached out his hand and stroked Su Nan's hair.

The voice was low and hoarse.

He said, “Okay...”

two days later.

When the cruise ship docked, Su Qi and Su Ming took Su Nan back to Xicheng on a private plane without stopping.

Su Yifeng has been worried for several days, and has been worried about his daughter.

The plane landed directly on the top floor tarmac of the hospital.

The best doctor, top equipment, after careful care, Su Nan's wound quickly healed.

Not many people knew that Su Nan came back safe and sound.

Therefore, during this time, apart from the Su family and the doctor, no one came to disturb him.

In order to give her a good rest, Su Yifeng obviously didn't plan to announce it now, and kept the news hidden.

The psychiatrist comes to observe Su Nan's recovery every day. Her psychological endurance is very strong, and her psychological defense line has not collapsed. She has been developing in a positive direction.

Su Ming returned to the institute to continue his secret research.

Su Jin Hospital and the company run on both sides, but they still enjoy it and don't get tired of it.

The whole company can clearly feel that the company was immersed in the atmosphere of repression and pain over the death of Su Nan before. It seems that as Su Jin smiles more and more, the atmosphere is getting better and better... .

Su Su Yi Qi and wind all day, eat and drink to accompany Sunan chase drama.

Every scene has an intense and deadly tense atmosphere!

Across the screen, the audience can feel the fatal crisis of this expedition, and their lives are hanging by a thread...

Everyone's mood follows their ups and downs, and they are nervous.

The video ends before they meet the pirates, with Su Nan running towards the sea in a messy outfit.

For the rest of her life after the catastrophe, a happy and bright smile rose up on her dirty face, and those bright and stunning eyes were clear and clean, with flowing eyes, as tenacious as silk.

In the last scene of the video, he filmed her running, facing the rising sun on the sea after the rain, with a hearty and clear laughter.

He suddenly shouted, “Susu...”

Su Nan looked back subconsciously, and the camera stopped instantly.

The sea behind her was surging, and the rising sun above her was flowing.

The sea breeze blew her long hair, and when she turned back, the light in her eyes hadn't dissipated, it was bright and moving, and the picture was frozen.

This scene is as breathtaking as eternity.

This clip, which was less than a minute, set off a storm on the Internet in minutes!

The number of clicks is rising straight up by four figures every minute!

“Ah, ah, ah... I read that right, it's the goddess Su Nan!”

“The goddess of rebirth from hell has returned with glory, she is so beautiful!”

“Welcome the goddess to the world again, we will love you forever!”

“She is alive, she is alive! What about the others?”

“Thank you, Master Fu for bringing the goddess back, so excited Ah...”

“Fu Shao's 'Susu' at the end was too sweet...”

Until a few people came to the hospital, they were stopped outside by doctors, nurses and bodyguards, arguing endlessly...
