Chapter 31 Private Agreement

Chapter 31 Privately agreed that

Su Nan looked like a big head, "Qin Yu, who is so boring?"

"Of course it's Cheng Yi. He asked me to deliver it to you by hand."

Cheng Yi ?

That young master can really do things!

Qin Yu smiled, "Cheng Huai was sent to study abroad by his old man overnight. I heard that if he failed this time, Mr. Cheng would break his dog's leg."

"It's a pity not to send him, then I'll give him a warm welcome when he comes back..."

Su Nan reluctantly let people take it out, the air was finally free of the strong floral scent, and it was much more comfortable.

Qin Yu nodded, "I think so too, by the way, I have already checked the Fengheng Group you asked me to investigate last time."

Su Nan looked up at her, Qin Yu smiled, "The Fengheng Group has long been It became a shell company, borrowing money everywhere, owed a lot of money to the bank, and even the company was about to be auctioned off, and there were a bunch of unfinished projects left. Does Lin Shuang want to pit you to death?"

Su Nan raised an eyebrow, as expected, it turned out to be a pit for her to jump in...

Then tonight's meal is especially special Interesting.

"Thank you."

Qin Yu touched her head, "It's nothing, but I can't accompany you to work. My mom is coming back from Hong Kong. She bought a new cosmetic company and promised me to participate in the research and development, you know. Yes, this is my dream."

Qin Yu's mother is a well-known strong woman in the industry, and she has always wanted Qin Yu to participate in company management, but Qin Yu prefers laboratory research and development, and this time she has the opportunity to participate in it, of course she will not give up .

Su Nan smiled, "Okay, then I wish our Miss Qin a wealthy country!" The two of them looked at each other and smiled, no need to say more, they had a perfect understanding!

"Then be careful. If you need help with anything, just speak up, and we will firmly support you!"

Su Nan nodded, "Don't worry, I won't be polite to you."

Qin Yu said for a while and slipped away with her bag. Now, Su Nan began to devote himself to work again.

When she got off work, Su Nan stepped on her high heels and wanted to tell Yu Lou about the dinner, but Lin Shuang twisted her waist and came in, "Since it's a private dinner, don't take the assistant secretary with you, right?"

Su Nan asked . Mei: "Alright."

Yu Lou glanced at Su Nan worriedly, and Su Nan smiled comfortingly.

When he arrived at the private club, he had already reserved the box. Lin Shuang had a familiar kiss with the fat, fat man sitting there. Su Nan felt nauseated in his stomach.

Out of politeness, she still walked over to say hello in a decent manner. When Zhang Dong saw Su Nan's face, his eyes lit up obviously, and his greedy eyes were undisguised, which was disgusting.

"This is Vice President Su, right? He's really admired his name for a long time, and he is as beautiful as the legend..."

Zhang Dong stretched out his hand, Su Nan nodded slightly, and sat down after saying hello, "Zhang Dong is very polite, Your name is like thunder."

Lin Shuang glanced at Su Nan meaningfully, "Vice President Su has just come to the Su Group, maybe I don't know, we are old friends with Fengheng Group, and there will be no problems in cooperation. Why don't you show the contract to Zhang Dong, and sign it if there is no problem?"

Su Nan paused, raised his eyebrows, and took out the prepared contract, "Alright, Zhang Dong had better look at it clearly. "

The greasy man on the opposite side took it, as if he already knew the of the contract, he glanced at it casually, but paused slightly at the number, and his face instantly sank.

“Vice President Su, why is the above mentioned 30 points higher than the promised one?”

Lin Shuang was surprised, took a look at it, his face changed greatly, “Who changed this?”

“I...” Su Nan lowered his head and smiled.

“Since I’m here to talk about this project, of course I have the final say, just follow this point, otherwise we won’t talk about it.”

Everyone knows that if it is increased by 30 points, then Fengheng’s initial investment will be tens of millions more. That’s simply not enough money for a crumbling shell company.

Lin Shuang’s face was ashen, “Su Nan, why do you change it when you say it?”

“Just because I am Vice President Su, Manager Lin, I will strive for the best interests of the company, why are you angry, you should be happy? Are you from the Su family or from Fengheng?” Su Nan looked at her incredulously.

Hearing this, Lin Shuang’s face turned pale: “I... of course I’m from the Su family, but Su Nan, you need to be honest in business, and you can’t change the numbers you negotiate!”

“As long as the contract is not signed, everything can change.” Su Nan looked at the angry Zhang Dong playfully, “Or, what agreement did Zhang Dong and Manager Lin reach in private?”

Chapter 32 There is medicine in wine

Chapter 32 There is medicine

in the wine.

“Miss Su, since we are talking, I am here with sincerity. Take a look at this document. As long as you sign it, I will not treat you badly.”

Zhang Dong took out a document from his bag, It was almost the same as what Su Nan had in his hand, but the number was ten points lower than what Lin Shuang had set.

Lin Shuang rolled her eyes and quickly persuaded her, “Su Nan, what’s the use of relying only on Su Jin? You still need to find more backers, Su Jin obviously wants to

harm you before putting you in this position. Don't ask, what's the benefit of you following him? It's impossible for him to marry you as a wife?"

Su Nan didn't want to listen to Lin Shuang's provocation, I'm afraid she thought she and Su Jin were lovers.

Dig a wall?

"Look at the clothes you're wearing, you don't even have a brand. Did you find them online? How do you commute to work? Do you take a taxi?"

Lin Shuang proudly looked at Su Nan's shabby and tugged at her Chanel suit. , pursed his lips and smiled:

"I'm here, I won't lie to you, and I won't suffer from following Zhang Dong. Zhang Dong has prepared a second-hand Audi for you. In the future, with Zhang Dong's help on the project, you will be able to secure your seat."

Seeing Su Nan silently pondering, Lin Shuang thought she had moved her, and gave Zhang Dong a satisfied wink, and then stood up drunk, "I'm going to the bathroom, you guys talk first. As soon as

Lin Shuang went out, there was a flash of sharpness in her eyes, and she saw a familiar person sneaking at the door of the bathroom, she grabbed it, "Is the thing ready?" The waiter trembled, "The medicine has already been given Into the wine..."

"That's good." Lin Shuang hooked her lips in satisfaction.

The waiter bit his lower lip, "Miss Lin, if I read correctly, that lady should be President Fu Yechuan's ex-wife, right?"

"Hmph, that's right, it's her."

"President Fu's ex-wife, how dare Zhang Dong... not be afraid..." The waiter didn't dare to say it outright, but he was afraid of getting into trouble. I really regret it!

"It's just an ex-wife, what kind of person is she? She is now relying on other men to take the top position. How can Fu Yechuan look at her more? Oh, anyway, it's all sleeping with you. Who is not with Zhang Dong?" The

waiter buried his head. Very low, "Yes, then I'll go down."

"Go away, if you tell me about this, you'll look good!"

Lin Shuang stepped on high heels and went to the bathroom to touch up her makeup. She didn't notice that on the side of the corridor, she was standing tall and slender. The figure froze slightly.

Fu Yechuan's face was cold and ugly, his eyes were stern and terrifying, he grabbed the waiter who came over, "Which room is Su Nan in?" "

Ah... President Fu?"

Gui, meeting people is the most basic training. The waiter recognized Fu Yechuan at a glance, and his face was bloodless with fright.

"Speak!"

"In... in room 3888." He said subconsciously, Zhang Dong couldn't be bothered, and Fu Yechuan couldn't be bothered.

Fu Yechuan turned around and left with a penetrating chill.

In box 3888.

Zhang Dong smiled wretchedly and disgustingly. He reached out and wanted to touch Su Nan's hand on the table, but it was suddenly empty. Su Nan picked up the wine glass and shook it gently. His fingers were slender, white and tender, like works of art.

The old man took out a half-worn car key from his bag and threw it on the table, "Miss Su, this car belongs to you."

Su Nan stared at the car key for a while, then suddenly smiled coldly, "Lin Shuang took it more than he did. Am I more?"

Zhang Dong looked at her greasy, "With Miss Su's appearance, Lin Shuang can't compare to you. When this cooperation is completed, there will be even bigger surprises waiting for you."

Only when Su Nan stepped on their ribs did she know how this Lin Shuang got to where she is today.

Very good, she cleaned up together.

"Let's have a drink and celebrate..." Zhang Dong impatiently raised his glass.

The next second, Su Nan's mobile phone on the table suddenly fell to the ground, Zhang Dong Xianbao bent down to pick it up, Su Nan raised the wine glass, and Zhang Dong touched her lightly, and he couldn't wait to drink it. And do.

As Su Nan's wine glass just touched his lips, under Zhang Dong's eager gaze, he deliberately hesitated for a moment, and then drank it all. The corners of his lips were stained with red wine, and the dark red wine added a bit of charm.

Zhang Dong smiled with satisfaction, looked at Su Nan's beauty after drinking, walked over and put the Audi car key in her hand, coaxing, "As long as this is done, I will send it to you. A new Audi."

Su Nan's face sank, and before he had time to attack, he suddenly heard Zhang Dong exclaim, then fell to the ground, and the person who was kicked turned on his back!

The wine glass on the wrist was grabbed vigorously, and a cold voice came: "There is medicine in the wine, have you already drunk it?"

...

Chapter 33 Spare his life

Chapter 33

The slender and tall figure standing in front of him, with a handsome face, was the man Su Nan had been infatuated with for three years, Fu Yechuan.

At first glance, Su Nan was stunned for a moment, but quickly regained his composure.

Why is he here?

Probably a coincidence.

She never thought that he had been paying attention to herself, waiting for the hero to save the beauty?

"President Fu?" Zhang Dong hurriedly stood up, trembling and humble.

Fu Yechuan's face was gloomy, and he stared at Zhang Dong's face, "Do you want to die? I will fulfill you!"

At this moment, Wuming's anger suddenly spewed out of his chest, and his eyes were cold and intimidating.

He was about to step forward to teach Zhang Feng a lesson, when a figure suddenly appeared behind him, kicking Zhang Feng who stood up to the ground again, and then punched and punched, Zhang Feng's face, body... Not a single place is unpainted.

"Cheng Yi!" Su Nan stopped the man.

The person who beat the person paused for a moment, turned his head, and his cold eyes instantly warmed, "I went to the company to find you, they said you came here, and I specially gave you a surprise."

Cheng Yi walked over as if nothing had happened, ignoring Fu Yechuan. He held the flowers placed at the door and handed them over, "Do you like it?"

Su Nan sighed helplessly, although the plan was disrupted, but the things he wanted to get have already been obtained, so it is not a complete success.

"Thank you, but forget it. I don't want to get into trouble if I continue to fight."

"Yes, my lady queen." Cheng Yi said with a smile, "Then spare him a dog's life."

Zhang Dong He looked at the people in front of him in fear, Cheng Ershao and Fu Yechuan, no one could afford to offend him. Didn't it mean that Su Nan was divorced by Fu Yechuan?

Why are you still busy?

Hearing that he was spared, he endured dizziness and fled in a panic, he didn't want to get into these two big troubles.

Before he could climb out, something hard was thrown on his head, and the other was the car key that fell to the ground.

Cheng Yi sneered coldly, "Take it, don't get my girlfriend's eyes dirty."

"Yes, yes." He hurriedly ran out.

Su Nan was speechless, "Don't talk nonsense."

What girlfriend?

She glanced at Fu Yechuan, a little strange, he looked at her coldly.

"Why is Mr. Fu here?"

"Yeah, I'm also curious, why is Mr. Fu here?" Cheng Yi's eyes were obviously scrutinized.

"Su Nan, don't you know that there is something wrong with the wine? Attend any dinner party, is this the life you want?"

The sarcasm in his words is obvious, he is eating with others here, and being drugged is not self-conscious. Know, is life after divorce what she wants?

For some reason, the anger in his chest couldn't help bursting out at that moment.

Su Nan bowed his head and smiled. He really humiliated himself. He thought he would be so kind, but just to find an excuse to teach her a lesson?

She raised her head and glanced at him, she was wearing delicate light makeup, her eyes were bright and her spirit was hidden.

Under his shocked gaze, she picked up the wine glass on the table and drank it, then stood up with her lips hooked, "Thank you, Mr. Fu, for your righteous action, the wine has been replaced by me, but you have no right to decide what life I want. Comment."

It was not yet his turn to teach her a lesson.

Just as he was about to stand up and leave, Fu Yechuan grabbed her arm with cold eyes, "What do you mean? You didn't answer my question."

Su Nan curled the corners of his lips and said sternly: "I don't say something to save face for each other, Mr. Fu, I'm here for work, it's better than being a servant in your Fu family before, saying What's the difference between your Fu family and Zhang Feng?"

...

Chapter 34 Take You as a Sister

Chapter 34 Taking you as a sister

Su Nan sneered, and without looking at him again, holding her phone and bag, she stepped on high heels and left neatly, with a slender back.

Cheng Yi raised his eyebrows and immediately followed.

Fu Yechuan stood there, his eyes were as cold as frost, Su Nan's words were like a thorn, which made him uncomfortable.

Working as a servant in the Fu family?

When did the dignified Mrs. Fu become a servant?

It seemed that there were too many things that he didn't know... As soon as he

went out, he saw Zhang Feng who was dragging Lin Shuang around the door, his face blushing.

It turned out that she really knew it for a long time, and was prepared for it...

So it was unnecessary to do it by herself just now?

Haha...

Su Nan got in the car and left, just heard Fu Yechuan's misunderstanding. Her heart is not without pain. After three years of marriage, he doesn't know what kind of person she is?

It's just a split second to regain composure, without much ups and downs.

She will not walk the past road again, and Fu Yechuan has nothing to do with her!

Cheng Yi hummed a song and glanced at her, "I saved you today, how do you thank me?"

"What gift do you want? Or transfer money directly?"

Cheng Yi looked at her with a half-smile, "This is the first time. A woman threw money at me! But I want you to promise me more!"

Su Nan gave him a sideways look, "Dream!"

"Why? Why? You should give me a chance!" Cheng Yi snorted .

Su Nan glanced at him lightly, "I have always regarded you as a sister."

Cheng Yi twitched the corners of his mouth, "Anyway, I will prove that I am the most suitable person for you."

Not knowing where the confidence came from, Su Nan couldn't bear to smile, "Let's go."

Anyway, Cheng Ershao's enthusiasm usually doesn't last for a month.

Cheng Yi looked at her smile and felt a pain in his chest. Anyway, he would not give the opportunity to others.

back home.

Qin Yu couldn't wait to call and ask about the progress.

Su Nan could only tell the truth, paused when it came to Fu Yechuan, and revealed it lightly.

"This Lin Shuang looks like a pimp. She's more professional than the mother Sang in the nightclub. I think she is inferior in the company. She should go to the nightclub."

Su Nan lowered her head and smiled. It's not the time yet, Lin Shuang still has some abilities, it's just that she's not right, she's just a clown jumping on the beam, if she doesn't make trouble, it's fine to keep it for the time being." The

next day.

Early in the morning, when Su Nan went to the company, she found that her chair had been replaced with a new one. She was satisfied with the work efficiency of the building. She had just made a cup of coffee for herself when she heard a "bang" and the door was pushed open. .

"Su Nan, are you trying to do something bad? I clearly told you to accompany Zhang Dong to dinner, but you left me and left?"

Lin Shuang ran in angrily, with traces on her neck that could not be concealed. Zhang Dong's eccentricities are really infiltrative.

Afterwards, she thought about it, and it must be Su Nan who regretted it, otherwise Zhang Dong could let go of the fat in his mouth?

Su Nan waved his hand, let Yu Lou go out, hooked his lips, and looked at Lin Shuang with a half-smile.

Lin Shuang felt a little guilty, and his aura suddenly weakened.

"Forget it, as long as you sign the contract, it will be over."

She brought the contract over and threw it in front of Su Nan.

Su Nan didn't even raise his head, just clicked on the phone a few times, and the recording of the conversation at yesterday's meal came out.

"Su Nan, what's the use of only relying on Su Jin? You still need to find more backers. Su Jin obviously wants to harm you before putting you in this position, no matter what, what's the benefit of you following him? He It's impossible to marry you as a wife?"

"Look at the clothes you're wearing. You don't even have a brand. You bought them online, right? How do you commute? Do you take a taxi?"

"I'm here, so I won't lie to you. , you won't suffer from following Zhang Dong, Zhang Dong has prepared a second-hand Audi for you, and you will be able to secure your position with Zhang Dong's help on the project in the future..."

Chapter 35 Lovers Restaurant

Chapter 35 The Lovers Restaurant

Lin Shuang's face was pale and his body trembled slightly.

Su Nan smiled and said: "Lin Shuang, if I take out these things, the company will thoroughly investigate all the projects you handle. You will no longer have a place in this circle, and you will even be imprisoned. You are really willing to do it for you. A Fengheng giving up his career?"

She would not be willing.

Lin Shuang's face was pale, a trace of panic flashed in his eyes, and he immediately spoke with a respectful tone.

"Su...Vice President Su, I was reckless. Fengheng's project was not that good, and the company was actually an empty shell..."

Su Nan nodded with satisfaction, "After that, let's not mention the cooperation with Fengheng. I recognize Manager Lin's work ability, but he has to use it in his own work, and don't always worry about other companies."

"Vice President Su said yes." Lin Shuang slightly stiffened.

.....

After dealing with Lin Shuang, Su Nan has to study the project of the Juli Group. It is inevitable to get this project. Except for Fu Yechuan's Fu Group, there is no company with a stronger background than the Su Group. Compete with each other.

As far as she knows, the Fu Group has no plans to participate in the field of artificial intelligence, so she is very confident.

The sky gradually darkened, Yu Lou came in with the documents, "Mr. Su, the Juli Group's dinner party has been changed to a business dinner, and many people have been invited. We plan to announce our project partners on the anniversary, and we have sent VIP invitations. Do you need me to get in touch in advance?"

Su Nan rubbed his eyebrows, "Juli Group is confident, and we know that we have a piece of fat in our hands, so we don't need to contact in advance, our conditions are the best, and it's good to participate on time. ."

Yu Lou nodded, "Okay, Vice President Su, do you need me to arrange a car to take you home?"

Su Nan glanced at the time, it was really late, just about to get off work, there was a knock at the door, Cheng Yi stood there with a charming smile, handsome and enchanting, "Mr. Su, do I have the honor to ask Are you eating?"

Su Nan couldn't help laughing when he saw the person coming, "Of course, Cheng Ershao treats guests, I can't ask

for it." Yu Lou shrewdly withdrew.

Gentleman Cheng Yi came over to put on her coat and hold her bag with great interest, "I have driven Cheng Huai, the biggest light bulb between us, away. Today is our two-person world."

Su Nan whitened him . At a glance, Cheng Yi's character has always been a condescending one, and all the women around him have been molested by him, but Su Nan didn't take it seriously at all.

"I'm really hungry, what should I eat?"

"Chengnan has opened a new couple's restaurant..." Before Cheng Yi finished speaking, Su Nan's eyes swept over, Cheng Yi's voice changed, " I'll drive it, let's have a show."

Su Nan stepped on high heels and walked out, Cheng Yi swaggeringly followed behind, his proud eyebrows flying up.

The restaurant is open on the top floor of the building, and you can enjoy the beauty of the city at a glance. The exquisite and illusory neon lights reveal luxurious and wonderful everywhere.

On the west side, there are couples dancing to the music. It's hard not to get caught up in such an atmosphere.

It is rare to relax, the music is very touching, it is her favorite song, she closed her eyes slightly, and smelled a fragrant fragrance of flowers, when she opened her eyes, Cheng Yi held the flowers and brought them to her with a captivating smile. .

"For you, your favorite Swiss Lily."

Music with flowers is really standard in a couple's restaurant, but Su Nan faced Cheng Yi and had no other thoughts at all.

She smiled, took it and put it aside, "Thank you, as expected of a couple's restaurant, the service is in place."

Cheng Yi's eyes narrowed, thinking it was the supporting service of the couple's restaurant?

The fresh bouquets shipped from Switzerland by air, even the soil is wet, such an expensive service, do you think everyone can enjoy it?

He shook his head helplessly, forget it, he has patience!

After serving the food, Su Nan had no interest in enjoying the scenery and music, and lowered his head to eat. Cheng Yi enthusiastically introduced the method and origin of each dish to her, and the atmosphere was quite harmonious.

Su Nan didn't pay much attention to food, but Cheng Yi was happier to see her eating.

"Have you received the flowers I sent?"

Su Nan hummed, "Yes, it's been a waste."

Cheng Yi's face stiffened, "This is the end? Don't you ask why?"

"Cheng Ershao, Why?" Su Nan was stunned, wasn't it his whim?

"I'm chasing you!" He hated her for being ignorant!

Su Nan made an "oh" and wiped his mouth gently, "I don't accept it, don't waste this time and energy on me."

Cheng Yiqi's Qiqiao was smoking, so bluntly refused?

Does he want to lose face?

He looked at Su Nan solemnly, "We're not friends anymore, I'm your suitor."

Su Nan blinked, "Let's break up."

...

a corner not far away , Lu Qi couldn't help but snorted, "Look at those two people looking at each other, why does Cheng Ershao like such a woman?" The

opposite Fu Yechuan looked cold, withdrew his gaze, and looked down at the food in front of him, which was dull.

...
