## Chapter 321-325

Chapter 321 I can donate blood

Chapter 321

What kind of ghost program can I donate blood, does it have to be for the purpose of tossing people?

Qin Ming has already picked up the diving tools on the speedboat and put them on by himself.

Su Nan was stunned, Qin Ming looked at her and thought for a while.

“Miss Su Nan, do you want to dive by yourself?” You can’t escape anyway.

Su Nan smiled dryly, “I can’t swim.”

Qin Ming was silent for more than ten seconds before digesting the fact.

Su Nan, who was praised by Fu Yanni, a professional-level great explorer, couldn’t swim?

Su Nan sat there and blinked, also very ashamed.

Qin Ming paused, “Then...you wait for me up there.”

Su Nan nodded solemnly.

Qin Ming put on his diving suit and plunged into the sea without even splashing. He was indeed a great god among great gods.

After three or four minutes, there was no movement at all, and the sea was unusually calm.

Su Nan started to get anxious, feeling uneasy, he won’t have an accident, right?

My mind was suddenly pulled back to three years ago.

Su Nan practiced swimming alone in the swimming pool, but the coach did not come, but a few fierce foreigners came.

They had Wen Sheng tattooed on their bodies, and when they saw Su Nan, they walked over directly.

Looking at her eyes, there is only ruthlessness and coldness.

“You rescued that soldier!”

Su Nan instantly understood who they were, the person from the black boxing gym, and they wanted to repay Su Nan!

Although they let her and Fu Yechuan go at that time, how could they believe in the character of the terrorists?

Seeing her silence, a man tugged her hair fiercely, couldn't help but bury her head in the water...

She struggled, she resisted, she desperately wanted to breathe... .

But it didn't work.

Another person went underwater, dragged her leg, and went down desperately, not letting her have any chance to resist!

She became the fish on the chopping board, to be slaughtered.

One minute...two minutes...seven minutes...

she didn't remember how much water she drank, but she could feel the strength of her body being drawn away little by little, and her consciousness gradually blurred.

Her heart was beating weaker and weaker, and she could no longer hear what the people on the shore were joking...

She seemed to be wrapped in a cocoon, gradually tightening, wrapping every inch of her The body, let her swallow the suffocating silence... The

water is so cold, cold and gloomy, her fear of dying, there is nothing to hide in the water...

Until she is motionless, even The strength to survive is gone.

The two big men let go, and she floated upside down on the water, thinking she was dead, and they left.

Su Nan had never felt so cold before. There seemed to be an endless gravitational force in the water, preventing her from moving a single bit. Just when she was about to say goodbye to this world, he desperately held her up by himself.

The man's palm was broad and powerful. He gave her artificial respiration and pressed her chest for first aid. She smelled the familiar fragrance on his body.

It's him.

Tears fell uncontrollably, she thought, and he saved her again.

How about this time?

She wants to marry him.

In the hospital, she opened her eyes, and the terrifying suffocation returned to her cage. She shuddered and sat up suddenly.

She ran out and heard the man's warm and magnetic voice, with panic.

"We must save her, at all costs!" The

doctor said in embarrassment, "Miss Qiao has lost too much blood, and it is extremely rare RH negative blood. Our hospital blood bank has run out..."

Su Nan blinked . . . , ghosts and gods go out.

"I can donate blood," she said.

...

Chapter 322 But you have to marry me

Chapter 322 But you have to marry me.

Fu Yechuan frowned and looked at her. Those eyes were unfamiliar and cold. He didn't believe her sudden kindness.

Su Nan's heart sank, because he didn't know her, didn't recognize that she was the one who was about to drown just now, and didn't know her who had rescued twice.

She changed her voice and looked into Fu Yechuan's eyes.

"But you have to marry me."

...

Su Nan shivered all over, her thoughts pulled back for a moment, she looked at the dark sea water, the icy suffocation enveloped her for a moment, and she couldn't breathe. Come.

The memories of the past seemed to be too painful, not knowing whether it was sea water or something else, she was gasping for breath, her face pale and ugly.

The sea was still calm, not even the waves.

She was really anxious and looked around. The nearest small sailboats were also dozens of meters away. I didn't know if it was too late...

She ran to the side and shouted loudly towards the boats over there:

"Help him..." "Help me..." "Help

him

, he's dying..."

Five minutes passed...

She His voice was hoarse, but there was no movement on the boat on the opposite side, as if no one heard it at all.

Su Nan's eyes were red, she couldn't help but bow down, tears welling up in her eyes.

He was going to die, just like she was going to die?

As time passed by, Su Nan became more and more panicked, and the cold sweat on his palms kept coming out...

Even if he didn't drown, would he be eaten by fish?

I don't even have a phone to contact me. No, the speedboat should be able to call the police.

She pursed her lips and her face became extremely ugly.

Su Nan struggled for a while, stood firm, and walked to the alarm button, which she pressed without hesitation.

But all of a sudden, I heard people in the sea suddenly "puchi-", water splashed, and someone got out.

Su Nan hurried over and watched Qin Ming, who was wearing a diving suit, drag a box on the speedboat with difficulty. It seemed that the box was heavy.

She went to help without saying a word. The box looked like a few dozen pounds. No wonder it was difficult to drag.

Qin Ming climbed up exhausted, lay on the boat panting heavily, took off his mask, and sighed.

“Miss Su Nan, this is a weight that can only be lifted by two people. You have to go back and learn to swim.”

Su Nan’s eyes were slightly red, and he nodded quickly, his voice hoarse.

“Are you alright?”

Qin Ming coughed twice, then paused for a while, “It’s alright, I’m a professional explorer, drowning is too ridiculous, right?”

Su Nan pursed his lips and spoke softly.

“But those who drowned can swim.”

Her eyes were red and her voice was wrong, Qin Ming gave her a strange look.

While groping in the sea, I couldn’t hear anything and didn’t know what was going on ashore.

But she lowered her head to hide her emotions, and very naturally handed him towels and water...

After a while, they opened the box.

It is a set of parasailing.

“Have you played?” he asked.

Su Nan shook his head.

Qin Ming pursed his lips, “It’s very simple, I’ll play with you.”

Su Nan nodded, since they were going through the barrier together, except swimming was a hard injury, the others would have to take the risk.

Qin Ming took out the rope connecting the parasol to the speedboat. He tied the rope to the speedboat, tying the knot neatly, and tied the other end firmly to himself and Su Nan.

Su Nan jumped over the parachute before, thinking that it should be similar, so he was not too afraid, but looked forward to it.

They set the speedboat to autopilot mode, the speed soared in an instant, and it rushed out at sea...

...

Chapter 323 The lame is not a leg

Chapter Three Hundred and Twenty-Three It's Not A Leg That Is Lame In

an instant, Su Nan suddenly felt that her body was being restrained out of control. Her face turned pale in an instant, and before she could react, she had already reached an altitude of tens of meters above the sea. .

She screamed loudly, but she was soon submerged in the salty sea breeze, and her heart was about to jump out of her body!

It seems that their body is out of control, the speed is extremely fast, and the wind blows. The parasailing above the head quickly supports the skeleton, and it is full of tension. They follow the speedboat and slide against the wind. But I feel...very cool!

Su Nan has never felt this way before. At that moment, he felt that his life was so small and fragile, but it was incomparably vigorous and powerful.

Challenge the limits of life, it turns out to be really addicting!

Qin Ming stabilized himself, and went over to pull Su Nan's shoulders to help her fix the position and direction of her body.

Su Nan gasped heavily, and the surprise in his eyes was about to overflow.

"This is too cool!"

Qin Ming followed with a smile, not forgetting his mission, and pointed to the small sailboat not far away.

Su Nan went over and carefully identified the fonts that the small sailboats grouped together.

"H TV."

Su Nan scolded secretly, what kind of feelings do you have for a relationship that can't be dealt with?

Could it be that this TV station bought the copyright of this variety show?

Qin Ming was obviously a little surprised, but fortunately he already knew the answer.

When they returned to the speedboat, Su Nan's heartbeat was still very fast, but since they already knew the answer, they did not hesitate and started the journey back.

It seems that the answer has been found smoothly, but the online barrage has exploded!

"Su Nan is crying in a hurry..."

"Su Nan looks really anxious, I'm almost crying watching it here!"

"Unfortunately Qin Ming doesn't know anything, let him go back and watch the replay..."

... After waiting at

the original gathering place for a long time, Fu Yanni and Yu Fei arrived late with Fang Mengqi.

Yu Fei supported Fang Mengqi and limped along.

Fu Yanni's face was dark and ugly, and he strode forward without concealing his displeasure at all.

The staff on the side were also cautious not to speak too much.

Su Nan looked a little strange. After all, Fu Yanni's character rarely gets angry with others, right?

The director, who had been waiting for a long time, held a loudspeaker aside, and loudly made a summary before the ending.

Su Nan and the others stood together and clapped their hands for face, and did not ask Fu Yanni what happened to them?

Until everyone got into the car and drove to H TV station for the final interview.

There is no live broadcast in the car, so I am much more comfortable.

Demi prepared food and drinks for Su Nan. Before Su Nan could take a sip, the car door was opened and Fu Yanni got in.

He took the coffee from Demi's hand and poured it in.

Su Nan pursed her lips, "I didn't expect you to come back so much later than us?"

Fu Yan's face was ashen, "Why did you choose a woman like Fang Mengqi in the first place, it's fine if you don't have any common sense, don't say anything if you drag us down.

You You know, Yu Fei and I worked tirelessly to carry her up the mountain and back down, but I found out that her lame legs were not the same leg, she pretended to be all the way!"

Su Nan couldn't help laughing. She never dreamed of this result!

Fu Yan gritted his teeth angrily, and ate all the snacks Demi prepared for Su Nan.

Su Nan didn't mind either. She was still gloating about misfortune. Fortunately, Fang Mengqi was not chosen in the second round. Fortunately, she changed teammates in time!

.....

...

Chapter 324 He was dumped

Chapter 324 He was dumped,

and netizens on the Internet were very keen to find out about this, and they quarreled as if they were fried:

"Fang Mengqi's injury was faked, and when she was with Su Nan, she was on her right foot. With Yu Fei on the left foot, and Qin Ming on the right foot, is it too lame and tired?"

"Did Fang Mengqi get the script of the White Lotus? It's really going to add drama to herself!"

"This is an adventure Hey, she didn't participate in the show at all, and she also implicated others. I finally understand why Su Nan changed teammates so simply after the first game ended..."

"I thought that Mr. Su had a bad temper with the opponent's green tea. I apologize."

...

After the end, when I got home, it was already dark.

Demi and the driver took her back to Su's house. Su Qi looked at her dirty and dozing in the car, and silently carried her in, and asked the servant to give her a simple cleaning.

For several days, Su Nan was lying at home, and the housekeeper uncle tried every means to prepare food for her.

Su Nan spent a few days with clothes and food, and she really felt that life was too interesting.

As soon as the live broadcast ended, Fang Mengqi became a hot topic of conversation.

Netizens affectionately gave her a nickname: Fang lame.

There was no one who didn't laugh at her on the Internet. Fang Mengqi didn't even dare to leave the door during that time.

Unconsciously, Fu Yanni's variety show was already online, and once it was launched, the response was great.

In order to avoid any messy sunspots, the program team also cut some ambiguous words, and did not use Fang Mengqi's accident to bring up the topic.

In just 20 minutes, there were only countless thrills and excitements, without any gossip and calculations.

Even Fang Mengqi's sprained foot became a focus of everyone's solidarity and help.

Seeing the end, Su Nan felt that his blood was boiling, and there was a feeling that this trip was worth it!

It's totally different from live streaming!

The editor is amazing!

And this time at the end of the final interview, the host asked, why did it create a precedent for domestic adventure sports variety shows, and what was the original intention?

Fu Yanni pondered for a moment, those always bright eyes flashed brightly, and said loudly:

"For the sake of dreams and beliefs, the adventure itself is not to give up life to experience danger, but to let life explore miracles and find out. The greatest sense of security." It

was Qin Ming's turn: "In order to let my deceased girlfriend see how wonderful this world is."

After the silence, there was a burst of warm applause, which lasted for a long time...  
Once the

variety show was broadcast, The popularity of everyone's attention has been occupying the hot search.

"Some people are for life, some are for dreams, at least this variety show is someone who is realizing his dreams! I

have to say, the people here are too good..."

"Our goddess Su Nan, It's so cute when you bite the bullet and skydive..."

"Fu Shao and Qin Ming are amazing, these two male gods should debut together..."

"Qin Ming and Su Nan are really a match. Face, Su Nan even cried for him, especially when the two of them were parasailing, they were a perfect match!"

"The show team is not lame at all, is it too conscientious?"

"Qin Ming's experience is too much. It's touching, three minutes, I want to know his story!"

...

Everyone's comments focused on the protagonists, but everyone focused on the interaction between Su Nan and Qin Ming.

Their activities looked particularly interesting, especially when Qin Ming went to sea and Su Nan cried out for help, the anxious look on her face was not fake at all.

Su Nan glanced at the comments, thought about it, and called Fu Yanni directly.

"Everyone has begun to pay attention to Qin Ming's deceased girlfriend. Isn't that rubbing salt on his wound?"

...

Chapter 325 with a face

Chapter Three Hundred and Twenty-Five

Fu Yan Ni chuckled lightly.

“He was dumped by others, and he was murdered to ruin his family. He turned around and found a wealthy businessman. He said that because he was angry.”

Su Nan: “...” He

is a ruthless person!

Fu Group.

In the conference room, the people inside listened tremblingly to the reports of the major departments, for fear that Mr. Fu would be dissatisfied and be warned.

There was a cold air in the room, and the air pressure was extremely low.

It was the turn of Yang Heng, the head of the investment department.

He was just promoted, and he didn't have any achievements in his hands. If he wanted to secure this position, he had to be valued by President Fu.

He coughed, inexplicably filled with excitement, and he spoke confidently.

“Mr. Fu, our investment department is currently researching variety shows in the entertainment industry. Although variety shows are very mature in the market, if we dare to innovate and create new styles, we will definitely win the hearts of the audience.”

Fu Yechuan frowned slightly . eyebrows, expression indifferent.

“Then what type did you innovate?”

Yang Heng smiled, immediately plugged a USB flash drive into the computer, and turned on the big screen.

“This is also the inspiration given by your nephew, Mr. Fu. It is indeed your nephew. This show has been very popular recently. Your nephew is handsome, smart and brave. Many girls must like it... .”

With that, Yang Heng clicked on the variety show, and it happened that the scene of Su Nan and Qin Ming on the paraglider happened: the

speedboat quickly rowed across the sea, driving the parasol to rise, and when the two reached the air, Qin Ming hugged him. Su Nan stabilized his body.

At this time, the drone also gave them a close-up, Su Nan's smile was bright and pure.

And the barrage above kept flashing:

“It’s a good match, this dog food is too sweet!”

“Su Nan and Qin Ming match each other!”

“I’m knocking this CP!”

...

“Mr. Fu, our company can also create such a program, or simply buy the copyright...”  
The

meeting room was so quiet.

There was a heavy air pressure and chill all around.

Only Yang Heng praised Fu Yanni and the show passionately, and could not wait to praise a flower...

He thinks that Fu Yanni is Fu Yechuan’s nephew, they are a family, if you flatter Fu Yanni, you can please him Fu Yechuan, do you leave a good impression?

Fu Yechuan stared at the computer screen, his face became more and more cold, his eyebrows furrowed more and more deeply, and the air pressure around his body was extremely low.

He almost endured his anger and watched a video clip on the screen.

Why do netizens say that Qin Ming and Su Nan match each other?

Where is it matched?

Are you all blind?

Standing aside, Chen Mian was almost shocked by Yang Heng’s surging passion, especially when the video came out, his complexion was complicated, he hesitated to speak, and looked carefully at Fu Yechuan’s face.

Sure enough, it doesn’t look good!

Looking at Yang Heng again, I feel pity for him. He has only been in this position for a few days, and he will be in danger!

Yang Heng finally finished his words and looked at Fu Yechuan excitedly. He should not hesitate to spend money on his nephew!

He feels very good about himself, and his eyes are so vicious!

The meeting room was quiet and the atmosphere was condensed.

Fu Yechuan's eyes turned to Yang Heng, and the cold ice balls could come out. In those few seconds, Yang Heng's smile gradually subsided, and he looked at Chen Mian next to him inexplicably.

Chen Mian gave him a sympathetic look.

He panicked!

Before he could say anything to remedy it, Fu Yechuan had already stood up, turned around and left.

"Let's break up..."

## **Read Divorce Billionaire Heiress Chinese Language Chapter 326-330**

Chapter 326 He wanted to experience

Chen Mian himself and followed, so he entered the office bravely, and was stared at by Fu Yechuan's cold eyes, his scalp tingling.

"President Fu..."

"Is this the result of your treatment?"

Fu Yechuan's voice was condensed magnetically, without any warmth.

Chen Mian explained with a guilty conscience.

"Mr. Fu, Master Fu's program, not only did the Su family get in touch with him, but the old man of the Fu family also greeted him, so..."

Fu Yechuan's eyes were dark and deep.

"If that's the case, then Mr. Fu will be the only investor, understand?"

Chen Mian responded immediately, "Understood, this can definitely be done."

"Since I want to invest, I will personally do the next program. Go investigate and experience it."

Fu Yechuan said in a cold and calm tone, taking a sip of the coffee beside him.

Chen Mian nodded, then raised his head in shock.

He took the fastest time to digest this fact.

“Yes, you will appear as a mysterious guest. I believe it will definitely bring more popularity to the variety show invested by our Fu family.”

Fu Yechuan nodded with satisfaction, “Go out.”

Chen Mian breathed a sigh of relief and just left Go out, go back again.

A solemn voice.

“Mr. Fu, the old man is here.”

Fu Yechuan frowned slightly, said nothing, and nodded to show that he understood.

As soon as Mr. Fu came, he sat on the sofa with Qu Qing standing aside, looking a little unwilling.

“Father, Mom, why are you here?”

Qu Qing looked at her son complainingly.

“It’s been a few days. Your sister isn’t here, your dad is on a business trip, and you haven’t returned to the old house. Can’t we come and see you?”

Mr. Fu coughed and pursed his lips.

“Get ready for the evening. I’ll invite the people from the Su family to have dinner together.”

Fu Yechuan frowned, “With the people from the Su family?”

Mr. Fu’s decision was too sudden, and Qu Qing didn’t expect it. dissatisfied.

“Why do you want to eat with their family? Su Nan is surrounded by several little white faces. I have sent the photos to Ye Chuan...”

Fu Yechuan’s expression changed, “Mom...”

Fu The old man glanced at Qu Qing.

Qu Qing shyly restrained her excitement, she clenched her teeth, extremely unwilling.

Mr. Fu took a deep breath and spoke hoarsely.

“Ye Chuan, the matter between you and Su Nan must have a result. She had an accident before, and you risked offending those pirates. I know you have her in your heart, but it is not certain whether she has you in her heart.

Now our Fu family The cargo ships going and going have been damaged in half, but the Su family is also on the same line with our Fu family in business. If the two families can be repaired and you stay together, it will be the best result.”

Fu . The old man is a shrewd person, and he will never make a loss-making business.

He knew that Fu Yechuan had Su Nan in his heart, and with Su Nan’s family background, their Fu family could even give in and bow their heads. The marriage between the two families would always bring more benefits than if one family was dominant.

After all, Su Nan hated them, and Fu Jiali was at a loss.

Fu Yechuan pondered for a moment, then responded.

Although he may know that it will not be so smooth, he has not seen her for a long time.

Qu Qing was ignored by the side, and she almost stomped her feet in dissatisfaction.

“Old man, how can Su Nan marry into the Fu family again?

Her private life is too chaotic now. Who doesn’t know that she is flirting around everywhere on the Internet. Our Fu family wants such a daughter-in-law, and they are going to be ridiculed!”

“Shut up ! !”

Old Master Fu reprimanded, his face terribly ugly.

“The daughter of the Su family, is it your turn to pick?”

...

Chapter 327 You don’t have to participate

Chapter Three Hundred and Twenty Seven You Don’t Have to Participate in

Qu Qing being scolded by Mr. Fu and froze in place.

She had no status in the first place. Ever since she and Fu Yingying destroyed Mr. Fu’s pipe, she has been in the Fu’s house with trepidation.

Fu Yingying didn't know where she was sent, and she didn't even have anyone to speak to.

Now being scolded by Mr. Fu, Fu Yechuan stood by without saying a word, watching from the sidelines, making her even more uncomfortable.

The disgust for Su Nan also deepened.

Fu Yechuan paused and instructed Chen Mian beside him.

“Send Madam back to the old house, you don't have to attend the dinner at night.”

Qu Qing was completely frozen there.

Mr. Fu also nodded, “Alright, don't lose this chance to

reconcile with the Su family.” They didn't care about Qu Qing's thoughts at all.

Qu Qing was driven away by Fu Yechuan, and her face was very ugly when she left.

The dinner in the evening was set in a private villa restaurant, and there was no one else besides them.

Su Yifeng attended with Su Jin and Su Nan. When they arrived, Mr. Fu and Fu Yechuan had just arrived.

This occasion is not very formal, so Su Nan also chose a smog blue long skirt and matched it with ManoloBlahnik's high heels. The aura is cool and elegant, but with a touch of gentleness and liveliness.

Su Yifeng and Mr. Fu exchanged greetings with each other. No one mentioned any personal matters. Most of them were cooperation in the company. Under the peaceful atmosphere, they always felt very different.

Sitting there, she could feel the gaze across from her on her from time to time.

Very annoying!

When that gaze fell on her again, Su Nan couldn't help it, raised her head suddenly, and glared back fiercely.

Seeing that Fu Yechuan was stunned for a moment, then he smiled gently at her.

Su Nan gritted his teeth and looked away, in front of the elders, what are you pretending to be?

She didn't intend to come, but Su Yifeng brought up Fu Yechuan's rescue of her.

Seeing that Su Yifeng was almost done, he gave Su Nan a wink.

“Actually, Xiao Si and I are very grateful for the Fu family's ability to save people. In addition to our cooperation in business, Xiao Si also specially prepared a gift for Chairman Fu...”

Su Nan smiled. He took a box out of his bag and handed it over.

“Chairman Fu, I got this from a private collector in country F. This pipe is from the same master as your original one. The one from the

museum, I heard that you visit often, and I know you I'm so sorry, in order to express my heart, I'll give this to you.”

The corner of Mr. Fu's mouth twitched, he often went to the museum to see his pipe, does she know that?

It sounded like he was mocking him.

But as soon as the box was opened, Mr. Fu's face immediately froze, and his eyes narrowed slightly.

Not to mention it is exactly the same, it is even better than the one in the museum. At first glance, it is very beautifully kept and a treasure of great value. Without ten digits, it is absolutely impossible to get it.

And even if someone can afford it, they may not be willing to sell it.

Now it can only be seen in the hands of private collectors.

Didn't expect to be bought back by the Su family?

Mr. Fu approached excitedly and wanted to touch it in person, but he was worried that the sweat on his hands would corrode this treasure.

However, his eyes dimmed immediately.

The Su family bought it at a high price and gave it to him, just to repay Fu Yechuan's life-saving grace.

They kept silent about the marriage.

Giving this pipe out just proves that Su Yifeng doesn't care about money and will not use this relationship to wrong his daughter.

Mr. Fu's shrewdness could see through Su Yifeng's meaning in an instant.

He looked at Fu Yechuan with a slight smile, and he seemed to understand what Su Yifeng meant.

Fu Yechuan's face darkened slightly, a faint chill shrouded his body, and he looked straight at Su Nan.

He bowed his head to eat food and did not participate in their conversation at all.

...

Chapter 328 Normal Communication

Chapter Three Hundred and Twenty Eighth Chapter Normal Contact

Mr. Fu smiled, "Actually, I wronged Su Nan before. If there is a chance, we will still make up for her."

Su Yifeng waved his hand, "It's all children who are ignorant, and the past is all about it. It's over, Su Nan doesn't care anymore, we don't have to take it to heart, it's just normal communication."

"I don't understand..."

Fu Yechuan repeated it in a low voice, his dull eyes flickered slightly, and then he hooked his lips. Horn.

"Yeah, we'll be dating in the future."

He looked up at Su Nan and smiled meaningfully.

Aware of the scorching gaze on the opposite side, Su Nan glanced subconsciously, and saw that Fu Yechuan had been staring at him, his eyes were full of a gentle smile.

What is he laughing at?

Su Nan choked, and instantly lost his appetite.

She put down the chopsticks in her hand and rolled her eyes at him.

Who knew that the man opposite was not only not angry, but his smile deepened.

Fu Yechuan saw that she was in a hurry, and she couldn't be scolded directly, and suddenly felt that the woman in front of her was very cute, and she was so beautiful even when she rolled her eyes. Why didn't he find it before?

Su Yifeng and Mr. Fu had a lively chat, and Su Jin glanced at his sister and Fu Yechuan.

Their eye contact, this atmosphere, is actually developing in an uncontrollable direction?

“By the way, Mr. Fu, I heard that the Fu family’s ship at sea has been damaged a lot. If necessary, the Su family’s ship can help transport it.”

Su Jin smiled, and changed the topic appropriately, and put Fu Yechuan on the side. the attention of the past.

Su Nan was about to breathe a sigh of relief when Fu Yechuan said “Okay” and started smiling at her again.

Su Nan’s expression is a little impatient, is there any more?

Don’t know what trick he’s playing?

She immediately looked at Su Yifeng, “Dad, I suddenly remembered that I made an appointment with Qin Yu before, and I have to go there.”

Anyway, everything that should be said has been said, and the rest of the scene is irrelevant.

Su Yifeng nodded, “Okay, let’s go.”

Su Nan smiled, “Goodbye Dad, goodbye Chairman Fu.”

After she finished speaking, she took her things, raised her feet, and walked out.

But before he walked far, Fu Yechuan followed.

“Su Nan...”

Su Nan looked back at him impatiently, when did Fu Yechuan become so clingy?

Did you take the wrong medicine?

“Mr. Fu, do you have anything else to do?”

Her voice was extremely indifferent, don’t think that after a meal, their relationship will be close.

That meal was just eaten for the people on the scene.

Fu Yechuan looked at her cold eyes and was slightly startled. He approached her step by step, trying his best to restrain his emotions and be gentle and calm.

His eyes stared at her darkly and deeply, and the coldness on his body was faintly pressing.

“Your father just said, let’s communicate normally, you have to be obedient.”

His voice was cold and restrained.

Su Nan looked at him inexplicably, and frowned, “He didn’t mean what you said…”

“What did I mean?”

Fu Yechuan hooked his lips.

Su Nan choked, “Who knows what you mean?”

As soon as she finished speaking, the palm of her hand holding the phone was suddenly empty, and in the blink of an eye, the phone was already in Fu Yechuan’s hand.

Just looking at Fu Yechuan’s clear phalanx, beautiful and slender fingers, she clicked on the screen of her mobile phone, and pulled his mobile phone number out of the blacklist.

“You can’t block me at will in the future, or I’ll go to your father and complain.”

Su Nan was taken aback!

How could he say such a rogue thing so righteously?

Su Yifeng clearly meant to keep him at a distance!

Su Nan is really going crazy, is there something wrong with this dog man’s comprehension ability?

...

Chapter 329 They are the same person

Chapter 329 They are the same person

. Su Nan took the mobile phone, glanced down, and was instantly speechless.

Fu Yechuan even wrote a note to himself: Savior!

His face is really thick!

Is it embarrassing for her to delete it?

Su Nan bit her lower lip, not wanting to say any more, she turned around and left.

Fu Yechuan followed unhurriedly, as if he was walking on her shadow. If she was faster, he would be faster, and if she was slower, he would be slower.

At the door, Fu Yechuan suddenly spoke behind her.

“Su Nan, shall I teach you to swim?”

He still remembered that after the crash, he couldn't find her in the vast sea, and Su Qi said that she couldn't swim.

On that variety show, Su Nan watched Qin Ming jump for too long. The panic and fear seemed not to be caused by Qin Ming, but because of the fear in her heart.

Su Nan, who has always refused to admit defeat, why can't swim?

He wanted to teach her so that she would be less of a danger.

But when Su Nan heard his words, his body stiffened.

With his back facing his figure, he shook inaudibly, and the blood on his face faded.

Su Nan suddenly realized that even if it had been a long time, the suffocating feeling of being pressed and burying your head in the water would still accompany you like a shadow.

There was a little more heavy depression in the air.

Su Nan turned to look at her, the corners of her lips curled up, and there was a cold temperature in her apricot eyes, and she was enveloped in a chill.

Fu Yechuan didn't understand why Su Nan's face suddenly became so ugly?

“Mr. Fu, it's annoying to meddle in your own business.”

Fu Yechuan's brows did not move, he stepped forward and looked down at her.

“Really? Why don't you want to learn? Give me a reason?” The

man's eyes were dark and dark, reflecting the countless exquisite and beautiful landscape lights at the door, as if reflecting the galaxy.

Su Nan gritted his teeth and his face was pale, but the chill in his eyes was too obvious.

Fu Yechuan seemed to realize that this question was her taboo, but he wanted to know even more, why?

Su Nan sneered at the moment when his whole body stiffened.

Her eyes flickered, and she spoke in a self-deprecating manner.

“Mr. Fu, have you forgotten? Three years ago, you took me out of the swimming pool, and I only offered to donate blood to get married. Why should I learn to swim and plan to drown again?”

Fu Yechuan’s reaction was obviously shocked. The surprise in his eyes is disappointing.

Looking at his eyes, Su Nan’s smile suddenly widened, and the light in his eyes gradually disappeared.

“So you forgot, you didn’t know you saved me?”

He didn’t know that the person he fished out of the swimming pool was the same person who proposed marriage later.

Fu Yechuan’s face was pale and his body was stiff.

He only remembered that Su Nan ran out of nowhere and said that if he got married, he could donate blood, and his life was at stake. He agreed.

But in an instant, he recalled the scene three years ago, when a mysterious person informed him that he was delayed by something to go to the private swimming pool, and he was 20 minutes late.

As a result, I saw a woman floating on the water, dead.

He rescued the person without saying a word. After a simple first aid, he was sent to the hospital. He had no time to care about the follow-up, nor did he pay any attention to what this woman looked like.

He didn’t even know that Su Nan was the one who almost died in the water.

Fu Yechuan stood there, his black eyes were cold, and even his heart couldn’t help trembling.

He stared at Su Nan’s face, like a slap in the face.

The emotions in his chest were complicated and shocking, as if countless thin lines were tightening his heart, and he didn't even dare to breathe hard.

Countless questions flashed through her mind: How did she go through that? How could she almost drown?

Why does all this happen?

But Su Nan just smiled casually, her voice hoarse and low.

“Forget it, it's all over, how boring is it to always talk about the past?”

...

Chapter three hundred and thirty that is revenge

Chapter 330 It was revenge

on Fu Yechuan three years ago, only Qiao Wanrou was in his eyes.

How could he care about what the people he saved casually looked like?

He didn't care at all.

Therefore, Su Nan can't swim because he almost drowned!

Fu Yechuan's expression was complicated. In those deep and dark eyes, there was like a cloud of ink that could not be melted, with a fatal depression that was depressing.

“I'm sorry...”

His unutterable words could only be turned into such simple three words!

Su Nan thought it was funny and laughed.

“You should be sorry, because you never thought that after they brought you back from the black boxing gym, they will take revenge. They took revenge on me?”

One sentence, like a thunderbolt from the blue, made Fu Yechuan's face instantly ugly to the extreme!

He stared at her sternly, and grabbed her arm excitedly.

“What did you say?”

Surprised?

Su Nan was puzzled, she smiled and looked casual.

Now that we've said this, let's make it clear.

What is life-saving or not, the relationship between them, I don't know who owes whom more...

"Mr. Fu, three years ago, I was able to swim because I was pressed my head against the water in the pool. Is this reason enough?"

She said lightly, and she could wipe away the suffocating darkness in the past.

Everything was her own choice, and she never regretted being retaliated against for saving Fu Yechuan.

If you change it before, you may not be reconciled.

But today, everything has passed, and she has also let go of her obsessive liking for a person, so it doesn't matter anymore.

Fu Yechuan's face was gloomy as if he was about to drip water, his pupils were full of shock, and then a huge anger rose up, the hatred was overwhelming!

He always thought that he didn't stay in the army and those people couldn't find him.

But they didn't expect that they found Su Nan. They thought they killed Su Nan before they were willing to give up!

Put your head in the water?

He didn't even dare to recall how shocked he was when he saw that scene three years ago.

Maybe one second later, she will not

be able to save... If... he can ask more questions and pay more attention, will everything be different?

It turned out that Su Nan bore everything for him when he didn't know it!

And he is still unhappy about his forced marriage?

Fu Yechuan's eyes were filled with huge annoyance and anger. Looking at Su Nan's eyes, he was full of distress at the moment.

The night was dark and the surroundings were quiet.

A gust of cold wind blew, Su Nan was afraid of the cold and didn't want to stay any longer.

After Su Nan finished speaking, she turned around and wanted to leave this depressing place.

Know what?

Nothing will change!

If he feels a little guilty, he should get away and never bother her again!

But before she took a step, the person behind her pulled her tightly, pressing her back against a warm chest, instantly enveloped by a light coolness.

That unfamiliar yet familiar feeling immediately wrapped her.

Su Nan was slightly startled, and Fu Yechuan spoke behind her, his voice gloomy and hoarse.

“Su Nan, I will definitely find the person, definitely!”

He wants to find out and kill the person!

Su Nan frowned, and immediately broke away from his hands, his voice had no warmth.

“It doesn't matter, it's all over anyway.”

After that, the driver of the Su family and Fu Yechuan's driver came over together.

Just as Su Nan was about to get into the car, Fu Yechuan grabbed her.

“Fu Yechuan...”
