Chapter 36 Affectionate Kiss

Chapter 36 Affectionate Kiss

This couple's restaurant opened upstairs in Lu Qi's restaurant. It was very hot. Lu Qi had to come in and experience it, and he took Fu Yechuan over to eat.

The waiter insisted again and again that this is a couple restaurant!

Lu Qi threw a wink, raised his orchid finger, and grabbed Fu Yechuan's arm, "Aren't we like a couple?"

"Young Master Fu, Old Lu, what a coincidence..."

A man and a woman happened to be walking towards him. Wei Cheng, the young master of the Wei family, looks like a son and a brother, but the woman is like a newly popular Internet celebrity, with a big face and big eyes, the same thing, and she is holding Wei Cheng's arm obediently.

Lu Qi snorted softly, "Why are you here?"

"Lily said it's good here, come and have a look, but isn't this a couple's restaurant?" Wei Xingxiang knew something, covering his mouth and holding back a smile.

The buddies who have played since childhood, don't have to shy away, Fu Yechuan snorted coldly and glared at Lu Qi.

Wei Cheng watched the excitement and saw Fu Yechuan's head. Of course, he would not leave easily. He sat directly with them. The female internet celebrity sat opposite Fu Yechuan. As soon as he looked up, he saw that angular face, suppressing the excitement in his heart. Looking at Wei Cheng's face, he didn't dare to say a word.

"Hey, Master Fu, isn't that a scheming girl?" Wei Cheng raised his chin to indicate.

The music was pleasant to the ears, but Cheng Yi dragged Su Nan to the dance floor, "Just a dance, come here, don't you want to experience the feeling of the dance floor?"

Before Su Nan could answer, the music had already started. Rejection here will only attract attention, forget it, just dance...

The music played cheerfully, the dance steps of the two people only paused for a moment, and they quickly got in tune. Gradually, the two people They became the focus

on the dance floor, and everyone around them stopped and looked at them, one handsome and evil, one beautiful and cold, and the flying skirt took away all eyes.

Cheng Yi's eyes flashed, and suddenly he saw a person in a corner, the rhythm just ended, and in an instant, he pulled the person into his arms, spun his steps, leaned back against the crowd, lowered his head and hugged the person in his arms, while everyone behind him looked at him. Come on, this is the two kissing affectionately.

Suddenly, there was warm applause in the arena.

Before Su Nan had a seizure, Cheng Yi smiled and pulled her out of the restaurant inside the corner.

Fu Yechuan didn't speak, his face was a little cold.

Lu Qi looked at the backs of the two and snorted coldly, "It's nothing more than that."

Although it was a professional level, Lu Qi would not admit that Su Nan was a good dancer.

"That is, this scheming girl hooked up with someone so quickly?" Wei Cheng sneered.

Hearing this, Fu Yechuan glanced at Wei Cheng gloomily, "scheming girl? That's what you call her behind your back?"

"Otherwise? Didn't she do everything possible to marry you for money? Brothers all know that you divorced us. I'm happy for you, I don't need to worry about that yellow-faced woman..."

Wei Cheng thought about it, but didn't notice that Fu Yechuan's face was getting more and more ugly, and then he took the memory as a joke:

"Remember that you just When we got married, we drank together, and you went to the bathroom. She even called to check the post in the middle of the night. I received the call. At that time, I warned her to let her recognize her identity. Seeing that I can marry you is already a step up to the sky..." The

cup was placed heavily on the table, and the surroundings were lively and laughing. Only the atmosphere of this table was as cold as winter.

Lu Qi was slightly surprised, Fu Yechuan's expression was obviously angry!

Because of that woman?

Wei Cheng didn't know what he said wrong. As we all know, Fu Yechuan was forced to marry her.

The little internet celebrity was even more frightened. He thought he could catch up with someone stronger, but he didn't even say a word.

"Master Fu..." Wei Cheng glanced at Lu Qi and asked for help.

Just as Lu Qi was about to speak, Fu Yechuan sneered, "Wei Cheng, why don't you just come to the Fu family's house."

Chapter 37 Meeting at the Banquet

Chapter 37

After the banquet was over, Fu Yechuan stood up and left, leaving behind Wei Cheng who was pale.

Lu Qi hurried to catch up, it must be related to Su Nan, this woman is really troublesome, he clicked his tongue, "Why do you look so ugly? They are all brothers, you know Wei Cheng is outspoken, don't take it to heart if you are wrong."

Fu Yechuan also knew that he was overreacting, he didn't expect that he couldn't control his emotions, but at first he knew the things that he should have known but were kept in the dark, Su Nan hated him so much, is there a reason for this?

Uncomfortably tight chest.

He was standing at the door, being blown by the cold wind, his mind was much clearer, he took out a cigarette and lit it, "I know, you go and tell him, it's not for him."

It's for himself!

Lu Qi breathed a sigh of relief, "It's easy to say, but you don't think about that woman, do you?"

Fu Yechuan gave him a sidelong glance, snorted coldly, and didn't bother to pay attention to his temptation, "Your restaurant is nothing compared to this, so I advise you to close down."

Lu Qi's face turned black, "What kind of brother is this!"

...

The Juli Group's anniversary celebration is full of celebrities, businessmen, politicians, and people who are either rich or not. expensive.

Su Nan has learned that the Juli Group was founded not long ago, and its background is not deep, but it is not easy to achieve such a scale and fame in just a few years.

The core of the group is "technology and intelligence and life" as the company's research and development purpose, and the core technology mastered has been beyond the reach of many countries.

If it can win the artificial intelligence project, then the Su Group can open up a new field in this direction.

Therefore, Su Nan came prepared this time.

Everyone was chatting in the hall, and suddenly there was a burst of exclamations. Everyone heard the sound and looked, and there was a man and a woman standing at the entrance of the banquet hall!

The man they knew was Su Jin from the Su Group. His methods were stern and resolute, making people fearful.

And the one next to him, with delicate makeup, stunning facial features, long curly hair pinned behind, hidden extravagance under his gentle appearance.

She was wearing a hand-made custom dress inlaid with silver rhinestones, with a thin waist and no grip. Just standing under the light, she was already shining, with a halo of her own. She was elegant, with extraordinary bearing, which was amazing.

Some people also recognized that this is not Fu Yechuan's ex-wife?

It's really blinding to see such a wife who is divorced...

Everyone came up to say hello, "Mr. Su, today's female companion is really beautiful..."

"Mr. Su, welcome..."

Su

Jin's smile didn't reach his eyes, he raised his glass to signal to everyone, "This is Su Nan, the vice president of my Su Group, please take care of you."

"Vice President Su You must have outstanding abilities to stay in the Su family..."

"It's amazing, Vice President Su will take care of us in the future..."

“If there is a chance, we must cooperate... ..”

Su

Nan kept a decent and elegant smile and responded one by one, Su Jin saw that she was almost done, patted her wrist, lowered his head and reminded her softly in her ear: “Lin from Juli Group It’s always upstairs, let’s go up!”

This is the purpose of this trip, Su Nan nodded lightly, the slender swan neck is fair and beautiful, and every move is amazing.

Not far away, Fu Yingying and a few little sisters watched Su Nan accept everyone’s compliments. Their faces were splendid. Their carefully selected dresses were overshadowed by Su Nan’s diamond starry sky dress, which took away everything human eyes.

Especially Fu Yingying, she was shocked and angry. The dress on Su Nan was the one she had seen half a month ago. It was a Louisvuitton custom-made dress. The diamonds on it were all real diamonds from the same series of famous jewelry brands. The value is close to nine figures, and even the styles are only displayed in public by the upper class ladies!

She asked someone to rent it, but was told that someone had already ordered it and would not do the same.

Because that mysterious lady wants unique attention!

But I didn’t expect it to be worn on Su Nan’s body!

what happened?

When Su Nan was in the Fu family, she was ugly and ugly. She only knew how to do housework with her head down, and she didn’t dare to say a word. She was humble like a servant, but the woman in front of her was proud and confident, full of aura, like a new born!

If it wasn’t for the wrong occasion, she really wanted to go up and tell everyone that Su Nan was just an ugly and dirty woman who was abandoned by the Fu family, tear off her mask and let everyone see Su Nan’s unbearable and humble!

“What’s the matter? Yingying, is Su Nan really your sister-in-law? She’s not ugly either...”

“Yeah, she’s so pretty, have you seen it? Her skin is so beautiful. Bro, I don’t know where to do the maintenance...”

“Especially the man next to her is so handsome and considerate, I just saw that your brother also looked at her!”

... Fu Yingying lowered her eyelids quickly ,

suppressed the jealousy in her eyes, put the glass in her hand aside, and snorted coldly.

“A woman who has been kicked out of the house, what else can she do other than hook up with men? Eighty percent of the time, she wants to find a gold owner to take care of, so she can eat and drink her whole life...”

Chapter 38 Praise and Cooperation

Chapter 38 Praise and Cooperation

The little sisters looked at Fu Yingying’s expression and kept silent.

The second floor of the banquet hall was relatively quiet. Su Jin brought Su Nan forward, and a young man in a black shirt who looked rebellious and sat there stood up.

The two shook hands lightly and parted, Su Jin smiled, “President Lin, it’s been a long time.”

Ringo smiled, the corners of his lips were slightly raised, full of evil spirits, “Mr. Su, hello.

” Su Jin introduced that Ringo’s eyes moved to Su Nan, and he appreciated it with a decent sense of proportion, which would not offend anyone.

“Miss Su is not only beautiful, but also capable. I pushed our dinner party and invited Miss Su to this banquet. I hope Miss Su will not mind.”

Su Nan smiled, “Of course not, congratulations on the fifth anniversary of Juli Group’s establishment. , I hope that every year in the future, we can cooperate happily.”

She made a pun.

Ringo smiled, “Mr. Su, can I talk to Miss Su alone? After all, if there is a chance to cooperate, the person in charge of our company’s connection will be Su Nan.”

“Of course.” Su Jin was not surprised and encouraged with his eyes. Don’t worry Su Nan, he turned around and went downstairs to chat with others.

Standing in front of the railing on the second floor, Ringo and Su Nan stood opposite each other. Under the dazzling lights, handsome men and women were talking calmly.

“I want to know why Miss Su is so confident in this cooperation?”

Ringo held the wine glass and swayed the scarlet liquid in it casually.

Su Nan raised her eyebrows, a strand of curly hair around her ear was casually wrapped around her forehead, her eyebrows were sassy.

“Mr. Lin, the conditions I gave are very sincere, and I believe you have seen it. In front of many investors, there is no one more suitable than Su’s. To put it bluntly, you have technology and I have money.

The Su family does not expect the Juli Group to be profitable within five years. We are looking at long-term cooperation. I believe that in the next ten years, the level of technological development of artificial intelligence in the world will be determined by us.

“

Those who spend more money than the Su Group do not have more profits than Su Nan, and those who make more profits are not rich enough.

Ringo is not only a businessman, but also a technician. He has to find the most suitable partner for his efforts.

Su Nan The rhetoric made Ringo re-examine the woman in front of him, with less playfulness and more solemnity.

Ringo lowered his head and pondered, “Vice President Su, would you mind participating in the tripartite cooperation with other families? “

“Who else?” “

Su Nan doesn’t believe that there is a more suitable one than the Su Group.

Ringo raised the cup in his hand and gestured to Su Nan’s back. Hearing the sound of low footsteps approaching, Su Nan’s heart skipped a beat. Feeling that the venue was quiet in

an instant, she turned around with the glass in her hand, just one glance, and the smile stuck on her face!

Sure enough, there is no one else who can compete with the Su Group and strongly participate in this project, except Fu Yechuan. Fu Yechuan was dressed in

a black suit, and the expensive cuffs seemed familiar, which set off his coldness and indifference.

He kept his eyes on Su Nan for a few seconds, and then he calmly greeted Ringo.

Ringo His gaze looked between the two, "I don't need to introduce you, you should know each other very well, sorry, Miss Su, I didn't tell you in advance, no matter who our ultimate partner is, the Fu Group will participate in the project. Facing Su Nan's puzzled eyes, Ringo smiled, "

Because from the very beginning, Mr. Fu, as a funder, has been funding all my projects.

"

Chapter 39 It's Just a Dance

Chapter 39 A Dance That's it

.

It can be called a shareholder!

I just didn't expect that Fu Yechuan's eyes had already set his sights on the field of artificial intelligence.

If Ringo didn't say this, I'm afraid she wouldn't be able to find out. He said it, proving that he really wanted to cooperate with Su Nan.

Although she was unhappy with Fu Yechuan's participation, she had to be clear about her public and private interests, and she could not give up this opportunity.

Su Nan lowered her eyes and smiled, "With the capabilities of the Fu Group, we can fully enjoy the results of this cooperation. Why do we need a tripartite cooperation?"

She raised her eyebrows and squinted at Fu Yechuan.

"After all, it is a brand new field, no one is involved, and the Fu Group cannot take the risk alone." The

man's voice was low and cold, and the corner of his lips twitched, "Choosing the Juli Group, the Su Group will not be wrong, I hope the cooperation will be pleasant."

He The slender and beautiful hands raised the glass, and Ringo immediately met, and the two men were waiting for Su Nan.

There is no other choice, Su Nan can only smile coldly, hook his lips, raise his hand gently, the collision of the glass is crisp and sweet, and everything is settled.

I was unhappy, there was nothing I could do, and my chest felt unhappy as if it was a gamble.

Ringo seemed to be relieved, looking at the stiff atmosphere between the two, and wanted to relax.

“Why don’t you two dance the first dance? As the opening ceremony of the anniversary, I think this is undoubtedly the best way to announce our cooperation.”

Fu Yechuan frowned slightly, Su Nan smiled and stretched out his hand to brush the hair around his ear. After brushing behind

her, she smiled euphemistically, “Sorry, I can’t dance.” After speaking, she paused, stepped on her high heels, turned around and left, ignoring Fu Yechuan’s cold eyes.

Ringo shrugged, “It’s just a dance. She doesn’t want to. It seems that the future cooperation will not be too pleasant. Mr. Fu, you are the first to divorce such an unseemly wealthy family.”

Fu Yechuan’s face turned pale She sank slightly, looking at the back of her swaying skirt, her face became more and more ugly.

Can’t dance?

Oh, in Cheng Yi’s restaurant, is he blind?

But suddenly thinking of Wei Cheng’s words, his anger disappeared unconsciously, and his heart was a little awkward.

Maybe, I really owe Su Nan...

Even if it’s unpleasant, you must keep an elegant smile. When you go downstairs, Su Jin walks over gently, “Is it all right?”

Su Nan’s indifferent expression Leng, there is no joy in reaching cooperation, so Su Jin does not know why.

“Fu Yechuan is a shareholder, and Ringo asks the three parties to cooperate.”

Su Jin paused for a moment, and finally understood the reason for Su Nan’s indifference. He smiled and stroked her hair, loving and gentle, “It’s okay, the risks are shared, the benefits are shared. It’s more than the harm.”

Su Nan was stunned for a moment, raised his eyebrows, and suddenly realized that what Fu Yechuan was worried about was exactly what the Su Group was worried about.

After she figured it out, the stuffiness in her chest was swept away, she smiled and took Su Jin's arm, put her chin lightly on Su Jin's shoulder, and said coquettishly:
"Fortunately, eldest brother reminded me, otherwise I would be in my heart. I'm going to scold their ancestors."

Su Jin couldn't help laughing, in the eyes of others, such a warm scene was particularly dazzling.

Fu Yechuan stared upstairs for a few seconds. Seeing the two people standing close to each other, Lu Qi clicked his tongue and leaned forward.

"I heard that Su Jin is not close to women, why is he so obsessed with this woman? They must have a secret relationship!"

Fu Yechuan looked away lightly, his face was cold, and he ignored Lu Qi and went downstairs to meet people. Greetings.

The people in the banquet hall finally became lively, Ringo walked over and whispered a few words to the host, and the host stepped forward with the microphone.

"Dear guests, welcome to the anniversary celebration of Juli Group. In order to celebrate this unforgettable day, on behalf of President Lin, I announce that the latest project partners of Juli Group are Fu Group and Su Group. Now I have Fu Yechuan, President Fu, Let's start the celebration with Mr. Su Nansu and dance

together!" Everyone's cheers suddenly became warmer!

Chapter 40 Some kind of relationship

Chapter 40 Some kind of relationship

Su Nan was a little stunned when she heard her name. She didn't want to entangle with Fu Yechuan at all, but when the ducks were put on the shelves, the eyes of the people around them all focused on her.

The embarrassing relationship between the two people who are in the same frame again after their divorce has cast a kind of mystery on this coincidental cooperation.

Fu Yechuan didn't expect it, no doubt, this was Ringo's handwriting.

Su Nan was still struggling, but Fu Yechuan was already in front of him. He had a cold temperament all over his body. He bent down and stretched out his hand, inviting Su Nan to dance together.

The eyes of everyone around were focused on them.

Obviously, this invitation cannot be refused, and it cannot leave any negative impact on the beginning of the tripartite cooperation, which is very detrimental to the cooperation.

Su Jin looked at his sister distressedly, Su Nan smiled indifferently, and put his hand on Fu Yechuan's.

The people in front of them consciously made way for them. Su Nan lifted his skirt and walked forward without looking sideways. Fu Yechuan's palm was slightly cold. At that moment, he suddenly realized that after three years of marriage, he had never had a wedding. , he never seemed to take the initiative to hold her hand, this was the first time holding hands.

Just a glance, Su Nan's fingers are slender and beautiful, like works of art, warm and delicate, he remembered it in his heart at once.

The band began to play, the music sounded appropriately, and the whole banquet hall reverberated with a long and refreshing joyous song.

The moment Su Nan's hand rested on Fu Yechuan's shoulder, their eyes met in the air, Fu Yechuan's dark and deep eyes stared at her face, his hand fell on her slender waist, Su Nan's body stiffened. For a moment, I felt very uncomfortable.

The two of them have never been so close after three years of marriage, and it is really unexpected that this scene still exists after the divorce.

But in just a few seconds, Su Nan regained his indifference, with a hypocritical and indifferent smile on his face.

Familiar dance steps, no stage fright attitude, and generous humility completely caught the audience's attention, while the music in the center of the stage covered up the voices of the two.

"Can't dance, eh?" The man's voice was low and cold, as if it was coaxing.

Su Nan raised his eyebrows, "Separate people."

Straightforward and ruthless.

Fu Yechuan's eyes sank slightly, the movements of the two people came and went, the music changed abruptly, and the rhythm of the tune became cheerful.

“Why don’t I know, you still do business? Is it the idea of the Su Group or yours to cooperate with Ringo?”

Su Nan made a beautiful circle under him, and the two collided again.

“You don’t know there’s a lot going on, but I don’t need to tell you.” The corners of her mouth twitched slightly, with a hint of sarcasm.

After three years of marriage, he never thought about getting to know his wife, so after the divorce, is there any need to say more?

Three years, for him, were just a passerby of marriage.

But for Su Nan himself, it was an unforgettable lesson!

The light shrouded the two of them. Fu Yechuan was so handsome, and his handsomeness had already amazed all women, while Su Nan’s skirt fluttered gently with the dance steps. At this moment, if time freezes, you will know that the people present are suddenly suffocating their breath.

All eyes are on these two people, their movements are clearly coordinated so tacitly, but the two have no passion for interaction.

To be precise, it was Su Nan’s uncooperative idea, she just wanted to urge the song to be played quickly, and being so close to Fu Yechuan was really uncomfortable!

Fu Yechuan’s eyes were fixed on her face like thorns, and with a calm inquiry, the music turned, and the end was coming to an end.

His body leaned forward, Su Nan just took a step back and raised his head to cooperate, the slender neck like a swan was slender and delicate, but he didn’t think about it for a second, Fu Yechuan didn’t step back, but she straightened her back subconsciously with the music. .

The lips of the two touched so unexpectedly, one was soft and delicate, the other was cold and thin.

After the end note of the music is elongated, it ends instantly, as if to reflect the solidification of time at this moment...
