Chapter 371 You will scare her

Chapter

371 You'll Frighten Her Su Nan took it in surprise, surprised and delighted, it happened to be the dessert she liked to eat...

"Thank you, Mike, be careful on the road... .."

Little Mike waved his cute little paws, "Goodbye beautiful sister!"

Su Xiaohu ran over and wagged his little tail.

"Goodbye little Mike!"

...

gets into the car.

Little Mike raised his head proudly, "Pretty sister, is

n't she beautiful?" The maid couldn't help but nodded, "Pretty, she is prettier than those women who want to be close to your daddy, so you must have a sense of crisis!"

Little Mike flashed blue eyes and solemnly nodded his cute little head.

Of course there must be a sense of crisis!

The bearded bodyguard sat aggrievedly in front.

"I originally planned to go, but I didn't even see her..." The

maid rolled his eyes at him.

"You're going to scare the pretty sister!"

Little Mike nodded in agreement: "That's it!" The

ferocious-looking bodyguard huddled there even more aggrieved!

Little Mike thought for a while, frowned and thought, his delicate and beautiful face was a little confused.

“Gifts can’t be the same, we have to think about what to give next time!” The bearded bear lowered his head and pulled the “Thirty-six Strategies of Love” he bought, muttering:

“Then the gift is what I thought... ..”

Back to the hotel.

Little Mike wanted to go back to sleep lazily, but was picked up by Shang Qian.

“I heard that you didn’t hand in your homework to the teachers in country Y?”

His voice was uniquely cold.

Little Mike hugged his legs coquettishly, rubbing his little head against Daddy’s long legs.

“Daddy, I want to chase the pretty sister!”

“How did you chase it?”

“Buy a gift!”

Under Shang Qian’s gaze, he proudly said the gift he bought.

Especially when hearing about chrysanthemums and big gold bracelets.

Shang Qian smiled strangely, as if suppressing some emotion, the anger just now disappeared completely.

“Come on!”

He also patted little Mike’s furry little head lovingly.

In this way, Su Nan has not driven out little Mike, which shows that she is really a kind woman!

Just as he was about to turn around, little Mike pressed.

“Can I invite my pretty sister to your dinner?”

Dinner?

He frowned and suddenly realized that it should be the business dinner that he was going to hold.

There are no more than five people on his invitation list.

It can be seen how rigorous the consideration is.

“As you like.”

Shang Qian said indifferently.

If it was someone else, he wouldn't allow it, but she was the woman from three years ago.

That's another story!

This project has attracted worldwide attention. After all, it requires a lot of manpower and material resources, and even human connections.

Therefore, his every move is extremely secretive, and even his whereabouts are kept secret.

But there are too many capable people in the country, such as Fu Yechuan, who plays a pivotal role in the market.

It may also be one of his partners.

The conditions of the Su Group are comparable to those of the Fu Group, but they are not within his scope of consideration. The reason is that the housekeeper around him has mentioned the Su Group many times.

Shang Qian hated the people around him very much, and went beyond his identity to dictate the company's affairs.

If his housekeeper exceeded his bottom line, he wouldn't care if it was someone who had used it for more than ten years!

...

For several days, the invitation from the Su Group to Shang Qian was ignored.

Su Nan has been very irritable recently. She didn't want to accept Fu Yechuan's invitation to attend Shang Qian's business banquet as his female companion.

He appeared again and again, saying that he was willing to compete fairly with the Su family.

Shit!

If she can't even get an invitation, what competition is there to talk about?

...

Chapter 372 is super cute

Chapter 372 Super Cute

As soon as he walked out of the company's door, Su Nan saw little Mike leaning on the nanny's car and posing.

His delicate little face has attracted many people to stop and watch. His blue eyes are like a mountain spring, and his eyes are flickering, smart and cute.

If this grows up, I don't know how bad it will be for the country and the people!

As soon as he saw her, he ran over excitedly, hugged her thigh and rubbed his voice softly.

"Beautiful sister, I miss you so much..."

Su Nan smiled silently, her heart softened.

This little Mike who suddenly appeared in her life made her not feel disgusted at all, but had an inexplicable sense of intimacy.

"Little Mike, my sister misses you too..."

Su Nan squatted down to talk to him, and couldn't help touching his fluffy hair, it felt so good!

Little Mike carried a heavy box with no brand on it, and he handed it over.

"Beautiful sister, are you going to the party with me today?"

Su Nan looked at him in surprise, very puzzled.

"What party are you attending?"

"It's just a meal. Daddy said that I can invite my beautiful sister to come with me." "

Your dad is also there?"

, I always feel a little uncomfortable.

Little Mike nodded his head, stared at his big round eyes, and said with a smile:

“There are still many children. I want to introduce the beautiful sister to all my friends!”

Let everyone know that the beautiful sister is him alone of!

Su Nan hesitated for a moment. Anyway, there was nothing to do, and there was nothing to go there. It was probably just a party among the children.

What’s more, it was a kind invitation from little Mike.

“Okay, I’ll go back and change clothes.”

Little Mike pointed to the box in his hand in surprise:

“The clothes I chose for you, beautiful sister will definitely look like a fairy, although beautiful sister is already a fairy. , but it will definitely be more beautiful than a fairy!”

This is the evening dress he chose after careful selection for a long time, incorporating the opinions of the nanny and bodyguard!

Su Nan was surprised for a moment, but when the box was opened, it turned out to be a light-colored cheongsam!

But if you look closely, the needles and threads on the cheongsam are dense, and the thin threads inside seem to reflect light. If you turn it slightly to the side, you can see that the radiant light presents a different visual effect.

Although there is no brand logo, it looks like a privately-made famous handwriting.

Su Nan was amazed for a moment, and looked at little Mike in admiration.

“It’s so beautiful...”

Little Mike raised his chin proudly, his face full of joy and excitement, and his arrogant expression was extremely cute.

“Of course, I knew that pretty sister would definitely like it!”

Su Nan rubbed little Mike’s hair, and little Mike opened the car door with all his strength, bowed slightly, like a little prince.

“Get in the car, my princess.”

Su Nan couldn’t help but smiled and got into the nanny car.

The interior of the car is luxurious, and there are some precious limited-edition toys around, which at first glance are dedicated to children.

This little Mike is really happy!

The driver was blocked by the barrier in front and could not see anything, but the car drove for about 20 minutes and stopped at the door of the Hilton Hotel.

The surrounding environment is quiet, and it seems to be under martial law right now, and there are almost no vehicles passing by.

The bodyguard at the door stepped forward, and just as he was about to stop them, his eyes swept over to little Mike beside Su Nan, and he instantly became respectful.

Su Nan thought to himself, a small party, does it need to be so grand?

Little Mike happily took Su Nan's hand and walked inside.

Su Nan found a room and changed into clothes. The cheongsam complemented her graceful posture and slender waist. Her whole person was gentle but very aura.

Just one word: beautiful!

Little Mike's eyes were full of peach hearts, and he couldn't take his eyes away.

He held his face in both hands and stared at Su Nan with big watery eyes.

"Beautiful sister, I really... like you!"

Su Nan couldn't help smiling, maybe another little fan dormant in his eyebrows.

"My sister also thinks that you are super... cute!"

Little Mike lowered his head blushing, and the two walked to the door of the banquet hall.

The atmosphere inside is quiet and elegant, and it is not an ordinary party at first glance.

In particular, Su Nan looked from a distance, as if she saw Fu Yechuan...

She paused and her expression changed slightly.

Little Mike looked at her with a stagnant smile, "Why don't you go in? Pretty sister, my daddy is inside..."

Su Nan frowned for a moment.

Holding little Mike's hand tightly.

"What's your daddy's name?"

Little Mike was about to speak when an older man walked over with the two of them in tandem.

"Who are you?" The middle-aged man's voice was full of anger.

Su Nan turned around, he looked at the cheongsam on Su Nan's body, his face changed, and he seemed to be a little angry.

"How did you steal your master's clothes? Who are you? Which woman wants to cling to the powerful? Get out now!"

Su Nan was a little angry after being reprimanded by him.

Until she saw the two people behind the man.

Jiang Xuan and Jiang Cheng's father and son.

Seeing her, the two of them also changed their faces!

Hehe...

She has a faint intuition in her heart, the party that little Mike said should be more than just a small party!

Could it be...

Little Mike stood in front of Su Nan and looked at the middle-aged man with a cold tone.

"You are not allowed to be rude to the guests I invited!"

Although he is young, but when he says it, he really looks a bit like his father.

Seeing that the butler's eyes narrowed slightly, as if he was worried.

He gritted his teeth and glanced at little Mike.

“Master, how can you invite guests to this kind of occasion casually? Not all cats and dogs can come here!”

Su Nan sneered, “Who is the cat and the dog talking about?”

She said directly, after all, she didn’t bear it other people’s habits!

The middle-aged man was stunned, and was about to scold her.

Jiang Cheng, who was behind him, quickly grabbed it, “This is President Su of our Su Group.” The

middle-aged man was stunned and looked at Su Nan in surprise.

Su Nan’s eyes were calm, his tone was indifferent, and he glanced up and down at him.

“Looks like you’re not the master either. You’re so awesome as a servant?”

Although the middle-aged man was Shang Qian’s housekeeper, he didn’t dare to offend these powerful people easily.

Su Nan’s words were ugly, and his face just became ugly, so he could only hold back his breath.

He paused awkwardly, looked away, and just said to little Mike.

“Those who haven’t been invited can’t go in, young master, take your guests and go.”

Little Mike snorted coldly, put his hands around his chest, and said indifferently:

“Uncle housekeeper, who gave you the power , let my guests leave?” The

housekeeper was stunned, “Young master, this is the order of President Shang...”

“My daddy personally agreed to invite the beautiful sister, what kind of onion are you? Did she speak?”

Little Mike was really angry, and he didn’t care about his gentle manners, he raised his head arrogantly and coldly and looked at the housekeeper.

He finally invited the beautiful sister over, but he was treated so rudely!

It’s just humiliating him!

He was so afraid that the pretty sister would be mad at him!

When Su Nan opened his mouth to call "President Shang", his body stiffened and he was shocked.

General Merchant?

There is no second business general in the entire city A!

Little Mike's daddy turned out to be Shang Qian?

And the man who once appeared in the Su family was Shang Qian, who she never wanted to see?

The housekeeper was reprimanded by little Mike, and the old face couldn't hold it.

A waiter in the banquet hall came over.

"Master, Miss Su, President Shang invites you to come over."

Little Mike snorted coldly at the housekeeper, turned around and took Su Nan's hand.

"Beautiful sister, don't worry about that bad housekeeper, I must tell Daddy and let him find a new housekeeper!"

the butler behind the VIP, shocked.

But it was too late.

He almost forgot, the young master is not a child who is easy to fool!

What a hassle!

Jiang Cheng urged, "Let's go in quickly, don't let Su Nan take the lead for a while, why did she suddenly appear here, what a hell?" The

housekeeper gritted his teeth and could only lead them in first.

No one in the business didn't know him, so he came here with two strangers, and he didn't even need an invitation.

The waiter who had not left gave a slight pause.

“Butler, President Shang only said to invite the young master and Miss Su to come in, but didn’t say...other people.” The

butler’s expression changed slightly.

“I’m presumptuous, I’m the housekeeper, and the business manager won’t blame me. If something happens, I’ll take it upon myself.”

After speaking, he walked in directly with Jiang Xuan and Jiang Cheng.

The environment inside was carefully arranged, and everything in the hotel was replaced with the most advanced furnishings. For this private banquet, Shang Qian also made a lot of preparations.

When Fu Yechuan saw that Su Nan was leading the little boy in, his eyes froze slightly.

Very surprised.

The car he originally sent to pick up Su Nan must have also run away, and she has already come.

For some reason, when Fu Yechuan saw her, he breathed a sigh of relief, and there was a faint joy in his chest.

His girl would never admit defeat.

There is always a way to come in righteously.

Su Nan saw Fu Yechuan stunned for a moment, then turned his head and pretended not to see it.

Fu Yechuan: “...”

Little Mike excitedly took Su Nan’s hand and ran over.

“Daddy, I’ve brought my beautiful sister...”

The four people present were all top talents in the mall, and they were slightly surprised when they saw Su Nan, and there was a flash of surprise.

Especially Fu Yechuan.

After all, Su Nan has been attending such public occasions all the time, wearing haute couture dresses, bright and generous, impeccable!

As if born to live in the spotlight.

Just looking at today's Su Nan, the cheongsam is light and elegant, and even the waist is outlined just right, which sets off her whole body bright and gentle, but there is a bit of selfishness in wanting to hide her.

Shang Qian still had that icy look. When he saw Su Nan's clothes, he was stunned for a moment, but stood up as if nothing had happened, and shook hands with her as a very gentleman.

"Welcome, Miss Su is my honored guest."

Everyone immediately stood up and shook hands with Su Nan.

I thought that the Su Group was out of the game for this project, but I didn't expect that they were still holding on to their big moves here?

Su Nan smiled, "President Shang, we have met for the second time."

Shang Qian smiled and glanced helplessly at the smiling little Mike.

"Isn't this kid bothering you a lot these days?"

Su Nan touched little Mike's head, "Of course not, Mike is so cute, our whole family likes him very much."

Little Mike raised his chin proudly and hugged him. Not letting go of Su Nan's hand, she smiled and narrowed her eyes.

"I also like pretty sisters..."

He really confesses all the time!

Fu Yechuan looked at Shang Qian and the kid with gloomy eyes.

It looks so harmonious?

He suddenly had the urge to take Su Nan away!

Everyone smiled, and suddenly saw the butler come over respectfully.

He glanced at Su Nan, and quickly withdrew his gaze, as if he was dodging something.

"Mr. Shang, there is something..."

He hesitated.

Shang Qian didn't miss the evasive glance in the butler's eyes.

He lowered his eyes slightly and looked back at the crowd.

“Please wait a moment, I’ll be back when I go.”

“Please do it yourself...”

Su Nan breathed a sigh of relief and was very happy. Who knew that he had made a mistake and took away little Mike, who would have known him. It turned out to be Shang Qian’s son?

Otherwise, how could you get here?

Fu Yechuan took a step forward, his mellow and magnetic voice sounded behind him.

“Second meeting, eh? When was the first time?”

...

Chapter 375 Stay away from her

Su Nan turned his head and rolled his eyes at him, “Is it okay?”

Fu Yechuan choked his breath and immediately returned to normal.

He’s used to it.

After a while, he spoke again.

“I’ll just ask, if you don’t want to say it, forget it.”

How can you hear that tone, and feel a little aggrieved?

The three people next to him almost dropped the cup in their hands in surprise: “...”

Su Nan’s heart trembled slightly, and the corners of his lips immediately tightened.

Little Mike stood in front of Su Nan, blocking Fu Yechuan’s approach, and blinked his eyes like lake water seriously.

“Uncle, stay away from her.”

Fu Yechuan raised his eyebrows. He didn’t expect the little boy who gave chrysanthemums to be Shang Qian’s son?

But it doesn't matter, it can't change that he hates him anyway.

"Uncle, do you like beautiful sisters?"

Little Mike hugged his hands, his delicate facial features were wrinkled together, and his flickering eyes looked at Fu Yechuan vigilantly.

When he looked at the pretty sister, he clearly had bad intentions!

Fu Yechuan hooked his lips, looked down at Little Mike, and stared deeply at Su Nan.

"Yeah..."

He spit out two words softly, seeing Su Nan rolling his eyes in front of him, almost to the back of his head.

He couldn't help but smile, so cute.

Little Mike snorted coldly, with the same attitude as a little adult.

"You're so old, you're not worthy of your beautiful sister, you should give up!"

Fu Yechuan was shocked: "..."

Is he old?

How dare someone say that the man in the top ten of Forbes is old at a young age?

Hehe...

Fu Yechuan's complexion was complicated, his eyes swept coldly, and just as he was about to open his mouth to teach this little Mike, who didn't know the heights of the sky, he heard that little Mike was pulling Su Nan's arm.

"Sister Su Nan, my daddy is there to greet us, let's go take a look?"

Little Mike said excitedly, he wanted Su Nan to stay away from "old uncle"!

Su Nan looked sideways, and sure enough, Shang Qian nodded slightly towards her, signaling her to come over.

Little Michael walked over with Su Nan, and standing opposite Shang Qian was the housekeeper who had just stopped her from entering, and Jiang Cheng and his son.

Watching Su Nan pass by, the housekeeper's face was a little complicated, but Jiang Cheng and his son were a little excited, and their eyes were somewhat smug.

“Miss Su, do you know these two people?”

Shang Qian pointed to Jiang Cheng and his son.

Su Nan smiled and raised the cup in his hand.

“Of course, Mr. Jiang, the shareholder of our Su Group, this is his only son, Jiang Xuan.” The

housekeeper said quickly.

“The identities of these two people will not be faked. Miss Su has personally confirmed it. President Shang and the Su Group’s various conditions meet our requirements. You can consider this cooperation.”

After listening to Shang Qian , his face remained calm, but his eyes darkened a little.

Su Nan raised her eyebrows and said nothing.

Jiang Cheng said: “Mr. Shang, we are really sincere. If you can sign a contract with us, all conditions can be negotiated.”

Shang Qian’s whole person was enveloped in a chill, not angry but arrogant.

He paused, his tone somewhat calm.

“Housekeeper, what’s your relationship with them?” The

housekeeper was stunned, and Jiang Cheng spoke quickly.

“Although we are not related by blood, we are all brothers and sisters. Thanks to him for introducing us this time, we are fortunate enough to meet you, President Shang.”

Shang Qian paused for a few seconds, and swept his eyes coldly across the butler’s face.

“My rules, you should know, take people away.” The

butler looked a little hesitant, “Mr. Shang, you can really think about the Su Group...”

“I will consider it, but I won’t pass this. Two shrimp soldiers and crab generals don’t need a housekeeper...you teach me how to do things.”

His eyes were calm and calm, but there was no warmth either.

Chapter 376 The moment it was thrown out , the atmosphere froze.

The chat screen not far away seems to be separated from here by a barrier.

Shang Qian's disgust was undisguised, no matter if he had been with his housekeeper for ten years and broke his rules, he would have to pay the same price.

What he said was very clear, no matter who he cooperated with, a person of Jiang Cheng's status was far from qualified.

Jiang Cheng's expression changed a bit, and he looked at the housekeeper begging for help.

"Big brother..." The

housekeeper frowned, still wanting to win another chance for Jiang Cheng, why was it snatched by a sudden appearance of Su Nan?

"Mr. Shang..., can you think about it again?"

"Butler, my father has made it very clear, are you so confused? Daddy won't be friends with nasty ghosts, father I really like my pretty sister..."

Little Mike couldn't help frowning, the facial features on that pretty little face were all frowning together, this housekeeper uncle is really annoying as always!

He usually points fingers at his life and schoolwork, drives away his favorite teachers and partners, and speaks some big truths in his own right, but now he is still bullying beautiful sister with nasty ghosts?

Back then, he was at the door of the Su Group, but he had seen them speak rudely to her with his own eyes!

He will not forget!

Thinking about it, he turned his head and pulled Shang Qian's sleeve, tugging, and complaining angrily.

"The housekeeper is so annoying. He just bullied the pretty sister at the door, saying she was a cat and a dog. He didn't let her in. He was very rude..."

Shang Qian's face became gloomy and ugly, with eagle-like eyes. He looked sharply at the butler.

Upbringing is the basic quality question for him to examine his subordinates.

The housekeeper shivered a bit, "No...I don't have it, young master, you can't talk nonsense!"

"Is this young master needing to frame you?"

Little Mike snorted heavily, expressing his perseverance, bulging like a small fish.

The housekeeper could feel the coldness of Shang Qian's body, and he didn't even dare to look him in the eyes.

He began to regret that he promised Jiang Cheng to bring him here.

I thought that I had been by Shang Qian's side for so many years, and Shang Qian relied on him, and Shang Qian would also consider what he said.

But at this moment, he felt cold all over and couldn't help shivering.

He forgot that he was just a housekeeper.

No matter how decent and envious he is in the eyes of outsiders to be Shang Qian's housekeeper, but in Shang Qian's eyes, he is just a servant.

The housekeeper shivered and explained to himself: "Mr. Shang, I really didn't mean it. I saw that the dress that Miss Su was wearing was his wife's dress. When I was in a hurry, I..."

Shang Qian's eyes were fierce. Stab at him.

One of his words touched his taboo.

For a moment, even little Mike was silent, and looked at Shang Qian with clear eyes.

The next second, Shang Qian beckoned, and the bodyguard in the dark came directly.

He ordered: "Throw them out."

He looked at the pale butler with no emotion.

"From today onwards, you have nothing to do with the business. Since you broke the rules of my business, you'd better get out of the way before I start." The

butler was so frightened that his face was pale, and before he could speak, the bodyguard next to him had already stepped forward. , one covered his mouth, and the other pulled out directly.

The remaining Jiang Cheng and Jiang Xuan were also driven out respectively.

Shang Qian was silent for a few seconds, his gloomy face gradually eased, he turned around and looked at Su Nan, he smiled.

“Sorry, Miss Su, shouldn’t you have heard this?”

Su Nan smiled, expressing understanding, “It’s okay, but the clothes I’m wearing...”

to listen to the conversation just now. Does this dress seem to have anything to do with Little Mike’s mommy?

Su Nan glanced at Little Mike, he blinked his big eyes that flickered, and immediately shook his head.

“No!”

Shang Qian’s eyes paused, then eased down.

“It’s not really, it’s just from the hand of one person, the styles and colors are somewhat similar, please...”

Su Nan didn’t say anything, and walked back.

Little Mike was taken out to eat.

Fu Yechuan had been sitting in his seat, staring at them without moving his eyes. People around him approached to talk, but he ignored them.

Shang Qian sat on the main seat, with a mysterious and powerful aura, similar to Fu Yechuan, who was strong and cold in some places.

Seeing this, the three people next to him also hurried over to sit down.

This private dinner, said to be a dinner, is actually similar in nature to a conference.

At high-level gatherings, with related interests, everyone wants to cooperate with Shang Qian, but everyone knows that the people here can't compete with Fu Shi.

When Su Nan came just now, they were even more hopeless.

Su Nan sat on the left side of Fu Yechuan, and the atmosphere suddenly became solemn.

Shang Qian paused, his voice was gentle and generous, as if the unpleasantness just now had never existed.

"To hold this dinner today, I want to pay homage to the wharf. You are all important people in the shopping mall. The business of Shang must be carried out in China, and your help is indispensable.

Second, Shang also has a project that needs to be sought. Cooperation."

He was straightforward, in fact, the purpose of everyone's visit was that project.

Shang Qian's eyes swept across the people present, and his eyes finally settled on Su Nan.

"But I don't know, is Miss Su Nan interested in this project?"

Su Nan paused, her posture calm and graceful.

"The Su Group has made adequate preparations for this project."

Shang Qian nodded with a gentle and humble attitude.

"I didn't know beforehand. Now that I know, I can't fail Miss Su Nan's preparations." In

a word, the expressions of the people present suddenly changed.

Even Su Nan was slightly surprised, what did Shang Qian mean, how could she not understand?

Did you get this project so easily?

Incredible!

Fu Yechuan's eyes narrowed slightly, his thin lips pursed tightly, and the strong aura made the surrounding temperature drop a bit.

An executive on the side couldn't help but ask:

“Mr. Shang, the project has not been professionally evaluated or tested, so the Su Group has been decided?”

He looked at Su Nan with complicated eyes. weird.

Although the Su Group is the same as the Fu Group, they are the strongest among them.

But very few projects have identified partners before they are fully matured and landed.

Even in this private banquet, all they want is to find out Shang Qian’s attitude, even if it is ambiguous, it is easier than just set it.

Because this means that once it is spread, all subsequent resources will be tilted towards the Su Group.

Shang Qian smiled, his voice was indeed unmistakable and cold.

“Yes, in my place, as long as Miss Su Nan wants, she will always be the first, and she will always have the right to be the first choice.”

One sentence, like a bomb, was dropped.

The people around the explosion were silent.

However, he secretly looked at Fu Yechuan, who was full of chills around him.

Hearing this, his face was extremely ugly, as if he had lost his calmness and calmness, his face was tense, his eyes pierced at Shang Qian, but he had the chill of winter.

...

Chapter 378 I chose you

Chapter 378

The moment I chose you, Fu Yechuan panicked!

They clearly didn’t know each other before, why did Shang Qian treat Su Nan differently?

Will such a big project be handed over so lightly?

It’s not that he is distressed about the lost project. The various businesses of the Fu Group have spread to all walks of life. Although this project is large, it is only a drop in the bucket for him.

He would rather not have this cooperation, and he does not want to hear what this Shang Qian thinks about Su Nan!

Su Nan was also surprised for a moment, and felt like he was in a dream.

But Shang Qian didn't mean to joke at all!

why?

There are ten thousand question marks in her heart!

But his face was still calm, and there was no gaffe reaction at all.

Is it because of little Mike?

Shang Qian said a few short words at the end, and everyone got up one after another to say goodbye and leave.

This banquet ended in such a simple and shocking way.

The rest are her and Fu Yechuan.

Su Nan wanted to make things clear, but Fu Yechuan didn't mean to leave her alone.

Shang Qian looked at the two and smiled.

"Okay, Miss Su must have a lot of questions. I'm not just talking about this project. In the follow-up, I will let someone connect with the Su Group."

"I don't understand, why did you choose the Su Group?"

Su Nan Ask directly, the people who were sent to contact Shang Qian before were all driven back.

Why, suddenly agree?

Shang Qian paused and pondered slightly.

"I didn't choose the Su Group, but I chose you."

Shang Qian looked at her with undisguised admiration and gentleness.

That kind of gentleness, not mixed with any interests and calculations, is very pure.

Su Nan was startled, "Is it because I was in the playground and saved little Mike?"

Besides, she couldn't think of any other connection.

Shang Qian smiled, "Of course not."

How could that little clever ghost put himself in danger?

Fu Yechuan looked at Shang Qian, his eyes were full of suppressed emotions, but there was only a chill.

His voice was hoarse and low, "I also want to know why President Shang treats Su Nan differently?"

Shang Qian paused, then glanced at Fu Yechuan with a complicated look.

"I thought Mr. Fu would understand."

Fu Yechuan frowned, "What do I understand?"

"Originally, this project was intended for the Fu Group, but Miss Su appeared and she is more suitable."

Shang Qian said, stood up, greeted the bodyguard, said a few words, and the bodyguard left in a hurry.

"Please wait."

He smiled.

After a while, the bodyguard came over with a photo album and handed it to Shang Qian.

Su Nan and Fu Yechuan were both surprised, what is this going to do?

Shang Qian unhurriedly opened it and took out two photos, one handed to Su Nan and the other to Fu Yechuan.

When Su Nan saw the photo in his hand, he trembled instantly and his body stiffened!

It was a scene that only appeared in a dream.

She was unfortunately involved in the unscrupulous burning, killing and looting on the streets of Europe three years ago.

Everyone is running, shouting, screaming for help...

Bullets are passing by, you never know who is the terrorist who suddenly threw the bomb in the crowd!

She just wanted to run to a safe place, but when she saw a little yellow-haired boy standing on the street, who was only four or five years old, she suddenly changed direction.

The moment she pounced on him, the bomb sounded beside her, as if to shatter everything.

At that time, she thought that everything was over, but an extremely hard chest suddenly protected her under her body.

She was safe and sound, and he left, covered in blood.

She saw his face clearly, and she never dared to forget that look.

this memory was buried deep in her heart, and she didn't even dare to take it out and recall it again, because she was afraid that if she touched the throbbing heart at that time, she would soften her heart and fall into it desperately.

When she saw this photo, she jumped at the little boy at the moment, and I don't know who caught it.

The terrifying smoke of gunpowder seemed to still surround him, making people shudder.

And Shang Qian's smile suddenly pulled her out of her memory.

Her eyes were slightly moist, and when she looked up, she saw Fu Yechuan's deep gaze.

As if there was a huge vortex ups and downs, to suck her into his eyes.

Looking at Fu Yechuan like this, Su Nan's heart skipped a few beats.

The blood-covered face in Su Nan's mind overlapped with Fu Yechuan at this time, so bright and handsome.

His facial features seem to be outlined by a brush, deep and delicate, like carvings.

The photo in his hand was the moment he pounced on her.

The light and shadow overlap, and the smoke of gunpowder fills the air.

His and her figures were equally firm.

Originally, I didn't want him to know, but now, I'm afraid I can't hide it.

Although each other is very embarrassed, but the facial features are still clear.

The little boy who was guarded by Su Nan was today's little Mike.

Although his yellow curly hair is neater and his eyebrows are clear and delicate, the three years of growth have not changed him much.

Little Mike could see clearly the beautiful sister who was rushing towards him, and Su Nan could also clearly see Fu Yechuan who was rushing towards her.

Shang Qian coughed, "sorry, I know Mr. Fu's identity, and you are my best choice this time. But I have never found out Miss Su's true identity. After returning to China this time, my son met me unexpectedly. Just started investigating.

You are all his saviours, but I want to repay Miss Su who was the first to pounce on Mike, because if it wasn't for her, Mike would have..."

Shang Qian shrugged, he seemed unwilling to mention that When things happened, there was grief in his eyes,

but he made an indifferent smile.

"My wife is not as lucky as Mike. She was in the car and was blown to pieces. Su Nan's heart sank slightly, and she was a little surprised.

The mystery she was curious about before has also been answered.

Shang Qian smiled, "Mr. Fu, I hope you don't mind my decision. I finally chose the Su Group to cooperate." Fu

Yechuan's voice was low and hoarse.

"Of course not." He was immersed in the

dim light and shadow, cold and noble, with a sense of restraint and abstinence.

When he looked at Su Nan, his eyes flashed with undercurrents, as if he knew something he never knew. , shocked, surprised, and surprised, and a little bit regretful.

If only he could have recognized it earlier.

They didn't have to miss so long.

It turns out that they met before Su Nan brought him out of the black boxing gym. It's over.

Su Nan has always been the most sober person among them. He likes it without hesitation, and leaves as soon as he says to go, but he doesn't know anything.

He should have known it long ago!

That feeling is indescribable.

Shang Qian Feeling that there was something wrong with the atmosphere of the two of them, he smiled and looked at Su Nan:

“Miss Su won't blame me for bringing this up hastily? “

Su Nan smiled, “How could it be? It was a fact. “

Since it is a fact, there will be a day to see the sun.

She admits that this was the first encounter.

It's also the first time I'm tempted.

After the dinner, Su Nan and Fu Yechuan were sent to the door.

Little Mike hurried downstairs, hugging Su Nan's leg tightly and not letting go.

“Pretty sister, stay here and sleep, I want to sleep with beautiful sister...”

Chapter 380 I Must Marry You

Little Mike pouted and acted like a spoiled child, his crystal clear eyes flashed with a smile of anticipation, and the whole person was so cute that his heart melted.

“Mike, pretty sister has something to do, you should go to do your homework!”

Shang Qian looked at the time and said in a cold voice.

Little Mike's eyes lost instantly, staring at his old father miserably, and he couldn't escape the

fate !

Su Nan remembered that the little boy in the photo had grown so big, and she felt closer.

She touched one of his curly hair and looked at him gently.

“Sister, will you play with you tomorrow?”

Little Mike blinked, his clear eyes filled with disappointment.

Just when Su Nan thought he was going to let go sensible, little Mike suddenly grabbed her clothes and hugged her tightly.

There was a firm slyness in his eyes.

“No, no, I'm going to sleep with my pretty sister, I don't want to do my homework, I'm going home with my pretty sister, Daddy, you're going to die alone!”

His voice was as crisp as a bean, and he thought innocently. I want to go home with Su Nan.

Anyway, he wants to be with his beautiful sister, no one wants to stop him!

Shang Qian narrowed his eyes and was very familiar with this set.

He immediately waved, and a sturdy bodyguard came over. While little Mike was still wriggling his buttocks, he picked him up with one hand, carried him on his shoulders, turned around and left.

Simple, rude!

“Ah ah ah, help, I don't want to leave my beautiful sister, I want to be with her forever!”

Little Mike shouted tangled.

Soon, the sound disappeared at the entrance of the stairs.

“Miss Su, Mr. Fu, be careful on the road.”

Shang Qian smiled casually, and Su Nan retracted his surprised gaze and breathed a sigh of relief.

“Goodbye.” The

two walked to the door, and Fu Yechuan's driver stopped.

Fu Yechuan walked over ahead of her, opened the door on the right side of the back seat, and looked at her.

“I'll take you off.”

Su Nan didn't turn his head, only to realize that he came with little Mike and didn't drive. It was difficult to get a taxi at this time. If the driver came to pick him up, it would be a little troublesome.

After hesitating for a moment, Fu Yechuan smiled.

“Afraid I'll eat you?” I

don't know if it was an illusion, his voice was too gentle and low.

Su Nan paused and looked at those eyes. There was a smile in the deep eyes. There seemed to be a lot of words, but he didn't know where to start.

Su Nan thought about it and got into the car.

The car started slowly, inexplicably, she felt that the journey was slow.

Especially when Fu Yechuan sat next to him, he felt uncomfortable.

Suddenly, he finally spoke.

“It's because of that time that you remember me, right?”

Su Nan pursed her lips and thought for a while.

“Yes.”

“Why didn't you tell me?”

Like the Black Boxing Gym, she never mentioned it.

Su Nan twitched the corners of his mouth, “You saved me once, and I saved you once, we are even.”

“Even?”

His voice flowed and his tone was deep, as if complex emotions had gathered in an instant, all of which were strongly suppressed by the silent atmosphere.

Su Nan asked back, “Isn’t it?”

Apart from these two times, it was also because of him that he almost drowned in the swimming pool.

On the whole, he still owes her the most.

It’s good that she can be lenient enough to even out a lot!

“Of course not. If I had known that I would meet you there that day, would I have left so soon.”

He would have seen her girl clearly and kept her in his heart.

Fu Yechuan’s eyes contained huge regret and sadness.

He looked at her deeply, “Su Nan, I will definitely fall in love with you before you.”

Su Nan was slightly startled, and his heart trembled.

The aggressiveness in his eyes was too strong, and she subconsciously frowned, her tone slightly cold.

“It’s a pity that there is no if, if I do it again, I will never choose to marry you.” It

’s a painful lesson!
