Chapter 381 Never let him

go back to Su's house, Su Nan was exhausted, even if she got this big project, she just couldn't be happy.

Maybe it was because the old things were brought up too tragically, and she was not mentally prepared.

In the dead of night, she was lying on the bed, tossing and turning were all the s of that photo.

Suddenly, the phone's message beeps.

She irritably picked it up and looked at it.

Frowning.

It was Fu Yechuan.

"Su Nan, I'm very happy, I saved you." It

wasn't anyone else, it just happened to be you. Fortunately, you are safe and sound.

Su Nan blinked, looking at the dark night outside, went out and poured a glass of milk, drank it calmly and slowly, and went upstairs again.

Anyway, the past will not come back, why bother with the past that has been let go?

A good night's sleep.

The news of the cooperation with Shang Qian spread widely in just one night.

The major group companies have expressed their goodwill one after another, and they all want to cooperate with the Su Group, and it is incredible to be able to touch the corners of this project.

As soon as Su Nan opened her eyes, her phone was about to explode. Fortunately, she was muted.

Su Xiaohu wagged his tail and came in, "Mama, everyone is waiting for you..."

Su Nan sent a message back to Qin Yu, then went downstairs to wash up.

“Big brother?”

Su Jin stood in the living room with a cold expression. He didn't know who he was on the phone with. When he saw her coming down, he hung up.

“You have such a big heart!”

Su Nan wondered, Su Yifeng sat at the dining table holding the newspaper, and smiled unhurriedly.

“How did you talk to Shang Qian? His people have already started to contact your big brother, and this attitude has become too fast?”

Su Nan breathed a sigh of relief, and simply told them what happened yesterday. Such an expression.

Only Su Qi shook his head with a very regretful expression: “Shang Qian's son is so old, it seems that you are out of play!”

Su Yifeng: “Go away!”

Su Jin: “Agree.”

Su Nan smiled After laughing, he went to the company with Su Jin after eating.

In the early morning meeting, when Su Nan and Su Jin entered one after another, the originally noisy conference room suddenly fell silent.

Everyone's eyes looked at Su Nan with inquiry. She walked in with her high heels, her aura was full, and she sat in her seat without looking sideways.

And the shareholders below are also different.

Jiang Cheng's face was gray and defeated, and he sat there anxiously, looking up at Su Jin and Su Nan from time to time, hesitating to say anything.

He called Su Yifeng early in the morning, but he couldn't get through at all.

Do you really want him to leave the Su Clan?

Su Jin presided over the meeting. At the beginning of the meeting, the major departments briefly reported the latest situation. The last topic was Shang Qian's project.

Su Jin pondered, his voice clear.

“According to the plan given by Shang Qian, the support of the technical department must keep up. The follow-up series are all work that affects the whole body and should not be taken lightly, but we will make adjustments after the signing of the contract.

Everyone, there are other What happened?”

Everyone present shook their heads one after another, and gradually fell silent.

Just when everyone thought the meeting was over, Su Jin’s topic changed.

“Su Nan, do you have it?”

Su Nan, who was named, chuckled lightly, fully understanding what Su Jin meant, and raised her beautiful eyebrows to look at Jiang Cheng.

Since the words were handed to her, it’s not good to ignore them.

“Yes, I wonder if President Jiang still remembers the previous bet? Whoever loses will leave the Su Group.”

She was not polite and didn’t want to waste time.

Jiang Cheng, have no actual contribution to the company. It will have a bad influence on the company.

If everyone wants Su Nan to gamble on their future, I wonder if there will be such good luck?

So, don’t think she will let Jiang Cheng and his son go.

Jiang Cheng’s face was ugly and flustered, and he looked at Su Jin.

“Mr. Su, it’s all for the sake of the company. Jiang Xuan and I are also for the company to get this project. Now that Miss Su can get the project, we are happier than anyone else...”

Su Jin looked indifferently To Jiang Cheng.

“So, do you want to stay away?”

As soon as these words came out, the atmosphere in the conference room was instantly clear and stagnant.

Everyone's eyes pierced Jiang Cheng's face like needles, hot and embarrassed.

That's right, he really didn't want to leave so easily.

But Su Jin's words really didn't show any affection at all!

Jiang Cheng hesitated, and finally looked at Su Jin and Su Nan without any intention of holding back.

He gritted his teeth, "What do you mean by not leaving? I'm a shareholder of the Su Group. If I want to leave, I have to get the approval of Chairman Su, right?"

Jiang Cheng's eyes flashed a successful smile.

Su Nan raised his eyebrows and smiled.

"Okay, it should be."

She took out her mobile phone and called Su Yifeng in front of everyone without dodging.

Jiang Cheng's expression froze slightly, and his heart tightened.

"Du-du-little Si, I'm fishing at noon, are you coming back for dinner?"

Su Yifeng's voice was leisurely and light, as well as the movement of the breeze beside him.

Su Nan couldn't help but smile, "Dad, we are in a meeting, and I just mentioned that President Jiang Cheng lost his bet. If the shareholder wants to leave the company, it needs your approval. We all want to hear your opinion! "

She glanced at Jiang Cheng lazily, and the corner of her mouth slightly curved.

Jiang Cheng's face became tense visibly.

"Chairman..."

Before he could finish his words, Su Yifeng's voice reached everyone's ears from the phone.

“Little Si, since the company has been handed over to you and your eldest brother, it’s fine for you to decide. I respect every decision you make. You make the final decision, and I will sign.”

After speaking, the meeting room instantly became silent, and countless eyes turned to Jiang Cheng. .

Those who wanted to plead for him also shut up wisely.

Jiang Cheng’s face was extremely pale, and his lips began to tremble.

Su Nan smiled, “Okay dad, leave the rest to us, you can fish well.”

After that, she hung up the phone.

Su Yifeng is never confused when it comes to major matters, and always stands on the same front, so no one else can get in.

She raised her head, looked at Jiang Cheng, raised her eyebrows slightly, and smiled loosely.

“In this case, then President Jiang, I will let the personnel department start the procedure, and you will cooperate when the time comes. As for the share in your hand, if you want, you can sell it to the company. If you don’t want to, keep it for retirement. .”

She said, and stood up against the table.

“I still have something to do, you can continue.”

She glanced at Su Jin, Su Jin nodded, and Su Nan raised her legs and left.

As soon as she went out, she received a call from little Mike, who was already waiting at the door of the company to death.

Qin Yu happened to be here too. She was in a bad mood and planned to go shopping with her.

Who knows, watching a foreign child with curly yellow hair sitting on the ground drawing circles at the door of the Su Group, holding a large bunch of chrysanthemums in his hand.

Coinciding with Qingming, it is particularly suitable.

She paused and frowned slightly. Has the Su Group offended anyone recently?

Qin Yu, who is standing not far away with complex eyes, this foreign child is really cute, but the bunch of white and yellow chrysanthemums is too dazzling.

The mood is especially complicated.

Su Nan is now scaring even children?

Thinking about it, Su Nan has hurried out from the inside, and she happened to see her and waved her hand.

“Why are you here?”

Qin Yu regained her expression, but before she spoke, Xiao Zheng ran over happily, hugged her thigh, raised her head, and her big black and white eyes flickered.

“Pretty sister, I miss you so much...”

Qin Yu stood there in shock, stunned!

Su Nan smiled and touched his cute little face with gentle eyes.

“Sister misses you too...”

Xiao Zhengtai handed over the chrysanthemum, “This is my sister’s favorite chrysanthemum...”

Su Nan took it over with complicated eyes and forced a smile, “Thank you.”

She didn’t even know when she liked chrysanthemum the most?

But forget it, it’s all a child’s heart...

Qin Yu stood there in surprise, her favorite chrysanthemum?

Isn’t Su Nan’s favorite wind bell orchid?

She walked over slowly, “Su Nan, when did you have a younger brother? Your dad’s illegitimate child?”

She deliberately lowered her voice.

Su Nan rolled her eyes at her, “Just this gene, can my dad have it?”

Su Yifeng is a native of Z country.

Unlike Shang Qian, although he looks like a Z country, he has half Italian blood on him, and his wife is a foreigner.

That's why he can give birth to a foreign child with yellow hair and blue eyes like little Mike.

Qin Yu nodded clearly, and yes, Uncle Su couldn't be born like this.

You know, Su Nan's four siblings, all of whom look so outstanding, completely inherited the advantages of their mother!

Little Mike looked at Qin Yu, he still had to be nice to his pretty sister's friend, he was not competitive with her anyway.

Thinking about it, he smiled sweetly, and his blue eyes flashed with light.

"Hello Auntie."

Bang –

the sound of glass breaking!

Qin Yu was stiff all over!

Calling Su Nan a beautiful sister and calling herself an aunt?

A huge anger swept across her eyes in an instant, and before she could vent it, Su Nan quickly pulled her aside.

"How old is he, you have to be tolerant! Tolerance!"

Qin Yu shivered angrily and glared at the kid. At this time, he felt that apart from his appearance, everything else was ugly!

Humph, an ugly little child!

Little Mike stared at innocent big eyes, flickering and flickering, just like a deer. He didn't understand why the beautiful sister's friend was suddenly angry?

The nanny's anxious voice suddenly came from the earphone: "Little Master, you have to be sweeter and learn to praise girls!"

Little Mike suddenly widened his eyes, took a step forward, and took Qin Yu's hand.

The blue eyes are full of sincere praise!

“Pretty aunt, the clothes you are wearing are so beautiful...”

Qin Yu’s face instantly turned ugly, and she was stuck in her chest in one breath, and she was almost mad at her.

Pretty auntie, only clothes are beautiful?

Miss Qin, whom everyone loves, has never been told that!

Simply, what a shame!

Su Nan couldn’t help laughing out loud, and when Qin Yu looked at it at a glance, she kept silent.

“Cough, beautiful Qin Yu, what are you looking for?”

She shook Qin Yu’s arm, and Qin Yu turned her head away speechlessly.

“Don’t mention it, the blind date arranged by my mother is going to be annoying. I’m here to find you to go shopping.” When

Little Mike heard this, he quickly stepped forward and took Su Nan’s hand, as if he was afraid that she would be taken away. “I’m here first, pretty auntie

, can you go find someone else?” Su Nan didn’t dare to drive her away just like that, otherwise according to Qin Yu’s character, she would definitely find little Mike in trouble!

“Why don’t we go together?”

The three of them went to the mall in a mighty manner. Qin Yu always bought things at will, and after a while, she picked up a lot of things, paid for them, and had them delivered directly to their homes.

Su Nan was trying on clothes there. Little Mike held his face with shining eyes, moved a small bench and sat beside the mirror waiting for praise.

“Oh, pretty sister is so beautiful...”

“This is so suitable, no one looks as good as pretty sister!”

“Is pretty sister a fairy?”

“This dress is so beautiful, right? !”

...

Su Nan was praised with a smile on his face, in a good mood, and bought it all with a wave of his hand.

Standing in the back thoughtfully, Qin Yu with a complicated face said: “..”

What a hell, this little Zhengtai turned out to have a sweet mouth.

It’s just sweet to Su Nan alone!

The salesperson on the side didn’t say a word, and let little Mike say everything that should be said.

I don’t know if my salary will be deducted.

aquarium.

After shopping in the mall, Mike wanted to go to the aquarium very much, although he has his own private aquarium collection abroad, and all kinds of strange marine creatures are in his aquarium.

But city A has the largest aquarium in the country. For an ocean lover, it is a must go!

Su Nan and Qin Yu stood at the door, looking at the closed door and looking at each other.

“It’s closed today, that’s great, shall we go back?”

Qin Yu gloated.

Little Mike snorted coldly, his fists clenched tightly, and there was stubborn and decisiveness in his innocent eyes.

“I’ll call Daddy and ask him to help me get in touch!”

There’s nothing he can’t do, if there is, let Shang Qian do it!

Su Nan hurriedly stopped her, “Wait a minute, I’ll get in touch with you.”

After all, she is the host, so it’s a big effort to help.

Saying that, she called Yu Lou directly and said briefly.

In less than five minutes, the doors of the aquarium opened.

Qin Yu shook his head in shock, as expected, there is nothing that money can't do!

A professional came over to lead them in, "Mr. Su, I didn't expect you to come here. Fortunately, the museum is closed today, otherwise there will be too many people and it will be noisy."

Su Nan smiled, she was not interested in these things, but little Mike was elated. Bouncing up and down in front, looking at the whales on both sides every now and then.

Fu Group.

Chen Mian knocked on the door and entered Fu Yechuan's office.

Fu Yechuan didn't lift his head, looked at the document in his hand, and signed his name.

"Speak."

Chen Mian coughed, "I just received a call from Miss Su's assistant Yu Lou."

Fu Yechuan paused, his eyes narrowed slightly, and he raised his chin, signaling him to continue. .

Chen Mian didn't dare to indulge his appetite.

"Miss Su went to the closed aquarium today. That's the company under the Fu Group. Yu Lou contacted her and said that Miss Su wants to go in and have a look, okay?"

Fu Yechuan's eyes narrowed slightly, as if such a thing still happened. Need to ask my expression.

In fact, Chen Mian agreed long ago, but he had to let President Fu know.

What if he wants to see it too?

Sure enough, Fu Yechuan stood up irritably, with a straight and broad back, which made people feel more stressed.

"How is the operation of that aquarium?"

"It was just rated as a national advanced unit this year, and many media have also reported that it is known as a must-visit online celebrity check-in place in City A. The

number of tourists is limited to 80 per day. Currently, reservations have been made. It's next month."

Fu Yechuan casually said "um", not too satisfied, but not too disgusted.

Such achievements can only be said to be very few in the companies of the Fu Group.

However, Chen Mian breathed a sigh of relief and watched him put on his clothes and go out.

"Mr. Fu, do you need the person in charge of the aquarium to report to the work?"

Fu Yechuan opened his lips coldly: "No."

Chapter 385 Fu Yechuan baby

Chapter 385 Fu Yechuan's little baby

, Su Nan and Qin Yu, couldn't see the huge fish and whales swimming around, so they found a quiet place to sit and drink coffee.

This habitat is quiet, and the receptionist on the side is carefully entertaining, and they are afraid that the coffee here will not serve the two daughters.

Su Nan's eyes rolled around, "Is there no fish in this place?"

How wonderful! The receptionist on the side paused, "Yes, Miss Su, this is the Pippi

Shrimp Museum. Because it is not a rare species, there are fewer people visiting this museum. Would you like to see it?"

shrimp?

Looking at the expectant look of the receptionist, Su Nan nodded, obviously she wanted to eat more than just looking at it.

The reception staff turned off the surrounding lights, and the special materials on the top of the head, the ground and the walls immediately revealed a bright blue light, which was very light and dark, like the environment of the sea. If you look closely, you can see the swimming inside. The...Pippi shrimp.

Different from the Pippi shrimp on the dining table, the swimming postures are extremely cute. Due to different species, they have different sizes and shapes. Some are black and white, simple and elegant, and their shapes are noble.

Some are bright green with a touch of clear red, the color of the tail is bright and charming, and the lines on the body are different...

In the deep and boundless sea, they play on the sandy bottom of the sea, swimming with well-defined bodies. .

At the moment when Su Nan and Qin Yu turned off the lights, they seemed to be in the deep and dark seabed, unable to see through the wall in front of them at a glance.

Whether it is above your head, below your feet, or beside you, it is the environment in the sea.

The corridor they had just entered became an underwater tunnel.

This three-dimensional surround scene is instantly shocking.

Even above the head are floating seagrass and coral, and the sound of the surging dark sea water around it carries the mystery of the sea.

With the help of technology, they can see clearly, as if the deep and spreading seabed is boundless.

Qin Yu couldn't help but exclaimed, "Pippi Shrimp Exhibition?" The

receptionist immediately started a professional introduction, "Pippi Shrimp is a type of predatory shrimp that originated in the Jurassic period of the Mesozoic..."

Su Nan looked at it in surprise and blurted out subconsciously.

"Can you eat so many kinds?" The

receptionist looked at the two young ladies who were looking forward to it, and twitched the corners of his mouth for a moment. He forced a smile, "Fresh is fine."

If it was someone else, it would have been expelled.

But they... Forget it, let's endure it.

Poor Pipi Shrimp!

The two of them looked at each other and smiled, very tacit understanding, and they both knew in their hearts that they had a favorite goal for this lunch at noon.

“By the way, we bought the pet’s naming rights here. You can choose what you like as a pet and name it. We are responsible for protecting and raising it here. You can come and see it at any time.”

So interesting?

Su Nan smiled and pointed to one of the bright and beautiful Pippi shrimps with a straight posture, but graceful and lovely, “Then I want this little baby...”

“Okay, Miss Su, this is It’s just a rare species purchased at a high price from the Mariana Trench, what do you want to name it?”

Su Nan didn’t hesitate, “Fu Yechuan.” The

receptionist shuddered and almost broke the expensive remote control.

Qin Yu couldn’t help laughing and patted her shoulder.

“Return the baby? You want to eat his flesh and drink his blood, what a good name!”

At the entrance of the tunnel, a figure was proud and slender, and the whole person had a clear temperament, cold and calm, with heavy eyebrows and silently lowered eyes.

The voice inside reached his ears, except for Qin Yu’s annoying laughter, he was a little unhappy, he became a Pippi shrimp?

Qin Yu raised her head and smiled, suddenly glanced from the corner of her eyes, saw the figure clearly, and her voice stopped abruptly.

Fu Yechuan walked in without any haste, and looked at Su Nan’s back quietly with his brows.

The reception staff stepped aside. This was the first time their big boss came to inspect the work!

Su Nan didn’t know the person behind her at all, she pursed her lips.

“Steamed or spicy?”

Before Qin Yu could speak, Fu Yechuan's voice was gentle and light behind her.

"Just want to eat me?"

Suddenly, Su Nan's figure froze.

She turned around immediately, with a hint of surprise on her face, and then an impatient look appeared in her eyes.

"It's you again?"

"So happy to see me?" Fu Yechuan smiled at her gently.

"Which of your eyes sees me happy?"

Is he blind?

Fu Yechuan looked at the Pippi shrimp she had chosen thoughtfully.

"You just called me baby!"

Although it was only facing a Pippi shrimp, that Pippi shrimp had his name on it!

Indirectly, it was him!

Haha...

Su Nan sneered, "My name is Pippi Shrimp!"

Fu Yechuan didn't argue, she wouldn't admit it anyway.

Little Mike was ecstatic as he admired the whole aquarium baby all by himself.

Excitedly, he went to look for his beautiful sister, but he saw a malicious uncle who hated and blamed him!

He walked over with a wrinkled face and looked at Fu Yechuan with disgust.

"Why are you here?"

Fu Yechuan didn't want to pay attention to this annoying little guy.

Little Mike held Su Nan's hand, smiling and acting like a spoiled child, with big eyes innocent and ignorant.

“Beautiful sister, I want to buy the 30-meter-long blue whale in the next hall and ship it back to Italy. Would you mind?”

Su Nan frowned. It's so long that neither planes nor ships will work. Do you want to let it go on its own ? swim back?

Before she could speak, Fu Yechuan snorted coldly.

“Not good.”

Except for Su Nan, he looked down on everyone coldly.

Little Mike reluctantly embraced his small arms like lotus roots.

“Why don't you say bad?”

There is nothing that his daddy can't buy!

Fu Yechuan glanced at him indifferently and laughed softly.

“Just because this is my site!”

Little Mike's cute little face had a very rich expression. He was angry and tangled for a while, and finally snorted coldly and took Su Nan's beautiful hand.

“Beautiful sister, let's go!”

“Brother

Ye, let me think about it?” Fu Yechuan said suddenly from behind, with a playful smile in his voice.

Qin Yu can't wait to get goosebumps on the side!

Little Mike paused at his feet, his mouth opened and closed, his expression was tangled and complicated, his whole little face was knitted together, and he was experiencing a hundred thousand struggles in his heart!

It was the hardest decision he had ever made in his life!

Even Su Nan couldn't bear it anymore, he really wanted to embarrass little Mike to death.

The longer he dragged on, the more ugly Fu Yechuan's face became.

Finally, little Mike made up his mind, clenched his little fist tightly, gritted his teeth, and tensed all over.

He looked at Fu Yechuan, and in his blue eyes was his uncompromising attitude towards this complex world!

“I, absolutely, no!”

He would rather give up his favorite blue whale than speak against his conscience!

Daddy said that children must never lie!

Su Nan and Qin Yu couldn't help laughing!

Such a strong character for a child!

But then Qin Yu's expression changed. Fortunately, she didn't try to induce little Mike to call her “sister” like Fu Yechuan did. Otherwise, she would end up like Fu Yechuan.

Thinking of this, she was not in the mood to laugh...

Su Nan and Qin Yu left the aquarium with little Mike one after the other.

Fu Yechuan followed behind, “Would you like to eat, Pippi Shrimp?”

Su Nan, Qin Yu and Little Mike turned back together and said, “No!”

Fu Yechuan smiled. Su Nan was going to drive in front of him and took two steps faster. For fear that Fu Yechuan behind him would follow him like a dog skin plaster.

But no one noticed. At a distance of tens of meters, a half-new car was parked there, waiting for the opportunity...

As soon as Su Nan appeared, the car rang suddenly, straight Aiming at her, he rushed out like a fly—

Qin Yu shouted in shock at the back: “Su Nan—”

And the next second, a black figure ran out quickly, and a huge force grabbed the Su Nan pushes out!

Between the electric light and flint, it was just a one-second reaction. After hearing a loud “bang—”, a person rolled to the ground!

And the car slammed straight into a big tree next to it, and the front cover of the car was smoking...

The surroundings were so silent!

Then there was little Mike’s frightened and nervous cry...

“Beautiful sister, strange uncle...”

Su Nan was pushed to the opposite lawn, and there was a sharp pain in her arm, and a sharp pain in her chest. beat.

Before she could react, she only felt a huge force push her away, and what followed was the sound of vehicles colliding!

She turned back, her face extremely pale.

Looking at the man lying in the middle of the road, covered in blood, the tall and indifferent man would have invited her to lunch with a gentle smile a second before, but now...

I don’t know why, but at that moment, her heart hurt like a knife!

Qin Yu ran over quickly, but also panicked, “Call an ambulance!”

She looked at Su Nan nervously and worriedly, “Are you injured?” It

seemed that there was a circle around her, and she couldn’t hear anyone. sound.

Little Mike immediately took the phone watch, his delicate face pretended to be calm, and he was on the phone nervously, but he could hear the panic and crying in his voice...

Su Nan walked over in a ghostly way and knelt down. Beside Fu Yechuan, he looked at him with dull eyes.

His clothes were covered in ash, and even his hair was messy.

The handsome face was pale, the corners of his lips were tightly pursed, and there was no trace of anger on the calm and cold face just now.

All around is his blood.

Su Nan's heart seemed to be entangled by a thin thread, slowly tightening until the blood beads were strangled.

Even breathing became difficult.

He rescued her again.

Qin Yu grabbed her in a panic, "Su Nan, don't scare me!"

She was afraid that something would happen to Su Nan.

Su Nan suddenly calmed down and took out the phone calmly. The screen was broken, but it was still usable.

Called Yu Lou and asked him to contact the hospital and doctor.

Called Chen Mian and asked him to prepare in advance.

He called Shang Qian again and asked him to send someone to pick up Little Mike.

Finally call the police.

She looked at Qin Yu, "You're waiting for the police here, that person is optimistic, it doesn't matter if you live or die."

When she said this, her voice was terribly cold.

Qin Yu nodded heavily.

Within five minutes, the ambulance arrived.

in the hospital.

She had never felt that time was so long and hard.

It seems that one minute can drain one's patience.

She sat there, quietly bowing her head, until Chen Mian handed the tissue in front of her.

"Miss Su, don't cry..."

He said with difficulty, not knowing how he felt.

Only then did Su Nan realize that she had unknowingly burst into tears...

She couldn't bear it any longer, her shoulders trembled violently, her head dropped low, and she choked out.

After the fear and fear came in waves, she admitted that she was afraid of death!

What she feared most was that Fu Yechuan died!

The doctor in the operating room suddenly pushed the door and came out...

...

Three hundred and eighty-eighth chapter vixen

Chapter 388

The news of the fox spirit Fu Yechuan's accident was soon known.

Mr. Fu was in unbearable grief, and went to the hospital with Qu Qing.

When they learned that Fu Yechuan was trying to save Su Nan, the expressions of the two of them were even worse!

Grandpa Fu saw a lot of the world, and his face did not show any dew. He just sat silently in Fu Yechuan's room. In the end, he couldn't support his body and was taken away.

And Qu Qing cried for two hours in his room.

Su Nan sat in the living room of the VIP suite, waiting quietly with a calm face, listening to Qu Qing scolding Sang and scolding Huai inside.

"I just told you to stay away from that woman, she's a vixen!

Every time I put you in danger, I almost had an accident at sea last time, and now it's like this, you still send your own sister out, you're really fascinated. ... woo woo, Ye Chuan, wake up soon..."

Chen Mianhe Yu Lou looked at the calm Su Nan with a tangled expression, she looked calm, as if I didn't care that Qu Qing was blaming her secretly!

Su Yifeng and Su Jin both came back and forth, listening to Qu Qing arguing like crazy in the ward, their faces were displeased.

Su Yifeng went over and patted his daughter's shoulder, "Don't be afraid, little four, take your things, go home and rest first."

Her face was extremely bad. It has been two days and one night since she entered the hospital, and she has not rested. pass.

Su Nan raised her head, her eyes suddenly turned red.

She was helpless.

Chen Mian also stepped forward and persuaded: "Yes, Miss Su, the doctor said that Mr. Fu is in good health. This time it was just a concussion and a broken leg. It will be better soon. It is important that you rest first."

After all, if Fu Yechuan saw this, he would be distressed.

When Qu Qing heard the movement, she ran out angrily.

"Do you still have the face to rest? My son is lying in it now. Su Nan did this to my son, and he still has the face to rest?"

She finally got an excuse, and she wanted to spread the fire on Su Nan.

Su Yifeng's face sank instantly, but as he is, it is not easy to quarrel with a woman here!

On the contrary, Su Jin swept her eyes sharply, and his voice was cold like a knife. "Mrs. Fu, it's true that your son saved my little 4, but it wasn't my little 4 who pushed him into the car. He

gave his life to save people, and you even pointed at the nose?"

The chill was terrifying, and the voice was lowered, but with an inexplicable threat.

Qu Qing choked, she almost forgot, the Su family is not an ordinary rich person, how could they see their daughter being bullied like this?

Not even a heavy word was heard.

She opened her mouth and was really angry. For the woman Su Nan, their mother and son were about to turn their faces!

"You..." As

soon as she spoke, the doctor outside came over with a serious face.

"Ma'am, the patient is still awake and needs enough space to rest, rest!"

He emphasized the word "rest", his face speechless.

Almost kicked people out.

Su Jin pursed his lips coldly, "Listening to Mrs. Fu's scolding, you only care about your own happiness and don't care about President Fu's life and death, right?"

Qu Qing was so angry that her face was ashen. Chong Chong sat on the sofa.

Su Jin walked to Su Nan's side, looked at the broken screen phone on the table, reached out and picked it up, then picked up her bag and handed it to Yu Lou.

The other hand pulled Su Nan up, with a firm voice that could not be rejected.

"Go, go home first."

Su Nan stood up and looked back at Chen Mian. Chen Mian understood and made a phone call gesture.

Anything to call.

Su Nan smiled very lightly.

Su Yifeng took out a stack of photos from the side.

"We got it from the police. They want to check it openly, and we have to check it secretly."

Su Nan took it and looked at the car for a moment, as if he saw Fu Yechuan pushing her out in a trance.

The speed soared to 110, how did he have the courage to run over?

Su Nan's fingertips turned white and trembled slightly.

Su Jin sighed, "We owe Fu Yechuan two favors, Xiao Si, I'm afraid he won't let you go so easily!"

If it was easy, why would he risk his life over and over again?

You can ignore it once, but what about the second or third time?

Su Yifeng closed his eyes, "Then it can't be forced to go to our little four to promise each other. Although I have begun to admire this child, everything is based on the meaning of the little four."

Su Nan pursed her lips, thinking in her heart. Missing a beat, she lowered her eyes and said nothing.

The next photo is of the people in the scrapped vehicle they took.

The one who wanted to kill Su Nan.

It was a completely unfamiliar face, and no one would provoke him in the crowd. His head was covered in blood, he was not wearing a seat belt, and he was lying on the steering wheel as if he were dead.

Su Nan frowned, and Su Jin said, "It's dead on the spot, he drank alcohol, and the police tentatively decided that he was driving under the influence of alcohol, but his account was inexplicably over one million yuan, and the remittance from overseas accounts was almost the source, so he didn't dare to take it lightly. The case is closed."

"One million...you want to buy my life?"

Su Nan murmured, "One million will put Fu Yechuan to death?"

Come to think of it, it's ridiculous!

Su Jin pursed his lips, "For an alcoholic who doesn't have a job, this may be the only chance for him to get in touch with a million in his life."

"Don't worry, your brother will find out all of this. During this time, for your sake. For safety's sake, don't go out for the time being, even if you want to go out, you have bodyguards by your side, otherwise there will be good luck again and again?"

Su Yifeng looked at Su Nan worriedly and tiredly, his eyes were sad.

Su Jin nodded in agreement.

Su Nan paused, "You can't hide, let the bodyguards come."

She was still very clear about this.

She wanted to know, who wanted to kill herself?

She must repay it a hundredfold!

As soon as he got home, Su Nan fell heavily on the bed and fell asleep.

She was really tired, sore and exhausted.

When I opened my eyes again, I saw the red clouds outside the window reflecting the messy treetops. It was quiet and warm, as always, there were many bright evenings, so beautiful.

It was already evening.

She slept all day and night without even having a dream.

On the bedside was a new mobile phone. Su Jin recorded her address book in turn, and even downloaded and installed the software.

She picked it up and looked at the countless calls and messages.

Some were asking if she was okay, some were asking if Fu Yechuan was okay... In the group of four of them.

Qin Yu: "To tell the truth, this time I have changed my opinion of Fu Yechuan. Those who can sacrifice their lives for you, you should think about it!"

Ning Zhijiao: "Same as above."

Qin Yu: "But don't be under pressure, If we can't be a couple but can be friends, we just don't hate him..."

Ning Zhiliao: "Same as above."

Qin Yu: "Are you out of your mind? @ningzhiliao"

Ningzhiliao: "You can tell me all the good things, I have an opinion! @ Qin Yu"

Cheng Yi: "I'm completely cold, and Fu Yechuan made me look up! Sad..."

Qin Yu: "Cheng Ershao, haven't you been cool long ago?"

Ning Zhijiao: "Same as above."

Cheng Yi : "The friend has left the group chat. Smile!"

Chapter Three Hundred and Ninety He Can't

Chapter 390 He can't do it

. Su Nan didn't reply to any messages. He washed up again, put on a mask, and his face looked better.

Su Yifeng was downstairs waiting for her to eat, and he was relieved after watching her finish her food as if nothing had happened, and drank a bowl of fish soup.

He hesitated before speaking: "Little Si, don't have any psychological pressure on this..."

Su Nan smiled with a relaxed expression.

"I know, I'll be fine. Fu Yechuan is no longer in danger. He can pay back what he owes him. As for the rest, I don't want to talk about it yet."

But in the end, I can't hate him as much as before.

But let's talk about it together...the idea flashed through her mind!

She only hoped that Fu Yechuan would be fine!

In the final analysis, the entanglement between the two is too deep, and in the end, it is unclear who owes whom.

Su Yifeng nodded in relief, knowing that her daughter had figured it out.

He stretched out his hand to say hello, and came in a tall and strong man, wearing a black suit and sunglasses, with a fierce look on his face.

"Bodyguard?" Su Nan looked at the outfit and knew his identity at a glance.

Su Yifeng nodded, "It's called Chang Li, a master, and the world's number one. I followed me before, and then I retired. He didn't need him for fishing, so he took a long vacation and let him follow you in the future."

Su Nan pursed his lips. , nodded, and naturally would not reject Dad's kindness.

"Hello, Miss."

Su Nan smiled, "It's hard work, Chang Li."

Chang Li's fierce expression did not change, and he nodded slightly, even as a greeting.

Su Nan's cell phone suddenly rang, it was Chen Mian.

She picks up.

"Miss Su, it's not good, Mr. Fu..."

Chen Mian hesitated, but Su Nan's face instantly turned ugly, hung up the phone, and ran out like the wind.

She panicked.

Chang Li quickly drove out of the car with a rough voice: "Miss, get in the car!"

Su Nan jumped on without thinking.

Chang Li stepped on the accelerator with one foot, and it took ten minutes for the twenty-minute journey.

She arrived at the door of Fu Yechuan's ward and eagerly pushed the door in.

Qu Qing was not there, nor was Mr. Fu.

Chen Mian sat in the living room with a sad look, "Miss Su..."

Su Nan's heart sank slightly, and he ran in quickly.

The person on the bed was still lying quietly, as lifeless as the day before, with a pale face.

It's just that the tubes of the testing instruments that were originally inserted into his body were pulled out.

Even the ups and downs of breathing in his chest were gone...

Su Nan was stunned for a moment, and suddenly felt that the darkness in front of him was overwhelming, and this darkness was suffocating!

impossible!

The doctor clearly said it was all right!

Her heart seemed to be kneaded heavily, and it was so painful that she couldn't even breathe.

It turned out that the heartache seemed to be the feeling of being torn all over the body, and every cell was filled with despairing pain.

Su Nan stood there, his consciousness gradually being swallowed up by the darkness, his legs were weak and he was about to fall.

Chen Mian couldn't help shouting

from behind, "Miss Su, be careful—" He quickly helped her from behind, and Su Nan stood up.

At the same time, he also saw the man's right foot curled slightly under the white silk quilt on the bed.

Just a slight movement, Su Nan was keenly aware.

She froze all over, and was stunned for a few seconds before gradually realizing what was going on.

After a pause, he gradually regained his clear consciousness.

Chen Mian looked at her with astonishment at the moment when she was clearly desperate.

But in a blink of an eye, she actually recovered coldly?

He let go of his hand before he could say anything, remembering President Fu's instructions, and shut up embarrassingly.

Su Nan stepped forward calmly and touched Fu Yechuan's face, his fingertips were slightly cold, lingering on his face.

She opened her lips coldly and coldly: "Is the funeral home scheduled?"
