Chapter 481 Watching a good show

, Fu Yechuan's attitude is resolute and indifferent, and there is no way out.

It was completely different from what she thought.

Hong Yihuan couldn't hold it anymore, her face panicked, and there were sparkling and pitiful tears in her eyes.

The red blood gradually filled her eyes, and she looked at him tremblingly, looking like she was about to cry.

"Mr. Fu, why? Everyone says we are a good match..."

She is the youngest daughter of the Hong Group. With this level of identity, the distance between her and him has been shortened.

Why didn't he want to take another look?

Since they are married, why not find her?

During this time, she could see clearly that Su Nan didn't see him at all!

But why didn't she have the slightest chance?

She wondered, expectantly.

But Fu Yechuan didn't even look at her, so he didn't bother to explain to her, why waste time for someone who doesn't matter?

He took out his mobile phone and called Wu Tutu.

"Find someone to come and clean up the room." The

voice was cold, as if counting nine cold days, so cold that even the bones trembled.

Turning to go out, but suddenly stopped.

He looked at Su Nan who was standing at the opposite door, his mood suddenly became complicated, and there was a trace of panic, as if he was afraid that she would misunderstand something.

He hurried forward, his face was ugly, "Su Nan, why are you here..."

Su Nan raised his eyebrows and rolled his eyes.

Don't hide your little emotions.

"I'm watching a good show!"

She had expected something wrong from the beginning.

Until the cup of coffee was accidentally spilled on Fu Yechuan, she realized that something was wrong with the assistant who delivered the coffee.

Think and think...

Who is it?

By the way, it's a little guy who does chores for Tang Kai. One of the employees who followed Hong Yihuan to help the Juli Group. He must be very familiar with Hong Yihuan.

Otherwise, why don't you come by yourself and create opportunities for Hong Yihuan?

So, she caught up on purpose, and it just so happened that she watched the whole good show, but no one noticed.

This play is much more exciting than Su Qi's play below.

It's a pity that Hong Yihuan's conduct is still too shallow, she should not be called a reporter, she should have called the parents of both parties to come out!

Fu Yechuan stood on the spot, her face was ugly and hurt for a moment, and the way she didn't care about anything was the most poignant wound.

It's better to be angry or scolded him, it's much better than staying out of it now.

"Does it look good?"

His voice was extremely calm as if nothing had happened.

Su Nan curled the corners of her lips, "Although it's a bit cliché, but it's wonderful..."

This woman is not very clever, so she uses old tricks, but she never tires of seeing it, who made her dare to design Fu Yechuan Woolen cloth?

Her eyes swept over his cold eyes, but unfortunately that woman had no chance. Originally, she really planned to help her.

But it's okay, it doesn't matter if she designed Fu Yechuan, she wouldn't ignore it if she came to design her.

Fu Yechuan walked over with a cane, his aura was awe-inspiring and indifferent, and a faint chill shrouded his body.

As he approached, he smelled the pungent mint scent on him.

Su Nan was slightly startled, lost for a moment, then raised his head and restrained his smile.

Fu Yechuan looked down at her, his thin lips parted lightly: "If the heroine were you, it would be even more exciting."

That must be an unimaginable ending.

He's been looking forward to it for a long time.

Su Nan stared at him without evading and suffocating unconsciously.

Then he laughed lightly.

"I can consider changing to a male protagonist."

Fu Yechuan's eyes were slightly cold, and he stared at her without moving. The feeling in his heart that his own things were being missed made him extremely uncomfortable!

He took a step forward, ignoring the inconvenience of his legs and feet, pushed her to the wall, and pressed her to prevent her from moving...

...

Chapter four hundred and eighty second fire it

Chapter 482: Fire it

, Fu Yechuan's eyes deepened, Su Nan's eyes flashed a trace of panic, and then he stared at him angrily.

Do not give in to each other.

The two were very close, and Fu Yechuan's breath was close to his eyes.

Su Nan's heart beat for a moment, he raised his hand and wanted to push him away, but the next second, Fu Yechuan restrained her hand and looked at her darkly and deeply.

His voice was low and hoarse.

"Su Nan, what else do I have to do, what do I have to do before you forgive me?"

That kind of unforgettable pleading and showing weakness, as if to open his heart and let her see the bloody facts.

Su Nan looked up at him, her heart felt as if it had been electrocuted, and she shuddered. She gave a low laugh:

"Mr. Fu doesn't have to do anything, I don't eat grass."

Her heart was like a hard rock.

A moment later, the sound of heavy and unfamiliar footsteps came from the side.

Who can be so ignorant to come up at this time?

"Miss Su, the curtain call is about to end, shall I send you back?"

It was Shang Qian.

His warm voice seemed to save her, and she was almost shaken by Fu Yechuan's sadness.

Su Nan calmly pushed the person in front of her away, her eyes cold, "Okay, I'll trouble you."

After speaking, she ignored Fu Yechuan who was on the side and walked directly to Shang Qian.

Holding his arm, he entered the elevator.

I could feel that I got cold and sharp eyes and followed them all the time.

Fu Yechuan felt that he was about to lose control of his emotions, and he could only watch her leave.

The feeling in my heart that I really want to lose her is getting stronger and stronger.

He was afraid, worried, afraid, but he didn't dare to say it.

His fists were clenched tightly, and it took a long time for him to return to normal.

...the

next day.

Su Nan got up early in the morning. The weather outside was fine, birds were chirping on the branches, and the dense tree shade slightly blocked the light from the balcony.

She stretched and went to the company early in the morning.

When Su Nan goes to the company, she always dresses as she likes. Sometimes she wears a casual skirt, sometimes she wears a semi-formal suit. She doesn't deliberately portray herself as a strong woman just because she is in the company.

Anyway, no one dared to say anything.

Yu Lou followed the office with the documents.

Su Nan took a sip of the coffee that had been prepared on the table.

Very comfortable.

She curled her lips, "I don't need to do anything else today, I instruct the personnel department to fire Hong Yihuan and go now."

Yu Lou was stunned for a moment, a little surprised.

"Also, go and find out what projects the Hong Group has been working on recently. If the project is good, we'll take it over."

Yu Lou didn't dare to ask any more questions, and he didn't dare to delay at all.

"Yes."

He went out immediately.

Su Nan has never been someone who doesn't leave room for others. Hong Yihuan was fired after staying for less than three days, which must have been a big taboo for her.

Hong Yihuan is also a member of the Hong family. Generally, celebrities find an internship in a company, and no matter how bad they are, they will be "automatically resigned."

There was a meeting in the morning, and Su Jin went to have a meal at noon. When he returned to the company in the afternoon, Yu Lou came over to report.

“Hong Yihuan has been waiting for two hours to let her go. She has to see you.”

Su Nan chuckled indifferently. Now she knows she is dying?

What are you doing so early?

“There’s no time, don’t waste time, let her go wherever she wants.”

Yu Lou, as expected, just wanted to understand Su Nan’s attitude, and then withdrew.

...

Chapter 483 No need to quibble

Chapter 483 No need to quibble about

the Su Group, the rest area.

Hong Yihuan sat there with a pale face, a little lost.

The news of her dismissal hasn’t been announced yet, and it’s too late.

Hong also spent a lot of effort to arrange her here. If she knew that she had messed up everything, she would not dare to think about it, she would be beaten back to her original shape at once!

She has finally gone from a person who has carried the infamy of an illegitimate daughter to the present, and is just one step away from getting rid of those nightmares of the past forever.

At this time, she seemed to be hanging on a cliff, and if she was not careful, she could be shattered to pieces.

“Miss Hong...”

Hong Yihuan stood up awkwardly, nervous.

Yu Lou walked over, looking polite.

“Mr. Su has two meetings to come. I really don’t have time. Please go back.”

Hong Yihuan opened her mouth, her face pale, “But, I don’t understand, why did you suddenly fire me?”

She still secretly thought to herself. With a bit of luck.

Yesterday, when Fu Yechuan ignored and humiliated, she had never been so uneasy before.

As long as she stays here, it means there is still a chance.

She couldn't run away like this.

Yu Lou chuckled, "Then ask Miss Hong what she has done wrong."

He didn't need to ask Su Nan why he was so angry, there were enough ways to deal with the rogues.

Hong Yihuan's face turned pale and pale, and his eyes stagnated for a moment.

That incident was only one night, and Su Nan would not have known it so quickly.

She bit her lower lip.

"I want to see President Su. I must explain to her personally. If she is dissatisfied with anything, I can apologize to her."

She seemed aggrieved and could endure all unequal and unjust treatment. .

Yu Lou's eyes are obviously a little light, but he still maintains a good professional quality.

"Miss Hong doesn't need to apologize, you have already been fired, this is the price, you should go back to be the daughter of the Hong Group..."

We Su are always the person in charge of the Su Group, so we don't have much mood and time. To deal with the problems of ordinary employees, we can only follow her instructions." In

a panic, she said eagerly:

"No matter what, I am also the daughter of the Hong Group, so is it that President Su treats me like this?"

Yu Lou's reaction was cold, and he didn't give her a high look because of those words.

"Then let the chairman of the Hong Group come to negotiate with our President Su in person."

After speaking, Yu Lou greeted the bodyguards who came to the side, and gave orders without concealment.

“Miss Hong please leave the Su Group.”

“Yes.”

Hong Yihuan’s eyes were flustered and confused, his face was hot, as if he had been slapped in public.

She instantly understood what Yu Lou meant.

As far as Hong Yihuan is concerned, she is at most the daughter of the Hong Group.

However, Su Nan owns the entire Su Group.

The two of them were not equals that could be compared.

She didn’t even have the qualifications to meet Su Nan.

She stood there in a panic, surrounded by bodyguards, “please...”

After leaving the Su Group, it would be even more miserable when she returned to the home that did not belong to her.

But she had to leave...

why?

Did Su Nan already know about that?

Hong Yihuan’s body was stiff, standing under the sun at the door. The hot sun didn’t make her feel any warmth, instead, there was a chill on the soles of her feet, which slowly extended up her spine.

Su Nan didn’t even need to question her, and he didn’t even bother to listen to her explanation. No, I didn’t want to listen to her sophistry!

Perhaps she had long expected that even if confronted, she would refuse to admit it.

Hong Yihuan didn’t have a moment, like now, he was dripping with cold sweat and weak, sitting on the garden steps by the door in prostration.

She looked up, and the tall and luxurious high-rise buildings were in front of her, as cold as a giant beast, swallowing people’s hearts.

And she, how humble, doesn’t deserve to go in.

...

Chapter four hundred and eighty fourth sweeping out

Chapter Four Hundred and Eighty-Four Sweeping Out

Hong Yihuan's inexperienced means, under the sun, has nowhere to escape.

She sat there and waited until dusk was about to fall.

She dare not go.

She thought of countless ways to deal with Su Nan's tricks.

How will Su Nan deal with her?

Angry, annoyed, or hitting her...

She knew that her target was Fu Yechuan, and no matter what the reason, she would always be a little different to herself.

But at this moment, she suddenly realized that in Su Nan's eyes, she was nothing.

Let her enter the Su family in an upright manner, and let her get out of the way in an upright manner.

Su Nan stepped out of the high heels with a cold temperament. Beside her, in addition to the bodyguards and assistants, there were also heads of various departments, scrambling to talk about important matters and seek her opinion.

There was a look of sympathy and respect on their faces.

The aura and feeling of the stars holding the moon was something Hong Yihuan didn't even dare to think about. She suddenly realized the gap between herself and Su Nan.

What if she became a group daughter from an illegitimate daughter?

The despicable selfishness in her bones is like a fish in a stinky ditch compared to Su Nan who is standing in the sunshine.

At that moment, she suddenly did not dare to go up and explain.

She is already a joke, do you want Su Nan to laugh in front of her?

She paused, suddenly turned around and walked away, in the opposite direction.

...

Fu Group.

Chen Mian saw that Fu Yechuan's face had been ugly recently, and the methods in the company were more resolute and merciless. It was estimated that Su Nan was not very happy.

Everyone reported their work timidly.

When it was time to get off work, Chen Mian knocked on the door and went in.

"Mr. Fu, I just got the news that the Su Group fired an employee today."

Fu Yechuan raised his eyebrows, Chen Mian would not talk about such trivial matters as firing ordinary employees.

Sure enough, Chen Mian continued, "It's Hong Yihuan."

Fu Yechuan's eyes flashed with disgust, and his voice was cold.

"Deserved."

He didn't want to care.

Chen Mian: "Mrs. Fu just called and said that Miss Hong has nowhere to go and wants her to come to work in our company." For a

moment, the atmosphere froze.

Chen Mian bit his head and looked at Fu Yechuan's face a little bit ugly.

He looked at him gloomily, his tone merciless.

"It's absolutely impossible not to leave waste in the company."

These words are really without any sympathy.

Chen Mian nodded slightly, "Yes."

He could only find a way to deal with Qu Qing.

Fu Yechuan was silent for a second, then spoke again, extremely indifferent:

"The place where Hong Yihuan lives is the place that Mrs. gave him, go and take it back and drive people away. I don't want to see her again."

Chen Mian was excited and knew This Fu can't hold Hong Yihuan for a while.

“Okay, Mr. Fu.”

He didn't dare to ask more questions, and went straight to work.

Hong Yihuan did not wait for the result in the Fu Group, so he could only go back to his residence first.

But a polite middle-aged man stood at the door waiting for her.

“Miss Hong, we have already taken this house back, can you rent it out?”

Hong Yihuan's face turned pale, and he was at a loss for a while.

“This is where the wife of the Fu Group found me.”

“We also follow the rules. Early tomorrow morning, whether you are here or not, we will come and collect the room.”

This was an ultimatum.

Got kicked out?

Who is the person who doesn't take Qu Qing in his eyes?

Hong Yihuan didn't even have to think about it.

She seemed to have really offended this man – Fu Yechuan.

She could only pack her things, and rushed back to Hong's house in a dreary night.

...

Chapter four hundred and eighty fifth what you did

Chapter Four Hundred and Eighty-Fifth The good thing you did to the

Hong family.

As soon as Hong Yihuan entered the door, he noticed that the atmosphere was not right.

When she saw Hong Jingyan's car parked in the yard, she must have come back.

Usually when she comes back, she can't wait for the gongs and drums to make a riot and make everyone know it, and she likes liveliness the most.

When it's so deserted, it basically doesn't appear.

The silence of the environment made her even more uneasy.

Hong Yihuan pushed the door open, and a glass ashtray fell towards the door. She was shocked, and a sharp pain came from her shoulder.

She gritted her teeth, dripping with cold sweat, looked up with a pale face, and saw Hong Jingyan and Hong Ye father and daughter sitting on the sofa, their faces indifferent and ugly.

"You still have the guts to come back and let you approach Fu Yechuan. You ran back in shame and didn't say anything, and you caused such a big disaster?"

Hong Jingyan said angrily and meanly, and waited for her to come back in a fit of anger.

No mercy now.

"Haven't you been delusional about climbing Gaozhi? Where have you gone? You and your mother haven't learned the slightest bit of skills, have you?" From the

outside, I saw Hong Jingyan, the eldest daughter, who was gentle and generous, but she was mean and indifferent in private. Her sister has seen it.

Hong Yihuan instantly stiffened in place, looking at her and Hong Ye beside her dully.

This father in name and blood has also regarded her as a shame since he was a child.

Hong Jingyan's actions have always been acquiescence and laissez-faire.

Hong Yihuan bit her lower lip and lowered her head, not daring to say a word.

The constant anxiety and panic in their hearts spread to their limbs and bones. Did they know that they were driven away so soon?

How much do they know?

Seeing that she was silent, Hong Jingyan was even more angry.

She took a few steps forward and pulled her hair in, the strength in her hands was terrifying.

"Say, you're dumb? All the good things you've done, you still have the face to come back? A shameless illegitimate daughter, what's the use of your life?" In an

instant, the world was spinning, and Hong Jingyan pushed her to the ground, the pain was terrifying. .

She looked at her father Hong Ye as if asking for help, and Hong Ye had a cold face, with disgust and disappointment in his eyes.

He pointed to her: “your sister is right, what’s the use of asking you? I can’t even do this trivial thing well, I’ve already greeted the Fu family, as long as you make Fu Yechuan happy, you can marry him. No problem, but you don’t even have the ability?”

Pain and indifference shrouded her body.

Hong Yihuan suddenly remembered that night, she had already done that step, but Fu Yechuan was still unmoved.

That look is no different from Hong.

Hong Yihuan couldn’t help sobbing and begging for mercy, she was used to this bullying atmosphere.

There was no way, if she couldn’t bear it, she would have to go back to the days when there was no hope in the past.

Once she has tasted the sweetness of the rich, she can’t let it go. Instead of going back to the past to see everyone’s faces, it is better to just look at the faces of these two people.

Hong Yihuan gritted his teeth and cried in a low voice, begging them to let him go.

“Fu Yechuan doesn’t like me, so I can’t do anything about it. I’ve used all the methods, but he doesn’t even look at me.”

Hong Jingyan laughed angrily and sneered:

“It doesn’t matter if you didn’t coax Fu Yechuan well, you offended Su Nan. What’s the matter?”

She said in a terribly cold tone, her teeth tickling with hatred.

Hong Yihuan was taken aback and raised his head.

“Pretend, right? Today, a big project that has been discussed for more than half a year was released. Do you know who robbed it? It was the Su Group, and Su Nan made it clear, she took the list and let the Hong family The people who teach you how to be a good person!”

**Most of the readers are now reading this novels:-**

## **Read Divorce Billionaire Heiress Chinese Language Chapter 486-490**

Chapter 486 You are not qualified

Hong Jingyan pointed at her with an ugly face, and couldn't help but go up and slap her.

"It's all your good deeds. What did you do to make Su Nan so angry? The little sisters in the circle are laughing at me. How can I have a useless sister like you?"

Originally, the circle of celebrities was not large, but they The inland business is not the same as the international Su Group, and there is no intersection in the circle.

But everyone knows that Su Nan's circle is at the top of the food chain, and they can only look up.

Hong Yihuan was slapped and his face was hot.

Scared and ashamed.

It turned out that Su Nan knew everything.

It's just that she passed Hong Yihuan directly and went to find the Hong Group.

Her fault, let the Hong family bear.

Such a bright warning to her made her understand the difference between herself and Su Nan.

Su Nan moved his fingers, Hong Yihuan and her family were not even qualified to resist.

Really not giving in.

Looking at Hong Yihuan's useless appearance, he remembered that her mother's little 3 was so pitifully destroying other people's families back then, and Hong Jingyan was even more ruthless.

He kicked over and asked condescendingly,

"Tell me, what did you do?"

Hong Yihuan had no choice but to tell the truth.

...

Su Group.

Su Nan listened to the department's report in the office, and knocked on the door of Yulou to come in.

"Mr. Su."

Su Nan nodded, glanced at the department supervisor, and the man withdrew wisely.

Yu Lou: "Hong from Hong's Group also called and said that it was because of Hong Yihuan. He wanted to apologize in person and talk about cooperation by the way."

Su Nan couldn't help but chuckled. She asked Fu Yechuan to introduce him. At that time, Hong also looked like he didn't care, thinking that by clinging to the Fu Group, he could always have his own place?

Looking back on that scene, it was really ridiculous and pitiful.

She just grabbed a small project, so the Hong Group is in a hurry?

They were too impatient.

Su Nan's eyes flickered slightly.

"It's okay to cooperate, the Su family doesn't dare to climb high."

Yu Lou immediately understood what Su Nan meant, "Yes, Mr. Su, but the power in the central part should not be underestimated..."

Su Nan smiled casually. "There

is more than one Hong Group in the central part. The Shen Group, the enemy of the Hong Group, has already extended an olive branch. You can let the Hong Group know this news."

She is not afraid of offending anyone or losing much business. .

The Hong Group did not come with sincerity, and they arranged their daughter in the Su Group and never greeted her, which shows that they did not intend to have any interaction with the Su Group.

In this case, it is better to simply refuse.

lest they be selfish.

Yu Lou immediately nodded, "Yes, Mr. Su."

Su Nan smiled with satisfaction, looked down, and received a text message on his phone.

It was the voice from little Mike.

"Beautiful sister, they want to invite you to a candlelight dinner..."

Su Nan heard a sticky and glutinous voice, sweet and soft like cotton candy.

She replied: "Okay..."

It's been a long time since I saw little Mike, and I really miss him a bit.

Thinking that Little Mike liked Su Xiaohu the most, she immediately asked Su Qi to bring Su Xiaohu over, making Little Mike happy to see him.

Less than fifteen minutes.

Su Qi reluctantly wore sunglasses, drove a sports car, and appeared at the door of the Su Group in a high-profile manner.

Immediately attracted everyone's attention.

Su Qi's peerless beauty soon became a hot search again, and when he saw his sister, he lifted his hair proudly.

"Hey, how can I be mediocre? I'll bring you some new diamond jewelry, free advertising, don't miss it..."

Su Nan gave him a blank look.

"The new diamond jewelry mainly focuses on pure youth style. If you bring goods, you will lose this season..."

Su Qi's face was stiff: "..."

...

Chapter 487 Daddy helps you

Chapter 487 Daddy helps you

in the nanny car not far from the Su Group.

A nanny and a bodyguard sat next to a little Mike with yellow curly hair, and put their hands on their knees honestly.

like three children.

On the opposite side is the uninvited Shang Qian.

Except for little Mike, everyone else always has a kind of fear for Shang Qian.

Therefore, the nanny and bodyguard, who usually actively give advice to little Mike, do not say a word at this time, and try to reduce their sense of existence.

Only little Mike dared to express his dissatisfaction.

“Please get out of the car, Daddy, this is a solo date with my beautiful sister, I don’t want light bulbs to disturb us!”

Little Mike pouted, pinched his waist, and sat there, trying his best to let his aura see Get stronger.

Shang Qian finished processing the last email with the ipad in his hand, and then looked up at his son.

Be as gentle as possible.

“I also happen to be free, and I just have a job to discuss with my beautiful sister. It’s okay to have a meal on the way.”

“No!”

Little Mike frowned tightly, very dissatisfied.

No one can interrupt his date with his beautiful sister, not even his biological father!

Shang Qian hooked the corner of his lips.

“Mike, if Daddy doesn’t go, that Fu Yechuan will take the opportunity to disturb you. Do you want to see him?”

Little Mike lowered his head with a frown, of course not!

He hates that bad uncle even more!

Shang Qian coaxed earnestly, “Fat water doesn’t flow to outsiders, we can’t be cheap to outsiders, Daddy has a good relationship with beautiful sister, isn’t it just that you have a good relationship with beautiful sister?”

Little Mike raised his head ignorantly, um, what Dad said seemed to make sense.

Compared with Fu Yechuan's bad uncle, Daddy is his own.

But...

Little Mike looked up: "I can have a good relationship with my beautiful sister, Daddy, you don't have to come forward!"

Shang Qian's smile stiffened at the corner of his mouth.

The nanny and bodyguard on the side breathed a sigh of relief and looked out the window.

It's good, the young master is not so easy to fool!

Little Mike continued to make up for the knife: "Daddy, you have to work hard to make money. In the future, my wife and I, oh, my beautiful sister, will all depend on your inheritance to live on..."

Shang Qian's face was dark. Yu Yu looked at little Mike, holding back his temper.

Yes, he is still a child!

He gritted his teeth and smiled, "If you don't let me go, I won't give you my inheritance!"

This is really embarrassing, little Mike!

He thought about it.

Forget it, for the sake of inheritance, I can only reluctantly accept this light bulb!

Little Mike glared at him fiercely until Su Nan got in the car.

"Beautiful sister..."

Opened the car door, before Su Nan could see who it was, a milky little Mike rushed over.

Su Nan quickly caught it and pinched his little face, "Our little Mike is getting more and more handsome!"

Little Mike shyly shrank into Su Nan's arms.

Seeing this, Shang Qian on the side sneered.

This son has never been so shy before.

Haha, it looks so similar!

Su Nan heard the movement and was a little surprised to see Shang Qian.

“President Shang?”

Shang Qian nodded slightly and smiled calmly and warmly.

“Mike invited me to your dinner, does Miss Su mind?”

Little Mike glared at him speechlessly, this old father is really full of lies!

How could he possibly invite?

He is a threat!

Before Su Nan could speak, he hurriedly replied,

“Sister pretty, if you mind, we’ll let him leave, and no one will disturb us.”

His eyes were full of anticipation, please say you mind!

...

Chapter 488 Surprise and delight

Chapter 488 Surprised and happy

Su Nan didn’t see what he was thinking, “Of course I don’t mind.”

Little Mike was extremely disappointed.

But after seeing Su Xiaohu, little Mike regained his spirits and held Su Xiaohu excitedly and didn’t let go.

to the restaurant.

Little Mike didn’t get out of the car in a hurry, but mysteriously let Su Nan and Shang Qian go in first.

The restaurant has a quiet environment, and at first glance, it is reserved in advance.

Shang Qian walked up to the front very gently and opened the chair for her. There were burning candles on the table, and the atmosphere was beautiful and ambiguous.

A few minutes later.

Little Mike excitedly held a box the size of a shoebox, and a large bunch of... chrysanthemums.

Su Nan almost fainted when he saw the flower.

Shang Qian didn't expect that his son could prepare this flower, he was stunned for a while, he hid it deeply enough.

He seemed to regret following along.

For a time, the two adults became nervous.

Little Mike walked over with cheerful short legs, and ran over, holding up a handful of white chrysanthemums in his hand.

"Beautiful sister, I wish you will always be as fresh and beautiful as the chrysanthemum you like!" For a

moment, the environment seemed a little weird.

Shang Qian turned his head away, silently pretending he didn't hear or see.

No, this is not his son!

Looking at this situation, about two seconds later, in order not to attack the enthusiasm and goodwill of the children, Su Nan took over with a smile.

"Thank you little Mike, my sister likes it very much..."

She placed it on the other side of the candle, the farther the better.

Dizziness!

Little Mike excitedly took out the shoebox-sized gift box and opened it directly.

"I collected gemstones of different colors in the world, and made a gemstone photo for the photo of my beautiful sister. It's unique..."

Su Nan saw it, and it was a picture frame drawn in gold, simple and generous. Full!

And the photo inside is a photo they took casually when they were playing in country F, only Su Nan.

And every inch on the photo is divided into different color modules, from light to dark.

It's just that the color is not used to fill it, and the gems of different colors are used. They are cut in the same size.

Noble, with a trace of tacky!

Su Nan is knowledgeable. It is not easy to collect so many natural gems. Grinding them to the same size will mean losing more other materials.

He was not allowed to send gold before, but now he sends gems instead?

This photo is the most precious photo in the world!

Seeing Su Nan's surprised look, little Mike was very proud.

"Beautiful sister, don't you like it so much that you don't even know what to say?"

Su Nan's hand trembled slightly and looked at him subconsciously.

Refuse it, this is still her own photo.

Do not refuse, this gift is precious beyond the bounds.

Shang Qian coughed.

"Miss Su, since it's Mike's intention, then accept it. Compared with his life, this little thing is nothing."

Little Mike nodded solemnly, "Yes, it's nothing!"

Su Nan calmed down. After a few seconds, he nodded.

"Okay, I like this gift very much, thank you little Mike."

She put the photo next to the bouquet.

Just for a moment, she felt something weird was wrong.

That flower, that photo, and that candle next to it...they

are stuck in my throat!

Su Xiaohu on the side jumped up, swept the flower to the ground with his tail at will, and walked around like a mess.

Little Mike pulled it down excitedly, holding its little head.

“Little tiger, you are fake, you can’t make trouble!”

“No, they are real tigers!”

...

Chapter 489: A family of three

Chapter 489 The family of three

even questioned that it was fake?

Su Xiaohu shook his tail and instantly felt that little Mike was not cute.

Little Mike frowned, and in order to verify its authenticity, he held a piece of beef jerky on the table and pinched its tiger’s mouth.

“You eat, little tiger...”

Su Xiaohu tried his best to get rid of this child’s enthusiasm, but his strength was not strong enough.

It’s aggrieved.

Just when Su Nan couldn’t see that he wanted to help, Su Xiaohu was forced to dig the air twice with his front paws.

“People don’t eat it, they’re fake tigers...”

A ferocious tiger, in front of a simple child, loses his dignity!

It shivered and lay silently in Little Mike’s arms, looking at Su Nan twitchingly. Mama didn’t even help it...

Su Nan lowered her head and ate quietly.

Shang Qian had expressed his thoughts to her before, so Su Nan tried his best to hide the weirdness in his heart.

The two kept their mouths shut and didn’t mention the previous things, so they wouldn’t be in the cold. It was just that Shang Qian gave her and little Mike food from time to time. She seemed to be able to detect his gaze that briefly stayed on her.

She could only act as if nothing had happened.

After dinner, take her home.

Little Mike was so tired that he fell asleep in the car.

Su Nan got out of the car with Su Xiaohu in his arms. Shang Qian only took the box down for her, and looked at her apologetically.

“Little Mike doesn’t understand the meaning of flowers, I will teach him.”

Su Nan smiled, “It doesn’t matter, children are not malicious.”

There was a hint of relaxation at the corner of Shang Qian’s mouth, “Next time I prepare roses, will you like it?”

He was testing.

Su Nan instantly understood what Shang Qian meant.

Roses are not only given to lovers, aren’t they?

“I prefer cactus.”

The cactus that refused to be thousands of miles away.

Shang Qian raised his eyebrows and lowered his head with a smile.

“Well, I’m good at liking what I want”

... in the

meantime.

Jingyuan.

As soon as Fu Yechuan went back, Erha couldn’t wait to pounce.

He kicked away irritably with a cane.

“Isn’t Lu Qi back? Why haven’t you taken it away?”

Wu Tutu chased the dog around with a bowl of dog food.

“Mrs. Lu came back together and said that she doesn’t like dogs, so let it go for now.”

“I don’t like it either!”

Fu Yechuan's face was cold, this Lu Qi was making trouble for him all day long!

Just as he was talking, Lu Qi's phone call came.

He's bored, pick it up.

Lu Qi: "God, old man, are you out?"

"What do you mean?"

"Su Nan and Shang Qian took his son to eat at a Michelin restaurant, and they even booked a table. It felt like a family of three. !"

Fu Yechuan's eyes suddenly sank, sharp and cold, and the aura around him became cold.

"What about now?"

His voice suppressed uncontrollable anger.

"Let's go together..."

Lu Qi wanted to say a few more words, but it was rare to see Fu Yechuan lose his temper, but without the following, Fu Yechuan hung up his phone immediately.

Simply neat.

Fu Yechuan's eyes seemed to hide a flame.

Wu Tutu took Erha over tremblingly.

He could hear the phone call just now.

"Mr. Fu..."

Fu Yechuan's face was ugly, "I don't care what method you use, let Su Nan come over."

Wu Tutu also knows how failed he is as a strategist. It is not ordinary who asks President Fu and Su Nan. What about people?

"I...I didn't..."

Fu Yechuan's gloomy eyes swept over before he could say a few words.

"You've only lived a few years, have you lived enough?"

Wu Tutu's voice changed, "I'm fine."

Fu Yechuan went to the study upstairs.

Wu Tutu sat on the ground as if his body had been ripped off.

This President Fu is too scary.

It seems that it is usually approachable!

Wu Tutu quickly took out his mobile phone and found Su Nan.

"Uuuu...Miss Su, President Fu just fell downstairs..."

...

The four hundred and ninetieth chapter refuses you to do it

Chapter Four Hundred and Ninetieth Reject Your

Action Su Nan was just about to rest when he received a call from Wu Tutu.

In a panic, he took the key and ran out.

Thinking of Fu Yechuan's limping walk, she was already very guilty. If her injury was delayed and her leg could never recover because of her, she was afraid that she would owe him for the rest of her life.

Chang Li drove, and the 20-minute journey took only ten minutes.

Arrived at Jingyuan.

As soon as Su Nan entered, Wu Tutu hurriedly greeted him.

"Miss Su, something has happened. President Fu started to have a fever just after he fell downstairs, and now he's unconscious!"

Su Nan frowned, and when he heard this, his heart froze.

"Have you called a doctor?"

Wu Tutu was stunned for a moment, and then immediately spoke up.

"Call... Called, but there was an accident on the way to the doctor. It will take a while."

Su Nan went directly to Fu Yechuan's room. The man was lying on the bed, his face pale and sweat oozing from his forehead. Beads, it looks like she has a real fever.

Erha on the side was walking around the bed, playing with the crutches standing beside him.

Su Nan frowned, would a fall cause such a serious fever?

Wu Tutu was as anxious as the ants on the hot pot.

"Miss Su, what can I do? President Fu is most at ease with you. You must not leave at this time..."

She reached out and touched his forehead, a big hand He squeezed her wrist tightly.

Fu Yechuan opened his eyes, and there was a trace of weakness and injury in his dark and deep eyes.

He seemed vulnerable and confused.

Hard on his hands.

Su Nan couldn't break free.

She frowned.

"Su Nan, you still care about me, right?"

His voice was hoarse, weak and expectant.

Su Nan looked at him calmly.

"Your leg is injured, I'm responsible, I won't sit idly by."

Fu Yechuan's eyes darkened, and the corners of his lips pursed into a straight line.

His face slowly softened, "Alright, I will feel at ease when you are here." He would not think about what she and that Shang Qian were talking about?

He closed his eyes in time to cover up the flickering anger in his pupils.

No one noticed.

Wu Tutu was in a dilemma with ice cubes and a towel on the side.

“Miss Su, let Mr. Fu cool down, don’t burn it out, he’s hot all over...”

Su Nan nodded, she was about to get up and give up her seat, but Wu Tutu threw things in her head. to her.

“Oh, the doctor encountered an accident on the way. I have to pick him up in person, so I can’t delay it!”

After he finished speaking, he ran out without saying a word, for fear of being stopped by someone.

Su Nan frowned: “...”

She looked at Chang Li, who was standing in the corner with an expressionless face.

Chang Li nodded, and the tall figure slowly approached.

“Miss, I’m coming...”

Before Su Nan nodded, one hand tightly clasped her wrist.

She was surprised.

Fu Yechuan opened his eyes diligently, his face complicated and ugly.

“No, there’s nothing wrong with me, I don’t need a fever, and no one else is allowed to touch me.”

Although he said, he looked straight at Chang Li.

There was an inexplicable anger in the deep eyes, it was him, and he just shrunk again and again.

However, he was from Su Nan, and he couldn’t teach him a lesson.

Chang Li didn’t look at Fu Yechuan at all, he just had to obey Su Nan alone.

Su Nan hesitated for a few seconds, then nodded and looked at Chang Li.

“No, are you going with Butler Wu?”

Chang Li nodded, turned around, and left.

There were only two people left in the room.

The atmosphere is a little quiet, quiet and gentle.

Su Nan didn't notice it, picked up the ice cube and looked at it, "I'll come..."
