Chapter 51 Sorry

Chapter 51 I'm sorry,

Su Nan has not been very happy since she learned that Fu Yechuan was in charge of this project personally. She didn't want to interact with him, but it was inevitable to meet and talk during the cooperation.

Really annoying.

Early the next morning, Su Nan took someone directly to the Juli Group, and Ringo was already ready, and took her directly to the research room to visit.

There are the latest research results in the research room, and the progress of their experiments can be most truly felt.

Before reaching the door, Su Nan was joking with Ringo, but he didn't notice that a small thing appeared in front of him and rushed over, but the people behind exclaimed, "Be careful..."

After a closer look, it turned out to be A fat tiger with pointy ears, and even the whiskers on both sides are flamboyant. It's just too small and cute, with a naive look. It's fluffy at the ankles. Except for the word "King" on the top of its head, it's not at all mighty. image.

Everyone looked at this little thing in shock. Su Nan was stunned for a moment. He was so frightened that his heart skipped a beat and took a step back.

But the "tiger" came to her, bumped into her shoes, rolled on the ground, "Ouch...", got up ignorantly, lowered his head and rubbed Su Nan's toes, then raised his head and shook his head to look at her.

That form, movement and reaction are completely that of a young tiger cub, or a spoiled one, lazy and ignorant of the world, and everything is fresh, making people want to sneak home when they see it!

"Little Tiger" blinked, the beard beside his cheek trembled, his chubby body stretched out a front paw, and touched the shoe that it hit Su Nan's right foot just now, as if to wipe her clean. presence of smudges.

Su Nan stroked his chest and took a deep breath, rubbing his eyes in disbelief.

"What a beautiful beauty..." Tiger said, the voice of a three or four-year-old boy.

She widened her eyes in shock, "Tigers still speak human words?"

No, why are there tigers here?

Can national protected animals appear here?

Ringo couldn't help but chuckled, "Sorry, I scared you."

He looked down and said in a gentle voice, "I scared the guests, I have to apologize."

"Tiger" rubbed Su Nan's toes again, The voice was extremely aggrieved: "I'm sorry, forgive me, people are just too fierce, but they are very gentle..."

It speaks without frustration, it is no different from people's speech, and there is no mechanical action. If it hadn't "talked", Su Nan would have thought it was a tiger!

But the cute people's hearts are about to melt!

Everyone watched in shock. Su Nan squatted down in surprise and looked into the tiger's eyes. Although the eyelashes and pupils have the luster and characteristics of animals, they can almost be faked with the change of light. If you look closely, you can also see the infrared rays in its eyeballs.

"This is a test item of the experimental team. They have developed a pet that relieves boredom. They usually don't run around. Someone must have left the door and let it slip out." Ringo sighed helplessly.

"Is this also part of the project?" Su Nan asked excitedly.

If so, what a surprise!

Ringo hesitated slightly, "No, it is not mature, and there are many doubting factors, so it is not suitable for listing."

"So cute, I really want to adopt one!" Everyone began to watch.

"Yeah..."

"The cost of this tiger can buy ten shopping malls in Xicheng, and the materials used are all the world's top. Even if various factors are compromised, mass production will basically not be realized. Yes ."

Everyone sighed, it turned out to be a lump of gold.

No wonder it doesn't look like a machine at all, it's awesome!

But Su Nan may be a little disappointed to hear that there is no development. If such an animal has the function of communicating with people, it can even exist in place of some pets. To the accompanying role in life, it will definitely shock the industry.

Ringo saw what she was thinking, and he could only regret it, "Let's go."

Su Nan looked at the "tiger" reluctantly, but the tiger suddenly lay on his back on the ground, revealing his belly, "If you want a beautiful woman to hug, Hug!"

Su Nan couldn't help laughing, looked at Ringo, he glanced at the little tiger helplessly, and nodded in agreement.

He reached out his hand cautiously, the tiger jumped up immediately, his legs and feet flexibly shook his shoulders, and his entire body was just hugged by two hands, neither light nor heavy, like a cat's weight, and the fluffy touch was more than expected. Fluffy, the tiger was still rubbing in Su Nan's arms, lying down and nesting with peace of mind, showing a serious and lazy look, squinting his eyes in enjoyment, it really makes people's hearts melt.

"Little tiger, you are so cute..." Su Nan couldn't help but talk to it.

"You're right..." The little tiger lowered his head and rubbed her palm, opening his eyes arrogantly.

A female colleague next to him ran over, "Little tiger, are all of you tigers so cute?" The

little tiger rolled his eyes, "Please choose animal mode and agree to switch to the ferocious tiger channel?"

It also specifically emphasized the word "fierce".

Everyone couldn't help but laugh. The female colleague rubbed her hands together, seeing that Su Nan and Ringo had no objection, "Agree!" The

little tiger turned his head, his brows trembled: "Roar..."

Everyone: "?"

"Hoohoho..."

"???"

"Hoohoho..." The

little tiger's voice was not ferocious, nor scary, but terribly cute!

Everyone knows that, originally, everyone was not qualified to understand the dialogue of Tiger Channel!

“Let’s switch back...” another suggested.

Ringo couldn’t help laughing softly. Everyone looked at it in disbelief. Ringo reached out and touched the chubby neck of the little tiger, “Don’t make a fool of yourself.”

Ringo looked at everyone, “It has a very high IQ, and it is Let’s play with you.”

Everyone who was being played by a tiger said: “...” The

little tiger arched in Su Nan’s arms like a spoiled child, “They like me...”

The people behind went from shock to admiration to envy. They kept staring at the baby in Su Nan’s hand, for fear of falling on the little ancestor, but the little ancestor seemed to be asleep, and even made a slight snoring sound.

Some people believe this little tiger has become an elite!

Ringo led the way, and everyone began to visit this core research area.

Juli Group deserves to be at the pinnacle of the top artificial intelligence in China. The assistance of artificial intelligence in various fields will make a huge change in life. From autonomous driving to full-time robots, smart homes and smart doctors, it covers unexpected aspects.

Su Nan is really surprised as he looks at it. It’s really right to choose Juli Group for this cooperation!

When everyone was looking around, Ringo took Su Nan to the other side of the area and went directly into an eggshell-shaped office.

The people inside stood up and nodded, Ringo motioned them to sit down, “Go on.”

A man came in through the side door, and the staff made him stand in the designated position, “Take it off...”

...

Chapter 52 What is shy?

Chapter 52 What is shy?

That person was already prepared, he took off his shirt without blushing and heartbeat, showing his chest, doing the designated pose, so many people were only Su Nan, a woman, she was stunned, and her face became hot, hurriedly looked at Ringo.

“This is...”

“In order to formulate different artificial intelligent people according to humanized preferences, different physical fitness samples are being collected.”

After Ringo’s brief introduction, Su Nan understood.

This is really an enjoyable job, she gritted her teeth...

Ringo’s assistant hurried in and whispered a few words to Ringo. Ringo looked solemn and looked at Su Nan.

“Vice President Su will stay here to help watch for a while. I want to take people away, you come with me.” As soon as

he opened his mouth, everyone immediately followed.

Su Nan stayed there dumbfounded, and touched the “tiger” in his arms. Do you want to continue?

Before she could think about it, the next person had come in. She sat there without raising her head, staring at the crystal screen on the table, waiting for that person to appear on the screen automatically after going up. She tried to calm herself down.

“Take it off...”

She learned the tone of the staff just now, calm, routine, perfect!

The person in front of her didn’t move, she frowned and urged. The

man still didn’t move, Su Nan urged again, “Shy, it’ll be fine soon...”

She raised her head impatiently, and for a moment, her head banged, and the man in front of her had dark, glowing eyes. Leng Guang turned out to be Fu Yechuan.

Su Nan quickly reacted, frowning slightly, shouldn’t the Fu Group be here in a few days?

Why are they coming now?

The atmosphere was stagnant for a while, and neither of them spoke. Fortunately, Ringo came back in time, “Vice President Su, I forgot to tell you...”

Today Fu Yechuan will come...

He saw these two people, The awkward atmosphere and line of sight made him stunned for a moment, "Oh, so we met..." It was still too late.

Fu Yechuan stared at Ringo, "What do you take off?"

Ringo responded and smiled, "Yes, Mr. Fu has always been in good shape, why don't you go and collect it, take off your clothes and scan it, Vice President Su Are you also very interested, do you know who has the opportunity to choose a smart person with Mr. Fu's figure?"

Su Nan stood up with a light expression, "

I'm not interested." "Tiger" suddenly jumped down, ran to Fu Yechuan's feet, rubbed his toes, two small paws tugged at Fu Yechuan's pants, swaying like a coquettish, "Baba hug..."

Su Nan turned his head in shock, Fu Yechuan lowered his head and grabbed the "tiger" by the neck with a cold face, and its four legs were kicking in the air, as if extremely uncomfortable, and protested: "Don't carry people's necks, people are very uncomfortable. ..."

Fu Yechuan held it in his arms irritably, and seemed not surprised at all. He knew the tiger's temper thoroughly. He raised his eyes and looked at Su Nan. Just as he was about to say something, Su Nan glanced at "Tiger" coldly. With a cold snort, he turned around and left without any regrets.

Ringo looked at Fu Yechuan's more ugly face, and couldn't help chuckling, "How much she liked this thing just now, I was worried that she would be able to open her mouth to leave, but when she saw you touch it, she didn't even look at it... "..."

Fu Yechuan gave him a cold look, Ringo touched his nose and shut up wisely.

As soon as he went out, Su Nan received a call from Qin Yu and went to a nearby shopping mall to take her to dinner.

Su Nan thought that he was not happy, and he hit it off immediately, told Yu Lou, and went straight to Qin Yu.

The two of them went to the newly opened hot pot restaurant. Qin Yu made a reservation in advance, and there was no need to line up. The two of them ate together, and they were almost done. Qin Yu glanced at the phone and laughed out loud.

She handed her mobile phone to Su Nan, "Look at Cheng Yi's two hundred and five!"

Su Nan glanced at it, and Cheng Yi posted a circle of friends, cutting out part of the photo of Su Nan dancing with Fu Yechuan, and P became him and Fu Yechuan. Su Nan danced and added the text: "This is the perfect match!"

And among the people who liked it below, there was Lu Qi's name.

In the comments, Fu Yechuan's words appeared unexpectedly...

...

Chapter 53 Throwing money at her

Chapter 53 Throwing money at her

Su Nan had blocked Fu Yechuan long ago. He didn't have any contact information. He didn't expect to see his name in Cheng Yi's circle of friends, which was really not big.

Fu Yechuan's comment: Dong Shi Xiao frowns.

It's not very harmful, it's extremely insulting!

Cheng angrily scolded dozens of things below, but Fu Yechuan didn't move again, and the war was over.

Su Nan rolled his eyes speechlessly, "Isn't this Cheng Yi really boring?"

"He's really interested in you, everyone can see that, why don't you give him a chance? Take this opportunity to get mad at Fu Yechuan too. "Okay..."

"The rabbit still doesn't eat the grass on the edge of the nest. I'm interested in him. Don't talk nonsense!"

Su Nan frowned, thinking that there must be a way to solve Cheng Yi's idea. .

"Then don't think about it, I'm optimistic about a necklace, come and see it with me?" The topic between girls will never end.

Su Nan nodded. Shopping is the most enjoyable way to go. The two of them ran out with the smell of hot pot and went straight to the counter.

Qin Yu had already made a reservation, and as soon as the necklace was taken out, it was amazing enough.

"This necklace is the finale of the famous designer Pire. The two ladies are really insightful, why don't you try it?" The cabinet lady could see at a glance that the two were wearing extraordinary clothes, and she was not stingy.

Qin Yu nodded and handed it to Su Nan, "You try it first." The

two of them don't differentiate between you and me, and they don't mind who buys it. Although Su Nan doesn't go shopping often, he has a lot of jewelry. Every brother's gifts can be piled up in a warehouse, and the latest jewelry on the market will appear in front of her without any accident.

But the fun of shopping seems to be more interesting. She just picked it up to try it, and she heard someone taunting for a while.

"Is it affordable for her? Waiter, be careful with the smell on her body, it won't sell anymore..."

It was Fu Yingying and her little sister shopping, who happened to come in to see this scene and smell it. The hot pot smell that did not dissipate from the two people could not help but speak.

The last time I was defeated in the hands of Su Nan, I was so angry that I didn't eat for a few days!

Qin Yu's face turned cold, "Does it have anything to do with you?"

Fu Yingying walked over arrogantly, "Yes, waiter, I want this necklace, don't let anyone try it, I'm afraid it will get 'dirty'! She stared at Qin Yu with gritted teeth, and looked at Su Nan with a sneer, "

How much pocket money did your sponsor give you? Not enough to buy it? Save it..."

"Waiter, wrap it up for me." "

Su Nan put down the necklace and opened her mouth with cold eyes. She looked at Fu Yingying with a hint of warning. Fu Yingying paused. The fear of that day almost struck again, and soon she was overwhelmed.

She was surrounded by people, and the security guards in the jewelry store were there, so Su Nan didn't have the guts to do it!

"I said, I want this chain." Su Nan liked it, but she refused to let her wish.

The waiter said hesitantly, "These two young ladies came first..."

"What did you say? I'm a VIP user in your store, and I have the best treatment. I have to give it to me first!" Fu Yingying glared at Su Nan proudly.

The rules of this store, VIP users have the priority to choose.

The cabinet sister glanced at Qin Yu and Su Nan apologetically, and was about to take them away. Su Nan's hand was lightly pressed on it, and the corners of her lips were slightly raised.

She took out a black and gold special card from her bag. This is a limited VVIP special card approved by all luxury brand stores in the world. I heard that it was only given to ten celebrities in the world, and even the royal family of a certain country was not lucky. See, extremely precious and rare.

With this card, no matter which luxury brand store in the world is, you can enjoy the most extreme treatment.

The counter lady was shocked for several seconds, "This... this lady, I'll wrap it up for you right away."

She ignored Fu Yingying's words and simply acted swiftly.

Fu Yingying was still in shock, and she questioned unwillingly: "Is this a fake? Don't be deceived by her!"

Although she has never seen it with her own eyes, the legend of this card has always flourished in the circle of celebrities. It is not bad, and the photos that are occasionally exposed are even more memorable.

In Su Nan's hand, it is the legendary card!

How could she have?

Why?

Why does Su Nan actually have this card in his hand!

The manager in the store immediately came over to drive him away, "Please leave immediately, we are now dedicated to serving this customer."

Su Nan snorted softly, and Qin Yu couldn't help but said, "Hurry up and let her go, it's an eyesore!"

Chapter 54 Charity Trap

Fu Yingying left in shame and anger, Qin Yu quickly took the card and looked left and right, looking at it in astonishment, "Why do you have this card?"

Su Nan pursed her lips, "My eighteenth birthday. When I went out, my third brother gave it to me, and he told me to bring a card when I went out, but I didn't expect it to work."

"Why didn't God give me a third brother?" Qin Yu hugged her forehead with envy and hatred.

Su Nan smiled and handed it over, "If you like it, I'll give it to you."

"That's not good, this card is certified for life, once it is transferred, it will be invalid, you can keep it, you can buy it for me if you like it. "..."

Su Nan nodded, that's fine.

After buying the necklace, Qin Yu happily dragged her around for a while before leaving.

Su Nan returned to the company in a good mood. For the past two days, Lin Shuang had been making small moves. Su Nan knew that she would let her go, no matter what.

She knew that all this could not be concealed from Su Jin's eyes and ears. Since Lin Shuang was courting her own death, she wouldn't meddle in her own business.

Seeing that it was almost time to get off work, Su Nan was about to leave with her bag in her arms, and Ning Zhiliu's call came.

After picking it up, Ning Zhi spoke in a hurry, and simply said, "Jianghu emergency, there is a charity dinner, my company's artist Xiao Ran needs a female companion, I'm not in the country, you help me."

Su Nan looked at the time, "Alright, I have time anyway."

"Thanks dear, I'll let Xiao Ran bring the dress to you, he'll be there soon."

Hanging up the phone, Su Nan raised an eyebrow, so sure she would join?

After a few words with Yu Lou, she went downstairs and waited ahead of time. Although Xiao Ran is a model, she is also a little famous. Seeing people coming and going in the company, it is inevitable that people will talk a lot.

She doesn't want to have more trouble.

In less than ten minutes, a high-profile sports car appeared at the door of the company. As soon as Su Nan went out, she saw Xiao Ran in the car waving to her. She ran into the car without a word, but Xiao Ran actually took off her sunglasses and rushed. The person watching the fun at the door blew a kiss before starting the car.

Su Nan was so angry!

She regrets it, she wants to get off!

Don't think about it, tomorrow's headline is yourself again!

Without saying a word, Xiao Ran looked at her sideways with a smile, "Miss Su, although we haven't met, we should know each other. Thank you for your help."

Su Nan smiled perfunctorily, not wanting to say more, "No thanks, I'm not helping you. , the one who helped is Zhi."

"No wonder she said that you will definitely help, you should be good friends?"

"Yes." She was too lazy to say.

Xiao Ran also saw that she was not in high spirits, so she did not continue talking. She arrived at the location of the charity dinner ahead of time. Su Nan went to the room to change her dress, and Xiao Ran was waiting at the door.

This private charity dinner is not only exclusive to artists, but also a place where many celebrities gather. Su Nan saw a lot of familiar faces. As soon as he entered the venue with Xiao Ran's arm, he saw the music surrounded by people in the venue. Qing and Fu Yingying.

Su Nan raised his eyebrows, since he could see these two, Fu Yechuan must be there too.

Really haunted!

The focus of this banquet was the charity auction. Su Nan did not intend to participate, but Xiao Ran was very excited. Almost every product participated in the auction, but none of them were taken.

She was a little puzzled, so she leaned forward in doubt, and asked him in a low voice, "Are you a nurse who raises the price?"

Otherwise, why not just raise the price?

Xiao Ran pursed his lips and smiled mysteriously: "I know it will increase my exposure, and I told me that doing so will definitely attract attention."

Su Nan was speechless: "..."

As soon as he turned his gaze, he quickly arrived at the last piece. A picture appeared on the huge crystal screen. It was an emerald pipe, an antique old object. It looked clear and moist in color.

Su Nan narrowed her eyes. This object was familiar to her. She seemed to have seen it in the ancestral hall of Fu's old house.

The treasure handed down by the ancestors of the Fu family, Mr. Fu protects it with his life, and it is difficult for others to even look at it, so he will be sent here to bid?

Her mind was spinning rapidly, her eyes swept away, and Fu Yechuan was not seen in the arena, but Qu Qing and Fu Yingying in front of them looked at each other smugly, enjoying the feeling of being in the limelight.

She suddenly understood something, the smile on the corner of her mouth deepened, it was a charity trap...

Few people present knew the goods, thinking it was just an ordinary jade pipe.

Steal it out to bid, and then let them take it back, earning money and fame...

"The following are the charity auction items provided by Mrs. Fu and Miss Fu of the Fu Group. It is indeed a wealthy family, so precious. Everything is willing, okay, let's start the auction now, the starting price is three million--"

Three million?

Su Nan chuckled, Father Fu's treasure is worth three million?

Qu Qing held up her placard, "Three million once..."

"Four million once..."

Su Nan lowered his eyelids, hesitated for a moment, and in the next second, he shot without hesitation, "Ten million--"

...

Chapter 55: Must

The fifty-fifth chapter had to be necessary

. There was an uproar in the field, and everyone's eyes were focused on her.

Xiao Ran looked at her puzzled, "What do you want this for?"

Su Nan hooked his lips, "It looks pretty, don't you think?" "

I don't think so."

What's so pretty?

Su Nan saw the two eyes of Qu Qing and Fu Yingying focused on her, she smiled slightly, and greeted them without avoiding or dodging.

The two were obviously surprised, they knew that she recognized the jade pipe.

When Qu Qing asked Su Nan to clean the ancestral hall alone at night, she deliberately took out the pipe instead of putting it in the safe, and put it on a high shelf. The old man kicked out of Fu's house, but he didn't expect that Su Nan didn't even touch it at all.

If it weren't for the surveillance in the ancestral hall, Qu Qing would have broken the false accusation on Su Nan by herself, but unfortunately the plan failed, and Mr. Fu's emphasis on pipes was more important than his own life!

So she never found a chance again!

And the reason why the Cuiyu pipe was stolen in this auction is because Fu Yingying went to Macau to gamble with "Dream", and after returning, she was shamed by Su Nan again and again, and she was almost eaten up in the circle of celebrities. .

She must regain a firm foothold in the circle and find a chance to become the focus of the circle. The eldest lady of the Fu family must be the C position forever!

This charity auction dinner is a good opportunity. It can not only help her restore her image, but also maintain her "rich family daughter" personality, which is simply not suitable any more!

Therefore, Fu Yingying could only go to Qu Qing to secretly take out the old man's jade pipe as an auction item. The extraordinary value of the jade pipe was enough to attract Fu Yingying's attention.

People who know the goods are worried that the old man of the Fu family does not dare to shoot, and those who don't know the goods will not shoot, so her plan is perfect, she takes it out and shoots it back by herself.

But they never expected that they would meet Su Nan here...

Qu Qing on the side was obviously a little flustered, Su Nan's bid was obviously without scruples, 10 million was their limit, the two women were in Fu The family does not have the power in the family, and takes pocket money from her husband at regular intervals

every month, and there is not much money for private housing, so it is obvious that they have no confidence to continue bidding.

Su Nan's arrival was unexpected. Qu Qing's previous plan, even if someone bid, would not exceed 10 million, and even if it exceeded 10 million, she would not snatch it from the Fu family.

But Su Nan was different.

She is here for them, for the Fu family!

"Ten million for the first time!" The

host's eyes lit up and shouted loudly.

Fu Yingying tugged at Qu Qing's clothes nervously, as if she was whispering something.

Qu Qing also pretended to be calm and looked back at Su Nan fiercely, as if warning her!

Su Nan raised her eyebrows, smiled lightly, and looked at the things on the stage, she was bound to win!

"Ten million for the second time!" The

host was silent as he looked at the audience.

They didn't dare to compete with Madam Fu for the limelight, and they didn't want to spend money on a jade pipe they didn't have.

The host swept his eyes and watched Qu Qing raise the sign.

"Eleven million." Qu Qing was calm.

I thought it would be capped at 10 million, but Qu Qing actually chased the price?

"Twelve million!" Su Nan followed, she had to exhaust their patience from the beginning.

The phone in his hand was buzzing, and he glanced at the phone number. Although there was no note, he was already familiar with it.

Fu Yingying?

She gently hooked the corners of her lips, refused to accept it, and blocked it by the way.

“Thirteen million.” Qu Qing followed, obviously unable to sit still.

The host seemed to understand that this was a game between the two sides, and the atmosphere had already begun to be silently restless.

He raised his voice, “Okay, thirteen million, do you want to follow that lady again?”

Su Nan didn’t respond, and the host thought she gave up, “One thirteen million!”

“One thousand thirteen A million times!”

Qu Qing and Fu Yingying breathed a sigh of relief.

“15 million!” Su Nan immediately followed before the last time.

Are you uncomfortable?

Qu Qing’s eyes were extremely flustered, and she bowed her head to Fu Yingying and said a few words.

Fu Yingying did not hesitate, as if she had made a major decision, “Twenty million!”

Did they think that Su Nan’s bottom line was 20 million?

Even Xiao Ran became nervous and looked at Su Nan, “Do you need help?”

Su Nan smiled and raised an eyebrow, “No, what is this money?”

She raised the sign again, “30 million! “The crowd was in an uproar.

She was too lazy to scare Qu Qing and Fu Yingying a little bit, she wanted them to dare not follow!

The lights flickered, and Qu Qing and Fu Yingying’s faces were pale and ugly.

“Okay, 30 million times!”

“30 million times!”

No one said a word in the audience.

Su Nan knew that she had won.

“Thirty million three times! Congrats to this lady, we will donate the proceeds to Hope Primary School...”

The crowd began to applaud, finally breaking the dull and tense atmosphere. Su Nan greeted everyone decently, and then smiled at the two people in front of them. I was in a good mood... I said

hello to everyone, Su Nan and Xiao Ran went to the back to get something. As expected, Qu Qing and Fu Yingying were still unwilling to give up and were waiting for her there...
