Chapter 561 I can also serve you

Su Nan frowned and looked at him.

Fu Yechuan had already walked in front of her with an aggressive coldness.

“Going to the hotel to rest?”

His voice was low and hoarse.

He seemed to be trying his best to suppress his emotions.

He didn't want to face her with his true face and let her see the bad side of him.

But he couldn't control it. When he saw the face that looked exactly like him approaching Su Nan, the jealousy in his heart roared like a crazy vine, and he had to uproot his heart and make him hurt. unbearable.

What is the idea of that inferior fake, she will not know?

But she still allowed him to exist, and the two were even so close.

She ignores his carefully peeled shrimp, but can accept the courtesies of a small three?

He stared at her delicate facial features, and his cold eyes made it hard for him to breathe.

Su Nan didn't answer his words, and hooked his lips: “Didn't you hear it all?”

Since there is a misunderstanding, then the misunderstanding is fine.

What she does now, he has no right to manage.

In this way, he should be able to retreat, right?

His jaw clenched tightly as he approached her, smelling the sweet fragrance on her body, which made him even more irritated.

“Su Nan, you'd better stay away from him, otherwise I can't guarantee what I will do?”

After

speaking, he stroked her lips heavily, not allowing her to refuse.

There seemed to be something dirty, and he stared at it darkly.

If other men had her, he would be mad!

Su Nan frowned, his face turned colder because of his action.

Fu Yechuan's arrogance and arrogance had been deliberately hidden for a long time, but he finally couldn't help it.

Can't put it on?

It's just that she doesn't care.

"You want to do what you do, what I do and he is our thing."

Saying this.

This no doubt stimulated him.

Fu Yechuan's eyes turned cold, he grabbed her arm and pressed her against the wooden beam behind him.

His eyes were fixed, and his voice was extremely cold:

"We? You really dare to say that? A fake imitating me everywhere, don't you think he is my stand-in?"

Fu Yechuan felt his heart beat faster after the words were said.

If so, it means that Su Nan has him in his heart.

Just a stand-in, how to compare with him?

His jaw clenched, visibly tense.

Sunan: "? A gentle good manners, high sun handsome temperament boy, how would you substitute"

her faint lift eye to see him, "? Fu Ye Chuan, you have that he would wait on people do,"

Fu Ye Chuan suddenly a shock.

His pupils shrank, and his eyes were red.

I feel like I'm going crazy!

He actually lost to a bitch?

“Don’t provoke me, Su Nan.”

There was restraint and depression in his deep voice.

Su Nan chuckled and added fire, “I’m showing my true feelings.”

“Uh-“

As soon as he finished speaking, Fu Yechuan suddenly stepped forward and took the person into his arms.

Thin lips blocked her mouth, and he pressed her lips hard, wanting to explore out of control and ask for more.

He doesn’t care what others think!

He wanted to rub her into his body and belong to him alone.

Such a sweet taste originally belonged to him, but he lost it.

He regretted it to death.

At this moment, he really hoped that it would last forever.

But in the next second, severe pain hit his lips, he opened his eyes and saw Su Nan’s cold eyes staring at her emotionlessly.

She didn’t make any resistance moves.

But every trace of her reaction was filled with rejection.

Fu Yechuan’s eyes were scarlet, he continued to kiss her despite the severe pain, even if he tasted the blood, he did not flinch at all.

If he could, he wanted to keep going crazy.

But there was a trace of ridicule in her eyes.

He froze, moved his lips and looked at her.

Su Nan’s red lips were slightly parted, and the color was delicate and bright, like an angry flower, but she didn’t know it.

He looked at Fan for a while, pinched on her earlobe, his voice was low and hoarse:

“I can also serve you.”

As long as you want.

...

Chapter five hundred and sixty-two you wrapped me

Chapter Five Hundred and Sixty Two You

Cover Me Fu Yechuan felt that if he could, he could be just like the fake, serving her in a low-key manner, holding her in a low-key manner, as long as she could come back to him.

He is shameless.

He only needs Su Nan.

Su Nan’s sweet scent surrounds her, but her eyes are cold.

Hearing Fu Yechuan’s words, she was very calm, and reached out and patted Fu Yechuan’s face.

Resolute, stern, and perfect sculptural features, she was once fascinated by it.

She curled her lips and smiled, cold and proud.

“You’re not good at serving people. Why don’t I pay for it.”

Fu Yechuan’s eyes trembled fiercely. She looked down at him and crushed him like a goblin.

Let him ask for it.

After a moment of stiffness, he also smiled, holding her cheek, his eyes were scarlet, whether it was blood or tears.

“You spend your wallet on me, and I can learn too.”

The tip of his nose rubbed her forehead, his voice trembling and pleading.

“I’m cheap, but I like to learn.”

He put his dignity under Su Nan’s feet and asked her to step on it hard.

Su Nan stared at him, his sneer slowly subsided.

There was a sudden throbbing in my heart, as if being held tightly by someone, it even hurt to breathe.

She had never seen Fu Yechuan like this.

The uneasiness in my heart quickly passed.

Unfortunately, it's too late.

What is the future between them?

All her expectations had been exhausted by the time of the divorce.

She looked at him and laughed, and the silent time gradually broke his sweet dreams.

No play.

Fu Yechuan's eyes shattered a little bit, his despair was about to drown, he let go of his hand and his arm fell.

Su Nan suddenly stretched out his hand, and a thought crossed his mind.

Her slender fingers hooked his chin:

“Okay, but I want to remind you that if I'm not satisfied, you have to get out at any time.”

Instead of making him feel lukewarm, it's better to find a chance Kicked him, made him give up completely!

Although it will hurt, but each other's life can go on the right track.

Fu Yechuan was stunned.

Such a rude and wanton tone made him suddenly overjoyed, as if he was reborn with energy and vitality.

There was still a little scarlet in his eyes, which had not yet faded.

Heh, he's really cheap and has no bottom line.

Under such conditions, he could be terribly happy, even more excited than when he negotiated a big deal of hundreds of billions.

“President Fu, President Fu, can you come over?”

the director in the distance shouted loudly.

The atmosphere between the two was instantly broken.

Fu Yechuan looked at the director with gloomy eyes, if it's bad for him, damn it!

Su Nan sneered, reached out and pushed him away.

“Go away, don't bother me.”

She still had a cold and indifferent attitude, turned around and walked towards a small wooden house they had built temporarily.

Su Qi is inside.

Fu Yechuan wanted to chase after him, but the director was shouting “President Fu, President Fu...”

Helplessly, he gritted his teeth and changed his direction.

In the scene just now, the director and actors could not see it, and the pillars of the pavilion completely blocked everyone's sight.

But in the log cabin next to it, someone could see it clearly.

Su Qi looked at Su Nan's lips, narrowed his eyes, and clicked his tongue.

“Fu Yechuan moved you, why don't you resist, if you resist, brother will definitely rush up first...”

She didn't resist, Su Qi couldn't understand what Su Nan was thinking.

Just watching the situation.

But looking at the situation, Fu Yechuan didn't do anything more excessive, and even his mood was not very stable, but Su Nan had the upper hand!

Su Nan took a tissue from the side, wiped his lips slowly, and then picked up the unopened mineral water to rinse his mouth.

After a series of operations, she said lightly:

“I just wrapped Fu Yechuan.”

Su Qi was shocked and his eyes widened in surprise.

She continued: “I plan to dump him in a few days.”

Su Qi was shocked again, and his face finally couldn't calm down.

What is she trying to do?

Treat Fu Yechuan as a thing?

Who is Fu Yechuan, is he the one being played with?

"Little Si, brother will find you a better and younger one, Fu Yechuan should forget it!"  
It's

not easy to solve this trouble!

Su Nan glanced at him, "Don't delay, only children make choices, adults all need them."

...

Chapter five hundred and sixty third his highlight moment

Chapter 563

Su Qi choked at his highlight moment.

Come on, will Su Yifeng be happy to hear Su Nan's words?

Su Nan sat aside, bowed his head and rolled up his sleeves.

Since Fu Yechuan couldn't get rid of it, and he was not willing to give up, then she was adding fire.

When he hates her, he won't be so obsessed, will he?

She didn't want to repeat the same mistakes, so she simply died and lived.

A few minutes passed.

Su Qi touched her arm.

"Look at them."

Su Nan raised her head, narrowed her eyes, and lowered her head again.

Fu Yechuan and Xu Teng happened to be standing next to each other, not far away.

The director and the assistant director were also followed by several staff members.

The two people stood together, with similar facial features, but not at all in temperament. Xu Teng's feminine temperament was generally tacky, and his height was also a bit shorter than Fu Yechuan.

In terms of momentum, it is really incomparable with Fu Yechuan.

Fu Yechuan finally waited for Su Nan to let go. He had a chance, and of course he didn't want to waste a minute or a second.

However, the unsightly counterfeit dangled in front of his eyes.

It's disgusting!

He won't let such a person stay on the crew, he will drive him away when he turns around!

The director was also chattering next to him, and he didn't even want to hear it.

The director was also very helpless, he didn't know what he said wrong, the more he talked about Fu Yechuan's face, the more ugly he looked.

But as soon as he looks ugly, he has to explain more and talk more, and he is even more unhappy.

So, what did he say wrong?

Su Qi laughed and looked down at Su Nan: "Fu Yechuan is an investor in this drama, will he drive Xu Teng away when he turns around?"

Su Nan turned his head, "How to arrange Xu Teng to be the second male lead?"

Did no one choose?

Su Qi raised his eyebrows: "The second male is dead since he appeared on the stage. He has always lived in his memories, and he doesn't need to show his face."

Su Nan suddenly realized that it was the case.

She blinked, looked in their direction, and hooked her fingers.

"Hey, come here."

Her voice was cold and pleasant, and it was hard not to attract attention.

Everyone over there was stunned.

The director and staff looked around.

Only Fu Yechuan and the system were in the direction her hand was pointing.

So, who is it called?

Fu Yechuan's jaw tightened and his eyes narrowed slightly.

The collar of the man's shirt was open, and his Adam's apple could be clearly seen moving slightly.

However, Xu Teng excitedly put down the script and ran towards Su Nan's cabin with ease.

At this time, there are Ruowu's eyes around, scanning them all the time.

But Xu Teng hadn't entered the cabin, Su Nan didn't know what to say, Xu Teng turned around disappointedly.

She raised her eyes to look at Fu Yechuan, stretched out her hand, and didn't say a word.

Fu Yechuan laughed, without any dissatisfaction or anger, he walked towards her in big strides, with a brisk pace and a rare smile on his face.

Everyone was shocked!

What's happening here?

Su Nan hooked his fingers, so that Fu Yechuan could get close to him, and he didn't have any temper at all?

Are they wrong?

Still dreaming?

The director was even more shocked to see it. Fu Yechuan, who had just been in a cold mood, how could it turn cloudy and clear in a blink of an eye?

Fu Yechuan felt that this must be the highlight of his life.

Even more excited and eye-catching than receiving international awards.

He went in, saw Su Qi still beside him, and was stunned for a moment.

The smile subconsciously restrained, but it did not have much effect.

He looked at Su Qi and nodded, said hello, then raised his eyebrows and looked at Su Nan.

“Looking for me?”

He originally wanted to say “Miss me?”, but when the words came to his mouth, he changed his words.

In front of Su Qi, he didn’t dare to be too presumptuous.

Su Nan’s face was calmer than expected.

“You voted for this drama?”

“Yes.”

Su Nan: “Xu Teng plays the second male lead, don’t do anything.”

...

Chapter five hundred and sixty fourth

Chapter Five Hundred and Sixty-Four

Fu Yechuan’s breath was suffocated in an instant, and the surrounding air seemed to be condensed, permeating a faint chill.

His eyes tightened. The first request she made was actually for that fake?

He licked the corner of his mouth, and there was a hint of gloom in his narrow eyes.

Some inexplicable discomfort in the throat.

“Why,

I’m reluctant?” Su Nan: “Of course, the person I put in.”

How could Xu Teng lose such a good opportunity before he squeezed the remaining value of Xu Teng?

Fu Yechuan stared at Su Nan closely, the relaxation and happiness just now disappeared in an instant, as if a basin of cold water fell from the sky and poured over his head alone.

Chill out!

But he only dared to stand there, staring at her stubbornly, not daring to ask any more questions.

Self-inflicted suffering, self-inflicted humiliation!

Su Qi coughed, feeling that he was superfluous here.

Fu Yechuan was clearly not Su Nan's opponent.

His worries were completely useless.

He got up, made an excuse and went out.

There were only two people left in the cabin.

Their eyes met, and no one spoke first.

Su Nan looks very calm, can't hold on?

She was not afraid that he would get angry, and she was not afraid that he would leave disappointed.

She sat there, smiling lightly, with delicate eyebrows and never distracted.

Fu Yechuan conceded defeat, he lowered his eyes and smiled, looking at her with a bit of seriousness.

"What about me?"

He's yours, what about me?

She just clearly agreed.

Su Nan smiled and said very cold words: "Duansheli, I will only do it for my husband, not you."

Don't forget, just now she only promised him to be her lover!

That's it.

"And, our relationship, it's best not to let others know." She added with a smile.

"Am I shameful?"

His eyes were scarlet, his fists clenched tightly.

Su Nan shook his head, "I'm just thinking of the interests of the two companies and reducing unnecessary losses."

What a far-sighted plan!

As soon as other women get involved with him, I wish the whole world would know.

But Su Nan didn't want anyone to know.

She is ready to end at any time, which means that she is not serious at all.

Fu Yechuan's face turned black at that time.

"Of course, if President Fu doesn't want to, then it's like I didn't say anything just now."

You can go back at any time.

Fu Yechuan gritted his teeth: "I, willing, willing."

Does he have a choice?

Only compromise!

Su Nan stood up with a smile, patted him on the shoulder, suddenly approached his ear, and lowered his voice.

"Learn from Xu Teng, how to serve people."

After speaking, she stepped on high heels and left happily.

Angry?

You can end it...

mad at him, mad at him!

Su Nan took Su Qi away.

Fu Yechuan stayed there, his body stiffened for a moment, and a storm rolled up in his eyes, surging.

No one noticed, the undercurrent surging between the two men.

Everyone in the crew is speculating whether their relationship has broken the ice. This important news is really shocking.

Wu Tutu drove to pick up Fu Yechuan.

Seeing his face was not right, thinking about the gossip with the group performers just now, they said that there seemed to be ambiguous behavior between President Fu and Su Nan.

Could it be...

Wu Tutu coughed, "Mr. Fu, I saw Miss Su just now..."

Hearing that name, Fu Yechuan's eyelids twitched.

Wu Tutu: "You didn't fight, did you?"

Fu Yechuan looked at him coldly.

Want to die?

complete him.

Wu Tutu immediately changed his words, "I mean, don't be impulsive, at critical moments, we have to hold our breath.

As long as Miss Su is happy, we big men will let it go.

Otherwise, according to her character, maybe It's to make you angry on purpose so that you can't end it."

...

Chapter five hundred and sixty-five is very interested in her

Chapter 565

Fu Yechuan's brows and eyes jumped slightly, and he seemed to be hit by something on his chest.

Some things in my mind looked at from another angle and turned out to be another truth.

"That's right."

Fu Yechuan said in a deep voice.

Wu Tutu's confidence increased, and President Fu actually agreed with him!

He continued: "So we have to show weakness, she will torture you as she likes to torture you, you can't refuse, sometimes abusing love is also a kind of love..."

Fu Yechuan nodded solemnly, his face softened. few.

Wu Tutu: "Stay hard, she's yours!"

...

Su Nan and Su Qi left, and Su Nan went directly to Ningzhi's house.

She has no other relatives, so she lives alone.

The nanny at home saw Su Nan and did not stop her.

"I'm resting?"

"Mr. Ning is in the study and doesn't look very happy." The nanny was an old man, so he could see Ning Zhi's emotions.

Su Nan nodded, walked over, knocked on the door, but without hearing a sound, he pushed the door and went in directly.

The light in the room was dim, Ning Zhi was lying on the table with the broken jade ring in front of him.

It was as if a memory had been taken away by life, and it was painful.

Her eyes were red, dull and sad.

Su Nan walked over, not knowing how to comfort her for a while.

Just as her hand was placed on Ning Zhiliu's shoulder, Ning Zhiliu moved slightly, then hugged her and sobbed softly.

"Xiao Si, grandma said that her soul is here, she will stay with me for the rest of my life, if something is broken, she will leave?"

Before Su Nan could say anything, tears fell first.

"No, she will always love you."

Ning Zhi cried even more.

When she just started elementary school, her parents died in a car accident, and her grandmother has always been taking care of her, and she has a deep relationship.

Her grandmother gave it to her before she died, and within a week, her condition deteriorated and she died.

At that time, Ning Zhi knew that he was talking about business abroad, and he didn't have time to go home to see the last time.

This is her eternal demon.

After a while, Ning Zhi finally regained his emotional calmness.

The nanny knocked at the door, "Mr. Ning, I boiled sweet soup, should I have a bowl to rest?"

Ning Zhi nodded, and the nanny backed out.

She went to the bathroom to wash her face, and when she came out, except for the reddened eyes, she couldn't see the sadness she had just lost.

Su Nan felt sorry for her.

For a long time, Su Nan and Qin Yu could rely on the protection of their family to be themselves as they wished.

But Ning knew that it was different. She has come to this day and her position in the circle is stable, which is completely the result of her own spelling.

Even the nanny at home was asked to call her "Mr. Ning" instead of "Miss".

Ning Zhi pulled his lips and smiled lightly.

"Just block that woman, I don't want to see her in the future."

Su Nan raised an eyebrow and nodded, "Of course, you don't say that my third brother and I also planned the same."

"Your third brother is willing?"

She cried His voice was slightly hoarse.

"It's a show, Du Yan just wants to take advantage of the popularity of the third brother to bring a newcomer. If this newcomer can't be brought, then change it."

Ning Zhi opened his mouth and wanted to say something, but he didn't say anything, and let out a low laugh .

"That's right, but it's up to your third brother to nod."

Just as Su Nan wanted to persuade her to rest assured, she suddenly remembered something that had been dusty for years.

If she remembered correctly, when she was in college, Ning Zhi and Su Qi seemed to have been in a relationship for a while, and at that time, everyone didn't know about it.

When Su Nan knew about this, Ning Zhi announced the breakup.

At that time, I didn't feel that there was any unforgettable relationship, and the third brother didn't mention this matter, as if it was just a trivial matter, and then he found a new girlfriend.

In this situation, Su Nan suddenly realized that Ning Zhi was very interested in the second female lead.

Is it because of Su Qi?

The phone rang, and Su Nan breathed a sigh of relief.

"Understood, my third brother is here."

Su Qi came in with a black box and looked very careful.

Ning knew that he was not very enthusiastic, so after shouting, he casually walked to the living room and sat down, and ordered the nanny to make tea.

Obviously more than Su Nan sees the outside world.

Su Qi didn't pay attention and put the black box in front of him.

With a faint smile on his face.

“Understood, look, the material of this piece of jade is 99% similar to that of the jade ring, the origin is the same, and the texture can’t be seen at all. I polished it and I will make it for you again. Or do you want to change the shape?”

Su Nan took the sweet soup and drank it in small sips.

Su Qi’s brain may have been kicked by a donkey. Is this a problem with a piece of jade?

No matter how good jade is, it can’t solve Ning Zhi’s sadness.

stupid!

Ning Zhi glanced at the jade in the box. It was not a top-level jade, but it was indeed similar to the piece of jade she had broken.

If you can find such a similar jade, there will be no shortage of thought and money.

She raised her eyes and glanced at Su Qi and smiled, “No need, even if it looks like it’s fake, I can’t deceive myself.”

Su Qi was stunned for a moment, then looked up at Su Nan.

Su Nan quickly stood up, “I suddenly remembered that there is a video conference, I’ll go first.”

How could she not see what Su Qi meant?

This is to make her avoid it!

It looks like there is a drama?

The nanny also left the living room properly.

Su Qi glanced at Ning Zhi, with a smile, “A souvenir, as long as you want, what does it matter if it’s true or false?”

Ning Zhi gave him a deep look with a cold expression.

“It’s related.”

She would be dismayed.

Su Qi nodded and stroked his eyebrows with his hand, “Okay, then I’ll think of a way, you have a good rest.” After

speaking, he stood up and walked out without looking back.

...

Fu Yechuan returned to the Fu Group, didn't stay long, and called the people directly under him.

"Go and bring me someone here."

He promised not to kick his damn fake from the crew, but he didn't agree, so he couldn't teach him a lesson.

He has long looked at him unpleasant!

At night, the weather was cold and gloomy as if it was about to rain.

When the bodyguards informed that the people had arrived, Fu Yechuan left the Fu Group in a hurry, went to the private garage, and drove a low-key car over there.

Inside the hotel.

In a dimly lit room, Xu Teng was brought here.

The crew has many eyes and mixed eyes, so it is not good to do it in public.

When Xu Teng heard that Su Nan was looking for her, he asked for leave without saying a word.

The rich woman can't delay looking for him for a moment!

When he saw that he was in the hotel, he was even more excited. Su Nan still had a lot of ideas for him!

But he didn't expect that the rich woman didn't see it. Five men of five big and three thick surrounded him, staring at him without blinking.

He suddenly felt a little hair in his heart.

Suddenly, a uniform sound came from outside the door.

Someone opened the door and nodded respectfully.

Xu Teng's heart skipped a beat, and he watched Fu Yechuan walk in from the door.

He wanted to stand up, and immediately someone pressed his shoulder and sat down again.

Fu Yechuan looked at this fake with a half-smile, the coldness in his eyes could freeze people to death.

“Mr. Fu... Where’s Miss Su? Didn’t she mean she asked me to meet?”

It’s okay not to say this, but Xu Teng regretted it as soon as he said it.

Fu Yechuan’s eyes were gloomy and cold, and a thick haze floated up in his eyes, staring at him with a chilling look.

“Then want to see Miss Su?”

There was a warning in his voice.

Xu Teng had an intuition. He dared to answer one wrong word, and he would not be able to get out of this door today.

...

Chapter five hundred and sixty seventh miss you the first day

Chapter 567: The first day I miss you,

Xu Teng swallowed his saliva, and his eyes flashed a trace of panic and fear.

“No...No, President Fu misunderstood.” At

this moment, Fu Yechuan stood in the posture of a superior and looked at him condescendingly.

It has been proved by reality, where is the gap between him and Fu Yechuan.

It’s not like a face can be replaced, at least in front of Fu Yechuan, he is as humble as an ant.

Those little thoughts that are just around the corner, the scum that has been crushed is not left!

substitute?

Is he eligible?

“Misunderstanding?”

Fu Yechuan sneered with a sneer at the corner of his mouth, throwing a few pieces of paper on his face, his voice sounded like a devil.

“I spent more than 800,000 plastic surgery just to imitate my debut? Xu Teng, believe it or not, I will send you this plastic surgery hospital report?”

Xu Teng’s face was pale, and he looked at him in horror.

“Mr. Fu, don’t...”

This is his biggest secret, how can it be known by others?

Isn’t he hiding well?

At the beginning, the accidental car accident disfigured him, and the plastic surgery doctor asked him to find a template. He chose Fu Yechuan without hesitation, the country’s leading financial tycoon, and even the most popular actor could not match him.

His career is booming now, and he knows how much the public hates plastic surgery.

If it is known that he deliberately turned into Fu Yechuan, then his career will be completely ruined.

He almost implored and ran to Fu Yechuan and knelt down, but he couldn’t touch him in the slightest.

“Mr. Fu, don’t say it, you can do whatever you want with me, Miss Su... I don’t dare to think about it anymore, really, I finally became popular...”

Fu Yechuan looked at him coldly, with a sense of sarcasm.

Xu Teng couldn’t control that much. Su Nan treated him differently, either because of his face or because of Fu Yechuan.

She will give up on him eventually.

Fu Yechuan: “You can do anything?”

“Yes, you can do anything!”

Fu Yechuan sneered, “I ask you, how far have you and Su Nan developed?”

He watched Su Nan and Xu Teng dating all day long. It is very close, and the actions are close. In Su Nan’s words, it is clear that he is deliberately telling him that she and Xu Teng have an extraordinary relationship.

He had to figure it out, or he would go crazy.

Xu Teng was stunned for a moment, then immediately shook his head, "No, it didn't develop..."

Fu Yechuan kicked him in the chest, ruthless and ruthless, and his movements were sharp and ruthless.

He didn't want to talk nonsense, let alone talk about Su Nan in front of the outside world.

Xu Teng's face was pale in pain, he clutched his chest, and it took a while to recover, feeling that his rib was broken.

"It's true, Mr. Fu, I dare not lie to you... Others in the circle told me to take care of the gold master, especially the rich woman, you must be diligent and enthusiastic, no matter what she says or does, it is right, so I want to make her happy, so that she will always hold me..."

Fu Yechuan looked stern, after hearing this, he glanced at him contemptuously, turned around and walked out.

Xu Teng breathed a sigh of relief.

Finally escaped.

But the next second, someone suddenly tore his hair and pulled it back, punching him in the face...

Then, countless punches and kicks came at him alone, he didn't even have the strength to fight back, and kept crying and begging for mercy...

"I'm telling the truth, why are you beating me up? ' Xu Teng asked intermittently.

Twenty minutes later.

The beating stopped, and the bodyguard on the side finally said, "I warn you, don't think about people you shouldn't think about."

After that, he took people away.

The person who shouldn't be thinking about is Su Nan.

Xu Teng felt a burst of despair, and the rich woman he had had was gone...

.....

Fu Yechuan walked out of the hotel, heaving a sigh of relief, and a lot of depression disappeared from his eyes.

Sure enough, as Wu Tutu said, Su Nan just used Xu Teng to anger him and make him retreat?

He doesn't!

Thinking about it, he took out his mobile phone and sent Su Nan a WeChat message.

"Thinking of you on the first day after we were together..."

of Su Zhai.

Su Nan drank bird's nest, looked at the phone, saw the news that Fu Yechuan suddenly popped up, and suddenly couldn't hold back and sprayed it out.

This dog man is going to die again?

While Su Qi was busy, he still didn't forget to teach her

a lesson: "No rules, this is your eldest lady's style?" Before Su Nan could reply, Su

Yifeng frowned, "Be careful, don't choke."

Qi: "..."

Well, he humiliated himself again.

Su Nan smiled and immediately turned off the phone. He didn't want to see any more news, he just insulted his eyes!

She looked at Su Qi and rolled her eyes. He was concentrating on repairing the broken jade ring that Ning Zhi had known.

"Can you fix it?"

Su Qi looked down at the tutorial and replied.

"No problem, I'm already familiar with it."

Su Yifeng sneered coldly, "This prodigal broke several pieces of jade in my study, and repaired it for me, so I can use it again. Is it for that girl from the Ning family?"

Su Nan couldn't help but smile, so there is still this one?

"Third brother, do you still like Zhi?"

If Ning Zhi became her sister-in-law, she would be so happy!

Su Qi moved for a while, and gave her a warning look, "Don't talk nonsense."

Su Yifeng was curious as if he saw some gossip on the side.

"What do you mean? Ning girl, I think it is more suitable for the boss..."

Su Jin, who was drinking coffee with a tiger, shook his hands in shock: "Dad, I don't know her very well. ..."

Su Qi was also anxious.

"Which is suitable? You see that eldest brother is not interested in women at all. If Ningzhi follows him, he will not be angry in the future?"

Su Yifeng blinked and looked at Su Nan.

Su Nan coughed.

"Dad just said casually, what are you in a hurry for?"

Su Qi also realized his gaffe, "I'm not in a hurry!" Su Nan pursed her lips and smiled

, "Do you want me to help you chase her?" Rarely became popular

, "No, I said it all, I'm not suitable for her."

"Oh."

Su Nan answered with little interest, "Yes, your girlfriend can spare the capital by holding hands, just like you. How can such a person be worthy of our Ningzhi?"

Su Qi's face changed a few times, he wanted to say something, but he held back, lowered his head and continued to repair the jade ring in his hand.

...

the next morning.

It was the first time that Shang Qian had called her so early, as if there was an emergency.

“Good morning, Miss Su.”

Su Nan: “Morning, Mr. Shang, what happened so early?”

“Juli Group’s project was once stranded, and research and development was already difficult, so the stranded project will only affect the entire cooperation. “Miss Su, is there something unspeakable about the Juli Group?”

Su Nan frowned, drinking milk for a while.

stranded?

How come she never heard of it?

“Mr. Shang, I’ll give you an answer on this matter, it won’t affect the progress of our cooperation.”

After hanging up the phone, Su Nan just packed up and went to Juli Group.

She didn’t even say hello.

Tang Kai, her assistant at Juli Group, has not heard any news recently.

This doesn’t seem like a good omen.

Su Nan, dressed in a delicate dress, walked in the wind as if she were walking in the wind. She entered the Juli Group and ran directly to Tang Kai’s office.

Tang Kai was stunned and stood up quickly.

“President Su?”

Su Nan didn’t talk nonsense and sat on the chair opposite.

“What happened to Juli Group recently?”

Tang Kai shook his head, “No...”

“The research and development of the project we had with the general manager of the business didn’t go well?”

Tang Kai still shook his head, “I haven’t heard of it.”

Su Nan paused, his eyes sank slightly...

Chapter five hundred and sixty-ninth, the man without grace

Chapter 569

Su Nan, a man without grace, suddenly thought of something and called Silent.

“Susu?”

Silent seemed to be very happy, and there were other voices around.

Su Nan smiled, “Mom, are you in the company?”

“No, I’m in the laboratory of Su Ming. I’m on vacation. He invited me to visit his laboratory, which is great... .”

“Are you on vacation?” Su Nan’s expression changed.

“Yeah, our boss Lin gave us half a month’s leave. I’m still curious. The project is only halfway through, and the key technology has not been broken through...”

Such an important project, the research There are strict regulations on staff vacations, rotations, or monetary subsidies.

Half a month’s vacation?

Su Nan’s expression changed obviously.

She pursed her lips and took a deep breath.

“Silent, I’ll go to Ringo to ask why, and hang up first.”

Hang up the phone.

Tang Kai’s face also became ugly. Ringo gave the researchers a holiday. He didn’t hear about such a big thing?

“Su...President Su, I don’t know about this...”

Su Nan said with a hint of coldness, “They don’t want you to know, of course you won’t know.”

Tang Kai suddenly felt a little panic in his heart, and he lived too smoothly here.

A newcomer was appointed with an important task as soon as he joined the company. People from Lingo and Fu Yechuan treated him with courtesy. He always believed that with Su Nan there, this cooperation was a tripartite cooperation and there would be no problem.

As a result... such a big thing can be called an accident!

Su Nan stepped out on high heels, and when people passing by greeted her, she nodded and smiled calmly.

On the surface, there is no problem at all.

All the way to the door of Su Qi's office.

His secretary was slightly surprised when he saw Su Nan.

"Mr. Su, why are you here suddenly..."

Su Nan smiled, "Is Mr. Lin there?" The

secretary nodded, "Mr. Lin is here."

Su Nan nodded, without waiting for him to go in to report Concentrating on his intentions, he pushed the door directly in.

Ringo was on the phone inside and was a little surprised to see Su Nan coming in.

Then he hung up the phone and walked over with a smile. Seeing Su Nan's cold expression, Swen Junxiu's face instantly felt a little guilty.

"Mr. Su, why did you come here all of a sudden? Just in time, I called Mr. Fu, let's have a meal together, I know a new restaurant has opened nearby..."

Su Nan stared at him coldly, suddenly Hooked lips smile.

"Mr. Lin, Juli Group is going to go bankrupt, isn't it?"

Ringo's expression condensed and his eyes narrowed slightly.

"Mr. Su, please tell me if you have something to say."

"You give the R&D department a long vacation, at least with the approval of the board of directors? During the vacation, no one was assigned to be in charge of rotation, and the R&D process was completely interrupted. Are you going to go bankrupt?"

Su Nan was very polite, but she couldn't be polite either.

Not only for Shang Qian's contract, the Su Group is a direct partner, and everything will be lost.

Ringo's eyes flickered slightly, and he suddenly felt guilty.

But... if it wasn't for that person's orders, he wouldn't dare to do it so directly.

"Mr. Su misunderstood, it's just a small vacation. After the artificial intelligence car has been solved, we must let everyone breathe a sigh of relief..."

Su Nan sneered, "Small vacation? Holiday? The reason for delaying the research and development progress is to drag down Shang Qian's project, right?"

Ringo pursed his lips, "Of course not..."

"I recommended Shang Qian to cooperate with your company at first, if you want to terminate the cooperation, we can end it according to the process and move some dirty hands and feet, which is really not like Mr. Lin's demeanor."

"It's not me..."

"Who is that?" Su Nan asked.

Chapter five hundred and seventieth don't betray me

Chapter Five Hundred and Seventieth Don't Betray My

The atmosphere in the office suddenly became heavy.

Ringo didn't look like he was joking when he looked at Su Nan, and suddenly felt that he had done too much.

It wasn't just Shang Qian who was dragged down, but also his first partner, the Su Group.

When it comes to the interests of the Su Group, how could Su Nan be indifferent?

But if Fu Yechuan betrayed, it would not only affect their relationship, I am afraid that the three-way cooperation would be over...

Just when Ringo hesitated for a moment, Su Nan narrowed his eyes, as if he had realized something.

"Who is it?"

Ringo's thin lips pursed tightly, and his face became nervous.

"No...it's not something I thought about. I'll ask everyone to cancel their vacation right away."

"Mr. Lin, I'm afraid this matter is not so simple."

Su Nan watched calmly. He, "Later I will ask the legal department to draw up a contract to limit the duration of the research and development progress, and our company will send a professional team to regularly check the research and development results.

If we can't do this, we can end the cooperation at any time. The only choice for the clan."

Ringo's eyes darkened slightly, and he was calm on the surface, but he really regretted it in his heart.

The appearance of Su Nan turning his face and not recognizing anyone was really unexpected.

He had really been taking her lightly all the time.

With the current scale of the Juli Group, it cannot pose any threat to the Su Group at all, especially since Su Nan's second brother, Su Ming, is a famous scientific god.

But that's right, this time it's because he can't handle the Su family, and of course Su Nan won't turn the page lightly!

According to Su Nan's approach to the Hong Group, she has not been so kind to the Juli Group.

Otherwise, at that point, maybe even Fu Yechuan couldn't save him.

Ringo coughed and his attitude softened.

"This matter has to be discussed again, Mr. Su, why don't we have a meal together?"

Su Nan curled his lips, and the coldness on the corner of his mouth flashed.

"It's not negotiable, Mr. Lin, our relationship has not yet reached the point where you can make fun of the company's interests. I think you should know how much the losses will be in the past few days. You must bear it all."

Ringo was forced. When nervous, Su Nan's strength and professionalism are even more high-pressure than Fu Yechuan.

But he didn't dare to betray Fu Yechuan at this time...

"Mr. Su, I can pay for the loss, but..."

"No but." Su Nan interrupted him coldly: "Because I It 's Party A."

After she finished speaking coldly, she turned around and left on her high heels.

Whether it was Ringo's instruction or someone else, Su Nan didn't care at all.

She has made it clear what she wants to say, and there must be affection, which is based on the interests of cooperation.

As soon as Su Nan left the company, he directly called the company's legal department and asked them to immediately start drafting the contract and go to Juli Group to determine the attribution of responsibility.

As soon as Su Nan left, Ringo immediately called Fu Yechuan.

He didn't do it beautifully. He wanted to teach Shang Qian a lesson, but he offended Su Nan.

Fu Yechuan answered the phone, Ringo repeated what had just happened, and rubbed his eyebrows helplessly.

"Mr. Fu, I tried my best, but President Su is still angry. If we really send someone to check the progress, wouldn't we have a lot more things?"

Fu Yechuan was silent for a while.

Ringo thought that the other party had hung up.

Fu Yechuan: "Let her go."

Ringo: "...?"

Huh?

He didn't want to hear this when he complained!

Fu Yechuan: "Don't betray me."
