Chapter 571 This disgusting name

Ringo silently looked at the blue sky and white clouds outside the window.

Today, he is the back pot man!

...

On the way back to the company, Su Nan received a call from Fu Yechuan.

I originally wanted to hang up, but after thinking about it, I picked it up:

“Mr. Fu, what’s the matter?”

Fu Yechuan’s tone was mellow and light, obviously with an uncontrollable good mood.

Even if they are wrapped up by her and have not made it public yet, their relationship is a relationship above friends, and they will be back together sooner or later!

“I just found out what Ringo did. It’s too much. As the director of the Juli Group, I don’t even know it at all. I have issued a stern warning. Don’t worry, the progress of the project will not be delayed.”

Su Nan was silent for a few seconds before sneering.

“So, do you think I’m a fool?” Does

Ringo have the guts to delay the progress?

He must have been ordered by someone! Fu

Yechuan followed suit, and then asked in astonishment: “What do you mean? Do you think that Ringo’s decision was made privately by me? How could I do such a thing that does not divide public and private?”

Get up, if Su Nan is really angry, their relationship will return to before liberation overnight.

He must not accept it!

perturbed!

Every second of her hesitation seemed to be torturing him, slashing his heart like Ling Chi.

Finally, she sneered, her voice clear and cold.

“Fu Yechuan, you really refreshed the bottom line of my understanding of you.”

After finishing speaking, just as he was about to hang up the phone, Fu Yechuan shouted anxiously, “Honey, wait a minute...”

Su Nan frowned and his movements froze slightly.

Was she deaf just now?

Auditory hallucinations?

what did she hear?

“Fu Yechuan, please be more normal and don’t let me hear those three words again!”

Shit dear!

For them, is such a disgusting name appropriate?

Really want to die speechless!

Fu Yechuan gave a low laugh on the phone, “You don’t like it? Then I’ll change it?”

Su Nan didn’t speak.

He thought for two seconds, “Call you baby?”

Wu Tutu said that the first step in improving the relationship is to get used to the intimacy of the address.

He wanted to call her “wife”, but he knew very well that she might kill her with a knife!

Aren’t all couples so sticky these days?

I used to feel childish and disgusting, but when I put it on myself, why is this name so sweet and sweet.

He wants something sweeter!

They even started to think about the name of their child...

Su Nan was silent for a full minute, her high heels stepped on the ground, and there was an echo in the open space, most of which were underground garages!

Hearing his new name, her face turned blue.

Oh shit!

She began to regret her promise to him, even if it was a show, even if it was fake, she also regretted it!

Fu Yechuan didn't hear a response, thinking she was still dissatisfied.

"Then why don't you just call it 'baby'?"

He proposed again.

Although it doesn't feel as close as the "baby", the "baby" is not bad.

With tens of thousands of pens in his hand, it was hard to hide his excitement.

Su Nan's footsteps stopped and he got on the elevator.

Finally, she gritted her teeth and said, "Do you need me to make an appointment with a psychiatrist?"

Fu Yechuan laughed deeply: "I have a heart disease, and only you can cure it."

Damn.

Su Nan couldn't listen anymore, so she hung up the phone directly.

When Fu Yechuan, this dog man, started chatting, very few people could resist it.

She felt that her ears were hot, and she must not be shaken by this dog man!

Hadn't he abused him hard enough before?

He was about to cry...

...

Chapter five hundred and seventy-two beaten

Chapter 572 The person who was beaten took the

elevator to the top floor, and she went directly into the office.

Yu Lou came over to report to her work, looked at her blushing face, and asked with concern, "Mr. Su, do you have a fever, do you need a doctor to come?"

Su Nan's face froze slightly, and her voice was cold and calm, "No need."

Soon, she concentrated on looking at the document and signed it. She looked at Yu Lou:

"I urge the legal department to implement the ownership agreement with the Juli Group as soon as possible. No matter what the Juli Group makes, it is not allowed to agree."

Yu Lou was a little surprised. It was the first time that he had cut off the room for negotiation so decisively.

"Yes."

He didn't ask any further, and went directly to convey Su Nan's meaning to the Legal Department.

This time, the Juli Group was in a loss, and Su Nan did not dare not agree to the conditions.

A few days later, Du Yan called and said that Xu Teng had resigned.

"It seems that he was beaten by his opponent. You know, he has been in the limelight recently. I grabbed a lot of resources for him from others, and I will definitely be hated by others. Three."

Su Nan secretly sucked in a breath of cold air.

"Do you know who it is?"

Du Yan smiled, "I didn't check, it's not easy to find out that he is a person. Anyway, Xu Teng is honest now, and he doesn't even dare to call the police, otherwise we will hang him for a while?"

Su Nan hesitated. After a few seconds, "Whatever you want, use it if you can, or forget it if you can't."

Du Yan raised his eyebrows, and immediately understood what Su Nan meant. Are you planning to let him go?

Su Nan hung up the phone, still suspicious of Xu Teng's beating.

But after thinking about it, with Xu Teng's temper, if Fu Yechuan did it, most of them would complain to her immediately.

Even Xu Teng himself doesn't know, which means he doesn't know who the other party is.

Forget it, endure it!

Who made him look so bad?

The phone rang suddenly, and Shang Qian's message: "Miss Su, invite you to dinner tonight?"

Su Nan was stunned for a moment.

New information came in: "To celebrate the smooth progress of the project."

She smiled.

Shang Qian always finds a reason that is comfortable and will not refuse.

After thinking about it, she was also at fault, and she just took this opportunity to apologize.

Reply: "Okay." After

making an appointment, Su Nan drove directly there.

A high-style private restaurant, there is no fully enclosed box, but each seat is a semi-open pattern.

Unless you deliberately spy on others, you can't see the appearance of the people around you at all.

Su Nan looked at the surrounding environment, it was quiet and quiet, more suitable for couples to date.

Shang Qian chose the seat near the window, which is the perfect place to enjoy the scenery. The halo lightly shrouded his side, and he was gentle and modest, as if there was no trace of worldly fireworks.

She walked over, and Shang Qian found her immediately, stood up, and pulled out the chair opposite for her.

"I also heard people recommend this restaurant. I heard that the desserts are good, and girls like it very much."

Such considerate care is not just for the purpose of inviting partners to eat.

Su Nan understood, but did not break it.

She didn't give him any expectations, and naturally there would be no response.

"Thank you."

Shang Qian's smile was gentle and smooth, with a calm temperament, with a bit of a bookish air.

"Yesterday, Mr. Lin from Juli Group came to my hotel to apologize in person. He said a lot of good things. In the end, he asked me to say something nice for him in front of Miss Su. I knew it was thanks to Miss Su this time."

Su Nan smiled. Laughing, "It's nothing, it's what I should do. The Su Group is a partner, and choosing Juli Group is also my recommendation. If the progress is ruined because of Juli Group, then I will replace him."

Shang Qian slightly changed. Startled, I didn't seem to expect that Su Nan could be so straightforward, but he was relieved soon.

Who among the shareholders of the Juli Group, he has also investigated.

Her cruelty should be aimed at someone!

...

Chapter 573 What a coincidence, baby

Chapter 573 What a coincidence, baby

Shang Qian immediately changed the subject.

The two chatted for a while, and Su Nan also asked about the recent situation of little Mike.

Hearing that Su Nan sent him a whole box of exercise books, little Mike cried angrily in the middle of the night, the kind that couldn't be coaxed well...

Gradually, the atmosphere suddenly relaxed a lot.

While talking and laughing, the waiter's "Welcome" was a bit abrupt.

After a few seconds, a cold gaze stared at the two people in the window.

Su Nan only felt a chill rise from her back, and before she could react, her cold and stiff arm suddenly put on her shoulder, and then she couldn't refuse, hugging her waist and sitting beside her.

Su Nan was slightly startled, Fu Yechuan smiled, stared at her with dark eyes, gritted his teeth, and

said, "What a coincidence, baby?" A

word, no, a title instantly lowered the atmosphere to freezing point.

Su Nan looked at him coldly, "Let go."

"Su Nan!" He suppressed the turbulence in his eyes and called her name in a low voice.

Why is she so heartless?

He has already done his best, and he has been resolutely rejected after making appointments with her for breakfast, lunch and dinner for several days in a row.

Now, she is free to go out to dinner with Shang Qian?

So, she just doesn't want to eat with him?

So angry!

So I don't want to endure it!

The opposite Shang Qian's eyes darkened, and then he laughed to break the weird atmosphere.

"Mr. Fu, everyone around is watching. You must save some face for Miss Su."

Fu Yechuan went out to eat, and naturally many people followed behind him.

It just happened that he met these two here.

Fu Yechuan's eyes sank, quenched as cold as ice, gritted his teeth, and slowly retracted the hand on her waist.

He couldn't care less about Su Nan's face, otherwise it would appear that Shang Qian is a sensible guy!

"Mr. Shang is really leisurely. He doesn't plan his business well, and he always pays attention to where he shouldn't."

He implied.

“Mr. Fu is in charge of all kinds of opportunities, don't let people wait, we can't afford it, let's hurry up...”

Shang Qian smiled warmly, but there was a chill in his eyes. .

They are all people with the same chance, who will admit defeat?

When he thought that Shang Qian had seen Su Nan's family, Fu Yechuan couldn't calm down, his chest heaving, how could he tolerate the

two of them eating together alone?

Fu Yechuan glanced at the group of people he brought with him, and instructed in a deep voice:

“Chen Mian, you bring people in first, I'll come later.”

“Yes.”

Chen Mian responded, and politely took the people to a farther seat.

Fu Yechuan looked at Su Nan's indifferent eyebrows, but he didn't take him seriously at all, and his face couldn't help but sink deeper.

But he only dared to face Shang Qian.

He looked at Su Nan, his tone was gentle, and he pretended to be affectionate. He reached out his hand and brushed the broken hair in her ear.

“I'll come over in a moment, you have something to eat first, don't go hungry.”

A concerned attitude.

But from Su Nan's point of view, this dog man has started to pretend again, and he is swaying!

It's just that this position is really a lot higher.

She ignored it, lowered her head and tasted the dessert, completely ignoring Fu Yechuan's existence.

Fu Yechuan had a gloomy face, gave Shang Qian a warning look, and got up and left.

Shang Qian looked at his back, something meaningful.

“President Fu seems to have changed a lot.”

Su Nan raised his eyes to look at him, “Maybe he was stimulated...”

Shang Qian smiled and said nothing, always feeling that something happened between them.

Fu Yechuan went in and toasted a glass of wine, then came out, leaving the rest to Chen Mian.

He was absent-minded and could not stay for a moment.

Seeing Su Nan and Shang Qian talking and laughing, his heart sank.

Does this woman really regard him as an insignificant little lover?

But he has not fulfilled his lover’s obligations!

...

Chapter five hundred and seventy fourth I can’t stand it

Chapter Five Hundred and Seventy-Four

Fu Yechuan, who I can’t stand, walked over and interrupted their conversation gloomily.

With a sour feeling.

“What are you talking about, you’re so happy?”

Shang Qian glanced at Su Nan, she took a sip of coffee and stopped touching it, her slender fingers were lustrous and shiny, beautiful like works of art.

After shaking his head for a moment, Shang Qian immediately said, “Miss Su told a joke, Mr. Fu also wants to hear it?”

Su Nan raised her eyes and glanced at Shang Qian, but didn’t say much.

Fu Yechuan’s eyes were even darker, with a bit of gnashing of teeth.

Oh, she told Shang Qian a joke?

“Think, don’t you mind if I’m with you?”

He ignored their answers and sat next to Su Nan, looking like he was declaring his sovereignty.

It's just that her long legs touched Su Nan's legs carelessly. The short skirt she was wearing was just above her knees. Su Nan subconsciously moved to the side.

Seeing this, Fu Yechuan deliberately rubbed against her leg. At that moment, it seemed as if the electric current passed through and hit the heart.

He accidentally glanced at it and couldn't look away again.

Slim and shiny calves, why are they so beautiful?

Look hot!

After a few seconds.

He quickly looked away, unable to look any further, there would be problems.

Su Nan glanced at him coldly, and instead of avoiding his touch, he kicked him heavily.

For a moment, his face turned pale in pain.

Damn, that's cruel!

There was not much movement, and Shang Qian didn't know what was happening under the table.

Fu Yechuan smiled nonchalantly, "Actually, it's very interesting to have dinner with President Shang. Next time you make an appointment, remember to call me."

He looked at Su Nan, who gave him a blank look and looked at Shang Qian, "President Shang, eat it's almost time, I'll go home first and leave."

Shang Qian paused, then said quickly, "Miss Su, I want to ask you something."

Su Nan looked at him.

"I'm going abroad in a few days to deal with some matters. I'm worried that Mike will stay at home alone. Can you help me take care of it for a few days? His nanny and bodyguard will stay, but he won't be obedient... .."

Su Nan immediately understood.

There was a sneer next to him, "If you don't worry, just take it away, why do you keep bothering others?"

Not to mention that little kid Mike, who is a big kid, always makes trouble for him.

Su Nan: "No problem, I'll let someone pick him up, and let him live at Su's house for a while."

Fu Yechuan's face froze, a little unhappy.

But he didn't continue to say useless nonsense.

Shang Qian smiled, "That would be troublesome."

No one paid any attention to Fu Yechuan's dissatisfaction.

Su Nan turned around and left, and Fu Yechuan naturally followed closely.

Getting in the car, Fu Yechuan sat in the co-pilot.

Su Nan didn't drive, and stared at the dim street lights in front of him speechlessly.

"Don't you own a car?"

Fu Yechuan said, "I drank and couldn't drive, and my driver also drank inside."

So, he just didn't want to drive.

"Su Nan, can I not meet him alone in the future, you know, I can't stand it."

He lowered his voice and pleaded hoarsely.

Su Nan took a deep breath, "Fu Yechuan, I hope you remember that I said that our affairs should not be known by others."

Fu Yechuan's dark eyes flashed, and he suddenly approached, his voice hoarse and charming:

"What's the matter with us? Did I become your lover? But I have a name, otherwise we will go to the real thing?"

Otherwise, he is really wronged for this false name!

Su Nan lightly tilted his head to look at him.

Oh, this dog shows its true colors!

Fu Yechuan's eyes were dark and deep, as if he could attract people in.

But Su Nan was unmoved, she knocked on the steering wheel, sneered, and started the car.

Fu Yechuan: "Where to go?"

Su Nan: "Hotel."

...

Chapter 575

Fu Yechuan was stunned for a moment, looked at her with joy, and then realized that this was not the direction to go to the hotel at all...

No, maybe she was afraid that people would find out and wanted to go to a different place. What about the far hotel?

Fu Yechuan's heart has never been as struggling and excited as he is now.

In the dark night, the street lights are dim, as if it is the road to happiness, and even the cold wind has become gentle.

After a while, it got more and more wrong.

This roadside scenery, it is obvious that there are more trees and green plants.

This is clearly in the suburbs...

Do you have to go out of town to open a house?

Fu Yechuan glanced at the fuel gauge on her car, and was immediately stunned. There was no fuel!

Before he could speak to remind him, the car suddenly stopped.

He looked at her confusedly.

Su Nan suddenly turned sideways and threw himself into his chest.

His heart suffocated violently, and before he could react, the seat belt on his body was unfastened, and the door on his right was opened.

Cold air blows in.

He woke up instantly.

Is she going to throw him away?

Fu Yechuan pursed his thin lips tightly, his eyes darkened.

Su Nan raised his chin, his voice was as cold as cold wind, "Get off."

There was no unnecessary nonsense.

Fu Yechuan's heart was cold: "..."

He got out of the car.

"If I offended you by what I said just now, I apologize."

Still can't be too hasty.

Su Nan closed the door, lowered the window, and turned to look at him.

Asked something else.

"Did you instruct the Juli Group's project?"

Fu Yechuan groaned in his heart: "No."

Su Nan closed the window, started the car, turned around fluently, and raised a puff of smoke.

From the barren mountains and wild ridges, wouldn't you really throw him here?

I can't go back all night!

Fu Yechuan's body was tense, his fists were clenched tightly. Seeing that it was not good, he immediately went over to stop in front of him:

"If I tell you the truth, will this be able to turn the story?"

Su Nan laughed.

Fu Yechuan immediately reacted, "Damn it, didn't that just say that he admitted that he did it?"

After staying with Wu Tutu for a long time, his IQ will be as stupid as him!

Su Nan had already raised the car window, and the indifference in his eyes made Fu Yechuan tremble.

Immediately afterwards, the car rushed out, and Fu Yechuan was forced to take a step back, watching Su Nan leave, he stood there, his eyebrows knitted.

Then he lowered his head and smiled softly.

Geez, it really fell into her hands!

It was just that the night was quiet and the cold wind was rustling, and he suddenly felt a chill.

One night, it was a nine-level reversal!

Fu Yechuan called Wu Tutu with a cold face...

Little Mike learned that during the few days when Shang Qian went abroad, he was honored to live in the house of his beautiful sister, and he didn't fall asleep all night. .

Shang Qian folded his hands and stood at the door, watching meaningfully as little Mike stuffed his clothes and toys into a huge suitcase.

I can't wait to move all my stuff away.

How much he hates it here...

The nanny and bodyguard on the side also rolled up their sleeves to help. It seems that they can relax a lot when they move to Su's house.

He stared at little Mike and coughed.

"I have to be obedient for the past few days when I go abroad..."

Little Mike waved his hand, showing no nostalgia.

"Daddy, don't worry, I will take good care of my beautiful sister, no, my beautiful sister will take good care of me."

Shang Qian pursed his lips, the father-son relationship is not as good as his obsession with the beautiful sister?

If he didn't want Fu Yechuan to always be close to Su Nan, he would have taken little Mike along with him.

Little Mike staying by Su Nan's side is a roadblock for Fu Yechuan!

"Don't bother Miss Su all the time. After all, she has other suitors beside her, Mr. Fu of the Fu Group, but they have a deep love for Miss Su..."

Little Mike jumped off the bed with his eyes wide open. He raised his head and looked at Shang

Qian with a pouted mouth, "Impossible, the beautiful sister is mine, and mine alone. That bad uncle must never approach her. I won't allow it."

, he can be with his beautiful sister openly and aboveboard, of course he has to cultivate his feelings well!

What a bad uncle, it is absolutely impossible to get close to his beautiful sister!

Seeing his puffed-up look, Shang Qian smiled with satisfaction.

Very good, with such a son by Su Nan's side, he can go abroad to deal with things at ease.

Satisfied, Shang Qian turned around and went back to his room to rest.

Little Mike hurriedly instructed the servants and bodyguards to pack up, and also called the pretty sister in person. He would go there by himself tomorrow, and would not be picked up by anyone.

Because he can't wait to see his beautiful sister.

It was just dawn.

There was a movement from the door of Su's house.

Little Mike was already standing in the living room with his backpack on his back, face to face with Su Qi who was still awake.

Suddenly, little Mike smiled and hugged Su Qi's thigh, "Good morning, brother..."

Su Qi was stunned, why is this child sweeter than the last time?

Is he made of marshmallows?

Su Qi smiled and pinched his little cheek.

"You should call me uncle."

After all, your father is after my sister.

Little Mike shook his head tangled, "Beautiful sister's brother is her brother!"

Su Qi played with him for a while, then got up and packed up and went out.

Su Nan went downstairs after packing up, and saw little Mike sitting on the ground obediently playing, and suddenly felt a little soft-hearted.

Arranged a room for him, and when he was about to leave, little Mike eagerly wanted to leave with Su Nan.

Su Nan was helpless, thinking that he would be alone here, so he took him directly to the company.

She started busy as soon as she entered the company, but fortunately, little Mike was taking a video class by himself, so he was not upset.

At noon, Su Nan took him to a nearby restaurant for dinner.

Who would have thought that Fu Yechuan was also here.

He was sitting on a chair in the lobby with a cigarette between his fingers, wearing a black shirt and trousers, with a slightly open neckline, his face was stern and cold, with a cynic coldness that made the person sitting across from him seem a little cautious.

Seeing Su Nan coming in, there was a hint of joy in his eyes.

Then, he put out the cigarette, stood up, and put on a warm and gentle smile.

The person on the other side looked at him in shock at the change in just a few seconds, and even couldn't believe it.

"My dear, we really have a fate, it's really my luck to meet you for a day."

Su Nan's eyes turned slightly cold.

Honey?

Hearing this title, she can't wait to die immediately!

Su Nan rolled his eyes at him and sneered, "That's my misfortune."

Fu Yechuan's face stiffened slightly, but he was not discouraged.

Wu Tutu said that if Miss Su wants to slap you, you have to stretch out the other side and let her slap her.

It hurts when you are happy!

Thinking of this, he breathed a sigh of relief and stepped forward to open the chair for Su Nan.

The man opposite was still sitting there sluggishly, and when he saw this scene, he immediately jumped up.

“Mr. Fu, then I won’t waste your time, goodbye.”

Fu Yechuan nodded lightly, and the man disappeared quickly.

Su Nan pulled the chair across from him and sat down. Fu Yechuan’s seat was empty. Just as he was about to sit down by himself, little Mike jumped over and sat opposite Su Nan.

Fu Yechuan: “...”

Look, this kid is exactly like Shang Qian, always thinking about other people’s things!

Little Mike looked at him with a smile, flung his two short legs, and said slowly:

“Uncle Fu, there is no seat...”

His provocation was simply too childish.

Fu Yechuan squinted his eyes, gritted his teeth, stepped forward, picked up little Mike with one hand, and let him take the position inside.

The strength and attitude that cannot be rejected, little Mike has no time and strength to struggle.

When the dust settled, Fu Yechuan loosened his collar when he reached that position.

“Isn’t there now?”

Su Nan looked at him lightly, with a hint of warning tone: "Fu Yechuan, he is still a child..."

Fu Yechuan raised his eyebrows and glanced at the corners of his eyes. Little Mike, who was blushing, said, "The flowers of the motherland, no, they are foreign flowers, and have nothing to do with our country Z."

Su Nan: "..."

Little Mike looked at Fu Yechuan angrily, and his heart was filled. Stuck, I really can't wait to grow up quickly, go abroad with my beautiful sister in the future, and never come back!

"Beautiful sister, when people see people they don't like, they won't be able to eat!"

Little Mike snorted coldly and spoke bluntly.

Su Nan lifted his eyes and looked at Fu Yechuan, "Hurry up."

So decisive?

Fu Yechuan couldn't help being a little injured.

He twitched the corners of his mouth and looked at little Mike lightly.

"Then eat with your eyes closed, you won't be able to see."

After speaking, he immediately looked at Su Nan and coaxed in a low voice,

"We haven't seen each other for so long, don't you miss me?"

Su Nan smiled lightly. He smiled: "There is more than one of you by my side. What do you want to think about?"

Fu Yechuan's eyes darkened instantly, but he tried his best to control his emotions.

He knew that Su Nan was irritating him and telling him to retreat.

impossible!

"They're not as good as me."

His eyes were heavy, and a dark color flashed past.

Su Nan was silent, obviously not wanting to say anything excessive to the child in front of him.

During a meal, she didn't talk much, and he didn't talk, just watched her eat slowly.

It's so beautiful!

His eyes were like a leopard staring at its prey, and he was restrained but eager to move.

Eyes are possessive.

Little Mike ate his children's meal in a huff, staring at Fu Yechuan from time to time, very alert.

So angry, why hasn't he grown up yet?

After eating, Fu Yechuan insisted on sending them back, but Su Nan refused, so Fu Yechuan carried little Mike and left.

Little Mike was startled, he realized that he was being used as a tool man, and kicked all over in anger.

Su Nan reluctantly followed.

Before leaving, Fu Yechuan grabbed her wrist suddenly, "Let's go to the Lu family's reception tomorrow?"

Su Nan frowned, she also received an invitation from the Lu family.

Just don't know why the reception is held.

However, every reception is a social banquet, and it is still a must to go.

"No, I'll find someone else."

Su Nan said lightly.

Fu Yechuan's eyes were cloudy for a moment, and then he smiled, his tone a little cold.

"I'll pick you up tomorrow night. If I see other men, I'll kill him."

There was undisguised sternness in his words.

Su Nan sneered blankly.

Unmoved.

Fu Yechuan was reluctant to let go of her hand, it was smooth and soft. It turned out that holding her hand felt so good.

Everything so beautiful belongs to him, Fu Yechuan, and there is no way for others to think about it!

He turned his eyes darkly, and turned to get in the car.

Su Nan: "What kind of banquet did Lu Qi's family hold, so mysterious?"

Fu Yechuan turned back and smiled: "Celebrate Lu Qi and his ex-wife's remarriage!"

Su Nan choked, "..."

Su house in front of him.

Little Mike finally got rid of his bad mood and happily went to play with Su Xiaohu.

After Su Nan finished grooming, she looked at the stock in the study.

Someone pushed the door and came in. Needless to say, they knew it was Su Qi.

He was holding a small box in his hand.

"Little Si, are you busy?"

"Nonsense."

Su Qi smiled and put the box in front of her.

"Tomorrow, help me give this to her."

"Who is it for?"

Su Nan asked curiously, and opened the box.

A jade ring in the shape of a water drop, lying quietly inside, seems to have the meaning of life again.

At first, it looked like it was torn apart, and it seemed that there was no help. I didn't expect Su Qi to actually do it?

Just a closer look, there are a few flaws that can be ignored.

It's rare for Su Qi to be so diligent about one thing!

Su Nan raised his eyes, "Third brother, you have given it yourself, you must be very happy to know."

Su Qi sighed.

"She probably doesn't want to see me."

Su Nan decisively pushed the box in front of him, "No, I'll be very happy to know, you will give it in person, she will be happier."

This kind of good opportunity may be repaired Of course, Su Nan couldn't take advantage of their relationship!

Su Qi hesitated slightly, and Su Nan thought for a while, "Tomorrow, I should also go to the Lu family's banquet, if you know it, you can go with me."

In this way, she doesn't have to face the goddamn dog man Fu Yechuan.

The two hit it off and went back to their rooms to sleep happily.

The next day, after Su Nan held a meeting in the company, Yu Lou asked if she needed a designer to prepare her a dress for the dinner party.

Su Nan suddenly remembered that Lu Qi's banquet was also very strange.

Remarried?

She didn't know when Lu Qi got divorced...

But this kind of wealthy marriage is mostly a matter of interest. Once it is widely announced, it will cause turmoil in the stock market, so many families don't care about it. No matter how the outside world speculates, they will not reveal the fact that they have actually divorced.

Not everyone has the same courage as Su Nan and Fu Yechuan, and would rather bear the consequences of divorce than break it cleanly.

Yu Lou reminded Su Nan, "Mr. Su, do you need to arrange for an assistant to follow him at night?"

Su Nan: "No, my third brother will follow. For clothes, it's better to keep it simple."

She didn't intend to show off, others The remarriage dinner, I should keep a low profile.

Yu Lou nodded and left the office.

at dusk.

Fu Yechuan drove a luxury car to the Su Group, for fear that others would not know that he was here to pick up Su Nan.

He just stood downstairs and waited, attracting the attention of many people. The whole company was discussing the relationship between President Fu and Su Nan.

Wu Tutu said that the more publicity the better, so he was not in a hurry or urging, but was very patient.

The employees after get off work cast meaningful glances, and immediately started a lively discussion after walking over.

"Mr. Fu doesn't really want to get back with Mr. Su, right?"

"It's not that he can. We, Mr. Su are single, and a man like Mr. Fu standing downstairs and waiting, several came yesterday, no Are they all kicked out..."

Fu Yechuan's originally high mood trembled slightly, and his face turned cold.

many?

He gritted his teeth, it seemed that he was really careless!

Just thinking about it, Su Nan was wearing a black knee-length tube top evening dress with an expensive pearl necklace and a white trench coat. The whole person looked bright and dazzling, and was breathtakingly beautiful.

Yu Lou was holding the bag for her, but the two did not walk in his direction, but went to the other side. A Maybach sports car appeared there at an unknown time.

Fu Yechuan's eyes dimmed slightly, he suddenly remembered what Su Nan said yesterday that she was going with others.

He didn't seem to take his words to heart.

Already made an appointment?

Fu Yechuan clenched his fists quietly, his face was cold, he straightened the collar of his shirt, and strode over.

He wanted to see, who would dare to rob someone in front of him?

Chapter 579 Who dares to take you away

Chapter 579 Who dares to take you to

Yu Lou? Open the rear car door for Su Nan at the back. Little Mike has been waiting inside for a long time. He is going to be a flower protector.

Su Nan bent over and just stepped on the pedal with one foot when suddenly a big hand grabbed her arm tightly and pulled her back.

The cold and stern smell on the other side made Su Nan know who it was at once.

“President Fu...”

Yu Lou was a little surprised.

The next moment he subconsciously wanted to protect Su Nan, he was hesitant to pull Su Nan back from his hands.

However, Fu Yechuan held Su Nan tightly in his arms, with a strong attitude and a chill in his eyes.

There was playfulness and warning in the voice.

“Didn’t you agree that I’ll come pick you up? Who dares to take you away?”

He didn’t show anger, just a sullen face, but there was extreme indifference and arrogance in his words.

The incomparable arrogance still poured out a lot in the emotions he tried so hard to suppress.

Su Nan was imprisoned in his arms, not struggling, but following his strength casually, with a bit of casual coldness in his eyes.

When Fu Yechuan saw her like this, his heart seemed to be scratched.

She was in his arms, and the two of them were breathing very close.

As soon as he lowered his head, he could taste what he was thinking about day and night.

He thought so and did so.

She lowered her head gently, about to touch her luscious lips, and the next second, she turned her head slightly, with a clear coldness in her eyes.

What, are you afraid that others will know?

This rich second generation driving a Maybach?

Fu Yechuan's eyes instantly rolled up with a violent storm.

His hand squeezed her chin, and he insisted on kissing her domineeringly...

The next second, the rich second generation in the car got out of the car, his voice was cold and sarcastic.

"President Fu, do you dare to move my people?"

Fu Yechuan's eyes flashed a sharp and dangerous trace, but in the next second, he was stunned.

Su Qi stood there with his hands in his pockets, with a sneer at the corner of his mouth, but his face was gloomy and ugly, staring at him with a warning look.

Fu Yechuan paused, then looked down at Su Nan's laziness at the corner of his mouth, then he gritted his teeth and let go of his hand calmly.

The atmosphere was a little stagnant for a while.

Yu Lou wished he could be an invisible person.

Su Nan casually tidied up her skirts, and got into the car without looking sideways, without giving him a glimpse of the corner of her eyes.

Oh, being sick makes you crazy!

Fu Yechuan didn't know what to say for a while, but dared to know that the second generation of the rich who didn't know whether to live or die was Su Nan's third brother?

What can he use to save his good impression of the future third brother-in-law?

Fu Yechuan felt a little regretful for a while. He knew that the three brothers of the Su family felt distressed for Su Nan, to the point of madness.

He clenched his fist and coughed, “Young Master Su, what a coincidence...”

Su Qi sneered, with coldness and disgust in his eyes.

How dare Fu Yechuan bully his sister in front of him?

When he’s not gasping for breath?

“Is it a coincidence?” Su Qi asked back, “When did Mr. Fu’s face become so thick?”

Fu Yechuan’s face stiffened slightly.

No one dared to talk to him like that, if anyone else, he would definitely pay for it.

But Su Nan’s brother is another matter.

Fu Yechuan walked over and paused when passing by Su Qi.

He spoke in a voice that only two people could hear, without emotion:

“Young Master Su, is that piece of jade easy to use? Does Miss Ning like it?”

Su Qi’s body was slightly stiff, and a hint of surprise flashed in his eyes.

He finally found the piece of jade that he planned to give to Ning Zhiliang to replace the broken jade, but it turned out to be Fu Yechuan’s?

Chapter Five Hundred and Eighty – Change Someone to Get Married

Chapter 580: Get married,

turn around and get in the car.

The Lu family was extremely generous for this banquet, and it was justifiable to spend a lot of money.

For this banquet hall, Lu Qi has contracted the entire hotel, and the magnificent decoration is as grand as a wedding.

After chatting with the people at the door, Su Nan came in holding Su Qi’s arm.

At the entrance, put the wedding photo of Lu Qi and the bride.

The two were wearing white dresses and wedding dresses. Lu Qi was in high spirits, and the corners of his eyes and brows were filled with joy that could not be concealed.

Lin called cold bride, very beautiful, looks is very gentle and sweet type, just smile a bit stiff, perhaps photography

teacher did not shine well.

Su Nan had never heard of this bride before. The Leng family seemed to have no background, but she had a good relationship with the old man of the Lu family.

Looking at the photo, Su Qi sighed and shook his head.

“When Leng Lin married Lu Qi, her family was on the verge of bankruptcy. After she married Lu Qi, the family was completely bankrupt.”

Su Nan gave a slight pause, and almost thought she had heard it wrong.

Isn't this kind of marriage all for the continuation of the weak family?

Why didn't Lu Qi's marriage work?

Su Qi smiled and lowered his voice, “In the beginning, Lu Qi did everything he could to get a divorce, but it was all hidden by Lu Dong.

Later , Leng Lin found out about it and divorced smoothly. The day of remarriage?”

Su Nan rolled his eyes speechlessly, what a dramatic life, and the woman is too unlucky!

Lu Qi and Leng Lin were standing at the door to welcome the guests. Lu Qi smiled brilliantly, and wished that a flower would appear on his face.

The woman on the side, Leng Lin, had a faint smile, holding his arm with one hand, looking like a talented woman.

The two of them didn't seem to have any grudges or hatred, as if they had always been so plain and happy.

“Miss Su, Young Master Su, you are really full of brilliance...”

Lu Qi stretched out his hand, Su Qi smiled and shook hands with him, and immediately put on a face that didn't know anything, “Congratulations, congratulations , what a big happy event, the two of you are really a good match!”

Lu Qi deepened his smile and agreed very much.

On the other hand, Leng Lin raised her eyes lightly, glanced at Su Qi with a smile, and said nothing.

However, Su Nan, who was next to her, smiled and nodded.

Su Nan nodded.

She came here purely for social relations, not just to watch the fun.

Fu Yechuan came over behind him, glanced at Su Nan with a smile, and then patted Lu Qi on the shoulder:

“Congratulations.”

The congratulations came from the heart.

This made the confused self see hope.

When he and Su Nan remarry, the scale will be even bigger than this. All media reporters are invited to come to watch the ceremony, so that the whole world will know that he and Su Nan are married.

Seeing this, Su Nan and Su Qi walked in without saying much.

Lu Qi clicked his tongue and looked at Fu Yechuan meaningfully, “Old Fu, your speed is not good, isn’t the progress going well?”

There was smug complacency in his voice.

Hahaha, it was also divorce and marriage, and he completed it in just one month.

And what about Fu Yechuan?

Fu Yechuan glanced at Lu Qi coldly, with a warning.

If it wasn’t for his big day, he really wanted to teach him a lesson.

The bride on the side smiled coldly, and said softly and considerately: “You guys talk, I’ll go in to entertain the guests.”

Lu Qi nodded, and took her hand and patted her very gently.

“Okay, go and rest for a while when you’re tired, you don’t have to force yourself.” The bride nodded, then turned and walked in.

Lu Qi looked at her back, and his eyes could not wait to stick to her.

The remaining two men spoke more casually.

Fu Yechuan frowned: "Can't you go home and watch?"

Lu Qi couldn't help laughing when he heard his sour words.

"Old Master, if it really doesn't work, you can marry someone else."
