Chapter 621 was kicked out of bed

Chapter 621

No one knew what happened to Lu Qi and Leng Lin after being kicked out of bed. Su Nan arrived at the hotel and started work.

There is plenty of time in the afternoon, but there are several urgent matters that need to be dealt with at the company, and she has been on the video call.

two hours later.

Su Nan hung up the phone, stretched, and planned to ask the hotel to deliver something to eat.

But before the call could be made, the doorbell rang in a hurry outside, and then the phone rang.

She looked at it, it was Fu Yechuan?

She paused for a few seconds, then picked up, "Mr. Fu, is there something?"

"Come down, something happened."

Fu Yechuan's cold and low voice sounded, as if it was just a business tone.

Su Nan was stunned, hung up the phone, and walked quickly to the elevator.

He was probably talking about the floor where the others lived.

as predicted.

As soon as we got out of the elevator, the entire corridor was crowded with people, chatting and chatting.

She could also hear a woman crying...

Su Nan was very surprised, what happened?

When everyone saw that it was her, they consciously made way for her.

Su Nan went to the door of a room smoothly and saw Fu Yechuan.

Fu Yechuan didn't go in, he stood outside the door with a cold expression, and he was arrogant. No one dared to stand beside him except Chen Mian.

When he saw her, he raised his eyebrows and motioned her to go into the room.

Su Nan's heart skipped a beat.

It's like being led into a bottomless pit!

She walked along and saw Du Yan and several directors with an extremely ugly face.

Du Yanqi's face turned pale, and the directors were discussing something embarrassingly behind.

And the woman's cry kept coming from the room.

"Miss Su, why are you here?"

Du Yan stood up first, a little surprised.

Su Nan looked indifferently at the room inside, only one glance, and the whole person froze slightly.

Damn, Xu Teng and Yang Qian?

Yang Qian's plump and sexy body was sitting on the bed. The pajamas on her body were messy, as if they had been torn apart by someone. There were red marks left by the struggle on her body, which looked dazzling.

And she sat there, crying uncontrollably, as if she was frightened.

What was shocking was that Xu Teng was sitting on the ground in a disheveled way. To be precise, he was wearing a pair of shorts and his upper body was naked. At this time, his face was red, embarrassed and ugly, and he seemed to be wearing Unspeakable anger and depression.

The way he was sitting there, and the messy look on the ground and the bed, seemed to be kicked out of bed.

Su Nan's heart froze, Damn, her cash cow has collapsed?

Du Yan walked behind her, patted her shoulder, and sighed softly.

"You saw it too, I just asked, it was Xu Teng who went to Yang Qian's room under the pretext that he wanted... the overlord to force his bow, but Yang Qian didn't want to, so

he shouted loudly, but he didn't expect it to come. People, everyone heard and saw it, and that's it..."

Du Yan filed a lawsuit.

He has a variety show script that will explode this year in his hand, and he came here wholeheartedly to start a career!

The result is trouble one after another, which is too depressing.

A director sighed, "I think one of them has to leave. We can't all stay, or we'll be scolded to death if it spreads out!"

"Yes, this can't be spread out!"

"Xu Teng is a member of Du's head office, so we can win it ourselves, but Yang Qian, if she calls the police..."

It's hard to say!

In a few words, everyone analyzed the pros and cons of the outcome of the matter, clearly.

Who keeps who goes?

Su Nan closed his eyes and glanced at the people in the room lightly.

"Put your clothes on and come out."

...

Chapter 622 The rich woman bullies me

Chapter 622 The rich woman bullied me

Su Nan's voice was extremely cold, Xu Teng trembled slightly, and some even dared not look at her.

Su Nan glanced outside the door, and immediately someone closed the door.

Fu Yechuan and Chen Mian also came in, as if they wanted to know the result of their treatment.

Yang Qian sobbed and put on a dress and went out, not afraid of other people's strange eyes at all.

The voice was hoarse, extremely aggrieved.

“Miss Su, Mr. Du, you are all here, I’ll just say it straight, how long has Xu Teng been in the industry, how dare you brazenly flirt with actresses?”

Xu Teng listened inside and ran out in a hurry.

“It’s obviously your own will. You hinted me over and over again. Don’t you like me? Everyone can testify!

” A little extra connection?”

Yang Qian glared at him, angrily, she walked over and slapped Xu Teng in the face.

“Did I smile at you and invite you to come to me? You ran into my room in the daytime, and I said you didn’t want to, but you still play hard with me?”

Xu Teng’s face twitched Red, the already young and handsome face, colorful.

He breathed violently, “You want to refuse and welcome!”

Yang Qian sneered: “I bah, I welcome you? You don’t urinate and look at yourself, what is there for you to be looked at by others? ?

Although I am a divorced woman, I have worked hard in the circle for so many years, and I have never met a disgusting person like you. My ex-husband is rich and my ex-boyfriend is handsome. How about you

? You’re a little shrewd like you who just debuted and grabbed a bunch of them, and you still want to sleep with women for nothing?”

Xu Teng was hit hard by her remarks, especially in front of so many powerful people.

His face turned blue.

“You...you’re too much!”

Yang Qian snorted coldly, looking at Su Nan, with a few tears hanging from her grievances, with a bit of pride and persistence on her face.

“Miss Su, everyone is a woman. To be honest, it’s not easy for me to get to where I am in the circle, and I’m not some kind of fairy who doesn’t get stained out of the mud. I’m divorced, so my boss is willing to support me again. Would you take his money to find a penniless little male model?”

Her boss is her financial sponsor.

As soon as Su Nan heard it, she understood that Xu Teng wanted to be reborn as a rich woman, but she didn't expect that the rich woman didn't want to be soaked by him, she just wanted to play with his hype.

She glanced at Xu Teng indifferently, this idiot's brain was really kicked by a donkey.

This show is bound to explode, he is still in a hurry at this moment?

It's good now, I haven't caught anything, maybe I'll be scolded out of the circle!

"Miss Su, that's not the case..."

Xu Teng was eager to express something, and Su Nan gave him a fierce look, her voice extremely cold.

"Did you come here by yourself?"

Xu Teng said angrily: "Yes."

It wasn't because of his friends' licenses that he said he would take the initiative to the rich woman, the relationship would be improved, and he would do better in the future!

Yang Qian is an unusual person in the circle.

Otherwise, how could he not wait to come and serve this rich woman in broad daylight?

She was obviously interested in herself when she was recording the show!

He thought that was suggesting to himself that he could go further!

Su Nan's tone was cold, "Miss Yang rejects you, are you still going to force it?"

Who can't see the marks on Yang Qian's body?

Xu Teng: "..."

After a few seconds of silence, he replied, "Yes...No...Yes..."

...

Chapter 623 Let him go

Chapter 623 Still let him go

Xu Teng thought that her refusal was just for fun.

What's more, when he entered the door, Yang Qian was not unhappy at all, instead she was throwing wink after wink, overwhelmed!

Tossing the two of them on the bed, he started to move, but she began to pretentiously refuse...

How could he think she was really unwilling at that time?

When her refusal became bigger and bigger and kicked him out of bed, before he could react, Yang Qian shouted loudly.

In less than a minute, everyone on the first floor came over!

What a dark time in life!

Until now, his mind was dazed.

He was bullied by the rich woman!

Depressed to death!

Su Nan didn't speak, and glanced at Du Yan. Du Yan stood up with a cold tone:

"Since that's the case, Xu Teng, we can't keep you here. We'll go back and terminate the contract with you. Let's go through the formalities."

Xu Teng Teng was stunned and looked up quickly.

"No...Miss Su, Mr. Du, I really didn't mean to..."

He still looked at Su Nan while calling for help.

Only Su Nan can save him!

She is the rich woman he respects the most!

But Su Nan not only ignored him, but a cold and gloomy gaze swept over him, and he trembled.

The cry for help caught in his throat.

Mr. Fu is also there.

He could not forget the warnings from Fu Yechuan.

He could only look at Du Yan aggrieved, "Mr. Du, I don't dare anymore..."

Du Yan waved his hand, "It's too late, don't say anything."

He looked at Yang Qian again: "Miss Yang, you also know that our audience and the industry have high expectations for this show. Too many scandals are not good for everyone. Zhang Zhang and Ying Ying are about to join the group. It is a good thing to be able to cooperate with them. If you can't ask for it, you..."

Yang Qian understood and reacted immediately.

"Du total, I cherish this opportunity, as long as many vine like to leave, I would like to stay in our variety, and I will explain this thing with the program, it will not get into trouble."

Yang Qian mixed After so many years, she is very clear about the importance of interests.

Killing a Xu Teng is easy, but getting this opportunity is a once-in-a-lifetime opportunity!

Du Yan smiled and looked at Su Nan.

Su Nan nodded lightly, expressing his agreement with his handling.

Drive Xu Teng away, let Yang Qian stay, and cooperate with the negative news.

This is the best option to reduce profit loss.

The ghost chose Xu Teng!

Xu Teng's face turned pale and panicked.

"Mr. Du, don't drive me away, Mr. Du, I know it's wrong, I really know it's wrong..."

Who knows, the woman who was still flirting with him a few hours ago, a few hours ago  
Then let him get out of this group.

"Director, please help me beg for mercy, you said that my future is promising..."

Director: "I'm blind."

"Mr. Fu, you..." Xu Teng hadn't said anything yet. After that, I felt the knife-like look in my eyes, so I held back. I was really sick and seeking medical attention!

He looked at Su Nan helplessly and cried.

"Miss Su, help me, it's you who brought me into the business..."

Su Nan's eyes turned cold, and his tone became cold: "I asked you to hug the rich woman's thigh? Idiot— -"

She really didn't want to stay for a second, she was so angry that she was about to leave.

Xu Teng wanted to catch up and continue to intercede.

Before the hand could touch Su Nan's arm, it was turned over by someone, and with a click, it was broken...

...

Chapter 624 I beg you to have plastic surgery

Chapter 624 I beg you to have plastic surgery

. He cried out in pain, pain and grief.

Fu Yechuan clapped his hands sternly, then slowly wiped it with the handkerchief, and threw it on the ground at will, with no trace of warmth between his eyes.

He saw that Xu Teng's hands were not pleasing to the eye, it was not a day or two.

Su Nan left, and the rest of the room looked at each other.

I also expressed that Xu Teng's misery was deserved, and he was very happy to eliminate the harm for the people!

Even President Fu was so angry for Yang Qian, and everyone was more firm in their choice.

Du Yan politely comforted a few words, and everyone left one after another.

Fu Yechuan looked at Xu Teng who was rolling on the ground, and snorted, he would actually consider this kind of scum as an opponent?

What an insult to myself!

"President Fu..."

Yang Qian stopped him just as he was about to leave.

"Mr. Fu, I..."

She hesitated, but the miserable and pitiful situation just now disappeared.

Xu Teng lay on the ground and looked at them in surprise.

they know each other?

Fu Yechuan's brows were cold, but the corners of his mouth were faintly light, and he seemed a little happy.

"You did a good job, look back at which resource, and tell Chen Mian."

After he finished speaking, he just lifted his foot and walked out, his back still indifferent and noble.

Xu Teng's eyes widened in shock, and Yang Qian suddenly laughed.

With Fu Yechuan's words, her status in the circle is unparalleled.

But she helped Fu Yechuan drive away a fly that was entangled around Su Nan, and she got such a big benefit. Compared with those two who were wearing pajamas to seduce him but were kicked out by him, she was the biggest winner.

Yang Qian blinked and suddenly realized that Xu Teng was still in the room.

She hooked her lips, smiled, and was charming.

"Brother, you're still too young, so take it as a downfall. A person like Miss Su is God's preference for her, and not everyone deserves to join in the fun."

Her words made Xu Teng wake up all of a sudden. .

Su Nan!

It's all because of Miss Su!

All of this may be another trap for him?

Xu Teng: "..."

Su Nan returned to the room, furious, this Xu Teng really lost his temper the more he thought about it!

Such a good cash cow was killed by himself!

Shit, idiot!

Yu Lou called, "Mr. Su, there is an urgent meeting that needs to be attended. Can I find someone for the meeting?"

Su Nan: "I'll go by myself."

She really couldn't stay in this group for a moment.

In less than two days, the participants basically changed again.

Hehe...

The water in the entertainment industry is too deep, she quit!

As soon as Su Nan left, the news reached Fu Yechuan.

His brows loosened, and his face was a little light, "Let's go."

Chen Mian was taken aback, "Shall we go back to the company?"

"Well."

Fu Yechuan had already stood up and straightened his suit jacket. ,unattainable.

Chen Mian breathed a sigh of relief, and immediately nodded, "Yes, I'll arrange it."

Compared with here, he still hopes that President Fu will go back to the company to guide Jiangshan.

In less than two days here, although no major event was delayed, Chen Mian, as an assistant, obviously took on too many extra burdens.

If it weren't for the ridiculously high salary that Mr. Fu gave him, he would not have been able to continue.

After leaving the hotel, Fu Yechuan paused and remembered something.

"Let that fake go to plastic surgery."

He felt disgusted and disgusted looking at the facial features that were exactly like him, but doing that dirty thing.

"If he doesn't have plastic surgery, he will be disfigured and let him choose." Fu Yechuan's voice was terribly indifferent.

He doesn't want to see this fake again in the future!

Chen Mian paused and nodded, "Yes."

...

...

Chapter 625 You've been deceived

Chapter 625 You were deceived

Su Nan flew directly to the neighboring city for a meeting.

Before leaving, he explained to Leng Lin and said sorry, but instructed Du Yan to make this show well, and Leng Lin must be pushed out.

There are too many experiences in the past two days, Su Nan is really annoying, it is better to work two extra days in the company, the value is even higher!

In less than two hours, the public opinion on the Internet has begun to appear faintly.

"Little fresh meat is bullying people!"

"The fresh meat who debuted as a substitute for a big boss does whatever he wants in the crew!"

...

Don't think about it, when it happened, there were so many people around, and it would definitely be known.

Su Nan really didn't bother to take care of it, so he left it all to Du Yan.

The brewing of public opinion will take some time, not so fast, Du Yan has plenty of time.

When the plane arrived at the airport in the neighboring city, Yu Lou contacted the corresponding vehicle, and Su Nan stood there looking at his mobile phone.

Suddenly a shadow fell.

She looked up and saw Shang Qian standing in front of her smiling.

Su Nan was taken aback, "President Shang?"

Shouldn't he be abroad?

Shang Qian's smile is modest and very friendly.

"After the foreign affairs are settled, I will go back to China. It's a coincidence that I will attend a meeting."

Su Nan nodded and smiled, thinking that the meeting here is probably the same, which is quite a coincidence.

“Welcome back to China.”

Shang Qian stretched out his hand and pointed at Bentley by the roadside, “Let’s go together...”

Su Nan hesitated for a moment.

Shang Qian smiled and spread his hands:

“I still have some things to ask. I was invited to speak at this meeting, but I have nothing to prepare...”

Su Nan nodded and glanced at Yu Lou, “You wait for them here, I will go with President Shang first. .”

Yu Lou: “Yes.”

He was a little ashamed for a while, but fortunately Shang Qian came in time, otherwise Su Nan would have to wait with him on the roadside waiting for the car?

Do the people in the branch still want to do it, and the driver hasn’t come for so long?

...

Su Nan and Shang Qian got into the car, and Shang Qian took out a small box from the side and handed it over.

Su Nan was taken aback, “What is this?”

“Gift.”

“For me?”

Shang Qian looked at her with a smile on his face, “Yeah, you and Mike have both.”

Treat her as important as Mike, The implications are self-evident.

Su Nan felt that the gift in front of him was a little hot.

He couldn’t even catch his words.

Shang Qian handed it to her, “Let’s see if you like it or not, and then consider whether to reject it?”

Su Nan froze for a moment, the thing was already in her hands.

Although it is not good to open it in front of him, but he said so, Su Nan can only open it.

When he saw what was inside, he was slightly taken aback.

“Wood?”

It is an uncut log, the size of a palm, oval in shape, light dark red in color, with tender bark and beautiful texture.

Shang Qian chuckled, “I was passing by your university, Harvard, and I just met a graduate who took a photo. Someone was selling souvenirs at the door. They said that this wood was grown in the school and could be brought back and planted as a souvenir.”

This seems to be a very memorable and meaningful piece of wood!

Su Nan’s expression was at a loss for words.

She looked at him with complicated eyes and opened her lips gently, “Thank you, but...you have been deceived.”

Shang Qian was taken aback.

Su Nan pursed his lips and explained: “This wood was wholesaled from our domestic Wuyi wholesale market...”

Shang Qian: “...”

The atmosphere in the car was stagnant for a while.

embarrassment!

Su Nan coughed, put away the box, and saved his face in a relaxed tone.

“But I like this gift very much. I haven’t received such an unpretentious gift for a long time. Although they sell a batch every year for the graduation season, I have never bought it. This is the first time I have received this wood.. ...”

...

## **Read Divorce Billionaire Heiress Chinese Language Chapter 626-630**

Chapter six hundred and twentieth is really a buildable material

Chapter 626 is a real talent

. Shang Qian twitched the corners of his mouth and smiled bitterly: "I was deceived. This fact makes me a little desperate."

For a business elite and a Wall Street genius, this recognition I know there is too much difference.

Su Nan laughed, and the atmosphere in the car suddenly lightened up.

She took out the iPad she brought with her, "Can I tell you the topic of the speech?"

This conference is actually a prospect exchange meeting for market research and judgment. The reason why it is important is not the conference itself, but the participants are It can shake the stock market, and then affect the market's judgment.

At the meeting, a project will be proposed, which Su has been planning for a while, and is very optimistic.

Shang Qian immediately looked serious and asked for advice. His face was very confusing, modest and gentle, with a clear temperament, noble but not indifferent, and the fresh smell on his body never made people feel aggressive.

He is completely different from Fu Yechuan.

At first, it was just her talk. Later, Shang Qian began to discuss with her. The voice was neither loud nor low. Both of them maintained an optimistic but skeptical attitude towards the project.

Su Nan refused the organizer's invitation to invite her to speak on stage, mainly because there were too many things happening in the crew and she was so angry that she was afraid that she would not be able to control her emotions.

The car drove smoothly. Su Nan had been to the city several times, but every time he came and went in a hurry, he didn't have time to take a closer look.

In the blink of an eye, it seemed that something had changed.

She glanced out of the car window, and Shang Qian asked casually,

"Is Mike still good at Su's house?"

Su Nan was stunned, and she felt a little guilty. What about little Mike, the left-behind child who stayed at Su's house... Before

she spoke, Shang Qian smiled:

“But I think Su Dong seems to like him very much. When he was making a video with me, he was still teaching me how to fish. He was very professional!”

Su Nan couldn't help but smile, “Probably my dad thinks that little Mike is a man. Talent!”

She only hoped that Su Qi would not teach little Mike badly!

Shang Qian's brows and eyes had a bright smile, and when he looked at the time, the car happened to be parked downstairs in the conference center.

He got out of the car and opened the door for Su Nan.

Su Nan thanked him, and the two walked in together.

coincidentally.

The organizer arranged two people in the adjacent seats, and Fu Yechuan's name was written on the vacant seat on the other side, which was quickly replaced.

It seemed that Fu Yechuan did not intend to participate.

Fortunately, she didn't want to see him.

Yu Lou arrived in time, arranged the hotel and other materials for her, and sent her a message by the way:

“The LED electronic screen has been arranged, the time is one minute, and the cost is 68 million. In addition: the public relations and The media.”

Su Nan smiled involuntarily and replied, “Well done.” The money was spent.

But the follow-up must be clean!

The meeting begins.

The organizer made two symbolic opening remarks, and handed over the time to the bosses of major companies.

Everyone's willingness to speak up is nothing more than wanting to promote their own company and the company's project products, attract more opportunities and

investment, and guide the development of the project by the way. After all, such an opportunity for free publicity is not always available.

The people in front were so hearty that they almost spit out the spit, while some people below listened earnestly, while others dismissed it.

However, Su Nan and Shang Qian have been listening very carefully, and exchanged opinions and views on them from time to time.

In the eyes of others, Su Nan, who has always been cool and bright, and Shang Qian, a genius on Wall Street who is not approachable, seem to have a close relationship...

The

photos were also sent to Fu Yechuan's mobile phone by some people.

...

Chapter six hundred and twenty seventh capricious man

Chapter 627

Halfway through the capricious men meeting.

Su Nan received several calls and text messages, it was Xu Teng.

She didn't answer.

Text messages came one after another.

"Miss Su, you have to believe me, this is all a trap for President Fu and Yang Qian, who framed me!"

"Miss Su, I respect and like you very much. The first time I saw you, I thought you were unique. Yes, I approach you with a very respectful and sacred heart, and I have 10,000 likes and loves for you..."

"Miss Su, please save me, I don't want to mess up my life. It's still a long time..."

Su

Nan glanced at it, and suddenly felt like a stick in his throat, extremely disgusting.

She is really blind, how could she have planned to hold such a rotten person before?

He was blacklisted without hesitation.

By the way, she sent a text message to Du Yan, "Let Xu Teng get out of the way, the farther away, the better!"

She didn't want to care anymore, the cash cow became a money loser, and it was a big failure in life!

.....

The meeting suddenly burst into applause.

Someone please.

Shang Qian smiled, stood up, looked down at her, and said softly,

"It's my turn to play. If I'm wrong, please correct me."

Su Nan clenched his fists and made a "come on" gesture.

Shang Qian walked up with a smile on his face, and instantly became the focus, and the audience fell silent.

He is tall and slender, his gestures are full of extravagance, his aura is calm and calm, and his sharp edge is hidden under his modest eyebrows, just as he feels gentle and smooth, but some casual eyes will reveal him. cold and deep.

"Hello everyone, it's an honor to stand here..."

Su Nan watched with a smile. The of his speech was more popular and practical than the previous ones, but instead of introducing his company, he focused on To introduce the project of artificial intelligence.

Most importantly, he did not shy away from speaking about the reasons for the accident in the European project, which attracted the attention of the audience.

"We will eventually move towards the future world. The development of artificial intelligence is an invitation to the future world. In this process, we explore, move forward, never end, and cannot be avoided.

Unmanned driving is only a trivial part of it, and the world has broken prejudice. , accept its arrival calmly, this is our meeting ceremony for the future..."

Immediately, the audience applauded for a long time, full of passion.

And Shang Qian's eyes were on the stage, and his eyes were fixed in one direction under the stage, gentle as water, and he never moved away.

Su Nan looked at him for a few seconds, and for some reason, her heart trembled slightly.

She hurriedly lowered her head, presumably being infected by the warm atmosphere.

...

Fu Group.

Fu Yechuan was in a meeting in the conference room, and he didn't know which one of them had been sending messages to him. WeChat beeps sounded one after another.

Fu Yechuan's face also sank impatiently.

The person who was reporting was stunned for a moment, and Fu Yechuan said coldly, "Continue."

Then, he picked up his mobile phone and tapped it a few times.

In an instant, Fu Yechuan's pupils shrank fiercely, his face was dark and ugly, and the coldness between his eyebrows instantly swept his anger.

Shang Qian is actually with Su Nan?

The head of the reporting department wiped his sweat unconsciously, his face turning pale.

"Mr. Fu, some projects have been put on hold during your absence, and some are very risky. Our project department is not sure whether to continue to invest more..."

"Bang——"

Fu Yechuan's mobile phone was dropped on the table, his eyes swept across the talking department director, his tone was cold:

"So, it's useless to ask you, is it?"

...

Chapter six hundred and twentieth eight scold it

Chapter

628 The head of the department turned pale instantly, beads of sweat fell from his forehead, and his body began to tremble.

The atmosphere in the entire conference room froze for a moment, and the people below did not dare to let out the air, for fear of causing trouble.

Looking at Fu Yechuan just now, he was in a good mood. He even comforted the last department supervisor who made a mistake and encouraged him to keep working hard.

Why the next second, suddenly become cold and cruel, inhumane?

Did he become too fast, or did his subordinates get too unlucky?

Chen Mian, who was on the side, didn't dare to make a sound, but just mourned for the scolded project department manager in his heart.

Maybe life!

Fu Yechuan's whole body fell into a cold darkness, staring gloomily at the people below.

"Send the accurate report to my office before leaving work, otherwise it will be changed to a resignation report."

After he finished speaking, he didn't bother to take a second look and walked out.

Chen Mian paused, hurriedly took the phone he threw on the table, and followed in a hurry.

"Mr. Fu..."

He handed it over.

Fu Yechuan glanced at it, took it over, and said in a deep and cold tone,

"I asked you to stare at Su Nan, didn't you know she went to a meeting with Shang Qian?"

Chen Mian was stunned: "Miss Su's meeting is in a neighboring city, and you have also been invited. , but the and specifications of the meeting are not important. I mentioned it to you before, and you asked me to decline. According to the itinerary, Mr. Shang should be back in three days..."

So he really didn't know about the business. Qian is back early!

Shang Qian looked harmless and gentle, but his ability on Wall Street should not be underestimated.

Fu Yechuan's face did not show any warmth, he pushed the door and entered the office, "When will it end?"

“The meeting is only held in the afternoon, and Miss Su will be back in the evening...”

Fu Yechuan gave him a cold look and turned to him. The word “probably” is very unsatisfactory.

Chen Mian’s head dropped even lower, and he added, “It’s too late for you to go now.”

After all, there will be several important meetings in a while.

After a long time, after listening to his command: “Get out.”

“Yes.”

Chen Mian answered and then backed out.

Fu Yechuan’s heart was hard to calm down. Thinking of Su Nan and the unscrupulous Shang Qian together was like ten thousand ants eating his heart, it was really unbearable.

There was a sharp look in the eyes.

Shang Qian is more difficult to deal with than Xu Teng, but no matter how difficult it is, he also has his weaknesses.

No one should try to snatch anyone away from him!

...

In order to avoid unnecessary troubles, Su Nan did not plan to go back at night.

She checked into the hotel directly and didn’t want to face the thank you way of the led screen at night.

Really stupid!

Su Nan wore a simple casual dress with a hat and slipped out to go shopping alone.

No one can accompany her now. After all, Yu Lou still has a lot to deal with, and none of her friends are here.

The sky at dusk gradually dimmed, from a water-washed blue to a deep blue on the sky, and finally it was completely dark.

The cool breeze was slow and slow, and the leaves were blown rustling.

Su Nan walked through a small park and went directly to the mall.

Seeing the major luxury storefronts inside is really itchy.

She went in without saying a word and went shopping happily.

“This...and this, wrap it up...”

Dressed low-key and covered with a hat, no one recognized who she was, but she seemed to swipe the card directly, eyes Without blinking, I stared at a group of shopping guides.

Everyone can't wait to snatch her in and let her stroll around all at once!

She bought a lot of things and sent them directly to the hotel.

I came out with the ticket in my hand, stuffed it into my clothes, and started walking up.

Suddenly I saw some black bodyguards suddenly appear in front...

...

Chapter 629 Winning the prize

Chapter 629 Winning the lottery

Su Nan was stunned, thinking it was related to him, and subconsciously became nervous.

But the group of bodyguards in black ran past her.

Oh, the target is not yourself.

Very good.

However, she was a little tired from walking. Seeing that there was no one in the rest area in front, and there was a precious piano in the middle, she took a look and sat down.

Touching the piano with one hand, I suddenly felt a little itchy.

A few notes are played at random, the sound quality is crisp and pleasant, and the piano is really good.

She started to play subconsciously, and when a few notes came together, “Kiujiro's Summer” popped up. The simple and lively tune, with a fresh and natural tone, was very in line with her leisurely mood after shopping... The

atmosphere was already She hadn't been so relaxed for a long time, and she was even a little immersed in it.

A person suddenly sat down on the seat next to her, and she didn't notice it because she was intoxicated.

Until the hands of the person next to her landed on the keys, and the brisk and pleasant sound of the piano immediately matched her tune, Su Nan paused for a moment and looked sideways subconsciously.

Shang Qian's warm and handsome face appeared beside him, and there was a clear smile in his eyes.

His movements were not slow at all. With Su Nan's playing, he played with four hands, but he did not overwhelm the guest at all. The agile and lively tune seemed to have a tacit understanding that he had practiced thousands of times. Comfortable and relaxed, bright and natural.

Su Nan smiled, the tacit understanding between the two had nothing to do with anything else at this time, but their sincere love for the piano and the music.

It's like being in a bright summer, recalling the happiest time.

That kind of happiness, the overwhelming attack, makes life as bright as the sun.

At the end of the song, the smile in Su Nan's eyes gradually faded.

It seems that she hasn't been so happy for a long time. The past happiness, she recalls, is extraordinarily distant.

It seems that since she fell in love with Fu Yechuan, she has never had such a pleasant time in her life.

Fu Yechuan is really a man with a curse.

The man next to him also stopped his hands in time, Su Nan glanced at it, Shang Qian's hands were slender and slender, with distinct phalanges, and they looked very beautiful. No wonder he played the piano so well, it was a unique advantage!

"Miss Su doesn't think my skills are poor, right?" Shang Qian laughed at himself mildly.

Su Nan raised his eyebrows, "How come, President Shang's playing is much more difficult than mine, and I should be the one who feels ashamed.

"

Compatibility is really important.

Shang Qian let out a slow sigh of relief, "I have always liked this song very much, it can ease people's confusion, the simpler the happier."

Su Nan nodded, "Indeed, but... let's go. , why do I feel that everyone around me is looking at us?"

She glanced at it, no one paid attention to it, maybe it was the sound of the piano, and many people came to see it.

It's over now, and everyone has no intention of leaving.

There are too many people, if anyone recognizes...

Shang Qian also realized it, and immediately stood up and held the bag next to her: "Let's go..." The

two of them thought in silence. He left in a low-key manner, but when he turned around, a manager-like person stood behind with four or five bodyguards, waiting for them with a smile.

The two were stunned.

"Hello, I'm the general manager of this mall. I'm honored to hear such a beautiful and beautiful sound of nature."

Su Nan lowered the brim of her hat and nodded slightly.

"Thank you."

"Are you two lovers?"

Su Nan and Shang Qian were taken aback for a moment, but they didn't seem to recognize them.

The two neither admitted nor denied it.

However, the general manager of the mall smiled knowingly: "Two people who are such a good match must be a couple! And they play so tacitly, who would believe it if they are not a couple?"

Su Nan: "..."

Shang Qian coughed: "Excuse me, what's the matter?"

“Congratulations, you won the lottery!”

...

Chapter 630 The Anti-Routine Woman

Chapter 630

The general manager of the anti-routine women’s mall said it in a very excited tone.

The two were unmoved and looked at him calmly.

The general manager of the mall did not feel embarrassed at all, he explained with a smile:

“The two are today’s lucky couples, the last event in our mall is today, and we will play together with this piano worth tens of millions, and we can’t go wrong in the process. It completely met and exceeded our expectations!”

Looking at these two people’s extraordinary popularity, they don’t look like ordinary people, especially the watch on the man’s hand, they can already buy a luxury apartment in the city center. Although the lady is casual and simple, her bag is a limited edition, worth millions.

How can two such good customers be spared?

Su Nan raised her eyebrows and was silent for a moment.

Out of a woman’s natural love for gifts, although Su Nan was very interested in the prize, it was a prize for a couple. She and Shang Qian were not a couple, so it would be bad if they got it.

I was about to decline, but before I could speak, I heard the general manager of the mall immediately proudly add:

“Our mall is owned by the Fu Group, with a solid background and rich prizes, and will never fool people. Full!” As soon as I

heard it was the Fu Corporation, it was rich?

Su Nan froze slightly and curled the corners of his lips.

Hehe...

then don’t be in vain.

She changed her mind instantly.

“Okay, tell me, what’s the prize?”

Anyway, it’s Mrs. Fu who paid the money. What does she feel bad for?

The general manager of the shopping mall: “As of this moment, the total amount of the two consumption is free!”

He looked at the two people, “How is it, excited?”

He had seen it for a long time, the man and the woman didn’t have any purchases in their hands, and there wasn’t a single packaging bag beside them.

Saying this gift is entirely to cause regret in their minds and attract them to come and spend more often in the future.

What a perfect marketing plan!

Shang Qian smiled lightly, without any expression, and was not moved at all.

Instead, Su Nan frowned in surprise, “All?”

“Yes, all! But I see this lady, you don’t seem to have time to shop...”

The general manager of the mall smiled and planned to give her a small gift. Small souvenirs are good.

But before the words were finished, Su Nan took out a long receipt from his pocket and handed it over, “To...”

The general manager of the mall’s face changed slightly: “...”

This is Thickness, this length...

He took it with both hands, and then he trembled a little, especially when he looked at the amount above, he was a little confused for a while, as if he had been hit on the head with a stick.

Buzz!

The smile of the general manager of the mall finally disappeared.

He couldn’t take his eyes off the receipts, the minimum one was 600,000, and added up...

This is probably his total sales for a quarter...

This one seems to be dressed in ordinary clothes . The woman who actually spent fifty million in just a few hours?

He suddenly felt a pain in his chest, and his heart almost stopped beating.

Feeling that my life and career have come to an end together...

Shang Qian twitched the corner of his mouth: "This prize is generous enough, but Mr. Fu has a lot of money. It seems that he has to recommend Mr. Fu to hold more such prizes. activity....."

Su Nan raised his eyebrows and agreed, "Yes, it is indeed the work of the Fu Group!"

Listening to the tone, the two actually knew Fu Yechuan, the boss of the Fu Group?

The general manager of the mall suddenly looked pale, and it was too late to go back on it!

...
