Chapter 66 Must Enter the Door

Chapter 66: Entering the door

“Su Jin has excellent abilities and has the demeanor of your past. Wouldn't it be a bad thing to be delayed by such a woman?”

“It's just a woman, what can a big thing be bad?” Su Yifeng sneered.

Father Fu glanced at Su Nan and spoke meaningfully.

“This woman is not simple. Just after the divorce, Su Jin was promoted to your Su Group as the vice president. His status is second only to him. Seeing that he is about to issue orders in your company, why don't you, the chairman, take care of it?”

If it were someone else who was told by Mr. Fu in a few words, he might really get angry.

It's a pity that Su Yifeng is not an ordinary person...

He laughed a few times lazily and dealt with it calmly.

“Chairman Fu, take care of your own affairs. I believe that Su Jin's vision will not be bad. Oh, the fish is hooked, hang up...” The

call was hung up, and Old Man Fu's expression followed suit. It was so wonderful, he cursed secretly, and glared at Su Nan fiercely, as if he was unwilling to let her go.

“You're lucky, but do you think you're just getting away with it? You're the door to the Su family so easy to get in? Su Yifeng's methods are much more powerful than you think!”

Su Nan smiled, “It doesn't matter. Please worry about it, anyway...” She paused, her eyes flashing slightly, “I must enter the door of Su's house!”

Anyway, she always has to reveal her identity, but she doesn't know that Mr. Fu knows After that, what will you think?

Grandpa Fu sneered and laughed at her whimsy, and wanted to say more, but Su Nan was in no mood to say hello. She believed that calling Su Yifeng was his last card, and she didn't need to worry about it.

“Chairman Fu, if there is nothing else, I will ask the secretary to escort you down. I have a meeting.”

Su Nan smiled and looked at them politely. Fu Yingying had an indignant expression and wanted to say something, but she had some scruples, so she could only bear it with gritted teeth. Mr. Fu was also very angry this time, and snorted coldly. With a sigh, “It’s really a toast, not eating and drinking!”

Su Nan had already pressed the internal number, came in from the building, and stood there respectfully, “Vice President Su, what are your orders?”

“See off the guests for me.”

“Okay, Chairman Fu, Miss Fu, please this way.”

Yu Lou stretched out his hand, polite and thoughtful, Mr. Fu gritted his teeth, raised his legs ashen and left, and Fu Yingying followed unwillingly.

While walking, Mr. Fu called Fu Yechuan and was furious.

“Su Nan, this woman, I haven’t seen her as an ungrateful little person for three years of marriage. It’s really worth it. You were blind when you married her, right?”

Fu Yechuan paused, “You went to her. “

Of course, my own treasure, I can’t stand it in someone else’s hands for a moment, she won’t let go even if I go in person, this woman is so vicious! She lied to us for three years, I didn’t expect it to be like this People!”

Fu Yechuan was silent for a few seconds, she should have endured them for three years.

“Grandpa, I’ll take care of this matter, and I’ll get the things back, don’t worry about it.”

“It’s better, otherwise I won’t let her go. By the way, she actually wants to marry into the Su family. , might as well do something about her private life, I don’t believe that a wealthy family would want a slut who still hooks up after a divorce!”

Fu Yechuan frowned, feeling suddenly irritable, Su Nan didn’t do anything wrong, it’s okay Hearing the old man’s words, Fu Yechuan felt disgusted and resisted from the bottom of his heart.

However, thinking of Su Jin, Cheng Yi and others who appeared next to her one after another, her chest became inexplicably more irritable and gloomy, which was unpleasant.

After hanging up the phone, Fu Yechuan rubbed his brows, and Chen Mian in front of him looked at his face tremblingly, "Mr. Fu, will the meeting be held as usual in five minutes?"

" , what kind of person do you think Su Nan is?"

Why is there such a big difference between before and after divorce?

Chen Mian hesitated for a while, but decided to tell the truth.

"Madam, no...Miss Su is a very warm person."

Fu Yechuan's face was slightly cold, "Do you have frequent contact?"

"No, no, it's just that when you first got married, I often received her calls, She is very concerned about whether you are eating well or not. Every time you go on a business trip, she will check the weather in advance and remind me to prepare clothes and meals. She will never get angry on the phone..."

Seeing Fu Yechuan's face sinking gradually, Chen Mian wondered if she had said the wrong thing.

"Why did I never know these things?"

...

Chapter 67 What is it?

Chapter 67 What is

Su Nan's phone call, he seems to have never received it...

Chen Mian said hesitantly, "I mentioned it to you once before, but after you said this kind of trivial thing that time. Needless to say, and you also said in front of me and Miss Su that all matters concerning Jingyuan, except those related to Miss Qiao Wanrou, contact me directly for other trivial matters, so...Miss Su only I didn't call you directly..."
The

voice gradually decreased, and he seemed to notice that Fu Yechuan's air pressure was getting lower and lower.

Fu Yechuan rubbed his brows and seemed to remember this scene. In Jingyuan's wedding room, he was full of thoughts about whether Qiao Wanrou's body could be rescued from excessive blood loss.

Just give her the nominal marriage she wants, and she can start to spend her blood and heart unscrupulously.

My heart suddenly tingled, and I suddenly felt dull and hard to breathe.

So, from being cautious to being disheartened, all of this seems to have an answer.

“Mr. Fu, the meeting...”

“When I go to ask Su Nan, I have something to ask her.” He knew that Su Nan would not answer his calls, and rashly going there would be disgusting.

“The reply over there has always been clear, Miss Su is not available.” Chen Mian couldn’t help but speak.

When Fu Yechuan’s gloomy eyes swept over, Chen Mian’s heart skipped a beat, and a cold feeling rose from the soles of his feet. He immediately changed his words: “But I will keep in touch until the time is confirmed.”

“Go out, the meeting will be held normally.”

“Yes . , Mr. Fu.” Chen Mian breathed a sigh of relief and stepped back respectfully.

Why bother?

What’s the use of heart after divorce?

Within the Su Group, within a few minutes, Mr. Fu was sent away, and Yu Lou returned to Su Nan’s office, and conveyed to Su Nan exactly what he had just heard, so that she could be prepared.

After listening to Su Nan, she just smiled coldly, with a bit of gloom in her smile. Mr. Fu has always looked down on her, and the means to deal with her will not be too simple, but he didn’t expect to arrange her private life?

Do you want her to miss the road to marrying a wealthy family?

Really cruel!

If an ordinary woman is treated like this, I am afraid that she will not be able to turn over in her life.

She originally wanted to take it back for a few days, but she didn’t want to let go, she had to hold it tightly so that others couldn’t eat it!

The phone rang suddenly, and when he saw the call, it was Su Yifeng.

Su Nan waved his hand, "You go out first."

Yu Lou nodded and left, Su Nan picked it up, "Dad, how many fish did you catch?"

Su Yifeng was stunned and snorted coldly, "The old man from the Fu family went to find him. Are you here?"

"I was in my office just now, calling me to complain in front of me." Su Nan looked down at her nails and said leisurely.

"Bah, he really has the face to sue. What is it that they dare to bully you like this?" Su Yi scolded loudly.

"Don't be angry, Dad, I have already driven them away very

rudely." Su Yifeng snorted coldly, "Well done, don't be rude, the old man of the Fu family is still restless even at his age, what a scourge for thousands of years!"

Su Yifeng Nan smiled, "Dad is right, it doesn't matter in the future anyway, I won't bear it any longer, if the old man of the Fu family comes to make trouble again, I will break that jade pipe, everyone, don't think about it!"

Su Yifeng Satisfied, he praised his daughter: "Yes, just do it, give the Fu family some color, my daughter is so smart!"

After chatting for a few more minutes, Yu Lou knocked on the door outside to urge, "Vice President Su, the plan needs to be finalized, do we need to hold a meeting to discuss it?" "

Okay."

Let's go fishing, Dad, I'm going to start a career!"

...

After a busy day, I was just about to get off work, and before I walked out of the door with my bag, Yu Lou caught up, "Vice President Su, Lin of Juli Group Ge wants to invite you to dinner, and said that I need to discuss with you about the project."

Su Nan thought for a while, but could only nod in agreement, after all, this is the most important thing in front of him.

"Let's go together."

Yu Lou nodded, "I'll make the preparations."

But they didn't expect that they drove to the agreed place and saw not only Ringo, but also Fu Yechuan.

...

Chapter 68 What if Remarried

Chapter 68 What if

Su Nan looked at Yu Lou, Yu Lou was also very surprised, saying that he didn't know there were other people.

The two looked at each other, Su Nan could only walk in, looked at Ringo with a smile, and said casually, "Will this meal be a Hongmen banquet?"

Ringo spread his hands, looked at Fu Yechuan, and then looked at Su Nan.

"I am also entrusted by others. Please forgive me for my presumptuousness. First of all, I will declare that I remain neutral. I will never interfere in the affairs between you. Research Office, Vice President Su, I believe you will be interested."

Interested?

indeed.

But the feeling of being deceived is still very uncomfortable.

Su Nan blankly back line of sight to see a slight frown to Ye Chuan Fu, "Fu total, because if things his pipe, this thing would not say, and did not talk."

All day long as well as finished poured?

Her time is precious, okay?

"Su Nan," Fu Yechuan looked at her with deep eyes and paused, "The old man went to see you today and said a lot of unpleasant things. Don't take it to heart."

He knew that Su Nan would not take his apology very seriously, and it was of no use. , but thinking about his debts in the past three years, it doesn't seem that a simple "sorry" can be lifted.

Su Nan raised his eyes and seemed to feel that something was wrong with Fu Yechuan today, which was a little strange.

"That's it?" She was a little impatient.

Fu Yechuan was silent for a second, then spoke again, "That pipe, it's useless for you to keep it, if you're trying to piss them off, you've already succeeded. After a while, when you're out of your temper, give it back to the old man, or that's it. In other words, you can mention the conditions." The

atmosphere fell silent for a moment, and Su Nan hooked the corner of his lips.

Sure enough, if other methods don't work, then take the emotional route?

Anyway, the purpose is to get back the jade pipe, it seems that it is really important to them.

Ringo couldn't help joking aside and broke the silence.

"Any conditions? Would you be willing to remarry?"

The three people in the room were startled, and Yu Lou couldn't help but subconsciously looked up at Fu Yechuan.

Fu Yechuan's eyes narrowed and he frowned slightly, the atmosphere was silent and still.

Just when Ringo regretted saying this, he suddenly heard Su Nan snort coldly, his voice cold and indifferent.

"Remarriage? There is no need to assume something that can never happen in this life. People like President Fu should find a wealthy and famous lady who is a good match. How can they compromise their marriage?"

Su Nan said, Fu Yechuan was nervous. She frowned, as if she wanted to say something, but when she heard Su Nan's voice change, "But..."

She paused and smiled.

"But you must have this jade pipe. The conditions... can be negotiated."

She seemed to have thought of a wonderful condition.

Fu Yechuan raised his head, "Speak."

It seemed that as long as she spoke, he would dare to agree.

Su Nan glanced at Ringo, "Can we talk alone?"

Ringo

was taken aback, "Of course." He straightened his tie and walked out without hesitation.

Fu Yechuan and Su Nan, the existence of these two people made the atmosphere particularly awkward. If Fu Yechuan hadn't asked him to invite Su Nan in his name, he would have been more reluctant to bring together two divorced people who did not deal with each other. After all, it would affect cooperation. Mood.

Yu Lou also wisely withdrew.

There were only the two of them left in the box. Fu Yechuan silently waited for Su Nan to speak, but she didn't seem to be in a hurry at all.

He was just hearing Ringo's proposal, remarriage?

He didn't even think it was absurd. Anyway, he had been married once, and it didn't matter if it was her the second time. He thought that if there was a second time, he would treat her better...

But Su Nan didn't want to . . . , she walked to the sofa beside and sat down, picked up a box of men's cigarettes on the table, skillfully pulled out one, lit it, then took a light puff, spit out a beautiful smoke ring, beautiful slender fingers with a cigarette, This scene is extraordinarily awkward, but it looks very beautiful, as if it has a fatal attraction...

Fu Yechuan looked at this scene, his black eyes sank slightly, "You actually learned to smoke?"

In his impression , Su Nan is a gentle and well-behaved woman.

But the person in front of him is skilled and fluent in smoking, and he will smoke early, but he never knew it?

Looking at the surprised Fu Yechuan, Su Nan smiled and tapped his smoking hand on the sofa, "Yeah, I just learned it three years ago."

Three years ago, when she was just married.

In other words, as soon as she got married, she learned to smoke!

...

Chapter 69 Return the blood to me

Chapter 69 Return the Blood to Me

Fu Yechuan felt that his heart shrank a little, his eyes were a little deep, he didn't know that she played the violin so well, and he didn't know that she could smoke.

“I used to be afraid that you wouldn’t like it, so I never smoked it in front of you. Of course, you didn’t have the chance to see it.”

Every time when he just donated blood, his body was weak, Fu Yechuan accompanied Qiao Wanrou, and only cigarettes accompanied Su Nan. In those difficult days, she was especially addicted to smoking.

Su Nan twitched the corners of her mouth, her eyes were a little lonely, but in an instant, it returned to normal.

She glanced at Fu Yechuan’s drooping eyes and smiled playfully.

“Want to hear about my conditions?”

Before he could speak, Su Nan went straight to the point.

“How much blood have I donated to Qiao Wanrou and asked her to give it back to me. If I don’t finish it once, just twice or three times. Anyway, it can always be paid back within a year.”

Fu Yechuan raised his head suddenly, slightly shocked, ” What?”

Su Nan smiled, “I thought about it, such precious blood, I should use it to save more valuable people, instead of wasting it on a disgusting woman. I used to be stupid, but now I am a fool. It’s not too late, give me the blood, give you the pipe, we don’t owe each other!”

Qiao Wanrou would pretend to be sick from time to time to ask Su Nan to donate blood, but Fu Yechuan never did. Seeing through it, Su Nan used to feel wronged, but now all this is irrelevant.

Once the blood is returned, he will be able to draw a clear line with the past, and Su Nan will be able to truly be himself.

Isn’t Qiao Wanrou coming back?

She just wanted to disgust Qiao Wanrou and would not let her come back happily.

Tobacco and Qiao Wanrou, which one does he want?

Su Nan was looking forward to this answer.

She smiled loosely, threw the cigarette butt in the ashtray in front of her, stood up, walked out with her bag and high heels.

“You don’t have to give me the answer so quickly, you can think about it.”

Looking at her back, Fu Yechuan's eyes suddenly became complicated.

How much does Su Nan hate Qiao Wanrou and how much she hates this marriage?

I want to get back the blood that I donated bit by bit.

He called his assistant Chen Mian, "Go check it out, how much blood has Su Nan donated to Qiao Wanrou?"

Chen Mian paused, "Yes."

Within a few minutes, Chen Mian's reply came: "Fu In total, a total of 14,400 ml. The total blood volume of an adult is about 4,000-5,000 ml. The blood donated by Miss Su is equivalent to the total blood of three people, that is to say... Miss Su draws her own blood. Three times!"

As soon as Chen Mian's voice fell, Fu Yechuan hung up the phone.

She drained her own blood three times!

All because of him!

But for the past three years, he has been ignorant of all her grievances and forbearance.

Fu Yechuan's heart felt like a huge boulder had been pressed down, and he was having difficulty breathing.

Her request was to make Qiao Wanrou pay it off within a year, but she hated them so much that there was no room left.

Fu Yechuan was irritable, and he exchanged Qiao Wanrou for a pipe, knowing that he couldn't do it, and he couldn't do it.

When he was in the army, the bomb should have landed on him. Cheng Heng threw himself on him. Before he died, his only wish was that he could not let go of Qiao Wanrou's body. .

Thinking of the past, Fu Yechuan's eyes flashed with pain...

Su Nan went out, and Yu Lou stood not far away waiting for her. The two walked to the door and met Ringo who was sitting in the hall. He seemed to be on the phone with someone, smiling fondly and tenderly.

Seeing her handling, he quickly hung up after saying a few words, then strode over, politely, "Miss Su, are you still having a good time chatting?"

"I'm quite happy, the guy inside... Not necessarily." She smiled faintly.

...

Chapter 70 Hello Beauty

Chapter 70 Beauty Hello

, Ringo raised his eyebrows, "Anyway, I was the one who made the first move. If Miss Su admires her face, she will come with me. Not everyone has the opportunity to see the core technology research team. "

Su Nan didn't even have to think about it, she just agreed. After all, if she knew the latest research technology of Juli Group, she could grasp the market conditions at the first time, which would have a greater impact on the future development of the artificial intelligence industry. grasp.

As soon as the three of them went out, Ringo said to Yu Lou, who was behind him, "Secretary Yu cannot go there. It is the top secret of our group. Don't worry, I will send Miss Su back safely."

Yu Lou looked at Su Nan hesitantly. Su Nan understood Ringo's concerns, and nodded to Lou, "You go back first, I'm fine."

"Yes, Vice President Su." The

two got into Ringo's car, and the two sat in the back, surrounded by the car. The curtains were pulled down, so she couldn't see the outside at all. Su Nan thought that Ringo was really cautious, but because of this, she was looking forward to this visit even more.

"Secretary Yu was Mr. Su Jin's right-hand man before, so he turned around and came to you. It seems that Mr. Su really values you. It's no wonder that when I asked you to remarry just now, Miss Su would decisively refuse. , With such a good backer, who would repeat the same mistakes?"

Ringo raised his gold-wire glasses and said with a smile.

Su Nan paused for a while, and answered coldly, "Mr. Su values me because he has a good eye and a discerning eye."

Ringo raised his eyebrows, it seemed that no matter what Fu Yechuan did, Su Nan was not even a little bit sympathetic. will stay.

But after twenty minutes, the car drove directly to the underground garage.

When I got out of the car, the lights around me were dazzling, as bright as day.

The architectural design is a uniform Morandi grey tones that look unrecognizable, perhaps to hide from the public.

Ringo took Su Nan to the elevator. He stretched out his hand and pressed it, and the crystal screen in front of him started to recognize his fingerprint. After three times of recognition, he opened the elevator. Ringo reached out and said, "Please, Miss Su."

Su Nan Feeling a little surprised and surprised in my heart, I followed in, there was only one button, on the 17th floor, there were no other floor options.

"Don't I need to cover my eyes?" Su Nan asked.

Ringo smiled, "No need, you can't take any core secrets, it doesn't matter if you see it."

Su Nan breathed a sigh of relief, with a faint expectation in his eyes.

As soon as you get out of the elevator, you can see the silver-gray glass corridor in front of you. Almost all the walls are made of translucent materials, but if you look carefully, you can't see through any of the walls at all, which is full of technology.

Ringo took her into a closed room, there was nothing in the room, he went directly to the opposite side of the room, put his hand on the gray glass wall, the scanned data of curved thin lines suddenly appeared on the wall, and then he stood in the original Ground, the pupils aimed at a light spot on the glass, and at the moment of aligning, the wall in front of him opened.

Su Nan followed, and there was another gray corridor. If someone hadn't taken it with him, it would have been like walking through a labyrinth.

Soon, at a door, Ringo pushed open the door, "This is it..."

Su Nan just walked in and saw a few people inside wearing white coats with their heads down and doing something. Some people seemed to be holding tops. The tools are turning, and someone is talking to a computer...

"Everyone is off work, and the rest are unmarried..." Ringo smiled with a relaxed expression.

When someone heard it, he raised his head and snorted, and the curly-haired man retorted, "Don't you know how you feel about taking care of a single dog? Hey, why is someone here?"

Su Nan smiled, and was about to say hello when suddenly something came Rubbing against the shoes, she looked down and saw that little tiger again!

The little tiger looked at her with a grin, and the word “wang” on his head shook, “beautiful, we meet again, people like you very much...”
