Chapter six hundred and ninety first duplicity is not a family

Chapter 691 The duplicity is not a family

Su Zhai.

After Fu Yechuan left, everyone relaxed obviously.

Su Ming and Shen Momo personally cooked breakfast for everyone.

Needless to say, this was definitely not Su Ming's idea.

It must be that Si Mo was too eager to find an opportunity to "express" himself.

Ning Zhiliao and Su Qi fought by the side, and little Mike was in the study room for morning class.

As usual, Su Jin held a regular meeting for foreign high-level executives, and then slowly went downstairs.

Su Nan was sitting on the sofa nibbling on an apple, and saw Su Jin saying hello.

"Brother, are you going to help in the kitchen?"

She pointed out.

But Su Jin has never been seen in the kitchen. Is this really a rare thing?

Su Jin hesitated for three seconds, then shook his head, "No."

Su Nan sighed in disappointment and smiled, "Brother, we will soon have a single dog left in our family, you have to hurry up... ."

Su Jin frowned slightly, "Isn't there still you? And the third child?"

Obviously only one was released!

Su Nan smiled meaningfully and leaned forward.

"The third brother is ready to be a substitute for others at any time. I estimate that I will be able to turn into a regular soon.

As for me, my father said that he arranged a lot of blind dates for me, and I will start dating tomorrow...”

Su Jin teased. Mouth corners, unbelievable.

Su Yifeng came out wearing an apron and interrupted her:

“Stop dreaming, I’m a liar, there is no one who has a blind date with you, the loser is not the loser, don’t you understand?”

Su Nan and Su Jin: “... ..”

Su Jin couldn’t help bending the corners of his lips, looked at her, seemed rather disappointed?

It was finally time to eat.

The second uncle Su Yinian also came down.

Everyone said hello and was not unfamiliar.

to the table.

Su Yifeng and his second uncle Su Yinian sat in the main and second positions.

After all, they are brothers, and if there is any estrangement, it will be resolved soon.

Su Ming and Shen Momo served everyone in turn.

Silently cooks a combination of Chinese and Western breakfast, abalone porridge, bread toast and pickles.

Appetizing at first sight.

“Do you have a taste for it?” Silently looked at them expectantly.

Su Nan and Su Qi were really hungry.

The two of them chose abalone porridge by coincidence.

For a moment.

The salty touch stimulated their taste buds, and the two froze for a moment.

Just as they were about to spit it out, seeing Su Ming’s warning eyes on the side, the two swallowed them in unison.

Synchronized action!

“How is it?” Silent looked at Su Nan in surprise.

Su Nan smiled and nodded without changing his face.

“The taste is very good, it melts in your mouth, and the nutrient solution is rich. Momo, you have a talent for cooking!”

Momo almost jumped up with joy, “Really? This is my first time to cook, I didn’t expect it. According to the recipe, it’s true!”

Su Ming smiled lightly on the side, “Of course, our research ability and hands-on ability are much stronger than ordinary people.”

Su Nan and Su Qi froze slightly.

No sound.

Everyone was given a cup of abalone porridge, and Silent was also excited to try it, but Su Ming stopped him.

“Second uncle has a lot of food, not enough to eat, let’s eat less, eat bread...”

Su Yinian raised his head in shock, isn’t this mocking him?

Su Yifeng nodded with satisfaction, “The children have grown up, are sensible, and know how to take care of others. Second brother, you’re welcome, eat more!”

Only then did Su Yinian breathe a sigh of relief.

And the moment he drank a bowl of abalone porridge in one bite, obviously, his swallowing motion froze.

seems to have a hard time swallowing it.

For the first time, Su Nan felt sympathy for the old man.

Does he have high blood pressure?

So did Su Yifeng.

Then he wiped his mouth, smiled and said some compliments that he had prepared a long time ago.

Hearing that, Su Nan and Su Qi were stunned!

Su Nan thought to himself, how afraid of being silent and not wanting Su Ming?

Su Jin took a sip with a spoon and refused to move.

Sure enough, the smartest person in the family is always the boss!

Silently and satisfied, he watched the family appreciate their cooking skills, especially Su Yifeng. The expression on his face was not generally satisfied.

Su Ming looked at the duplicitous family and ate the bread made by Su Qi expressionlessly.

Ever since he saw Silent put sugar in as salt, he felt that he should not let Silent cook in the future.

This meal is the last time!

After a meal, everyone drinks several times more water than usual!

After resting for a while, Si Mo was going back to his hometown to see her parents.

The housekeeper prepared many gifts for her to take back, and Su Nan and Ning Zhiliao were also packing things for her.

Su Yifeng asked her in a tangled manner:

“Mom, are you still satisfied with our family?”

Silent nodded solemnly, “Satisfied and satisfied!”

She is really satisfied with being able to marry a wealthy family and a great god. !

Su Yifeng smiled, “When Su Ming goes to your house, talk more for him, he’s not good at words, but you are a perfect match.

If your parents are satisfied with him, let us know, set a time, and we will set the wedding date! “

This... so fast?” “Silence was secretly shocked and delighted.

Who said it was difficult to marry into a wealthy family?

She thought it was too easy!

” “

...

Send silently away, Su Nan contacted the company's people, and after thinking about the copywriting and products, he sent it to Su Nan.

Su Nan felt that there was no problem, so he sent it directly to his platform account. There

are already a lot of comments and private messages under her account, but Su Nan never reads it.

Soon, Fu Yechuan's name was placed second only to New Year's greetings, and Su Nan also quickly published his own .

She posted a picture, in which only one right hand was holding a cup of coffee.

The fingers were slender and slender, white and soft, beautiful like a work of art, delicate and soft.

On the index finger of the right hand was a delicate diamond ring, casually Holding a cup of coffee.

The ring happens to be right on the gold center point of the picture, so it's hard not to notice.

Her text reads: "New Year, New Beginning! "

Soon, Su Nan's popularity skyrocketed.

At this time, it's obvious what she wants to express.

Netizens can't wait to pick something out of her fingerprints. There is nothing to pick up about coffee, only the ring, and Dai The position of the ring. The

index finger of the right hand represents the single noble.

It was she who responded to Fu Yechuan's boring gossip.

No matter what the netizens say, she has her own opinion and will not be easily shaken!

This declares her single position!

With silence and practical actions, the rumors about her reunion with Fu Yechuan were clarified.

And the product I really want to launch is that ring.

Exquisite design, perfect workmanship, clear diamonds, in her hands, complement each other like a just right embellishment.

There is no imperfection!

She Su Nan – a perfect single rich woman!

...

Chapter 693 I won't take you to play

Chapter 693 I won't take you to play.

Some rich women and celebrities like to wear some big diamonds to show their identity is different.

It seems that the bigger the drill, the more noble it can show.

But Su Nan brought this one-carat broken diamond. It was very inconspicuous, but it was very delicate and dazzling.

In her hands, no one believed this was a cheap product.

Soon, netizens used their powerful detection ability and keen eyes to discover a new product that Su Group is about to launch: thesingle!

It is this diamond ring named "Single Noble", which has been uniquely designed and polished to the highest level in the world.

With a price that everyone can accept, but with a very rich sense of petty bourgeois design, it is worn on Su Nan's hand in a mysterious manner, making a low-key appearance.

In an instant, it attracted strong interest from netizens!

"Wow, can you wear unlisted jewelry when you're the CEO? I'm going to die of envy!"

"President Su is Mr. Su, this wave of responses is simple and quick, long live the single aristocrats

!

” Every time Mr. Su faces scandals, his public relations ability is perfect, Mr. Fu has no hope!”

“The humble Mr. Fu, buy one too...”

“I feel sorry for Mr. Fu for 10,000 seconds.... ..hahahahaha!”

...

Soon, the ring worn by Su Nan completely occupied the top spot in the hot search.

All the messy scandals were gradually annihilated with the popularity of the ring.

Su Nan has made great use of this wave of popularity and can be regarded as a model in the public relations industry!

Fu Yechuan never dreamed that he would lose to a one-carat diamond?

Jingyuan.

Fu Yechuan was not in the mood to stay with Mr. Fu. After the entertainment, he went back to Jingyuan directly.

As soon as he arrived at the door, he received a call from Lu Qi.

“Hahaha, old man, I think Su Nan is really losing money!” Fu Yechuan frowned

, “Speak human words!” “You don’t know? Su Nan took advantage of your enthusiasm to launch the future of the Su Group.

In the listing of jewelry, her ability to carry goods is really not bragging, and she has easily obtained billions of dollars, and Su’s stock has risen very beautifully.

This year’s New Year, the biggest winner is Su Nan!”

Lu Qi laughed He was out of breath, “Last time she brought the goods, she still brought you Fu Shi, this time I won’t take you to play at all!”

Fu Yechuan really didn’t want to hear Lu Qi’s mean voice, so he hung up the phone. .

It is impossible for him to cross the river by himself, so he still has the face to laugh at him?

Fu Yechuan walked in with an ugly face, and went to the website to take a look.

Overwhelmingly, they are all new products launched by the Su Group – the single (single nobles)!

Hehe...

is that her response?

Fu Yechuan sneered, and then felt a little helpless.

In terms of interests, this wave of Su Nan won beautifully, and he has nothing to say.

But when he was serious about his relationship, Su Nan was working diligently in his career?

Fu Yechuan burst into laughter.

Soon, he called Chen Mian.

“I want one of the ring that Su Nan is wearing.”

Even if it is not listed, he can still get it.

In less than two hours, the ring was in his study.

He sat there, looked at the delicate and familiar ring, and suddenly smiled.

In the past few days, he has been keeping people’s eyes on Su Nan’s movements.

Several blind dates a day made him more vigilant than ever.

Fortunately, although there are many people who go to Su’s house to pay New Year’s greetings, when Su Nan is alone with others, there are basically no people.

In her heart, she still has her own!

...

Chapter 694 The scene is extremely strange

Chapter 694 The scene is extremely weird . In

the new year, Su Jin went to work earlier than everyone else. He went to the company two days in advance to arrange things.

Su Nan used the excuse to accompany Ning Zhilao to go abroad to find Xiao Ran, but declined the invitation to work together.

The two and Su Qi spent two days playing around, and then went to Milan with Ning Zhi.

Since Xiao Ran disappeared inexplicably on New Year's Eve and didn't answer the phone, Ning Zhi has never contacted him.

But the strange thing is that Xiao Ran did not take the initiative to contact him.

Ning Zhi began to suspect that Xiao Ran was hiding something from her.

When she and Su Nan decided to go to Milan to find someone, Su Qi jumped up and down excitedly. If they had to go together, they couldn't stop her!

Su Nan could see Su Qi's purpose at a glance, but luckily Ning knew it. In the mood to argue with him, the three of them went

by plane.

Get off the plane.

Ning Zhi's face became more and more ugly. She knew the hotel where Xiao Ran stayed, and she could contact Xiao Ran's friends at any time,

but she was afraid of stunned.

At the door of the hotel, Su Qi was inexplicably excited, "Do you want me to ask him which room he is in?"

Su Nan looked at Ning Zhi, "Let's call him first and ask him where he is?"

Ning Zhi His face became confused for a moment.

"No, I've booked him a suite in this hotel for a year, and he won't be anywhere else."

With Xiao Ran's consumption level, he couldn't afford a more expensive hotel.

After saying that, he showed his membership card and took the person directly to the elevator.

Su Nan and Su Qi looked at each other, to be honest, Su Nan was a little excited.

Because she faintly felt that things might not be too simple.

In this face-to-face battle, they seem to be here to catch a rape!

When she got to the private room upstairs, Ning Zhiliao's expression had recovered, and she rang the doorbell directly.

After more than ten times in a row, the people inside finally became impatient.

A voluptuous foreign girl, wearing a sexy silk pajamas, came to open the door, sleepy eyes, extremely impatient:

"Who? They said no room service..." The

woman's neck was exposed, They are all ambiguous traces of color, and it is not difficult to imagine what kind of fierce battle she had gone through before.

The three of them stood at the door dumbfounded.

Even with sufficient psychological preparation, seeing this scene is somewhat unacceptable.

After all, these three are so innocent...

The foreign girl in the door looked at the three people up and down, looked at Ning Zhiliao and Su Nan, frowned slightly, and then saw Su Qi, her eyes lit up.

"Come together?"

Su Qi's face darkened instantly, making him disgusted, and his expression was very ugly.

Suddenly, a familiar and disgusting voice came from the door, "Who, come back quickly if it's all right, do you still want to come on stage?"

It was Xiao Ran!

Yang Niu was stunned, turned her head and asked him, "Didn't you find someone to come and play with?"

Su Qi kicked the door open with one foot, looking extremely ugly.

"Get out!"

His voice shook, shocking the people inside for a moment.

The people inside were shuffling their clothes and seemed a little nervous.

"who is it....."

Xiao Ran froze as soon as he appeared and looked at these three people.

For a moment, his face turned pale.

Su Nan was a little unexpected. In the past few contacts, Xiao Ran felt that Xiao Ran was a rare and transparent person.

How could he do such a thing during his relationship with Ning Zhi?

Just when she knocked on the door, she didn't quite believe it, until she saw him in person, she had to believe it!

The atmosphere stalemated, silence and smoke everywhere.

The next second, another woman came out of the house...

...

Chapter six hundred and ninety fifth drug in my wine

Chapter 695

The woman who put the medicine in my wine looked like she had just woken up. She was similar to the one at the door, and her movements were ambiguous and placed on his shoulders.

"Xiao, who is it?"

Xiao Ran shivered with fright, and immediately pushed the woman away.

"What's the matter?"

Xiao Ran's face changed greatly, "Get in..."

He pursed his lips, and just as he was about to walk towards the door, Ning Zhi, who had been silent, said,

"Put on your clothes and go to the hotel lobby. , we'll be waiting for you there."

Listening to the voice, there was no joy or anger.

However, Su Nan felt that it was impossible for any woman to be too happy when such a thing happened.

After speaking, Ning Zhi turned around and left.

Su Nan followed, looking back, Su Qi was still standing there, looking at Xiao Ran inside with indifferent eyes.

Ningzhi borrowed the hotel's office to print documents.

Less than ten minutes.

They waited for Xiao Ran downstairs.

At this time, he had changed into clean and tidy clothes, and he was still well-dressed.

It's just that his face is pale, as if he hasn't recovered, and his face is tired but has an overdrawn spirit. To put it bluntly, it is excessive indulgence.

He looked at it, "Do you know?"

Su Nan: "Come over in a while, sit down."

Since everyone didn't want to tear their faces, they naturally couldn't do such indecent things as tearing, beating and scolding, although Su Nan really wanted to do it. .

As soon as Xiao Ran sat down, Ning Zhi came over with the document, Xiao Ran stood up immediately, looking nervous and uneasy.

Before everyone spoke, Xiao Ran immediately began to explain:

"Actually, those two were just friends introduced by others. They wanted to meet the senior management of KEY show through me. At a party yesterday, they drugged my wine..."

Su Nan watched speechlessly. Hehe... When someone else is an idiot?

Ning Zhi raised his hand and interrupted his explanation, his face was as calm as water, and there was no other emotion at all.

She put the printed document in her hand in front of Xiao Ran, "Sign it."

Xiao Ran saw the document clearly, and his face changed fiercely.

It is a contract cancellation document.

Ning Zhi held him up in one hand. From when he was unknown to now, he has occupied a place on the international show stage. He has undoubtedly become the most valuable model in Ning Zhi's hands.

At this moment, she gave up on him so decisively?

Xiao Ran seemed a little unbelievable.

“Understood, these things are very common in the circle, you know...”

Su Nan tried to explain something, but Su Qi couldn't bear it anymore, walked up to him, stretched out his hand, His head slammed hard on the table.

After the bang.

He tore at his collar and looked up, his voice cold and impatient.

“I'll let you sign it, are you deaf?”

Xiao Ran's nosebleed came out, and he wiped it embarrassingly, but it was useless.

Out of fear of Su Qi, Xiao Ran opened his mouth to say something, but closed his mouth again.

Not to mention how big the capital circle of the Su family behind Su Qi is, no one dares to provoke Su Qi in the circle, and it is really inappropriate to confront him.

He raised his eyes and looked at Ning Zhijie, shaking his arms, picked up the pen and signed his name.

Ning Zhi put away the document expressionlessly and sneered.

“You are free, Xiao Ran, you don't have to go to the international show in a few years, I have officially withdrawn the company representative and recommended new people to play.”

Xiao Ran's face was stunned, “Impossible, how can such a show be used Newcomer?”
The

internationally renowned big show, the fashion capital of the world's attention, and the models who go there are all selected by several rounds.

It is impossible to enable newcomers!

Chapter 696

Ning Zhi smiled and reminded him in a cool tone: "When I pushed you up, I was just a newcomer, without my recommendation, you really thought you were so. Do you have the ability to be on such a runway?"

She nakedly let him see clearly, when is the unspoken rule in the industry.

If I can lift you up to the sky, I can smash you into mud!

"Although ability is very important, but people who are as capable as you are still struggling in this circle, and you are the only one who stands out.

Xiao Ran, you are the first newcomer to sign with our company, and I said that I will spare no effort. I helped you, I did it."

Ning Zhi smiled, and her tone became cold:

"But from today onwards, look at yourself..." So

far, she has broken up twice. I don't want to say a word, I just gave up on him.

She smiled, then stood up and looked at Su Nan, "Let's go, I can't let you come here in vain, go to the mall, whatever you like, I'll pay for it!"

Su Nan got up with a smile, and sure enough, she knew. Or rather know, always treat things simply and neatly.

Without such drastic means, how could she work hard step by step to this day?

She also knew that for Xiao Ran, of course, it was her interests.

Now it's just to pierce the window paper, expose the scandal, and stop the loss in time.

As soon as Ning Zhi left, Xiao Ran wanted to follow, but Su Qi pulled him back, with a warning in his tone:

"I just kept some photos, if you dare to approach her again, I will let the whole world see you. The rosy news!"

Xiao Ran's expression changed fiercely.

Su Qi sneered, let go of his hand, and turned to leave.

Xiao Ran was afraid and did not dare to chase after him.

Su Nan and Ning Zhi were strolling in the mall, and Su Qi happily carried her bags behind.

Seeing her indifferent look, Su Nan couldn't help it, "I know, I don't understand, Xiao Ran has always been relying on you to get to this day, how dare he... Is that the case?"

Ning Zhi smiled, stroking the crocodile leather bag in front of him, and smiled at the staff, "Wrap it up."

Turning his head and looking at her, "I was in the hotel just now, so I called to find out. After a few days when he was here, he caught up with a female executive of KEY, and of course he found a backer who was harder than me, so he cheated so easily."

Su Nan's eyes widened in shock. Unexpectedly, never expected.

"He wouldn't have been so presumptuous, but he wasn't clean. After all, I wanted to give him to you, and he didn't refuse. You didn't give him a chance because you didn't want him."

Su Nan raised an eyebrow, yes, The first time I attended an auction, Ning Zhi asked Xiao Ran to accompany her.

But she had just divorced at the time, and she only wanted to pursue a career.

"Then it's just termination of the contract, isn't it cheap for him?" Su Nan asked.

He still has that senior female executive, and his career doesn't seem to be affected.

Ning Zhi smiled and said, "You don't understand, Xiao Si, our company has cooperated with KEY for so many years, and the interests are closely related, which cannot be decided by one person, not to mention that the female executive is just playing around with Xiao Ran, is she not? It will offend me for a man who is too easy to get."

Su Nan nodded in admiration, but he did not expect that there are so many doorways here.

Sure enough, she thought it was too simple.

If it were her, she would have beaten him outright, and brought him to disrepute by taking pictures.

But what Ning Zhiliao did was to eat away at his future and hope a little bit. I am afraid that for Xiao Ran, this is even more cruel!

...

Chapter 697: Putting a Long Line to Catch Big Fish

Chapter 697

Su Qi, who was behind the long-line fishing for big fish, came over with two cups of ice cream and urged them, "Come on, take a break..."

Su Nan took it and sat down, Ningzhi made a gesture She looked very satisfied with a new dress in front of her.

Su Qi: "Wow, it's so beautiful, the style and color are good, you can try it..."

Ning Zhi nodded.

Su Nan looked at him, "Just heard?" Su Qi raised her eyebrows, Su Nan smiled, "Seeing that you are not

curious at all, why do I think there is something about you here?"

After speaking, Su Qi covered her mouth and looked at her with a warning.

"If you dare to hurt my good deeds, return the black card to me!"

Su Nan smiled even deeper, and sure enough, he guessed it right.

Su Qi will not remain indifferent, he must be contributing to today's arrest!

"I'm playing a long line, catching big fish, understand?"

Su Nan smiled meaningfully, "I understand, third brother, it turns out that you are the big boss behind the scenes. You really worked hard to find out!"

Su Qi Leng snorted, "I'm counting on you? It's no use squandering my property, how dare you say it?"

What made him wait and see!

In case Ning knew that he was married to someone else, it would be too late for him to jump around!

Ning Zhi put on her clothes and came out, Su Qi went over to tout it immediately:

"It suits you, it suits you so well, it's so beautiful, I don't know what my surname is..."

The staff standing by the side : "... In the

end, everyone returned with a reward.

They took a plane back to China, on the same flight, and a traffic star.

Su Qi looked for an opportunity to sit with Ning Zhiliao.

Next to Su Nan is the traffic star.

But the embarrassing thing is that everyone doesn't know each other.

This male artist, wearing sunglasses and a mask, has a thick layer of powder on his face and big ear studs.

Su Nan sat aside to read a magazine, and the person next to her sat down, but she didn't look up.

He suddenly remembered that his earphones were in Su Qi's bag, closed the book, and looked to the right:

"Hello..."

Su Qi didn't answer, and an unfamiliar face appeared in front of him.

Su Nan was startled.

The male artist took off his mask and sighed, "Okay, I knew it, you recognized me a long time ago, and you can't help it. Come on, do you want to take a photo or sign an autograph?"

Su Nan looked at it dully. He is unfamiliar, unfamiliar.

"Do you want to? Well, for the sake of your hard work and following me all the way..."
The

male artist took out his mobile phone, adjusted the camera mode, and planned to take a selfie with her.

Su Nan suddenly turned his head to the side and looked back at Su Qi in the gap.

"Brother, give me my earphones." The

male artist froze, put on his mask again, and put away his phone.

Silently embarrassed.

No one spoke.

Su Nan didn't know the person in front of him at all, but at first glance, he had undergone plastic surgery, and he wasn't even Yu Fei's likable!

However, he seems to be quite confident in himself, such a popular traffic actor will not recognize who he is?

Either he really doesn't recognize it, or he just pretends to try to rub his own heat.

Hehe...mostly the latter!

She is so fiery that she can see through it at a glance!

get off a plane.

Su Qi and Su Nan are VIP customers, so they can take the VIP channel.

The luggage was sent straight home, so they traveled lightly and effortlessly.

Unexpectedly, the male artist also went to VIP, and looked back at them from time to time.

Hesitant to speak.

However, Su Nan didn't have the slightest intention to answer.

Ningzhi pinched her, "You know?"

Su Nan shook her head honestly.

...

Chapter 698 Fake big name

Ningzhi smiled and said, "The little fresh meat who debuted in the talent show has a lot of fans, but they are all elementary school students. He seems to have been peeking at you."

Su Nan helplessly pursed his lips and brushed He brushed his hair, "I'm not interested in the idols of elementary school students, I like older artists."

Su Qi caught up behind him, "What are you talking about, I also want to know..."

Su Nan and Ning knew each other. Walk silently.

No one cares.

The male artist walked in front of them and put on sunglasses and masks before reaching the door, for fear that others would recognize them.

He took out his phone and instructed, "Are the bodyguards ready? Don't let anyone touch me, I'm a clean freak!"

Su Nan and Ning Zhi looked at each other, smiled, tacitly knowing.

They think this man is superfluous, because his fans are all elementary school students, do elementary school students come here to pick up the plane if they don't go to school?

The male artist was ready. As soon as the person in front opened the door, he took a deep breath, put on a black baseball cap, and hurried out with his head down.

A look that is afraid of being recognized by others, but also afraid that others will not recognize it.

But what they didn't expect was that.

There are so many bodyguards that male entertainers find, and if they surround him in a circle, not even a mosquito can fly in.

However, there is not a single fan who picks up the plane!

Not even a placard!

This is a bit embarrassing, Su Nan secretly stunned, look, primary school students still focus on their studies!

The male entertainer also felt a little desolate, but the reporters who came later were encouraging.

Take a 360-degree photo of his front and back, and then call it a day.

The male artist couldn't help but took off his mask.

"Where's the fans?" The

reporter didn't look like a big newspaper reporter and smiled, "You don't understand the market outside, a fan is 70 yuan, ten people are 500 yuan, and the fee from your agent, in addition to renting bodyguards, is only Enough for us to take pictures." The

male artist's face became ugly.

After the reporter finished speaking, he answered the phone, his face changed slightly, and then he called his colleague behind:

“Su Nan is here, get ready-“

Su Nan and Ning Zhiliu had been watching the play, but they didn't expect to see themselves in the end. .

Their eyes were fixed on Su Nan in an instant.

Su Nan didn't have a mask, sunglasses and hat, so he panicked for a while.

But fortunately, Su Qi had seen the big world, so he took a mask and handed it over.

Before Su Nan took it, Su Qi put it on for Ning Zhi.

“Knowing that you don't want to show your face, I will grieve you for a few minutes and be my assistant.”

Su Nan, who was on the side, looked confused: “...”

Really brother?

The next second, Su Qi turned his head and showed a charming smile. He put a hand on Su Nan's shoulder and pushed her out.

She said in a low voice,

“Don't blame my brother, it's not easy for your brother to be single for so many years, so I'm wronging you!”

If it wasn't for the reporters already in front of her, she really wanted to roll her eyes.

“Su Nan, it's really Su Nan, actor Su Qi, my God, what kind of welfare is this?”

“President Su, did you go abroad with actor Su?”

“The two brothers and sisters seem to have a really good relationship... ..”

Su Nan was bitter: No, it's not good at all!

She maintained a smug smile and stood there gracefully and calmly. Su Qi seemed too guilty, and covered her eyes with one hand to prevent the flash from shaking her.

Su Qi smiled calmly and charmingly, “Everyone, my sister is a little tired on the plane, please feel sorry for her for me, everyone please let me...” After

saying that, he hugged her in his arms, keep her going...

But the two are too dazzling. Some reporters came to hear the news, and it only took a few minutes, which blocked the empty airport.

Su Nan didn't expect that she would have such a moment. In order to protect Ning Zhi from being disturbed, Su Qi couldn't bear to look back and let her find a chance to slip away.

Therefore, Su Nan stood at the center without any suspense.

Hehe...

like a dream!

"Mr. Su, can you tell me how you feel about your relationship with Mr. Fu? Are you really not giving him any chance?"

"President Fu is so humble, everyone feels sorry for him now, what do you think?"

"I wonder if the two responses are hype, and how are the sales of Su Group's new products?" "Will the film

emperor Su do publicity for his own company?"

...

Numerous reporters and questions surrounded them. Water leaks.

Su Nan really couldn't move, but she was very angry.

It's all Su Qi's fault!

She took a step back and stepped heavily on his feet, on purpose!

Su Qi smiled without changing his face, knowing that he was wrong, and explained for Su Nan:

"You should ask Mr. Fu if it is a hype, he always picks it up!"

“Our Su Nan’s feelings are still natural. Well, everyone, don’t pay too much attention, after all, I’m not an insider, why don’t you care about me?” As

expected of an actor, he can start to guide the topic even in the face of difficult problems, and he will not be embarrassed in the cold.

Everyone laughed, “Emperor Su, you have been single for so many years, when will you have good news to share?”

Su Qi deliberately hesitated and thought: “It’s coming soon!”

Everyone: “Every time you say that!”

At this moment, Su Nan’s face stiffened with laughter, and he suddenly thought of that unknown male artist!

How envious of him!

“Mr. Su, do you have any plans for the company in the new year?”

Su Qi couldn’t answer this question for her.

Su Nan smiled and brushed her hair with one hand, revealing the ring of the single aristocrat that was on the hottest list—the single!

“Thank you for your concern, but if I told the plan in detail, would it involve hype again? Already?”

Everyone laughed, and the reporter who had just asked the hype question immediately felt a little embarrassed.

“Please look forward to it...”

Said, when she was walking at the door, she looked at the male artist surrounded by bodyguards, who was especially pitiful and absurd when she was alone.

The male artist took off his mask, but no one recognized him.

As soon as they got out of the airport, Su Nan and Su Qi got into the car and left.

Everyone breathed a sigh of relief.

Su Qi loosened the collar of his shirt and smiled casually, “In today’s scene, I made two movies and won awards before I deserved it. I didn’t expect your traffic value to be so great?”

Su Nan whitened him . At a glance, he snorted coldly.

“Why don’t you call and ask where did you go?”

Su Qi was stunned, almost forgot, and immediately picked up the phone to make a call.

Su Nan: “...”

The sensational news of the two brothers and sisters at the airport successfully made it to the hot search for a while.

The single ring on Su Nan’s hand was officially unveiled in public, and it immediately attracted the attention of many people.

However, the strategy adopted by the Su Group this time is not to pre-sell, but to sell a fixed quantity at a fixed time.

The sales department really takes “hunger marketing” to the extreme.

Even so, the channels for snap-up are very tight.

Chapter 700 Fu’s aura: The

Fu Group.

Fu Yechuan watched Su Nan being searched at the airport, pursed his lips, and admired it seriously.

Nice, really nice.

Every angle is so perfect, no dead ends!

Wu Tutu changed the water for the fish in his office, while making an idea: “Mr. Fu , why don’t you like

this news now? ” ask him. How can he reflect Fu Yechuan’s worth without the cost of paying? He can’t wait to spend money to let this hot search hang on the top every day, but he is also afraid that Su Nan will come over with a knife! Wu Tutu twitched the corners of his mouth and smiled: “It’s too grand, it will cause visual fatigue, and the stimulation will not achieve the purpose. If you give a little like, it means that you are paying attention, but you are paying attention casually and not in waves. , this will be more mysterious, and when I ask back, I say that you clicked accidentally, and Miss Su

won't react too much!" Fu Yechuan frowned and nodded with a dark face, although it didn't fit his style, it worked. Just do it! After all, he has failed many times, and he can only save a little by relying on Wu Tutu. However, when Fu Yechuan liked it, among so many similar photos, he chose a photo that removed Su Qi's P, and only Su Nan was alone. In this way, only satisfied! So, after he liked it, he was quickly discovered by someone. Fu Yechuan, a netizen who wanted to paddle, was suddenly rushed to the hot search headlines again! "Hahaha, Mr. Fu, can't you even tolerate your former brother-in-law?" "Mr. Fu, isn't the actor Su Qi not worthy of appearing?"

"They are brothers and sisters, brothers and sisters!"

"What the hell did Mr. Fu take away from the actor Su Qi? He has never experienced such ignorance since his debut, right?"

"Su Qi: I'm not worthy? Then I'll go?"

... ..

Wu Tutu looked at the hot search on his mobile phone, and then looked at the sullen fish in the fish tank in front of him, and suddenly felt that he was just like this fish.

dying!

Even in a fish tank of hundreds of thousands, you can't swim!

He swears that when Miss Su sees Mr. Fu's cowardly actions, she will definitely want to kill him!

Although this airport encounter was unintentional at first glance, Miss Su also revealed her prudence from time to time, that high-profile single aristocrat-the single! President

Fu's operation completely attracted the heat.

what to do?

Does he want to apologize?

Just when Wu Tutu was tangled, Chen Mian pushed open the door and came in, "Mr. Fu wants to be interviewed by the media. He made an appointment half a year ago. In ten minutes, prepare the conference room."

Wu Tutu was stunned, oh, he is now The bodyguard was a part-time assistant and hurried to set up the venue.

Fu Yechuan was really too busy, with tens of thousands of employees under his command, under enormous pressure, but he knew all the departments like the back of his hand in this position.

The killing decision in the shopping mall is unparalleled, and when it never relaxes, stepping on the air is an abyss.

Ordinary people can't understand it at all!

Wu Tutu originally thought that when he waved his hand, the pocket money of hundreds of millions was a gift of fate, but the more he understood, the more he understood that if the person sitting here was not Fu Yechuan, then the Fu Group could not have what it is today!

But he was so busy and had to go to save Miss Su, Wu Tutu really felt sorry for him.

He carried the documents to the conference room, and the people watching the media were excitedly preparing various instruments there.

Fu Yechuan has only a handful of appearances in the media in a year, and it is simply lucky to be able to make an appointment.

He was sitting in the conference room at the moment, staring darkly at the documents sent by Chen Mian, his stern profile with an inexplicable chill, without anger and pride, with his own aura.

Time races against the clock.

“Start.....”
