## Chapter 701-705

Chapter seven hundred and first call him cousin uncle

Chapter 701 Calling him Uncle Cousin

At the beginning of the filming, everyone consciously shut up and silenced.

The environment of the conference room was originally solemn and serious, and with Fu Yechuan's aura all over his body, even the host of the interview felt under pressure.

Just as Wu Tutu was about to go out, he watched Fu Yechuan raise his hands and place them on the table.

He sat there, his whole body was cold and stern with a sense of laziness, and his breath was drenched in coldness.

But everyone clearly saw that Fu Yechuan's hands on the table overlapped, and a ring appeared on the ring finger of his left hand.

The single – single aristocrats!

For a moment, Wu Tutu froze.

Just when he hesitated, he suddenly met Fu Yechuan's dark and indifferent gaze.

After leaving, he breathed a sigh of relief.

The ring finger of the left hand means married.

But the single aristocrat is a single ring designed by the Su Group for single people. Fu Yechuan actually wore it on his ring finger?

He really has a deep love for Su Nan!

But soon, he didn't have to worry, because when the media released the interview video, everyone would see the ring on Mr. Fu's hand.

This is an effect that no amount of advertising money can buy!

Su Group.

After Su Nanda came back from Milan, she was as busy as a spinning top in the company.

She really admired Su Jin's tireless spin like a machine.

As soon as he came out of the meeting, Su Nan went for a while and Yu Lou came in with a stack of materials.

She knew what a luxury it was to rest.

"Mr. Su, there is new recruitment information from HR. This time, we recruited three graduates studying abroad. This is a resume."

Su Nan raised her eyebrows. She always likes to watch new recruits enter the venue. A piece of white paper, slowly becoming invincible and powerful.

Just like Tang Kai today, he can already be on his own.

When the matter of Juli Group is over, there is no doubt that the position of the finance department belongs to him.

Su Nan opened a page and asked casually, "This year's recruitment season hasn't arrived yet?"

"Yes, several people in the company have resigned, their positions are vacant, and they need to be replenished with new vitality in the future. Three outstanding graduates were selected."

Su Nan flipped to the last page, his eyes narrowed slightly.

Lin Xuan?

Her resume looks very beautiful, but compared with the previous two, it is still a lot worse than the previous two. It has no advantages.

"Have we set the threshold so low now?"

She believed that any random pick from the pile would be better than her.

Yu Lou pursed his lips and paused.

"Miss Lin..."

"Speak straight."

Yu Lou gritted his teeth, "Miss Lin's conditions are only enough to get started, and the HR during the interview told me that during the interview, she took out a copy of her and your family's In the family photo, he said it was your cousin, and he called Su Dong on the spot to call him his cousin..."

Su Nan closed his eyes, rubbed his eyebrows, and suddenly felt a mess in his mind.

Sorry!

This Lin Xuan really doesn't have any self-knowledge?

Yu Lou looked at her and asked tentatively, "Mr. Su, HR is also very difficult to do. This Miss Lin doesn't know how to arrange..."

The Su Group does not support idlers, and everyone in each position is like a nail.

And Lin Xuan is obviously a defective product.

Su Nan paused, his face expressionless.

"Follow the normal procedures, the internship period is one year, and she can leave at any time if she is unqualified. Let her run the project."

Yu Lou was stunned, the project team is the hardest job!

"On her level, going to a small company might be a turtle holding her, but here..."

Su Nan smiled: "I'm not a place for old age, and exceptional admissions are the limit. She If you're not satisfied, don't force it."

Yu Lou instantly understood that there was no need to force, that is, he could ask her to leave.

"Yes, I'll arrange it."

...

Chapter 702 Irrelevant people

Chapter 702 The irrelevant person

Yu Lou turned and left.

Su Nan continued to read the plan. Their investment direction could not be limited to one aspect. Su Jin had already proposed to step into real estate again.

However, as we all know, real estate has not been in recession in recent years.

But just because of the recession, some people take risks and some people win.

Therefore, when Su Jin proposed this plan, Su Nan also followed suit.

The artificial intelligence project has gradually stabilized, and the possibility of deviation is unlikely, so their energy can be diverted in other directions.

afternoon.

Su Jin and Su Nan discussed the plan of raiding the project team.

Su Nan was wearing a white shirt, a slender fishtail skirt, a thin waist, and long and straight legs. She stepped on high heels and led a group of people to the project department.

She stood in the middle of the crowd, fair-skinned, bright and noble, even Su Jin walked behind her.

No one in the project department didn't know Su Nan. This gossip woman who was airborne and was not recognized from the beginning became more and more stable in that position with her sharp and decisive wrist.

To this day, no one dared to underestimate her.

Everyone was chatting and laughing lazily in their seats, some people were gossiping in the pantry, and some were watching TV series.

The whole environment is a bit difficult to describe...

"Mr. Su...Xiao Su?"

Su Nan is younger than Su Jin, so he is naturally Xiao Su.

The noise suddenly quieted down.

Shocked looking at the person who came.

Su Nan smiled and looked at them with so much surprise on his face that his eyes almost popped out.

"My colleagues have worked hard. Excuse me, where is Manager Chen?"

After scanning around, he didn't look at where Chen Jian was.

Suddenly someone reacted and pointed to the office inside.

"Manager Chen is there..."

Su Nan smiled, thanked him, and walked over.

Behind him, Yu Lou knocked on the door, then pushed it open.

“Who? Secretary Yu... Ah, Mr. Su, Mr. Su?”

Chen Jian’s voice was unbelievable.

Seen like a ghost.

“Cousin? Cousin? Why are you here?”

Surprisingly, there was another voice in the office.

It’s Lin Xuan.

The office that originally belonged to Chen Jian alone had a desk and a computer, and Lin Xuan sat there.

Su Nan casually hooked his lips, “Are you here?”

“Yes, Manager Chen takes good care of me, there are so many people outside and it’s too noisy, he specially arranged me here, cousin, it’s my first day at work today. , I didn’t expect my colleagues to treat me so well...”

Lin Xuan looked at Chen Jian eagerly, and Chen Jian nodded in satisfaction.

Su Nan and Su Jin’s eyes were not warm, but rather cold.

“Then let me make coffee for you...” Lin Xuan looked at the stagnant atmosphere and was about to leave.

“How can Miss Lin do this? Just let someone outside do it...” Chen Jian said with a smile.

Su Nan snorted coldly.

The atmosphere sank instantly.

Chen Jian’s smile subsided, and he respectfully looked at the two in front of him.

“President Su, Mr. Su, I don’t know what’s going on, please come over in person?”

Su Jin stood there, his aura was enough to shock everyone.

Therefore, the rest is Su Nan’s play.

“Manager Chen, the project department has always received the highest bonus, but the cost you paid is not worthy of it, right?”

Chen Jian’s face turned pale, “I...”

Su Nan looked sideways Glancing at the small table, staring at the computer screen, squinting.

Haha...

Lin Xuan actually used their group photo as a wallpaper?

For fear of not knowing that they are relatives?

Is she determined to bite them here?

For a while, he was speechless.

Su Nan pointed in the direction over there, “Mr. Chen cares so much about people who don’t matter, why can’t he focus on work?”

“It doesn’t matter?” Chen Jian’s face turned pale.

...

Chapter 703 Difficult Multiple Choice Questions

Chapter 703 Difficult Multiple Choice

Questions Su Nan glanced at Yu Lou, what she said couldn’t compare to the group photo that Lin Xuan took out, it was ridiculous!

“Ms. Lin is still in the internship period. Whether she can stay or not is her problem, but if Manager Chen wants to give up her position, we have no objection...”

For a moment, Chen Jian’s face was ashen.

Su Nan clearly didn’t want to be Lin Xuan’s backer.

He sucks the wrong shit!

To the point.

Su Nan walked directly over to the sofa, stretched out his hand, and handed over the documents to Yu Lou.

“To be honest, the Su Group has been thriving in the past year, and the projects one after another seem to have nothing to do with you, right?”

Artificial intelligence is the product of her ripening, and the big projects are the result of Su Jin’s operation, and the rest are aimed at The brands of the Su Group came to cooperate.

So what is the significance of the existence of the project team?

Chen Jian looked at Su Jin in a panic, but Su Jin sat beside him with a grim expression, there was no reason to speak for him, right?

“Mr. Su, I...”

Su Nan raised his hand, interrupted him, and said with a slight smile.

“In the past, high-level conversations, we should all talk upstairs. The reason why we suddenly came down this time is to see how the company’s worms develop...”

Su Nan’s words are full of thorns. , but the tone of her voice was soft and soft, which really made people feel great fear.

This is more frightening than a scolding from the boss!

Chen Jian felt cold and trembling all over. If he was laid off at the age of 40, he would have nowhere to go.

“Mr. Su, I...I’ll let them work hard right away!”

Su Nan smiled and said coldly:

“Don’t be in a hurry, Manager Chen, the people who can join the Su Group are the best talents, and the people who can stay in your project team are the elites among the talents. You have brought a group of elites into such a ghost. , what are you going to pay for my company’s losses?”

Chen Jian finally felt that he couldn’t stand, and his legs were weak.

He is an executive of the Su Group, with an annual salary of tens of millions. The whole family is counting on him. If he has a career, what will the family do?

Do you drink the northwest wind?

He was so frightened that his soul was almost gone. Although Su Nan was in the company for a short time, her swift and resolute methods were not touted.

Before even the shareholders dared to move, this time it was my turn?

“Su...President Su...”

He omitted even the “little”, his tone panicked.

Su Nan withdrew his gaze, and his tone changed, but he was polite.

“But I know that in the early days of the group’s big change of blood, from top to bottom, only Manager Chen stayed. My father left you to my brother, not because you didn’t stand in line, but because your ability was obvious to all.

But life has passed. It’s easy to slack off when you’re too comfortable.

Today, I can’t tolerate my

subordinates , some people are messing around like this. I’ll give you two choices, either you resign yourself, and we both look good; or you have to stand again Get up and take the project department out.” The

air was quiet for a few seconds.

Chen Jian raised his head suddenly and looked at her in disbelief. He is already like this, can he continue to stay?

But he had no choice, he stood up straight in excitement.

“I can, I will definitely do the project well, no matter what the project is, I will do my best!”

He almost swore at the sky and the ground!

Su Nan smiled, glanced at Su Jin, and then said to Chen Jian:

“That’s it, you can read the materials I have here first, and when you are finished, we will discuss the next step.”

After that, she said Leave directly, calmly and decisively, just like when you first came.

Su Jin stood up, patted his shoulder, and said in a cold tone, “You should thank Mr. Su, she left you.”

In other words, without Su Nan, Chen Jian would have been eliminated.

...

Chapter 704 This is my site

## Chapter 704 This Is My Site

Chen Jian feels cold all over.

Lin Xuan came in with the coffee, "Manager Chen, has my cousin and cousin left?"

Chen Jian gave her a complicated look, pursed his lips, and pointed at her small table.

"Then move your belongings out. From now on, you will be just like everyone else, do whatever you need to do!"

Lin Xuan's expression changed, "Did you misunderstand something? You just saw that Su Nan and Su Jin are my cousins. Cousin!"

"No misunderstanding, the company treats everyone equally. In addition, I suggest changing the group photo on your computer desktop. There should be no such bad influence in the company. Ability always comes first."

Chen Jian took a deep breath, As a middle-aged man who almost lost his job, he must take every step steadily!

"Why... why?"

Lin Xuan didn't understand, Su Nan and Su Jin came here, why did Chen Jian's attitude towards her change?

Could it be that what Su Nan and Su Jin said?

"Just because this is my site!" Chen Jian said impatiently, "If you are not satisfied, go to President Su and President Su to complain. If you are not satisfied, you can complain to Chairman Su!"

Obviously, he did not want to Waiting for the relative who came in through the back door.

Lin Xuan paused for a few seconds, bit her lip, and went upstairs to ask Su Nan to clarify!

However, the company stipulates that ordinary employees cannot enter Su Nan's work area casually, except for the company's senior leaders and advance appointments.

Lin Xuan obviously did not have this privilege.

She didn't even have a phone number for Su Nan, let alone WeChat.

Lin Xuan was entangled at the front desk, and the front desk impatiently called Yu Lou.

Yu Lou wanted to refuse directly, but thinking about her identity, she still told Su Nan in the past.

Su Nan listened and laughed lightly.

“Let her come in.”

Yu Lou was a little surprised!

After less than a minute, Lin Xuan arrived at the office aggressively.

However, as soon as Su Nan raised her eyes, the coldness in her eyes made her instantly stunned, and her words choked in her throat.

What does she have to complain about?

How come you didn't count yourself?

The relatives in the family were sent away in despair on New Year's Eve, one by one sighed, for fear that the Su family would no longer communicate with them.

The two women who spoke ill of Su Nan were criticized by everyone, and they wanted to take them back and kneel down to apologize to Su Nan.

One of them is still Lin Xuan's mother!

The New Year's Eve night was really not a good year!

Su Nan knocked on the table impatiently, with a domineering tone, “I heard that you have something to do with me?”

Every minute of hers was extremely precious, but she didn't have time to talk to Lin Xuan about something useless.

Lin Xuan paused for a second and immediately returned to her pitiful attitude.

“Cousin, did you say something to Manager Chen just now? Why did he let me leave the office as soon as you left? I... What did I do to make you unhappy?”

Su Nan sipped Lips, she was unhappy everywhere!

Yu Lou stood aside and couldn't listen. How could Su Nan be used in such a rank?

He coughed, “Miss Lin, I think Manager Chen realized his negligence. There are clear rules for who to keep in the office, and this rule will not make an exception for anyone!”

Lin Xuan: "But... I'm your cousin, I just want to be closer to Manager Chen so I can learn more..."

Yu Lou's eyes twitched, he really Speechless.

...

Chapter 705 is about to threaten you

Chapter 705 is about to threaten you

. Su Nan raises her eyes, her facial features are stunning, and her temperament is clear. This kind of indifference comes from her bones. Standing and sitting with Lin Xuan seems to be two extremes.

"Lin Xuan, you know how you got into the company. With your resume and ability, it's impossible for you to join the Su Group.

For the sake of relatives, I didn't ask HR to fire you immediately and give you a chance to see you. Performance.

If you continue to use our relationship and make some specialization in the company, believe it or not, after I dismiss you, no company will want you again!"

Su Nan smiled lightly, as if talking about a trivial matter, but Lin Xuan's face was pale and bloodless.

She's threatening her, a naked threat!

But with this kind of threat, Lin Xuan couldn't say a word.

In the end, she could only twitch the corners of her mouth.

"Cousin, I joined the company through normal channels. My education and major are not fraudulent. It's only natural for me to join the company..."

Su Nan curled her lips and picked her up from the side. 's resume, thrown in front of her, unceremoniously.

Now that we have said this, there is no need to continue to show any face.

"Lin Xuan, let's not mention your education and major for the time being. You wrote on your resume that you have interned in a Fortune 500 company, but when I called to find out, they denied it on the spot.

Also, you stated that you participated in the school. The scientific research project won a major commendation, and after getting in touch with your school, your teacher said that you had been in the project team for less than a week, but you voluntarily quit because you couldn't keep up with the progress, and you still have your face written that you participated?"

Su Nan one by one Exposing the fraud on her resume, every time she said something, Lin Xuan's face paled.

Hard to see the extreme.

She didn't expect that Su Nan actually called to verify her resume one by one!

Su Nan looked at her with cold eyes, "Just because of your fake resume, you can't stay here. If you want to pass the internship period smoothly, just go to work honestly, and I will follow your advice. Your performance will let people re-check your assessment results." After

a three-second pause, Su Nan remembered something and smiled at her.

"By the way, you also know that the relationship between us is purely because my dad is too nostalgic.

You can pretend to be okay in front of him. When you get here, if you dare to spread rumors everywhere, I will only be in your file. What's on the record."

She said with a smile, there was no way, the pigtailed were all delivered to her, where is there any reason to let it go?

Lin Xuan's complexion had completely changed, and all her pretentious arrogance just now was disintegrated by Su Nan.

The old bottom has been exposed, and what face is left here?

Lin Xuan's body began to tremble, her lips were pale.

"Cousin... President Su, I know, I'll go back to work."

Yu Lou on the side wanted to give Su Nan a thumbs up.

Sure enough, to deal with women, you need more powerful women!

Not only is Su Nan extremely capable at work, but she never thought that she would be able to deal with such a scheming bitch easily?

Admiration, admiration...

As soon as Lin Xuan left, Su Nan turned to look at Yu Lou and instructed, "An appointment with Bureau Li at night?"

"Yes, at the holiday villa, and Secretary Zhang accompanying him."

Su Nan He nodded, "Let Chen Jian participate."

This wine party was specially arranged for Chen Jian.

No reason, he didn't show up!

Yu Lou understood immediately, and immediately notified Chen Jian.

"By the way, our thesingle has gained enough popularity. The sales department is ready. If there are no special circumstances, according to the plan, it will be officially launched tomorrow."

Su Nan raised her eyebrows and breathed a sigh of relief. Thesingle is her Looking forward to the biggest new year product, all kinds of heat have gathered, and there is no reason not to be popular.

It's just that in this heat, without Fu Yechuan, it would be even more perfect!

...

## **Read Divorce Billionaire Heiress Chinese Language Chapter 706-710**

Chapter 706 is full of energy

Chapter

706 Su Nan stretched out his hand and rubbed the ring on his hand, full of energy. It was clear and cold with a noble chill, delicate and beautiful.

Yu Lou: "By the way, Mr. Fu participated in a show and even brought our thesingle, which brought us a lot of heat and traffic. There are discussions on the Internet. Do we need to respond?"

Su Nan heard Fu Yechuan's comments. The name is really big.

Obviously there is no intersection, but he seems to live in his own world every day, lingering!

It's so weird!

Like a ghost!

After a few seconds, she recovered her expression, “No, let him sing a one-man show himself!”

Yu Lou nodded, knowing what Su Nan meant, then he could arrange the next step.  
at dusk.

Su Nan picked up Chen Jian, and took Yu Lou to the agreed holiday villa.

When interacting with people of this status, privacy is the first priority, so the vacation villas they go to are generally inaccessible, and there are all kinds of entertainment facilities inside.

Chen Jian looked at the documents all afternoon, dizzy, and he was a little surprised when he was pulled over to socialize. The speed was unimaginable.

Su Nan looked down at her phone to reply to emails and didn't have time to pay attention to him. Finally, when she was free, Yu Lou handed her the bird's nest that she had prepared a long time ago, and padded her stomach before drinking.

She glanced at the nervous Chen Jian and smiled.

“Manager Chen, don't be nervous, this is all about pediatrics for your book.”

Chen Jian wiped his sweat, “Mr. Su, I don't understand, the document you showed me, that project has been on hold for a long time, and it's unfinished. Ah, our wine party this time will not be related to this project, right?”

Su Nan blinked, her apricot eyes lit up.

“That's right!”

Chen Jian was dumbfounded, stunned for a moment, and immediately explained to her:

“Now the real estate is in recession, everyone can't wait to get rid of all the land in their hands, especially that land, which has already changed several companies. You trust people to go bankrupt, and everyone keeps them at a distance, why do you still... see where you are?”

Su Nan looked out of the car window, his eyes were firm and resolute, her fair and translucent skin shimmered, and her body was full of bravery. Jin'er seems to have a fatal attraction.

Chen Jian was stunned for a moment, and Su Nan suddenly turned around and bent the corner of his mouth towards him, bright and beautiful.

“When we fail, someone has to rush forward. We have put real estate on hold for a long time, but we have never left this circle and stirred up a pool of stagnant water. This is our ability.

Besides, as far as I know, this project in S City is ready to restart. Because S City will have great development in the past two years.”

Su Nan said that, she heard reliable news from other places, but she couldn't say it too clearly.

Chen Jian should realize it.

If City S lists this project as a must-have project, then the policy in all aspects will be extremely beneficial for developers.

With policy support and the Su family as a backer, they will not lose.

In an instant, Chen Jian suddenly had a burst of energy, and his whole body felt uplifted, as if he had returned to his youth, even if he hit his head with blood, he would not admit defeat.

He looked sideways at Su Nan, as if he had a new understanding of her.

When the car arrives, go downstairs and open the door.

When Su Nan got out of the car, Yu Lou reminded in a low voice, “Li Bureau has just arrived, at the door.”

As soon as she looked up, she saw two people standing beside the car. She just lifted her foot and planned to walk over.

Suddenly, she saw Fu Yechuan next to another car...

...

Chapter seven hundred and seventh duplicitous woman

Chapter 707 The duplicitous woman has a

chill in the air.

Gloomy cold.

She didn't know why Fu Yechuan was here, but she didn't have time to think about it, she walked over with a smile and reached out to greet her.

"Ju Li, I've been waiting for a long time..."

Ju Li was slightly fat, smiled and shook hands, "Just arrived, Miss Su is really prettier than the stars, no wonder netizens are calling you for your debut... .."

Su Nan smiled, "Don't laugh at me, how can I compare myself to a star? I'm a conscientious worker!"

Li Bureau did not expect Su Nan to be so arrogant, and the atmosphere became easy-going for a while.

He turned his head and asked, "Mr. Fu, you say, is Miss Su much prettier than celebrities, and her temperament can completely kill those women?"

Fu Yechuan's voice was low and hoarse, "Well, that's right."

Li Ju turned around with a smile. "Mr. Fu made an appointment with me in advance, and the secretary didn't arrange a time, but I think you all know each other, so we got together, Miss Su, don't you mind?"

Fu Yechuan tore through the darkness and came over, wearing black clothes and trousers, with a tall and straight body. There was an inexplicable light in his eyes.

It's really hard to ignore.

Su Nan raised her eyebrows, "Of course I don't mind."

Duplicity, she actually mind to death!

Fu Yechuan raised the corner of his lips and stretched out his hand, "Mr. Su, it's been a long time."

They haven't seen each other since that day after the New Year's greetings. Fu Yechuan felt that it was really a long time.

This kind of miss, deep into the bone marrow, is profound and hard to ignore.

Fortunately, when he couldn't help it, she appeared.

Su Nan looked at him pretending to be serious, and scolded him ten thousand times in his heart, but he still extended his hand politely.

"Mr. Fu, long time no see."

What about acting?

Su Nan pulled back his hand without hesitation and looked at Bureau Li with a smile, "Please..."

Everyone walked in together. Before eating, Bureau Li suggested playing mahjong.

Su Nan had no objection, so he let Yu Lou make arrangements.

Li Ju, Su Nan, Fu Yechuan and Chen Jian were just right.

In order to make Chen Jian and Li Ju get to know each other as soon as possible, Su Nan kept giving them a shot. They were happy, and the relationship naturally felt closer.

Fu Yechuan grinned beside him, his eyes were dark and deep, no one could see what he was thinking.

However, he is quite cooperative, and he has never won a few games. Su Nan suspects that his skills are not good at all.

Play to the end.

Li Ju was still very happy, winning more and losing less, even Chen Jian was smiling.

Later, the two started to call themselves brothers, and they became drunk before drinking.

Seeing that the atmosphere was almost over, Su Nan suggested something to eat, and everyone readily agreed.

Li Ju and Chen Jian walked in front.

Su Nan and Fu Yechuan unconsciously fell behind.

Fu Yechuan had a faint smell of tobacco on his body, which was not strong. It was probably stained on his clothes, mixed with the fragrance of tea, and had a warm aftertaste.

Su Nan suddenly lost her mind for a moment. She didn't pay attention to the steps in front of her, and suddenly her feet were empty...

She saw that she was about to throw herself on the ground and hug the earth intimately. Her cold temperament couldn't hold back, so she could only accept her fate. Close your eyes!

Suddenly, an extra arm appeared on the waist, and Fu Yechuan hooked him into his arms.

She smelled the warm tea fragrance on him and was stunned for a moment.

The hand on his waist was strong and powerful, and he didn't take the initiative to come up to her all night, but when he stretched out his hand, it seemed to break the transparent barrier between the two.

Some self-evident things, naturally can not hide.

After shaking her head for a few seconds, she heard Fu Yechuan's magnetic and hoarse voice:

"Why are you so careless?" The

caring thought made her body tense slightly.

"Did you want to hug me on purpose?"

...

Chapter 708 Fu Gou's Confidence

Chapter 708 Fu Gou's confidence The

next second, Su Nan came back to his senses, sent his hands away, and left his embrace.

Fu Gou is Fu Gou, I want to show it off anytime!

In one sentence, her gratitude disappeared!

She brushed her hair casually, "I think too much, thank you."

Fu Yechuan frowned, this person's attitude changed too quickly, right?

He approached her with a low voice, "Just a thank you? Mr. Su is really stingy." What else do you want to do?

Su Nan suddenly regretted that he didn't fall, and he fell so neatly that it was a big pain!

It's better than letting Fu Gou appear to torture her!

Thinking of this, she looked up at him helplessly, "Then how do you want to thank

him? ” Was it because of him that she fell?

But she wouldn't say it.

The distance between the two was very close, and the smell of tobacco on his body seemed to fade again, leaving only the scent of tea, a very comfortable and mild taste, which reduced the chill on his body a lot.

Just as she was concentrating for a moment, Fu Yechuan's face suddenly enlarged in front of her eyes.

His thin and cool lips fell lightly on her forehead, like a touch of water, and soon loosened.

Su Nan froze all over, and when he reacted, he wanted to move his legs to kick him, but he seemed to know in advance that his long legs were against hers, and he laughed lowly.

“If you kick one more kick, my leg will be lame, and you will be responsible for me for the rest of my life!”

He reached out and brushed her hair.

“I only accept this kind of thank you.”

His voice was very low, then he took two steps back, turned around and followed Li Ju.

It was as if he was deliberately trying to distance himself from her.

Su Nan was pissed off, what is this, taking advantage of her and being justifiable?

Where did this Fu Gou get his self-confidence?

Yu Lou, who was not far away, didn't dare to go forward. He never dreamed that President Fu would be so good at flirting.

However, he didn't seem to provoke President Su, and he angered her! In the

box, Bureau Li and the other three were already seated, and Su Nan went in as if nothing had happened.

She tried her best not to look at Fu Yechuan, lest she couldn't control her desire to hit someone.

Hold on, let's go back and settle the account!

The dishes were already ordered, Li Ju and Fu Yechuan added two more dishes respectively, and the atmosphere felt very harmonious for a while.

When Su Nan organized the game, she toasted the first glass of wine first, and Bureau Li also gave her face very much.

She drank happily, and she drank a glass of wine in one go, which made everyone look at it with admiration.

Fu Yechuan's face on the side was dark unconsciously.

After drinking, Li Bureau felt happy, and said bluntly:

"The unfinished project in S City is listed as a key A-level project, but no one is willing to take over, even if there is, we will not dare to just find a company to plug it in. In the past, how could President Su be interested in this project?"

Su Nan only smiled when Bureau Li called her from "Miss Su" to "President Su".

The focus of the night finally began.

"Just because many companies have fallen here, I want to stand it up. I know it's difficult, but if it's not difficult, why should I do it myself?"

Our Su family doesn't need to do anything to prove our strength, but our company Everyone from top to bottom likes to take on difficult challenges."

Su Nan smiled, and the look in Li Ju's eyes became serious.

He turned his head to look at Fu Yechuan again, and smiled meaningfully.

"It's as if the two of you have negotiated. It's no wonder that so many people are so optimistic about you. Excellent people will be better together, so it's true?"

Su Nan's face stiffened slightly as he looked at Fu Yechuan.

"Mr. Fu is also interested in this project?"

...

Chapter seven hundred and ninth the original all the way

Chapter 709 It turned out that

Su Nan was a little surprised, the proposal of this project was a secret, only she and Su Jin plus one Chen Jian knew.

Therefore, it is impossible for the wind to come out.

Fu Yechuan even wanted this project, why?

How could there be such a coincidence?

Fu Yechuan's face was cold, he twitched the corner of his mouth, his eyes were dark and deep, with a deep smile.

"Yeah, I didn't know until now that we are looking at the same project."

For a while, the atmosphere was a little stagnant.

Li Ju froze, "So... so you haven't

discussed it?" This is embarrassing.

Su Nan smiled, casually and frankly, "It doesn't matter, no matter who the flowers end up in, it's something to be congratulated."

Fu Yechuan turned the wine glass in front of him, his eyes darkened.

Both the Fu Group and the Su Group are second to none, and the background forces are evenly matched.

If you single out a project, it is in the bag.

But both of them want it, so what should I do?

How did this unfinished and broken project suddenly become a sweet pastry?

Su Nan and Fu Yechuan looked at each other, and they could feel each other's firmness.

No one can give in.

After saying a few innocuous words at the wine bureau, they sent someone to send Li Bureau back.

Since this project cannot be obtained immediately, there is bound to be a fight between the Su Group and the Fu Group.

And the hot potato in Li Bureau's hands is no longer worried about finding a buyer, and naturally everything is comfortable.

after the end.

It was cold outside, and the wind was blowing hard on his face.

Su Nan's coat fell in the box, and Yu Lou had already gone back to get it.

She stood at the door waiting, with a slender waist and long legs, bright and cold, with an expressionless face.

There is no doubt that Fu Yechuan's appearance ruined her plan. It was not difficult to get this project originally, but the real difficulty lies in the implementation.

But Fu Yechuan made her fall from the start.

How could she be at peace?

I was wondering what to do next when I heard footsteps behind me.

Possibly Yulou.

The next second, a warm coat was draped over her body, and the warmth mixed with the fragrance of tea instantly wrapped her and interrupted her thoughts.

Su Nan frowned, instantly knew who was behind him?

She turned her head and saw Fu Yechuan.

Under the reflection of the light at the door, Fu Yechuan's outline was drawn deeply and delicately, and there was no imperfection.

Fu Yechuan has always been good-looking, and that face is enough to deceive everyone.

She took off her clothes without saying a word, obviously not wanting to have any connection with him.

But Fu Yechuan stopped her movement, pinched her wrist, his eyes darkened.

"It's cold, put it on." The words were

concise.

Su Nan raised her eyes and pulled her hand back, instead of continuing to move, she smiled.

"It's unexpected that Mr. Fu still has such a demeanor."

He was someone who wouldn't blink an eye when he saw someone freezing to death.

Heh...

Fu Yechuan heard her sarcasm, the corners of his mouth twitched, but he changed the subject.

“How did you think of investing in real estate?”

This was also unexpected to him.

Su Nan: “What about you?”

Fu Yechuan lowered his eyebrows and a smile appeared in his eyes.

“Those who dare to take risks will win in danger.”

After a glance, he could see that Su Nan and him were the same kind of people.

They are not landowners clinging to capital, they are pioneering adventurers.

At that moment, his heart was overjoyed, and he was overjoyed that the girl he liked turned out to be with him.

Su Nan curled the corners of his lips, “It may also fall short.”

...

Chapter seven hundred and tenth give you a salary increase

Chapter

710 Raise Your Salary The night is dark, like ink that cannot be melted.

Fu Yechuan looked at her quietly, silent for a while, with a deep tone:

“This project is too expensive, if you want to venture into real estate, you might as well choose some good projects first...”

Su Nan’s face was indifferent and his tone was indifferent. With an unceremonious chuckle:

“Mr. Fu, no matter how powerful a negotiator is, they will not start with ‘you are still young’. Your set is useless. I have to decide on this project.”

Fu Yechuan’s eyes flashed for a moment. Deep down.

He underestimated Su Nan.

He has never been able to see through her, and since the divorce, he felt that Su Nan was completely out of control.

In my impression, the woman who only knew what to do, now has the ability to challenge the entire Fu family.

He was silent for a moment, his tone sank, "It's about Fu's overall development, I won't let it go."

But if she really wants it, it's not impossible...

His heart is already vaguely shaken.

Su Nan raised his eyebrows, "I won't let you either, everyone can use their abilities..."

After speaking, Yu Louzheng trotted all the way to bring down Su Nan's clothes.

"President Su...President Fu?"

Su Nan quickly took off Fu Yechuan's clothes and threw them back to him.

Yu Lou put on her clothes with a wink, without her having to do anything.

Seeing such an intimate action, Fu Yechuan's eyes narrowed instantly.

With a tight heart, Eagle Falcon's indifferent eyes looked at Yu Lou.

At a glance, Yu Lou felt a chill that was colder than the temperature.

He shivered.

Fu Yechuan looked away, and his voice suddenly softened.

"This project is not without room for cooperation..." It

is not that they have not cooperated before, and the cooperation between Fu and Su has always been tacit.

Su Nan smiled perfunctorily, obviously she was a little tired from the evening's entertainment.

"Cooperation should be avoided. The ability of the Su Group is not so compromised."

It's not that it can't be done, and it's not that it can't afford to lose. Who do you look down on?

Su Nan rolled his eyes in his heart.

For the project of Juli Group, the cooperation between the two companies has already attracted much attention.

If even this real estate project has to be cooperated, it means that the relationship between the two is already close, and the interests are too closely related, which is not a good thing.

Yu Lou could only interrupt their conversation when he saw Su Yifeng's urging text message.

"Mr. Su, it's time to go home."

Su Nan nodded, and the driver drove the car in front of him.

Yu Lou went to open the door, Su Nan sat in, and Yu Lou sat on the other side.

Before the car started, suddenly the door on Su Nan's side opened, and Fu Yechuan's gloomy face appeared again.

The cold wind blew in at once.

Everyone was surprised.

Su Nan: "Is there anything else?"

Fu Yechuan pursed his lips, Qing Jun's browbones clenched tightly, he hesitated for a few seconds, and his voice softened as much as possible:

"Good night, Su Nan."

Su Nan took a deep breath, "Go away. "

He closed the car door and glanced at Yu Lou who was sitting next to her.

But every male who appeared next to her made him feel unhappy.

But unfortunately, he is not qualified to intervene now.

Fu Yechuan stood there, watching the car go away in an instant, thinking to himself, when Su Nan marries him, she will replace her assistant with a woman!

At this moment, Chen Mian and the driver came to pick him up.

Chen Mian sat in the co-pilot, got out of the car and opened the door, all in one go.

Fu Yechuan nodded with satisfaction. Excellent assistants can always recognize their position.

Got into the car.

Chen Mian looked at him and seemed quite satisfied, thinking that he would be successful.

“Mr. Fu, have you taken the project?”

Fu Yechuan: “No.”

Chen Mian nodded shyly.

The conversation is deadlocked.

Fu Yechuan suddenly said, “Is there enough money? Let’s raise your salary!”

Chen Mian: “...”

...
