Chapter 711 The meeting that was not smooth enough

Chapter 711 The meeting was not smooth enough.

Su Nan was sitting in the car, and drowsiness hit suddenly.

Unconsciously, he arrived at Su's house.

Yu Lou sat next to her and helped her sort out the scattered materials. When she got out of the car, she had already sorted them out.

Su Nan entered the door with something. She was quite sleepy at first, but when she saw Su Jin was there, she lost sleepiness for a moment.

"Brother, you haven't slept yet?"

Su Yifeng came out of the study, watched her come back, and sat down again.

Su Jin nodded, "I know you won't go well tonight, just wait here."

Su Nan: "How do you know?"

Su Jin leaned on the sofa with a casual attitude, "Fu Yechuan wants the project in S City. , was covered tightly, and I just found out that my people are in his company."

Su Nan pursed his lips, such routines are everywhere, just like Fu Yechuan's people in the Su family.

It can only be said that their confidentiality work is well done.

The housekeeper brought her a bowl of bird's nest, which was warm. Su Nan had no appetite at first, but she involuntarily took two sips in her hand.

Su Yifeng pursed his lips, "Fu is very experienced in real estate and has obvious advantages. Back then, Fu Yechuan single-handedly hyped up the real estate in City A, and almost monopolized it, and the remaining small companies earned gold pots by eating the residue exposed in his fingers. Full bowl.

But at this moment, he decisively let go, quickly left the real estate industry, and turned to the industry. Before

everyone could react, the real estate began to go down. This person, in the shopping mall, is almost a genius!

” Su Yifeng’s evaluation of Fu Yechuan is so high, it can be seen that Su Nan really underestimated him at the beginning.

Su Jin’s tone was indifferent, “Up against the current, his choice has always been like this, arrogant and arrogant, this time there will be another storm.”

Su Nan raised his eyebrows and didn’t say anything. According to Fu Yechuan’s character, this might really be the case.

Want to stir up this stagnant water when the real estate is at its lowest?

She curled her lips and sat lazily on the sofa, “That’s not necessarily, it’s not clear who wins or loses!”

“Little Si, do you want to continue fighting?” Su Jin looked at her.

Su Nan raised his eyebrows, “There’s no reason to give up. Are we going to flee just after hearing Fu Yechuan’s name? He has his skills, and I have my methods. Even if we lose, we will lose with dignity.”

Su Yifeng With a pat on the thigh, “Okay, what Xiao Si said is good. Everyone depends on their abilities, so what if they compete? What’s more, I don’t think Xiao Si can lose!”

Su Jin’s smile was a little worried, but Su Yifeng and Su Nan’s relationship The meaning is very firm, and he has no reason to pour cold water.

“Okay, let’s fight, my brother supports you, but...Although Bureau Li has the final decision, but before getting this project, if you want to acquire this company, you can try it from the company.”

Su Nan’s eyes lit up, she almost forgot about this layer.

“Okay, prepare your hands, don’t worry.”

Su Jin stood up, reached out and touched her head, and sighed.

“You are more competitive than the second brother.”

Su Nan was confused, “What happened to the second brother? He’s back?”

Su Yifeng also sighed.

“Don’t mention it, your second brother’s emotional intelligence is too low, and he offended half of the people when he went to the Shen family.

Others praised him for his intelligence, but he started his lectures with a brief history of human development. It’s not going well, alas...”

Su Nan twitched the corners of his mouth, wow, this is really Su Ming’s style!

...

Chapter 712 is quite sturdy

Chapter 712

After saying a few words, Su Nan went upstairs to rest. She felt sympathy for Su Ming.

Yu Lou moved very quickly. She said a few words before going to bed last night. The next day, all the materials for the company where the S city project was located were delivered to the table.

Su Nan was slightly taken aback when he saw it.

“Have you not slept all night?”

Yu Lou smiled, “It’s not difficult to check the materials, there is nothing you don’t know about in the entire S city.”

Su Nan nodded, took a sip of coffee, opened a page, and almost vomited come out.

She thought that the project lost money, it was just a problem with the project, but she didn’t expect it to be rotten in her bones.

The annual profits of this sincere company are always liabilities, and there are hundreds of employees from top to bottom, taking unemployment benefits and doing things for the company.

On the contrary, this rotten project has become the only source of money, but because of various unsafe production, there have been three or four accidents.

Since the site of this project is located in the central urban area, to develop the urban area, the project must be perfected first, which is an essential first step for the overall layout of the development and rise of S City.

Therefore, they just want to drag this project on and on, waiting for someone to take over it and defrauding a sky-high compensation, so that the company can be brought back to life.

In fact, there are hundreds of people waiting to eat meat and drink blood. This scene is really bloody!

Yu Lou coughed twice: "Mr. Su, don't look at this sincere company is at the end of the road, but there are few powerful people in the company who are not greedy, as long as some money is allocated from the top, there is not much left. But it can't be seen on the books, it's like a bottomless pit."

Su Nan pursed her lips and remained silent for a few seconds, "You have to check the accounts first."

"But..."

Su Nan took a deep breath and picked up the on the phone.

"I will contact Bureau Li and ask Chen Jian to take someone to check."

With the authorization of Bureau Li, the audit will be justifiable.

Sure enough, Bureau Li happily agreed. The account was already rotten, and he was eager to find out the problem, clean up the environment, and take back the ownership of the project.

afternoon.

Chen Jian called from S City.

"Mr. Su, the sincere company is united and united. It doesn't cooperate with us at all. There is no problem at all in the ledger. Their people are too cunning!"

Su Nan did not expect that a group of bankrupt people would be so united.

She paused, "You stay there, I'll go right there."

Chen Jian was taken aback, "Mr. Su, you bring a few more people, the people here... are more sturdy!"

He used a A more euphemistic word, in fact, the people here are too ruthless, lawless, and not afraid of anything. The first day he entered the company to check accounts, he was frightened by their arrogance.

Su Nan didn't expect this to happen, so she responded and didn't take it to heart.

Before leaving, she suddenly received a call from Fu Yechuan.

Su Nan frowned, at this juncture, she didn't want to reveal her whereabouts.

“Hello?”

“Going to S City?” His voice couldn’t hide his nervousness.

Su Nan frowned, how did he know?

“Yes.” If

you know it, you know it, so what?

“Su Nan, do you know how dangerous it is? Is there no one under you? You go there yourself, what if something happens?”

Fu Yechuan’s voice was deep and cold.

Su Nan felt inexplicable, “I understand Mr. Fu’s concern, but I don’t think there is a Longtan Tiger Den there.”

“Su Nan...”

Fu Yechuan slowed down his voice, “I know you want to start with that company, but the people in that company are not good people, they have lives in their hands, they don’t care who you are. !”

silent for three seconds.

Su Nan also calmed down, “I know, I will be prepared, thank you.”

This thank you is sincere.

After speaking, she hung up the phone.

The arrow is on the string, and she has to send it. From the moment she decides to win the project, no matter what the difficulty is, she must go head-to-head.

Fu Yechuan cursed secretly, but he was more anxious.

He turned his head to look at Chen Mian: “Go to S City.”

Chen Mian immediately understood, "It's not that we agreed with Bureau Li, we don't have to contact the project people in person."

This is Fu Yechuan's superiority as a superior. , he will not personally take risks for things that can be solved with money, putting himself in a dangerous situation.

Fu Yechuan's brows were dark and intense, "Su Nan is gone, send more people and be ready at any time."

Chen Mian's face immediately turned solemn: "Yes." As soon as

Su Nan went to S City, he went straight to Zhicheng Company.

Everyone was unexpected.

Chen Jian had been waiting there for a long time, and when he looked at Su Nan, he saw the backbone.

"Mr. Su, the company says it's cooperating, but it's not. They can't get a few accounts at a time, and they still need their leadership to approve it, which is laborious and time-consuming..."

Su Nan walked in a very cold and powerful manner. : "I see, take the ledger away first."

Yu Lou followed behind Su Nan, watching Su Nan walked in without changing his face.

He turned his head and greeted someone to follow.

It was the first time that Su Nan came to this company. The company played cards up and down and played mahjong. This scene seemed familiar.

She glanced at Chen Jian meaningfully, and Chen Jian was stunned for a moment, his face turning pale.

The project department almost turned yellow!

He must do something so that Su Nan and everyone have no reason to fire him!

Su Nan went directly to the finance department.

Push the door in.

The people inside were sitting on the table talking and laughing, looking lazy and uninhibited.

The man was stunned for a moment, his face immediately ugly, "You are...Su Nan?"

Su Nan smiled, "Yes, I didn't expect someone to know me?"

The man smiled playfully, going up and down Looking at her face and figure, squinting:

"I don't know if you don't know me. Miss Su is more popular than a star. My goddess level, what are you doing?"

"You are in charge of sincere finances? You are Li Hui?" she asked.

"Yeah, your bastard has already told you? I know that you want to acquire sincerity, so you can directly ask for a price. If it is suitable, we have no opinion. Why bother to check it?"

Su Nan officially smiled, "Go through the procedure. That's all, if we don't understand the account, how can we dare to ask for a price?"

"Then we don't need to talk about it. Anyway, we are not responsible for your Su family. As far as I know, the Fu family is also interested in us. Fu Yechuan is much more happy than you. That's it!"

Li Hui looked at her with a loose gaze, her smile was bright and perfect, and her expression and reaction were impeccable.

He wanted to touch her, but he was afraid that she was not an ordinary woman, so he didn't dare to touch her easily.

Su Nan smiled lightly, and there was a bit of coldness in his unwavering eyes.

"Fu Yechuan won't make an offer easily, his money is not so easy to get."

Li Hui sneered, patted the table, gestured to the bottom, and laughed a little bullying.

"My things are not so easy to get. Our company has regulations. We need to go through more than a dozen procedures to get the account book. Our President Zhang went to the field for inspection, and it took ten days and a half to come back. Otherwise, you wait. ?"

Obviously, he was deliberately embarrassing her.

Others are afraid of her, but it is because she is the daughter of the Su Group, a daughter of a daughter, what ability does she have?

No matter how big she is, she can't take the ledger from him today!

Li Hui smiled proudly...

Su Nan lowered his eyes and raised them again.

She hooked her lips and smiled extremely coldly.

“Then I’m welcome, come here, move away...”

...

Chapter seven hundred and fourteenth robbery

Chapter 714 Did

you robbery? Hearing Su Nan’s order, the people behind rushed up, and the two of them held on to Li Hui, who wanted to resist.

The rest of the people were very decisive and orderly to remove the boxes of ledgers under the table.

Li Hui stared at him in disbelief.

I go, is this woman a robber?

Less than five minutes later, Yu Lou came over to signal, and she stretched out her hand. The bodyguard released his hand covering Li Hui’s mouth, and Li Hui gasped for breath.

Anxious and angry!

“You...”

Su Nan smiled, a little innocent in his smile, “We checked the accounts, and it was approved by the above. If you and Mr. Zhang have any opinions, you can report it to the above... Oh, You can also call the police.”

She concluded that such a person who has done too much unfortunate things will not call the police.

As for the others, just push two, three, five, and within a few days, the account will be checked.

In fact, Fu Yechuan was worried about Su Nan, and it was totally unnecessary. From the time she decided to come here, she had already investigated everything here.

Rather than letting others take the initiative, she might as well do it herself.

In terms of sturdiness, who is afraid of whom?

Su Nan showed a perfect smile, then turned around, the smile subsided, and strode out on high heels.

The rest of the people withdrew one by one.

Li Hui's face was extremely ugly, he immediately picked up the phone, and frantically called Zhang Licheng, the boss of Zhicheng Company.

After he finished speaking tremblingly, he waited for Zhang Licheng to speak.

They thought of countless ways to embarrass Su Nan, but no one thought that this woman's methods were unexpected and... quite arrogant.

across their heads.

Zhang Licheng pondered for less than three seconds, and then scolded, "Damn, you can't even deal with a woman, and you can't even read a few accounts. You just wait and squat!"

Li Hui's face was pale, and the whole person Frightened trembling.

"Zhang... Mr. Zhang, what should I do?"

"Go get it back, at all costs!"

"Yes." They are

always on the edge of the law, they can turn the corner every time, and gradually they become more courageous, tasted the sweetness of violence, and can no longer quit.

inside the car.

Su Nan sat in the car, casually looking at a book, sneering sternly.

"It's no wonder that Li Hui refuses to be taken away at once. There are so many flaws, if they are really investigated, they will add up to life imprisonment."

Yu Lou's eyes changed slightly:

"We have to be careful... "The

voice was just wrong, and the car stopped suddenly.

The driver's tone was a little trembling in front of him: "Mr. Su, there are a few cars in front of them, it seems... they're coming at us."

Su Nan looked over and saw that several cars blocked the road back and forth and could not move forward. , and there is no way back.

Her face sank all of a sudden, and she sneered coldly:

“Li Hui’s movements are quite fast.”

Yu Lou was on guard like an enemy, “President Su, I’m afraid we don’t have enough manpower.”

They only brought a dozen or so . A bodyguard, the number of the other party in front of him is at least twenty.

However, the bodyguards they brought are all well-trained. If they use their hands, they should not be at a disadvantage, but for a long time...

this is their territory, and people will definitely not suffer, so What Yu Lou is more worried about is the follow-up issue.

Su Nan looked outside through the glass of the car, the battle was vast and lawless.

There is a reason why this project is so difficult to do.

Immediately afterwards, Li Hui got out of the car and laughed recklessly.

He summoned so many gangsters around him, how could he be afraid of the few people Su Nan brought?

“Miss Su, won’t you scare you?”

Yu Lou looked at Su Nan nervously, “Mr. Su, don’t move, I’ll find someone right away...”

Su Nan stretched out his hand to stop it, it was too late... ..

Chapter 715: Fighting Violence with Violence

Chapter 715: Fighting Violence with Violence

“No need, far away can’t quench the thirst of the near, they are directed at the ledger.”

Li Hui’s series of reactions are definitely not his own thoughts, but it also shows that the accounts on the ledger The problem is huge.

Su Nan pursed her lips, and a flash of lightning flashed in her mind.

If Li Hui took away the ledger today, they would never have the chance to get it in the future.

Li Hui knocked on the car window and impatiently revealed that disgusting smile.

“Miss Su, come down and let’s talk. For the sake of your honesty and desire for this project, as long as you leave the ledger, people can leave safely.”

This scene is enough to shock, it is a person who came here One step, you will be scared to shit.

Su Nan slowly lowered the car window, revealing beautiful and bright facial features, with a smile on his face, but his eyes were filled with indifference.

“Mr. Li, unless I let go of my hands, no one will be able to take it away from me.”

Li Hui was shocked. He felt panic in his heart, and his bones were numb, but he was quickly cleared of his fears.

Why is he afraid of a woman?

He has enough people, and his power is strong enough, how could he be afraid of a woman’s aura?

Li Hui smiled, “Miss Su is joking, it’s not you who has the final say here...”

He looked down at the woman in the car. He had played with many little models, but people like Su Nan Beauty, he can’t touch it.

“But if you say something nice, maybe I’ll let you do...”

He was playing with her.

His mind went back and forth, and at the moment when his eyes were stained with a bit of greed, the inside of the car was suddenly opened from the inside, Su Nan got out of the car at a very fast speed, and Li Hui was hit by the door on the ground.

Brain clear.

He looked at the woman angrily, exasperated, “You stinky woman, can’t you see the situation clearly? You dare to fight with me?”

Su Nan stepped on high heels and looked down at Li Hui who fell to the ground.

She sneered and walked over slowly, “I’ll let you know, who has the final say here?”

She said, pulling out the baseball bat that had been idle in the car, her eyes condensed, and she looked at him with awe. Waving the stick.

Li Hui looked at it in disbelief, and couldn't help shouting loudly, "What are you doing, come on—" He brought someone, but he didn't intend to do anything, just to frighten this woman.

But who knows, this woman is always unexpected and doesn't play cards according to the routine.

To use violence to control violence?

The severe pain in his shoulder made him speechless and dripping with cold sweat. Li Hui never dreamed that he would be folded in this woman's hands twice a day!

Oh shit!

When Li Hui's people saw this, they all wanted to go over, fierce and pompous.

And Su Nan's bodyguards were not indifferent either. They surrounded Su Nan's car in a circle, forming a wall of people who were tall and strong.

Li Hui's people had not undergone professional training. They waved the stick in their hands and shouted: "Go on—"

Everyone rushed up, and the scene was very chaotic for a time.

Su Nan squinted, looking at Li Hui with a bit of disdain and sternness in his eyes.

How did Li Hui know of a beautiful woman, how could she be fearless?

He was instantly petrified.

This scene can't be controlled at all.

Su Nan stood there on high heels, with an aloof look that didn't care about his crowd.

The situation is unknown, she has already occupied the attitude of the winner, indifferent and calm.

Li Hui was beaten with a stick, and his head was dizzy, but he quickly calmed down.

His pain was piercing, but if he went on like this, there would soon be a second stick...

He struggled to get up from the ground and stared at this woman, the greed in his eyes disappeared without a trace.

Don't dare!

At this moment, he saw a familiar person approaching slowly from the other side of her car, and his eyes showed bloodthirsty pride...

Chapter 716 Double Strike

Su Nan's attention was all on the situation in front of him. Those gangsters also winked, stalking the bodyguards, ruthlessly, but no one walked in front of Su Nan and made a move.

Just out of the corner of his eye, he suddenly caught a glimpse of Li Hui standing up and secretly trying to run.

She frowned and pursed her lips, Li Hui was the key to subduing these people.

Can't let him go!

Just as she was about to drag him back, she suddenly heard a terrified cry from Yu Lou on the other side: "Mr. Su be careful—"

Su Nan was stunned, and the next second, she suddenly felt a gloomy and cool wind blowing on her back. Come, approach her, her body tense subconsciously, and she has already realized in her mind: someone is attacking from behind!

Dodge, it seems that it is too late, there is no way to avoid it!

At this moment, Li Hui, who was in front of her, suddenly rushed towards her side. His body seemed to be out of control, and his face was full of fear...

His speed was even faster than that of the stiff Su Nan. Quick, I have been meeting the stick of the person who attacked from behind.

There was a dull sound of a stick—the

next second, Li Hui screamed in agony, covered his head and started scolding his mother.

“Why the hell are you hitting me?”

“You jumped up on it yourself...” The sneak attacked weakly.

“Who dares to kick me!” Li Hui was trembling all over.

Su Nan didn't look back, she raised her eyes and saw Fu Yechuan walking over with a group of people in a stern manner.

He was wearing black clothes and trousers, and his body was tall and straight, like Shura who came from the darkness. His eyes were scarlet, dark and cruel. He came out of hell and came to hell again.

The wind was very cold, and it hurt a little when it blew on people's faces.

But Fu Yechuan didn't seem to feel the temperature at all.

He walked in front of Su Nan, his eyes were dark and deep, and they contained too many complicated emotions.

But the most unconcealed thing in his eyes was the anger that poured out.

He was angry that she put herself in danger, and even more angry that someone dared to do something to the person in his heart?

He looked down at her, his eyes slowly lowered, and when he saw the baseball bat in her hand, his eyes flashed for a moment.

“Why are you here?” Su Nan asked calmly.

But there is no doubt that the moment she saw him, her heart was shocked.

Without him, Li Hui's people would definitely do something to her, and she was careless.

Fu Yechuan didn't answer, his tone was deep and cold.

“Does it hurt?”

he asked her hand holding the baseball bat.

Su Nan pursed his lips.

Li Hui saw Fu Yechuan from the side, as if he had seen a ghost.

Half of his clamoring momentum disappeared, "Fu...Fu Yechuan?"

The people he brought along with Su Nan's people soon had an overwhelming advantage.

Li Hui's gangsters couldn't compare to these experienced bodyguards.

"Mr. Fu, you also want this project. As long as you can afford the money, this project is yours. You can't lose such a good opportunity for a woman..."

Li Hui's tone was flustered. When he arrived at Fu Yechuan, he felt horrified. This man was too terrifying. No one dared to contend with his power and mystery.

He was persuading Fu Yechuan to take care of the overall situation!

Fu Yechuan didn't hear anything, and only saw Su Nan in his eyes. Seeing that Su Nan didn't want to answer, he reached out and took the baseball bat in her hand.

His voice was cold, with a coldness that penetrated deep into the bone marrow, but a gentleness that was half-smiling.

"This is not a good hand, it's a fun gift for you."

Immediately afterwards, he took out a delicate gun from his waist and handed it to Su Nan...

Su Nan: "... "

...

Chapter seven hundred and seventeenth she has to make an inch

Chapter 717

Fu Yechuan's actions were so careless, but they made everyone present feel chills.

Li Hui's legs were so frightened that he would never question whether the things in Fu Yechuan's hands were hitting his head.

Su Nan held it calmly, and did not show any surprise or fear at all.

Who is this man and woman?

Li Hui's face was pale, and the fear in his bones made his blood coagulate, and his body trembled.

Su Nan turned it upside down in his hand, but Fu Yechuan took her hand directly, held the gun, and pointed it in Li Hui's direction.

The scene is about to explode!

Fu Yechuan's face was expressionless, his tone was solemn, "Is that him? Let's do it..."

He seemed a little impatient, the scarlet eyes in his eyes couldn't suppress his anger and fierceness, he didn't care about the consequences at all, let alone Don't be afraid to cause trouble.

This kind of small scene is just commonplace to him.

But if they frightened Su Nan, it would be different.

When Li Hui heard Fu Yechuan's words, his bones softened with fright, and he slumped to the ground, kneeling there, raising his hands to surrender.

"I was wrong, I was really wrong, Mr. Fu, please spare me, don't kill me!"

He just used a little hooligan to deal with Su Nan, who would have thought that such a murder would be caused?

At this moment, he even believed that if Su Nan really shot, he died silently, and Fu Yechuan could throw him into the river and disappear forever.

That's the scariest thing.

A ruthless, meeting someone who doesn't care about human life.

Fu Yechuan turned a blind eye to his plea, and was not moved at all.

Li Hui understood, turned to look at Su Nan, and kowtowed to admit his mistake.

"Miss Su, President Su, you forgive me, I was wrong, you take the things, spare me a dog's life..."

He trembled violently, not a single pore was not afraid of being shot. The feeling of pointing at the head is so fucking scary!

It's a nightmare!

Su Nan lowered his eyes, let go of Fu Yechuan's hand, looked at the gun, and smiled.

“Of course I have to take the things, and...another set of ledgers.”

Taking an inch is the attitude of a winner.

As soon as she opened her mouth, Li Hui was stunned for a moment, and immediately understood.

From the very beginning, Su Nan took away these ledgers, which was only the first step. Everyone knew that the real ledgers would not be put on the surface.

They too, obviously have accounts, and they also have a set of accounts in private.

Li Hui didn't expect Su Nan to be so direct, that this set of accounts was not enough, and he even thought of another set!

But if that set is exposed, then he and Zhang Licheng will have to go to the table.

Li Hui hesitated, take it or not?

At this moment, Su Nan pulled the trigger, and the sneer on her face was very obvious.

Threat him, kill him or ask for a ledger?

At that moment, as if on the edge of life and death, Li Hui gritted his teeth decisively, “Okay...”

Everyone did not expect that the other set of accounts was not in the company, but was hidden at home by Li Hui. Hidden enough.

In just 20 minutes, the people and cars here disappeared.

Li Hui took them to get the account book, afraid of the gun in Su Nan's hand, he really didn't dare to keep his mind.

Su Nan asked people to remove the things, and this trip was a rewarding experience.

After they left, Li Huicai sat on the ground and wiped his sweat as if he had survived.

Su Nan sat in the car and looked at the things in his hand repeatedly.

It's not that she has never seen a gun, she has also played shooting for a while, and this one is obviously a toy to fool children.

Yu Lou was invited by Chen Mian to Fu Yechuan's car, and Fu Yechuan sat beside Su Nan...

Chapter seven hundred and eighteenth social beating

Chapter 718: The Severe Beating of Society

Watching her staring at the thing in her hand, Fu Yechuan slightly hooked his lips.

“Like it?”

Su Nan paused and returned it to him.

“Fake, can also scare people?”

The smile in Fu Yechuan’s eyes deepened, and he put away his things, “It’s really here, if you shoot, I’ll make it up for you later, so you don’t have to be afraid It’s up to him.”

The

responsibility is his responsibility, and she doesn’t have to be afraid of anything.

He just wanted her to do what she wanted.

Su Nan was startled, his heart trembled slightly, and then he turned his head to look at him.

“Why did you come?”

Fu Yechuan’s smile subsided slightly, “I said, the water here is too deep and dangerous, how can I rest assured that you are alone?”

His voice was low and hoarse, echoing in the car.

Su Nan twitched the corners of his mouth, “Thank you, but you’re really not afraid that I’ll take the lead and come to Li Bureau to talk about this project?”

Fu Yechuan’s eyes flashed slightly, and he suddenly looked at Su Nan.

“You don’t believe me so?”

Su Nan: “There is no basis for trust between us, right?”

She told the truth.

There was silence in the car for a few seconds.

She could feel the chill on Fu Yechuan’s body.

baffling.

“Then why don’t you go to Li Bureau?”

Fu Yechuan pursed his lips and paused: “Go!”

His time was tight, and he wanted to talk to Li Bureau by the way, but he was exposed by Su Nan at first, and he was a little unwilling. .

As if everything he did for her was not pure enough!

Su Nan smiled, hehe, this dog man!

Although the two sides are in a competitive relationship, the methods used by the two are completely two ways, and there is no conflict. It is unknown who will have the last laugh.

Fu Yechuan glanced at her, “Bring things back to City A for investigation, it’s too dangerous to stay here.”

Su Nan raised his eyebrows and smiled, but did not respond to his words.

“Anyway, I still want to thank you today.”

Fu Yechuan smiled, his brows loosened.

So how do you want to thank?

Before he could say this, Su Nan interrupted his thoughts.

“To thank you, I’ll invite you to dinner.”

Fu Yechuan raised his eyebrows. This was the first time that Su Nan had invited him to dinner.

Although it was far from the “thank you” he imagined, it seemed like a beautiful thing to be able to have a peaceful meal with her alone.

“You do?” he asked.

Su Nan’s eyes narrowed slightly, this dog man must have been too far ahead.

“If you don’t do it, you can do it if you want.” He

even asked her to cook?

She has refused the kitchen for a long time, and she will never go in and be influenced by the fumes.

Those three years have worn out her patience.

Fu Yechuan lowered his eyes, hiding his lost eyes, and said in a cold tone, "Okay, I'll do it."

He also wanted to try, what kind of feeling it was to cook for someone he liked.

Su Nan rolled his eyes in his heart, who knows what Fu Yechuan wants to do when he thinks about it?

Does he cook?

Haha...

the omnipotent President Fu is about to suffer the first beating!

The car stopped at a hotel owned by the Su Group.

Su Nan got off.

Fu Yechuan came down and looked up, "I'll have someone prepare the ingredients. I'll come to see you at night. Let's take a rest first."

Su Nan watched him turn into his car and walked over to Yu Lou, "Mr. Su... .."

Su Nan turned around and got into the elevator.

"Find a trusted third-party agency, and work with our people to find out the problem in the ledger and hand it over to the relevant department in four hours."

Yu Lou was slightly shocked, so fast?

Su Nan's eyes were light, "It's time for Zhang Licheng to come back before tomorrow. Our speed must be so fast that they don't have a chance to react!"

...

Chapter 719 President Fu blows up

Yu Lou, understands it, and nods solemnly, "Yes, it was too thrilling just now, do you want to rest first? Or, go back to the company first, and leave the matter here to me? Su Nan immediately refused, "

No, I want to stay here and let Chen Jian handle things more neatly."

He knew Su Nan's temper. In the face of such a dangerous situation just now, he didn't frown. Will you run?

Thinking about it, Yu Lou nodded, left, and then arranged for some more people to protect President Su secretly...

For four hours, Chen Jian didn't dare to delay for a moment, and took someone to the relevant department and a third party to check the account together.

The accounts are almost sorted out, and it's terrifying to see those shortfalls.

He did not hesitate to call Su Nan to report the situation.

Su Nan was drinking lemonade and doing yoga on the balcony. When he answered the phone, he glanced downstairs subconsciously.

Fu Yechuan is here.

She frowned.

Chen Jian on the phone: "Mr. Su, the total loss on this project is more than 7 billion yuan, and most of them were divided by Zhang Licheng and several people. The construction company they found was opened by Zhang Licheng's brother-in-law, and several lives were lost. He only lost less than one million.

I think he just wanted to use this project to make money all the time, and he didn't plan to sell the project!"

Selling is a one-shot deal, but keeping it in his hands is a steady stream money.

Su Nan also thought of this, so she didn't throw money directly at Bureau Li.

This project is a bottomless pit, how greedy they are, and they dare to be greedy for human life, how can they be crushed to death by money?

If she wants to get this item, she has to get it into her hands cleanly, and she has to pull out the stinger first.

Hearing this, Su Nan was silent for a while, and only spoke after a while:

“The problem of the account, hand it over to Bureau Li and let him deal with it. In addition, send me a copy.”

This means that you can't send an email directly.

Chen Jian immediately understood, “Okay, I'll have someone send the USB drive right away.”

Su Nan hung up the phone, finished a few yoga moves, and slowly packed her things when she heard the doorbell.

Fu Yechuan is here.

She went straight to open the door, not surprised to see him at all.

However, when he saw what he was holding, he was still shocked for a moment.

Two huge bags, full of ingredients, it is estimated that everything in the supermarket will require some.

Fu Yechuan took it in easily, Su Nan wrapped his hands on one side and raised his eyebrows.

“Mr. Fu, do you know how to cook so many things?”

Fu Yechuan smiled directly, the confidence in his eyes could not be imitated by ordinary people, he ran straight to the kitchen, rolled up his sleeves, and replied,

“I bought the recipe. !”

Su Nan: “...”

Forget it, for the sake of saving her, let's bear it, and if it's bad, eat two less bites.

His cold aura was a little more moist, and he looked a lot more pleasing to the eye.

However...

Su Nan was a little surprised, watching him take out the meter from the bag, and the thick cookbook, and began to process the ingredients with confidence.

Wow...

this scene is really rare!

Seeing him take a ruler and start measuring the thickness of the shredded radish, Su Nan felt that he couldn't bear it any longer, and entered the room with his mobile phone.

She seemed to see Su Ming!

Why didn't I find out before that Fu Yechuan and Su Ming have something in common?

Really blind!

She sat quietly in front of the computer and processed a few emails. Within ten minutes, she suddenly heard a loud bang outside.

Su Nan was startled, she ran out quickly and saw thick smoke in the kitchen.

Fu Yechuan came out of the kitchen with a dark face and a very ugly expression.

She looked at him in shock.

"Fu Yechuan, did you blow up the kitchen?"

Chapter 720 The Secret Leaked

From the moment Fu Yechuan entered the kitchen, Su Nan had prepared for the worst.

Big deal, the taste of the food was a little off.

But the result, somewhat unexpected, he didn't even cook, and the kitchen was blown up instead!

Thick smoke billowed, triggering the fire alarm.

Ye Fu Chuan'd seen the slightest awkward, expansive Even in this room full of messy situation, his gestures, high

on.

It just doesn't look good.

Frustration and anger took his face away.

He pursed his lips, pressed the tip of his tongue against his lower and upper jaw, and tugged his eyebrows coldly. His voice was smoked and slightly hoarse:

“It’s the problem with the tools.”

After speaking, he pulled Su Nan out and ran out, unable to see inside. .

Although it didn’t really catch fire, the smoke was caused by the oven burning, but when it reached a certain temperature, it was automatically short-circuited.

Smoke set off the firefighting device, and the room was already full of water.

The first floor was affected, and the hotel manager came out to appease the customers, rearrange the customers to live and compensate for the losses.

Su Nan watched this dramatic scene, and Fu Yechuan sat downstairs completely out of the way, searching for recipes on his mobile phone.

His interest is really not very high!

Su Nan laughed angrily, and the hotel manager came over, “Mr. Su, please come and take a look...”

After all, it was his own hotel, so Su Nan still felt distressed, and scolded Fu Yechuan ten thousand times in his heart.

This dog man, success is not enough, and failure is more than failure!

She nodded and followed the hotel manager to take a look. The whole floor could not be seen. It was going to be redecorated.

The losses are countless.

“Everything else is easy to say. It’s just that the hotel can’t be opened again during this time. We have to renovate it. In this way, Mr. Fu, he...”

Can he pay?

The hotel manager hesitated.

Su Nan paused, “I’ll be responsible for all the losses, and I’ll let Yu Lou contact you when I get back. If there’s anything, I’ll contact Yu Lou directly.” The

hotel manager breathed a sigh of relief, “Yes, Mr. Su.”

Su Nan Turning around, he suddenly saw a familiar figure beside Fu Yechuan.

It turned out to be Lin Xuan?

Su Nan frowned, Lin Xuan's face was full of ingratitude and joy, as if she had handed something in her hand to Fu Yechuan.

Fu Yechuan took it over with an indifferent expression, without even looking at her.

Lin Xuan was reluctant to leave.

Su Nan pursed his lips.

Suddenly remembering something, she took out her mobile phone and called Chen Jian.

"Who did you ask to deliver the USB flash drive?"

Chen Jian didn't know why she suddenly asked this question, but he answered honestly,

"It's Lin Xuan, everyone in the department is busy checking accounts, so I can only let Lin Xuan run errands."

"You hand over such an important thing to her?"

Su Nan suddenly became annoyed. Is this Chen Jian old and confused?

"She... Although she is new here, she is also your relative after all. I have told her that this is very important and must be handed over to you in person. I thought... it would be better than anything. Outsiders are more credible..."

Chen Jian explained hesitantly, feeling very uneasy.

Since Su Nan brought someone to beat him, he had been a little afraid of Su Nan.

Su Nan snorted coldly, more credible than others?

Her tone was sneering, "Do you know who she gave it to? She gave it to Fu Yechuan, our opponent.

Let me tell you, Manager Chen, if something leaks out, you don't have to check it, get out of the Su family with her. "

After that, Su Nan hung up the phone and walked out with great strides.

Fu Yechuan frowned slightly while holding the USB flash drive, as if he didn't know what it was?
