Chapter 751: The Lost Dog

Chapter 751

The words of Su Qi, the bereaved dog, are straightforward and leave no room for it.

He was poking his most painful place, and the more he wanted to reveal his past memories, he had to take it out and mix it up.

If you want to start over, you have to carry the past, and Fu Yechuan can't be so cheap.

Su Qi looked at him coldly, and wanted to humiliate him severely, but Fu Yechuan's appearance was really pitiful.

Like a lost dog.

never mind.

"You've helped her many times, but she can't completely distance herself from you, but don't blame me for not reminding you, if she decides to be with Shang Qian, you'd better not appear in front of her, Mr. Fu, I still have to ask for this face!"

Su Qi glanced at him, Fu Yechuan's identity would not allow him to do things like stalking other people's women.

In an instant, Fu Yechuan's jaw tightened, and his face became extremely ugly.

His eyes were dark, he turned around, and his eyes were fixed on him.

"There will never be this day."

Su Qi chuckled, so confident?

Fu Yechuan: "Third brother, I'm going to see Su Nan. They've all come here. Even if they get beaten up, they have to hand over their face."

His eyes returned to their former indifference and fortitude.

Su Qi's words didn't let him walk into a dead end, but instead let him come out with great courage.

Yes, if Shang Qian was really with her, he would have to retreat.

But he, Fu Yechuan, was the one who avoided Sanshe?

His woman, Shang Qian is also worthy of the idea?

He can't be passive and sad, and since the memory can't be uncovered, he will step on the past.

After he finished speaking, he raised his feet and left, his back firm.

Su Qi twitched the corners of his mouth, did he hear it right?

Third brother?

I bother!

Su Qi rolled his eyes, yes, he really admired Fu Yechuan's cultivation!

Fu Yechuan approached the ward area. He already knew which room Su Nan lived in.

So his goal was very clear, but before he got close to the door, he watched Shang Qian, the damned dog, come out of it.

His figure paused, his face instantly darkened, and his eyes were deep and dark, as sharp as a falcon.

For a while, the aura became depressed and depressed.

Shang Qian naturally saw him too.

He walked over, smiling modestly, with a sickly pale face.

"Mr. Fu, it's a bit later than I thought..."

Fu Yechuan's eyes swept towards him sternly, "Shang Qian, I warned you, stay away from her."

Shang Qian's voice was warm and gentle And, calm and calm, smiling.

"If I'm too far away from her, will she still survive? I was the one who saved her, and I was the one who gave her the blood transfusion. Why am I so far away from her?"

Fu Yechuan's whole body suddenly became violent, He grabbed his collar violently and pushed it against the wall beside him.

The casual provocation in Shang Qian's words, in his eyes, is the lead that ignites the explosive barrel!

He can't wait to punch him to death now!

"Shang Qian, are you worthy? Are your overseas investments going smoothly? Have you cleaned up your home? You think I dare not kill you if you hit Su Nan with your idea?"

The two confronted each other, and the aura was too strong.

Fu Yechuan always has a domineering arrogance, no one can compete with him, whoever touches will die!

But Shang Qian always smiled gently, neither humble nor arrogant, but he did not fall behind at all.

There was a chill in his smile, and his eyes were equally sharp.

On weekdays, she deliberately hides her mask from Su Nan, so that when she doesn't want her to look at him, she is full of alertness and alienation.

But now...

Shang Qian's voice was gentle with indifference:

"I know that President Fu's hands and eyes are open to the sky, but I will never let go of Su Nan, you got it in the first place, but do you cherish it? "

...

Chapter seven hundred and fifty second her anger value

Chapter 752 Her anger was worth

Fu Yechuan's eyes, and Shang Qian smiled.

"Mr. Fu, she's resting inside, you'd better not go in and disturb her." As

a murderer, Fu Yechuan also has weaknesses, and his weakness is Su Nan.

Shang Qian knew that Fu Yechuan had never given up on Su Nan, but he was holding on to their unbearable past to remind him repeatedly that he was not worthy!

He consciously considers himself a gentleman, but in the shopping mall, a gentleman is the demeanor that people at the top of the pyramid have when they have nothing to do.

He rolled all the way from Vanity Fair, what have you not seen?

Fu Yechuan's previous raid caught him off guard.

But then, if Fu Yechuan wanted to mess with him, he would officially accept it!

Shang Qian's provocation made Fu Yechuan very angry, and he had no reason to bear it, and punched him heavily in the face.

"What are you?"

He fell directly to the ground.

He lost too much blood, and he still hasn't fully recovered. He was hit by this punch, and his eyes were blackened, and he had reached the limit.

The nurse who came to round the room suddenly saw this scene and screamed in horror!

Shang Qian lay there weakly, panting weakly.

The ward opposite suddenly opened, and Su Nan appeared at the door in a wheelchair.

Seeing this scene, his face changed instantly!

"Fu Yechuan..."

Fu Yechuan's clenched fist was stiff in the air, and the atmosphere instantly froze.

The surrounding doctors and nurses rushed over to gather around Shang Qian.

His face was pale, and the scarlet blood at the corners of his mouth was particularly miserable on that clear and gentle face.

But no one around dared to complain, because they all heard the name Su Nan shouted.

Fu Yechuan!

Fu Yechuan slowly stood up straight, and his eyes looked dark and deep at the woman in the wheelchair. The redness at the corners of his eyes had not yet faded away, and the red bloodshot eyes were also dark at this time.

He saw that Su Nan's face was first shocked, then angry.

This anger was directed at him.

At that moment, the heart seemed to be penetrated by a sharp hook, and the pain was bloody.

Su Nan's wheelchair came to the front, but he didn't say a word to him, but looked down at Shang Qian who was lying there for rescue.

"How's it going?" The

doctor didn't dare to move Shang Qian's body easily, but his tone was more solemn.

"He has already lost too much blood, and his body has not yet fully recovered. This punch is likely to cause a concussion and subsequent complications caused by insufficient blood supply. The specific situation needs to be further investigated."

After speaking, he looked aside. The nurse in a low voice commanded:

"Go prepare the stretcher and the examination room, and don't move the patient's body easily."

Everyone quickly went to prepare for their work, and within a minute, the stretcher came.

Shang Qian lay there weakly, his lips were gray and white, and his warm and handsome face was fragile as if he could die in the next second.

Su Nan's heart twitched.

A normal person won't fall down with a punch, it's all because he donated too much blood to her before...

She can't be more aware of the feeling of weakness after donating blood, the whole person is extremely fragile.

And now, there is someone who is suffering because of her.

The doctor took the people away, leaving Su Nan and Fu Yechuan alone.

As soon as their eyes met, there was an indescribable sense of complexity.

Su Nan lowered his eyes, his face was indifferent, and his voice was clear and cold:

"What are you here for?" Just as

Fu Yechuan was about to speak, Su Nan sneered coldly, "Are you here to beat someone?"

...

Chapter seven hundred and fiftieth chapters hit him without reason

Chapter 753 There is no reason to beat him

. Between Fu Yechuan and Shang Qian, Su Nan's position has unconsciously taken the side of the weak.

In the past few days, she has brought back a lot of unpleasant memories because of her blood donation.

Now is the time when I least want to see Fu Yechuan, but he came here.

He came and beat Shang Qian, who donated blood to her!

Su Nan really admired her current good self-cultivation and determination, thanks to her inconvenience in her legs and feet, otherwise she would definitely kick this Fu Yechuan to death.

A cavity of anger has nowhere to send, suffocated!

Fu Yechuan lowered his head and stared at her for a few seconds before avoiding her angry gaze.

He looked down at her plastered leg with a flash of distress on his face.

His voice was low and hoarse, and he replied to what she just said:

"I'll come to see you and beat him without a reason."

It's arrogant to the extreme!

Su Nan was almost out of breath in an instant.

The self-confidence of this dog man is really bursting all the time!

The next second, he slowly bent his knees, half-kneeled in front of her, stretched out his big hand with distinct phalanges, and gently touched her right leg.

"Does it hurt?"

There seemed to be uncontrollable distress in his voice, and his eyes were dark.

Su Nan was silent and did not make a sound.

nonsense!

Fu Yechuan didn't mind, he said to himself, "It must be very painful. When my leg was broken, it was so painful that I couldn't sleep. You are the same."

His words were like a thin needle stuck in her heart. , let her instantly evoke those things he did.

He also tried to save her.

I almost lost my life because of her...

Thinking of this, the anger in my heart quietly dissipated.

Forget it, he had hurt her the most and saved her life.

What is the point of always clinging to the past when merits and demerits are offset?

However, she snorted softly.

"Mr. Fu is reminding me to remind me to be grateful?"

Fu Yechuan was slightly startled, then his brows slowly loosened and his lips curled into a smile.

"If you think so, you can."

Shang Qian wanted to wipe him out of Su Nan's life and replace him himself. It was a dream!

Su Nan choked and frowned, "Then what's the matter with you hitting someone?"

Fu Yechuan raised his eyes, the red blood in his eyes was startling, under his strong aura, no one cared that his face was ugly and haggard .

"Just fight, he deserves it."

He didn't want to explain, and he was extremely disgusted by the words that Shang Qian liked Su Nan.

Suddenly, he remembered something, looked up at her, and his eyes seemed a little crazy:

"Your blood type is special, I will make people look at Qiao Wanrou, let her donate blood regularly, save the blood for you, and when you need it, just give it to you. You can use it at any time..." At the

end, he pulled the corners of his lips, revealing a wry smile, "That was originally your blood."

Su Nan's hand holding the wheelchair suddenly clenched tightly, her fingertips turning white, The heart trembled violently.

He knows everything, why Shang Qian is here, how she survived... How could

Fu Yechuan let himself know nothing?

He wanted to use other methods to replace Shang Qian's greatest value.

Isn't it blood?

Qiao Wanrou's blood was wasted, so it would be better to give it all to Su Nan.

The guilt in Cheng Heng's heart towards Aiwu and Wu was mixed up by Qiao Wanrou's series of salacious manipulations.

Right now, in his eyes, she was just a woman with Su Nan's blood in her body.

Su Nan's chest was congested and uncomfortable.

She refused.

"No, my blood is in her body, and I feel dirty."

...

Chapter 754: An excuse to get close

Chapter

754 The words of getting close to Su Nan under the pretext, to Fu Yechuan, were like a blow to the head.

She disliked not only Qiao Wanrou, but also the past three years.

For a while, Fu Yechuan's face became extremely ugly, the corners of his lips pursed into a straight line, and his eyes looked at her darkly.

Su Nan lowered her eyes, took a deep breath, restrained her trembling fingertips, and said in a cold tone,

“Fu Yechuan, don’t mention the past, and I don’t want to hear the name Qiao Wanrou anymore, from a blood donor to a forceful person. I don’t feel very proud of people who donate blood.

My blood type is indeed special, but I haven’t reached the point of coercing others to donate blood

. , then pressed the button on the wheelchair and automatically retreated.

“I’m going to rest, Mr. Fu. I hope I won’t see you again while I’m recovering, so I’ll get better faster!”

Su Nan turned around and entered the ward, not realizing how ugly Fu Yechuan’s face had become.

She only wanted to keep Fu Yechuan far away, so it was best not to appear.

In this way, even Shang Qian might be much better.

The ghost knows why he hits people, in short, hitting a patient is wrong!

I don’t know when Fu Yechuan left.

But it didn’t take long for the doctor to come over to report on Shang Qian’s situation.

“Mr. Shang just lost too much blood, resulting in insufficient blood supply to the head. Fortunately, the brain was not damaged, but he is still in a coma.”

Su Nan closed the magazine in his hand and nodded.

“Doctor, when he wakes up, please tell me.”

She couldn’t even pretend that nothing happened.

The doctor nodded and recorded her physical condition before leaving.

Su Nan rubbed his brows and was about to lie down and squint for a while when he heard footsteps at the door.

She was the only patient who lived on this floor.

Don’t think about it, it’s also here to find her.

Su Nan frowned, she should get a sign from the doctor with the words “Do Not Disturb” written on it.

Before I could think about it, the door was already opened.

“Little Si, who do you think is here?”

Su Qi excitedly called her awake, without any sleepiness.

Su Nan blinked, and as soon as he got up, he saw Ning Zhi, Qin Yu and Cheng Yi all coming!

Qin Yu ran over and hugged her, looking at her with concern:

“Su Nan, we are all scared to death!”

Ning Zhi looked at her from top to bottom, but fortunately only her right leg was in a plaster cast, so she breathed a sigh of relief.

“Fortunately, you’re all right. When we heard about it, we were so scared that we lost our souls!”

Cheng Yi walked over, his eyes turned red, but his tone was forcibly relaxed:

“Little Si, how many times have you been in the hospital? Your relationship with the hospital is too deep...”

Su Nan smiled, and the fire that had just erupted was forcibly suppressed.

“It’s nothing, am I fine?”

Su Qi ran over, looking at Ning Zhi’s worried expression, and felt sad.

He walked over to Su Nan, reached out and tapped the plaster cast on Su Nan’s right leg, and comforted her with a smile:

“It’s okay, look, she doesn’t hurt at all...”

Su Nan’s face widened with a stiff expression. , looked at Su Qi: “...”

Is he really her brother?

She doubted it more than once!

Su Qi called Ning Zhi to visit her, wouldn’t she just make excuses to see her?

Su Nan seriously doubted that if Ning Zhi asked him to change his surname, he would enter the police station without saying a word!

Qin Yu pushed Su Qi away angrily, "Third brother, Su Nan is injured, don't touch her!"

Ning Zhi glanced at Su Qi speechlessly.

Cheng Yi also wanted to scold but did not dare to speak.

Everyone has a lot of opinions on him, so Su Nan is relieved!

...

Chapter seven hundred and fifty-fifth emotional matters

Chapter 755: Emotional Aspects

Everyone asked about what happened.

Su Nan is helpless, knowing that if their curiosity is not satisfied, they will not leave easily, so they can only say it one by one.

Everyone was terrified, but fortunately there was no danger.

Qin Yu: "Thanks to Shang Qian, we still have to thank him!"

Ning Zhiliao: "Yes, no matter what he thinks of you or not, he saved you, you have to thank him, but you still need to be calm in other aspects. Just a moment."

Qin Yu looked at her tangled, "What aspect?"

Ning Zhi was speechless and reminded her: "Of course it's emotional aspect!"

Anyone can see that Shang Qian's hospitality towards Su Nan has exceeded a normal one. The boundaries of relationships between men and women.

But if you want to use this matter as a condition, then it means that the character of this person still needs to be verified, and it is difficult to be strong!

Cheng Yi was left aside and sighed, "How good you were with me back then, but it's not too late now..."

Su Nan silently covered her ears.

"You think too much. People didn't even mention it. President Shang is not the kind of villain who takes advantage of others' dangers."

Qin Yu and Ning Zhi looked at each other.

Su Qi smiled and let people carry them into a table.

Su Nan, who had already started to doze off, woke up again.

She narrowed her eyes, "What is this?"

Su Qi raised her eyebrows and looked at Ning Zhi with a smile.

"Everyone is so boring talking, let's chat while playing mahjong!"

Su Nan twitched the corners of his mouth and said heavily:

"My feet are inconvenient..."

Su Qi waved his hand: "Don't count you, the four of us are just right..."

Su Nan: "?"

This room is luxurious and spacious, providing them with enough space.

Several people finally got together and didn't want to leave so soon.

Seeing this, one by one really sat down at the table, ready to rub a few handfuls.

Su Nan smiled silently, well, she doesn't need to sleep...

What kind of friends are these friends playing mahjong in her ward?

The four of them were there talking and laughing and playing mahjong. Su Nan found a variety show and just watched it to pass the time.

Coincidentally, it turned out to be the variety show she and Leng Lin voted for together, and Fu Yanni was even invited to this episode.

Since Fu Yanni entered the entertainment industry, he has an approachable and lovable personality. With the blessing of the Fu family, he has gone smoothly all the way.

Now it has become a hot variety show, bringing a lot of heat to the show.

In a blink of an eye, a day has passed.

The sky outside the window was gradually dimming, and the sunset glow burned through half of the sky, but the residual snow on the branches was still a little depressing.

While looking very engaged, there was a sudden knock on the door.

When the doctor came in, he was obviously shocked to see so many people and the mahjong table.

Su Nan smiled:

“Doctor, is Mr. Shang awake?” It took a long time for the

doctor to react:

“Yes, Miss Su, Mr. Shang is already awake, but needs a quiet recuperation... “

It's getting dark now, and Shang Qian has just slowed down. Fu Yechuan's punch was really heavy.

Su Nan scolded secretly more than a dozen times before nodding with a smile, “Okay, I'll go take a look.”

She turned her head to look at Su Qi, and Su Qi was more attuned to this point.

He bent over and carried her into a wheelchair, pushed her out, and the others followed.

Qin Yu: “We don't talk, we promise not to disturb him, we just want to thank him for saving Xiao Si.”

Ning Zhi and Cheng Yi nodded heavily.

The doctor nodded complicatedly:

“Okay...”

Chapter 756 I'm very worried that

a few of you have gone downstairs in a mighty manner, and when you arrive at the ward where Shang Qian is, everyone's footsteps can't help but relax.

There was no sound in Su Nan's wheelchair, only the ticking of the instrument could be heard inside.

Shang Qian was still closing his eyes tiredly, his complexion was better than before, with a somewhat rosy state, and he did not look weak and pale before.

The five people and a doctor formed a circle around the hospital bed, bending over and staring at Shang Qian carefully.

I want to see a flower on his face!

Except for Su Nan and the doctor, everyone else wants to talk and discuss about this Shang Qian, who looks really good...

Compared with Fu Yechuan, although his facial features are not as stunning as Fu Yechuan, he is gentle and gentle. Character can give him extra points, enough to compete with Fu Yechuan's advantage!

But they couldn't say that, they exchanged glances, but they still held back!

After a while, Shang Qian's eyes seemed to move and slowly opened...

Everyone held their breath and watched excitedly!

For a moment, Shang Qian's eyes subconsciously flashed a touch of shock and coldness, and his body trembled slightly, as if he was frightened.

Everyone was stunned, Qin Yu, Ning Zhiliao, Cheng Yi and others all bent down and bowed.

Su Nan, who was beside him, was stunned for a moment.

Qin Yu: "Thank you for saving your life!"

Ning Zhiliao: "Thank you for saving your life!"

Cheng Yi: "Thank you for saving your life!"

Shang Qian squinted suspiciously and reacted He didn't keep up, his face turned pale, and he pursed his lips in silence.

Scared!

Su Nan coughed and finally spoke, trying to lower her voice:

"Don't talk, it will scare him!" As soon as

she spoke, Shang Qian's consciousness gradually returned to the cage, gathered, and reacted.

He secretly breathed a sigh of relief.

The stiffness all over relaxes.

“Su Nan?”

His voice was hoarse, but with warm emotions.

Su Nan saw that he had regained consciousness and smiled:

“President Shang, they are my friends, Qin Yu, Ning Zhi and Cheng Yi.”

Shang Qian pulled out a weak smile, “Hello... “...”

Ning Zhidao: “Mr. Shang, we came here to thank you for saving Su Nan, but we know that it bothered you, so let’s go now, and we’ll invite you to dinner when we have a chance next time.”

Qin Yu nodded.

They winked at each other at the door, then dropped their feet and left quietly.

Shang Qian: “...”

The doctor beside him breathed a sigh of relief, great, he’s finally leaving!

Just as Su Nan wanted to follow along, Shang Qian suddenly moved his finger and looked sideways at her.

His tone was warm and light, but with a bit of lingering lingering:

“Su Nan, are you worried about me?”

She froze for a moment and pursed her lips.

of course!

But she could hear the strangeness in his words, and if she admitted it, it seemed to make people think in another way.

After a few seconds of silence, the doctor on the side finally couldn’t bear the embarrassment, so he bit the bullet and withdrew.

The rest is obviously not suitable for the presence of a third person.

There were only two people left in the ward.

Su Nan had no choice but to hide, after all, it was because of her that she was lying here.

She raised her eyes gently and smiled at him.

“Mr. Shang, everyone is worried about you.”

Shang Qian looked disappointed, “Su Nan, you are always avoiding me.”

He is not a fool, how could he not hear what Su Nan said mean?

Su Nan froze for a moment, with sincerity in his eyes, he smiled:

“Okay, President Shang, I’m very worried about you.”

...

Chapter 757 He is jealous of me

Chapter 757 He was jealous of my

Su Nan’s worry, just worried.

Candid worry.

This accident made Su Nan feel that he seemed to have some prejudice against him in the past.

She treats all suitors with indifference.

That’s the inherent defense that comes from ignorance.

But now for Shang Qian, it seems useless.

The relationship between them, because of this car accident, has quietly changed.

But in the end what is different, no one can say.

Shang Qian has been struggling to break the strangeness between them, but he also knows that he can’t relax.

It’s him who wants to go further, and it’s him who wants to take the initiative.

Therefore, Su Nan understands every change in him.

Hearing Su Nan’s concern, Shang Qian was disappointed, but his smile still rose:

“Then it’s worth my injury.”

Su Nan’s smile froze, Shang Qian said again:

“Did Mr. Fu tell you why he What about you?”

He was very curious, what would Fu Yechuan say to Su Nan?

Su Nan shook his head, “No.”

Who knows?

She couldn’t say Fu Yechuan’s “he deserves it”, she might as well keep silent.

Shang Qian hooked his lips, with a somewhat successful smile on his face.

“Because, he is jealous of me!”

For the first time, he was so happy after being beaten.

Fu Yechuan’s anger turned into anger, which made him feel that his hope was not slim.

Su Nan was stunned for a moment, Shang Qian’s smile deepened, and his eyes stared at her deeply:

“For the first time, I feel that I am still useful here with you, this time I am closer to you than President Fu.”

Su Nan raised his eyes , suddenly fell into Shang Qian’s deep and dark eyes, which were vast and boundless, as if they could suck people into the boundless universe.

Shang Qian’s tone was warm, and he unconsciously wanted to say more:

“Since I was a child, because of this blood type, I didn’t dare to have any accidents, I learned to be selfish and indifferent, because once something happened, I might never be able to save it again. But this time ,

I am very fortunate that I am this blood type.

Su Nan, don’t be so rush to thank me, and I won’t be so mean as to threaten you to make promises, I just hope you’ll be fair, don’t just say thank you Keep me out.” For

a moment, Su Nan’s heart trembled slightly, and a certain place seemed to be gradually collapsing.

The high wall she built with indifference was hurting him all the time.

She said thank you countless times, just because he didn't want him to kidnap her with his feelings, but now, he said bluntly that he wouldn't do it.

She didn't feel relieved because of this, but felt heavier.

"Mr. Shang, the matter between me and Fu Yechuan has been raging, and you must know that I used all my strength to fall in love with this person, and I am exhausted.

Even if I want to like someone in the future, I will never like it again. It's unfair to others."

She said it very directly.

She won't do things that fly to the flames twice.

She believes in the beauty of love, but she will no longer sacrifice herself to experience this beauty, the cruel sublimation will only consume her life.

Shang Qian is different. He raises children who do not belong to him. He is utilitarian on the surface, but in fact, he is kind and generous at heart.

I really can't bear to hurt him.

Shang Qian looked at the faint smile on Su Nan's face, lowered his eyes slightly, and then smiled.

"Don't talk too early, how will you know if you don't try?"

Su Nan frowned, and Shang Qian continued:

"Also, how do you know that others don't accept this kind of unfairness, if he is willing to accept it?"

...

Chapter 758 If you have a good impression

Chapter 758 If you have a good impression

of Shang Qian, the hint is already clear.

He is willing to accept such unfairness. Even if Su Nan likes him a little, his wishful thinking is not in vain.

But she is not like other women.

Even if he worked a hundred times harder, Su Nan would not necessarily be soft-hearted.

She was trying to persuade him to give up.

But this is impossible!

The silence in the ward can be heard when a needle is dropped.

Su Nan's chest was heavy, like a boulder pressing on his heart, and even breathing became extremely difficult.

Seeing her tangled thinking about how to deal with his words, Shang Qian suddenly smiled.

He didn't want to see her in trouble.

"Well, if you promise me a condition, you will repay me."

Su Nan raised her eyes and looked at him.

Shang Qian pursed his lips: "you have to promise me, don't refuse me to enter your life, don't refuse my admiration for you.

Once you feel bored and uncomfortable, you can tell me at any time.

But if you feel so bad for me If you have any good feelings, tell me too!"

Whether the ending is good or bad, you have to try it to know.

Win or lose, he admits it.

Su Nan looked at him for a few seconds, then pursed her lips. After thinking, she nodded, "Okay."

This time, she didn't mean to deal with him.

For a moment, she even felt that it was okay to try dating.

But Shang Qian's proposal obviously gave her enough room to prepare for her psychological expectations, and did not force her to a certain degree.

She didn't plan to be single for the rest of her life. Could it be that she couldn't look at other men except Fu Yechuan?

No, she just didn't meet someone who could approach her soul.

Shang Qian smiled slowly, the gloom in his eyes faded, like a clear spring, modest and gentle, pure and noble.

If you don't refuse, you will make progress.

Su Nan really couldn't hold back his fiery gaze, so she wanted to burn a hole in her body and she fled.

Back in the ward, everyone left.

Su Qi lay lazily on her hospital bed, watching the quarterly report that Du Yan sent him.

Seeing her come back, he raised his eyebrows.

"What did you say, it took so long?"

Su Nan rolled his eyes at him, "Why didn't you go to send your goddess off?" It's not like Su Qi's style of not being courteous at such a time.

Su Qi sighed and threw the report aside.

"Of course I want to stay with my dear sister..."

"Haha..."

Su Nan sneered.

She acted so dog-legged just now, but she didn't go to send her now, 80% because Ning Zhi rejected his "kindness".

...

Shang Qian was discharged from the hospital the next day, said goodbye to her, and went back to the hotel to deal with his affairs.

After all, he is a person who can earn hundreds of millions of assets in minutes, a genius expert on Wall Street, and he has no real business in his hands, and he can also turn clouds and rains in the capital circle!

Su Nan spent a few days in the hospital indifferent to the world. Except for the fact that her right leg did not recover, her face was already rosy and shiny.

Yu Lou has only recently started to bring the company's affairs to her to look over. Some documents that need her signature cannot be put on hold for too long.

Sitting in a wheelchair, she watched the rustling snowflakes falling outside, and Yu Lou stood aside to report on the latest project progress.

Su Nan nodded with satisfaction, everything went well.

“In City S, has the final result come out?” After so many days, there should be no movement.

Yu Lou pursed his lips hesitantly, a little hesitant.

“Director Su said you can’t let this kind of trifle disturb your rest...”

Su Nan gave him a helpless look, “Yuzhu, should you say it or not?”

Yu Lou: Of course you have to say it!

“The murderer’s hit-and-run is well-documented. He gritted his teeth and didn’t say anything about the killing of the three construction site workers at first, but later confessed. I heard that someone secretly sent the evidence to the court.”

Su Nan raised an eyebrow. He smiled and asked casually, “Who is so kind? It’s like a living Lei Feng!”

“Mr. Fu...”

Su Nan’s smile froze, and she restrained: “Continue.”

...

Chapter 759 The bigger the noise, the better

Chapter 759 The bigger the trouble, the better

Yu Lou glanced at her and continued:

“But the murderer’s wife took the terminally ill daughter and ran to the door of the Zhicheng Company to make trouble, but

she didn’t leave. She claimed that it was us. He sent his husband to prison, and the remaining two women have no source of income, so we have to be responsible for their living and medical expenses...”

After Su Nan heard this, her face darkened and she was terribly cold. : “Do you want a face?” The

murderer pretended to be a victim, and asked for money at the door?

It's disgusting!

Yu Lou pursed his lips, "Now it's inconvenient for people in the company to come in and out, and every day attracts a lot of onlookers. The

security guards are not easy to do, so Chen Jian gave 20,000 yuan, and they tasted the sweetness. The next day It's coming again, it's endless, and what I'm most worried about now is affecting the smooth development of the project.

After all, if it continues, it will be a scandal, and I don't know what it will be like. Once this project is shelved, our losses will be huge."

After speaking, the two fell silent.

Su Nan was really angry. She was the one who was almost killed. Why should the murderer's family be shy to ask for money?

She has a lot of money, but there is no need to waste a cent on them!

"Have you reported it to the police?"

Yu Lou nodded, "I have reported it a few times, but the murderer's case has not yet been pronounced. They have no other relatives at home, a woman with no income, and a daughter with cancer. If they are detained, the remaining The one of you might..."

He frowned, it was the first time in his life that he had encountered such a difficult thing.

It's simply harder than winning a profitable project.

"So the police only warned them twice, and there was nothing they could do.

What Li Bureau means is that if there is a contradiction in public opinion, I am afraid it will be detrimental to the project and affect the overall development of S City, so we have to deal with it by ourselves..."

Su Nan sneered, really throwing the blame Just throw it out neatly!

How do they deal with it?

They can't use any method that goes beyond the legal limit. Once they are found out, they will lose the project.

It's so shameless to encounter such a rogue!

Su Nan took a deep breath, "My brother What do you say? "

In the House:" Su total mean, delayed the project started, anyway, that his daughter had cancer and asked the doctor, live for up to three months to see who is who won power consumption.

Three months later, the court just pronounced the verdict, and the remaining woman is easy to deal with. "

It's true that after a few months of sentencing, they will have the upper hand in public opinion and emotion.

Now, no matter how wronged they are, as long as the murderer's daughter has cancer, it will cause a flood of sympathy in a part of society.

This kind of Once sympathy is fermented, it will stain the project.

Therefore, Su Jin's method is the best choice.

Su Nan was silent for a while, and Yu Lou looked up at her.

When Su Jin made this decision, Yu Lou felt that if it was Su Nan, she might have a more straightforward way. A

few minutes later, Su Nan seemed to remember something and looked up at him.

"When is the project scheduled to start? "

Yu Lou:" In the middle of this month. "

There are still seven days..."

Su Nan murmured, her mind spinning rapidly, thinking about all the methods and processes, and whether the final result was what she wanted.

Suddenly, she took a deep breath, her face was calm, but there was a chill in her eyes.

"Go to contact the media, a press conference will be held on the day the project starts. This project has failed many times, attracting much attention in S City, and it will definitely attract huge public attention.

At that time, the murderer's wife and daughter will definitely make trouble... .."

...

Chapter seven hundred and sixty who bought it

Chapter

760 The words of someone who bought Su Nan made Yu Lou faintly excited.

Adventurous and exciting, but risky.

Using public opinion to gain sympathy is easy to overturn.

There are countless examples online.

Yu Lou frowned, "This kind of public opinion is not necessarily a good thing for us."

Su Nan rubbed the raised button on the wheelchair, hooked his lips, and glanced at him.

"Of course it can't be that simple. Since that murderer can kill for his own daughter, why can't he be a good person for his own daughter?"

Yu Lou frowned instantly, "Mr. Su, I don't understand, that murderer was sentenced to death. The death penalty is already a certainty.

Moreover, he was caught accidentally because he failed to kill you this time. He hated us so much, how could he be bought by us?"

This kind of person should be a typical revenge society type who will not make you happy in death. personality.

Su Nan smiled coldly and looked up at him.

"Let someone show him the photos of his wife and children at the gate of Zhicheng Company. The worse the better.

My request is to have his wife confess his crimes in front of reporters on the day of the project.

My price is During his child's lifetime, I will provide the treatment fee."

Yu Lou was shocked in an instant, Su Nan's words were like a bottle of spirits, which made people's blood rush, which was unexpected.

She had to turn the whole situation around at the most difficult time.

Isn't it just money?

Her money can't be corrupted silently, it's not worth mentioning!

Every penny must be spent on the blade, producing hundreds of times the benefit effect.

“Let you do it, can you do it?”

Su Nan turned his head to look at him with a smile on the corner of his mouth.

“If I can’t, I’ll let others go.”

Yu Lou immediately straightened his expression, and his voice was firm:

” Yes . ”

He was a little excited and surging in his heart, and a sudden power seemed to burst out of his chest.

He also passed through countless competitors to get to this position.

Beside Yulou, he has learned a lot, and he is hard to guard against.

He is trembling and walking on thin ice when it comes to intrigues in the shopping mall.

But by Su Nan’s side, he felt that the difficulties in the shopping mall could be faced head-on. Even if his head was broken, he was not afraid. She always had a way to solve it.

He prefers to be by Su Nan’s side, regardless of gender.

The kind of enthusiasm for doing business and starting a business seems to be always pure and pure, and it will never stop.

Su Nan nodded with a smile. She knew that he could negotiate with a murderer, which was much easier than negotiating in a shopping mall.

After all, he is someone that Su Jin values, how could he not even have this ability?

“Then you are waiting for your good news.”

Yu Lou nodded, and after getting Su Nan’s words, there seemed to be a fire hidden in his chest that could burn at any time.

Then, as soon as Yu Lou left, Su Nan called Su Jin.

I told him my plan, after all, he was the one who turned back to lead this matter.

After Su Jin heard this, he chuckled lightly, with a little carelessness in his voice.

“You’ve already made plans, what are you discussing with me?”

Su Nan was silent for a few seconds, with a hint of anger in his voice:

“Brother, if the project doesn’t start as scheduled, it will lose a lot of money!”

“Mingming told you to take a good rest, don’t worry about anything, did Yu Lou talk too much with you?”

It’s damned to disturb Su Nan’s rest!

“I found it out by myself, but Yu Zhu refuses to tell me...”

Su Jin smiled coolly, would he believe it?

After Yu Lou followed Su Nan, his behavior became more and more like her.

But in the next second, he sighed, with a faint gloom in his voice:

“This method is good, but paying for his daughter’s treatment, I think it’s a waste!”
