Chapter seven hundred and seventy-first a painful lesson

Chapter 771 A Painful Lesson

When Shang Qian came, everyone's faces were mixed.

Su Yifeng snorted coldly, and was angry at him for imposing his daughter on him.

But thinking that he just saved Su Nan's life before, it's not easy to drive people out.

Besides, he might also be a victim...

Su Qi has already waved his hand, "It must be explained clearly, please come in quickly."

He looked at Su Yifeng.

"Dad, after all, he is Xiao Si's savior. Even if he is angry, he has to endure it..."

Su Yifeng rolled his eyes at him and sat down calmly.

"I understand!"

Su Qi smiled, but Su Nan looked calm.

Since she knew that Su's stock would not have a big impact, she had taken it off.

Anyway, it's not that she hasn't been scolded online.

She doesn't care what image she has in the hearts of netizens.

As soon as Shang Qian came in, he saw that except for Su Jin and Su Ming, his face was not very good-looking.

Only Su Nan smiled at him.

"It looks like it's raining outside, and President Shang is wet. Uncle Steward, get a dry towel..." The

butler responded and quickly found a new towel and handed it over.

Shang Qian took it, but didn't dry himself, and looked at Su Nan with dark and complicated eyes.

He was very guilty.

For a while, there was no way to speak.

I'm afraid that she will believe the words on the Internet, but I'm even more afraid that she won't ask him if it's true.

Because she doesn't care.

After a few seconds of hesitation, Su Qi's laughter broke the embarrassment.

"Mr. Shang, are you busy today?"

Shang Qian came back to his senses, his smile still calm and modest.

It's just that when he looked at Su Yifeng, he felt a little more solemn and guilty.

"I'm really sorry, because of my affairs, Su Nan and Su's family have been implicated. I have already asked someone to resolve this matter. In the morning tomorrow, this matter will never be mentioned again."

He said with certainty, as if he had a plan.

Su Yifeng raised his eyes, his face looked much better.

"Mr. Shang, they are all my own people, and we don't believe those rumors about you.

Fortunately, Xiao Si is open to them and doesn't care about them. Otherwise, how can she bear it when people are talking about it online?"

Shang Qian's eyes crossed. Su Nan's warm expression was a little heavy.

"Yes, the one I'm most sorry for is Su Nan. I will make a statement online later, and I will never implicate Su Nan. This is really a painful lesson."

Su Nan paused and smiled.

"These are not important, but the two public opinions today are all directed at you. You know who did it?"

He clearly wanted to attack Shang Qian. Who did he offend in China?

Shang Qian's face changed a few times, he hesitated for half a second, and said in a light voice:

"It's the forces of the Fu Group that are fueling the flames." In one sentence, it was like dropping a bomb.

The people present were involuntarily shocked.

Fu Yechuan?

"I know that the hot search in the morning was suppressed by the actor Su, but I realized it later and thought it was a farce.

But in the afternoon, my market analyst told me that someone had bought the woman who exposed me online.

She was instructed to make this move just to force me out of country Z. Looking at Su Yifeng and Su Qi's angry faces, Shang Qian was not very happy.

He always felt that Fu Yechuan would not pull Su Nan out to block the gun.

But the results of his investigation were clearly in front of him.

He couldn't help it . I don't believe it.

Is Fu Yechuan really so despicable?

Then he looked down on him before!

...

Chapter 772 The price is too high

Chapter 772 The price is too high

Su Qi didn't have time to curse, but Su Yifeng frowned at him:

"As soon as Xiaosi is involved, we will send people to investigate and deal with it coldly, your power in the country is not yet So deep, how can you be sure that it will be fine tomorrow morning?"

As a businessman, especially a cunning businessman.

Su Yifeng doubts any possibility all the time.

According to Fu Yechuan's attitude towards Su Nan, can he do this?

Seriously doubt that Shang Qian is lying!

Shang Qian's brows are solemn, warm and sincere, and there is no anger or strangeness on his face.

"I really don't have any resources in China, but there are still some foreign forces.

There is a major shareholder of this media platform. He lives abroad all the year round, but he has a secret relationship with me. He told me this news

. , it was not sealed inside them."

Su Yifeng's face sank fiercely.

"Fu Yechuan bastard!"

Shang Qian lowered his eyes lightly, "I have already communicated with their senior management, this matter is not only about me, but also about the face of the Su family. After ten o'clock in the evening, traffic will be restricted, and tomorrow It disappeared."

He should have reacted earlier, so as not to give the Fu Group a second chance.

The second public opinion made a comeback, and it was not just Shang Qian that was hurt.

The price is too great.

Su Yifeng's face was ashen. After Su Qi was shocked, he kept his face calm and didn't speak.

They all looked at Fu Yechuan's character.

That's right, how could Su Nan's character be better if he could harm Su Nan like that?

Among them, only Su Nan's face was the calmest.

But it made Shang Qian feel a little uneasy.

He pursed his lips, "Su Nan, I solemnly apologize to you about what happened today."

Su Nan smiled, "It has nothing to do with you, you are also a victim, there is no need to apologize."

"The rumors on the Internet are not true . Yes, I know that woman, everything she said is false, only what I said is true."

Shang Qian paused, perhaps feeling that he was too conceited, he added:

"If you If you don't believe me, let someone investigate, and the facts will never be distorted."

Little Mike is indeed not his child.

He only spoke to her alone.

Therefore, he only needs her to believe in his innocence.

He wanted to explain for a long time that no matter how ugly it was rendered on the Internet, he could just ignore it.

The only thing he worried about was whether Su Nan would believe it.

Therefore, after contacting the foreign shareholders, he was sure that the matter would be resolved, and rushed over in the rain overnight.

I want to apologize to her personally and explain.

Shang Qian's almost humble attitude caught Su Qi and Su Yifeng by surprise.

The two looked at each other and pursed their lips.

Obviously, Shang Qian's last few explanations are his ultimate purpose.

Su Nan hooked his lips, with a faint smile in his eyes.

Although I felt a little uncomfortable in my heart, I had to keep calm in front of other people.

"Mr. Shang, you don't need to explain so much. Of course we believe that you are innocent. It's good for the clearer to clear himself."

Shang Qian looked at her clear and beautiful eyes, and while he was relieved, his heart also sank.

Does she believe it, or doesn't she care?

But he didn't seem to be qualified to go to the bottom of it now, and he immediately returned to his indifferent and humble look.

There was a careless chill in his tone.

“That’s right, but I won’t let go of those who spread rumors so easily. It’s ridiculous to want to convict someone to death with just a few words..”

...

Chapter seven hundred and seventy third that bastard

Chapter 773 The bastard

Shang Qian said and looked at Su Yifeng.

“Uncle, it’s getting late. I’m so disturbed today, I’ll come to the door to ask for my sins another day.” He was about to leave.

Su Yifeng nodded, his attitude has eased a lot.

The anger in his mouth has been transferred to that damn Fu Yechuan.

“Okay, if you need any help, just open your mouth and don’t show it.”

Su Yifeng gave Su Qi a wink, Su Qi immediately understood, stood up and stretched out his hand:

“President Shang, please...”

Shang Qian took a deep look at Su Nan, then nodded and turned to leave.

When Su Qi came back, he looked at Su Yifeng and finally couldn’t help scolding:

“What does that bastard want to do? Is he living enough! On the surface, he stabs a knife behind his back? Shameless to count him first!”

I tried to persuade him not to get angry, but he didn’t find a chance.

Su Nan calmly hugged Su Xiaohu and brushed his hair gently, not caring at all.

Su Xiaohu stretched lazily and looked up at her.

“Mama, I want to see the moon...”

In Su Nan's room, the balcony of the cloakroom was completely closed, but the roof was made transparent.

Coupled with 3D equipment of smart technology, they can create a year-round, spring, summer, autumn and winter in the room.

Lying on the ground and opening your eyes, you can see the real moon and the vast starry sky through a professional telescope.

Well, only there can make people calm down.

Su Nan: "Okay, it's getting late, I'll go up to rest, Dad, don't be angry, we have a lot of opportunities to fight back!"

Her smile was a little cold.

It's not that she's not angry, just being angry doesn't help.

Su Yifeng waved his hand, "Be careful, I'll let Su Qi live next to you and call him if anything happens."

Su Qi twitched the corners of his mouth, "Yes, just call me!" I

can only hope that she will sleep in. !

Su Nan smiled, "Okay, good night, Dad!"

Su Qi went over and pushed her up the elevator, and when he got to her room, he let go.

This room has been handled intelligently. With Su Xiaohu around, everything is fine.

Su Xiaohu opened the door in front, excited and excited.

Su Qi couldn't hold back and asked her,

"What's your plan to deal with Fu Yechuan? Don't be emotional..."

This little sister has no other advantage, she is full of emotions!

Su Nan glanced at him, her eyes were cold and awe-inspiring, her tone was very light, very cold:

"Forbearance, turn back, kill him!"

Su Qi was shocked.

He twitched the corners of his mouth, watching Su Nan's reaction, he was relieved, oh, his worries are superfluous!

Instead, he panicked for Fu Yechuan.

His smile deepened and he patted Su Nan on the shoulder.

"Little Si, step on the shoulders of a dog man and become the richest man in the world, brother, I believe in you, only you can do it!"

Hahahaha...

Su Nan ignored his sudden nervousness, this Su Qi, always outside of normal thinking.

Her cell phone rang, and it was Fu Yechuan.

Oh, I came to the door myself.

Su Qi consciously left her private space and breathed a sigh of relief.

"Call me for something, I'm next door... I'll sleep more in the morning, brother will cook something for you!"

He put his pocket in his pocket and left briskly.

Su Nan was speechless, looking at the name on the phone, his eyes darkened instantly.

Fu Yechuan, she should have thought of it long ago.

The hot search that even the Su Clan can't withdraw must be a party that is comparable or stronger than the Su Clan.

Besides Fu Shi, who else?

She was too slow to respond.

Fu Yechuan's few sweet words made her less vigilant.

The ringtone of the phone keeps echoing...

...

Chapter seven hundred and seventy fourth you can not grasp

Chapter 774 You can't hold it

Su Nan looked at the phone and didn't mean to pick it up.

When I got to the small balcony inside, there was a soft blanket on the ground, even if I lay on it, it was like lying on a cloud.

But Su Nan can only sit in a wheelchair.

Su Xiaohu unceremoniously occupied her original position, showing her stomach with all fours upside down, smiling at the vast starry sky.

For the artificial intelligence tiger will have such an elegant hobby, they all think that Su Xiaohu's taste is quite good!

Su Nan turned off the phone and looked up. The entire glass was made of a special material for telescopes. The vast galaxy was magnified at once.

Those distant stars seem to be within reach.

It was raining outside, and the raindrops were magnified and fell on the glass dome, which was spectacular and beautiful!

...

Fu's house.

Fu Yingying was in the living room, listening to the quarrel between Mr. Fu and Fu Yechuan from the study upstairs.

Since she returned to Fu's house, she has learned to behave like a different person.

The few months she worked in the society made her grow up completely.

She consciously used to be really stupid. She thought she was the eldest lady of the Fu family. Since she was a child, everyone should look at her face and let her go.

But rashly went to confront others head-on, without any intentions, and suffered losses in Su Nan's hands many times.

In the end, she was kicked out by her own brother.

At first, I was quite uncomfortable, crying, making trouble, and hanging myself.

But no one cared about her, not a penny, and countless people were preventing her from returning to Fu's house.

At that moment, she felt that if she was really given up, she would have to die.

Therefore, she put away her edge and tried her best to perform better.

Now, now that she has returned to Fu's house, she will never go back to the kind of sales life where she looks up to others and serves others.

Upstairs study.

"Did you do it?"

Fu Yechuan stood there with his face ashen, a strong chill shrouded his body, as if he could kill someone.

And Mr. Fu, who was sitting under the light, also had a dark face, as if he was very dissatisfied with Fu Yechuan's questioning.

"Have you talked to your elders like this?"

Fu Yechuan's voice was rough and cold.

"I asked the media platform, and this wave of public opinion was still sent out in my name at night, but I have never given such an instruction.

Father, aren't you going to explain something to me?"

Father Fu sneered After two voices, there was a gleam in the cloudy eyes.

"Explain? You are in charge of the whole company. If the people around you made a mistake, shouldn't you question Chen Mian's carelessness?"

Fu Yechuan's eyes were cold, and he glared at him with a stern look, as if it was because of Mr. Fu's actions. Die does not admit to feeling angry.

He kicked the antique vase aside, and the vase shattered instantly.

Tens of millions of antiques just disappeared under his feet.

"Although Chen Mian has been with me for so many years, he doesn't have the courage!"

His voice was almost roaring.

He almost started to lose his mind.

Those were Old Master Fu's favorite antique vases. It was a pair. If one was broken, the other would be worthless.

Mr. Fu's pupils shrank fiercely, and he grabbed the chair with both hands, his old blue veins bulging.

"Didn't you find it all out? What else do you ask?"

Mr. Fu was not in the mood to go around with this grandson.

His good mood was ruined by him.

Fu Yechuan gradually occupied a dominant position in the Fu family, and even the old man didn't care about him.

He has gradually lost his grip on this best grandson.

Everyone knows that the Fu family is now Fu Yechuan who has the final say.

Do you really think he's old and useless?

He just wanted to let Fu Yechuan know that if he moved his fingers, he could turn the clouds over and over again!

...

Chapter seven hundred and seventy-fifth to create opportunities for you

Chapter seven hundred and seventy-five gives you the opportunity to create a dimly lit study, there is no warmth at this time.

The ground was a mess, and there was a chill in the air.

Fu Yechuan stood there with his back against the light, and his whole body was immersed in darkness.

The stern face was half bright and half dark, and the dark eyes were as sharp as sharp knives, but they tried their best to suppress the chill in them.

He really regretted that he was soft-hearted, and regretted that he didn't take back the power of Mr. Fu back then.

"Do you know what you're doing?"

He said in a hoarse, hoarse voice, looking at him through gritted teeth.

Grandpa Fu looked at him, sneering sarcastically.

Laughing at his soft-heartedness, he is still too young.

“You want to deal with Shang Qian, how can you do that? I just added a fire to your foundation to make him burn more thoroughly.”

If Fu Yechuan hadn't acted first, he wouldn't have found a chance.

Mr. Fu glanced at him.

“Don't you hate him? Hate him for saving Su Nan, hate him for getting close to the Su family, your idea is right, if the public opinion kills you, you can get out of your body.

In this way, the Su family will not like it either. The notorious Shang Qian, don't you have a chance?”

Fu Yechuan only felt short of breath.

The cold eyes are cold, and the tone is stern:

“I'll stop when I click, because I'm afraid that Su Nan will be implicated. You let people expose Shang Qian's details and involve Su Nan. Now people on the Internet are talking about Su Nan, this is you. Do you want it?”

Mr. Fu smiled calmly:

“Those who achieve big things are not careful, but no one on the Internet is optimistic about Su Nan and Shang Qian together. In order to protect themselves, the Su family will only clarify their relationship.

A man with a notorious child and a deeply affectionate ex-husband will be on your side as long as he is not blind. “Mr.

Fu doesn't despise his ghostly appearance of doing all he can for a woman.

Is he still a man of his Fu family who is afraid of his hands and feet?

“Women, it's important to use some means to become one's own talents first, feelings are so illusory things, useless.

You cherish her, but she doesn't look down on her, so you have to force her. It's not too late to cultivate your feelings after getting married!

Here's a chance for you! “

If it wasn't for the woman Fu Yechuan liked, the daughter of the Su Group, he wouldn't have tolerated Fu Yechuan's focus on a woman. Only women who are in the

right household can be used for marriage.

And women who play on the scene are only used for recreational stuff.

but Fu Ye Chuan too cautiously, and for a woman, there is no need.

hearing Fu Father this, Fu Ye Chuan their eyes suddenly angry more intense cold, Yin Zhi face extremely ugly.

“suffered in the Soviet Union Nan, do you think their Su family will not get to the bottom of it, and they will marry their daughter in?”

Don't daydream, things will turn against each other, making her anxious and perishing together. It's not that Su Nan can't do it! Mr.

Fu was shocked, his eyebrows were furrowed, but he didn't think about it that much.

Fu Yechuan stood there coldly, staring at Mr. Fu. His

voice was low, ruthless, and indifferent.

“In order to avoid such a thing from happening again, I have already Have someone draw up a resignation letter for you to leave the board, sign him, and I'll make it public. The

implication is that he wants to let the whole world know that Mr. Fu has no power. The head of the

Fu family has changed!

In an instant, Mr. Fu's face suddenly became extremely ugly.

He was trembling with anger. He never expected that Fu Yechuan could do such a disobedient and unfilial thing.

“You bastard!”

Read Divorce Billionaire Heiress Chinese Language Chapter 776-780

Chapter seven hundred and seventy-six who fulfills you

Chapter 776 Who fulfilled you

, Mr. Fu's position in the Fu Group is the most important. At the beginning, his overbearing methods brought Fu on the right track.

Facing the ambitious shareholders around, and the general opponents of jackals and tigers.

He decisively gave up Fu Qingcheng, who was weak in character and mediocre in aptitude, and chose Fu Yechuan, who was only ten years old.

He promoted him on the one hand, and taught him how to deal with the embattled business in the market on the other hand.

Let him join the army to hone his character, let him go abroad to experience life...

Fu Yechuan's excellence is his most satisfying work.

After Fu Yechuan returned from his studies, he decisively let go of the power in his hands, paved the way for him, and retreated behind the scenes.

He let everyone know that Fu Yechuan was the heir of the Fu Group.

If there is no accident, Mr. Fu's directorship in the Fu Group will always be retained, which is his glory.

But now, this grandson, who was raised by one hand, wants to drive him out of the Fu Group completely, and wants the whole world to know that he has no power?

This is to slap him in the face in front of the whole world!

Mr. Fu was very angry, his heart was shaking violently, and he pointed at him with trembling arms:

"It's really hard. For the sake of a woman, you want to throw the entire Fu family's face in the Pacific Ocean?"

Fu Yechuan's face was cold, the eyes are deep and dark, suppressing the faint anger.

"Your hand stretched too long, this is the result." At the

end, he added:

"If you are not satisfied with my decision, you can also take me down." It

depends on how old Master Fu is now. Do you have this ability.

Mr. Fu is not what it used to be. Those old people who wanted to lay down on the credit book for a little credit back then were more or less cleaned up by him.

Mr. Fu was nothing but an empty bamboo basket. Even if he was not happy, he could only admit it.

After Fu Yechuan finished speaking, he took a deep look at him, and there was no trace of family warmth in those eyes.

He raised his foot, turned and left.

There was a crackling sound of throwing things from behind.

“You bastard, you forgot that you have today. Who made you perfect?”

I don't even care about your father. I pushed you to this position, and you just repay me like this?

” He yelled at him, and this grandson didn't give him any face.

“Do you think I'm afraid of you? Let me tell you Fu Yechuan, the Fu family is not only with you, but I can also support others...”

He was still dreaming that others would make him a puppet!

Fu Yechuan went downstairs with a gloomy expression, not affected by the words of Old Master Fu at all.

Downstairs living room.

The housekeeper and Fu Yingying looked at each other.

Seeing Fu Yechuan come down, Fu Yingying quickly stood up.

“Big brother...”

She panicked to death, hoping that the old man hadn't betrayed her.

After all, it was she who went to the Fu Group and overheard Fu Yechuan's call that she came up with this plan and told Mr. Fu.

Of course, Mr. Fu would not miss this opportunity.

She hated Su Nan, even if the Fu family wanted her to marry her, before that, she wanted Su Nan to die.

Fu Yechuan raised his eyes and looked at Fu Yingying with a deep gaze, his face was cold and indifferent.

He stood not far away, looking at her, staring at her.

Silent without speaking.

Fu Yingying opened her mouth, flustered, and said quickly,

“Big brother, Grandpa didn’t do it on purpose, let’s explain to Su Nan well, she will forgive me?”

She suppressed the trembling in her voice, lowered her head hastily, and avoided Fu Yechuan’s eyes scrutinized.

...

Chapter seven hundred and seventy seventh forgive you

Chapter 777 Forgive you?

Fu Yechuan’s long silence made her worry and fear.

After a long time, Fu Yechuan sneered indifferently: “Forgive who? Forgive you?”

Fu Yingying raised her head suddenly and shook her head quickly.

“Big brother, it has nothing to do with me, I don’t have such great abilities, it’s my grandfather...”

Fu Yechuan’s face changed suddenly, his voice was cold:

“I have arranged for the old man’s side, he can’t know what I want What are you doing, it’s you, what did you do at the company yesterday?”

In a word, Fu Yingying was so frightened that she didn’t dare to move, and her face was instantly pale.

She would not let Chen Mian tell Fu Yechuan that she had been there.

But she forgot that Chen Mian was from Fu Yechuan, how could he obey her orders?

She stood there dumbfounded, her eyes flushed red.

“Fu Yingying, I think you didn’t learn anything outside. You even learned to lie. Go back and do your sales!”

She took the I took out my phone and looked at it.

Fortunately, fortunately, she had a lot of heart. When they were quarreling, she found the water army and kept her hand, otherwise she would have been distributed.

Scroll up the chat history page, and give The black powder that Su Nan bought... ——
Fu Yechuan

's

car was speeding on the road, and the empty road looked a bit desolate.

The street lights illuminated uniformly, and it was extremely lonely.

He opened the window, and the chill was constantly piercing through. His skin.

The public opinion on the Internet has been withdrawn by him. Since the second fermentation of this incident has affected Su Nan, he can't sit still. The

investigation went back and forth, and it turned out to be his own head?

The spear was aimed at Mr. Fu, and he had to cut off Mr. Fu's hand.

Otherwise, sooner or later, he will really hurt Su Nan.

It's too late by then.

But what about today?

She didn't answer any of the calls to Su Nan.

Maybe she knows everything.

In her heart, she must have hated herself, despicable and shameless villain.

If I want to provoke her relationship with Shang Qian, I can't wait to pull her into the water.

The uneasiness in my heart was extremely strong.

He panicked...

The car stopped at the door of the hospital where she lived. There were already many people around the door. They were reporters carrying cameras and lights.

He was upset and called Chen Mian directly.

“Let someone drive away the reporters at the entrance of the hospital...”

Chen Mian paused, “Mr. Fu, I just got the news that Miss Su has been discharged from the hospital...”

...

Chapter seven hundred and seventy-eight between them is over

Chapter 778 After they were done,

Fu Yechuan hung up the phone, started the car, and drove in the direction of Su’s house.

Driving at a high speed, Fu Yechuan forgot that it had not been so exciting for a long time, and his blood was surging.

But when the car really stopped in front of Su’s house, he was cold and hesitant.

Pick up the phone and call Su Nan again.

The phone has been switched off.

Suddenly, he punched the steering wheel, and the sharp horn cut through the silent night sky.

It also shocked the people in Su’s house.

The housekeeper was going to take a break, but when he heard the sound, he shuddered with fright and got up to look at the surveillance camera at the door. The familiar Range Rover was Fu Yechuan.

Without hesitation, he went in and knocked on the door.

If Su Nan didn’t respond, he could only let Fu Yechuan wait outside.

But it was so late, Su Nan hadn’t slept yet, Su Xiaohu opened the door for her, wagging his tail happily.

The housekeeper went in, “Miss, Mr. Fu is at the door.”

Su Nan snorted coldly, “Don’t worry, he won’t be allowed in in the future.”

She could clearly see the despicable and shameless appearance of this man.

On the surface, the atmosphere is awe-inspiring, calling for wind and rain, but his heart is too small.

What happened today is really unbearable.

She didn't feel wronged for Shang Qian, but felt that Fu Yechuan's methods were too dark!

When the housekeeper got the message, he replied, "You have to rest early."

After that, he withdrew.

Su's house was silent, as if he didn't know anything.

Fu Yechuan was worried that the loudspeaker would wake them up at first, but seeing that they didn't move, he didn't know whether he was lucky or lost.

He was at the door, so close to her, yet so far away.

In the long, silent and cold night, he suddenly felt that it was over between them!

A sad feeling came out from the bottom of my heart, sour and sad.

He didn't sleep through the night.

The stubble on his face made him a little embarrassed.

Su's house opened the door, and the car inside slowly drove out, as if he didn't see his car, he didn't even stop, and left directly.

This is the attitude of the Su family.

Suddenly, he felt so humble, a dignified president of the Fu Group, who wanted nothing, but here he wanted a good face from his ex-wife.

If it spreads out, I don't know how others ridicule him?

But he didn't want to leave, he was worried about gains and losses, and there was only one thought in his mind:

Su Nan smiled at him, he could give her his life!

The morning time passed quickly.

Before I knew it, it was nine o'clock, and someone from the company couldn't find him and called him.

“Mr. Fu, there is an early meeting in the morning. The driver didn’t pick you up at Jingyuan. Is it convenient for you to attend?”

Chen Mian knew that Fu Yechuan would not be in a good mood.

But at work, he didn’t dare to be negligent in the slightest.

Fu Yechuan’s eyes were full of red blood, and he looked at Su’s house with a dim light.

“Cancel the morning meeting, don’t call me unless there is something important.”

After that, he hung up the phone.

Chen Mian: Which thing is not important...

He just waited here, and the housekeeper didn’t come out to chase people, but he couldn’t get in either.

After Su Nan got up, she was refreshed.

She also made a mask in great mood, then adjusted the mode of the wheelchair, half lying on the wheelchair, waiting for Su Qi to make breakfast.

Su Yifeng had made an appointment to go out fishing, but when he heard that Fu Yechuan was at the door, he instantly lost the mood to go out.

Only go to the backyard pond to catch a few domesticated ones.

There are only Su Qi and Su Nan at the dinner table. Su Nan has a good appetite and bows his head to eat.

Su Qi was a little surprised when he heard the housekeeper’s words.

“Then Fu Gou really waited all night?”

...

Chapter 779 I’m going to kill them

Chapter 779 I’m going to kill them

Su Nan rolled his eyes at him, the third brother, who is blind, always brings up inappropriate people at inappropriate times.

“The public opinion on the Internet has been withdrawn?”

She is the best at changing the topic.

Su Qi nodded and told her the latest situation with great interest.

“It was two hours earlier than what Shang Qian said, and the traces disappeared.

The account of the woman who was exposed was cancelled, and a clarification article was left, saying that she only received money. When it was exposed, she and Shang Qian didn't know each other at all, but they had interned in the investment bank where Shang Qian worked.

The group photo was taken during the internship. She cut it and it became a group photo.”

Su Nan sneered, ” Do you touch porcelain?”

Su Qi raised her eyebrows, “Yes, the trend on the Internet has reversed, and they are all scolding this female consumer netizen, but Shang Qian is also unique.”

“How do you say it?” Su Nan was puzzled.

Su Qi smiled and said, “Usually there are rumors, and the injured person will send a lawyer's letter to warn, and after the apology, it will be nothing.

But after the woman apologized, Shang Qian's reaction was to take her apology article. , go to the police and arrest her, the evidence is conclusive, not ambiguous at all!”

Su Nan twitched the corners of his mouth, “I don't want to give away the evidence for nothing.”

“That's right, but this woman wanted to run all night. , the police caught it at the airport, that scene... it's a pity we couldn't see it.”

Su Qi is very sorry, how wonderful, he missed it.

Su Nan doesn't care at all, just solve it.

“Is there any turbulence in Su's stock?”

“Oh, because he arrested the person who spread the rumors, then your dirty water will be washed away naturally. Right now, there is a lot of distressed voices about you on the Internet. Our family's stock has risen again and again, and it is very stable.”

Su Nan breathed a sigh of relief. The stone in my heart just fell to the ground.

“That's good, don't delay me earning money, everything is easy to say.”

She put down the chopsticks in her hand, "I'm full, I'll go and call my eldest brother."

Su Qi frowned, drinking her remaining bird's nest, Puzzled:

"Big brother told you to take good care of you and leave the company's affairs alone."

Su Nan turned around and sneered.

"I'm going to fight back, I'm going to kill them."

They were not just Fu Yechuan alone.

Su Qi pursed his lips, flustered, didn't speak, and no one can offend a woman.

This is indeed the truth.

Su Nan found the mobile phone and had a half-hour conversation with Su Jin in the study.

When he came out, he was all smiles, as if victory was ahead.

Then, without going through Su Qi and Du Yan, she directly contacted the media platform and got a person's phone number.

After the phone call, the other party picked up sleepily, with a hoarse voice:

"Who is it?"

Su Nan smiled and said in a gentle voice:

"Hello, is it 'the omniscient Dr. Qiu'? I'm the Su Group. Su Nan." The

other party was silent for a few minutes, as if shocked, but he didn't expect Su Nan to call him in person.

He woke up immediately.

"you you you....."

He is her number one black fan. He took other people's money and vigorously spread rumors to Su Nan

.

He was extremely guilty, because there were many colleagues who were imprisoned because of rumors.

But the money the other party gave was too tempting.

Su Nan smiled, "Don't be nervous, if I want to call the police, I won't contact you in person. There is a small matter, please help. After the matter is completed, I will pay you ten times the salary and introduce you to the work of Hailang We Media. ,How about it?"

...

Chapter seven hundred and eighty fall down

Chapter

780 Falling Down Su Nan's arrangements were very thoughtful. Even if he couldn't get along in this industry because he betrayed others, he could go to a similar industry with the money.

Hailang We Media is the most famous We Media platform in the industry, and it is also the media platform where he is often active online.

A wild big V like him never even dreamed of this opportunity.

The man hesitated, controlling that he hadn't been knocked out by the pie falling from the sky.

"What if you lied to me?"

Su Nan smiled, "Are you at home? In five minutes, Hailang's employment contract will be delivered to your home.

If you don't believe me, I can Let the lawyer draw up a contract, give you the money, and you will do things for me, and I will not hold you accountable for lying about me before.

To be honest, with this amount of money, I still need to lie to you?"

In the eyes of others, that is A huge amount of pie from the sky.

In the eyes of people like Su Nan, this amount of money is just a fraction of the money spilled out of the cracks of the fingers.

Did she even need to call and lie to him in person?

The man didn't hesitate, "Okay, I promise!"

Su Nan smiled and said gently:

“Then please, the number is my WeChat ID, you can add me, please send me a copy, I’ll keep it.”

After that, she said goodbye gently.

“Omniscient Dr. Qiu”: “...”

He had never been so excited in his life, the woman he was black, spoke softly and softly, like a clear spring, without any anger at all, Tolerance allows you to trust unconditionally.

What a shame!

Immediately, he added WeChat and sent everything she wanted.

By the way, he also edited a very guilty apology letter:

Dear Miss Su:

Thank you for giving me this opportunity, I will definitely make up for it, and you can tell me if you need anything!

Qiu Sheng

and Su Nan replied: “Thank you”.

The housekeeper said that Fu Yechuan had not left yet.

Oh, wait for her to drive him away in person?

But she didn’t want to see him!

Su Qifei wanted to pull her out to get some sunshine, and pushed her into the yard to smell the flowers.

Su Nan looked at him speechlessly. He was sitting on the swing by himself and was very happy. He clearly lacked someone to chat with him!

The third brother is a real dog!

But the air outside is really good, and there are a few plum blossoms in the yard, which are also blooming beautifully, and the fragrance is tranquil and pleasant.

She looked up and squinted, the weather was just right.

“Little Si, do you want to come up and play on the swing? I’ll carry you up...”

Su Nan gave him a naive look.

“No, I’ll go ahead and take a look.”

After she said that, she pressed a button, and the wheelchair moved by itself, backed up, turned around, and then moved forward, all in one go.

The path in front of me is a small gravel road paved with cobblestones, and I usually don’t feel anything.

But now sitting in a wheelchair is a bit inconvenient.

She was a little upset when she was bumpy. Although she didn’t have to exert herself, it was also inconvenient.

It rained last night, and there was still rain on the stones. It is not easy to evaporate in winter, and even some ice.

The road was a little slippery, so Su Nan was extra careful.

But accidentally, the wheel of the wheelchair suddenly got stuck. She pressed the button to speed up, but she didn’t move.

Su Nan raised her head, the housekeeper and servants were all busy in front of them, I’m afraid they won’t notice it for a while.

Suddenly, the wheelchair moved.

She moved her position, and before she could sit firmly, she felt the wheelchair fall straight to the side.

She couldn’t control the balance at all.

In addition to being frightened, the whole body tilted down with the wheelchair...
