Chapter seven hundred and ninety first called parents

Chapter 791

Instead of struggling like this, the called parent might as well withdraw his hand so that the other party can't catch any excuses for killing them.

Moreover, the public relations practices of the Fu Group were indeed unexpected. They even started to promote advertisements for the Su Group?

This kind of low profile has completely gathered those who were watching the fun.

Haha...

Su Qi didn't quite understand that Su Nan was indifferent to the overwhelming reaction of the Fu Group.

Just indifferently instructing people to prepare sufficient inventory.

"It's over like this? Fu Yechuan's group is so black, can you swallow this breath?"

Su Nan smiled lightly, looked up at Su Qi, "I can swallow it... .."

Su Qi looked disgusted, "Women's positions are really fickle, you used to hate your teeth so much, why did you smile so brightly in a blink of an eye?"

He also hoped to see Fu Yechuan's unfortunate appearance, it is best to let him Here he is on his knees begging for mercy.

That scene, he had to post it to the circle of friends for everyone to see, this Fu Gou deserved it!

Su Nan hooked her lips, her delicate eyebrows were lowered, and her tone was calm and light:

"I just estimated that the Fu Group has evaporated at least 70 billion, and the rise in our stock and business profits, at least They have made a profit of 200 billion.

The Fu Group has suffered such a loss, and they have to swallow it. What is my grievance? What's

more, it was originally aimed at Shang Qian, so we can be regarded as a fisherman's profit!"

After all, Shang Qian Because Qian has always been low-key, his assets are mainly concentrated in country M, so this wave of benefits did not spread to him.

Apart from being slandered, I got nothing!

Su Qi twitched the corners of his mouth, so his sister compromised for 200 billion?

He couldn't see the wonderful pictures he wanted to see...

Su Nan's eyes rolled, how could she not know that Fu Yechuan's series of sassy operations on the Internet were just miserable and cute?

There has never been such a past in public relations cases in shopping malls.

This must not be the method he came up with, it is probably the idea of the big cousin Wu Tutu beside him.

While the two were talking, the housekeeper came in from outside.

"Miss, President Shang came to see you..."

Su Nan curled his lips and smiled, "Okay, let him come in."

"Yes..."

Su Qi thought thoughtfully: "Mr. Shang is diligent enough, did he want to come here on purpose?"

Su Nan rolled his eyes at him, "Ask him?"

Su Qi immediately refused, "No, do you want my father to kill me?"

Su Nan lightly snorted, out of breath!

When Shang Qian walked in, the weather outside suddenly rained, and the gloomy dark clouds were densely covered.

He walked with a faint smile, as gentle as jade, but it seemed as if he had torn a hole in the dark cloudy sky, and the light poured down, and he walked from the light, quietly eye-catching.

The moment Su Nan raised his head, he was slightly startled.

Shang Qian: "Excuse me, Su Nan, are you feeling better today?"

Although she doesn't live in the hospital, the doctors at the hospital come to check on her every day, and the nutritious meals are extraordinarily rich, so Su Nan is not worried at all. own physical condition.

"Very good, President Shang, my father will come back from fishing in a while, let's stay for dinner..."

Shang Qian's profile is very three-dimensional, his cheeks are clear and clean, he smiled:

"No, I'll leave after a look at you. There are some trivial matters in country M that need to be dealt with."

Su Nan frowned, and Su Qi opened his mouth and asked,

"You still have to go over the trivial matters in person?"

Shang Qian paused, he really couldn't hide it. Stopped and smiled, "Little Mike was fighting with others at school. The teacher asked the parents to go there. He found three different people to disguise and was seen..."

...

Chapter seven hundred and ninety second I really want to strangle you

Chapter 792 I really want to strangle you

Su Nan and Su Qi slightly startled.

This is really what little Mike can do!

Su Nan pursed his lips, "That can't be delayed, little Mike is in a panic, is he on the plane tonight?"

Shang Qian nodded, raised his hand and looked at his watch.

"Yes, I'll leave right away. You must call me if you have anything."

Su Nan nodded, and Shang Qian said a few more words. After saying goodbye to Su Qi, he left in a hurry.

The matter of Fu Yingying did not have any substantive side effects on Shang Qian, so he didn't care about the Fu Group's reaction at all.

Su Nan is happy!

Fu Yechuan called her, but Su Nan still didn't answer, and the message he sent was like a sinking stone.

Her estranged attitude speaks volumes.

After a few days, Fu Yechuan couldn't bear it any longer and ran directly to Su's house.

In the end, the old housekeeper told him simply: "Our lady went to S City!"

She went to the place that almost killed her?

Fu Yechuan's heart sank fiercely, and his mood immediately became gloomy.

in the car.

Wu Tutu looked at him tremblingly, "Mr. Fu, calm down, Miss Su doesn't necessarily want to see you now..."

Hearing what he said, Fu Yechuan felt even more depressed and his eyes darkened.

"She never wanted to see me on her own initiative!"

Wu Tutu pursed her lips, "Distance creates beauty. When Miss Su calms down, she might be better when she comes back."

Fu Yechuan glanced at him lightly, his face The last one was indifferent.

If it wasn't for his bad idea, and he tried to suppress it with the public relations department, he would have thrown this dead fat man into the Seine to feed the fish!

"Is there any movement in the old man's place?"

Wu Tutu then remembered that he is not just a chorus, he is almost competent for Chen Mian's work.

"Yes, Chen Mian said that the old man has been in frequent contact with other side members of the Fu family during this time. Because you didn't forbid anyone to see him, the bodyguards didn't stop him."

Wu Tutu's heart was complicated, but he didn't expect the struggle within the giants to be so complicated, even the closest people can't believe it.

It's not easy for Mr. Fu...

Fu Yechuan calmly took out his mobile phone and glanced at it, and instructed the driver: "Go to S city."

As soon as he heard that he went to S city, Wu Tutu knew that he was going to find Su Nan.

He was worried about him.

"Mr. Fu, the old man is still there..."

People are busy preparing to stumble him. Fu Yechuan is like a normal person. Is this really good?

Fu Yechuan said indifferently, "Don't worry about it, let them do it, but I want to see how much the old

man can do now." The Fu Group has changed a long time ago. When you cover the sky with one hand?

Exactly, he hooked up all the people on his line, and then wiped them all out!

The driver turned around without hesitation and went directly to S City.

Su Nan didn't intend to come in person, but the project in City S is already on the line, and reporters are gathered at the construction site, but if something goes wrong, the project will die.

Although Chen Jian has been well prepared and works prudently, he is old and lacks adaptability.

As the critical moment approached, he went to the hospital nervously.

When Su Nan heard the news, he almost laughed angrily.

The Su Group has already invested a lot of money in it, so it can't just go to waste.

Uneasy, she came over in person.

Chen Jian's face was not very good-looking, but he looked pitiful. Hearing the news that Su Nan was coming to S City, he had to follow whatever he said.

The layout outside is almost the same. Su Nan sat in the car and looked at Chen Jian.

She said with a touch of coldness, "I really want to strangle you!"

...

Chapter seven hundred and ninety third she received the money

Chapter 793 She took the money and

Chen Jian buried his head even lower, "I want to strangle myself too, Mr. Su, blame me for falling off the chain!"

Su Nan turned his head away, heaved a sigh of relief, forget it!

The next director of the project department must choose a healthy one!

The press conference this time was arranged in the project site. The building, which had been built several times and never stood up, had its walls half-standing.

After such a scene is arranged, it has a simple industrial style.

The press conference begins.

Su Nan was among a group of staff, and no one noticed her existence.

Chen Jian sat down at the front and began to introduce the development process and prospects of

this project... After many twists and turns, this project finally fell into the hands of the Su Group, which involved the overall development plan of the city of S. Everyone extra attention.

When it comes to the reporter's question:

"Manager Chen, I heard that the old employees of Zhicheng went to the company to make trouble. Is it related to this project? Su's acquisition of Zhicheng, is the treatment of the old employees the same as before?"

Chen Jian's performance gradually He relaxes: "Of course it's different. You must know that Zhicheng Company owes the salary of the old employees for nearly a year. After our Su Company bought it, we will pay for the money we owe. If it is the same, they are still hungry!"

Everyone smiled, and the next one said,

"The senior management of Zhicheng Company were all sent to the police station. I heard that it was because of a commercial crime. Is the evidence provided by the Su Group? Have you been convicted?"

Chen Jian: "The Su Group It has been nearly two months since we arrived here, and we will contact Zhicheng Company and relevant departments if we find anything wrong

during the acquisition process. For questions about commercial crimes, please consult the court and the procuratorate...”

...

Su Nan breathed a sigh of relief below, Chen Jian’s performance was still remarkable, and he didn’t lose the chain.

Next, is a heavyweight appearance.

The murderer’s wife.

Everyone didn’t know her, but the host introduced her situation, and everyone’s eyes shone brightly like a hungry wolf saw food.

According to the plan set in advance, the murderer’s wife confesses all the crimes she has committed on behalf of the murderer and apologizes in the name of her family, then all medical expenses for her daughter who has cancer will be waived.

She did as promised, and it seemed that everything was going well. Although she was miserable, she was not worthy of sympathy.

Yu Lou, who followed Su Nan, lowered his head and asked her in a low voice,

“Mr. Su, there will be chaos after the people are scattered. Let’s go first?”

Su Nan paused, frowning slightly, “Wait... “

She always has a strange kind of worry in her heart, as if she shouldn’t be so calm...

The woman on the stage finished those words with tears in her eyes, and then thanked Su for her understanding. Chen Jian was about to announce his retirement. Suddenly, someone from the reporters shouted loudly:

“This woman has collected money, her husband is about to be sentenced to death, and she also speaks for the Su Group. How much benefit did they give you...”

For a moment.

The atmosphere on the field instantly became subtle, and many people were lowering their heads and whispering.

The man among the reporters shouted that, disrupting all the atmosphere that had been set up ahead.

On the contrary, what kind of deal this woman had privately with the Su Group was even more attractive.

“Our President Su almost died, you questioned our intentions so much?”

Chen Jianqi’s face turned pale.

“Isn’t Mr. Su fine? But this woman’s husband is dying. Who knows if you planned it long ago. It’s not easy to plead guilty, just spend money...”

...

Chapter seven hundred and ninety fourth chaotic situation

Chapter Seven hundred and ninety-four The chaotic situation

The person who spoke in the crowd was a thin man with a peaked cap, who looked like a local person.

Although he was inconspicuous standing there, his aura was completely inconsistent with those of the gentle reporters.

Su Nan retracted his gaze, and whispered to Yu Lou:

“Please go out with the man who spoke, control it, and turn it over to the police.”

He must not be a reporter, the one who came to make trouble, 80% of the time has nothing to do with Zhang Licheng’s people.

Yu Lou hesitated, “But as soon as I leave, you are here...”

No one will protect her. Su Nan pursed

her lips, “It doesn’t matter, no one notices me here, you hurry up and come back.” Yu Lou nodded, but still listened to her words and went out. After all, in this environment, calling someone will attract everyone’s attention. “Say, how much did you charge to sell your husband...” The people below were still clamoring, agitating everyone’s emotions. The woman on the stage obviously did not expect this accident. She can stand up and say these words, and countless people have come to her door to analyze the pros and cons. She did it for the sake of her daughter. When asked in public, he was instantly confused. In less than a minute, the atmosphere instantly became tense. I don’t know if he has any helpers, but there are people in the crowd responding to his words. Su Nan couldn’t help frowning, and subconsciously turned his head to look at the reporters carefully.

The next second, the man in the peaked cap suddenly threw a mineral water bottle on the woman and smashed it hard.

“Did you collude to frame people, give us an explanation!”

... The

scene was uncontrollable for a moment, and there was an uproar.

Su Nan’s face changed slightly, and just as he was about to speak, he heard someone shouting,

“Su Nan is there, let’s ask her—”

Su Nan didn’t have time to do anything, and suddenly a mineral water bottle flew over in front of her, and she sat down. In a wheelchair, there is no way to hide.

Damn, I knew I wouldn’t let Yu Lou go!

Seeing that the bottle was about to be thrown on her head, she really clenched her teeth secretly, this S city is 80% compatible with her eight characters!

At the critical moment, her eyes suddenly turned black, as if someone was covering her face with her body.

The bottle was thrown on the man’s back and dropped to the ground.

When everyone saw the person coming, they fell silent for a moment.

Su Nan raised his head and looked at Fu Yechuan, his face was obviously shocked.

How could Fu Yechuan come?

He was wearing a black shirt, the hem was loosely tucked into the black trousers, the diamonds on the cuffs shone with a cold and sharp luster, aloof and stern, dark eyes were cold, and there was no excess emotion on his face.

She and Fu Yechuan looked at each other, the dark eyes under the thick eyelashes were like an unfathomable pool.

Noble and cold, like Shura in hell.

She was stunned for a moment, and just as she was about to speak, he withdrew his gaze and turned around.

The voice sounded coldly: “Bring people in!”

As soon as the two middle-aged women and a young girl came in, their eyes turned red.

They looked at the wife of the murderer on stage, and their eyes were full of anger and hatred.

But looking at the man wearing a peaked cap in the group of reporters, he couldn't help but stretch out his hand:

"It's you, you are Zhang Licheng's brother-in-law, it's you who came forward for Zhang Licheng and bribed the murderer to work on the construction site, causing harm Dead man.

I know you, and you threatened us with 20,000 yuan to shut us up, you are nothing!"

In one sentence, it was like a boulder was thrown into the pond, setting off a huge wave!

...

Chapter seven hundred and ninety fifth how do you get off

Chapter 795 How do you get out of the car

The man in the peaked cap looked flustered: "You are talking nonsense..." The young girl just entered junior high school, she stepped forward.

Her emotions were the most restrained, but her voice couldn't help trembling.

She pointed to the man and said in front of the reporter:

"It's him, he's not a good person. In order to prevent the project from going on, he kills one person every year and pretends to be an accident.

It's just because my father came to work as a foreigner. I don't know where I live and have no relative background, so he will let my dad die!"

The restlessness among the reporters instantly made the person wearing the peaked cap nervous, and several of his accomplices wanted to withdraw after seeing the bad situation.

But before people could go out, they were blocked by Yu Lou and others...

Although this press conference was very twists and turns, it was also wonderful.

Those reporters were still paying attention to the accusations of the three victims' families, but they didn't notice for a while, Fu Yechuan had already bent down and hugged Su Nan, and left from the side.

By the time everyone reacted, there was no one there...

Su Nan was buried in his arms, smelling the quiet and low aroma on his body, very uncomfortable.

She wanted to shout, but there were reporters inside, and she couldn't bear the consequences.

As soon as she went out, she couldn't help but wriggled to get down.

"Let go of me, Fu Yechuan!"

Fu Yechuan's arms were strong and powerful, and his face was gloomy and a little ugly.

"Don't move."

These days, he's going crazy.

His calls and messages went unanswered, and he knew she was still angry.

So here he is.

Seeing the scene just now, he was going crazy. What if the bottle of water hit her?

There was a black Range Rover car parked in front of the door.

He approached, bent over, and put her in, as softly as he was holding a ball of feathers.

Su Nan was still angry with Fu Yechuan. As soon as he approached, she felt as if she was blown away.

"Go away, I want to get out of the car."

Hearing this, Fu Yechuan paused slightly, and a playful smile suddenly appeared on his dark face.

"How did you get out of the car?"

Her right leg was fractured, and walking two steps could hurt her to death!

Su Nan was even more angry.

He did it on purpose!

This dog man is taking advantage of the fire!

He just saved her, but she didn't have the slightest gratitude in her subconscious.

Because she felt from the bottom of her heart: he is not worthy!

Taking advantage of her choking, Fu Yechuan pushed her in and sat down beside her with ease.

When he turned to close the car door, Su Nan suddenly found that his shirt was wet against his back.

The bottle of water should not be screwed tightly, and when it hit him, it was thrown on his clothes.

A hint of complexity flashed in Su Nan's eyes.

Just as he was about to speak, he heard Wu Tutu in front of him speak cautiously:

"Miss Su, long time no see..."

He didn't have the face to see her anymore. If Su Nan knew, he came up with the bad idea. She will never let him go!

Wu Tutu is looking forward to it now, but Fu Yechuan must not betray him!

When Su Nan heard the movement, he realized that there were actually two people in front of him.

The driver and Wu Tutu!

For a moment, her expression was a little unnatural.

"Big cousin is there too?"

"If you feel it's inconvenient, I can go down..."

Wu Tutu smiled, he didn't expect such a strong President Fu to use such a strong method to kidnap people. Come on, Miss Su is not crazy at all?

It seems that President Fu knows Miss Su best!

Su Nan's face froze, and he snorted coldly, "No need."

Fu Yechuan sat there lazily, his eyes slowly glanced in front of him, and his voice was cold and indifferent.

“What are you still doing, let’s go...”

The driver was stunned for a moment and started the car quickly.

Su Nan frowned, “Where are we going? My people are still inside, I want to go down!”

Fu Yechuan’s cold and fair face had a hint of ridicule.

“Your people? When there is danger, your people can’t even see a person. It’s better than me...”

Su Nan’s eyes flashed slightly, and his lips pursed:

“The three victims’ families, you brought them Are you here?”

Before Fu Yechuan could answer, Wu Tutu said with relish:

“Yes, Miss Su, Mr. Fu really cares about you. I heard that you came to this ghost place again, and he let go of the company so much. No matter what happened, he came here because he was worried about your safety. He was talking about your name all the way.

Hey, we were very moved when we saw it. Where can I find such a good man?

... “

Wu Tutu originally said it was reliable, but the further back he went, the more he went astray.

He didn’t notice Fu Yechuan’s indifferent gaze that he wanted to kill, and Su Nan’s increasingly playful smile.

Until Fu Yechuan coughed heavily, interrupting his endless boasting.

“You’re the only one who has a mouth?”

Wu Tutu shuddered, finished, said too much!

He laughed more ugly than crying, “Everyone has it...”

Su Nan hooked his lips, and there was a trace of unnaturalness in the bottom of his eyes.

“Anyway, thank you very much.”

Fu Yechuan turned his head to look at her with a cold air. His facial features were cold and handsome, and there was a faint coldness in his thin lips.

In Su Nan’s view, it is extremely contrived!

“Just a thank you?”

Oh, it’s really contrived!

Su Nan calmly said, “You owe me, this thank you word is unnecessary.”

Sure enough, Fu Yechuan’s expression changed slightly in an instant.

The momentum suddenly dropped a bit.

Well done Fu Yingying!

He adjusted his sitting position and said carefully: “Then... it’s even, okay?”

In that tone, there was a humble and pitiful tone.

Wu Tutu felt sorry for Fu Yechuan from the bottom of his heart.

Su Nan: “...”

Her cell phone was on the building, so she couldn’t even make a phone call.

She was gone, and Yu Lou was in a panic.

Thinking of this, she frowned and stretched out her hand. The lines of her fingers were delicate and beautiful, like works of art:

“Lend me the phone to use it.”

Fu Yechuan simply refused.

“No.”

Oh, tough!

She didn't retract her hand, she froze, looking at him coldly.

After a few seconds of silence, Fu Yechuan's face moved slightly, and he sighed.

Just when Su Nan thought he had compromised.

The next second, he put his big hand on it.

Wu Tutu's face twitched slightly when he saw this scene from the rearview mirror.

Mr. Fu is very good...

The atmosphere in the car also stiffened for a moment.

She silently wanted to withdraw her hand, but he grabbed it instantly.

The skin is really thicker than the city wall!

His fingers were slender, with well-defined joints, and the temperature was scorching hot. He held her slightly cold hand and reluctantly released it.

There was also the single thesingle on his ring finger, flashing with a cold light.

The emotion that was suppressed in his heart suddenly burst out in an instant, and his sharp black eyes looked straight at Su Nan.

“I'm sorry...”

His voice was low and hoarse.

Thousands of words have become these three words.

Obviously he never wanted to hurt her, obviously he wanted to protect her so much.

But someone still threw the knife at her with his hand.

That late guilt was more unbearable than hurting himself.

So he didn't get the PR department to act in the first place.

He has to let Su Nan let out this breath!

...

Chapter seven hundred and ninety seventh can take revenge on me

Chapter 797 Can Revenge Me

Su Nan was distracted by the deep affection in his eyes, stunned for a moment, and immediately returned to his indifferent expression.

She pulled her hand back forcefully, took a tissue from the paper box beside her, and wiped her fingers slowly.

Fu Yechuan's black eyes sank, his eyelashes drooped, and the arc-shaped shadow covered his inner loss.

"Not everything can be solved with sorry, Fu Yechuan, think about it, how much have you said sorry to me since we realized it?"

Su Nan's words pierced into Fu Yechuan's heart like a knife.

His body froze fiercely, his face tense and ugly.

He didn't know what to say to justify himself.

In her heart, he is a life sentence!

What qualifications do you have to negotiate terms with her on an equal footing?

The atmosphere in the car froze for a moment.

In front of Wu Tutu, I couldn't help it. For the happiness of President Fu, I should admit it...

"Miss Su, actually..."

He gritted his teeth, "Actually, on the Internet I did the attack on President Shang."

Su Nan raised his head with condensed eyes, but there was no trace of warmth on his face.

"Actually, it was my idea. I misunderstood President Shang. Someone told me some bad things about President Shang, and I believed it.

President Fu was afraid that you would be hurt, so I sent it directly without understanding and agreeing. On the Internet, the latter is not our original intention, Miss Fu and Mr. Fu joined forces to deceive President Fu..."

Wu Tutu explained while thinking, of course, he beautified this excuse.

Of course, you can't directly say that those black materials are all found by private investigators, otherwise it will add fuel to the fire!

Su Nan's tone was awe-inspiring, "Did he mess with you?"

Wu Tutu denied it immediately, "No..."

Su Nan moved back a little, her thin back was straight, her eyebrows were beautiful, her lips were bright, and she was indifferent. estranged.

"Mr. Fu's black history is much more than that of Shang Qian, but they don't have the dirty tricks like yours, and they don't use black materials to talk about things. Just this, they are more magnanimous!"

Shisang cursed Huai!

Wu Tutu's face was ugly and embarrassing. He belonged to Fu Yechuan, so he naturally spoke and acted from Fu Yechuan's standpoint.

Su Nan's words make sense, but he... can't listen!

Fu Yechuan's black eyes were calm and calm, as if the emotional turmoil at that moment had never been lifted.

He turned his head and looked directly at Su Nan, his dark eyes were gloomy.

Suddenly, he approached her, and her long legs took up most of the space, and she ducked back subconsciously.

But he just pulled up the hand she had just taken away with a strong and unquestionable force, kneaded it in the palm of his hand, and competed secretly.

His voice was very deep, but with inexplicable sternness:

"You can vent your anger, you can take revenge on me, you can do whatever you want.

But don't mention Shang Qian, he deserves it, I didn't kill him, he was lucky. There was an inherent domineering and coldness in

his tone.

When the name Shang Qian is mentioned, he will have the urge to kill.

Wanting him to bow his head to Shang Qian and admit his mistake is simply a pipe dream!

He can only bow his head to one person, and that is Su Nan!

After speaking, he turned around, crossed his long legs, leaned back in the seat lazily, and closed his eyes silently.

She held her delicate and soft hand tightly in her hand, and she was reluctant to let go!

Su Nan struggled, but did not break free, she was speechless by what he said just now.

How thick-skinned does this dog have to say such rude words!

The car was driving at a high speed, and it looked like it was going to the high speed.

She is in a hurry...

Chapter 798 The wrong name was called,

but Su Nan really didn't want to talk to this Fu Gou again.

She raised her eyes and met the gaze of Wu Tutu who was secretly looking back.

Before Wu Tutu looked away, Su Nan spoke up.

"Big cousin, give me your phone and let you go this time."

In the end, he was targeting Shang Qian, not Su Nan.

Her own vengeance, her own vengeance.

Shang Qian saved her life, but she won't turn against the Fu Group for him, because behind her is the entire Su family.

Wu Tutu hesitated to hand over his mobile phone.

Fu Yechuan warned him from behind: "You give one a try?"

Su Nan was confused.

“Fu Yechuan, do you think you took me away when they didn’t know? My people will be found soon.”

Fu Yechuan opened his eyes slightly.

The eyes were dark and deep, and there was a gloom in them.

“Is it so unbearable for you to stay with me?”

Su Nan laughed angrily: “If it were you, would you be happy with it?”

Fu Yechuan thought for a few seconds: “I will... ..”

Su Nan: “..”

Forget it, she doesn’t want to talk to non-human beings!

She leaned back angrily, and if she had the ability, she would be mad at her!

This dog man, can’t let him go!

After the man finished speaking, he closed his eyes again and went to sleep.

The car finally returned to quiet.

The car was driving smoothly, and Su Nan even felt sleepy.

She knew it was dangerous, but she still fell asleep.

After breathing steadily, the man next to him opened his eyes.

He looked sideways, the hand that held her in his hand loosened, and she didn’t move.

Apparently, he was really asleep.

Fu Yechuan looked nostalgically on her face, how good it would be if she didn’t fight him tit for tat, if she had half the patience of Shang Qian for him...

He picked up the blanket next to him and covered it gently. on her.

Her eyes touched her right leg, her eyes shrank fiercely, she was really distressed.

He gave Wu Tutu a wink, and Wu Tutu immediately understood.

I found the phone number of Yu Lou, Su Nan’s assistant, and sent a message:

“Mr. Fu will send Mr. Su back.”

There is no extra word.

Originally, Fu Yechuan didn't even want to say anything. He didn't like Yu Lou, and he followed Su Nan all day long. What if he was thinking?

Wu Tutu suggested that he was worried that this matter would spread to the Su family, it would not sound good, and his impression was completely gone, so he said reluctantly.

A two-hour drive, it took an hour and a half to arrive.

This made Fu Yechuan very dissatisfied, and looked at the driver with a bit of coldness.

The driver didn't know what he did wrong, so embarrassed he didn't dare to look back.

Su Nan hadn't woken up yet, and under Wu Tutu's signal, their car circled around the city.

Less than twenty minutes.

Their car was stopped.

Several luxury cars blocked his car at the intersection. From a distance, the scene was serious and spectacular.

Fu Yechuan's eyes twitched, and he looked very dissatisfied.

Wu Tutu was extremely nervous, “President Fu, this...”

His voice made Su Nan sleep, and Fu Yechuan glared at him fiercely.

The curtains inside the car were drawn, and it was pitch black inside.

Su Nan woke up faintly, squinted his eyes, couldn't see anything clearly, his mind was chaotic, and he was very confused.

Fu Yechuan touched her hand, and his tone was gentle and indulgent, as if the quarrel before going to sleep did not exist.

“Are you awake?”

The voice was gentle and smooth, somewhat familiar...

“Shang Qian?”

She blurted out subconsciously.

For a while, the temperature inside the car dropped suddenly.

Then I pressed the button, the curtain opened automatically, and the sunlight outside the window was bright and dazzling, and the light came in instantly.

Su Nan closed her eyes subconsciously, and the memories before going to sleep poured into her mind like a flood.

Oh, this is in Fu Yechuan's car...

He raised his head again and saw Fu Yechuan's dark and calm face, his emotions seemed to suppress his anger, and he gave her a deep look.

Then the action simply opened the door and got out of the car.

The person in the other party's car also got down, it was from the Su family.

Fu Yechuan tidied up his clothes and nodded slightly.

"Big brother..."

Su Jin twitched the corners of his mouth: "..."

His face was not very good-looking at first, so Su Nan went to S city privately without even saying hello.

By the time he knew it, it was too late.

When he was going to bring the person back, he heard that the person was taken away by Fu Yechuan!

It doesn't matter if you take it away, you still lose contact!

The people of the Su family used a lot of personal connections, and their talents were accurately located in this place because of the lack of monitoring on the highway and urban road detection.

Fu Yechuan was actually circling the city center?

Is the brain sick?

“Mr. Fu is very laid-back. I don’t care about the little things on the Internet at all...”

Su Jin said indifferently, his voice deep.

Fu Yechuan ignored his indifference and smiled politely.

Among the brothers in the Su family, only Su Jin has the closest personality to him.

He is respectful.

Of course, he respects him more as Su Nan’s eldest brother!

“Things have already happened, apart from taking precautions, I’m afraid I can’t do it again, but it has caused a lot of trouble for the eldest brother...”

“

“Mr. Fu, if you really don’t want to cause trouble for others, stay away from my sister. Your Fu family is haunted, isn’t it bad enough to hurt her?”

” Le, I am quite satisfied with my methods and results.

He would never give up so easily.

Fu Yingying will definitely not be sent abroad as simple as that!

Fu Yechuan said calmly, “I will come to visit you another day and make a special trip to apologize.” Su Jin

: “You don’t have to visit, our family will be grateful to you.” The atmosphere was stagnant for a while. Afterwards, Su Nan couldn’t help sticking his head out, his tone soft and lazy. “Brother, hold me...” Fu Yechuan turned his head, Su Nan had already stretched out his arms towards Su Jin. Su Jin’s face changed instantly, walked over gently, bent over, and carried her out of the car. She was not bullied, her face was rosy and shiny, and Su Jin’s mood eased a little. Fu Yechuan saw that Su Nan had completely different attitudes towards him and Su Jin, which were completely different, and his heart suddenly felt uneasy. He tried his best to comfort himself, that’s brother-in-

law, don't be jealous! Don't be jealous! not angry! When Su Jin passed by Fu Yechuan and left, Fu Yechuan did not stop him. He originally wanted to bring her back.

Confinement in one's own world is not impossible, but unrealistic.

He hopes that one day she can stand upright and stand side by side with him, they love and cherish each other, and this kind of relationship will last long.

He had already got it, and he wanted to get it again.

"Su Nan..."

He suddenly stopped her, not wanting to see her leave proudly.

Su Jin paused slightly, but did not look back.

But Su Nan, who was in his arms, turned his head to look over, with sharp eyes.

Fu Yechuan pursed his lips, feeling a sense of loss in his heart.

Even if everyone heard that he was numb to death, he still wanted to say this.

His face was cold, his eyes were dark, he hesitated for a few seconds:

"With you, my heart can no longer hold others..."

Chapter 800 It's so moisturizing

Su Nan's face twisted, his eyes pierced like needles...

She wanted to curse!

Still want to vomit!

Su Jin was calm, snorted softly, ignored it, and walked forward.

Deliberately use other aspects to explain Fu Yechuan's sour words.

"He said you were fat..."

Su Nan reacted for a while before she realized it.

For a moment, she couldn't help but yelled,

"Fu Yechuan, your uncle!"

She could not wait to bite him twice, saying that she had gained weight, just like questioning a fashionista's taste and a woman's self-control.

Although she had a very nourishing life during this time, she did not go to the gym.

But everyone around her said she lost weight...

This dog, Fu Yechuan, is not only annoying, but also blind!

Fu Yechuan didn't hear Su Jin's words, and he didn't understand why Su Nan suddenly scolded him. He was so heartbroken that he couldn't speak.

He mustered up the courage to say Chi Guoguo's confession, how difficult it was for a domineering president...

The other party's cars quickly disappeared on the road.

Fu Yechuan was still standing there, looking a little hurt.

He was tall and straight, striking.

Wu Tutu coughed, "Mr. Fu, shall we get in the car?"

Fu Yechuan got into the car with a heavy expression, and everyone breathed a sigh of relief.

"Why is she angry again?"

Needless to say, this was asking Wu Tutu.

Wu Tutu suddenly became more energetic, "Miss Su...maybe she has endured all the way."

She wanted to scold you from the very beginning...

Fu Yechuan was choked up and his eyes were cold. swept over him.

Wu Tutu shuddered, "It's also possible that I was moved by your true confession... Silly?"

Fu Yechuan looked at Wu Tutu like an idiot.

“Do you think I look like a fool?”

His voice was cold and rough.

Wu Tutu said in seconds:

“You don’t talk too much sweet words, Miss Su is not used to it for a while, you have to show more performance and talk more, and she will adapt.

In this regard, we can’t let the hypocrite of Shang Qian steal it. First!”

Shang Qian looked like a lotus flower.

Speaking of rhetoric, Mr. Fu has to suffer...

The car fell silent.

Fu Yechuan squinted his eyes and thought, Wu Tutu breathed a sigh of relief, it seemed that Fu always listened to his words.

Back at the Fu Group, Fu Yechuan went directly to the office.

Chen Mian stopped Wu Tutu.

“Big cousin, someone has been inquiring about Fu’s public relations plan these days. Half of the credit last time is yours. You won’t betray President Fu and quit your job, right?”

This kind of thing abounds in the industry.

Public relations are particularly important. It can turn the dead into the living and kill the living.

If people in the industry knew about Wu Tutu, they would all be scrambling to poach people.

As Fu Yechuan’s great secret, Chen Mian has the responsibility to watch everyone’s thoughts for him.

Once someone leaves, look for a replacement in time to reduce the greatest loss!

Wu Tutu sighed, “My relationship with President Fu is so strong, nothing can change our relationship! President Fu’s trust in me has surpassed the relationship between superiors and subordinates. How could I change jobs?”

He The marriage agency has not yet opened...

It is better to be your own boss if you work for others!

After a pause, he looked solemn, muttered and added:

“For money, I won’t either.”

Who can be more generous than Fu Yechuan?

He stayed by Fu Yechuan’s side, and those who wanted to poach him were those who flattered him!

Under one person, above ten thousand people!

Suddenly, Wu Tutu was a little addicted to the position beside Fu Yechuan.

The sublime ensues...
