Chapter eight hundred and first pull him off the horse

Chapter 801 Pulled him off his horse

Chen Mian gave him a speechless look, forget it, he thought too much.

Wu Tutu doesn't have the ability to jump ship!

Mr. Fu seemed to be determined to change the dynasty. While using his original connections to win over old people, he also found those executives in the company who had been suppressed by Fu Yechuan.

Within a few days, the group formed a situation of turmoil.

Internally, employees are carefully maintaining their positions.

A person with status chooses the wrong one, and his life is over, and it is useless for a person without status to be on the wrong team.

After all, it's not helpful for small employees to be light-hearted.

But Fu Yechuan was completely indifferent to what Old Man Fu did, and many people came here to remind him to be careful.

He didn't take it to heart at all, he was very calm.

He didn't have any countermeasures, and everyone could only worry about him.

Fu Yechuan's ability and status are unshakable here. He brought the Fu Group from a dark and gray enterprise to the front of the world and competed for the top in the world.

This is not something that Mr. Fu's generation can do.

Especially inside and outside the company are the young people who were promoted by Fu Yechuan.

But the premise of working here is a fair environment.

Mr. Fu's generation is too humane, and even a relative who hasn't graduated from elementary school can come here as a senior executive. Who can take it?

Everyone who heard the news was worried about Fu Yechuan, but they didn't care about it at all.

Su Nan posted on a Moments, took a picture of her legs, and added, "Thank you for your concern, it's much better."

Probably because she cared too many people, she couldn't reply, so she replied directly in Moments.

She was able to walk on her own with a cane.

Fu Yechuan sat in the office, swiped his phone, and clicked in from her avatar. Except for this one, the rest were gone.

Oh, and only visible for three days!

This damn setup.

He irritably gave her a solemn thumbs up on her only post.

Then comment: "Whether your legs can get better or not, you are always the most beautiful!"

Wu Tutu once said that she should say more sweet words to let her adapt.

What he said was sincere, Su Nan must have been moved!

He didn't know, seeing this comment, Su Nan's face turned green.

That means, as if she has a terminal illness!

She couldn't help it, and replied in the circle of friends: "Fuck you!"

This dog man is so mad that he will not pay for his life!

After Fu Yechuan replied, he put down his phone with satisfaction and looked at Chen Mian and Wu Tutu in the office.

"What did you say?" I

just said so much Chen Mian: "..."

Wu Tutu looked at him pitifully and sympathetically, but Chen Mian smiled calmly, as if he was used to it.

He pushed up his glasses and kept a decent smile:

“Mr. Fu, Mr. Fu has called all the heads of each department. I heard that they met in private. According to your instructions, the video and audio are preserved. It ‘s over.”

Fu Yechuan’s face was clear and solemn, and he hooked his lips in disdain.

“What conditions did the old man give?”

He wanted to see how many things Mr. Fu had in his hands.

Chen Mian didn’t change his face: “A 20% salary increase, and an additional annual contribution. Mr. Fu’s request is that on his birthday, let them bring their employees and go on strike collectively!”

Fu Yechuan sneered, whimsical. !

...

Chapter 802 Your grandfather is too dark

Chapter 802 Your grandfather is too dark.

Mr. Fu only dares to make small moves within the Fu Group, but he doesn’t care about it at all.

Fu Yechuan knew that if the old man didn’t dare to make a big fuss about the matter, if he made a fuss to the media, Fu’s image and prestige would be lost!

But Fu Yechuan just likes to eat this way. If the trouble is too big for the media, his CEO will not be able to step down from the stage, and it will be a headache for him.

Wu Tutu is worried, what should I do if President Fu is pulled from the horse...

“President Fu, we should have made preparations earlier, isn’t the old man your grandfather? He is too dark, how can you cooperate with outsiders to find you? Trouble? Is he confused...”

Fu Yechuan said with a sullen face, and Chen Mian coughed heavily beside him.

Interrupted Wu Tutu’s incessant provocation.

“Chairman Fu was also the chairman of the Fu Group before signing.” He emphasized.

This is Chen Mian’s prudence. Before anything is settled, he can’t take it lightly.

Even after the dust settles, variables often occur.

He has been by Fu Yechuan's side for so many years, and he has never implicated Fu Yechuan because of his negligence. The first secret of the Fu Group was not blown out.

Wu Tutu didn't understand this, but felt that the giants were too complicated, and it was not easy for Fu Yechuan to be in this position.

It is not easy to make money anywhere, and it is even more difficult to be the president!

Fu Yechuan's slender fingers tapped on the table and pondered for a moment:

"Do the people who deliver the documents still go every day?"

Chen Mian nodded, "Yes, the old man was very angry at first and scolded with his nose, but then he just tore the documents, emotional It looks stable."

"Oh, stable?" Fu Yechuan didn't believe it at all.

How can the cunning and cunning old master Fu be emotionally stable?

As Chen Mian was talking, the phone suddenly rang, he looked at it, his eyes were calm.

"Mr. Fu, Fu Yanni is here, and it's already at the door..."

No one dared to stop Mr. Fu. With his rampant temper, whoever provokes will be unlucky!

Fu Yechuan looked at the door with deep eyes, and in the next second, Fu Yanni broke in!

"Second uncle, I'm here to see you!"

Wu Tutu looked at the little prince of variety show in shock, but he had to look at him every time he ate!

It's delicious!

Fu Yanni and Fu Yechuan are uncles and nephews, but they only have one thing in common, that is, they look good!

It's just that Fu Yanni's good-looking is purely good-looking. He has clean sunshine in his bones, which makes people like it easily.

As for Fu Yechuan's good looks, it is amazing at first glance, his aura and bone appearance are unparalleled and aloof.

Fu Yechuan's aura was there, and he glanced at him with cold eyes. Fu Yanni ran over and sat in front of him as if he couldn't understand his expression.

"Yo, can you still sit still? I thought Su Su was ill and you had to take care of her by the side. Could it be that she doesn't want to see second uncle you?"

Fu Yechuan's face turned even darker due to this rude expression and tone.

He sneered with dark eyes, "You can't hold back the fact that you followed the woman from the crew into the hotel to be filmed?"

Fu Yanni's face froze slightly, he shook his shoulders, and acted like a spoiled child: "Second uncle... ."

Everyone looked at this scene in shock.

Fu Yanni spread his hands, "Leng Lin and I are in a normal relationship. The man is not married and the woman is not married, so what?"

Wu Tutu's face was even more shocked.

What shocking melon did he eat?

Fu Yechuan chuckled lightly, "It's not so good, I'll let your dad know when I look back, but I'm just mad at you."

Fu Yanni touched his head embarrassedly.

He instantly restrained his expression and sat upright.

"Second Uncle, I'm here to surrender!"

...

Chapter 803 What benefits do I have

Chapter 803 What are my benefits?

Fu Yechuan raised his eyelids and didn't care.

He was silent and did not speak, making Fu Yanni anxious to death.

He and Fu Yechuan are definitely not in the same rank.

After a pause, he couldn't help but say,

“The old man is looking for me, let me be your position, second uncle, you are in danger.”

Chen Mian stood there, raising his eyebrows silently.

Wu Tutu was so shocked that he could barely hold the expression on his face.

so direct?

Fu Yechuan lowered his eyes calmly, not surprised at all.

“Then what?”

Fu Yanni’s face twitched, “Then...”

Fu Yechuan looked at him with dark eyes.

“Your father is in poor health and can’t stand things. The only person he can choose is you, a puppet. What should I worry about?”

Fu Yanni felt insulted.

He is full of blood!

It shouldn’t be treated like this!

“Second uncle, you...you look down on people too much!”

Fu Yechuan pursed his lips, and a smile appeared on his stern face.

“Or else, you really want to sit in this position, and it’s not impossible. If you follow the old man, maybe you will have a chance...”

He was still too euphemistic.

The chance of winning the old man is almost zero, and the chance to follow the old man is equivalent to no chance.

In turn, Fu Yechuan had to be offended.

Fu Yanni really couldn’t figure out why Mr. Fu suddenly became confused and wanted to usurp the throne at such a restless age.

He found it funny when he said it.

The key is that Mr. Fu still wants to pull him into the water, is it because he is too nourished?

Not to mention that he didn't have the ability to sit in Fu Yechuan's position, even if he did, within a month, the Fu Group would have to declare bankruptcy.

He didn't want to take such a big responsibility!

It's just killing him!

Fu Yanni looked at him with a bitter face: "My dad asked me to ask you for an idea. You know, the one in our family has nothing to do with anything other than eating, drinking and having fun.

My dad and I have nothing to do with the old man's words. Agree, I grew up watching you, and I am your most beloved nephew!

Second uncle, you can't unilaterally announce that you will kick me out of the Fu family!"

Relying on the big tree of the Fu family.

He also knew in his heart that without the Fu family, he would have to fight for food with other little fresh meat.

Fu Yechuan raised his eyebrows coldly, it seemed that Fu Yanni's family was more interesting than he thought.

As expected.

Fu Yanni looked at him calmly, and his heart was beating.

After a while, Fu Yechuan said slowly, "What's in it for me?" The words shocked the three people present.

"Benefits?" Fu Yanni couldn't believe his ears.

"I'm here to report the letter, I'm here to surrender, Uncle, is the order of our identities reversed?"

He really felt like he heard a thunderbolt from the blue.

Fu Yechuan, in a white shirt and black trousers, sat there with a straight posture, handsome and indifferent, and his smile was cold.

"I didn't let you come, you insisted on coming."

Whoever begs for mercy first will lose.

Here, the rules will always be his, Fu Yechuan, who has the final say.

Fu Yanni has a feeling of refreshing his worldview.

Chen Mian was used to all this, and no one could talk to Fu Yechuan about conditions, because he didn't like the temptation at all.

Fu Yan Ni Yu looked at his second uncle choked.

He really deserves to be a cold-blooded and ruthless capitalist. Fortunately, he surrendered early.

Otherwise, the scum that was killed in seconds would not be left!

...

Chapter eight hundred and fourth hit her idea

Chapter 804 The

atmosphere of hitting her was silent, Fu Yan Ni pursed her lips, and asked tentatively,

"I'll give you a tip? I know something about what's going on in the old man's place."

Chen Mian couldn't help it. cough cough.

"Young Master Fu, no one knows what's going on in the old man's place better than our President Fu..."

Fu Yanni's heart trembled, it seemed that Mr. Fu had no chance of winning.

No wonder he couldn't see his surrender.

His throat rolled and he paused: "The old man put his mind on Su Nan."

This was what he overheard.

Nobody knows.

Suddenly, the office was so silent that even breathing could not be heard.

Fu Yechuan was shocked and looked at him with a frown, with a stern chill in his tone.

"What did you say?"

Fu Yanni raised his eyes, and his tone

was a little angry: "Is this news enough? I wanted to tell Su Su directly, it's cheaper for you!"

He sighed: "I heard him whispering to the housekeeper, mentioned Su Nan, overheard, but didn't hear the details, they were too cautious."

Fu Yechuan's face was extremely gloomy.

His fists were clenched into fists, and his face was tight and ugly!

Mr. Fu was too cunning, and even started to think of Su Nan's idea.

Perhaps, he never gave up the idea of hitting her.

After a while, Fu Yechuan said slowly and indifferently:

"Understood, you can go back."

Fu Yanni hesitated to leave, "Second uncle, the news of Leng Lin and I is about to be overwhelmed, you have a good relationship with Hailang Platform, please help me..."

Fu Yechuan's face was indifferent and dark.

"That Leng Lin is not a good thing. She's about to kill Lu Qi. You'd better stay away from her." When it comes

to this person, Fu Yechuan has no good impression.

At the beginning, I persuaded Su Nan not to get back together, but to pursue herself bravely.

Self shit!

Didn't they become independent because of the popularity of her and Lu Qi?

Hehe, a woman who can only deceive people!

Fu Yanni frowned, "Lu Qi made the mistake first, it's useless for him to regret it now, why can't he let others chase after us, we are true love, long live true love!"

Fu Yanni knew that Fu Yechuan would not agree, and snorted coldly, turn around and leave.

If I had known, he shouldn't have come!

Chen Mian went out to see him off according to the rules, and Fu Yanni couldn't help but mutter:

"No wonder Susu doesn't want to be nice to him, which woman can stand it?"

Chen Mian paused, "President Fu is still very serious about Miss Su."

Yan The meaning below is completely different from that of you.

Fu Yanni snorted coldly and glanced at Chen Mian.

"Second uncle knows everything about the old man, why doesn't he move?"

Chen Mian smiled, and the official was polite.

"In the Fu family, President Fu still respects Chairman Fu. Before he starts, President Fu will not make any movement."

Fu Yanni was speechless, thinking that Chen Mian did not want to tell him the plan.

"Assistant Chen has worked really hard, I'm leaving!"

"Young Master Fu, walk slowly!"

Chen Mian watched him drive away, and then she restrained her smile and turned to go upstairs.

Wu Tutu took it with him in Fu Yechuan's office. Before he recovered from a few shocking melons, he saw that Fu Yechuan had already stood up with his clothes.

"Mr. Fu, where are you going, shall I follow?"

His bodyguard in name is still in place.

Fu Yechuan said sharply, "Go to Su's house."

He had to remind Su Nan to pay attention to safety.

Who knows what crazy things Mr. Fu will do?

Chen Mian happened to walk in. Hearing what he said, he immediately said,

"Miss Su is not at Su's house, so

she made an appointment with a company executive to socialize at the Green Club." Fu Yechuan frowned, "She went to socialize?"

...

Chapter eight hundred and fifth old actor

Chapter 805 Old Actor

According to the temper of the Su family, it is impossible for Su Nan who has not recovered to come forward.

Things like socializing can't fall on her.

Chen Mian nodded, "I heard that the other party is a woman, and I asked Su Nan to receive it by name. I investigated the company in advance."

Fu Yechuan's eyes narrowed slightly, "Have your people met someone?"

Chen Mian paused, Hesitantly, "No...No."

Fu Yechuan glanced at him indifferently, then took his clothes and strode out.

Chen Mian gave Wu Tutu a wink, Wu Tutu understood and immediately followed.

"Mr. Fu, wait for me..."

...

club.

Although the other party only named Su Nan alone, but to be on the safe side, Su Nan brought Yu Lou with him.

When he arrived at the reserved box, Yu Lou opened the door in front. When Su Nan entered, he saw the people in the box.

Haha, Mr. Fu!

Su Nan raised her eyebrows, went in quietly, and nodded slightly.

"Xinhai Executive President, has it been replaced by Chairman Fu?" The one

she came to see today should be the Xinhai Executive President.

Mr. Fu smiled, "I asked you to come and meet in her name, otherwise why would you appreciate your face?"

Su Nan hooked her lips, but didn't react much.

She took a seat opposite Mr. Fu and sat down.

Now she is out of the wheelchair and walks lightly on crutches, with no sign of limping at all.

Her recovery was much faster than that of Fu Yechuan who was moaning without a problem!

“Look, what do you want to eat?”

Mr. Fu narrowed his eyes and looked at her.

Su Nan ignored the menu on the table and said directly:

“No need, I think Chairman Fu went to great lengths to see me, not for a meal.”

Mr. Fu’s face froze slightly, but he quickly recovered. nature.

He raised his eyes and looked at Yu Lou behind her.

“I’m looking for you for something, but... I think it’s better to talk privately.”

Yu Lou didn’t mean to leave, and looked at Su Nan.

Su Nan also smiled, “Isn’t it secret enough here? Yu Lou is my person, if you feel uneasy, you don’t need to say it.

To be honest, I don’t really want to know what Chairman Fu wants to say. “

In the battle within the Fu Group, anyone who has a little bit of eyes and ears has actually heard the wind.

At this time, what else could Master Fu come for?

He called Su Yifeng before, but Su Yifeng was too lazy to deal with it, he would not interfere.

Only Su Nan holds the actual power of the Su Group in her hands.

Let her compete against Fu Yechuan, and there is nothing more suitable than her!

After hitting a snake and hitting eight inches, Fu Yechuan was still a little more tender!

Although Mr. Fu was very dissatisfied with Su Nan’s attitude, he knew that it was all because she was bullied when she was in the Fu family.

Can only bear it for a while.

“Forget it, it’s up to you...”

Mr. Fu took a deep breath, adjusted his mood, and got down to business.

“Before, I felt very sorry for the matter between you and Ye Chuan. I have mentioned it many times. I hope you can be together again, but it

‘s a pity... hey!” He sighed regretfully.

Su Nan kept silent and looked at him silently, with a decent smile on his face.

Really old actor!

Tell me, tell me a flower?

Mr. Fu raised his eyes and looked, Su Nan didn’t talk to him, he was melancholy and didn’t care.

“However, you still have to deal with your own affairs in the end. I also see it. When you were in the Fu family for three years, there was no fate. Maybe you are really not suitable for him.”

Most of the readers are now reading this novels:-

Read Divorce Billionaire Heiress Chinese Language Chapter 806-810

Chapter 806 Is it biological?

Chapter 806 Is it biological?

Su Nan raised an eyebrow.

It seems that Mr. Fu is beginning to be afraid of her coming together with Fu Yechuan.

“However, as far as I know, Ye Chuan won’t give up so easily. He desperately wants you if you don’t get it, and won’t cherish it if you get it. If you want him to completely dispel this idea, I think I have to think of another way...”

Master Fu’s vicissitudes of life were incomparably sharp in his eyes.

Su Nan hooked his lips, “What do you mean by other methods?”

“Or, let him watch you with other people, he must be better than death...”

or, let him Take the power away and make him unable to disturb your life any more!”

Su Nan restrained his smile and looked up at Mr. Fu.

Grandpa Fu saw that she was finally interested, smiled edly, and said slowly:

“Are you uncomfortable knowing Fu Yanni? You two have friendship. If you pretend to be together, he will be mad!”

Su Nan After a pause, there was inquiry in his eyes:

“Fu Dong, is Fu Yechuan really your own grandson?” With

such a black hand, he would stab him in his heart with all his tricks, and he showed no mercy at all.

What an eye opener!

Mr. Fu froze, and there was an uncomfortable smile on the corner of his mouth.

“Of course, I’m not thinking about the two of you? If we don’t let him give up, how can you start a new life with each other?”

Su Nan smiled, “Dong Fu is really thoughtful!

” The tea, in a light tone:

“Then do you think my method is feasible?”

Su Nan smiled calmly, “I don’t agree.”

Mr. Fu’s hand froze, his eyes looked at her sharply, and his tone became slightly lower.

“What do you mean? Do you still have ideas for him?”

Su Nan smiled slowly and said,

“Is your method good, you should try it on him.

Dong Fu doesn’t know, since he took over the Su Group, I’m so busy all day that I’m not even in the mood to recover, I really don’t have time to play this boring game with you.”

Let her cooperate with him?

It's just a dream!

Such a thankless, detrimental, self-inflicted thing, why would she do it?

"This thing is done, and you will benefit too!"

Mr. Fu's tone couldn't help but be a little angry.

Su Nan: "What's the benefit?"

"Don't you want Fu Yechuan to haunt you all day? Don't you like him?"

How much more clearly did he want to say?

If she makes a choice and destroys Fu Yechuan, she can get rid of his entanglement once and for all.

Su Nan thoughtfully stretched out his hand and rubbed the rim of the cup in front of him.

She frowned slightly, as if she was really thinking about whether it was worth it.

"To be honest, Fu Yechuan isn't the only one who haunts me. Why am I making such a fuss?"

Not to mention hurting the relationship between the two, which is not good for the company. Dong Fu, do you think so?"

Mr. Fu didn't expect Su Nan to be so It's more difficult to deal with than you think.

He took a deep breath, "Since you don't want to act, then cooperate with me to drive him down from that position, and I will let Fu Yanni sit on it. It will be a pleasant cooperation then."

Wow...

Su Nan raised her eyebrows. It turns out that the next appointment that Mr. Fu is optimistic about is Fu Yanni?

Fu Yanni is good, but his ability and means are inferior to Fu Yechuan!

Does Mr. Fu deliberately want to push the Fu Group to death?

...

Chapter eight hundred and seventh will threaten you

Chapter 807 I'm about to threaten you

Su Nan thought so, and stood up.

"I will go back to discuss this matter with my father and eldest brother, Chairman Fu, it's getting late, I'll leave first."

She didn't want to get involved with the Fu Group, Mr. Fu was really confused!

After speaking, she stood up and glanced at Yu Lou.

Yu Lou hurriedly handed her the crutches, walked to the other side to support her, and planned to leave quickly.

"Stop—" Mr.

Fu was angry, his cloudy eyes were full of anger.

"Su Nan, if you don't agree to this matter, then don't even think about leaving. The plan to slow down the army, are you fooling the ghost?"

For a moment, the atmosphere became cold.

Su Nan turned his head slightly, and there was a bit of coldness in his squinting eyes.

She restrained her smile and kept her face calm.

"Dong Fu wants to buy and sell by force? Don't be smart. I'm not a fool. You don't even care about me. How could Fu Yechuan not see it?"

Her words angered Mr. Fu. He slapped the table heavily, his face ugly and livid.

"You bastard, you don't even have this kind of etiquette, how dare you talk to me like this?"

Su Nan paused, his tone still very calm:

"If you are dissatisfied with my attitude, you can complain to my father and let my father teach him a lesson. Me, but I don't want to waste any more time here."

After speaking, she turned to leave.

But the next second, the door was opened, and suddenly there were two strange men in black.

Su Nan's beautiful eyes flashed a bit of strangeness, and his emotions quickly calmed down.

On the other hand, Yu Lou, he felt numbness in the back of his neck at that moment, and his face changed fiercely.

Who would have thought that there would be a Hongmen feast in a place that is open and aboveboard?

Su Nan subconsciously squeezed Yu Lou's hand that was supporting her, winked, and Yu Lou nodded secretly.

After following her for so long, with a look from Su Nan, Yu Lou knew what she was thinking.

Mr. Fu sat down, smiling cunningly and leisurely.

"I said long ago that you have to change your temper, or you will suffer."

Now I have the mood to teach her a lesson, isn't it because I have too many people?

Su Nan's glinting eyes rolled, and the corners of his lips curved.

"Chairman Fu is trying to threaten me to agree to your terms?"

Mr. Fu put the teacup heavily on the table.

His tone was very deep:

"Yes, I'm threatening you!"

Su Nan was silent for a few seconds before slowly opening his mouth:

"No way, do you think I will compromise? The whole world is not just the Su Group that can follow suit. Mr. Fu contends, instead of finding someone who is disobedient and risky to me, why don't you find someone who is obedient?" Mr.

Fu snorted softly, his face cold:

"Because that bastard likes you, he seems to be crazy. I really like you, only you can hurt him!

Not only do I want him to lose Fu Shi, but I also want him to feel that life is better than death!

I put him in this position, but he repeatedly You contradicted me again, and now you still dare...”

He didn't finish his sentence, and didn't plan to continue, just squinted at Su Nan, very rude.

“Anyway, you have to agree. If you don't agree... I think your father will agree for you.”

Su Nan's face turned cold in an instant.

Her eyes were cold.

He planned to detain himself and let Su Yifeng face Fu Yechuan.

Su Yifeng will do anything for his daughter.

This old bastard is full of bad water, damn it!

...

Chapter 808 The person who can't be offended

Chapter 808

Su Nan, the person who can't be offended, should have thought, how could he say such unreasonable conditions under unprepared conditions.

She has skills, if her legs and feet are concerned, ten more people will not be in her eyes.

Mr. Fu had already seen that her legs were inconvenient and she couldn't do it.

So he only prepared two subordinates.

If she had agreed to let Yu Lou go out at the beginning, I'm afraid the old man would not let him go.

Thinking of this, Su Nan immediately understood what he meant.

She smiled and turned her head to look at him. She walked forward and approached Mr. Fu.

The tone also became very acquainted and became gentle.

“Master Fu, why make the situation so ugly, if I want to do something wrong, just say it directly, I will change it...”

Master Fu sneered, watching Su Nan's change, he knew She is scared.

He relaxed without warning.

"It's good that you know, Fu Yechuan likes you, so he won't have any conflict with you, maybe it will make you mistakenly think that our Fu family is a piece of paper, and make you lose your temper unscrupulously.

But there are people outside, not everyone will. If I hadn't seen you as Su Yifeng's daughter, I would have..."

Looking at Su Nan who was approaching suddenly, Mr. Fu's expression shook and his face turned pale with shock.

She raised the crutch in her hand and smashed it hard in his face!

He didn't say a word, but he was forced to lean back, and the whole person was forced to stiffen in the chair.

In the end, the stick didn't land on his face, but it frightened him.

In a dull moment, Su Nan was already behind him.

The crutches were placed sideways, pressing down on his chest so hard that he couldn't move.

Yu Lou took the opportunity to go over and tie Old Master Fu's hands, making Old Master Fu angrily glaring at him.

Su Nan's crutches pressed heavily against his chest, with a stern tone:

"What happened long ago? Do you think I can look down on your Fu family? If I hadn't been blind to Fu Yechuan, would you be on a par with our Su family? "

She said in a terribly cold tone, not giving him any face at all.

Su Nan is already very polite. If she hadn't tried his best to restrain her temper for the sake of his age, she would have been beaten on the spot!

But no, she is afraid that one punch will kill her!

"Aren't your legs lame?"

Su Nan smiled, "I'm a lame, and I'm also a lame person you can't afford to offend!" He finished.

Mr. Fu's face was pale with anger, and suddenly he looked at the two people at the door with shortness of breath.

They were also stunned by this scene.

I didn't expect it to be so sudden.

Mr. Fu was gasping for breath, as if he couldn't breathe.

Su Nan smiled, "Stop pretending, your health is fine, good people don't live long, and disasters will last for thousands of years!"

Mr. Fu's breathing gradually became steady, and his tone became cold:

"What do you want to do? Well, since it's here in your hands, today's negotiation is over, you can go..."

Su Nan curled her lips and looked at him with a smile.

"Go? It's so easy to go when it's in my hands?"

"What do you want to do?"

He seemed to be certain that Su Nan wouldn't do anything. The people of their Su family regarded themselves as arrogant and never looked down on people with despicable means.

"I'm going to tell Fu Yechuan what you did to him!" Mr.

Fu really looked at him, and then his eyes became a little tight.

He was not afraid that Fu Yechuan knew that he had contacted his old friend privately, but if he was told that he had found Su Nan, that person would probably go crazy!

...

Chapter eight hundred and ninth hands

Chapter 809 Do

it, the two people standing at the door are still in a stalemate, thinking about whether to go up and save people.

Mr. Fu gave an order: "Go on, control them, and don't let them go out!"

Su Nan said in a condescending tone, "I see who would dare!"

She let go of her crutches and walked to the other side, although her legs were inconvenient, But it didn't affect her flexible pace.

Mr. Fu sneered, "Do it, do you dare?"

Su Nan lowered her eyes and gave him a cold look.

"Do it!"

She finished, took out her crutch and jabbed it hard on the chair.

The chair tilted to the other side, and in the next second, with a bang, even the chair and the people fell to the ground.

Grandpa Fu's body trembled violently, 80% of which was angered!

So insulting!

The two bodyguards took a step forward, and just as they were about to make a move, the door was suddenly pushed open, the voice was violent, and they saw Fu Yechuan with a cold expression on his face, and rushed in.

Wu Tutu followed behind, seeing this scene, he was speechless in shock.

The old man Fu, who spoke the same words as the imperial decree, fell to the ground in such an embarrassed manner.

Is this still the majestic little old man?

On the other hand, Su Nan, leaning on a cane, was standing by the side, condescending and very elegant, smiling brightly, and even her hair was delicate.

The two bodyguards saw Fu Yechuan as if they saw a ghost.

They quickly retreated to one side, not daring to provoke him.

Seeing this scene, Fu Yechuan finally breathed a sigh of relief.

Hehe, Su Nan, who has a weak leg, can't handle Mr. Fu. It seems that he thinks too much!

He immediately changed his expression, with a sneer at the corner of his mouth and a cold face.

He walked over slowly, glanced at Su Nan, and his smile deepened.

“It seems to be recovering well...”

Su Nan smiled and raised his eyebrows, “I think you and your family are thinking about it, it must be better soon.”

Lying alone on the ground, the two of them were still chatting leisurely . ?

Mr. Fu’s scalp was numb with anger, “Fu Yechuan, are you blind?”

Wen Yan said.

Fu Yechuan gave him a condescending look, his hands in his pockets were casual, and there was no change.

He opened his mouth, the smile on the corners of his lips was a little cold, and his eyes were heavy: “Old man

, why are you still walking around when you are not in good health? It seems that the housekeeper did not take good care of you, I must change to a better housekeeper!”

“You dare— —”

Mr. Fu was shaking with anger, trying to restrain his emotions, but his face was already flushed.

Of course Fu Yechuan dared, why did he dare not?

To this day, no one can threaten him.

He didn’t ask what happened here, and he didn’t need to speak. Anyway, the situation was clear, and Su Nan would never be the one to suffer.

He stretched out his hand and picked up Mr. Fu, with a strong aura, and his movements did not have the slightest hint of gentleness.

Wu Tutu immediately went over to take over, untied him from the chair, then controlled him by his side, and forced him to leave here step by step.

When passing by the two bodyguards, he paused.

“You’re not leaving yet?”

The two looked at each other and left immediately.

They were originally from this club, and they were borrowed by Mr. Fu to make up the scene, and they didn’t want to get involved in their internal affairs.

Neither the Su family nor the Fu family can afford to offend either.

There were only three people left in the box.

Su Nan smiled coldly, and Yu Lou guarded her expressionlessly.

No matter how Fu Yechuan saw it, it was not pleasing to the eye.

There was a cold light in his eyes, and he suddenly smiled:

“The old man is very ill, don’t worry about it.”

...

Chapter 810: The Way of Giving Gifts

Chapter 810 The way of gift giving

Su Nan raised his eyebrows, “He said that he wants me and Fu Yanni to be together and pull you down...”

Fu Yechuan’s deep eyes sank.

Just for the previous sentence.

But then, he smiled, a little wanton indifference.

“Then he will be disappointed. Fu Yanni recently found a woman and is in love.”

Su Nan was slightly startled, but didn’t notice that he subtly shifted his focus.

He asked him with great interest:

“Who is it?”

He didn’t hide it: “Lu Qi’s ex-wife, that annoying woman.”

Su Nan’s face froze fiercely.

Is this relationship a bit complicated?

Immediately, her heart was full of mixed feelings.

Both are single, nothing to criticize.

But a woman like Leng Lin who has been hurt before meets a playboy like Fu Yanni. Once she falls into it, the second injury will be more severe and profound than the first...

“Do you want to leave?”

Fu Yechuan asked. It was only after two times that Su Nan came back to his senses.

“Of course, let’s go. By the way, if Mr. Fu comes out again next time, I’ll be welcome.

Don’t think that I have to let him go when he’s old. It’s the first time to be a man. Why is he so arrogant?”

Fu Yechuan nodded solemnly, “You’re welcome, don’t worry, I will protect the shortcoming.”

Is this to provoke her?

He added, “I’ll protect you!”

After speaking, he suddenly bent down and picked up Su Nan.

Su Nan was startled: “Fu Yechuan, your uncle!”

Fu Yechuan smiled, the smile came from his chest, and his voice was low.

“Come on, I suddenly feel that it’s good for you to scold people.”

Shameless!

In terms of face, no one is thicker than Fu Yechuan!

He took the elevator directly to send the person downstairs, and the Su family’s car was waiting outside.

Yu Lou tremblingly followed.

This Fu Yechuan, he is a little assistant, can’t protect him at all...

He put her in the car, reached out and touched her head with gentle eyes.

“A present for you.”

He took out an exquisite box from his pocket, opened it, and found a pink diamond necklace.

It’s so delicate that you can’t take your eyes off it.

Su Nan shook for a moment, Fu Yechuan had already put it on her neck involuntarily.

Her swan neck is white and slender, her skin is as white as snow, and her temperament is very good.

Fu Yechuan was very satisfied, his black eyes were soaked with warmth, and then he withdrew.

“Goodbye.”

He simply left without giving her time to refuse.

Su Nan: “...”

What a mysterious dog man!

She was speechless, and she was immune to this luxurious luxury gift, and the eight-figure price was not difficult to make her favorite dead and alive.

However, the design of this necklace is indeed exquisite and somewhat familiar.

It seems to be a private collection of a high-end niche luxury brand that she has always liked abroad, the only one in the world.

She looked at the box, and the letters on it were indeed the brand she guessed.

Whoa...

instant, she loves it!

Su Nan didn't want to owe him anything, so he directly called Chen Mian the price.

Chen Mian was shocked for a while when he received this huge sum of money in the company.

Later, it was found that the person who transferred the money was Su Nan, and his heart was even more uneasy.

Before he could ask Su Nan, he saw that Fu Yechuan had asked him to arrange a conference room for an emergency meeting.

He immediately went to arrange.

When Fu Yechuan came back, he went over, “Mr. Fu...”

Fu Yechuan walked first, followed by Wu Tutu.

He tidied up his neckline, his tone was slightly cold, "Have you got the list of the old man?"

Chen Mian: "Yes, I already have it, but there is no department supervisor among them, and everyone in each department is very aware of themselves. It 's

just that some old shareholders can't sit still, and they also found some new shareholders, wanting to make a big fight, but these people are not your threat. "
