The eight hundred and fortieth chapter is a big net

Chapter Eight hundred and forty-one What a big net.

Su Nan frowned and smiled, saying this like Qin Yu's temper.

Straightforward is also neat.

"What's more, I probably drank alcohol last night and lost the contract, otherwise I wouldn't be so sad.

Fortunately, you were by my side and didn't make me ashamed, otherwise how would I see people in the future?"

No matter what she said is true False, but Su Nan could tell that it was true that she planned to let go.

She walked over and hugged Qin Yu, sighed, "Don't worry, I'll introduce you to a better man, there are thousands of men in the world, making money is the most important thing, it's not worth wasting time!"

Qin Yu: "... .."

That seems to make sense!

Qin Yu needed time to digest it by herself, so Su Nan left early to go to the company.

There are spare clothes for her in the company. She changed clothes and put on light makeup, looking refreshed and bright.

Yu Lou knocked on the door and came in, reporting the latest situation to her as usual.

"The Fu Group seems to have something to do. I heard that many shareholders can't stand it anymore."

Su Nan raised his eyebrows, as expected.

Mr. Fu won't let go so easily, he still has the ability to fight to the death.

"Where's my brother?"

Su Nan thought of Qin Yu and asked unconsciously.

Yu Lou smiled, "Mr. Su has given himself a holiday, and for half a month, the company will be completely handed over to you!"

Half a month?

Su Nan's eyes widened in surprise, so suddenly?

"He... didn't tell me!"

Yu Lou: "He's afraid you won't agree..."

Su Nan was speechless, throwing such a big mess to her?

Is Su Jin going too far?

Yu Lou looked like he knew little secrets, and it was rare for him to gossip:

"I heard that President Su went abroad to help his girlfriend with some things. In fact, he was going on vacation!"

Even Yu Lou knew that he had a girlfriend. Jin must have liked Wen Xiang very much, and wished the whole world would know about it!

Seeing that Su Nan was not very interested, Yu Lou thought she had already known about it.

After all, they are siblings.

Su Nan sighed, forget it, brother's happiness is also very important, so don't mess with it yourself.

"Okay, bring all the work that needs to be done..."

Yu Lou nodded and backed out.

Fu Group.

Early in the morning, the company's employees felt that something was wrong.

Today is extraordinarily calm, and there are even fewer people gossiping.

Fu Yechuan got out of the car, raised his hand to straighten his suit, and walked into the Fu Group with his long legs, followed by Chen Mian and others.

The atmosphere is very cold.

As usual, there is a morning meeting today.

Fu Yechuan didn't go to the office, but went directly to the conference room.

Chen Mian opened the door in front. Fu Yechuan looked up and saw Mr. Fu, who was sitting on the main seat with a gloomy face.

There are also the shareholders sitting on the side, and the Fu family's side branch.

All his people.

In just a few days, the hearts of so many shareholders have been collected. It can be seen that Mr. Fu is full of confidence and has many methods.

Fu Yechuan sneered and walked in directly.

sit across from him.

Fu Yechuan's existence makes him seem weak.

The heads of several departments behind them sat on the other side one after another, and there were some battles in the Chuhe and Han worlds.

His falcon-like eyes swept sharply across the people present, and they didn't even dare to look up.

What a big network!

At the end, he smiled and his voice was slow and low.

"Morning, old man."

Although there were many elders among the shareholders present, in the company, he didn't need to greet them one by one.

He was used to being arrogant, and no one would accuse him of being arrogant.

Old Master Fu snorted coldly, looking at Fu Yechuan's arrogance, his eyebrows flashed a hint of cruelty.

He brought out a wolf cub with one hand, and he was disobedient everywhere. He had to teach him a lesson.

Fu Yechuan must know that he is today because of his charity!

...

Chapter eight hundred and forty second blame

Chapter Eight hundred and forty-two The

meeting room was very silent.

No one spoke first.

Fu Yechuan sat there indifferently, without a trace of panic, and no one knew what he was thinking.

He has patience.

Whoever speaks first loses the chance.

In the end, Mr. Fu couldn't bear it anymore.

Mr. Fu squinted his eyes, his cloudy eyes revealing brilliance and sharpness.

"You have grown up, but you are still too young, Ye Chuan, I discussed with a few shareholders. You are not suitable for this position, so I decided to convene the board of directors and change people."

Mr. Fu was concise and did not even want to say any euphemism. Say it, say it directly.

Substitution.

A side member of the Fu family next to him coughed, maybe he felt too ruthless, so he smiled politely to save the atmosphere:

"Ye Chuan, the chairman means that if you want to send you to study abroad, you can temporarily After a while, when you come back from studying abroad, you still have to stay in the Fu Group..."

But back then, Fu Yechuan's status might not even be considered an ordinary small employee.

Fu Yechuan's eyes flashed fiercely. His assets had already surpassed that of the Fu Group. He didn't know how many companies he owned. He really didn't like Fu's money.

But he, Fu Yechuan, would never be forced away.

How ridiculous!

He raised his eyes and looked at Mr. Fu, "Father, in front of so many people, you have to speak clearly..."

The shares in his hands are in full control, 61% of which are in his hands.

If you want him to leave, what if you don't have any real skills?

Mr. Fu looked at him coldly and said,

"10% of the shares in your hands were originally entrusted to you as a sole agent, and now I can withdraw the entrustment.

Fu Yechuan, the Fu family will not raise a white-eyed wolf.

You see With the company, the company has been in trouble again and again, and even 30 billion evaporated overnight, how do you explain this money to other shareholders?"

Mr. Fu did not hesitate to put together the wrong things he and Fu Yingying did at the beginning. Press it on Fu Yechuan's head.

He didn't even want these faces, and he had to let Fu Yechuan take the blame for him, just wanted to take it down in one fell swoop!

After Fu Yechuan heard it, he just smiled coldly and glanced at Mr. Fu with disdain.

Mr. Fu was also a well-known figure at the beginning, but now he has to use such despicable means to bring down his own grandson!

Fu Yechuan glanced at it. Neither Fu Yanni nor his father attended. It seemed that they were rare smart people from the Fu family. They were very good at evaluating the situation.

"Explain? Who do I need to explain to? Without two-thirds of the shareholders, the old man wanted to remove me without a word. I'm afraid it won't be that easy..."

"Fu Yechuan, you are here for a woman. Disregarding the interests of the company, what qualifications do you have to sit here?"

Removing you is the decision of the entire company, as for the shareholders... Everyone present unanimously agreed that I will temporarily and fully take over the company."

Mr. Fu raised his chin, very proud.

Without full confidence, how could he sit here?

Do you really think he's blind?

Fu Yechuan casually glanced at the people present, a cold light reflected from the bottom of his eyes.

"Really?"

The people present were silent, and no one answered.

They were all afraid of Fu Yechuan. As soon as Fu Yechuan came up, he cut off their interests and took away their power.

Taking this opportunity, let Old Master Fu and Fu Yechuan kill each other, and they can take advantage of the fisherman.

But no one knows how much the old man wins, so they dare not take the lead easily.

Mr. Fu clapped his hands, and then, the door of the conference room opened...

...

Chapter

843 Qu Qing and Fu Yingying, who were born to go abroad for a long time, appeared in front of them.

Everyone was slightly surprised.

Qu Qing cried as soon as they met, and ran in front of Mr. Fu.

"Dad, you have to decide for me. Fu Yechuan sent me out, and he has long lost this family in his eyes. He was born to be rebellious, and he didn't care whether the rest of the Fu family lived or died. Even if he was my own, I couldn't bear it any longer. It's over!"

Qu Qing was Fu Yechuan's biological mother, and even she came out to accuse Fu Yechuan, and others even thought that Fu Yechuan might not be able to protect himself.

Fu Yechuan's face was calm and indifferent, with a sharp chill in his brows. He looked at Qu Qing, and his expression did not change at all.

Fu Yingying was honest, she was afraid of Fu Yechuan's power and didn't dare to do anything.

Qu Qing worked hard to let this son teach him a lesson.

She cried and looked at Fu Yechuan, and then looked at the others.

“My husband still has some shares in his hand, and I officially agree with the chairman’s decision on behalf of him!”

In an instant, the conference room became noisy.

“Looks like it’s doomed!”

“Fu Yechuan has nothing to do. I’m afraid it will really change this time!”

“What can I do, Mr. Fu won’t really be removed, right?”

...

The appearance of Qu Qing was almost the decisive factor.

In the entire Fu family, no one stood up and said a word for Fu Yechuan.

But at this time, Fu Yechuan’s expression was unusually relaxed, but his eyebrows sank slightly. Hearing Qu Qing’s words, he suddenly laughed.

The people around didn’t find it funny, but instead got goosebumps all over.

In an instant, the inexplicable low pressure in the conference room caused the temperature to cool down.

He raised his hand, and Chen Mian next to him put a document on the ground.

He didn’t even look at it, he just threw it on the table.

There was a lot of movement.

He loosened his tie, and there was a chill in his voice: “Okay, this is the share transfer contract signed by my father. No one can express his opinion on his behalf.”

Qu Qing’s face changed slightly, her eyes staring at on the contract on the table.

The large characters are clearly visible, and there is Fu Qingcheng’s autograph on it.

She asked Fu Qingcheng for help abroad, but Fu Qingcheng ignored her.

She returned to China to confront Fu Yechuan, but Fu Qingcheng secretly transferred the shares to Fu Yechuan!

Husband and child join forces against her alone?

Qu Qing's face suddenly became ugly, and she panicked.

What did she do when she came back?

Are you making a joke for others?

She turned her head to look at Mr. Fu in an instant. Mr. Fu was also unexpected. Unexpectedly, Fu Qingcheng gave the shares to Fu Yechuan silently.

I saw that he had already chosen the person he wanted to support in the battle between him and Fu Yechuan.

I didn't show up because I didn't want to tear my face off.

Oh, his useless stupid son, he did this for his own son?

Without giving them a chance to maneuver, Fu Yechuan threw down the second document.

"For the sake of everyone's relatives, I didn't want to make things too ugly, but since you are all here, let's just say it clearly."

Fu Yechuan stared at them coldly, with ruthlessness and playfulness in his eyes. .

"When I first took over the Fu family, I found out about the company's accounts and several contracts, which were all signed by several shareholders. It just so happened that I didn't mind taking this opportunity to ask the relevant departments to come over and investigate the accounting issues. It's not a trivial matter.

I believe that under the leadership of the old

man, he must have a clear conscience." After speaking, he stood up, and the chair was dragged back, making a sound that was harsh and creepy.

He glanced deeply, then walked out without mercy.

...

Eight hundred and fortieth chapters win beautiful

Chapter 844

Those shareholders who won the beautiful presence instantly turned pale.

Back then, when he followed Mr. Fu, Mr. Fu placed great importance on righteousness, and turned a blind eye to their behavior of taking money from them.

Therefore, their actions were also very bold, and they didn't take any ashes at all.

As long as the company doesn't raise objections, they can continue to make money.

When Fu Yechuan came to power, although he did not pursue the whereabouts of his previous interests, he also cut off their fortunes and took back the power of the Fu Group.

They have suppressed dissatisfaction for many years.

I thought this was all over, but Fu Yechuan actually left behind evidence in private?

Evidence that is enough to put them in prison for the rest of their lives is in front of them.

At this moment, they are dripping with cold sweat, what qualifications do they have to stand in line between Mr. Fu and Fu Yechuan?

Shareholders who are difficult to protect themselves have few clean hands.

They finally knew why Fu Yechuan had been so calm from the beginning, not surprised or afraid at all!

Because in his hands, there is the death point of all of them!

As soon as Fu Yechuan left, those shareholders could no longer sit still.

They stood up one after another, their faces panicked and anxious.

"What can I do, Fu Yechuan still has a hand?"

"Chairman, if the matter is exposed, you will also be implicated. Let's forget it..."

"Yeah, a few years old. Who doesn't want to go home and retire well?"

"Forget it, I still have something to do, I'll go first..."

Those people were so frightened that they didn't dare to delay any longer even if they had clean hands.

Seeing that the situation has changed dramatically, it would be foolish to think that Fu Yechuan would be killed in a dream!

Mr. Fu and Fu Yechuan are relatives, and they were still separated by one floor before the side branch... After

that, everyone should leave one after another, and some people even want to make a special trip to Fu Yechuan's office to explain, but were turned away.

in the conference room.

Mr. Fu sat there with a livid face and stared at him. He was negligent. When he stepped back, he should have cleaned up all the tails.

Pingbai handed their handle to Fu Yechuan.

He is good, he has sharpened his sword in ten years, and it has actually been used!

This meeting was over in less than twenty minutes.

Incredibly fast.

Fu Yechuan won so beautifully, let's be quick!

He is clearly prepared, obviously everything is ready... He

suddenly sighed, Fu Yechuan is really out of blue!

Qu Qing looked at Mr. Fu with a pale face, "Dad, what should I do now?"

Fu Yingying also regretted it, why did she follow Qu Qing here.

Well now, Fu Yechuan won't forgive her anymore!

Mr. Fu was silent for a while, and was about to stand up and leave, but Chen Mian walked over quickly.

He smiled and put his last contract in front of him.

It's a resignation letter.

It was written for him, and the signature would be effective.

Mr. Fu's eyes sank instantly, and his face was extremely difficult to see.

Chen Mian smiled humbly.

"Chairman, this farce should have an outcome. Boss Fu gave you a chance to resist, but it didn't even make a splash.

If you go on like this, if you're still in this position, I'm afraid it's hard to convince the public, so it's better to leave the stage decently. , don't take the interests of the whole company and get angry with President Fu."

Ha!

pissed off?

Mr. Fu stared at him with sharp black eyes, "Is he so impatient?"

"Chairman, when you and Miss Fu joined hands to do those things, your prestige in the Fu family was at stake. It's

not that Mr. Fu has Pay more attention to the Fu family, Mr. Fu's worth is not comparable to that of the ten Fu family, you must appreciate him for the good of the Fu family."

...

Chapter eight hundred and forty-five do not sign it

Chapter 845 Don't sign it?

Chen Mian's words are very measured. Although it's a bit offensive, it's better than kneeling and licking.

After Mr. Fu listened, he was silent for a few seconds, and stared at him:

"What if I don't sign?"

Chen Mian smiled, "The evidence will be sent to the court, and the entire Fu family will be destroyed in your hands. " It's

not that Fu Yechuan turned his face ruthlessly, the deeds they did to enrich their own pockets were too blatant.

Mr. Fu's face suddenly shook slightly, and he pondered for a long time in a dark and profound way.

After a while, he slowly picked up the pen...

If he didn't sign it, the shareholders who had just supported him would know about it, and their grievances would be on Mr. Fu's head.

This trick of Fu Yechuan really works!

...

Fu Yechuan was in the office, looking out the window with a gloomy expression.

The dark clouds dispersed, and the sun shone coldly in the window and on his cold white skin.

Chen Mian knocked on the door and came in, putting the signed document on his desk.

“Mr. Fu, the old man has signed his signature, but he has one condition: give him the evidence of those shareholders.”

Fu Yechuan’s face became even colder.

“Here, but the rest have been arranged?”

Fu Yechuan was not at all worried about handing over the evidence and being destroyed by Mr. Fu.

One ring after another, his fundamental purpose is not on these people.

Chen Mian nodded, “Yes, foreign capital has begun to contact them...”

Fu Yechuan looked back expressionlessly.

“Be careful, don’t let people notice.”

Chen Mian nodded and hesitated, “Mrs. Fu and Miss are still here, they said they want to see you...”

Fu Yechuan frowned with a cold expression on his face. , his voice was cold:

“No.”

The scene at the meeting has exhausted their only affection.

A mother accused him in public of not doing her best to make him unlucky.

What is the use of such relatives?

The so-called family affection is even more superficial and unreasonable, not even as caring as his subordinates.

Chen Mian felt pity for Fu Yechuan.

It’s a little cold in the office.

Fu Yechuan walked over and sat down on the chair. With his long and beautiful fingers, he flipped through the document. After confirming that there was nothing wrong, he threw it back to

him.

“Personnel changes have the Ministry of Personnel make an announcement, and by the way, it will also be posted on the Internet. The era of the old man is over.” Chen

Mian responded immediately, “Yes.”

Continue to target Su Shi and Su Nan.

Thinking of the creepy ideas he came up with back then, I felt a chill.

As soon as the Fu Group’s announcement was issued, it immediately aroused considerable repercussions.

Everyone knows that Mr. Fu is a person who loves power. He sits in the Fu Group and will not let go until the last moment.

But suddenly he resigned as chairman of the Fu Group.

Overnight, the internal changes of the Fu Group seem to have a certain trend.

Except for those who firmly supported Fu Yechuan, everyone else began to make plans for themselves.

Especially after that meeting, they tried every means to see Fu Yechuan, but they were all turned away.

Fu Yechuan didn’t even give him a chance, and they began to feel at risk.

This sense of panic swept in from all directions.

And this kind of change, in the eyes of the outside world, is only that Fu Yechuan has completely become the actual helm of the Fu Group, and no one can compete with it.

The situation became clear overnight.

Fu Yechuan’s power vaguely seemed to have the upper hand.

Looks like he won.

Chapter 846 He is never cowardly , the  
sky is bleak, and all sounds are silent.

Su's house.

Su Qi is cutting apples for Ning Zhi, and Ning Zhi and Su Nan are sitting on the sofa watching gossip.

Su Yifeng was flipping the few fish he just caught.

Su Nan was stunned for a moment when he saw the announcement released by the Fu Group.

Ning Zhi also saw it, and couldn't help but say, "Some time ago, it was rumored that the Fu Group changed hands, but I didn't expect Chairman Fu to resign?"

This is definitely not something that can be done easily.

It seems that some feel sorry for him.

Su Nan suddenly remembered that after Fu Yingying's incident, Fu Yechuan mentioned that it was Master Fu who was instructing him, and he would definitely give her an explanation.

At that time, I still thought that it was about his own relatives, what could he explain?

But this news is tantamount to sending the answer to her.

This is his explanation!

The heart suddenly trembled slightly, skipping half a beat.

Such a price is extremely heavy.

Su Qi sneered and didn't care: "The Fu Group is already owned by Fu Yechuan, and Mr. Fu is afraid that he can't compare to this younger generation."

Ning Zhi nodded, "Fu Yechuan is indeed not to be underestimated, his worth and assets are not to be underestimated. , I'm afraid it's not just limited to the Fu Group, all the forces don't dare to offend, there must be a deeper background."

Su Nan remained silent.

Su Yifeng came over, heard their discussion, and sat on the sofa.

Su Nan handed over a cup of tea, he took it, took a sip, and breathed a sigh of relief.

"Speaking of which, I have long thought that Mr. Fu is not pleasing to the eye. Fu Yechuan's actions can be regarded as a relief for me!"

Only Su Yifeng, like Su Nan, paid attention to one point.

The two looked at each other the same, and immediately understood the point.

Su Yifeng frowned slightly, "I heard that on the board of directors, even his own mother and sister came out to criticize him, hoping that he would step down. For such a punishment, Mr. Fu is really merciless..."

Su Qi was stunned. After a while, "No, no one in the Fu Group doesn't know that Fu Yechuan is cold-hearted and an unreasonable person. On the surface, he compliments, but in fact, it sounds ugly..."

Su Nan was not in the mood Listen, go barefoot to the floor-to-ceiling window, and watch the sunset outside the window.

There are no good people in the Fu family.

But every time he offended Su Nan, Fu Yechuan would teach his family a lesson for not helping his parents.

She hated them, and rightfully so.

But why is Fu Yechuan?

He had offended the Fu family so much that no one was on his side on that occasion.

He was never cowardly.

Even more disdain between the two sides and muddy.

Su Nan thought, what if it was me instead?

She probably won't do it!

Su Yifeng looked at Su Nan and Su Qi who was chattering, and gave him a speechless look.

“If it’s groundless, there’s nothing to tell. No matter how bad Fu Yechuan is, he has saved your sister several times. Don’t go out and mess around!”

Su Qi opened his mouth and was taught a lesson, so he was powerless to refute.

Ning Zhi also nodded, thinking it made sense.

Looking at Su Nan, I thought she was sentimental.

Su Nan leaned against the glass, and the glass was icy cold seeping out the temperature outside, making her a little awake.

She walked over suddenly and picked up the phone.

Su Yifeng thought she was going to call Fu Yechuan, and Su Qi and Ningzhi also thought so.

They wanted to persuade her to calm down.

Su Nan pressed the number, turned around, and said solemnly:

“Brother, I saw that the latest Hermes bag is only available in two types in the world. Wouldn’t you just buy it for Senior Sister Wenxiang?”

Su Yifeng: “... ..”

Su Qi and Ning knew: “...”

Oh, they thought too much!

...

Chapter eight hundred and forty seventh old man

Chapter 847 The old man

Su Yifeng then reacted, “Who is Wen Xiang?”

Su Qi is keen on gossip, “Su Jin’s dream lover, his first love and current girlfriend, besides Su Nan, he loves the most. The woman!”

Ning Zhi suddenly remembered, “Su Nan’s last school beau, when she broke up with Su Jin, seems to have gone abroad.”

Su Qi nodded, "That's right, because the family went bankrupt, only Fortunately, Wen Xiang was able to go abroad. Fortunately, Wen Xiang was still very competitive. He didn't ask Su Jin for help, and he didn't sell badly everywhere

. More

importantly, although there are many people chasing her, she, like Su Jin, has never found a boyfriend in the past few years!"

Su Qi said everything in detail, and could not wait to compile a script, something like this Routines are sold out!

After a brief silence, Su Yifeng asked suspiciously, "Did you check?"

"Of course, can I not worry about my eldest brother's life-long affairs? I won't allow any random woman to tarnish my eldest brother's innocence! As soon as

I heard that Wen Xiang returned to China , I immediately got someone to check it out!"

Su Qi's appearance of protecting the calf was both angry and funny!

Su Yi could not wait to kick him in the air.

"What are you doing to check her? When your elder brother is in a relationship, he will check the other's eighteenth generation. Who would dare to follow him in the future? You are really stupid!"

Su Qi was aggrieved and changed a seat farther away from Su Yifeng .

"I...how can I just sit back and watch?"

Isn't this what Su Yifeng should have done?

Why did he do it for him and Su Yifeng still didn't appreciate it?

Is this his father?

Su Nan rolled his eyes at him, "A man like eldest brother, would he like a casual woman? You really think too much!"

Ning Zhi also nodded, "That's right!"

Su Qi's face turned red . Bai, even Ningzhi didn't stand on his side, so angry!

Su Nan said, and went upstairs with his mobile phone. Ning Zhi saw this and followed happily.

“Su Nan, your family is so lively!”

After she stayed here for a few days, Su Yifeng regarded her as her own daughter, and didn't see the outside world at all. She was even a little reluctant to be here.

The family atmosphere is truly immersive.

Su Nan smiled, “My third brother's ultimate goal is to mess up the house. He took the opportunity to see jokes, but every time he was taught a lesson by my dad, he was asking for hardship.”

Ning Zhi smiled. Laughing, “I'm going on a business trip tomorrow. Xiao Ran has disappeared recently. I'll move back tomorrow...”

“So anxious? Just stay here...”

Ning Zhi shook his head. , “It's been too long, it's not good to live here all the time, you know, I'm afraid I'll give the third brother some misunderstandings and make him more unable to let go.”

“You can reconsider your relationship. Brother's temper, he must be serious with you this time.”

Su Nan still had to speak for his third brother.

After a long while, Ning Zhi nodded and smiled, “I will consider it.”

Su Nan smiled, “Okay, I will move with you tomorrow.” The

two looked at each other and smiled.

Su Nan's phone rang, she picked it up and saw that it was Fu Yechuan's WeChat. She frowned and opened it:

“Su Nan, liking you is my business. Don't put pressure on it, or I will feel distressed.”

Su Nan frowned after reading it, and his throat froze instantly.

Very good, he succeeded in dispelling the sympathy in her heart.

No sleep at all!

Su Nan sneered and replied directly:

“Fu Yechuan, you can't talk like a normal person?”

Fu Yechuan replied in seconds: "I've restrained myself."

Haha...

Su Nan: "An old man said In this case, don't you feel very greasy?" For a long time.

He didn't reply...

Su Nan silently threw the phone away, washed and went to bed.

...

Chapter eight hundred and forty-eight has been hurt

The eight hundred and forty-eighth chapter was hurt or was shocked by her directness.

Fu Yechuan's self-esteem was hit and he couldn't recover for a long time.

Did she think he was old?

His fingertips trembled slightly, and he entered and deleted on the dialog box, deleted and entered.

Heart hurts!

Another day of being hurt!

After a long time, he simply called and called back Wu Tutu, who was at home on vacation.

The dark night outside was silent, and it was dark and lonely.

In the middle of the night, Fu Yechuan was still working overtime, which was really hard.

When Wu Tutu pushed the door and came in, he saw this scene.

Fu Yechuan held a cigarette between his fingers, his posture was sloppy, the cold smell was a little dejected, and in the hazy smoke, he felt like he was in a fairyland.

Wu Tutu was so frightened that he quickly opened the window to breathe.

A little later, the automatic alarm device should ring!

Tomorrow's headlines: The president of Fu Group wants to commit suicide?

"Mr. Fu, what's wrong with you?"

Wu Tutu looked at him, and his loving heart overflowed in an instant.

Fu Yechuan's posture was cold and his face was ugly.

"A handful of years?"

His voice was smoky and hoarse.

Wu Tutu didn't understand what this meant.

Fu Yechuan motioned for him to come and look at the phone.

He is the only person qualified to see Fu Yechuan's cell phone!

Wu Tutu nervously and excitedly held up his mobile phone and saw the conversation between him and Su Nan.

Oh I got it.

Wu Tutu's heart suddenly became mixed, isn't Miss Su too direct?

Why don't you give me any face?

No wonder Fu Yechuan was so sad, a hundred times more sad than when he dealt with Mr. Fu at the beginning!

He racked his brains and twitched the corners of his mouth.

"Mr. Fu, we can't belittle ourselves, you look like a little fresh meat, you are not old at all, Miss Su is unintentional, maybe she has regretted it!"

Fu Yechuan raised his eyelids indifferently.

You thought I would believe your nonsense?

Wu Tutu: "Besides, Miss Su is not that kind of frivolous person. She liked you to the death and it means you are the type she likes.

She only said what she wanted to persuade you to give up. We can't take it seriously. , we must become more courageous and let her know your determination!"

What is face?

Compared with Su Nan, it is too worthless!

When Wu Tutu said this, the troubles that had plagued Fu Yechuan for half the night seemed to dissipate lightly.

Yes, he is right.

Su Nan is not a superficial person.

Younger than him, does he have what he has achieved today?

Are those older than him as young and immature as he is now?

He Fu Yechuan is simply too good!

Thinking about it, Fu Yechuan put out the cigarette, picked up his hands and clothes, and stood up.

Go out in big strides.

It was so sudden that Wu Tutu hadn't warmed up yet.

"Mr. Fu, where are you going?"

"Go back to rest."

He said in a rough voice.

When he got into the car, he replied to Su Nan:

"I am so good, I shouldn't look at my age, I forgive you for your inadvertent words, you don't need to apologize, because I will always love you.

Mmm..."

Sleep Su Nan, who was hazy, heard the phone ring.

As soon as Su Jin left, she had to be 120,000 points of energy, and the phone could not be turned off.

There was a sudden sound, thinking it was something urgent for the company.

She opened it in confusion.

Damn, no sleep at all!

What the hell is it?

Fu Yechuan is really getting more and more arrogant. Has his worldview been distorted?

Su Nan scolded secretly, pretended not to reply, closed her eyes and continued to sleep.

In the second half of the night, nightmares continued.

It's all Fu Yechuan's fault.

Su Nan went to the company, and the afternoon tea originally belonged to Su Jin and the client was replaced by Su Nan.

They made an appointment at the golf club.

Before she left, she received a call from Shang Qian.

Shang Qian is very gentle and modest, advancing and retreating politely.

The last time she was frightened, she never dared to show her face, giving her time to let her forget.

"Su Nan, do you want to go shopping together in the afternoon?"

Su Nan frowned, "Mr. Shang, is this your new hobby?"

Shang Qian smiled, his laughter was clear and clear:

"It was Mike who knew that you were frightened, he must have been frightened. If you want me to appease you, even if you buy the mall, you have to forgive him..."

Su Nan couldn't help but smile, the world of children is really rough and simple!

He doesn't know how hard it is to make money!

"I forgave him a long time ago. It's because I don't know the goods and can't understand his innocent world. When I look back at him, I will definitely apologize to him."

Shang Qian might also be laughed at by her: "But I have to be loyal. Human affairs, give me a chance later, if you don't go shopping, then eat? You can watch a movie or do anything, I will accompany you unconditionally!"

Su Nan didn't take it to heart, "Okay, talk about it later." The

two hung up the phone, Su Nan changed into a casual dress and went to the golf club with Yu Lou.

Although the weather is warm and cold at first, it feels good, the air is fresh, and the mood is also a lot more relaxed.

The partner is a cooperative relationship that has just been established in recent years.

Zhang Gan, in his 40s, looks in his early 30s and looks decent and ordinary.

He had been in touch with Su Jin before, but Su Nan was the one who didn't expect to come.

Zhang Gan was obviously stunned for a second, then went over to shake hands in the next second, looking straight at him, a little rude:

"Miss Su?"

Su Nan smiled, "Mr. Zhang, it's the first time we meet, please take care of me."

Yu Lou was behind Reminder, "This is our President Su. If it is difficult to distinguish, everyone will call him Xiao Su."

Zhang Gan quickly apologized, changed his name, and then released his hand.

It seems that there is a degree of progress.

"If I knew it was Mr. Su, I should let Mr. Su choose the place. Few ladies like golf..."

Su Nan smiled, "It doesn't matter, although my golf skills are a bit rotten, I will never Don't admit it."

Su Nan's performance has always been friendly and easy to get along with.

The two hit a few shots, and Zhang Gan was obviously an expert.

Still under the condition of letting her, he still won easily.

Su Nan smiled helplessly, golf is her weakness, she has nothing to say if she loses.

The two of them had a halftime break, and Su Nan could finally breathe a sigh of relief.

Zhang Gan was quite happy. When he went back, he looked into the distance and inadvertently caught a glimpse of a person, his face changed slightly.

He quickly returned to normal and looked at Su Nan with a smile.

“Mr. Su still needs more practice. Mr. Su’s skills are very good. Few people can beat him.”

Su Nan raised his eyebrows, “My brother, he likes this.”

Zhang Gan finally got to the point.

“This contract renewal, in fact, I intend to focus on Su’s orders wholeheartedly, but the company also needs to eat, we plan to increase some prices appropriately, after all, the cost has increased?”

He looked at Su Nan tentatively, and didn’t wait. She opened her mouth and continued:

“I don’t know if it’s useful for Mr. Su to sign, why not discuss it with Mr. Su in advance?”

Su Nan smiled and took a sip of the water next to him.

Stimulate the law?

Sure enough, he is a businessman. No matter how honest he looks, he must put his interests first.

“As the cost increases, we will pass on the price to consumers on the condition that our own profits remain unchanged, but the increase in the selling price will affect the sales volume.

We are interested in your factory’s manufacturing because of its high quality. Inexpensive.

Once it affects the sales, it will not be worth the loss...”

Su Nan’s voice was calm and unhurried.

Chapter 850 Employment Relations

Zhang Gan knew that she could not agree immediately, and smiled:

“Yes, it is indeed a problem, but if we follow the original price, we will lose too much.

Mr. Su, I have an idea. In terms of medical devices, assembly has always been your internal factory.

In fact, this piece can be handed over to us.

We manufacture, we assemble, and we turn over the finished product, isn't it a lot easier?”

It turns out that this is Zhang Gan the goal of.

His ambition is not small.

The assembly direction is a technical problem, even involving smart chips for medical devices.

Now it is the high-end factory under the Su Group's own name that is assembling, and every employee has signed a non-disclosure agreement.

Once handed over to an outsourcing company, it is equivalent to handing over the core technology.

What advantages do they have in the market competition?

Su Nan lowered her eyes, Ming Yan's face was half-smiling, and when she raised her eyes, she looked at Zhang Gan.

With vigilance in his eyes.

“Mr. Zhang, let's change the contract to a five-year contract, and give priority to supplying the Su Group in five years. I can make the decision to increase the price of the order by 20%.” In

this way, it is a win-win situation.

She knew in advance that the cost of equipment had indeed increased. If she wanted the original price, Zhang Gan would have to go bankrupt in a few years.

Su Jin also said that only by giving him some sweetness can he work happily.

Twenty percent is already a lot.

But Zhang Qian's face clearly showed disappointment.

He is more interested in the assembly of medical devices.

This Su Nan is not at all as pampered and fooled as in the legend.

She was even more startled than Su Jin.

But 20% is already an unexpected surprise.

"Okay, Mr. Su is really happy, why don't we sign the contract?"

Su Nan nodded, glanced at Yu Lou, and Yu Lou could go to prepare.

After hesitating, Su Nan glanced at him and saw a familiar person by chance.

She didn't pay much attention to it. Maybe people came to socialize on this occasion.

The goal has been achieved, and there is no need to continue playing under the cold sun.

The two went to the hall of the clubhouse and waited.

Zhang Gan's people suddenly had something to do, so they called him to the side to talk.

Su Nan swiped his phone for a while, and suddenly his eyes darkened. He raised his head, and his eyes narrowed slightly.

"Yang Qian?"

Su Nan was very impressed by the variety show that she participated in together.

He successfully squeezed out Xu Teng, successfully gained fame and fortune in the show, and became the biggest winner.

At this time, Yang Qian's eyes were flushed, she didn't wear makeup, and her face was sallow and ugly.

She looked at Su Nan, worrying from time to time that others would notice her.

"Miss Su, do you know Zhang Gan? Please help my daughter..."

Su Nan was slightly shocked, obviously shocked.

daughter?

Is Yang Qian not married yet?

Wasn't she still interested in Fu Yechuan at the beginning?

"You... what happened to your daughter?"

Yang Qian looked around vigilantly, especially in the direction where Zhang Gan left.

"Zhang Gan secretly took my daughter. He is not a good person. My daughter is in his room in the clubhouse. Please bring her out..."

Yang Qian was trembling all over, and she was even in a trance.

Su Nan was dubious, wouldn't this person set himself up?

She hooked her lips, "You know where it is, go by yourself, let me save your daughter, I'm not a police officer."

Yang Qian bit her lower lip, almost bleeding.

"I didn't lie to you, and I don't dare to lie to you. If I lied to you, Mr. Fu would know, and he would kill me!" When

Fu Yechuan was mentioned, Su Nan squinted his eyes, and they were really different.

It's just not that kind of ambiguous relationship, it's more like... an employment relationship?
