Chapter 851 Nosy

“Why should I trust you?”

Su Nan sat there, elegant and unmoved.

It’s dangerous, what’s the matter with looking for the police, looking for her a woman?

Yang Qian trembled anxiously.

I found a photo from the phone, a photo of her with a baby, it looked like she was in her early twenties at the time.

“She is really my daughter. She is only six years old this year. Zhang Gan has a habit of abusing children. If he takes the child away, he will kill her!”

No matter how slow Su Nan’s response was, he could hear something wrong.

“You and Zhang did the child?”

Yang Qian paused, then nodded with gritted teeth.

“When I first debuted, he supported me, and then he got tired of it and separated. I gave birth to the child without his knowledge.

But he really abuses children. He often goes to some orphanages to give gifts, which is actually to abuse children. !”

She pulled out a few photos of Zhang Gan holding a bruised child, smiling brilliantly.

For a moment, Su Nan was disgusted with this person to the extreme.

Yang Qian’s mental alertness is tense, “My handle is in his hands, if I come forward, even if he is beaten to death, he will not let the child go, please help me and bring the child out.. “

Su Nan’s heart started to sway at this time.

What Yang Qian said didn’t seem like a lie, but she was a professional actress.

Should you believe it.

Yu Lou hurried over with something, and looked at Yang Qian for a moment.

“Mr. Su, this is the contract, please take a look...”

Su Nan thought for a while and stood up, “You stop Zhang Gan...”

Yu Lou was stunned for a moment, seeing that she had already turned to Yang Qian and got into the elevator.

“Do you know which room?”

Yang Qian nodded: “I know!” When she

arrived at Zhang Gan’s room, Yang Qian was nervous and scared.

Su Nan glanced at her and knocked on the door.

After a while, the person inside opened the door, only a small gap was opened, and the man like a bodyguard looked out vigilantly.

“Who are you looking for?”

It was very quiet inside, but one could hear a child’s mouth covered, and the whimpering cry leaked out.

Su Nan smiled slightly, “I’m from the Su Group. President Zhang asked me to wait for him in the room.” The

bodyguard looked at her suspiciously. She was beautiful, bright and familiar.

Not impossible.

Just when he was about to take out his phone to confirm, Su Nan suddenly kicked the door open.

Fortunately, she was wearing something more casual today, otherwise it would be really difficult to do it.

The bodyguard reacted and went over to stop her, reaching out and slashing towards her neck.

Su Nan ducked, grabbed his arm heavily, and took it off. With a click, he took off his arm.

The action is simply unbelievable.

The bodyguard looked at it in shock, clearly not expecting that this woman would actually be able to do it, and it was only because she was careless.

But in this space, Yang Qian, who was behind her, had already run in.

The bodyguard recognized the woman, and the secret was not good, so he wanted to run in and stop her.

But Su Nan, who was behind her, bit her tightly and kicked him to one side. She looked slender and weak, but she was very strong.

The bodyguard snorted, and a strange woman's voice came from one of them.

"Let go, you bitch, give me the child!"

Yang Qian cried hysterically, "This is mine, my child!"

She didn't know what to smash on the ground, only listening to the broken glass sound.

Afterwards, Yang Qian ran out of it with a girl in her arms.

Su Nan signaled to her to let her go first, but Yang Qian didn't think so much, she raised her legs and ran.

Su Nan stayed there, looked at the bodyguard who was struggling and seemed very dedicated, then sneered, turned around and walked out.

Just after leaving the door, the strange woman said again:

"Go to hell, you all die..."

Then, a cold wind came from behind, and she secretly said that it was not good—

...

Chapter 852 Who is lying

Chapter 852 Who is lying The

next second, a force appeared on his arm, pulling Su Nan aside.

In an instant, there was a crackling sound of the vase breaking, and the fragments fell on the place where she just stood.

And she bumped into a clean and warm embrace.

Familiar and unfamiliar.

“President Shang?”

Su Nan was surprised at how Shang Qian appeared here?

But the next second, Shang Qian dragged her behind him, and swept his gaze sharply at the woman who was chasing after him.

The woman just wanted to chase after him, when she saw Su Nan behind Shang Qian, her figure was obviously stagnant.

She recognized Su Nan.

His face turned slightly pale.

She dared not act rashly.

And Zhang Gan, who rushed over to hear the movement, was also obviously startled.

“What’s going on?” The

woman went over with an ugly face.

“That bitch stole the child...” Zhang Gan was

shocked, “Neither of you can look down on a child?”

It was too unpleasant to hear. He looked sideways at Su Nan and Shang Qian, slightly surprised.

“Mr. Su, why are you here?”

“Miss Su helped that bitch take the child away!” The woman said impatiently.

Zhang Qian’s expression changed slightly.

He looked at Su Nan with a little bit of alertness and dissatisfaction in his eyes.

“Miss Su, can I ask why?” Does

good cooperation have to be a mess?

Su Nan thought, if it is true, then she saved a child, and it is nothing to lose this cooperation. It is a risk to cooperate with such a low moral person.

If it was fake, she would at most have learned a lesson and asked Su Jin to clean up the mess.

Anyway, she has the guts to do it!

Su Nan looked at them and came out from behind Shang Qian.

“That’s Yang Qian’s child. She begged me for help. There’s no reason to die.”

Zhang Gan took a deep breath and suppressed the twitching of the muscles on his face.

“That’s my child too. She abused the child repeatedly. I just want the child to live a normal life. Is it wrong?”

Su Nan was shocked. Why are they both saying the same thing?

Zhang Gan: “Did that crazy woman say that I abused children?”

She is crazy and mentally abnormal, her brain is broken when she acts and acts all day, and she hides her children all day long and brings them to this man and that gold owner. She is the most terrifying woman in the family!”

Su Nan was reprimanded by him, apparently unable to react.

Did she... did something wrong?

Shang Qian’s reaction was much calmer.

He went over and shook her hand with a cold tone:

“If that’s the case, I think it’s better to call the police. If Su Nan does something bad with good intentions, we will recognize both compensation and apology.”

Su Nan turned his head and said this, he I have a bottom in my heart.

That’s right!

If there is anything, you have to find the police uncle!

Zhang Gan’s face turned pale, and just as he was about to speak, the woman couldn’t hold back any longer.

“No, why do you report to the police? We have solved our own affairs by ourselves.

The woman tugged at Zhang Dry's clothes, "Husband, say something..."

Su Nan raised her eyebrows secretly when she heard the title.

Not right.

who is lying?

That woman kept calling Yang Qian a "slut", but wanted to snatch her child?

According to common sense, they should be eager to let them roll far away, out of sight.

Zhang Gan touched the cold sweat on his forehead to calm himself down.

"Forget it, this matter doesn't have to be a big deal. It's a scandal. We'll solve it ourselves."

He said, looking at Su Nan, "Mr. Su, let's go down and sign a contract..."

...

Chapter eight hundred and fiftieth chapters gather less and leave more

Chapter 853 Ju Shaoli Duo

Su Nan was silent, thinking for a moment.

"My company's lawyers haven't come yet, so there's a delay on the way. Let's make an appointment later." Now

that the matter has come, the signing of the contract is not so important.

Saying that, she simply turned around and left.

Shang Qian nodded slightly and followed behind her, completely avoiding the eyes of the two couples behind.

In the elevator, Su Nan's face sank.

"Mr. Shang, who do you think is lying?"

Shang Qian didn't know what Yang Qian said, but saw her hurried out with her child in her arms.

After seeing each other at the celebration party, he recognized Yang Qian.

He squinted his eyes, hesitated for a few seconds, and said with a certain tone: "They are all lying."

Su Nan looked at him in surprise, Shang Qian smiled slightly, sweeping away the tense atmosphere just now.

Like the spring breeze and the rain, it is relaxing.

Su Nan also smiled.

The elevator went to the lobby.

Only Yu Lou was left waiting there.

"Where's Yang Qian?"

Yu Lou said, "I ran, but I couldn't stop it."

Didn't even say thank you?

But don't care.

Yu Lou looked at Shang Qian and nodded, "Thank you, President Shang."

Su Nan was suspicious.

Shang Qian smiled warmly and explained, "I was talking to others just now, and when I passed by, Assistant Yu asked me to help..."

So it was.

Shang Qian shot to save her twice, and it was impossible to justify not having a meal.

Su Nan suggested, "Let's have dinner together?"

Shang Qian nodded, there was no reason to refuse.

"Okay."

On the way, Su Nan called and told Su Jin about Zhang Gan's situation.

Su Jin didn't know him very well either, and only had a cooperative relationship.

After listening, he was silent for a moment, "You are doing the right thing, don't sign a contract until things are clear."

Now too many bosses with bad morals have caused the enterprise to collapse because of one thing.

What's more, it is related to Yang Qian, a public figure, and infuriating behavior such as abuse.

Although some social events in the shopping mall are inevitable, some cannot be tolerated, which will involve their own group image.

They can't take risks.

Shang Qian chose a restaurant with a quiet atmosphere.

With Yu Lou and them, the meal was peaceful and pleasant, and the atmosphere was not awkward.

After dinner, Shang Qian proposed to go to Juli Group to see the finishing work of the project.

Su Nan wanted to take the time to take a look, so he readily agreed.

Ringo of the Juli Group had something to do, and Silent was pushed out to accompany them.

She has a better understanding of where the technology has progressed, and the introduction is concise and comprehensive.

Holding a cup of coffee in her hand, Su Nan watched Si Mo jumping over, she hurriedly avoided, "Moo, calm down!"

Si Mo immediately stopped, "I haven't seen anyone outside the company for a long time! Su Nan frowned, "

Did you rest?"

Silently glanced at Shang Qian, nodded, said hello, and walked forward with Su Nan's arm.

"Don't mention it, Mr. Fu has dug a few great gods from country D. Everyone is in the running-in stage. They are desperate to work. Of course we can't fall behind, it's a matter of national dignity!"

She also raised a small fist, Su Nan Couldn't help but smile.

But then he looked at her sympathetically.

“I haven’t seen my second brother for a long time, haven’t you?”

Silent looked embarrassed and looked left and right, “No, Su Ming has a national-level confidential project research in his hands. He is much busier than me.”

Su Nan had heard Su Ming mention that he would conduct closed research and would not show up for at least two months.

Still sadly silent.

She grabbed Si Si Mo’s hand tightly, pursed her lips, and pleaded pitifully:

“Mo Si, you can’t dump him just because of Ju Shaoli Duo!”

...

Chapter eight hundred and fifty-four the feeling of heartbeat

Chapter 854 The feeling of heartbeat was stunned for

a moment, and immediately shook his head, “Absolutely not!”

Then Su Nan can rest assured!

She smiled, took a sip of coffee, changed clothes, and went to the core research site.

Shang Qian and Yu Lou were very devoted to the visit. In fact, he could clearly see the data in the report, but the on-site visit was more impactful.

Silently introduced the latest progress in the front:

“Actually, we focus on smart life, not only the scope of smart home, but also decoration and design, even the temperature and humidity throughout the year, waterproofing and fire extinguishing.

Of course, the most difficult thing to control is the change of human emotions.

We have now completed the detection of human emotions, and will transform the indoor space environment according to human emotions, even a little subtle change.

And we put the latest medical research The results have been applied to this aspect, the artificial intelligence chip will automatically detect the health status of human beings, conduct daily physical examinations without leaving home, and respond to emergencies anytime, anywhere.” The

silent words made Shang Qian’s eyes brighten, this achievement Faster than expected.

The two huge laboratories in front stretched out their hands silently, “You can go in and feel it.”

Shang Qian nodded and went in simply.

Yu Lou hesitated for a while and followed up.

Su Nan stood outside and looked at her silently, “Su Su, are you not going?”

Su Nan shook his head, “The laboratory stuff is naturally the best, but if it can be used in daily life, it is the real cutting-edge. I have a set in my house ...” Silently

: “ ... ”

She turned around silently, looking through the glass, looking at Shang Qian standing tall and straight in the room, with a handsome face , a sense of luxury arises spontaneously.

He immediately shook his head and couldn't help but admire:

“This business manager is really looking better and better. He looks good, has a good figure and a thin waist. The key is that his legs are really long...”

Su Nanyi Stiff, his eyes looked strangely at the silence immersed in the nympho.

“Silent, my second brother is also good...”

Silent frowned, “I can't see him now.”

So I can only admire other men in a grand manner.

Su Nan shook her head helplessly. Forget it, she has always had this temper.

Silent bumped her lightly with his shoulder and narrowed his eyes with a smile.

“Susu, will you be heartbroken when you spend all day with such a beautiful person? Is it hard to endure the feeling of your heart beating faster?”

Su Nan was silent for a while and corrected her:

“We haven't been together all day. , I don't have a racing heart either.”

“How is it possible?”

She didn't believe there were hormones that handsome guys couldn't stimulate?

Su Nan added, "Only the volatility of the stock market will make my heart move."

In other words, in her eyes, only making money is the matter.

Silently looked at her and blinked, no wonder she was curious, what birthday gift does Su Ming usually give this precious sister?

Su Ming did not hesitate, "I prepared a card for her."

With a card, why can't you buy it?

She thought that someone as high-spirited as Su Nan would be extremely speechless in the face of Su Ming's tacky gift.

Didn't expect Su Ming to do what he wanted?

Now, she believes that Su Nan's taste is down to earth!

Su Nan mentioned this topic with relish, she grabbed Si Si's hand:

"Do you want to make money? I can introduce you to stocks, or real estate, and I can recommend it to you!"

Si Si swallowed, She completely believed that Su Nan really wanted to take her on the road to get rich.

But she wasn't mad at herself.

...

is also an annual salary of millions a year in the Juli Group, and there are bonus allowances, she is not interested in money.

Silently lowered his eyes, suddenly opened his hand, and said loudly: "I want to be famous in the world!"

Su Nan blinked and restrained his smile.

"This... is a bit difficult."

Might as well make money!

After Silent finished his nerves, he took her to his research room and introduced her to the gadgets he had just researched.

Sure enough, the brain circuits of scientists are different from those of normal people.

The general way for girls to relax is to go shopping, eat and buy.

The silent way to relax is to do research and do other research.

Su Nan was worried that Silent's body could not bear it, so she decided to take her to the gym to exercise, sweat and relax.

They told Shang Qian and ran out.

Silent is so familiar with skipping work, he must have run out less often.

She swiped her phone, "I know there's a new gym, let's go there..."

Of course, Su Nan had no problem. She was closer to the Juli Group, so that Silent could go to exercise regularly.

This gym looks well decorated, and as soon as you enter, someone comes to greet you.

Su Nan glanced at the huge billboard: 50,000 yuan for the annual card, no bargaining, free for beautiful ladies.

Su Nan twitched the corners of his eyes, raised his feet and wanted to leave, no matter how you look at it, why do you think this gym is not serious!

Silently looked at the project on the side, but was quite interested.

After thinking about it, she took out her card and said, "Apply a yearly card."

The little brother at the front desk was dozing off. He didn't expect that he would actually be able to come to his door for business?

A look at the person in front of him is bright and beautiful, slightly stunned, and looks familiar.

While hesitating, a strange voice came from the side.

"Su Nan?"

Su Nan turned his head and recognized him as Fu Yechuan's friend, Zhang Yu.

She was a little impressed. Before, she and Xu Teng were in the same frame and were searched, and everyone thought it was Fu Yechuan.

In the end, Zhang Yu came out and clarified that it was not Fu Yechuan who was whitewashing him.

Later, she never saw this person again in the circle.

Quite a coincidence.

Zhang Yu saw that it was her, and ran over excitedly, "Su Nan, is it really you?"

Su Nan was a little surprised when he looked so happy.

"Young Master Zhang?"

Zhang Yu rubbed his hands, he was really annoyed by his original behavior.

I thought it was for the good of Fu Yechuan, but it ruined his chance of being a hero to save the beauty, and suddenly withdrew the cooperation with the Fu Group.

In just a few short months, the Zhang family's business plummeted, and everyone fell to the ground.

There is no chance of a comeback with those compensations.

He was kicked out of that circle.

In this way, he used the money to open a gym, trying to break into that circle again, only accepting those rich people.

He smiled and said, "Miss Su wants to exercise, so don't apply for a card, come and play at any time, you are welcome at any time."

Su Nan twitched the corners of his mouth and smiled perfunctorily.

"I'm so sorry, I'm here with my friend."

She looked at Mianmo, who didn't care who the boss was at all.

Zhang Yu's eyes flickered, and he walked over and instructed the front desk:

"Since you are Miss Su's friend, let's take a 40% discount..." The

front desk nodded and responded.

Su Nan thanked him, but didn't intend to be so clear about this little money. Zhang Yu was not short of this money, he just wanted to please himself.

Su Nan is clear.

"What do the two ladies want to play? Running or yoga? Our teachers here are all national-level professional teachers, hired with high salaries, so it's better to have a shortage than a lot of them."

Su Nan looked at Si Mo, she pointed to one of the items, "I If you want to learn to meditate, you don't need to move, just sit." For a

moment, everyone fell silent...

Su Nan is speechless, spend tens of thousands of dollars, come to the gym to meditate?

Zhang Yu reacted and introduced enthusiastically:

"This teacher is an eminent monk on Mount Wutai. His experience in meditation is unparalleled in the world. There is no reason that he cannot understand!

You are his first student!"

Si Mo is very happy, and finally found a sport that doesn't require sweating!

Immediately, Zhang Yu sent Silent to the "Zen Room".

"Then Miss Su, what do you want to play?"

It's nothing more than some light exercise like yoga, which will not hurt her and make her happy.

Su Nan hesitated for a while, but he's already here. If it's at the national level, why don't you try it?

"Taekwondo."

Zhang Yu paused and glanced at her, “Okay, change your clothes inside, and I’ll practice with you later.”

He gritted his teeth, the coach had won the World Grand Prix.

Let him go, and he accidentally maimed her, he can’t afford it.

You can only do it yourself, it’s a big deal to let her.

Su Nan glanced at him in surprise, turned around and went in to change without saying a word.

The high-end service of this gym is that everything is ready for you, and it will never make do.

After all, the people who come here are very high-end people, and it is impossible to fool them with poor clothes and tools.

Su Nan chose a gray sports suit, with a beautiful figure and bright facial features. At first glance, it was too attractive.

But she also looked delicate and weak, as if she could be beaten to death with a single punch.

She went to the side to warm up for a run, Zhang Yu changed clothes and came out, with strong muscles, compared with her, it was an instant kill.

Taekwondo coach: “Are you here?”

Zhang Yu nodded, his brows furrowed, but he must not be too ruthless for a while, otherwise she would be hard to explain.

A little princess like a porcelain doll has to be held carefully.

Taekwondo coach: “To warm up?”

Zhang Yu shook his head, “Forget it, I’m afraid she won’t be able to hold back after warming up, and it’s not important to start. When I go up in a while, remember to video me...”

He took out Hand over the phone.

Taekwondo coach: “?”

No recording, what if she falls and falls on him?

Taekwondo observes Su Nan's warm-up professional sports. Although she looks slender and delicate, her movements are very professional and standardized.

It's not like you haven't played it before.

Just as he was about to persuade him to be careful, Su Nan had already put on a tool and went on stage.

Zhang Yu took a sip of water and walked over slowly.

Su Nan looked at Zhang Yu and then at the coach not far away.

"Are you sure you're going?"

Zhang Yu nodded, "Don't worry, I have a lot of hands, no worse than the coach."

Su Nan raised his eyebrows, okay, he did it voluntarily.

Zhang Yu asked her to do it first, and Su Nan was not hypocritical, just a roundabout kick passed.

The strong wind flashed, Zhang Yu was taken aback, but fortunately he escaped faster.

Su Nan's moves are neat and tidy, not playful.

However, Zhang Yu struggled with every move.

In less than five minutes, Su Nan flashed sideways, took off the arm that was holding him for the move, took the opportunity to trip him, and held him down very quickly.

Zhang Yu's arm seemed to be dislocated only with a crisp clicking sound.

The loser cannot lose again.

Su Nan stood up in disgust and didn't even look at him, "Go down and change the coach." He

looked very strong, and he was like a weak chicken.

If she hadn't let him get used to it with a few tricks, she could have thrown him off the first time.

Zhang Yu's face turned pale with pain, and the weak screams echoed in the hall, what a miserable man!

coach held back his laughter and carried Zhang Yu down, resting on the side, "The doctor will be here soon." After

saying that, he returned the phone to him.

That video was really wonderful. Su Nan made him so many tricks, but he still lost!

The coach is much more professional. While he feeds her tricks, he also leaves plenty of room for her to improve.

This is called an opponent, it is called a professional!

Zhang Yu looked at the two fiery people fighting above, biting his back molars, and tears almost fell.

Why didn't he know that this Su Nan was so powerful?

He took out his mobile phone and recorded a short video. Su Nan in it was cool and sassy, and his movements were like the wind.

Posted in the circle of friends, those old friends of his are still there.

Soon, the video was forwarded to Fu Yechuan.

Fu Yechuan stared at it for a while, then called Zhang Yu without saying a word.

When I finally saw the familiar number, I even forgot the pain, and I was so happy that I could hold the phone and kiss it for two.

He suppressed his excitement and answered the phone.

"Mr. Fu..."

He used to call Lu Qi "Old Fu" directly, but now he can't.

Only when Fu Yechuan gave him a face can he have a face.

"Did you shoot the video?"

His voice was low and cold.

"Yes..."

“She’s still there?”

“Yes.”

Zhang Yu looked at Su Nan, but she didn’t notice it at all.

“The address is sent, and...the video has been deleted.”

After Fu Yechuan finished speaking, he hung up the phone.

He didn’t want Su Nan to be surrounded by so many people.

Such a beautiful Su Nan, he can only think about it alone.

Zhang Yu hurriedly sent him the address, and then he was relieved.

Make up for it, it should be too late!

Less than half an hour.

Fu Yechuan is here.

Su Nan happened to be sweating and walked down with the coach.

It can be seen that this game was very enjoyable, Su Nan was very satisfied, and was in a good mood.

This is the first time the coach has met such an unpretentious girl. She is agile and strong, and the key is to be beautiful.

Some of the moves he made were heavy, and she didn’t say a word of pain.

Su Nan was drinking water and was about to take a bath when he suddenly saw Fu Yechuan coming.

Zhang Yu was holding his dislocated arm and talking to him.

Fu Yechuan’s cold eyes just happened to look over, and Su Nan frowned.

Really haunted!

Fu Yechuan ignored Zhang Yu and walked over with his long legs.

As he approached, the coldness on his face was well hidden.

His eyes glanced casually at the coach next to him.

His tone was low and slow, "Why did you think of playing this?"

He handed the towel over.

Su Nan didn't want to answer, but the atmosphere was too stiff, which made it seem weird.

"I went to the Juli Group and came in by the way."

Fu Yechuan was not surprised. It was close to the Juli Group, and according to Su Nan's character, he would not go to an unfamiliar gym for no reason.

Zhang Yu said that she also had a female companion who went to the meditation room to meditate.

Su Nan glanced at Zhang Yu and knew why Fu Yechuan suddenly appeared here.

Does he have too many ears to report God?

Zhang Yu avoided Su Nan's gaze and waited for them in the corner.

Su Nan retracted his gaze and said casually, "I'm going to take a bath, you can do it yourself."

After speaking, he left here.

She showered as fast as she could, changed her clothes, and hurried out with her wet hair tucked behind her without drying it.

As soon as he came out, he saw Fu Yechuan sitting not far away.

He spoke to Zhang Yu in a condescending manner.

Zhang Yu's attitude was obviously too respectful, more cautious than his subordinates.

Seeing Su Nan coming out, Fu Yechuan pursed his lips and just stood up when he heard a male voice coming from the door.

"It's almost time, shall we go?"

It was Shang Qian.

...

Chapter eight hundred and fifty-eight their relationship

Chapter 858 Their relationship

Fu Yechuan's face visibly sank, and the chill spread all over his body instantly.

He turned his head and stared at Shang Qian with his black eyes.

Just like watching your own invaders, be vigilant and kill.

Shang Qian also saw Fu Yechuan, his face was slightly stunned, and then he smiled warmly.

"What a coincidence, Mr. Fu is also there?"

Since the last time Fu Yechuan made some small moves on the Internet, it was specifically aimed at Shang Qian, and the two of them had never met.

Su Nan saw that the aura of these two men was not right, and wondered why Shang Qian suddenly appeared?

Silently walked out from the end of the corridor and waved his hand, "Is Mr. Shang coming to pick you up? He just called me to ask..."

Oh, it turned out to be her.

Zhang Yu did not expect that this scene would appear in his own store.

Wouldn't it be self-defeating, would it?

Fu Yechuan's eyes were dark and deep, and the aura around him was suddenly chilling.

Shang Qian, he can't wait to kill someone.

Su Nan pursed her lips and walked over.

"Mr. Shang hasn't left yet?"

"I want to wait for you to have dinner together..."

Shang Qian smiled gently and took the bag in her hand.

The kind of casual and caring, like a good man who carries bags for his girlfriend.

This scene, Fu Yechuan saw it in his eyes and stuck in his heart.

He even breathed a little harder.

Is their relationship so good?

Su Nan hadn't planned to agree to eat with him, but the things in his hand were taken away. If he refused in public, wouldn't he just slap him in the face?

She smiled and was about to go out when someone grabbed her wrist.

Cruel to death.

Su Nan looked over, Fu Yechuan's eyes were gloomy and indifferent, and Jun's face was gloomy.

There was a faint force in his hand, and his eyes were dark and bloodthirsty.

"What's the matter with you, eh?"

His question was taken off guard, as if anxious to know the truth.

He knew that the truth was something he didn't want to hear.

The blood in his body was flowing backwards, looking at Shang Qian, there was a faint dark color in his eyes.

Shang Qian's aura is not as domineering as his indifference, but his gentleness and modesty make him not at all disadvantaged.

Hearing this, Shang Qian smiled calmly.

"I'm afraid that President Fu won't want to hear it."

One sentence, no doubt put on an iron hat.

He didn't tell the truth, but he told the truth.

He was deliberately misleading Fu Yechuan.

Watching him lose his temper, lose control, lose his mind.

So cool!

Su Nan raised his eyes in surprise, looked at Shang Qian, opened his mouth, and wanted to explain.

But in the end he didn't speak.

The atmosphere was so stalemate and cooled down.

For a while.

Su Nan thought that Fu Yechuan would do something irrational, but he slowly let go.

She turned her head to the side, Fu Yechuan's face was as cold as frost, and there was a strong chill in his pupils.

But he pulled back his hand calmly, his black eyes staring at Su Nan, deep silence.

His voice was hoarse.

Slowly, he said, "Dry your hair before you go, it's too cold outside."

Su Nan: "..."

After he finished speaking, he took a deep look at Shang Qian, raised his feet and left here.

Zhang Yu hurried over to see him off, daring not to delay.

Su Nan looked at his back, for some reason, his heart seemed to be pinched.

A faint tingling feeling deep in her heart pierced her chest like a needle.

Very bad feeling.

What does he mean?

Shang Qian was also stunned for a while, his expression dark and unclear.

The silent reaction on the side was not slow, and she wiped her hair with the towel handed over by the staff.

"It's really cold outside."

Su Nan's face turned pale, and then returned to normal.

...

, Su Nan, is going to take it over and do it myself.

Shang Qian next to him walked over calmly, "I'll come."

His face was as smooth and gentle as usual.

But Su Nan did not feel the slightest warmth.

She dodged subconsciously, silently not letting go.

“Let me come, I have experience in brushing my hair!”

Shang Qian: “...”

Ten minutes later.

When her hair was dry, Zhang Yu came in, “Miss Su, welcome next time...”

Su Nan smiled, “My friend’s annual card with you, please take care of it.”

“It’s easy to talk . . .”

Zhang Yu’s bead of sweat on his forehead was about to fall, and he endured the pain while laughing.

Really dedicated.

Su Nan: “Let’s go to the doctor and take a two-day rest for the dislocation.”

Zhang Yu’s face stiffened, and he smiled with a guilty conscience.

Just now he was still thinking of letting him, but was beaten and dislocated by a delicate and weak eldest lady?

Really shameless!

The three of them left here, Shang Qian looked at her with an inappropriate expression, his eyes darkened, and he opened the car door.

Su Nan paused, “I want to send Momo back to the company. President Shang can go to work if he has something to do.”

Shang Qian was stunned, but he wasn’t stupid, it was because he couldn’t feel Su Nan’s sudden sense of alienation.

Silent has been very happy to get into Su Nan’s car.

How in keeping with her rhythm!

Shang Qian’s face changed a few times, “Are you angry?”

Su Nan raised her eyes, she was not angry.

How could she be angry because Shang Qian deliberately targeted Fu Yechuan?

Logically, she should be on Shang Qian's side.

Their interest community is more.

But she admitted that she felt very uncomfortable.

She smiled, "Why are you angry?"

"Because I made President Fu misunderstand our relationship on purpose."

He said bluntly.

Does that mean that Su Nan is still obsessed with Fu Yechuan?

So when Shang Qian deliberately led Fu Yechuan to misunderstand, Su Nan would be angry?

If you don't like it, why would you care about that?

Su Nan smiled, with a cold smile.

"Mr. Shang, Fu Yechuan and I are in the past tense, and we don't need others to test anything.

The one thing I feel uncomfortable about is that you are using me to provoke him?"

She wasn't stupid, it was because she couldn't see it.

If it was just an emotional contest, Shang Qian would not ignore her feelings.

Because he's getting revenge.

Yes, no matter how perfect a person is, he is also a mortal person, with selfishness, joy and anger.

In the end, Shang Qian still resented Fu Yechuan's use of public opinion to attack him.

He just kept looking for opportunities.

But no matter how I looked, I felt that Fu Yechuan's weakness was only Su Nan.

He thought that Su Nan couldn't see it.

He also thought that Su Nan would cooperate with him.

But she saw it so thoroughly that she saw through the only bit of selfishness in his heart.

Shang Qian's face was complicated, and he didn't know what to do for a while.

But the next second, Su Nan smiled, sincere and comfortable.

broke his embarrassment.

"But it doesn't matter, we've known each other for so long, and we should use each other. You help me everywhere, how could I forget?"

Shang Qian raised his head suddenly, Su Nan's smile was bright and perfect, and he couldn't see any angry look.

Her tone was calm and her eyes were sincere.

"Don't take it to heart, Fu Yechuan is not my bottom line, goodbye, President Shang."

Shang Qian was obviously shocked, and his black eyes stared deeply at her back.

Fu Yechuan was not her bottom line, it already showed that he was trying to touch her bottom line.

She is so smart.

Shang Qian immediately regretted the transgression just now.

How difficult is it to gain a little trust in her, so easy to spend away?

Shang Qian's clenched fingers turned pale, and his face sank...

...

Chapter 860 Does Boyfriend Mind

Chapter 860 Does your boyfriend mind?

Su Nan is in the car.

As soon as she got in the car, Si Mo just hung up the phone.

"Mr. Lin is back and asked you to have dinner. Do you want me to push you?"

Su Nan shook his head without hesitation.

“No, just right, I still have a few things to ask him.”

Silent nodded and said into the phone:

“She agreed, just happened to tell you a few things.” You are welcome.

Su Nan was slightly startled.

Isn't Ringo the president?

Is it okay to be silent?

Won't be wearing small shoes?

She pursed her lips and asked tentatively, “Is it okay to live here? Do you want to go to my place?” Silently

shook his head.

“No, I have a lot of affection for the company, hey...

At the beginning, Ringo was also a member of our research team, but his ability was limited. We kicked him out and let him manage the company. Fortunately, he It 's pretty good...”

Su Nan: Oh, it turned out to be one of the founders of the company!

No wonder you treat money like shit!

to the downstairs of the group.

Su Nan directly asked Silent to call and called Ringo down. She drove by herself without delay.

In less than five minutes, Ringo trotted down, his face still haggard.

Su Nan frowned, “President Lin is so tired, he still needs to eat?”

Ringo cheered up, and a helpless light was reflected from the back of Sven's delicate eyes.

“People are iron, and rice is steel. If you don't eat a meal, you will be hungry.”

No matter how tired you are, you have to eat.

Su Nan was speechless. Just as he was about to start the car, the co-pilot turned it on.

A person with a cold and quiet breath sat in, and the temperature suddenly dropped a few degrees.

Su Nan was taken aback, Fu Yechuan sat in the co-pilot so openly, his face still gloomy.

Didn't he leave?

Su Nan thought he went back to the Fu Group to smash things in a fit of anger?

Seeing her surprised look, Ringo coughed.

"That, I just met at the door, don't you mind being together?"

It seems that Ringo already knew.

Ringo smiled. He didn't even sleep when he came back from a business trip all day, and was called by Fu Yechuan to socialize.

He is really fighting for his life!

Fu Yechuan's stern face moved, and his black eyes stared at her deeply:

"Do you mind? Let's talk business, I think your boyfriend won't mind either..." Well, Shang Qian succeeded.

Fu Yechuan took it seriously!

She turned her head silently and started the car without explaining.

Seeing that she didn't say a word, Fu Yechuan's black eyes became even more gloomy.

Ringo and Shen Mo in the back looked at each other and realized that the atmosphere was not right.

Silently understood what was going on between them.

But she can't say...

There are three bosses in the car, so this meal can't be put together.

Su Nan asked Yu Lou to book a seat in advance, and after booking Yu Lou, he went home from get off work.

When they arrived at the appointed restaurant, they went straight to the box.

Ringo first went to the bathroom to wash his face, washed away his exhaustion, and came back refreshed.

The thin golden-framed eyes he wore made his skin fair and indifferent, giving him a sense of abstinence. Sven scum was talking about him.

Su Nan couldn't help but take a second glance.

Fu Yechuan noticed her gaze, his eyes fell on Ringo's body, and it became a little cold.

Ringo inexplicably accepted his cold violence and tried to ignore it.

"Mr. Su, our smart doctors listed abroad have been well received before, but the medical conditions at home and abroad are different, and further integration is needed. How about it, do you plan to invest more?"

Su Nan knew that this was what he said when he opened his mouth.

She smiled, "Okay, send me the plan for the second round of investment, and as soon as our board of directors approves it, the money will arrive immediately."

Ringo knew that she was very happy.

He swept away his exhaustion, "Come on, let's have a drink."
