## Chapter 881-885

Chapter 881 Too Much Information

Chapter

881 Too much information Seeing her not to speak, Shang Qian pursed his lips.

“I’m sorry, I didn’t mean to force you, but you promised me that you would give me a chance. You... won’t go back, right?”

Su Nan bit her lower lip, and suddenly felt a little hot on her face .

She thought it might be because of the lack of air circulation in the confined space!

“No.”

She answered quickly and immediately changed the subject.

“Mr. Shang, aren’t you curious about how I met Xu Anji?”

Shang Qian was stunned and smiled, “How did you know each other?”

Su Nan was eager to make the atmosphere casual and ordinary, so he simply talked about the past. After a moment:

“Xu Anji was just a small manager of Xinpu Group a few years ago. When I was an intern abroad, I was under his subordinate.”

Shang Qian gave her a surprised look.

There is too much information in her words...

With the background of the Su Group, Su Nan still needs an internship?

Xu Anji became the vice president of Xinpu Group in just a few years?

But Xu Anji didn’t know Su Nan’s true identity.

“But looking at your relationship, I don’t know any old friends...”

Su Nan raised her eyebrows and sneered coldly.

“This person has the ability, but

he is a bit unscrupulous for the sake of his superior position. When I went to a party with him, his partner obviously let me drink with bad intentions. No need to do it, how could I be friends with him?"

No wonder she was not familiar with Xu Anji's attitude tonight, but rather contempt.

Shang Qian pursed his lips, and his voice was low and gentle, "Then what? You didn't drink it, did you?"

His voice was clearly questioning with concern.

Su Nan: "I suspect that the glass of wine was drugged. Not only did I not drink it, but I threw the wine on his face in front of everyone and resigned on the spot."

Shang Qian tilted his head and glanced at Su Nan, She raised her eyebrows, her tone was extraordinarily relaxed:

"As expected of Miss Su, a real warrior should dare to draw a sword!"

Obviously, she was very happy.

After all, she didn't go to Xinpu Company to beg for food, she went to study.

If all she has learned is some dirty trading methods, isn't it a waste of her time to go?

She is an upright rich second-generation, how could she suffer such a dumb loss?

Su Nan also smiled, but then was a little surprised.

"How can such a person sit in this position?"

The vice president of Xinpu Group is not just the vice president of a certain region, but the whole Xinpu Group has more than ten thousand people under one person.

Is this rising speed a rocket?

Shang Qian smiled, "Few people who can bring huge benefits to the company pay attention to his private life, but Xu Anji's reputation in the circle is not bad. Although he is shrewd, he is generous."

Seeing that Su Nan's face changed, Shang Qian immediately changed his words:

"Perhaps everyone only saw the surface, but you saw his true heart!"

Su Nan's face became better, and he was very satisfied with Shang Qian's addition.

She nodded firmly, "Yes!" It

must be like this!

When she arrived at the cinema, Shang Qian asked her to put on her coat.

Su Nan thought for a while, afraid of being frozen to death, and nodded in agreement.

She raised her collar up just enough to cover half of her face.

That way no one will recognize it.

Seeing her huddled in her clothes, Shang Qian smiled helplessly, and then went to buy a ticket.

In less than two minutes, he was back.

Su Nan looked at the popular movies around her with apricot eyes, and they all looked good.

Shang Qian dragged her empty sleeves and walked forward, "There is only one movie still in theaters at this time."

Therefore, there is no choice.

...

Chapter eight hundred and eighty second his girlish heart

Chapter 882 His girlish heart

, Su Nan, doesn't mind either, it's just to pass the time anyway.

Shang Qian took her into a hall. The entrance was pitch-dark. Su Nan couldn't see it clearly. He followed him and asked,

"Is the seat you bought in the front or the back?"

Shang Qian didn't answer.

When he got to the front of the screen, when the light was good, he took out a thick stack of tickets from his pocket.

Su Nan was shocked for a moment.

Shang Qian calmly said, "Choose whatever you want..."

Anyway, he reserved the venue. Looking at Su Nan

's shocked expression, Shang Qian explained gently:

"I'm afraid that you will be misunderstood when you see us watching a movie together, so don't let people see it, and wait until you are willing to be seen by others."

It is estimated how ruthless, unreasonable and unreasonable, Shang Qian is tolerant of her worries.

He secretly thought of those words she couldn't speak for her.

Su Nan lowered his eyes, feeling extra guilty for the fact that he was still speculating about his dark psychology.

How could a good person like Shang Qian deliberately use her?

The dark person is her!

Su Nan's nose twitched involuntarily, and looked up at him:

"Mr. Shang, who is always considerate, doesn't really have a girlfriend?"

Shang Qian was stunned, and smiled.

"You don't believe me? My care is only because I have one more naughty child than others."

Su Nan hooked his lips: "It seems that Mike is a good excuse."

Shang Qian: "I really want to complain, but I'm a little too happy that you care so much about my past."

There is some warmth in his smile, and his delicate and warm face is noble and quiet.

Seeing him like this, Su Nan was a little dumbfounded, and was beaten back by him again.

She turned around immediately and went to the back seat. That position and angle are the best places to watch the movie, and Shang Qian followed closely.

The movie starts.

When the page came out, there was a layer of bloody liquid dripping from the two big characters "Morning".

Su Nan frowned and looked at Shang Qian sideways.

“Ghost movies?”

Why do men always like ghost movies when they watch movies?

Is it to show his strong willpower in this cramped space?

Unexpectedly, Shang Qian is also not conventional.

Shang Qian’s expression was obviously a little shocked: “Isn’t it a Japanese mythology movie? The conductor at the front desk said that this is to promote Japanese culture...”

How does the international cultural transmission, elegant and low-key, fit their identities?

What the hell is a ghost movie?

This is not what he wants!

Su Nan realized that he had been fooled, and smiled unconsciously.

“That’s right, they didn’t introduce it wrong, indeed, Japanese ghost movies...”

She suddenly felt very funny, and Shang Qian’s reaction was bigger than hers.

Shang Qian stood up speechlessly, “I’ll change one...”

Su Nan grabbed his sleeve, “Forget it, it’s okay, look at this...”

Shang Qian sat down helplessly, Still thinking:

“This is too much, girls will be scared after watching this kind of movie, no wonder there is no one in this scene, liar!”

Su Nan noticed that something was wrong with him, and thought it was funny, squinting his eyes and smiling.

A girl’s heart...

Then with the music, she concentrated on watching the movie.

A simple and cute little girl went to the bathroom.

The lights suddenly flashed and exploded.

At this time, the terrifying music was accompanied by the little girl's nervousness.

Su Nan went in with a nervous look.

Afterwards, the screen went dark, and within three seconds, the little girl screamed and suddenly wanted to push the door out, but the door could not be pushed open...

At this moment, light and shadow flashed behind, like A figure flashed by, and the feeling of terror instantly made the scalp tingle.

What a fake scene!

...

Chapter eight hundred and eighty third fragile and perfect

Chapter 883 Fragile and Perfect

Su Nan just wanted to laugh, and wanted to share with Shang Qian the expected plot, only to see Shang Qian covering his face with a pale face.

He didn't dare to look at it at all!

Su Nan was a little surprised. He was afraid of a man like this?

"President Shang, are you alright?"

Shang Qian pursed his lips when he heard Su Nan's voice, put his hands down, and turned to look at her as if nothing had happened.

"Well, it's fine."

He just smiled a little pale.

Su Nan smiled, knowing that he was afraid of watching ghost movies, and couldn't help but want to laugh.

"Look, this girl should pull the door in, but she can't open it if she pushes it..."

Shang Qian turned his head and glanced, just when he saw a disheveled female ghost suddenly appear, he shivered with fright .

There was some surprise in those dark eyes, his hands resting on the armrest beside him, his phalanges were distinct, and he looked like he was still in shock.

His voice was hoarse, "Oh, yes..."

Su Nan pursed his lips, "If you're afraid, we won't watch..."

"No, I'm not afraid, I It's just that I can't accept the traditional Japanese culture..."

Shang Qian was still explaining to himself, but then he looked at Su Nan in surprise:

"Why are you not afraid at all?"

Su Nan blinked, "I The third brother often takes me to the crew, I know how to shoot it, so there is nothing to be afraid of..."

Shang Qian nodded clearly, so it was.

It's just that after he was shocked, his voice was hoarse, "Emperor Su has also filmed this type?"

Su Nan shook his head, "It will affect his character and box office, he won't shoot it."  
The

two of them were chatting, and the time passed minute by minute.

Su Nan suddenly found that although Shang Qian was facing the screen, he didn't even look at it.

For two hours, his body was tense, and it was not easy to sit in it until his head.

When it was over, Su Nan went to buy something to drink and saw Shang Qian leaning against the wall at the door to take a deep breath and relax.

Su Nan: "..."

As for?

What a fragile and perfect man!

She walked over and handed him a bottle of water. Shang Qian took it politely and drank half of the bottle, and the blow in his heart gradually eased.

After all, he is also a person with an extraordinary position on Wall Street, so he is so afraid of ghost movies?

Su Nan: "It's almost time, shall we go back?"

Shang Qian nodded, his pale lips pulled out a smile.

When he got in the car, Su Nan stopped him: "I'll drive..."

His mood didn't seem to be suitable for driving.

Shang Qian was silent for a moment, did not refuse, and agreed.

When he arrived at Su's house, Su Nan got out of the car and asked the driver to take him back.

Shang Qian refused, "I have returned to normal, and I can go back by myself."

Seeing him insist, Su Nan did not force it.

Shang Qian then left.

Su Nan went in and watched Su Qi playing games in the living room. Su Xiaohu also grabbed a mobile phone to help him.

"Aren't you cheating?"

Su Xiaohu is a tiger with artificial intelligence, whose IQ is much higher than that of ordinary computers.

Su Qi paused and glanced at her, "Su Xiaohu is my brother!" After

he finished speaking.

Su Xiaohu threw the iPad in front of him, flung his tail, and ran to Su Nan's feet and circled:

"Mama, hug me..."

Su Nan smiled and picked it up, glanced at the deflated Su Qi, smiling and bending his eyes:

"I don't want to take advantage of you..."

...

Chapter 884: A mouthful of dog food chokes her to death

Chapter 884 A mouthful of dog food choked to death After she finished speaking, she carried Su Xiaohu upstairs.

Su Jin came downstairs, his face as cold as ever.

"Isn't the banquet over long ago?"

“Go do something, eldest brother, do you know about the Fu family?”

Su Jin’s news has always been well-informed. Out.

Although it was surprising, it was not earth-shattering.

He nodded, “Didn’t you still intern at Xinpu International for a while? Don’t they know?”

Su Nan pursed his lips, “Fu Yechuan probably doesn’t know, but Xu Anji does.”

“It’s okay to know, anyway. I don’t dare to take it out and advertise it.”

Su Jin thought for a while, with no emotion on his cold face, and said, “Fushi reshuffles the cards again, I’m afraid it won’t be too quiet in a short time, and Fu’s side branches will lose interest and cause trouble. The last game, this time we can just watch from a distance.”

Su Nan was surprised for a moment, then nodded.

Although they knew that this was Fu Yechuan’s plan, but in the eyes of Fu’s side branch, it was more like Mr. Fu teaming up with Fu Yechuan to pit them!

There might even be infighting!

Su Jin rubbed his brows, “By the way, Zhang Gan has approached me many times during this time, but I didn’t agree to sign the contract. As far as I know, it’s not just about his personal life, but also about his products.. ...”

Su Nan was shocked for a moment.

Zhang Qian’s company’s product quality is still among the best in the industry, so the Su family will continue to cooperate.

If the quality decreases, then there is no need to cooperate any more. In this industry, the survival of the fittest is very powerful. It is not uncommon for such companies to spring up like mushrooms after a rain.

“Let’s get someone to investigate later, it’s better to be cautious...”

Fortunately, she planned to increase the cost for him before. If the quality is not good, then she is doing it too much.

Su Jin nodded, yawned and was about to go out.

Su Nan was surprised, “Brother, are you still going out so late?”

Su Jin responded lazily, "Go pick up Wen Xiang from work..."

Su Nan: "..."

OK An unexpected dog food!

Unconsciously, Su Qi also changed clothes and went over, checked the time, and was about to go out.

Su Nan: "Third brother, are you going out too?"

Su Qi curled her lips into a wicked smile, "I know that I don't eat much at night, so I'll go and bring her some..."

Su Nan blinked:

"Then I'll go too, I haven't seen her for a long time!"

Su Qi's face changed, looking at her seriously:

"The existence of the light bulb will disturb us, I advise you to stay at home..."

Su Nan "..."

So angry!

She turned around and went upstairs, not wanting to see them again!

Fu Group.

In Fu Yechuan's office, Xu Anji silently looked at the takeaway in front of him.

"I'm flying over mountains and rivers, and you'll give me this?"

Although it was made by a master chef in a famous Michelin restaurant, the occasion was not right. If there is no candlelight dinner, it's not even a flower.

Fu Yechuan was sitting there, his nose was high, his face was cold, and his voice was very light:

"If you don't want to eat, you can stop eating."

The standard is not going to be raised anyway.

Xu Anji was speechless: "..."

He drank a lot at the banquet just now, and now he really has no appetite.

“By the way, has the president of Greater China accepted his fate?”

The presidents of each region accepted their fate in the name of the headquarters, but Xu Anji would discuss them one by one.

Fu Yechuan’s eyes deepened slightly, “Jiang Nian and Yunyun, do you recommend these two?”

Xu Anji smiled in a low voice, “The performance and ability of these two are the strongest, but Jiang Nian seeks stability, but Yunyun does. The stock is strong, but unfortunately it’s a woman...”

...

Chapter eight hundred and eighty fifth fate is not shallow

Chapter 885 The fate is not shallow

. Although the workplace has always been clamoring for equality between men and women, when it comes to measuring the room for improvement, everyone still involuntarily favors women.

Fu Yechuan was silent and did not speak.

Xu Anji: “However, I am more optimistic about Yunyun, she is smooth in handling things, and she has reached this point in her twenties. We can completely market the history of her struggle as a beautiful CEO, maybe she is a living sign in Greater China!

Fu Yechuan’s voice was cold: “

Don’t think I don’t know how she climbed to this position, her little cleverness can’t compare to Jiang Nian’s real ability!”

Xu Anji froze.

Silent for a few seconds.

Then, he smiled, and the corners of his lips curled up involuntarily.

“Is it necessary to make such a fuss about the entertainment in the mall? You remind me of Su Anni... Oh, it’s your ex-wife!”

Fu Yechuan was stunned, raised his head suddenly, and looked at him coldly:

“You Who?”

“Su Anni, I heard that she is the female president of the Su Group. When she was in Europe, she used to be an intern under me for two months. I didn’t expect her to have such a deep background. Running to Xinqu International as an intern?”

Xu Anji tutted twice, she never expected it!

“Su Nan? Worked at Xinqu International?”

Fu Yechuan’s tone increased, his voice extremely cold.

Xu Anji nodded, “Yeah, isn’t she your ex-wife? Don’t you know?”

He shook his head, sighed, and fell into memory:

“There are so many interns, I chose this one, because she has a long She is beautiful, capable, and willing to endure hardships with spiritual energy. I plan to train her to be a confidant, so I take her with me in everything I do.

Later, at a wine game, the client drank too much, so she insisted on drinking, and signed the contract at the door.

I just let her take a sip. I poured the wine myself, no problem.

As a result, she threw the wine on my face and resigned on the spot. I really remember it, and I haven’t contacted since then! Fu

Yechuan’s expression is inexplicable, dark and deep.

It turns out that they have long been related.

If only they could have known each other earlier, it would be great?

Xu Anji did not notice Fu Yechuan’s mood at all, and shook his head:

“It turned out to be the Su Group. My daughter, it’s no wonder that you can pour wine on your boss’s head so stubbornly, what is the confidence...”

Fu Yechuan raised his eyelids, his eyes were pitch black.

“And now there is information about her at that time? “

It’s long gone, she’s just an intern. At the time, Xinqu International was not as strict as it is now, so she left a phone call, but just saw her, she still seems to hate me so much...”

Xu Anji He was a little disappointed, but he had high hopes for her at the beginning!

There was silence in the office for a while.

Fu Yechuan rubbed his brows, "Let's put the appointment of the president of the Greater China region for now, and then wait for a while.

Xu Anji smiled, "Don't say I didn't remind you, the two of them won't sit still, I'm afraid they've arrived in Country Z now..." Fu

Yechuan was silent, without making a sound, with a laissez-faire attitude.

For him, if you don't fight for it, you're not motivated. If you fight for it, it's too selfish. Even Xu Anji can't be sure what his request is?

For several days.

The infighting of the Fu Group has no waves of imagination, and it is calm and peaceful. It was settled by Fu Yechuan.

In the luxury hotel, a naked woman and Xu Anji rolled on the bed.

After the passion.

The woman entered the topic coquettishly, "Mr. Xu, is there any news about the position of the president of Greater China?"

Xu Anji got up and put on clothes mercilessly:

"I don't know..."

Chapter eight hundred and eighty sixth I have difficulties

Chapter 886: I have a hard-fought

Su Group.

After Su Jin came back, Su Nan visibly relaxed a lot.

She was leisurely drinking coffee in the office, looking at documents.

Looking up at the time, Yu Lou came in when he was going to get off work to eat.

“Mr. Su, Yang Qian is here...”

Su Nan frowned and suddenly remembered that she had been involved with Zhang Gan's mess last time at the golf club...

“No.”

Yu Lou nodded and was about to exit, but Yang Qian had already pushed the door sideways and entered, wearing sunglasses and a scarf, covering her face tightly.

For fear that others will not know that she is a public figure.

Su Nan frowned, his eyes swept her coldly, “Call the security...”

She was rude.

She had helped her before, but she didn't say thank you, so she walked quite neatly.

She doesn't want to care about who Yang Qian and Zhang Gan are abusing children and lying...

That's not what she cares about.

Yang Qian came in in a panic, took off her eyes, and looked pitifully flattered:

“Mr. Su, five minutes will be fine, I made a special trip to thank you for your help last time.”

Su Nan raised her eyebrows, “No need, Miss Yang. It's not easy to remember such trivial matters.”

Yang Qian twitched her lips, “I... I was afraid that Zhang Gan's people would catch up, so I ran away, and then joined the group to act. I'm really sorry that the phone was taken away by the manager.”

Su Nan didn't want to hear her reason, and smiled.

“It's nothing, just go out.”

Yang Qian pursed her lips and looked a little nervous:

“I know that the Su Group and Zhang Gan may have cooperation. I'm here to stop it. It's really not for my own sake.”

Hearing this, Su Nan was taken aback and waved to Yu . Floor to leave.

There were only her and Yang Qian in the office.

Su Nan calmly took a sip of coffee, "What's in it for you to stop our cooperation?"

Yang Qian sat across from her. Compared with the last meeting, she was much more energetic this time, and her makeup was exquisite.

"Mr. Su, Zhang Gan's production line is close to being shut down. If you sign a contract, he plans to outsource it to another manufacturer and use the eliminated defective products to deal with Su's contract.

Because he plans to give up this production line and join hands with others. The core technology of copying and imitating the profession is only missing a deposit..."

Su Nan looked calm and looked up at her:

"Why should I trust you?"

Yang Qian pursed her lips, "You Su Group There is a manager in the research and development department. He has the latest finished cardiac pacing device,

right? This manager just married Zhang Gan's sister a few days ago, and he also took a stake in Zhang Gan's new company."

Said, she I took out my phone and found a photo.

It's a photo of a wedding scene.

In that photo, Zhang Qian stood behind him with a smile on his face, and the groom in front was indeed familiar.

Su Nan knew the groom, and he was there when he held a meeting with the R&D department.

Having said that, Yang Qian's words are very credible.

Originally, they didn't plan to continue to cooperate, but according to Yang Qian, Zhang Gan planned to steal the technology to pry the corner?

This cardiac pacing device is a medical device independently developed by the Su Group. Currently, it is only available in limited quantities to major hospitals to test the effect of use, and each device has a serial number and an alarm feedback device.

As soon as the effect report comes out, the production scale will be expanded in a limited way.

At present, although the effect of this feedback is widely praised, the expert review has not yet started, so it is still in a wait-and-see state.

Only middle and senior managers can get this inside information...

...

Chapter eight hundred and eighty seventh a transaction

Chapter 887

Only the director of the R&D department can get the finished product after a transaction.

Su Nan's face was a little cold, and there was a chill in his eyes.

It's disgusting to have this kind of thing happen under your nose!

This Zhang Gan...

"If Mr. Su doesn't believe it, you can go and see if there is one less instrument in your company?"

As far as I know, this instrument has already arrived at Zhang Gan's brother-in-law's house."

Su Nan He raised his eyes, his face was calm and calm.

She smiled, "Miss Yang, are you waiting for them to steal the things before you come to tell me this news?"

Yang Qian was stunned, and lowered her head a little to dodge.

She got to the point in one sentence.

"Yes, otherwise you wouldn't believe me if I told you..."

Su Nan chuckled, and still called Yu Lou, "Call the police, the company lost something, go check the manager of the R&D department. , suspend all his duties."

Yu Lou glanced at Yang Qian and nodded immediately.

"Yes."

Su Nan returned the phone to her, "If it's true, how do you want me to thank you?"

Yang Qian breathed a sigh of relief, "Don't say thank you, Mr. Su, you helped me last time, this is what I should do I did."

Su Nan glanced at her and raised her eyebrows.

"Oh? Then I'm welcome."

Everyone is too tired to wear masks. If you are not direct, I will not bother.

Yang Qian froze, "However, if Mr. Su can help me send the child abroad..."

Su Nan stared straight at her, frowning.

Yang Qian lowered her head and lowered her eyes, "Then I will be grateful."

"I don't understand what Miss Yang means?"

Yang Qian took a deep breath: "You don't know, Zhang Gan has a child himself, but he has to stare at him. I and his illegitimate daughter, why?"

Yes, this is what Su Nan is curious about!

"Because he and his wife's child had leukemia and needed a bone marrow transplant, and they took my daughter to match them in private, and it turned out to be a perfect match!"

Yang Qian's eyes were red, but her face was a little grim.

She gritted her teeth, "They treat my daughter as a tool person, she is not yet ten years old, she will leave a psychological shadow, and it is not good for her body, I can't let her be hurt like this, let alone cheap them. To a dog man and a woman!"

Xiao San scolded that the original partner was a dog man and woman, and it was the first time that Su Nan met.

"Miss Yang should be able to send the child abroad, right?"

Su Nan looked at her. An actor is a high-income group, not to mention an actress who is in the forefront. Why should she seek help from her?

Yang Qian lowered her eyes, "My every move is being watched by Zhang Gan's people. If I send my front foot abroad, he can steal the child with my hind foot. I can't take risks.

Miss Su, please help me send the child out secretly. , don't tell anyone her whereabouts, and I'll pick her up when it's over..."

Sounds like a good idea.

“But isn’t it inconvenient for the child to be abroad alone?”

Su Nan said, it would be better to send Yang Qian out to take care of the child.

After all, when Su Nan went abroad by himself, the people of the Su family were worried all day long. Even Su Jin could not wait to cook for her with 180 calls a day...

Yang Qian smiled awkwardly, “It’s okay. , she is used to it alone.

I... can’t go, my career is on the rise now, an actress, the best time is in these two years, I have to stay, I disappear in public for more than three days, everyone will forget mine.....”

...

Chapter eight hundred and eighty eighth I have plastic surgery

Chapter 888 I’ve had plastic

surgery In the end, she can’t bear to achieve her own achievements.

Su Nan paused and nodded.

“Okay,

yes. ” This is not difficult.

Yang Qian breathed a sigh of relief and looked at Su Nan gratefully, “Thank you, Mr. Su, I

am so grateful!” Su Nan remembered Shang Qian’s words, and suddenly raised her head:

“Have you really never abused children?”

Yang Qian was surprised, ” of course not, I spent a few days at home throughout the year, one of the few opportunities to see children, I how

it would do that? “

Su Nan nodded casually,” well, arrange a time and place I will inform you. “

It seems that even if it is pursued to the end, it is Zhang Gan’s side that is the most hateful, or it is the babysitter who is watching the child.

Yang Qian stood up with a smile, "Okay, I'll go back and prepare, Mr. Su, I also hope you can meet someone you like soon and have a cute baby..."

Su Nan looked up at her speechlessly, She didn't even want to help her.

Yang Qian left easily.

Not only did she take a fancy to Su Nan's ability, but also because Su Nan used the power of the Su Group to send the child away, even if Zhang Gan found something, he would still have scruples.

If his child wanted to live, he had to pay the price of her daughter's life?

Dream it!

Not long after, Yu Lou came back.

"Mr. Su, the lost thing is indeed at Zhao Ming's house in the R&D department. The thing has been brought back. I sued him in the name of the company, and it has been filed in HR."

Su Nan nodded, suddenly remembered something, "Go check it out. Does Zhang Gan have a son with leukemia?"

Yu Lou

paused, "Yes, President Su Jinsu has investigated this before, and there is such a thing." Su Nan pursed her lips, it seemed that Yang Qian didn't lie to her.

"Okay, I see."

Yu Lou: "President Shang has been waiting outside for a while. He asked if he can come in?"

"Of course."

Su Nan couldn't help but sigh, Yang Qian, who rushed in, and Shang Qian, who was waiting outside, It's not really a way.

Subsequently.

Shang Qian walked in slowly, nodded to Yu Lou with a gentle face, and then looked at Su Nan:

"I passed by here talking about things, just came over to see, do you want to have dinner together?"

Yu Lou left with discernment.

Su Nan smiled, hesitated, and listened to Shang Qian's thoughtful

words : "If it bothers you, then I will ask again at night."

Su Nan paused, "Don't bother." Having

dinner together at night feels like a date. .

Forget it...

Su Nan went out with her mobile phone and the sky-high Hermes.

A restaurant near the company is very stylishly decorated, but many people were discouraged due to the price of the dishes.

As a result, it has won the favor of many senior managers in the vicinity.

The atmosphere here is great, the fragrances used in the air are all in the six figures, and they are worthy of the service fee they charge.

People who come here will not choose a private box, because the outside environment is more elegant and comfortable.

Shang Qian went to park the car, and Su Nan first came to sit down and prepare to order.

She stared at the menu seriously, a strong scent of perfume hit her Tianling Gai, and Su Nan raised her head.

A woman in a big red dress stepped on high heels to the front of her eyes. She had delicate makeup on her brows and eyes, and she had an impact. Her gestures were seductive and very purposeful.

This is Su Nan's experience in shopping malls for so many years.

She approached Su Nan with an overwhelming aroma, and smiled in surprise:

"Su Nan? Sure enough, it was you, I thought I was wrong..."

Su Nan frowned, "You are... "..."

"You don't remember? I'm Yun Yun, we are classmates, and we are still in the same class in the university..."

But it doesn't matter, you are busy with other affairs, so it's normal if you don't remember, and I've had plastic surgery. , so far it has changed a lot."

...

Chapter eight hundred and eighty nine your boyfriend

Chapter 889 Your boyfriend

Su Nan nodded in confusion, she really doesn't remember.

Yunyun had already sat down opposite her, the corners of her seductive eyes curled up, as if she could take away a person's soul.

She smiled generously, with an unyielding energy on her body, "I didn't expect it to be such a coincidence that I can meet you here. It's been a long time since I saw my old classmate."

Su Nan smiled politely, but said nothing.

The waiter brought her lemonade, Su Nan looked at her, "Are you here to eat too?" The implication was that she should leave.

Strangers can affect her appetite.

Yunyun nodded, "Yeah, I've just been transferred to work in China, and I'm not familiar with this place. Fortunately, I met you. Have you ordered? Let's go together, I'll invite you to this meal..."

Su Nan frowned, seeing that she had already started telling the waiter to get the menu.

With such a familiar person, she has only seen actors.

She ordered a few signature dishes and handed them to Su Nan, "What do you want to eat, you're welcome, I said I will!"

Su Nan paused, she always felt something was wrong with Yun Yun, so don't blame her  
You are welcome.

She blinked and smiled at the waiter.

"What's on the menu, come up..."

Yunyun's expression changed for a moment: "Have you eaten so much?"

Su Nan explained softly: "I have colleagues, if you mind, I'll pay for it."

Yunyun had said what she said before, how could she take it back?

She felt a sudden pain in her heart, and the second generation of the rich was really different, and she didn't even look at the price.

"Of course I don't mind. We haven't seen each other for so long. It's right to invite you and your colleagues to dinner."

Su Nan's eyes flashed, looked at her tenderly, and smiled.

The clothes on this Yunyun's body are also five-digit numbers, and she doesn't seem to be short of money.

Her makeup is exquisite, and at first glance she comes prepared.

A woman's most direct weapon is her bag. She prepares so meticulously, she will definitely take her most expensive bag.

This bag in Yunyun's hand is the latest version of Grandma Xiang's season, with seven figures.

But compared with Su Nan's eight-digit Hermes, it is not worth mentioning.

I have been in this circle for a long time, and I can tell my identity by looking at the bag.

Yunyun's conversation is not like that of an ordinary lady, she has scheming, knows calculation, and is generous, and will condense people's hearts.

If she hadn't followed Su Yifeng and Su Jin since childhood, she would have liked this familiar Yunyun very much.

It's a pity that she has been revealed from the first sight...

Su Nan lowered her head and sent a text message to Yu Lou, asking the people from the secretary department to come over for dinner.

Yu Lou replied excitedly: "I'll be there soon!"

Just as Yun Yun was about to say something, Shang Qian had already arrived.

"Why did you meet your friends after being a little late?"

Shang Qian stood beside Su Nan and patted her on the shoulder.

Su Nan smiled and took a seat inside, making room for him.

Yunyun stood up in surprise and wanted to shake hands with him:

“Hello, I’m Su Nan’s classmate, are you her boyfriend?”

Out of courtesy, Shang Qian retracted her finger as soon as he touched her, more It didn’t stop for a second.

Yun Yun didn’t feel embarrassed either, “Wow, your boyfriend is so good-looking, what is his job?”

Shang Qian was stunned for a moment, then looked at Su Nan.

Su Nan smiled and said, “Miss Yun has just returned to China, so she doesn’t know much about domestic affairs.”

She looked at Yun Yun and didn’t explain much about their relationship.

Shang Qian smiled modestly and was very polite:

“Doing a small business is not worth mentioning.”

Yunyun sighed, “You are really happy when you are your own boss, unlike me who has to work for others.

Su Nan’s family background is good, every day I open my eyes and just think about how to spend money, but we also have to think about going to work and earning money to support our family. ...”

...

Chapter eight hundred and ninetieth fake classmates

Chapter 890 The fake classmate

Su Nan took a sip of lemonade and looked at Yunyun with a smile.

“No way, good luck.”

If it was someone else, she would definitely be impatient to get back into the game.

She opened her eyes all day long and was responsible for the livelihood of tens of thousands of people under her command. The stock market was a little turbulent, and she couldn’t even eat.

She's also working hard to be the president, okay?

Yun Yun choked, feeling like cotton stuffed into her throat.

She smiled and took out her mobile phone, "Why don't we add a WeChat friend and keep in touch in the future..." Su Nan's eyes flashed, he hesitated for half a second, and agreed.

"Okay..."

She wanted to know the purpose of this Yunyun's appearance.

Su Nan added, Yun Yun pushed in front of Shang Qian, blinking those seductive fox eyes and smiling charmingly.

"Let's add one too, shall we?"

Shang Qian refused gently, "No, I don't use social media very often."

Yun Yun held her chin in her hand, her eyebrows moved slightly, and her eyes were on him and Su Nan. Spin around.

"Isn't that an excuse? Who doesn't use social media? Could it be that Su Nan doesn't allow you to talk to other women?"

How could Su Nan be such a stingy person?"

Su Nan smiled slightly and raised an eyebrow, looking at Shang Qian.

"Yeah, let's add it, maybe it's useful..."

Shang Qian looked embarrassed, obviously reluctant.

But when Su Nan spoke, he couldn't refuse. He could only open WeChat on his mobile phone and add her as a friend.

Su Nan glanced at Shang Qian's page, and Yunyun immediately sent him a "love launch" emoji, cute and cute.

Su Nan looked at her and her page, it was empty and there was nothing.

Immediately, he fell into contemplation.

However, Shang Qian didn't respond at all, he looked at Su Nan gently, "Have you

ordered ?” Su Nan raised his chin, “Miss Yun treats you, so I’ll invite my colleagues from the company to eat together. “

Yun Yun smiled, “Yes ah, we are old school, what kind of good, big deal well next time you invited me to dinner! “

one to one to, there is a next time.

Su Nan was silent for a few seconds, then smiled.

Shang Qian’s eyebrows moved slightly, and he immediately understood Su Nan’s attitude.

If she was a real friend, she wouldn’t be so boring and troublesome.

At the moment, he silently arranged for Su Nan the scarf she had thrown aside.

The waiter brought the food, the table was small and filled up quickly.

“Miss Su, there are still a lot of dishes...”

Su Nan smiled, “My colleague will come in a while and put it on the rest of the seats. I won’t serve other guests at noon today.” The

waiter Nodding, “Okay, Miss Su.”

After a while, the waiter brought the wine, and Yun Yun hurriedly took it over, “I’ll come...”

She smiled and poured a glass for Su Nan:

“I really envy you. With such a caring and rich boyfriend, don’t you rich people pay attention to marriage?

Your boyfriend’s family must be rich, right?

You were born at the peak of our life, and there are a lot of men chasing you in Gougong Finger, unlike me, who is working all alone, and I don’t have a boyfriend yet...”

Yun Yun seductively said. Looking at Shang Qian, his eyes flashed and he smiled brightly, but suddenly he had a meal in his hand. The

wine was spilled...

“Sorry, I was so careless, I will help you...”

Yun Yun went around the table and was about to help Shang Qian wipe the clothes that had been spilled with alcohol.
