Chapter 901 The person who saved her

Chapter 901 The person who rescued her was

silent in the car, and the movement of the rain outside was too clear.

What a lifesaver!

Su Nan desperately looked at the rain curtain outside.

Why is she following?

Is there anything more desperate than this moment?

Ning Zhi rolled his eyes and pointed at him with bright red nails, "If I were not an elegant fairy, I would kill you and then throw your body!"

Qin Yu nodded, "That's right!"

Cheng Yi twitched the corners of his mouth. Looking at Su Nan, "You are still the best for me."

Su Nan raised her eyelids, "I will burn paper for you."

As time passed, the temperature in their car gradually decreased.

Everyone can't get through on the phone, and there is no network and signal. They can only wait for people to pass by, or take the initiative to find them.

The rain was pouring down, and when the rain stopped, it was dark.

Everyone's mood was extremely complicated. Qin Yu scolded Cheng Yi for being boring, and Ning Zhi leaned listlessly by the car window.

Cheng Yi was holding his mobile phone outside looking for a signal...

Su Nan blinked, the surroundings were extraordinarily silent.

Quiet without a trace of sound.

But also very cold.

It seems that there are only four of them left in the world, abandoned here.

The loneliness and cold suddenly swept the panic in my heart.

Qin Yu mumbled and hugged her shoulders tightly:

“You won’t have to wait here all night outside, will you?”

That would really freeze to death!

Ning Zhiliao kept poking at the phone, but didn’t make a single call.

There was also a hint of panic on his face.

The heater in the car disappeared little by little, and everyone’s hearts were lifted.

Su Nan pursed her lips, “Why don’t you go down for a walk?”

Qin Yu shook her head and refused, “I’ll freeze to death!” After

a while, Cheng Yi got into the car with his head down.

“There is no signal, this mountain is a little isolated from the world, we can only wait for the people passing by...”

Su Nan looked at him, “Who do you think will pass by here at night? The ones passing by here are Can anyone help us?” There

are many kind people, but I don’t think I can meet them now.

Cheng Yi pursed his lips, knowing that he was not prepared enough, so that they followed in fear.

He took a deep breath and looked back at them:

“In order to compensate you, I decided to sacrifice myself!”

Su Nan and Qin Yu looked at him, and the co-pilot Ning Zhi was expressionless.

Cheng Yi: “I’ll go hold you behind, don’t freeze you to death!”

” Go away— ” The

three refused in unison!

The door that Cheng Yi had just opened closed again, filled with disappointment.

He is kind!

The four of them were talking listlessly and passing the time.

Nine p.m.

The night seemed to be silently swallowing everything.

The humid and cold air outside kept getting into the pores, and gradually, it rained again.

Tick tock wash on the car.

The four of them were very nervous, but they all pretended to be calm and didn't want to think about bad things.

Qin Yu leaned on Su Nan's shoulder, trembling a little, and her face was frozen white.

No one is having a good time.

There was no light outside.

In such a cold atmosphere, Ning Zhi suddenly put forward a bad premonition:

"I remember, there have been mudslides here before, such a heavy rain, it won't..."

In a word, the three of them instantly sobered up. Come here, a huge wave is rolling in my heart.

Su Nan pursed her lips, and her face became ugly. She was so cold that even her fingertips were cold.

If you persist any longer, everyone will freeze to death...

"Boom—"

There was a sudden loud noise, I don't know if it was the sound of thunder, as if a dull drum sounded from the depths of the mountain, which made people feel scared.

"You crow's mouth, it's really a mudslide!"

Cheng Yi shouted suddenly, "Get out of the car and run—"

...

Chapter 902 Is this a scourge?

Chapter 902 Is this a scourge?

Everyone was so frightened that they didn't have time to distinguish the truth from the fake. This is not a joke.

The door was opened and everyone ran out.

Fortunately, for convenience, Su Nan and Ning Zhi were wearing flat shoes.

But Qin Yu has always paid the most attention to her image, even if she is stepping in the dirt, she has to step on high heels!

It is not so convenient for her to run.

Cheng Yi was about to pull Su Nan over, but Su Nan glanced at Ning Zhi, whose legs were numb.

She was as pale as paper.

"Cheng Yi, hold on to Zhi, I will take Qin Yu, don't waste your energy, run back..."

"Su Nan, you must keep up!"

Ning Zhi shook his teeth, Follow Cheng Yi and run forward.

According to the knowledge learned in school, at this time, they should run at a vertical angle in the direction of the mudslide.

But the surrounding area was pitch black, and there was no light at all.

The faint light emanating from their mobile phones was of no use at this time.

Since he can't make any judgments, he can only run in the direction of coming and going.

Cold wind and cold rain, like a knife scraping on the face.

Qin Yu was so frightened that she grabbed Su Nan's hand and cried as she ran.

There was nothing in my mind at this time.

They seemed to hear the whistling sound of mudslides rolling in the distance...

the warmth and hope that can sweep everything in the world.

Su Nan couldn't see anything at all, and couldn't hear anything.

Next to Qin Yu was crying, Su Nan pulled her to run forward, but her shoes would gradually slow her down.

Wet all over, cold and scared.

Qin Yu kicked the high heels off angrily, and sobbed and grabbed Su Nan's hand:

"Don't be afraid, Xiao Si, don't be afraid, don't be afraid!"

She comforted Su Nan and herself.

Su Nan smiled, "Qin Yu, don't be afraid, Cheng Yi and the others are right in front, and we will catch up soon!"

But she clearly heard the dull voice behind her getting tighter and tighter, and the panic in her heart was about to be suppressed. stop!

Ning Zhiliao's voice was scattered in the wind, "Run, hurry up!" The

wind blew coldly, and the rain hit his face like hail, causing pain.

Su Nan held Qin Yu's hand tightly, and she ran slower and slower. The loud noise behind her was especially terrifying in the wind and rain.

Everyone's strength is limited, Su Nan's physical strength is good, but when he meets Qin Yu, he can only be dragged down.

But she couldn't let go.

As soon as she released it, her best friend in her life was gone.

It's bad enough without the person you love the most.

Qin Yu's breathing became heavier and heavier, and she felt that her heart was about to jump out of her throat:

"Forget it, little four, I'll run by myself, and you'll run by myself, leave me alone..."

She I know I'm dragging her down.

Su Nan's stamina is better than Cheng Yi's, but Cheng Yi runs in front of him and disappears.

Su Nan took her hand tightly, "It's alright, it's alright."

Among the wind and rain, Qin Yu's choking sound was particularly obvious.

Su Nan ran forward with his head sullen, without any thoughts in his mind.

Suddenly, I stepped on a stone, and my ankle felt severe pain, and I felt like my bones were shattered in an instant...

The next second, she fell heavily to the ground and her head hit the ground.

It was freezing cold on the ground.

But she was dizzy, and her mind passed out uncontrollably.

Qin Yu's screams were mixed in the rain.

A while away, a while close.

What a miserable day!

Could this be the consequence of taking revenge on Fu Yechuan?

Doomsday?

Su Nan's consciousness was slowly taken away, and she didn't even open her eyes.

There was a chill on the forehead, a heat, mixed with the smell of blood, I don't know whose...

...

sun cuts through the night, and the sun penetrates the clouds.

Su Nan was dazzled by the dazzling light, but it was a dark night in his mind. When the wind and rain were blowing, the back was a mudslide that could drown them at any time, and the road ahead was never ending.

She kept running, running endlessly, and her whole body was tense.

But the next second, the road in front of him turned into an abyss.

She stepped on it with one foot and stepped in the air, her whole body was weightless, and she woke up suddenly!

Sweaty!

She opened her eyes sluggishly for a few seconds before slowly coming back to her senses.

Everything around is unfamiliar.

Her head was dizzy and a little painful, she reached out and touched it, as if she was wrapped in gauze.

There was the movement of a lighter not far away.

Su Nan looked over and could only see a familiar and tall silhouette, somewhat like Shang Qian.

Blinking, is it really Shang Qian?

Why is he here?

Shang Qian held a lighter in his hand and a yellow cylindrical thing in his right hand.

Su Nan frowned, opened his mouth, and said in a hoarse voice,

“Are you offering incense?”

Send her away early?

This scene made her a little terrified, and her face turned even paler.

Not sure if this is true or not?

The man froze slightly, turned to look at her, the tenderness and joy in his eyes were about to overflow!

After walking a few steps, he looked at her carefully with his soft, dark eyes, cautiously, and afraid of hurting her.

As if facing a fragile treasure.

The two faced each other, and Su Nan blinked in confusion.

Shang Qian’s face changed slightly, and his voice was a little difficult to ask her.

“Do you remember who I am?”

Su Nan tilted his head and looked at him, “Do we know each other?”

Shang Qian’s face turned even paler.

Su Nan just wanted to scare him, but he didn't expect such a big reaction.

Just as he was about to explain, someone suddenly pushed the door and entered.

Cheng Yi brought Ning Zhiliao and Qin Yu in.

Seeing her wake up, a figure rushed over excitedly.

"Su Xiaosi, you finally woke up, scared me to death..."

Qin Yu just touched her shoulder when someone blocked her back.

Shang Qian pursed his lips, "Her brain has been hit and can't be touched."

Qin Yu blinked, and her eyes instantly turned red.

"It's all my fault for running too slowly!"

Ning Zhiliao patted her on the shoulder and leaned forward, "Su Nan, just wake up, it's all over."

Cheng Yi sat aggrievedly there and took a look. Just didn't sleep all night, and his face was very bad.

"There is no danger, my dear Su Nan, you won't forget me because of this?"

Su Nan pursed his lips and snorted:

"Cheng Er, you still owe me money!"

Cheng Yi: "... .."

Forced sensational failure!

The three of them didn't feel anything, but Shang Qian on the side was shocked.

He hasn't had time to tell her that she forgot about him.

But how could she remember her friends?

Shang Qian's heart trembled, Su Nan smiled sideways, and his eyebrows were soft:

"Mr. Shang, I scare you just now, I'm sorry..."

Shang Qian's face changed instantly. But it sank slightly.

He lifted his legs and walked out.

He is angry!

Su Nan was surprised by his reaction, but Qin Yu quickly interrupted her guilt.

“What are you frightening?”

“I lied to him to lose his memory!”

Ning Zhijiao: “Old stalk!”

Cheng Yi: “Why didn’t you lie to me?”

Su Nan glanced at him and rolled her eyes:

“After paying the money back I lied to you.”

Cheng Yi: So angry!

Su Nan smiled, suddenly remembered something, and looked puzzled:

“Didn’t we encounter a mudslide? Why are we here?”

...

Chapter 904: Promise to each other

Chapter 904

Ningzhi said: “The debris flow is right, but we are lucky, the direction of the debris flow is not in the direction of our running, so we escaped a disaster.”

No wonder!

Really big life!

“But it’s a little too short. If Shang Qian hadn’t arrived in time and saved us, the debris flow would have spread too widely, and we wouldn’t have been able to escape.”

Qin Yu nodded, “I always thought that Shang Qian looked at him on the surface. There is no ion in the world. In fact, the conspiracy is cunning and the water is bad.

It seems that I wronged him. At that time, you fell unconscious and I was scared to death. Fortunately, he came.

At that time, Shang Qian knew that the weather was bad, and he came to look for him. You, I am afraid that you will encounter a mudslide accident, to be honest, it has been a long time since I was so moved by a man.”

Ning Zhili stretched out her finger and poked her in the head:

“Is it the time to be a nympho?”

Qin Yu touched her head embarrassingly and sat next to Su Nan.

“Anyway, the moment a man appears at the juncture of life and death, I don’t think he has any shortcomings!”

Su Nan’s chest trembled slightly.

Thinking of the silhouette with his eyes open, he listened to what Qin Yu and Ning Zhi had said.

She didn’t see how he got here, and she couldn’t imagine that he was driving the car alone, looking for someone in the cold wind and rain along the road.

What if you can’t find it?

What if you missed it?

What if he encountered a mudslide?

Either way, he took his life to find her.

No wonder she tricked him into losing his memory, he reacted so violently.

How sad he would be if he was forgotten!

Ning Zhiliao: “This is not the time to talk about this. We are still trapped in the nearby village. Because the mudslide washed away the road, the rescue vehicles can’t get in at all, and we can’t get out.”

Su Nan pursed his lips and looked at Looking around, “No wonder this hospital grows like this...”

This medical condition is incomparable to the private hospital in Xicheng!

But compared to the conditions last night, it is already heaven!

Qin Yu added: “So, when Shang Qian came, he didn’t even think about how to go back. Do you want to be moved and promised yourself?”

Su Nan's heart pierced, but his expression was still pale and resigned.

She glanced at Qin Yu, and said helplessly:

"You moved you?"

Qin Yu hated iron but not steel, wanted to shake her head with brains?

But don't dare!

"I'm just moved, I didn't plan to take myself up, not to mention that people are coming for you, you really don't understand!"

Ning Zhi was calm:

"Don't be hot-headed, she just got out of a failed marriage. How can it be possible to sink in so quickly? Calm down!"

Qin Yu thought for a while, and felt that what Ning Zhi said made sense.

After all, the injuries she had suffered were too painful.

Can not bear to look!

Cheng Yi shrank aside and said weakly,

"You guys supported Fu Yechuan so much before, remember?"

"Shut up!"

Ning Zhiliao and Qin Yu said in unison!

Even Su Nan couldn't help but glared at him fiercely.

Staring at him makes me feel dizzy.

Su Nan slowed down, "But have you notified the family? My dad and my brother still don't know I'm out..."

Ning Zhi nodded:

"I just got here and answered a dozen calls and told them

Well . Originally, Brother Su Jin couldn't contact you, so he was in a hurry.

But seeing that your watch has a location, when he was rushing here, the road was blocked

and he could n't get in. But knowing that you were all right, he was relieved. But he said he would come over as soon as possible."

Su Nan nodded, that's good.

Cheng Yi: "That mudslide was quite serious. I heard that it hit a village, and more than 100 people in it still don't know what to do. We are lucky..."

...

Chapter 905 The

room where medicine is used by people fell silent.

Indeed, they almost died.

I don't know how long it took, the people outside knocked on the door again and came in.

Shang Qian regained his warm and gentle expression, "Can I come in?"

Su Nan smiled and nodded.

Qin Yu wisely moved away from her seat and winked at her.

All this was taken into account by Shang Qian.

Obviously, there was a smile in his eyes.

Su Nan didn't look over his head and held his forehead.

She really wanted to pretend she didn't know Qin Yu!

Ning know but also helpless, who is this person?

Cheng Yi coughed, "It's almost time, I'll go out for a walk and report safety!"

Ning Zhi also followed!

Qin Yu wanted to stay here, but didn't want to be a light bulb. After hesitating for a while, she went out with them.

Shang Qian stood aside, holding two eggs in his hand. His fingers with clear phalanges hesitated for a while, but they lightly smashed on the corner of the table beside him.

The movements are gentle, beautiful and very artistic.

A pair of hands that don't eat fireworks, an egg with the most firework flavor, looks like a warm visual effect.

"The conditions here are not good. I borrowed two eggs from Dr. Zhang next door to supplement nutrition..."

Su Nan blinked, thinking about what Qin Yu and the others said just now, and his heart moved slightly.

"I'm sorry."

Shouldn't lie to you, shouldn't scare you.

Shang Qian bent the corners of his lips, his cold and warm temperament was out of tune with the simple room.

But at this time, his voice was soft and smooth:

"Well, I forgive you for your sickness."

He slowly peeled off the broken shells of the eggs, carefully but trying his best to conceal his clumsy movements.

Why would you want to blame her?

She was able to escape from death and be found by herself, thank God.

The atmosphere was eerily quiet for a while.

Su Nan decided to break the silence, "Is this the medical aid station in the village?"

Shang Qian pursed his lips and paused for a moment, her reflection in his eyes.

smiled.

"No, it's a veterinary station."

Su Nan's smile froze on his face, and he couldn't help looking at the bottle he was infusing.

Shang Qian laughed in a low voice, the smile came from his chest, his eyes were gentle and doting.

He seemed to see her worry...

His eyes flashed brightly, "Don't worry, the medicine is for human use."

Su Nan looked at him with a dazed smile, his heart beating faster, at this moment, as if solidified.

The eyes of the two met, Shang Qian's smile gradually faded, and his eyes were pitch black.

His breathing was very close, the warm, quiet and cold taste had a long tail, and his clear face gradually changed.

Su Nan held his breath involuntarily.

But when he was only twenty centimeters away, he didn't get any closer, and reached out to touch Su Nan's hair.

Move gently and carefully.

"Su Nan, fortunately, you're fine."

Otherwise, he really couldn't believe what would happen if he went one second later.

Su Nan pursed her lips, her eyes flickered slightly:

"Why are you here?"

She thought that no one could save them, and if there was, it shouldn't be Shang Qian.

Their relationship was initially established as a corporate partnership.

Even if it was because she saved little Mike on the streets of Europe a few years ago, according to the businessman's habits, it was nothing more than an exchange of interests.

So she didn't feel guilty when she got Shang Qian's cooperation project.

Opportunities are not for everyone, she has this strength.

But the next change in his feelings made Su Nan a little overwhelmed.

She never believed in Shang Qian's sincerity...

If it was a coincidence that Shang Qian rescued her from the car accident in City S...

what about this time?

He can choose not to come, why would he come at this time?

He came, as if a light illuminated life and gave her hope.

There was silence in the air for a few seconds.

Shang Qian opened his mouth slowly, his voice clear and clean: "Yesterday was my birthday. I want to have dinner with you. If you are lucky, you can have

supper." With

an expression on his face, he smiled calmly:

"I didn't find you, I was always unwilling.

Miss Qin's company said you went to the bar. The

bar owner said you followed Cheng Ershao.

The nanny at Cheng Ershao's house Said, you are going to come to the mountains to watch the meteors..."

He said, his eyebrows twitched slightly, his anger closed a little, and then he laughed again:

"I originally gave up, but I didn't give up, I wanted to see See if there are really meteors in the weather forecast?

As a result, I saw the news of heavy rain and mudslides, and no one answered the phone, so I had to come and find you in person."

Su Nan opened his mouth and suddenly realized that he didn't know what to say. .

A thank you seems to be too light, if she perfunctory him with a polite word, she will feel ashamed.

He searched all the places he had been to, knowing that it was a dangerous ending, or rushed over without hesitation.

Suddenly, the tip of Su Nan's nose was a little sour, and her eyes became red.

Shang Qian really pursued her with all his heart, but she never took it seriously.

His unilateral efforts in this relationship are really humble.

So humble that Su Nan remembered who he used to be.

There seemed to be a thin thread in her heart that was strangling her heart.

Su Nan looked at him, pursed her lips, her voice was a little dry:

“Shang Qian, why are you being so kind to me?”

From beginning to end, she never gave him any hope.

His love seemed to come out of nowhere.

Shang Qian was stunned for a moment, and the corners of his lips curved into an arc, warm and gentle, clear and smooth.

“Do I have to find a reason to like it?”

“In the beginning, I always thought it was because of little Mike.” Su Nan told the truth.

Shang Qian was stunned for a moment, lowered his eyes, raised his eyes again, and laughed:

“Is the illusion I gave you too unreal? If there must be a reason, it should be the first time you came to the hotel, the kind of indomitable pride, it should be The sincerity towards others should be that I know your past and feel too distressed.”

When did you start liking her?

He's already a little fuzzy.

But his love is getting deeper and deeper, and he knows that he is stuck, and he can't pull it out at all.

Therefore, even if it is to fight against Fu Yechuan and lose both sides, he still wants to fight.

The only one who can persuade him to dismiss him is Su Nan who says he doesn't want to, otherwise he will move forward.

Su Nan blinked, his eyes were covered with a layer of mist, and the surface was calm and calm.

But in my heart, the earth has been shaken.

Silent for a long time.

She opened her lips slowly:

“Shang Qian, it's very hard to like someone, especially someone who has someone else in his heart.”

That's not a good feeling, why let such a good Shang Qian have a taste?

Shang Qian put his hand on hers. This was the first time he had approached her without her consent.

Su Nan paused for a moment, but did not take it away.

She looked at him quietly...

...

. Shang Qian's hands are wide and warm, holding her slender and cold fingers, with a hint of firmness in his deep pupils:

“I want to try, Su Nan, I want to put all your hard work in memory. Erase, I want your life to be filled with happiness.

I want you to always be as arrogant and confident as when I first saw you.

Su Nan, even if it is hard, it is sweet to me “

At least, he can have a chance to leave a trace of warmth in her life, so that her painful feelings can be comforted.

Winter has not yet passed, but the warm sun has spread here.

Su Nan felt the warmth, and he always had her in his eyes.

Maybe it's long overdue for her to get rid of the past and start her own life again.

Happiness was always in front of her eyes, she was deliberately ignoring it.

a long time.

The heavy boulder in her heart gradually disappeared.

What can't you start with?

Do you have to suffer for the rest of your life because of Fu Yechuan?

During the hesitation, Shang Qian saw her frown, thinking that she was embarrassed by her own words.

In desperation, he moved his hand away.

In the next second, he was pulled by warm and slender fingers instead.

He was shocked and looked at her in surprise.

Su Nan twitched the corners of her mouth, her smile a little pale:

"If you treat me badly, I will dump you at any time."

After all, she is a rich woman, even if it is a confession, she has to be more powerful than others.

The chances she promised him were all excuses.

But this sentence is a heartfelt acceptance.

It turns out that it is not that difficult to start a relationship again.

Shang Qian's body froze slightly, and he didn't seem to react.

After a few seconds.

Ecstasy spread on his face, his smile gradually expanded, and his usual calm and calm aura was dyed with a bit of excitement.

He held her hand tightly, surprise and joy in his eyes, and he couldn't even hold back his expression.

Su Nan felt that her hands were pinched and hurt, and took a deep breath.

Shang Qian was so frightened that he let go of it immediately, and then cautiously put it in his palm, he looked at her motionlessly:

“No, absolutely not... What did you mean just now that you promised to be with me? “

Su Nan looked at him at a loss, and had to endure it when he wanted to laugh.

It's not good to laugh at him.

However, he suppressed the excitement in his heart and asked her, for fear that he would be wrong.

She thought for a moment, looked into his eyes, smiled and nodded.

For a time, Shang Qian's heart jumped.

His eyes were full of surprises, suppressing his ecstasy, and stood up.

Su Nan looked at him in surprise.

Shang Qian touched her hair, with a bright smile on his face:

“I'll go out and calm down.”

As he spoke, his tall and straight back disappeared in front of his eyes.

Su Nan: “...”

It seems different from the one in the TV series, shouldn't he hug her excitedly?

Although Su Nan is not very adaptable, he should not refuse!

What a mysterious man!

Immediately afterwards, Ning Zhiliao and Qin Yu came in one after the other.

Qin Yu had a cunning smile exploring secrets on her face.

“Mr. Shang's smile is too wrong. What did you just say? Even if you win the lottery, you don't laugh like that, right?”

Ning Zhi looked at her with a half-smile, "Tell me

, what's going on? Laughing like a 250, unless you are smashed by the sweet dates you gave!"

Really can't hide anything from these two gossip girlfriends!

Su Nan glanced at them speechlessly and smiled:

"You can just be me as a spokesperson, you can guess everything, why are you asking me?"

Qin Yu ran over and sat down, obediently like a primary school student:

"Don't be rude, just tell me!"

Su Nan paused and said slowly:

"There's nothing to repay, only I can promise each other."

For a moment, the two were stunned in shock.

A small pebble was thrown into the lake, and there was a huge wave!

Qin Yu looked even more excited than her: "We just made a bet that even if you give him the entire Su Group, you won't be able to lose yourself. What do you think?"

Su Nan looked at Ning Zhi, and Ning Zhi calmed down. smiling at her.

Su Nan asked Qin Yu, "What are you betting on?"

Qin Yu sullenly said, "You will never promise, but knowing that you will, I just said that she will lose!"

Su Nan couldn't help it. With a smile, "I'm sorry, it's you who lost!"

Qin Yu couldn't wait to roll her eyes, happy and angry.

When she proposed it just now, everyone was clearly condemning her bad idea!

How did you turn around and it came true?

Ning Zhiliao sat down and looked at her, sincerely happy for her:

“A new beginning, Su Xiaosi, this person is good and has vision!”

Su Nan nodded and looked out the window, Shang Qian was delighted Sharing good news with Cheng Yi.

But after Cheng Yi was shocked, he covered his ears and didn't want to listen.

Seeing this scene, she smiled.

After a while, Qin Yu and Ning Zhi couldn't help but go out to rescue Cheng Yi, and Shang Qian walked in with a smile.

His mood has stabilized a lot, and his eyes are full of tenderness.

“I've gotten used to this status. As your boyfriend, you can tell me if you need anything.”

Su Nan raised her eyebrows, so fast?

I thought it would take at least a few days to slow down!

“I want to go back as soon as possible, boyfriend, can you do it?” Su Nan smiled.

Shang Qian paused, “It's not impossible, but it still takes time.”

He walked over and wanted to touch her hair, but then changed to pulling her hand.

Su Nan raised his head and glared at him, Shang Qian did not give in and was ashamed, and looked at her calmly:

“You are my girlfriend, of course I can hold your hand openly, and...”

He paused. After a pause, his eyes deepened slightly, “Kiss you.”

After the rainstorm, there were no clouds in the sky, the sun was dazzling, and even the temperature rose unknowingly.

Su Nan looked at his dignified face and listened to his deep, hoarse voice, and suddenly his face became hot.

It was clear that she agreed to his pursuit, but why did Shang Qian become the leader in a blink of an eye?

The next second, he suddenly stretched out his hand to support her head, his face swiftly approached.

The warm, quiet and cold scent of his body invaded her instantly.

Su Nan didn't even have a chance to dodge, she was all tight, but she felt that she was overreacting.

Isn't this a normal relationship between couples?

But his warm lips did not fall, Su Nan stared blankly at his handsome face, and could feel his deep but nervous breathing.

He couldn't help it, but he was afraid that such offense would make her unhappy.

So he retreated in the end, he liked it so much that he was afraid to see the disgust in her eyes.

But she didn't...

His rough fingers stroked the edge of her lips.

His voice was hoarse and low: "Is it okay?"

He just wanted to kiss her, as if the obsession in his heart suddenly came true, but he was at a loss for a while.

Su Nan originally thought that you wanted to kiss quickly, so what's the matter?

She hasn't paid attention to men for so long, and now these male animals don't know anything about what they think?

Shang Qian looked at her so deeply that her face was red like a boiled shrimp, and her heart skipped a beat for a while!

She pursed her lips, gritted her teeth to control her emotions, and suddenly reached out and pushed him.

"No."

Asked her about such a thing, did she happily say yes, yes, of course?

The gentlemanly demeanor of this Shang Qian is really gnashing of teeth.

But also very warm.

It's just that after she finished speaking, Shang Qian's eyes darkened for a moment, and his throat was blocked for a moment, and at that moment, he felt that the burning light of the whole person was extinguished.

Su Nan's heart skipped a beat.

Seeing him suddenly lowered her eyes and gradually moved away...

The next second, she reached out and grabbed his collar, pulling him forward.

Shang Qian was shocked for a moment, Su Nan hesitated for half a second, then leaned up.

With a light touch on his lips, he pushed him away sharply.

Su Nan added: "I can kiss you." The

man's face changed, but suddenly the cloud turned bright and he smiled.

The light gathered in his eyes was dazzling, and he looked at her, "Of course you can, you can do whatever you want with your boyfriend."

It turned out that she didn't hate him, nor did she regret it.

Su Nan glared at him, Shang Qian suddenly understood, he smiled and stroked her hair.

"It's okay, we can take it slow, I'll give you time to get used to it, Su Nan."

Su Nan smiled and was about to say something when the phone beside him suddenly rang.

Shang Qian handed it to her, and Su Nan saw that it was the eldest brother.

She didn't let anyone avoid it, and picked it up directly.

"Big brother?"

Su Jin said a few words and hung up.

Su Nan blinked, "Big brother said he's coming to pick us up."

According to Su Yifeng's character, no matter how difficult things are, they must overcome his precious daughter!

So what is a mudslide, and what is an impassable road?

When he heard that Su Nan's foot was sprained, he had to ask Su Jin to bring him back!

Shang Qian was a little surprised, and said truthfully:

"The road is seriously damaged, the only way down the mountain is blocked, and the rescue vehicles can't get up, so I can only climb the mountain by manpower.

I have donated a lot of money to build the road and clear it. Barricades, it will take two or three days at the fastest, Mr. Su, he..."

Are you going to crawl?

Su Nan smiled and was about to explain when the door was suddenly pushed open and Qin Yu jumped in.

"Su Nan, we can go now. Mo Xian called me just now and said that the rescue vehicle has been contacted. There is a car that can come in and out, but we need to switch to a crane on the way. In short, we don't need to stay in this ghost place!"

Su Nan shook his phone, "It's a coincidence, my brother called me just now and said he was coming to pick us up."

Qin Yu was taken aback for a moment: "How did he come?"

Su Nan calmly raised his head: "In the helicopter, it is estimated that We'll be there in 20 minutes, let's get ready."

Qin Yu opened her mouth dumbly, oh, she almost forgot, the Su family, who has always been low-key, doesn't know what the word "low-key" means when they meet Su Nan. wrote?

Mo Xian spent a long time trying to come up with a solution, but he was instantly killed by a helicopter!

Shang Qian on the side was also surprised for a moment, raised his eyes to look at Su Nan, and accepted it calmly.

It seems that he donated so much money to build the road, it can only be regarded as a good deed.

Qin Yu nodded and succumbed to the temptation of the helicopter:

“I told Mo Xian not to come, it’s good to have money...” It’s

not that they don’t have the ability in their family, but they think it’s not worth it to start a crowd for such a trivial matter. .

Maybe Mo Xian felt the same way.

But the people of the Su family have never been like this.

Even if Su Nan takes a helicopter to see the scenery, as long as she is not too troublesome, everyone in the Su family will appreciate it: It’s really elegant!

Chapter 910 Change a boyfriend

, the environment here is special, the conditions are difficult, and there is not even a wheelchair.

Su Nan’s foot was sprained, and she wanted to go to the ground unless she used a cane, but she didn’t even have a cane.

Cheng Yi was very considerate and found a small wooden stick for her, and proudly walked around twice with the small wooden stick in front of her.

“It’s just right for you, I’m really a big country craftsman, it’s too late for you to change your boyfriend now!”

Shang Qian raised his eyebrows, dare to dig a foot in his face?

Su Nan snorted coldly, “Don’t insult the craftsmen of the big country, believe it or not, I’ll beat you to death with this!” The stick was thinner than her arm, and if she really used it, the other foot would be lame. !

Cheng Yi pouted, “You can’t even walk, you still want to hit me?”

Ning Zhi glanced at Cheng Yi, who was courting death, and said nothing.

Shang Qian calmly said, "My boyfriend can do it for me."

Cheng Yi paused and laughed angrily, he lifted his foot and walked out.

Is it amazing to have a boyfriend?

What did he say when he was cut in line?

Sunan side head, looked at the business-him, "Do you have any grudges with him?"

Provider Qian stood solemnly loosened neckline, "He wants to seduce you."

Sunan not to laugh, but rather cicada I couldn't help laughing out loud.

"Mr. Shang, beware of such a high gender. Cheng Er is not called seduction, it is called death!"

Su Nan nodded. After all, Cheng Yi was with her and was not in her choice at all.

Cheng Yi and Ning Zhi, like Qin Yu, are hardcore girlfriends.

Shang Qian breathed a sigh of relief, his eyebrows moved slightly, and he leaned over to look at her:

"I know, if he succeeds, what's the matter with me?"

There was an irresistible smugness in his tone.

Su Nan looked at the smile reflected in his eyes, and was stunned for a while, almost bewildered by him.

Why didn't she find out that Shang Qian's smile had the effect of confusing the mind?

Ning Zhi snorted from the side, and the ambiguous atmosphere between the two was swept away. Shang Qian stepped back a safe distance, and Su Nan's face burned.

In less than 20 minutes, the sound of the rumbling helicopter gradually approached, and it was in an open space not far away.

Cheng Yi ran in excitedly, "Let's go, big brother is here!"

Ning Zhi also let out a sigh of relief.

They handed Su Nan to Shang Qian.

Su Nan was embarrassed and wanted to go to the ground, even if Shang Qian supported her and walked over with a limp.

But Shang Qian stood aside, unmoved.

Su Nan looked up at him and pursed her lips, "Shang Qian, you should give me a hand..."

Otherwise, waiting for Su Jin to come over and hug her is fine...

But she is too anxious.

Shang Qian paused and sat down beside her, with an ambiguous loss in his expression.

"You're not right..."

"Huh?"

He bent over, passed her legs and arms, took her in his arms, and looked down at her.

"You should let me hold you."

Su Nan: "..."

He carried her out without any effort, soft and fragrant, as carefully as he was holding a treasure.

The warm sun in winter is warm and warm, but the seasons change, and the temperature is mixed with some coolness.

As soon as he went out, Su Nan felt that Shang Qian held her tighter.

Getting closer and closer to the helicopter, the roar in my ears began to be deafening.

Cheng Yi can't wait to get on the plane, but why can't he see Qin Yu's shadow?

Just as Su Nan was about to ask, Qin Yu's voice suddenly sounded behind him.

She watched what Qin Yu said with her mouth open, and waved at her.

But the sound of the helicopter covered her voice tightly.

Su Nan couldn't help but feel anxious, "What are you talking about, why didn't she come?"
