Chapter 911 She is serious

Chapter 911 She earnestly raised

Shang Qian's eyebrows, "She said that Mo Xian would come to pick her up, she wanted to give him this opportunity, let us go first, and don't have to wait for her."

Su Nan opened his mouth, "She's not that kind of person!"

Qin Yu loves to play, but never takes men to heart.

She was playing with the palm of her hand, and the only one who was moved by Su Jin died in the middle of her life. How could she suddenly be so obsessed with Mo Xian?

Is she serious?

Shang Qian smiled, "If you like someone, it will change."

His voice came out of his chest, and Su Nan felt his heartbeat speed up.

"Do you mean to say that you are not like yourself anymore?"

Shang Qian's eyes flashed, and he looked down at her, walking firmly and easily as he walked.

"It's so clever that you caught the key..."

Su Nan paused slightly, "Then I'm a little curious, what did Mr. Shang look like?"

Shang Qian froze for a moment, his voice carried a bit dumb, "There will be a chance to understand."

He could not wait to bring his whole world to her.

But he was afraid that she would not be able to accept it for a while, but he scared her away.

So, take your time.

When Su Jin saw Shang Qian walking over with Su Nan in his arms under the helicopter, his face was calm, but his mood was a little complicated.

Cheng Yi revealed a lot of news just now, so that he immediately knew that in just one night, the relationship between them had undergone tremendous changes.

No wonder Cheng Yi, who wanted to usurp the throne and be his brother-in-law, didn't even have a chance to perform.

Shang Qian came to the front and looked at Su Jin and nodded slightly.

Su Jin also nodded and walked over, with a hint of anger in his calm face.

"Going to the mountains to watch meteors on a rainy day?"

Su Nan smiled shyly, biting his lower lip with a guilty conscience, Su Jin was much stricter than Su Yifeng.

"It's all my fault that Cheng Er didn't pay attention to the weather forecast!"

Su Jin smiled coldly, "So you are not thinking about it?"

Su Nan looked at him pitifully, "I'm sick, brother!"

Su Jin's eyes fell on her. On her gauze-wrapped feet, she shrank slightly, and a trace of worry and anger was clearly drawn.

Shang Qian's face was gentle, and his voice was neither humble nor arrogant:

"It's normal for Mr. Su to worry, and the rest of his life is a good thing. Miss Su has been repenting all night. Why don't you go to a doctor to see, the tendon seems to be injured..."

Su Jin stepped forward nervously, "Injured tendon?"

That's not a trivial matter.

Su Nan glanced at Shang Qian, who smiled slightly at her.

Su Jin is her eldest brother, so he taught her what she should, and no one else has the position to stop him.

There are other ways to divert his attention.

Sure enough, Su Jin was fooled.

Hearing that the tendon was injured, he became anxious and wanted to reach out and take her from Shang Qian's arms, but he was afraid that if he moved it, he would touch the injured part of her.

He could only sigh and look at Shang Qian: "I'm in trouble, President Shang, take her up, there is a doctor on it."

Shang Qian nodded and climbed the ladder carefully.

As soon as I went up, the airflow above increased significantly, and the wind hurt my face.

Soon Su Jin came up.

"Elder Xiao, my sister will trouble you..."

When Dean Xiao was old, he just went to find Su Yifeng for a cup of tea, but Su Jin brought it here.

It's true that he is the director of the hospital, but before he became the director, he was a physician and had nothing to do with orthopedics...

Why should an old man be tied to him?

Dean Xiao bravely went over to take a look, "Go to the hospital quickly..."

Can you tell by eyes, unless there are X-rays in his eyes?

...

Chapter nine hundred and twelve moved?

Chapter 912 Are you moved?

Shang Qian probably thought so too, and put her carefully on the seat next to her.

Su Nan sat down, and Shang Qian went over to fasten her seat belt.

The two smiled at each other.

Su Nan looked up and saw Su Qi on the opposite side.

Su Qi's smile was unclear, and she blinked, "Little Si, I'm here to pick you up, are you moved?"

Su Nan twitched the corners of his mouth.

to pick her up?

Or came to pick up Ningzhi?

He is still peeling oranges for Ning Zhi, this is really fake!

She smiled and looked at Ning Zhi Jiao, "I see, are you moved?"

Ning Zhi blushed and gave her a white look.

"Su Xiaosi, what is your third brother asking you about?"

Su Nan: "No, he wants to ask you!"

Su Jin coughed, "Be careful, we'll settle the account when we go back!" The helicopter took off. Cheng Yi shivered in fright.

The plane soon disappeared into the air.

Some people not far from the ground, Lu Qi squinted, saw the helicopter's symbol su, and immediately ran to the other side.

"Old Fu, look at that helicopter, isn't that the Su family's? The Su family is here too?"  
The

Fu family funded the Hope Project here. After the mudslide occurred, they prepared and sent the materials as soon as possible.

The road was not easy to walk, and the debris flow washed away the road. Fortunately, there was a huge crane, and the two CEOs were lifted by the crane.

God knows, what happened to Fu Yechuan?

He is a domineering and ruthless president. It stands to reason that if he doesn't come, just donate some money.

But he came in person, not only for the corporate image of the Fu Group, but for the sense of responsibility he shoulders, and he cannot remain indifferent.

Hearing Lu Qi's words, he looked up.

The helicopter was marked with the letters "su", which represented the Su family.

His pupils shrank fiercely, "Is the Su family here?"

Lu Qi frowned, "I didn't hear that they are still interested in this place?"

Not far away was the local leading cadre, who came over after hearing this and smiled .

“President Fu must know each other? I heard that the eldest lady of the Su family and her friends planned to go to the mountains to watch meteors last night, but they encountered a mudslide and were trapped here.

Fortunately, Miss Su’s friend, Mr. Shang, came in time. Talents are not life-threatening.

No, the people of the Su family sent a helicopter early in the morning, brought us a lot of relief supplies, and picked up people by the way...” After

the man finished speaking, Fu Yechuan and Lu Qi There was no sound, the silence was surprising.

When he heard that she had suffered from a mudslide and her feet were sprained, his heart lifted, and for a moment, even breathing hurt a little.

Fu Yechuan’s face was ugly and complicated, Mr. Shang, is it Shang Qian again?

Why is it always him?

But luckily he went.

Lu Qi looked at Fu Yechuan and coughed quickly.

“Then they weren’t frightened? Are they all okay?”

The man paused, “Everyone else is fine, but Miss Su’s foot is sprained. Our medical conditions here are limited, otherwise the Su family wouldn’t be so anxious. Picked up people...”

Lu Qi shook his head and sighed regretfully:

“It’s a pity that we can almost meet again, isn’t it, old master?”

Fu Yechuan’s face was dark and tense, he didn’t speak, and turned away.

I can’t imagine how scared she must be when she went up last night, but it’s a pity that the person who rescued her was not me!

The town leader looked at Fu Yechuan’s face, and wondered if he had said the wrong thing.

Lu Qi smiled to comfort him: “Nothing, old trouble, and he used to.”

Fu Ye River Road chase wife foreseeable future, it is because the other side evenly matched with him.

But her ex-wife Leng Lin is different, and I don't know if she is separated from that little white face?

Su Jin still sent Su Nan to Lao Xiao's hospital.

The injured place is obviously the ankle, but a physical examination has been done on the whole body.

During this time, Cheng Yi and his eldest brother had already left.

Su Qi was waiting for her and Ning Zhi outside, looking at Shang Qian next to him.

He had a small smile on the corner of his mouth, and he seemed to be in a good mood.

Su Qi couldn't help laughing, "Mr. Shang, are you so happy that my sister is injured?"

Shang Qian was stunned, his smile faded a little, and he looked at Su Qi.

"I'm not happy because she was injured, Suying Emperor, please don't get me wrong."

Because he was Su Nan's brother, Shang Qian had a hundred and twenty patience when facing him.

Su Qi pursed her lips, "Although my father and elder brother have both told you to be polite to you, but you are polite, I am not optimistic about the matter between you and Su Nan."

Ning Zhi looked at Su Qi sideways, thinking about it. After saying something, he closed his mouth again, obviously with a bit of helplessness in his eyes.

Shang Qian looked at him solemnly, and pursed his lips, "Can I ask why?"

Su Qi smiled, his handsome face was enough to charm all beings:

"You have money, but our Su family lacks the most. It's money, for us, there is no special advantage, and...you have a child.

Although the public opinion on the Internet was unfair to you some time ago, it is also somewhat true, right?"

Shang Qian's black His eyes were a little deeper, but he didn't make a sound.

Su Qi smiled:

"Although Su Nan has been married, she will never be inferior to others. She has not been in a good relationship since she grew up, and she is already very wronged. It is not a good condition to come to us. Just rushed to marry her.

In fact, let me tell you, you should be more knowledgeable and have more love affairs. When you read countless people, you will naturally know who to choose to marry. President Shang, are you right? "

This is really embarrassing to the extreme.

Su Qi almost wrote the word "persuade quit" on his face. It's okay to fall in love, but not to get married, because you will never be the last one. He rubbed his brows and felt a little helpless.

This Su Qi, without Su Nan controlling him, can really make people angry.

If he was really brave, why didn't he say anything on the plane? He was obviously looking at Shang Qian's temper. , so bullying.

Ning Zhi looked at Shang Qian's face, he didn't know whether he didn't care because of the strong wind and waves, or it was hidden in his heart and didn't show it. Anyone could be mad when they heard this, right?

If it were Fu Yechuan instead ...don't even think about it, the identity of Su Nan's own brother can't save him!

But Shang Qian stood there tall and straight like a loose, straight and slender body, his face was as calm and gentle as usual, and he was very noble. Jun, as if he didn't understand who Su Qi was talking about?

But Su Qi watched intently, one hand stroked his eyebrows and hooked his lips, waiting patiently for his reply.

Shang Qian lowered his eyes slightly and hooked his lips calmly. , the corners of the lips are indifferent and warm.

"It's no good to talk too much in love, wouldn't it be regretful to miss the one you really like?"

I think the actor Su should have a deep understanding of it. “

After that, he glanced meaningfully at Ning Zhi next to him. In

an instant, the atmosphere completely cooled down.

Su Qi’s body was slightly stiff, his eyes shrank suddenly, and he hurriedly looked at Ning Zhi next to him.

Ning Zhi had already stood up with his mobile phone in his hand, and turned away with a calm expression on his face.

I don’t even look at Su Qi.

“Hey, I’m in the hospital, I’ll go back to the company immediately, and the meeting will continue as usual.”

She left on the phone, but her back was clearly indifferent.

...

Chapter 914 His counterattack is effective

Chapter 914 His counterattack was effective

Su Qi knew that Shang Qian’s words easily evoked the fragile relationship between him and Ning Zhi.

It’s been so hard to get to this day, and a sentence has returned to its original shape?

His handsome and amazing face was a little angry, and he glared at Shang Qian with gnashing teeth:

“Wait for me!”

I thought Shang Qian was a soft persimmon, but he turned out to be a silent hedgehog?

Damn, it’s a misstep!

Shang Qian smiled blankly, watching Su Qi hurriedly catch up with Ning Zhi and what he was saying...

Except for Su Nan, he didn’t care about anyone.

When Su Nan came out, Shang Qian was left alone.

Xiao Lao personally pushed her out of the wheelchair and handed her over to Shang Qian.

“Okay, the reports were all made on the spot, except for the ankle sprain, there is nothing else, just rest for a few days, don’t go to the ground these days, pay attention to cold compresses.

I will tell your father, lest he take five minutes A phone call urges me, do you want to be hospitalized or go home?”

Su Nan thought for a while, but before he could speak, Shang Qian answered first,

“Hospitalized.”

Elder Xiao looked at him in astonishment. Should he be hospitalized if his foot was sprained?

Taking care of her at Su’s house is much better than the hospital!

Shang Qian pursed his lips and smiled with a warm face:

“She is still a little obedient in the hospital. If she goes home, she must want to go to the company. No one can stop her.”

Xiao Lao nodded in agreement, “Okay, I will help you in the hospital. The procedure is still the original room, right?”

Su Nan nodded obediently and smiled, “Thank you Uncle Xiao.”

Xiao Lao nodded, then turned and left with a smile.

Su Nan raised his eyes to look at Shang Qian, Shang Qian smiled at her tenderly, with a somewhat guilty look:

“I just became your boyfriend, I’m afraid you will forget.” Su Nan raised her eyebrows, her eyes

twitched, “That’s really possible.”

Shang Qian paused and pushed her forward.

“So, I can’t let you go home.”

“I will be discharged sooner or later.” Su Nan reminded him.

Shang Qian rubbed her hair, his voice warm and clear:

“No hurry, I can’t bear to leave for a minute.” The sudden love words really made people unprepared.

Su Nan’s heart trembled slightly, she pursed her lips, feeling a little hot on her face, and said nothing.

After getting on the elevator, Su Nan realized something was wrong.

“What about my brother and the others?” Are they all gone?

Not right!

How could you be thrown away?

Shang Qian paused for a second, then said unhurriedly, “I’m mad at me...”

Instead of waiting for the actor Su to take the initiative to find her to provoke relations, he lost his impression points in front of the Su family’s family, and also It is better to take the initiative to ask Su Nan to be honest.

As long as she is on his side, he doesn’t lose.

Su Nan looked back at him in surprise, his beautiful face was full of surprise, and there was a bit of ignorance in those innocent and bright eyes.

The elevator has arrived.

Shang Qian pushed her out, “Emperor Su has a prejudice against me. He thinks that I am not worthy of you with a child.”

Su Nan opened his mouth, his face a little embarrassed.

What happened to little Mike, she knew.

But in order to cleanse Shang Qian, they can’t publicize the children’s life experience, they can’t be so selfish.

Besides, he never thought that the existence of little Mike was a stain on him.

Su Nan paused, “I’m sorry, my third brother doesn’t know. I can’t tell about little Mike’s life experience. It will hurt him. I’ll tell him later.”

At the door, Shang Qian stepped forward to push the door, moving gently. Gentle, with no anger on his face.

Pushing her in, he closed the door with his backhand.

Then he half-kneeled in front of her...

Chapter 915 The little bastard

Shang Qian looked at her deeply, holding her hands in both hands, calm and powerful.

“You don’t need to apologize, Su Nan, I will explain it to them when necessary, nothing is more important than you.”

His eyes seemed to carry too much affection, Su Nan’s heartbeat was violent, she couldn’t help but want to avoid , but it feels too deliberate.

She shook her head and hurriedly said, “I think it’s better to keep it a secret. Unless little Mike realizes that something is wrong, this secret can’t be easily revealed.”

Sometimes telling a truth is like destroying his world.

How could she bear it?

Shang Qian smiled and said nothing, he knew what he knew.

Maybe this secret is almost impossible to hide.

But Su Nan’s proposal is still heartwarming.

Shang Qian pushed her to the window to look at the scenery, and changed the water in the vase by himself. Just now, while he was free, he bought a bunch of foxtail lilies at a flower shop not far away, with a pleasant fragrance.

Su Nan didn’t seem to hate it.

The relationship between the two has not been fiery, but it has not stopped.

They could feel each other’s efforts to get closer to each other, he was trying to get closer, and she didn’t reject it.

Shang Qian's manners and proportions are very good, and she will not be uncomfortable.

Not long after, Su Yifeng came over in a hurry, and called Su Jin over by the way.

As soon as Su Jin heard it, he knew that the company's affairs were all on his head.

I couldn't hide it, so I just accepted it silently.

Su Xiaosi, who has been fishing for three days and drying the net for two days, is she really not ashamed?

As soon as the two pushed open the door, they saw Su Nan sitting in a wheelchair, drinking coffee and having afternoon tea.

There is an iPad on the table, playing an old Korean drama.

Shang Qian, who was on the side, cut fruit for her with clear phalanges, inserted a toothpick and handed it to her mouth.

"Ah..."

Su Nan opened his mouth intently, biting a toothpick, Shang Qian gently and dotingly scratched the corner of her mouth.

Su Yifeng and Su Jin just happened to see this scene.

The two people looked complex and different.

Until Su Jin couldn't help coughing, interrupting their world.

Su Nan turned his head, saw them, and then looked at Shang Qian.

Seeing the speed of the parents is unbelievable.

"Dad, big brother, why are you here?"

Shang Qian stood up calmly, said hello, and gave up his seat to Su Yifeng.

Su Yifeng was not polite, walked over and sat down.

Just seeing that scene broke my heart.

"You're injured and don't go home to raise it? I made that little bastard Su Qi mad and asked him to pick you up, but he ran away..."

Of course Su Nan knew why he ran, Shang Qian Say it all.

“The third brother is in a hurry, it doesn’t matter to me.”

Su Yifeng suppressed his anger and snorted coldly.

“I don’t know the severity!”

He looked at his precious daughter with loving and distressed eyes, “You have been injured twice, does it hurt this time?”

Su Nan was ignored by Su Yifeng before he introduced Shang Qian to him. .

Fortunately, Shang Qian stood aside and didn’t mind.

Su Yifeng looked around: “If you don’t want to go home, I’ll ask the nanny to take care of you, the housekeeper, and bring your clothes. This place is too small, and the design of this VIP ward is really petty!”

Su Jin helplessly twitched the corners of his mouth.

Su Nan paused, “Dad, this is a hospital. The nanny and housekeeper will take up other resources, and I won’t be able to use it.”

She looked up at Shang Qian, who immediately said,

“Yes, Uncle Su, I will take care of Su Nan.”

Su Yifeng looked at him, “Mr. Shang, why are you here? When did you come? Why didn’t I see you just now?”

Chapter 916 The alternative giant

Su Yifeng deliberately looked at Shang Qian with bewildered eyes.

It was as if he didn’t know he was here in the first place.

Shang Qian: “...”

Su Nan: "..."

He is standing here alive, so is Su Yifeng not being able to see it on purpose?

Shang Qian immediately understood that this was a disillusionment from his girlfriend's family.

If he saved Su Nan, if it was simply thanks, he would not ignore it like this.

Because he was going to kidnap his daughter, his attitude was naturally different.

Shang Qian smiled, warm and modest, without the slightest dissatisfaction.

"I didn't have the heart to disturb you, so I didn't say anything. Uncle Su, don't blame me for being rude."

Su Jin raised his eyebrows. There were not many people who could catch Su Yifeng's unreasonable trouble.

Su Yifeng paused, smiled and nodded.

Su Nan hurriedly said, "Dad, thanks to Shang Qian's timely arrival this time, the four of us survived."

Su Yifeng raised his eyebrows and looked at Shang Qian up and down.

"Mr. Shang saved Su Nan again, I really don't know how to thank you?"

Shang Qian: "It's my luck to be able to save her. Su Nan can live happily because I am grateful."

He petted Su Nan . Drowned smiled.

Su Jin narrowed his eyes, seeing that the relationship between the two was not easy.

Su Yifeng smiled vaguely, then turned to look at Su Nan and said angrily:

"How old are you and you still want to play? This time I was lucky to meet the President of Shang, what if I don't meet him?"

Su Nan was also afraid after a while. , the feeling of palpitations crossed the apex of the heart, and his face was slightly pale.

After Su Yifeng finished speaking, he regretted it. He really couldn't bear to reprimand her. What should he do if he scared her?

Afterwards, he snorted heavily and gave her a step down:

“Where can’t you see meteors? Go back and ask your elder brother to bring all the equipment of the astronomical telescope to the house, invite your friends

to come to the house to watch, and listen to it with snacks. Music, how beautiful!”

Su Jin: “...”

Shang Qian’s eyebrows twitched, he finally saw how the Su family doted on their daughter!

Buy a set of more advanced astronomical telescope equipment, close to nine figures, some planetariums can not meet this standard.

Su Nan’s face turned gloomy, and she looked at Su Jin with a smile, “Thank you, big brother!”

Su Jin rubbed his eyebrows and nodded,

“Just put it in your small study...” He

even gave her a place . selected.

Su Jin was called away by a phone call. Su Yifeng planned to stay and take care of her daily life, but Su Nan decisively refused.

After finally coaxing people away, Su Nan and Shang Qian breathed a sigh of relief.

Su Nan smiled apologetically, “My father has stepped back from the second-tier, and his life focus has become us and fishing. He was not like this before.”

Shang Qian nodded and expressed his understanding: “I rarely see you in a wealthy family. The family is the same, there are no disputes or selfishness, Uncle Su has really educated you very well.”

Su Nan’s smile deepened, “It is not easy for my father to set up a company, but he did not delay our growth at all. , what is there to fight for, it’s all a family anyway.”

Shang Qian’s eyebrows moved, and there was warmth in his eyes.

He has come to this day, and he has seen open and secret fights and filth in the rich and powerful. As long as there is money, there will be selfishness, and if there is selfishness, there will be discord.

But a family like the Su family is like an alternative.

He smiled, "Uncle Su seems to be wary of me, probably guessed our relationship."

Su Nan paused, "Only if he didn't say it clearly, he wouldn't do anything."

This is also Su Yifeng's character, don't worry about him How much I like and hate, but I will definitely wait until the day when Su Nan speaks in person.

Shang Qian looked at her deeply: "Then... when will you say it?"

...

## Chapter 917 We Can't Live Together

### Chapter

917 Su Nan was a little taken aback by the question that we can't live together.

Is it public?

So fast?

She was not mentally prepared.

After hesitating for a few seconds, she looked at him hesitantly:

"It's not the time yet, wait a while..."

Their relationship has not yet been made public. Once it is made public, the inside and outside of the circle will inevitably Set off a hurricane.

It will even spread to the stock market turmoil, and she can't be unprepared.

Moreover, the relationship is indeed not stable enough, and the consequences of rashly assuming publicly are too great...

not worth it.

Seeing Su Nan's embarrassment, Shang Qian suddenly laughed.

His tone was low and gentle, and his eyes were a little helpless:

"It's okay, I'm not a vexatious person, I'll wait for a long time, but you have to promise me a condition..."

Su Nan raised her eyes and looked at him.

His eyes gradually deepened, and he paused:

“When you are discharged from the hospital, don’t move back to Su’s house, can you come out and live?”

Su Nan looked at him with a complicated expression and said nothing.

Just be wary a lot.

Shang Qian smiled helplessly, “You have to give your boyfriend a chance to be courteous, how will I behave if you go back to Su’s house?”

If he went back a little later, Su Yifeng would probably come out with a knife to find someone. .

That picture is really unimaginable.

Su Nan struggled for a while, and it seemed that he was right, but he was wrong.

I misunderstood the lofty and self-sufficient Shang Qian.

She nodded, “Okay, I’ll tell the family, but... we can’t live together.”

She finished.

The atmosphere was awkwardly silent.

Shang Qian smiled meaningfully and touched her hair:

“Okay, listen to you.”

The most important thing is to coax people out first.

There is a simple small kitchen on this floor. Shang Qian insisted on cooking, but Su Nan couldn’t stop him.

She was puzzled, why did men have such obsessions with the kitchen?

Isn’t takeout delicious too?

But it’s better than sitting together and staring at each other.

Su Nan looked at the message from Yu Lou and said that he had arrived downstairs.

After a while, Yu Lou came up.

Su Nan frowned as he looked at the documents he was holding in his hand.

Yu Lou smiled and put the document in front of her, and wiped his sweat:

“President Su said, you’ve been resting for too long, and I’m afraid you’ll be bored, so let me take some preliminary projects for you to pass the time, how are your feet? ?”

Su Nan twitched the corners of his mouth, “It’s much better, but has my brother been very busy recently?” In the

past, even if she was lazy, he would turn one eye away.

How has it changed this time?

Yu Lou paused and nodded heavily.

“Busy, busy falling in love!”

Su Nan: “...” After

saying that, she understood.

Su Nan looked at the stack of documents with a headache.

She touched her chin and looked at Yu Lou, “Has my house been cleaned up?”

Yu Lou nodded, “Your apartments are all in good locations, and they are very popular as soon as they are put up. We have selected a few high-quality tenants in advance and plan to sign contracts with them. Do you want to check the information beforehand?”

Su Nan shook his head. , “No, I don’t plan to continue living anyway. It doesn’t matter what kind of quality you have. Move things to Qingyuan, and you don’t need to worry about the rest.”

Yu Lou nodded. He really didn’t understand. According to Su Nan’s net worth, No shortage of money, why do you have to rent out the house?

For rich people like them, the house is kept there and someone cleans it regularly, and they live there for two days from time to time.

There are many houses, which is a symbol of her lavishness.

What do you think, there is no reason to rent it out?

...

Chapter 918 The People of Fu Yechuan

Chapter 918 Fu Yechuan's people are

but Su Nan is the boss, she has the final say.

Yu Lou briefly talked about the recent situation of the company, and then left.

As soon as he went out, he met Shang Qian, who was warm and gentle, and nodded to him.

Yu Lou also nodded, "Mr. Shang, please take care of our President Su."

"It should be."

Shang Qian's voice was nice and unassuming.

Yu Lou said hello and left.

As soon as he turned around, his face changed slightly.

What should it be?

He is not from the Su family, but appeared here, what does this mean?

Yu Lou has been with Su Nan for so long, and it seems that he will soon prepare for a major public relations matter.

I don't know if the domineering president knows, will he be mad?

When he got downstairs, Yu Lou was about to get into the car when he suddenly saw a chubby figure running in.

Squinting, a little familiar.

He suddenly remembered that this man was the housekeeper beside Fu Yechuan, Wu Tutu!

Yu Lou immediately sent a message to Su Nan, and when she replied "understood", he started the car and left.

Su Nan put down the phone, her face was a little cold.

Shang Qian also wondered that she had just left Yu Lou happily, why something went wrong in the blink of an eye.

I kept hearing someone knocking at the door.

Just as Shang Qian was about to open the door, Su Nan's voice was a little cold: "It's from Fu Yechuan." Based

on his news, he should have known that he was injured, so he came to visit.

However, it wasn't him who came, but Su Nan was relieved.

Because she still doesn't want to explain to Fu Yechuan her relationship with Shang Qian.

Do more.

Shang Qian's face froze slightly, and his eyes stared at her:

"Don't want to see him?"

Su Nan looked at him, "I think you don't want to see him." For three seconds.

Shang Qian slowly overflowed with a smile.

His girl has begun to stand on the same front as him...

She is even shorter than he thought.

"Although I don't want to see him, he didn't come to see me, and I'm not shameful. You should see me if you think I should."

Shang Qian fully respected what she meant.

He wasn't afraid of Fu Yechuan himself, let alone sent a little scoundrel, why would he take it to heart?

Su Nan raised her eyebrows, she didn't care about her for his own good.

"Okay, let's open the door."

The people outside the door had knocked on the door ten times, and they were really persevering.

Shang Qian opened the door.

Wu Tutu happily raised the heat preservation bucket in his hand, "Miss Su, I'm here to see you..."

Seeing Shang Qian, his face stiffened slightly, and he blinked, as if he didn't respond.

Shang Qian politely let him out the door and let him in.

Wu Tutu did not move.

Su Nan frowned, "Big cousin, aren't you coming in?"

Wu Tutu then moved in mechanically and rigidly.

But he stared at Shang Qian intently.

Shang Qian smiled, "Don't know me? Do I need to introduce myself?"

How could he not know Shang Qian?

That was a thorn in the eyes of their President Fu!

Su Nan was a little dissatisfied with Wu Tutu's reaction, "What are you dazed for?"

Wu Tutu hurried in, and even forced a smile out.

"I didn't expect there would be guests here. I knew I would come here at a different time..."

He came to visit, but got Fu Yechuan's instructions.

If Fu Yechuan knew that Shang Qian was here, he would have wanted to fly back from the mountains to visit him.

Su Nan pursed his lips, his voice was cold and calm, "Speak straight."

Shang Qian looked at the two of them and had no intention of avoiding them, so he went to the balcony to watch the scenery and eavesdropped...

Wu Tutu pursed his lips, of course he is not qualified to ask Su Nan's friends to avoid him.

He put the insulation bucket in front of Su Nan.

“Your favorite bird’s nest, low-sugar and fat-free, beautiful and healthy...”

He thoughtfully poured out a cup for her.

Su Nan ate a lot of his food, of course he wouldn’t regard him as a beast.

Wu Tutu is completely different from Fu Yechuan.

She took it, stirred it with a spoon, and the fragrance came out, which was really good.

It’s just that she didn’t forget Wu Tutu’s sudden visit, and she must have something to do with Fu Yechuan.

Putting down the cup, she looked at him.

“How do you know I’m in the hospital here?”

Wu Tutu smiled, he had already prepared his words, and was waiting for Su Nan to ask him!

“Miss Su, of course President Fu told me. He really cares about your every move!

There was a mudslide in the mountain you went to, and President Fu is now transporting relief supplies there to help the disaster area rebuild.

Don’t look at his usual days. He’s serious, but he’s really handsome, kind-hearted, and moral. He went there for the first time regardless of the danger, but it’s a pity that I missed it with you...” Su

Nan frowned, “Did he go in person?”

Surprisingly.

A mercenary businessman, a domineering and ruthless president, actually involved himself in danger?

She really didn’t understand.

Wu Tutu nodded heavily, “Of course, although President Fu earns more money, he allocates more public welfare funds every year. He is just cold-hearted, and some things are hidden in his heart, which is easy to be misunderstood. “

He unconsciously looked at the figure on the balcony, paused, and sighed:

“Unlike some sanctimonious hypocrites who would deceive innocent and innocent little girls!”

He spoke indignantly, secretly sarcastic Shang Qian!

Su Nan’s eyes flickered slightly, and her face also sank. She didn’t understand, did she need to say it so clearly?

To improve himself and belittle others, Fu Yechuan really does not suffer at all.

Shang Qian stood there with a stiff back, but did not turn around to interrupt their conversation.

Su Nan took a sip of tea and paused to calm down.

“Is there Fu’s public welfare project there? If you don’t show up at this time, the relevant departments will come to your door to ask for trouble. Mr. Fu’s actions are still very neat, free public relations time, good political and business relations...

” complete.

Wu Tutu looked at her dully, speechless.

Why is her reaction so calm?

And he soon saw through Fu Yechuan’s true intentions.

He couldn’t even get it.

For a while.

Su Nan looked up at him, “Thank you, President Fu for your concern.”

Wu Tutu nodded.

Su Nan: “Is there anything else?”

Wu Tutu hesitated for a moment, then quickly said,

“I will come every day to bring you nutritious meals and bird’s nest...”

Su Nan smiled , “No more trouble.”

“No trouble, no trouble, this is what I should do!”

If he came every day, he could monitor Shang Qian's every move. He didn't want to miss this opportunity!

Su Nan shook his head, looked at him with a smile, raised his chin, and gestured to the people on the balcony. Standing tall and slender in the light and shadow, he seemed particularly charming.

"My boyfriend can cook, thank President Fu for his kindness!"

Wu Tutu's smile froze completely on his face.

Did he hear it right?

Boy friend?

He opened his mouth, feeling that his facial features were all tangled together.

Shocked beyond words!

"Miss Su, are you... together?"

Chapter Nine hundred and twentieth love is dead and alive

Wu Tutu felt cold and numb all over.

Seeing Su Nan nodded with a calm smile, he suddenly felt panic in his heart.

If Fu Yechuan knew about it...

God, I can't imagine it!

He stood up and took a step back, a little incoherent:

"No...don't dare..."

Su Nan narrowed his eyes, "Don't dare?"

"Don't dare to tell President Fu for you. , Miss Su, I... I still have something to do, so I'm leaving!"

After speaking, he trembled and ran away.

Su Nan smiled silently, is the reaction so big?

When Shang Qian saw the person leave, he calmly walked over to close the door, and glanced at Su Nan's untouched bird's nest on the table.

"Don't you want to make it public?"

Su Nan raised her eyebrows and put down the teacup in her hand.

"It's not public, it's a notification to prepare some people."

Shang Qian raised his eyebrows, and the corners of his lips rose slightly.

It is estimated that some people do not want this matter to be made public more than they are.

Next, he wanted to know Fu Yechuan's reaction.

Seems...somewhat irritating.

Su Nan took a deep breath, picked up the spoon and cup, and planned to eat some bird's nest.

But before he touched the cup, the bird's nest in front of him was taken away.

She looked up at him in surprise, her eyes a little confused.

Shang Qian smiled and said in a slow voice:

"I just found out that you like eating bird's nest. I'll try the recipe, and I'll make it for you when I come back."

After he finished speaking, he drank the bird's nest in the bowl without a nod from Su Nan.

Su Nan blinked, Shang Qian pursed his lips, frowned slightly, and then shook his head.

"Not enough."

After saying that, he poured out the rest of the thermos and drank it all at once...

Su Nan licked his lips and put down the spoon regretfully.

"Have you tasted it?"

Competing with a sick person, Shang Qian is such a mystery?

Shang Qian smiled, looked at her with dark eyes, and said in a deep voice:

“I can’t taste it.”

Su Nan: “...”

“However, I cook better.”

Shang Qian’s voice Warm and determined, not like a joke.

He stretched out his hand and pinched Su Nan’s ear, “So, don’t eat whatever other people give you in the future.”

So, he drank a big bucket of bird’s nest and was jealous.

Su Nan realized this, and his ears were a little hot unconsciously.

Shang Qian stayed here for a whole day, the phone rang countless times, and finally left helplessly at Su Nan’s urging.

After finally being quiet for a while, Qin Yu came happily again.

Su Nan clicked her tongue, and looking at her bright face, she knew that she had fallen into a whirlpool of love.

Qin Yu came empty-handed, ate up Su Nan’s snacks unceremoniously, and looked at her with a smile:

“I’m here to tell you, I’m in love!”

Su Nan smiled, “And Mo Xian? You haven’t been together all the time. Are you in love?”

Qin Yu shook her head, “It used to be a bed partner relationship, but now it’s a love relationship!”

“I gave up the helicopter and chose Mo Xian. Is he the kind of person who gets carried away in love?”

Su Nan thought of Mo Xian’s gloomy and cold expression. The look made him tremble, and it was very gloomy.

Qin Yu smiled and looked confident.

“In my hands, he can’t fly out. Although Mo Xian doesn’t have a helicopter, he has used all the relationships he can use. I was there waiting for him to rescue me, and I saw him appear in front of me. At that time, I knew that he loved me to the death!”

Su Nan frowned and looked at her with high spirits, and suddenly burst into laughter.

Who is in it?

In the end who love to live and die?

But it's good that she can meet someone she likes, so as not to feel uncomfortable watching Su Jin and Wen Xiang together.

She stayed here with Su Nan until very late before being picked up by Mo Xian.
