Chapter 951 disturb me

Chapter 951: Disturb me

, Su Nan was stunned, wondering why Senior Sister Wen Xiang wanted to see her?

But she's already a quasi-sister-in-law, so of course she can't put on airs.

"Come in."

Su Nan smiled and watched Wen Xiang walk in generously. She was gentle and beautiful. There was

always a kind of magic in her smile, which made people couldn't help but get close to her, like a spring breeze.

"Sister Wen Xiang, are you looking for Big Brother?"

Wen Xiang smiled, "I had an appointment with him for dinner, but I want to meet you first."

Su Nan raised her eyebrows, looked at Yu Lou, Lou nodded and turned to leave.

The two have never been alone.

Although Su Nan felt sorry for her and Su Jin because of Qin Yu's affairs, she would not get involved in their feelings.

As long as the eldest brother recognizes the person, she will also respect the same.

"Miss Qin, is she better?"

Su Nan paused, her eyes flashing slightly, "much better, she has just been discharged from the hospital."

"I remember when you were in school, you were better off. She often gave Su for you. Jin gave things, today is chocolate, tomorrow is drink, I am quite impressed with her."

Wen Xiang smiled, and there seemed to be some tolerance and helplessness in the smile.

Su Nan's eyebrows moved slightly, she never asked Qin Yu to send anything to her eldest brother?

They were all women, and she immediately understood what Wen Xiang meant.

Wen Xiang must have noticed that Qin Yu was wrong to Su Jin.

After all, the morning gaffe was somewhat obvious.

So, she came to test.

Su Nan lowered his eyes slightly, smiled, but did not speak.

Wen Xiang didn't hesitate, "Although I know that those things must not be given by you, you are his own sister, how can you not know that Su Jin doesn't like snacks or sweet drinks?"

Su Nan didn't say anything. , Wen Xiang smiled, "I had a big quarrel with Su Jin for this reason, and after I went abroad, I never contacted him."

Su Nan raised his head sharply, "Are you going abroad because of this?"

"Almost so. It's a coincidence, but I just want to ask one question, does Qin Yu still like him?"

Wen Xiang smiled with a hint of bitterness, "This little girl is more resilient than others, and she knows you."

Su Nan looked She glanced, "I cherish this friend, but I haven't matched them. If you want to know the answer to that question, you can ask her."

Wen Xiang raised her eyebrows: "It's too cruel, forget it."

She also knew how to close the window . The piercing of the paper is cruel to Qin Yu.

Wen Xiang's temperament is definitely not embarrassing.

Su Nan paused, "Sister Wenxiang, my eldest brother likes you very much, and our whole family likes you very much, so you don't need to worry about other women, let alone worry about gains and losses, we will become a family, don't worry. Wen Xiang paused ,

her beautiful facial features stiffened for a moment, and then she smiled with sincerity in her heart.

“I think too much. It’s no wonder that your elder brother loves you the most. Su Nan, I will love you too.”

Su Nan smiled. Wen Xiang is not someone who has motives. You dismissed, such a person is probably the easiest.

There was a knock at the door, and before Su Nan could speak, someone walked in.

Su Jin felt helpless when he saw two people sitting there drinking coffee.

“Wen Xiang, don’t disturb Xiao Wu’s work, come and disturb me...”

Su Nan choked and looked at this big brother in love speechlessly. His brain circuit is straighter than Su Qi?

...

Chapter 952 I have seen him

Chapter 952 I saw him

Wen Xiang had already stood up with a smile, “Su Nan has been working hard, shouldn’t you share more?”

Su Nan nodded solemnly.

Su Jin glanced at her, expressionless, “Young people need more experience.”

Su Nan twitched the corners of his mouth: “...” The two finally left her office.

Su Nan silently continued to read the document.

Not long after, Yu Lou knocked on the door again and came in:

“Mr. Su, President Shang is here...”

Su Nan frowned slightly. It’s only been less than three hours since he was apart. Is his frequency a little high?

“Come in.”

Shang Qian is now her boyfriend, but it hasn’t been made public yet, so even Yu Lou doesn’t know, thinking that the

two of them are just a simple cooperative relationship.

Shang Qian walked in and smiled at her, holding a food box in his hand.

Su Nan's eyes lit up, isn't this the private chef?

"Have you been busy?"

Shang Qian walked over, took out the food box and put it on the table, and smiled:

"It's not as important as your meal, I was worried that you would be busy and make do with eating, so I went to pack some and try it. ..."

How can there be such a gentle and caring person in this world?

She originally planned to make do with the two.

But seeing Shang Qian's food box, she got rid of this idea.

Every meal must be taken seriously to be worthy of her hard work!

"Have you eaten?"

Su Nan took the chopsticks and looked at him.

Shang Qian nodded, "I've eaten, I was talking about things at their house, so I packed their house."

It turned out to be just a matter of the way.

Su Nan doesn't mind either, some food is good.

It contains her favorite sweet and sour pork ribs, as well as roast lamb, which is absolutely amazing.

But no matter how happy she is, she can't be too obvious. She still eats gently, chewing slowly, and she has long been used to it.

Shang Qian looked at her patiently, and suddenly said, "Have you met President Fu today?"

Su Nan paused and nodded.

"Qin Yu wants to destroy the cooperation between Mo Xian and the Fu Group, but I didn't expect Fu Yechuan to be there."

It's no big deal, but Su Nan didn't expect Shang Qian to know about it.

"He didn't do anything, didn't he? Last night, Mr. Fu looked very bad."

Su Nan shook his head. "No, Fu Yechuan is a decent person and won't do anything that will hurt both sides."

After all, the relationship between the Su family and the Fu family It is already walking on thin ice and can't stand any setbacks.

For the sake of apparent peace, Fu Yechuan would not do anything that would harm the face of the two families.

Shang Qian smiled and breathed a sigh of relief, "That's good."

But the eyebrows were slightly raised, a decent person?

Not really, right?

After Su Nan finished eating, Shang Qian looked at the time, "If you have time, would you like to go to the airport with me?"

Su Nan looked at him in confusion: "Why are you going to the airport?"

Shang Qian smiled: "Mike is on vacation and is coming to Country Z."

"What time is the flight?"

Su Nan was surprised, why didn't he say anything about such a big thing?

"It should have just landed now."

Su Nan stood up abruptly. "If you didn't say it earlier, wouldn't he have to wait for a long time?"

Shang Qian smiled, "It doesn't matter, he has a nanny and bodyguard by his side, so nothing will happen."

Su Nan really regretted it to death. She was still eating slowly just now...

Shang Qian was still packing up what she had eaten, Su Nan urged:

"Just let Yu Lou pack up. , let's go!"

She hadn't seen little Mike for a long time, and she really missed him.

Shang Qian smiled, a little helpless, "He is much happier to see you than to see me."

...

Chapter nine hundred and fiftieth chapter hello

Chapter 953 Hello

, Su Nan has put on a coat and scarf, and is standing at the door with a bag.

This speed is simply fast!

Shang Qian couldn't linger any longer, and went downstairs with her with something.

It was cold outside with a drizzle.

Shang Qian was driving, but he encountered red lights along the way, and the time dragged on.

But he didn't plan to call Mike to soothe his emotions. It had been more than half an hour when he arrived at the airport.

Su Nan got out of the car and watched Shang Qian take out his mobile phone in a hurry and called the bodyguard.

He looked back at Su Nan, "I'll be here soon."

Su Nan nodded, and within two minutes, he saw the bodyguard, the maid Susan, and little Mike who was staggering over in the crowd.

Little Mike was wearing a pair of denim suspender pants, a little punk style, and a cowhide hat, looking white and tender, beautiful and handsome.

I haven't seen him for a while, and it seems to be a little taller. Those azure blue eyes look clear and clear.

Little Mike didn't expect to see the beautiful sister, wiped his eyes, and then ran up to him with joy...

"Pretty sister..."

Su Nan also smiled and waved, but just before the little one. The moment Mike was about to throw himself into her arms, the little thing was grabbed by the neck.

Shang Qian smiled mildly and harmlessly, and kicked him in midair.

“Erzai, miss me?”

He wanted to hug his girlfriend as soon as he came up, did he agree?

Little Mike looked aggrieved and looked at Shang Qian next to him.

“Oh, Daddy, you’re here too...”

Shang Qian: “...”

Su Nan smiled and hurriedly touched Shang Qian’s arm, motioning him to put little Mike down.

Shang Qian glanced at her helplessly, and then slowly let go of this defiant little bastard.

As soon as he let go, little Mike jumped into Su Nan’s arms like a wild horse off the reins, holding her thighs and swaying.

“Beautiful sister, I really miss you...”

Such a soft and glutinous little Mike is so likable!

Su Nan looked at him with a smile:

“Little Mike, welcome to Z country...”

Little Mike nodded heavily, then waved to the nanny and bodyguard behind him.

The two of them were carrying two large suitcases in one hand and looked exhausted.

“Do you have so much luggage?”

Shang Qian frowned.

Little Mike smiled, “These are all gifts I prepared for my pretty sister! “

Su Nan was shocked, my God!

He was about to open it as he said, “This is what someone gave me when I went to the H country to participate in the competition. It is a

genuine antique. It can be collected. I brought it back. ! It’s pretty sister’s favorite red! “

Su Nan was stunned for a moment, when did she like red?

When he opened the suitcase, Su Nan’s mind went blank.

A pair of red half-old embroidered shoes were placed inside, a gloomy feeling seemed He got out of the suitcase...

Shang Qian's expression changed greatly, and he immediately went over to close his suitcase with an ugly face.

"What's going on? "

He looked at the babysitter and bodyguard.

The nanny grew up abroad and did not understand the customs of country Z, so she shook her head blankly.

He also excitedly added: "This was bought at the H country auction. It cost you a lot of money. I heard that it is an antique picked from a woman who has been dead for a thousand years..." The

bodyguard The corner of his mouth twitched, "I persuaded him, the young master said that if the pretty sister doesn't like it, I will give it to you, Mr. Shang..."

anyway, one has to be given away.

Su Nan and Shang Qian glanced at each other, and Shang Qian's eyelids jumped.

He has always been good-natured, but there are times when he can't help but want to beat people.

"You told me before that you can't send money and jewelry. These shoes are exquisite and beautiful. They are the most expensive at that auction. Girls must like them!"

Little Mike went over happily, "Beautiful sister, do you like it?"

Su Nan's face was stiff, and after a while, her heart that was beating violently finally calmed down.

How long has it been since Mike's habit of sending chrysanthemums and wreaths just changed, and now he's starting to send this again?

Really... can't like it!

Su Nan: "Sister...Mike, promise me that you will send some normal ones in the future!"

She really has a shadow.

Little Mike frowned, looked at Su Nan with a vague understanding, and then turned to look at Shang Qian:

"Then give it to Daddy, I wish Daddy a happy birthday and a long life!" Shang Qian's eyebrows moved, and his heart moved. As if he was stabbed:

"I thank you..."

It seems that this son needs to study the culture of country Z.

Shang Qian rubbed his eyebrows with a headache and looked at Su Nan:

"Do you know anyone in the museum collection? Donate it? I don't want to look at it!"

Su Nan nodded, "I know, I will let people know. Connected."

This kind of thing, only in museums and collections, will not look so scary.

Shang Qian sighed, turned around and left, his son didn't want it anymore.

Su Nan pursed her lips and looked at little Mike, what a big surprise!

"What's the matter with Daddy? Why are you giving something away? These shoes cost 12 million..."

Su Nan went over and took his hand:

"Daddy thinks other people are more suitable for this gift. ."

Little Mike nodded sullenly, took Su Nan's warm and beautiful hand, and didn't want to let go.

"Beautiful sister, I miss you so much, can I live in your house?"

It's such a blessing to be able to live with my beautiful sister.

Su Nan hesitated for a second, "Okay, but you have to ask Daddy."

Shang Qian had been waiting in the car for a long time, and as soon as Su Nan and little Mike got in the car, he started the car.

Cold eyes glanced at the bodyguards and nanny outside: "Wait here, dispose of the s in the box and go back." The

bodyguard and the nanny looked at each other.

Twelve million, bought a pair of embroidered shoes?

Shang Qian felt that giving little Mike the black card was definitely wrong.

"Daddy, is it alright if you want to live in the beautiful sister's house?"

He looked at Shang Qian with his white and tender face, and blinked his eyes before acting cute.

Shang Qian hadn't come out of the accident just now, so he didn't eat at all.

"No, your tutor will live with you. I just contacted the teacher of the history of country Z for you to learn about traditional culture."

Little Mike was shocked for a moment, "But... I'm from China!"

Shang Qian glanced at him and said in a cold tone:

"I can change your nationality for you."

Little Mike was even more shocked, how can this be so casual?

Su Nan couldn't help sympathizing with little Mike, but thinking about it, it's not a bad thing to let him know the common sense of country Z?

Little Mike looked at Su Nan pitifully, Su Nan couldn't bear it, and sighed:

"It's okay to change the nationality, but the course can be relaxed, when will this vacation last?"

Little Mike: "My course is taught in advance. It's over, they finish the class in three months, and I'll go back in three months."

Su Nan raised an eyebrow, amazing little Mike!

He suddenly remembered something and said to Shang Qian,

"Shang Yi is coming, and I'm coming to trouble you!"

...

Chapter nine hundred and fifty-fifth business is also sick

Chapter 955 Shang Yi is sick

Shang Qian frowned slightly, looked at Su Nan's blank face, and explained:

“Shang Yi is my second uncle and the heir of the merchant.”

Su Nan nodded, Shang Qian was there She never mentioned the business in front of her, but when her family came, it is estimated that Shang Qian would find a chance to tell her.

Little Mike waved his fist: “It's also a bad guy!”

Su Nan raised his eyebrows, it seems that the business is not calm.

She smiled and didn't make a sound, she knew how much to ask Yu Lou to check the details.

After sending little Mike back to rest, Su Nan didn't stay long when he received a call from Su Yifeng.

His voice seemed unhappy: “There are guests at home, Xiao Wu, come back.”

At the end, he added: “Come back by yourself.” The

implication is to let her go back alone, and don't bring anyone with her .

Su Nan said “um” and said goodbye to Shang Qian and little Mike.

Su's house.

The housekeeper came to open the door for her, Su Nan got out of the car and asked, “Who is the guest?” The

housekeeper shook his head, saying he didn't know.

Su Nan went in and saw Su Yifeng sitting upright, opposite a man in his thirties sitting there with a hypocritical and perfunctory smile on his face.

Su Qi was sitting opposite, handsome and bright, and glanced casually at Su Nan who appeared at the door.

“Xiao Wu is back?”

Su Nan walked over with a smile, “Dad, third brother, this is...”

He looks like a businessman, an elite in the shopping mall, with a cold and sharp light in his eyes , very shrewd.

Before Su Yifeng spoke, the man had already stood up.

“Miss Su, when we first met, my name is Shang Yi, and I’m the president of the Shang Group.”

He stretched out his hand, and Su Nan shook hands with him with a light smile.

Su Qi added on the side, “It’s also Shang Qian’s second uncle, Xiao Wu.”

Su Nan smiled, “Shang Qian mentioned it before.”

Shang Yi raised his eyebrows, “I didn’t expect him to mention me in front of you, it’s really strange. .”

Su Nan pursed her lips, “I don’t know what advice Mr. Shang has come to give?”

Shang Yi’s eyes flashed, and the long and narrow eyes made people feel very uncomfortable.

It’s like asking you to enter the urn.

“I’m here because I want to cooperate with the Su Group.”

Su Nan smiled, “What kind of cooperation do you want to talk about?” I

guess it won’t be that simple. If you are in a hurry to send money, Su Yifeng’s face shouldn’t be so ugly.

And there is no reason to go to the house to talk about cooperation.

Obviously, he came with conditions.

Shang Yi took a deep breath: “The artificial intelligence project that Shang Qian cooperated with the Su Group has been hidden from the air. After the businessman found out about this, he was somewhat disappointed.

You must know that the core of our business lies in artificial intelligence . , In foreign countries, whether it is sales, research or contacts, the merchants are a hundred times stronger than Shang Qian.

If the Su Group is willing to give up the personal cooperation with Shang Qian, our merchants are willing to use all our strength to expand research and production, increase three times the investment amount.”

For a while, the room was quiet, and no one made a sound.

Su Qi disdainfully participated in this kind of topic, he just didn't like Shang Yi because of his feeling.

And Su Yifeng was a little disgusted.

Shang Qian and the Su family have a good relationship, so Su Yifeng has a good impression of Shang Qian.

But Shang Qian's second uncle looked like a cunning fox spirit.

They kept saying that they were destroying the cooperative relationship between Shang Qian and the Su family, and they didn't know what their business was like in private?

If his little five is with Shang Qian, will he be wronged if he doesn't... It's still his old father's long-term thinking!

Su Nan looked at Shang Yi with a light smile.

But there is always a repulsive sense of superiority in his speech and manner.

It is completely different from the humble and polite Shang Qian.

She observes him again, and Shang also observes her again.

On the other hand, Su Qi couldn't bear it any

longer, and said, "Give up the cooperation with Shang Qian and then cooperate with your merchants. This is really confusing. Are you not a family? Are you digging a hole for your nephew

?"

embarrassing.

Shang Yi smiled, "Yes, it's almost the same."

"Mr. Shang, I don't quite understand."

Why did they mention Shang Qian and the merchant separately, as if they were not a family.

With indifference in Su Nan's eyes, he suddenly remembered little Mike's evaluation: "It's also a bad guy!"

"It seems that Shang Qian didn't tell Miss Su too much about our business, and I heard that he has been chasing you, so it can be seen that he doesn't care about feelings either. Very sincere."

Shang Yi shook his head, "That's how he is. Whenever he wears a fake mask on his face, people can't see his true thoughts."

Su Yifeng stood up irritably, a little impatient. To deal with this villain:

"Xiao Wu, let's talk, I'm tired, go up and rest."

Su Nan stood up and nodded: "Okay, Dad, you have a good rest."

There were only three people left in the living room.

Su Qi didn't mean to leave, it was about Xiao Wu's happiness, he had to figure it out!

"Mr. Shang, you came here suddenly, haven't you seen Shang Qian?"

"Sooner or later, I came to Z country this time, one is to cooperate, and the other is to bring him back."

Shang Yi smiled, "Speaking of which, I still need Miss Su to cooperate with me."

Su Nan smiled With a smile, the housekeeper uncle brought her coffee, Su Nan took it, took a sip, and put it down in a hurry.

Shang Yi's face was slightly stiff, and he looked at Su Nan's attitude and wasn't curious at all?

He thought for a while, and said again:

"I don't know if Miss Su knows, he insisted on marrying his brother's woman and raising his child, which is already absurd in our family."

Because of this matter, he brought him with him . That woman and child left the business, and they have been cut off from the business since then.”

Su Nan lowered her eyes and smiled calmly, “I know.”

Shang Yi paused, how did she know?

Did Shang Qian really say anything?

Su Qi was shocked, “What? He married his brother’s woman, and that child is also his brother’s? Isn’t it Shang Qian’s?”

Su Nan glanced at Su Qi with disgust, promising!

Shang Yi curled his lips, “Yeah, it’s not his.”

Su Qi looked surprised and pursed his lips, “Then why didn’t he say it? Before...”

“Probably for fear of embarrassment, after all, marrying It is not a glorious thing to be a woman who has lost his brother. Once it is revealed that the child is not his own, the stains on him will only be more.”

Shang Yi smiled and looked at Su Nan, “I didn’t expect Shang Qian to say this?”

Su Nan raised his eyebrows, “Shang Qian was afraid that things would be exposed and would be bad for the child, so he didn’t say anything.” She

looked at Su Qi, and Su Qi immediately realized that the explanations of these two reasons have completely different meanings. of.

Shang Yi’s dark eyes were dark: “But he must not have said that, he was mad at his mother, and after leaving the business, he didn’t even go back to take a look.

My brother, his father, is already in critical condition. This time I came to Z country, I want to take him back to meet.

Most of his investments are in the projects of the Su Group, and only when the Su Group gives up cooperation with him will Shang Qian give up completely.”

Su Qi: “Will it go bankrupt?”

...

Chapter 957 The fragile little heart

Shang Yi smiled, "Could it be that my businessman can't support a Shang Qian? If he goes bankrupt, he can start all over again, but if his father is gone, there will be no chance."

Su Nan sat there in silence, without saying a word.

Shang Yi's small abacus is well known to everyone.

But I don't know other things, how much is true and how much is false?

He really dared to say the tricks of cheating others behind his back?

"I know this may be a bit inappropriate, but in order to get him back to the business, we have no other way. After all, he is a businessman. Instead of working hard outside, why not work for his own family? ?"

Shang Yi's meaning seemed to be for Shang Qian's sake.

Let Shang Qian go back to the business?

Su Nan hesitated for a moment, then smiled, "This matter is very important, I can't make a decision by myself,

Mr. Shang let me think about it?" Shang Yi breathed a sigh of relief. He glanced at the neckline and smiled confidently.

"For the sake of Shang Qian, Miss Su don't feel guilty. When he returned to the business, he was the boss, not subservient. Think about it carefully, Miss Su."

Shang Yi said and stood up.

"Then I will leave. If Miss Su makes a decision, I will immediately send someone to arrange cooperation."

Su Nan also stood up, "No, Mr. Shang."

Shang Yi nodded and followed the housekeeper . Drop off at the back.

Su Nan sat back, the smile on his face subsided, and there was a chill in his eyes.

"Do you see it?"

Su Qi nodded silently, "I really underestimate Shang Qian. I didn't expect him to be so interested in a child who is not his..."

Su Nan rolled his eyes at him, but he didn't expect his thinking to remain in the state just now.

"Don't tell the story of little Mike, he is too young."

Su Qi nodded, "I know, I understand, protect the fragile little heart of the child..."

Su Nan smiled, "You can't tell others about this."

"I won't say it, but it's hard to guarantee that this businessman won't say it. You can see that he said this secret so casually

, obviously he doesn't care about the news getting out."

Su Nan fell silent.

For this Shang Yi, the matter of Shang Qian's children was not enough to ruin his reputation, and it was even more shameful that he married his brother's woman.

Su Nan took a deep breath and stood up with his phone, "I'll go out."

Su Qi clicked his tongue, "Go and tell Shang Qian?"

"Yes, no matter how you choose this matter, it is wrong. I'll just let him choose by himself." If he

doesn't go back to the business, that's his own will, he's an adult with mature thinking ability.

Su Nan would not be provoked by Shang Yi, so she drove directly back to the apartment.

upstairs.

She rang the doorbell.

Shang Qian had already seen people outside the house, but he didn't expect Su Nan to come up.

He opened the door and looked at her with a smile:

"Miss Su, you are welcome..."

Su Nan smiled, and little Mike heard the movement and ran over with his short legs.

"Beautiful sister, I love you..."

Shang Qian's face turned dark, he really didn't miss a chance to hug Su Nan.

Su Nan didn't mind and stroked Mike's hair:

"Little Mike, my house is downstairs. Brother Su Qi bought me a new intelligent robot that can remotely control Su Xiaohu. Do you want to go and see?"

Little Mike's eyes lit up, his eyes narrowed into a line with a smile, and he nodded excitedly.

Su Nan told him the password, "Go, let's go, we'll go down later."

and Little Mike ran happily.

Shang Qian smiled helplessly and made room for her, Su Nan glanced at it, Shang Qian's home style is relatively warm, and it makes people feel comfortable to look at.

"What's the matter with me?"

Su Nan nodded.

"Shang Yi went to my house..."

Shang Qian's face changed slightly, and the smile condensed on the corner of his mouth.

Su Nan told Shang Yi exactly what he said.

"I think you should know this and prepare early."

Shang Qian was silent for a few seconds, and in those few seconds, his eyes were indifferent.

But soon, he returned to a gentle smile.

He raised his eyes and looked at Su Nan:

"Thank you for telling me this, Su Nan, it seems that I am already your own."

Su Nan was taken aback.

“Your focus is not online like my brother?”

Shang Qian smiled, with a playful look in his eyes:

“Your attitude is what I see, other people are not important.”

He stretched out his hand and pulled Su Nan’s hand made Su Nan’s heart tremble, numb.

“My girlfriend, I might be in trouble.”

Su Nan paused, or was it the first time that Shang Qian was so weak?

“Need help?”

Shang Qian smiled, “Yes.”

Su Nan: “You say.”

“You have to always stand by my side, so that I can always be motivated.”

Su Nan: “... ..”

Shang Qian touched her hair with a smile, “Don’t worry, Shang Yi is not my opponent.”
Su Nan looked at him

, “Don’t you have anything to tell me?”

Mom was so angry that such a private matter should not be said so easily.

But she couldn’t ask directly.

Shang Qian’s eyes were dark and his smile froze for a moment:

“Shang Yi is a villain, don’t believe what he said.

When I left the business, most of it was his fault, because he wanted all the inheritance rights of the business. “

Su Nan frowned, “Then you are willing to leave?”

Shang Qian’s eyes flashed, “You know? Little Mike has encountered many dangers, if I don’t leave, he will only encounter more, I That second uncle has already lost his mind because of the inheritance of the business.”

He paused, his face was not very good-looking, and even his lips were pale for a moment:

“And I was very unhappy with my parents at the time, so I had to leave everything and leave. Instead of fighting for some property, it’s better not to interfere with each other and take a step back to open

up the sky...” “Mr. Shang is really generous, but your concession didn’t get anything in return, he was chasing after him. He still wants to bankrupt you.

I guess he is already eyeing your foreign assets now, are you really not going to do anything?”

Shang Qian lowered his head, hooked his lips, and showed a rare trace of coldness on his face.

“Don’t worry, he doesn’t have the ability to take my things.”

After all, he was able to gain a firm foothold on Wall Street, not because of his business background.

If Shang Yi dared to reach out and grab it, he would chop off his hand!

Su Nan let out a sigh of relief, it seemed that she was thinking too much.

Shang Qian avoided talking about his parents, and I’m afraid it’s not good to ask directly.

Forget it, you’ll always know when it’s time to know.

She stood up with a smile, “Okay, I still have work at night, will you go down and play games with little Mike?”

“Want to go to the company? Shall I take you off?”

Shang Qian stood up and wanted to go over to get his clothes.

Su Nan smiled, “No, Yu Lou will come to pick me up.”

Shang Qian nodded, after all, he was worried that little Mike was left alone, otherwise he would insist on sending her to work.

“Does Assistant Yu have a girlfriend?”

He had to be jealous that Yu Lou could get along with her day and night...

...

Chapter 959 I want to kiss you

Chapter

959 The question of I want to kiss you gave Su Nan a slight pause.

“He’s already married.” I

remember taking marriage leave before!

Shang Qian smiled, “It’s a pity, I originally planned to introduce him to a girlfriend.”

Su Nan frowned, “Why didn’t I hear you say it before?”

“I’m too busy to forget.”

Su Nan walked over At the door, “I’m leaving, will you go down too?”

“Wait.”

Shang Qian walked over with a flower from the vase in the living room, Su Nan’s heart beat faster.

The delicate Swiss Sayuri came in front of her.

“I hope the last gift of the day will make you forget the unhappy thing you saw at the airport.”

The pair of shoes has probably arrived at the museum by now, and the curator had called repeatedly to thank them and praised their generosity.

Su Nan took it with a smile, “Thank you.”

Among all the gifts, this flower is the most normal.

Shang Qian smiled and squatted down to put her shoes on.

Su Nan really couldn’t resist his enthusiasm, but he acted very casually and was not worth mentioning at all.

After putting on his shoes, he stood up and looked at her with a smile, his warm eyes brimming with brilliance.

“Su Nan, there is a problem.”

She looked at him.

“When can I kiss you?”

Shang Qian’s eyes reflected her face, looking at her bright facial features, he had to work hard every time to restrain the urge to kiss her.

Because I was afraid that she would not be able to accept it for a while, and I was afraid that she would be frightened.

But the moment he just squatted down again, it was like a gentleman sending his wife out.

The longing in his heart grew stronger.

Therefore, he directly asked what was in his heart.

Su Nan was taken aback by his straightforward question.

She blinked, her face flushed red.

For a while, silence fell.

But Shang Qian didn’t want to let her go like this, he took a step forward and approached her, her shadow was reflected between his eyebrows and his eyes were filled with soft light.

Su Nan smelled the warm, quiet and cold fragrance on his body, and was in a trance for a moment, but he quickly reacted and reached out and pushed him.

“Then wait for me to ask!”

she said quickly.

Shang Qian was puzzled and looked at her with a half-smiling smile:

“Who to ask?”

“Ask my dad!”

Shang Qian’s face stiffened, and just as he was about to say something, Su Nan turned decisively and ran away.

This is to scare him again!

If you really ask Su Yifeng, Su Yifeng will probably be a man with a fishing rod and pedal!

He lowered his head and smiled, the phone in his pocket rang, and when he took it out, he immediately put away the smile.

He picked it up: "Second uncle?"

Shang Yi's wicked voice came over, "I've come to Z country, eldest nephew, do you want to meet?"

Shang Qian's eyes were heavy, and the depths of his pupils seemed to be condensed. Ice, the chill is awe-inspiring.

"Okay, it should be."

"By the way, I have met the Miss Su you like. She has good eyesight and a beautiful family background.

It's really not easy for you to climb this tall branch!"

Shang Qian's face was slightly cold, and he hung up the phone directly.

He is not in the mood to talk nonsense with Shang Yi, and there is not much affection between them to communicate.

...

Su Group.

Su Jin held a high-level emergency meeting immediately because of a major accident in a project in the company.

When Su Nan arrived, Su Jin had already talked with the two supervisors for half an hour.

The two supervisors looked pale and shivered like chaff, and it seemed that the conversation was terrifying enough.

Su Jin raised his head expressionlessly, "This is the company's decision. You have been fired. Go to the personnel department to go through the

formalities and leave with dignity."

Chapter 960 The man can't believe what the

two supervisors want to say, but after all, no one dared to speak.

Everyone knows Su Jin's temper. If he is wrong, he is wrong. He will not give him a chance.

When they left, Su Nan sat opposite him, puzzled:

"Didn't you say that something happened to the project?"

Su Jin raised his chin, his face as cold as frost:

"The two just now were bought off and plan to work on the project. His actions were discovered by his subordinates."

"Who bought it?"

"Xinhai, a woman named... Yunyun."

Su Nan's eyes narrowed, "Is it her?"

"You know him . "

I have dealt with each other, and the project has not been lost, right?"

"Not yet, but it will be soon.

Do you know who the spokesperson for these two people is?"

Su Jin's face was as gloomy as water. Get pissed.

Su Nan shook her head, she didn't know.

General real estate projects do not need a spokesperson, unless it is a high-end construction.

Su Jin gritted his teeth, "Sun Haoyang."

Su Nan was shocked: "Domestic abuser?"

Sun Haoyang received a lot of attention in the media, but it was all negative.

The little fresh meat that debuted at the same time as Yu Fei, Yu Fei has soared into the sky, and the national attention is getting better and better.

However, Sun Haoyang plummeted, and when he was on the rise again, he announced his marriage and lost a lot of fans.

Domestic violence after marriage, lost more fans, and even turned black, and the nationality can be said to have plummeted.

Whoever touches him is unlucky.

This male artist who was about to get confused was actually signed as a spokesperson by the Su Group?

Su Jin sighed irritably.

“These two are old people, so they have great autonomy in signing the contract. They signed Sun Haoyang privately, just to be scolded with our products.”

Su Nan’s face was heavy, “Can you cancel the contract?”

“No. It is worth ten times the liquidated damages, and once the contract is terminated, our project is stillborn.” The

office fell silent.

The choice is tricky.

Su Nan was the first to break the silence.

“Isn’t the third brother very familiar with this matter? He can’t do anything about it?”

Su Jin was speechless: “Su Qi said that he must not sign him, and he hung up after he said it. It’s all nonsense!”

Su Nan pursed his lips, “This way Well, I’ll find a way.”

“You?” Su Jin obviously didn’t believe it.

Su Nan smiled, “Your sister is at least half a foot into the entertainment industry, don’t underestimate me!”

Su Jin smiled at her words, and his face softened a lot.

“Okay, come on. If it doesn’t work, forget it. It’s a big loss. If you terminate the contract with him, you have to keep the reputation of the group. This is our bottom line.”

Su Nan understood.

Whether a spokesperson's image is positive is fatal to an enterprise.

Once there is a problem with the spokesperson, some black material will spread to the company, which may lead to stock market turmoil and then bankruptcy.

Su Nan smiled, "Big brother, you can go fall in love, you don't need to get angry about this kind of thing, I'm leaving!"

"Wait, Xiao Wu..."

Su Jin hesitated for a moment, and took out a kraft paper bag with a thin layer from the drawer.

His big hand with clear phalanx tapped on it, his tone was cold:

"Don't blame eldest brother for being nosy, the third one told me about Shang Yi's going home today.

I know that two people should trust each other when they are together, but we You have to be more careful when you are hurt once.

No matter how good Shang Qian is, he is still a man, so you can't trust a man's words."

Su Nan was silent for a few seconds.

She immediately understood what was in that kraft paper bag?

It is the material for investigating Shang Qian.
