Chapter 961 Are you still human?

Chapter 961 Are you still human?

When Su Nan was still struggling to ask or not to ask, Su Jin had already made a decision for her.

learn from mistakes.

It was a bloody lesson.

She fell in love once, and the whole family was thrilled.

How could she have such a warm family?

Su Nan smiled, walked over and brought the paper bag over, "You're right, you can't believe it all, before you get caught up in it, you have to understand the details of this person."

Su Jin looked at his sister who was extremely wise.

How sensible...

Su Nan raised his eyes and looked at him with a half-smile:

"Big brother, you are also a man, I have to remind Senior Sister Wenxiang of this!"

Su Jin's face changed slightly. Change, gnashing his teeth:

"Are you still human?"

Su Nan stuck out his tongue playfully, and left with something.

Su Jin frantically asked her to talk nonsense from behind!

Her mood suddenly improved.

Su Nan returned to the office with the things, and Yu Lou followed.

"Mr. Su, I found out about the materials of President Shang. You can ask me if you don't have any."

Su Nan raised his eyebrows, "When did you..."

"It was the afternoon when you returned to the apartment from the old house. When the time is up, I let the detectives of M country to investigate, the secrets of the business are

well concealed, if you ask directly without preparation, it will definitely attract their attention."

Su Nan paused, "Didn't they notice? "

"No."

Su Jin suddenly asked Yu Lou to investigate the matter, and Yu Lou realized later that Shang Qian and Su Nan had become much closer recently.

It's because he was too slow to respond.

This is unqualified for an assistant.

Su Nan nodded, sat on the sofa and opened the kraft paper bag...

After Shang Qian became an adult, his information was separated from the business.

The businessman has a huge family, and has a mysterious and profound background. It has a very high status in the overseas Chinese circle, and is involved at all levels. The identity of the personnel is complex, and half of them are engaged in business and politics, and they even have a place in the political arena of M country.

But Shang Qian seems to have completely disengaged from the business, and he no longer interacts with anyone in the business, as if his surname is a coincidence.

He gradually gained a firm foothold on Wall Street and became the premier genius in the securities industry, no one cared what his background was.

He marked in the spouse column: Widowed.

Generous and candid.

Until now...

Su Nan raised his eyes and looked at Yu Lou, "Is there anything else?"

Su Nan was not interested in the basic materials in front of him.

Yu Lou paused for a moment, and breathed tight for a moment.

Soon, he breathed a sigh of relief.

Frowning.

“Mr. Su, business is more complicated than we thought.”

Su Nan raised his eyebrows, it seemed that he had found something that others didn't know.

“His information can be confirmed, and it has been cleaned up. Even if I find it with a private detective, it is what he wants me to find out.

However, there is a secret circulating in the business. I heard that when the business chose the heir, it was originally set. The person is Shang Qian.”

Su Nan's eyes narrowed slightly.

She suddenly understood why Shang Yi, the second uncle, was so hostile to Shang Qian?

His existence is a potential hidden danger for Shang Yi.

In such a complex family group, choosing an heir is probably not a simple matter.

However, Shang Qian's light-hearted personality was completely different from the shrewd philistine of Shang Yi.

After thinking for a while, Su Nan took a deep breath and handed the kraft paper bag to Yu Lou.

“destroy.”

. Yu Lou looked at her in surprise.

Su Nan's tone was very light, “Since it was cleaned up, only the businessmen know about it. When Shang Qian wants to say it, he will naturally say it.”

She was not blindly confident that she was with Shang Qian. Important, waiting for him to say everything without reservation.

It's not always good to just explore other people's privacy.

It has nothing to do with her after all.

Yu Lou noticed that her mood was a little low, and nodded.

"Okay, Mr. Su."

Su Nan stood up and went over to get the coffee.

Yu Lou looked at her itinerary:

"There is an event in the evening, Su Jin was originally invited, but Mr. Su told you to go."

Su Nan raised an eyebrow, "Didn't you give it to me directly?"

Yu Lou nodded in confusion, said he didn't know what was going on.

Since Su Nan has established a firm foothold in the Su Group after the divorce, Su Nan will be named for any business entertainment.

How come some people suddenly don't understand the rules?

"I heard that Yunyun will also go, this banquet is for her."

There is always a tacit understanding between the high-level assistants, Yu Lou asked without much effort.

heard.

Su Nan smiled.

The last time she was sent to a mental hospital, this woman 80% began to hold revenge.

Deserved!

She warned.

Su Nan's mood suddenly improved, and the thinking in his mind was very active.

I didn't want to let myself go, so I gave it to Su Jin specially?

Don't you want to see her?

She had to go to block Yunyun!

“I’ll change my clothes and go. By the way, let Sun Haoyang go with me.”

The spokesperson of the Su Group’s new products has to earn back even the money!

Yu Lou nodded, turned around and went to Sun Haoyang’s manager to bring him over.

When Sun Haoyang’s agent heard that Su Nan wanted him to be his male partner, he called Sun Haoyang away, who was busy, without hesitation

.

The agent was originally worried about the termination of the contract by the Su Group. After all, Sun Haoyang, who is dressed in black, has

no business endorsement activities now.

Twenty minutes later.

Su Nan saw Sun Haoyang downstairs, dressed in a square suit, looking tall and thin, slender and

good-looking, with a good proportion of facial features and a good temperament.

Although he debuted at the same time as Yu Fei, he is only two or three years older than Yu Fei, but Yu Fei

is a group favorite in the entertainment industry, and he always has a pure smile on his face.

But Sun Haoyang’s eyes were deep and dejected, and he was marginalized all the year round. People in the circle were so powerful, and unfortunate things happened one after another, so that he had no expectations for anything.

Seeing Su Nan, he didn’t have much expression, just nodded.

The agent next to him pushed and shoved in dissatisfaction, with a shy smile:

“Thank you, Mr. Su, for your praise, we Haoyang are a bit introverted, but he is good-looking, and he will have a lot of face when he takes it out. We must be extremely proud of this endorsement event. Value...”

Yu Lou looked at Su Nan impatiently, and stepped forward to stop him from continuing.

“It’s almost too late, Hao Yang, get in the car.”

The manager shyly gave up his seat at the car door, Sun Haoyang nodded and bent over to get into the car.

The driver glanced at Su Nan and started the car directly.

The car was very quiet, her favorite scent.

When the car arrived at the clubhouse, her bell suddenly rang in the car.

Su Nan was attracted and left from the ipad page, but the phone accidentally dropped when she raised her hand.

She frowned, and before she bent down, someone had already picked it up before her.

Sun Haoyang and handed it to her, expressionless.

Su Nan: "Thank you."

"You're welcome."

It was Shang Qian's call, and Su Nan picked it up.

"Beautiful sister, are you working overtime? Do you want someone to pick you up?"
With

a soft and glutinous voice, when little Mike acted like a spoiled child, I couldn't stand it.

She smiled gently:

"I'm going to an event, but I can't go back for the time being. Mike, have you eaten yet?"

"What should I do? I can't eat without seeing my pretty sister!" Little Mike muttered sadly. write.

Su Nan was deeply distressed, and just as he was about to persuade him to eat well, another mature and gentle voice came from the phone.

"Don't listen to his nonsense, he didn't eat, but he ate the snacks you asked Assistant Yu to send." In his

tone, Shang Qian was very helpless.

Little Mike murmured and retorted: "People are still growing, why don't you eat some snacks!"

Su Nan's tone was gentle, "Little Mike, listen to Daddy's words, you can't eat too many snacks, I will let Assistant Yu give them to you. Bought a lot of practice questions, you remember to review your homework..."

Shang Qian's deep and mellow laughter came from the phone, and she realized that it was Shang Qian who answered the phone now.

"Don't worry, not a single question will be wasted."

Fortunately, it wasn't in person, otherwise Su Nan's tone of coaxing the child would have wanted to find a hole for himself to burrow in.

Shang Qian's voice changed, "Are you going to the 'Jinzao' club?"

There will always be activities in the circle without the famous Shang Qian, and it is not surprising for him to know.

Su Nan hummed, "Are you coming too?"

Shang Qian had a headache, "I'm afraid I won't be able to go to the hotel to pack up with the nanny and bodyguard."

"It's not an important event, so don't worry about it."

"Are you alone?"

This was the question he wanted to ask the most.

Su Nan hooked his lips silently, "Why is there a lack of male companions by my side?"

Shang Qian sighed, "Wait a minute, I still think you are more important, I'll change my clothes and go over."

"Daddy, You hurt my self-esteem too much!"

Little Mike protested.

Su Nan couldn't help but smile, "It's the spokesperson of the company's new products. If you bring it out, don't come out to steal the limelight."

Shang Qian was silent: "Listen to you." The

two said a few more words . , hung up the phone.

The atmosphere in the car was quiet for a while.

The driver was no longer surprised, but it was the first time that Sun Haoyang had heard so many secrets.

After all, the car is not far away, and the of the phone can be heard clearly.

Su Nan realized that the third person existed, and had some regrets.

This black domestic abuser won't talk nonsense everywhere, right?

She glanced sideways at him.

Sun Hao Yang pursed his lips and said indifferently,

"I didn't hear anything."

Su Nan sneered.

So you heard everything?

"What's your relationship with Yunyun?"

She should have asked clearly, if it doesn't matter, how could Yunyun dig a hole for him?

Sun Haoyang's eyebrows twitched, and the hand hanging on his leg clenched.

"Who is Yunyun?"

This little gesture was so obvious.

This domestic abuser can't even act?

Su Nan's eyes turned slightly cold, and his smile gradually subsided.

No one spoke in the car anymore, but Sun Haoyang felt even more nervous.

The car was parked in front of the clubhouse.

Immediately, the doorman came to open the door.

Su Nan's face has a cold and indifferent smile, and there is a sense of indomitable beauty in her bright beauty, which makes people feel fatally attracted, but they are uneasy to approach.

Looking at Yun Yun who was chatting inside, she walked over...

...

Chapter Nine hundred and sixty-four:

Yunyun, the black-like figure, saw Su Nan, her face stiffened slightly.

She was surprised and surprised by her arrival.

The invitation wasn't for her, so she came too?

Su Nan looked at the old man standing next to Yun Yun. This event was held by this old man who had been silent for a long time. In the early years, he had some status and power, but it was gradually replaced by new forces.

But the thin and dead Camel is bigger than Ma, and his network resources are clearly accumulated. People in the shopping mall still need to give some face, so many familiar bosses came to this banquet.

Su Nan smiled, the old man naturally knew Su Nan, and watched her grow up in a circle.

He took a step forward, "Miss Su, welcome, I should call you President Su now, right?"

Su Nan raised his eyebrows, "Uncle really welcomes me? I thought I offended my uncle?" The

old man frowned . , "How do you say this?"

Su Nan glanced at Yun Yun who was standing beside the old man, her expression was obviously nervous.

"Why did you only send invitations to my brother, but forgot to send them to me? Obviously, I had the best relationship with you when I was a child!" The

old man smiled helplessly, "How could I forget you..."

He said with a sigh of relief . , suddenly remembered something, glanced at Yun Yun, and was silent for a few seconds.

As if thinking about something.

Yunyun was stunned for a moment, then smiled and apologized:

“It’s my fault. When the people below showed me the list, I didn’t read it carefully, which made Miss Su misunderstood.

” : “It’s so out of character, don’t stay.”

Su Nan smiled, with a charming voice in his voice:

“Forget it, I thought I was here to sue him on purpose. My brother asked me to have fun, but he didn’t come to find fault.” The

old man pointed at her, “You, I haven’t seen you for a few years, and you’re still the same as your father. , like a little fox!”

Su Nan smiled and greeted Sun Haoyang: “My male companion, Sun Haoyang, a famous actor!” The

old man didn’t care much when he heard that he was acting, and greeted him. Even if it’s over.

After all, in the eyes of ordinary people, actors are sacred existences.

But in their commercial circle, it’s really not a sweet pastry.

“Okay, let’s go in and play, Cheng Er is also there.”

Su Nan smiled, in fact, she wanted to know why Yun Yun was with the old man?

But I guess we’ll find out soon.

After saying a few words, she took Sun Haoyang directly inside.

At first glance, the president of Xinhai Group was also there, as was his daughter who just had her birthday.

It’s so lively!

The daughter glanced at the audience boredly and saw Su Nan, she walked straight over.

“Miss Su, it’s been a long time.”

She smiled at her in the way an adult greeted her, holding a glass of orange juice in her hand, wearing decent clothes, she looked like a pampered lady.

There are many famous ladies around, so she came to say hello to Su Nan.

Even the president of Xinhai Group was surprised, when did his daughter become so familiar with Su Nan?

Afraid that she would cause trouble, he hurriedly followed.

“Mr. Su, the little girl Hai Ye, in the rebellious period, there are no rules, don't take it offense.”

Su Nan smiled and looked at the girl with her lips hooked, she seemed to be extraordinarily tolerant.

“Why, I specially attended your daughter's birthday party last time. Do you like my gift?”
The

little girl smiled and raised her eyebrows:

“I like it very much, and my name is engraved on it.”

This little thought was added by the designer, Su Nan just knew it...

...

Chapter Nine hundred and sixty-five

The daughter Hai Ye of Xinhai Group actually paid attention to it, and she seemed very satisfied.

The president of Xinhai Group was relieved to see that Su Nan didn't mean to blame.

The banquet officially started.

The old man trembled and walked onto the stage, his face full of joy.

“I am very honored to be here today. In fact, I have a big happy event to share with you.”

This banquet was held for no reason. Even Su Nan thought it was just an ordinary social meeting.

I didn't think there was a big happy event?

Yunyun stood aside with an elegant and graceful posture. She gave up her advantages today and did not wear any sexy and revealing clothes. Instead, she acted well and dressed conservatively and decently.

The old man pointed at Yun Yun, obviously a little excited, but there were still tears in his eyes:

"Thirty years ago, I lost my youngest daughter. Thirty years later, I found my youngest daughter, Yunyun."

The venue was shocked.

How many people almost dropped their jaws.

Even Su Nan was no exception. She looked at the excited expression of the old man and Yun Yun's deliberately moved expression.

All this, is it a surprise?

In the early years, I just heard that the old man put his daughter at the door of the customer in order to do business, and when he came out, no one was there.

After searching for so many years, I have long lost hope.

Back then, the old man had a good relationship with Su Yifeng. Looking at the little Su Nan, he liked to hug her.

Later, Su Yifeng felt that he was going crazy, so he didn't let Su Nan play with him, and then gradually alienated him.

Su Nan knew very well that although the old man now has a son and daughter, he still misses the lost daughter.

Unexpectedly, it was Yun Yun?

A person quietly appeared behind her, and her voice was immature and indignant:

"That woman had always dreamed of going to the sky, and now it has come true, but she is not the only daughter in their family. Her elder brothers and sisters have already secretly divided the family property."

Su Nan tilted her head and looked at Hai Ye, the eldest daughter, her clear eyes were filled with haze and disgust.

He said quietly, "You know about this?"

Hai Ye raised his chin, disdainful and arrogant:

"Of course I know, I also know that she will soon be my stepmother!"

Su Nan's eyes flashed . surprised.

If she had no choice but to be the lover of the president of Xinhai Group, then she has a reliable family background, why should she have a relationship with the president of Xinhai?

Don't talk about real feelings, even the president of Xinhai Group's half bald hair, it is difficult to have feelings.

"This old man is really hypocritical. How much affection can he have by marrying his daughter who has been looking for years as a bargaining chip? He actually said it with sincerity?"

Hai Ye lowered his voice and spoke in front of Su Nan.

Su Nan was actually quite helpless. An underage girl spoke ill of others in her ear, which made her laugh and cry.

You can see what she is thinking at a glance.

She hates Yunyun, is it because of this that this little girl thinks that they are a group?

But that's fine, it's better than having one more woman like Yun Yun.

She didn't want to answer, but she explained patiently:

"He didn't cry because of his feelings, how much love he hasn't seen in more than 30 years? Probably because of guilt and self-blame, but seeing Miss Yun doing well, she feels guilty and self-conscious. The responsibility is estimated to be gone soon..."

If this is in an ordinary family, the sky may collapse without a child.

But in such a wealthy family, the most important thing is children, especially sweet-mouthed children.

The old man originally had a son and a daughter, and the family love he should have is indispensable. The lack of one is at most self-blame.

The little girl Hai Ye nodded in agreement.

When he turned around, he saw that Su Nan had walked to a sofa and sat down, pouring himself a glass of juice leisurely.

I don't care about changes in the situation.

It doesn't matter which family Yunyun becomes the daughter of, Su Nan doesn't care at all.

There are many ways to deal with her.

Sun Haoyang sat on the seat not far from her, watching her movements from time to time with a silent expression.

Hai Ye ran over and sat next to her decisively:

"The last time you sent her to a mental hospital, she came back and ran to my dad's place crying and fussing. My dad was really lost in her head and sent her three The house with ten million yuan, she is inexplicably not angry anymore..."

Su Nan hooked her lips, but she didn't know this, the president of Xinhai Group would never come to her for a mistress.

After all, everyone needs a face.

"She was recognized by this old man. For the cooperation between the two families, it didn't take long for her to marry my father. Is this woman sick? My mother has been dead for so many years, and the women around my father have never broken, but she Still want to enter the hall?"

Hai Ye angrily picked up the wine on the table and drank it.

Su Nan raised her eyebrows. Isn't business marriage much better than being a mistress?

Instead of letting the old man know that her purpose of approaching Xinhai Group is impure, it is better to create a soulful character for herself by composing and acting.

Marrying him smoothly will not only consolidate her position, but also help the old man's business, and the old man will dote on her even more.

Three birds with one stone.

Yunyun really deserves to be able to mix like a duck in water in the Xinpu Group, her brain is turning very fast!

While Su Nan was thinking, Hai Ye pushed her mysteriously.

"Your male pet ran away!"

Su Nan frowned, frightened by the word.

"Bad boy?"

Hai Ye smiled and gave her a mysterious smile, "That difficult actor of domestic violence, why are you so good at this?"

"You are a minor student, so care about this?"

Su Nan bit her. Posterior molars, warn her.

Unfortunately, she didn't hear Su Nan's warning.

"Our classmates worship you very much. You are a role model for women, but any man who appears beside you is your favorite!"

Su Nan couldn't even pretend to smile.

Has her reputation been lost in school?

She tried hard and patiently to explain:

"Those are just my friends..."

Hai Ye raised her eyes to look at an angle, and immediately interrupted her nonsense:

"Your boyfriend and the goblin ran away, must not have Good thing, do you want to catch the rape?"

Su Nan looked at her with a bewildered expression: "..."

Hai Ye had already dragged her to stand up, excited:

"Go, go, I Come take a picture!"

Su Nan reluctantly followed, trying not to attract attention.

It was true that Sun Haoyang was no longer in his original seat, and Su Nan kept talking to Hai Ye without noticing him.

Hai Ye pulled her to turn left and right, left the hall, and turned around a corridor, and their steps lightened.

The curtains not far away were blown by the wind, and two figures could be vaguely seen.

Sun Hao Yang and Yun Yun.

Su Nan narrowed his eyes and sneered in his heart.

This Sun Haoyang said that he didn't know Yunyun on his front foot in the car, but now that he met her in private, did he take her as a fool?

Immediately decide to terminate the contract as soon as he goes back, not only to terminate the contract, but also to make him lose a lot of money!

Hai Ye has raised the phone and called up the camera mode.

Su Nan quietly went to the back of the wine cabinet on the side, where he could hear more clearly.

"Su Nan brought you here, it shows that she still believes in you, Mr. Sun, you have to work harder!"

...

Sun Hao Yang was silent and did not speak.

Yunyun: "As long as you deliberately give reporters and gossip bloggers some clues during the contract period, for example, go to Japan to take a photo, or complain about their Su Group's products in the group, the Su Group will be finished! "

Su Nan felt a chill in his heart.

I really want to throw this Yunyun down the stairs.

court death!

Sun Hao Yang has been silent finally forbear opening chilly voice:

“Su’s group can not finish, finish first for me, I try to fool you put it?”

He was just a name on the crown of domestic violence, it is already Everyone shouted.

If there is any more powerful black material, he will never think about turning over in this life.

Yunyun smiled and said, “Of course I won’t treat you badly. I got your contract for you.

After you get things done, I’ll give you a lot of money, so you can live a good life even if you quit this circle. After all , in this circle, you’re about to lose your way...?”

Yun Yun’s words were really heartbreaking.

Sun Haoyang was silent again and did not speak.

Yunyun thought her words had an effect.

Sun Haoyang’s indifferent voice suddenly sounded:

“You can find someone else to do things like this. If you can’t get along in the circle, it’s a small matter. If I can’t make myself alive, you won’t help me end it. Right?”

Yunyun’s face changed, and her voice became hard:

“Don’t forget who gave you the resources you found. Are the resources of the Su Group so easy to get? How many people bigger than your wrist are lined up? The team is waiting, it’s on your head...”

Sun Haoyang sneered lightly, “I signed a contract with the Su Group, not you. You have a grudge against the Su Group, and you still want to use their stuff to threaten me?

I don’t have any expectations. Save with me...”

After saying that, he smiled sarcastically, turned around and left.

Yun Yun was furious behind her. Is this the male artist she carefully selected?

A male artist who is on the verge of quitting the circle, he doesn’t even have many fans.

How dare you speak to her so stubbornly?

When Sun Haoyang left here, he was bound to pass through where Su Nan was.

Hai Ye, who was behind Su Nan, tugged at her clothes secretly, signaling her to withdraw quickly!

However, it seems that it is too late.

Everyone is so close, if they leave, they will be found behind, and the sound of footsteps will not be concealed.

Sun Haoyang walked over with a cold face, saw Su Nan and Hai Ye out of the corner of his eyes, but his face was slightly startled.

Then, he strode away casually, without turning his head, as if he didn't see it at all.

It's so good, no one has broken this embarrassment!

Hai Ye secretly let out a sigh of relief.

Su Nan gave her a funny look, "So afraid of coming?"

Hai Ye raised his eyes and looked at her like an idiot.

Su Nan did not lower his voice.

Yunyun naturally heard it.

Her face became ugly, and she said vigilantly:

"Who is there?"

Hai Ye tugged at her, Su Nan patted her wrist comfortably, then turned around and walked out.

She leaned against the wine cabinet quietly, a cold smile brewing in her calm eyes.

"Su...Su Nan? Why are you here? How long have you been here?"

There was a rare trace of panic in her tone.

Are you afraid?

"I've been here all the time, I just don't want to interrupt your conversation, Miss Yun, congratulations on finding your relatives yet?"

Yun Yun's face was extremely wonderful.

She gritted her teeth:

“Su Nan, we didn’t have any festivals. You asked the mental hospital to pick me up first, and I wanted to take revenge on you. You should understand?”

God-like thinking!

She hooked her lips, “Understood.”

Yun Yun: “That’s good, anyway, Sun Haoyang didn’t agree, everyone just pretended that nothing happened, and it’s better to live in a circle in the future, it’s better to live together peacefully.

” for a few seconds.

The music outside is elegant and high-key.

It was quiet and cold here, as if frozen.

Su Nan looked at her face and laughed abruptly:

“Miss Yun, I understand your despicableness and inferiority, but in this circle, the law of the jungle is also the rule.

You seduce my boyfriend first, that’s what I hate your beginning.

However, peaceful coexistence?

You want to be beautiful!

Cherish the only happiness you have left, because in my territory, you will only be more sad in the future!”

Su Nan smiled meaningfully, looking at the clouds Yun’s heart was in a panic like a galloping horse.

Her territory?

She thought that when she arrived at her new home, she could sit on an equal footing with Su Nan?

She thought that in the same circle, Su Nan would not deal with her acquaintance's long-lost daughter for the sake of face, right?

This new identity is her best protection.

But she suddenly forgot that this place was Su Nan's territory.

After Su Nan finished speaking, she turned around with a smile and walked back leisurely.

The sound of high heels is crisp and agile.

Step by step, as if stepping on Yun Yun's heart.

Hai Ye couldn't wait to catch up, with more admiration and worship in his expression.

"Su Nan...Sister, you were really cool just now, and your aura was too strong. That vixen didn't even dare to fart in front of you. You are too powerful!"

Su Nan told her The act of foul language in such an elegant occasion is very speechless.

She also can't speak out a reprimand.

Can only perfunctory smile.

"Isn't it just two words? You can too."

Hai Ye shook his head with self-knowledge.

"I can't do it. If I say what you just said, I'll be beaten."

Su Nan frowned, "That woman still

dares to beat you?" "Of course she doesn't dare, but she will sue my dad and Provoking father-daughter relations outside, if my dad knew that I dared to say those words of you, he would be slapped!"

It seems that he has been cleaned up a lot before. She

has a lot of experience...

Su Nan smiled. The hall was full of brilliance and the lights were bright. She stood there, and every frown and smile seemed to freeze.

“Then you have to be careful.”

Hai Ye was indignant, but still unwilling.

After thinking about it, I took out my phone.

“The video I shot just now doesn’t have any exciting , but you keep it useful, do you want it?”

Su Nan thought for a while, then took out his mobile phone:

” Yes .”

Hai Ye happily added her WeChat friend.

Then send her the video.

Su Nan put away the phone with satisfaction, it is a handle anyway, don’t want it for nothing.

She turned to leave, but Hai Ye caught up: “Su Nan...Sister, you won’t delete me?”

“No...”

Hai Ye smiled smugly, “Too Well, if others know that I have your WeChat, others will be envious!”

Su Nan: “...” Should

she be happy?

Su Nan smiled and took the opportunity to slip away.

When it was almost over, Su Nan also felt a little tired.

Sun Haoyang was waiting for her there, without the slightest impatience.

Just like a migrant worker who comes out to work, he is conscientious and will not show his employer.

She walked over and said in a very low voice, “Let’s go.”

After what happened just now, she changed her mind.

...

Chapter 969 Rely on this to make money

Chapter Nine hundred and sixty-ninth

, there is no rush to terminate the contract by making money.

Sun Haoyang's reaction was beyond her expectations, and it turned out that he was not a fool.

How could a rational person like him be violent at home?

Su Nan couldn't help but be a little curious.

But she didn't ask.

Sun Haoyang followed her down the steps, opened his mouth, but said,

"Mr. Su, I'm sorry."

Su Nan looked at him, "I'm sorry?"

"I lied to you on the way here, but I actually know Yunyun."

Oh, that's what happened.

She looked indifferent, "Then why did you lie to me?"

Sun Haoyang's tone was low and cold:

"I know there is her reason for getting Su's endorsement, and I don't want to be with her."

So, he lied people.

But when he saw Su Nan behind the wine cabinet, his heart was completely cold.

There was a hint of coolness in the air.

Su Nan tightened his clothes.

"Got it."

It is estimated that what this person said is true and will not lie.

Her car has arrived at the door.

“Mr. Su, for the sake of my not agreeing to her, be merciful when you terminate the contract.”

He knew very well how powerful the legal team of such a large group was.

They rarely have a conscience.

Even if their group proposes to terminate the contract, the person who loses money in the end becomes the spokesperson.

Su Nan tilted his head and looked at him: “Cancel the contract?”

“Well, I didn’t dare to look forward to this endorsement at first, but... my current job is to rely on this to eat.”

He smiled bitterly, and he was cold and indifferent all night, and finally he couldn’t hold back at this moment. .

Su Nan’s eyes rolled, and it took a while before she realized it.

What he meant should be, rely on the termination fee to eat?

This is too bad!

Perhaps Su Nan’s gaze was too shocking, and Sun Haoyang tilted his head to avoid her gaze.

The time for a man to put down his self-esteem is only a few seconds.

This is his limit.

Su Nan pursed his lips, and his voice was not so cold.

“In view of your honesty, I will give you a chance to come to the company tomorrow morning to talk to me about the contract.” In the

next second, Sun Haoyang looked at her in shock.

a chance?

The opportunity of the Su Group, I dare not even think about it.

To be honest, when Yun Yun asked him to frame the Su Group, he was not unmoved.

It's just that the idiot's scheming is too obvious, he just wants to make him a scapegoat.

He is now lingering in the entertainment industry and is still alive.

If he really did what Yun Yun said, he might even die without knowing how to die.

Before his mind could react, Su Nan had already turned and left.

The driver opened the door for her again, and there seemed to be another person in the car.

His pace stopped, but he didn't catch up.

Su Nan bent down and saw Shang Qian, who was blending into the dark night.

Even in the cold darkness, his browbones were gentle, clear and gentle.

His eyes were clear, cold and clean.

Su Nan was a little surprised. "Why are you here?"

"

Shang Qian looked at her and smiled, reaching out and pulling her wrist to let her get in the car easily.

But Su Nan was wearing a slim skirt and couldn't move her legs. As soon as she stepped on the car, he was dragged into his arms.

The tip of her nose touched his shoulder, and the hard, warm and refreshing wood fragrance entered her nose, and she was in a trance for a moment.

He cupped her face carefully, with urgency in his eyes.

"Where did you hit?"

It was a gentle tone.

Su Nan smiled, "Nose."

It's still a little sore now!

Shang Qian touched her nose with gentle eyebrows.

Distressed to death.

However, Su Nan was in pain and went quickly.

In a few seconds, the pain is gone.

The driver coughed in front:

“Miss, where are you going?” The

two separated for a moment, and only then did they realize that the distance just now seemed a little too close.

Su Nan, who has always been vigilant, did not realize that her safety distance had been shortened.

With some heat on her face, Su Nan bit her lower lip to calm herself down.

“Go to the apartment.”

Hearing this answer, Shang Qian smiled lightly.

He didn't bother about her nose anymore, and answered her earlier question:

“Little Mike is asleep, I'll drop by to pick you up!”

“By the way?”

Su Nan was surprised, obviously the opposite direction.

“Well, by the way.”

Well, by the way, by the way.

The driver rarely interrupted: “Mr. Shang has been waiting in the car for two hours!”

He all went out for supper, smoked two cigarettes, and came back to see that Shang Qian was sitting there like an ice sculpture, motionless.

It was the first time he had seen such a man in his life.

Obviously worth a lot of money, and the right family, and Miss Su's ex-husband Fu Yechuan are two extremes.

Su Nan turned his head to look at Shang Qian, "Come out for two hours by the way?"

Shang Qian smiled, glanced at the driver, and thanked the driver for his help!

He looked at Su Nan naturally:

"As long as I'm here to pick you up, I'm not afraid of trouble."

Su Nan breathed hard, but luckily the lights in the car were dim, otherwise she couldn't hide her red ears.

Sweet words, really nice!

"Don't you need to send your male companion back?"

Shang Qian asked very kindly.

Su Nan glanced out the window, Sun Haoyang was on the phone, expressionless.

She shook her head, "No, he's off work."

One night, he was working diligently and hard.

Shang Qian raised his eyebrows, and he just said casually, if Su Nan really sent him back, he would not be very happy!

Back at the apartment, Shang Qian also followed.

Only when Su Nan went in did she find out that little Mike was sleeping on her sofa.

Su Nan glanced at Shang Qian speechlessly, is this how he treats his son?

Shang Qian touched his nose with a guilty conscience, and found a reason for himself:

"Hey, why did he run out of the bedroom?"

He was really embarrassed to tell a lie that was not clever at all?

Shang Qian comforted her in a soft voice:

"It's okay, he's a boy and will take care of himself."

Su Nan glanced at him, walked to the sofa, and reached out to pick up little Mike.

How can you sleep in the living room?

Shang Qian hurried over to take a step ahead of her, so he wouldn't really let her in, don't tire her arms.

Fortunately, little Mike fell into a drowsy sleep and didn't even notice that he was being picked up.

Shang Qian winked at her and said silently:

"Have a good rest!"

Su Nan nodded, and Shang Qian quietly carried little Mike upstairs.

Their current relationship has not yet reached the point where they can live together.

Shang Qian is already very satisfied that he can step into her life step by step.

Take your time, he's in no hurry.

Su Nan stretched, then went straight to change clothes, take a bath and make a mask to relax.

While immersed in the steaming bubble bath, the smart housekeeper connected to her mobile phone, and a mechanized female voice said, "Master, Qin Yu is calling, do you answer?"

Su Nan opened her eyes, paused, and her tone was a little lazy :

"Take it."
