## Chapter 991-995

Chapter nine hundred and ninety first stinky hooligan

Chapter 991 The stinky rogue

Shang Qian's kiss was only shallow, but when she let out a sigh of relief after being nervous, she suddenly kissed the sky again, more violently than before.

He endured hard, and once he tasted the sweetness, he was out of control and didn't want to let go.

She didn't refuse, the thought of wanting to devour her screamed in his body, making every pore of him excited and excited.

But he just traced her lips with the tip of his tongue, tasted every taste of her, and enjoyed the hard-won gluttonous feast.

Then swallow her little by little and taste more deliciousness.

Su Nan was hooked up and down by his kissing skills, and felt that her body was softened. If it weren't for his strong arms blocking her waist, she would definitely fall down.

Isn't it just a kiss?

She was embarrassed by her unpromising reaction, and her face was a bit hotter than Shang Qian, who had a fever.

It must be the reason why she has not been surrounded by little fresh meat for a long time, so her hormones are out of balance!

It's just that she doesn't understand, how can a gentle gentleman who has always been gentle and graceful kiss like a devil with a high IQ?

It made people sink down with him unconsciously.

Su Nan felt that her body was also hot, and when she was about to suffocate, the man finally let her go reluctantly.

His loving eyes carried a slight smile:

"Breathe..." His

voice was hoarse and deadly.

Su Nan woke up instantly, and she was breathing smoothly, but her embarrassed appearance had already fallen into the eyes of the man.

The fast heartbeat is a little abnormal!

She stood up suddenly, but her legs were sore and weak, and she fell down again.

But the man had already quickly dragged her into his arms. Hearing him groan, he laughed in a hoarse voice:

“You like me so much, you can’t bear me?”

Men’s badness is indeed innate.

Su Nan bit her lower lip, her face was about to turn red, she struggled to get up, dodging his dark eyes.

“If it wasn’t for your sickness...”

she muttered softly, making excuses for herself.

She would not admit that she was bewitched by him.

“Don’t move.” The

man’s voice was a little deep, with a little warning in his voice.

Su Nan suddenly understood something, as if he accidentally bumped into something just now.

She sat on his lap and dared not move.

It’s so embarrassing that I can’t wait to use my toes to dig holes in the floor and get in!

Shang Qian gradually calmed his breath, and the red blood in his eyes gradually faded away, returning to paleness and warmth.

He released his hand and looked at her with a smile:

“Can you still stand up?”

Su Nan took a deep breath and jumped up immediately.

stay away from him.

Shang Qian tidied up his shirts, and he was very handsome.

Then he looked at her solemnly:

“I’m sorry, I lost my temper just now. Maybe once I have a fever, I will lose my self-control.”

It was like two people with the man who kissed her just now.

Su Nan’s face flushed, and his brain was short-circuited.

“Oh... it’s nothing, isn’t it just a kiss? I’m like a mosquito bite!”

She really said what she thought, and she didn’t know what she said.

Shang Qian pursed his lips and stared at her.

The expression is very complicated.

He touched his feverish forehead and clenched his back molars:

“Do you enjoy it so much when you are bitten by mosquitoes?” I  
was really pissed off...

Su Nan was confused by his straightforwardness .

Her face was as red as a crab, and she was instantly absorbed!

The beautiful big eyes widened, pointing at him, incoherently:

“You... stinky bastard!”

...

Chapter 992 Do you like it?

Chapter 992 Do you like it?

Shang Qian suddenly smiled, blinked, and the liking in his eyes deepened.

Su Nan’s reaction doesn’t match up with the female president who is often searched with Xiao Xianrou!

She was aloof tender, ripe but not sophisticated, and frightened eyes as the Yaran, made him feel self

has certainly picked up the baby.

Qian Long Run Business gentle smile, deep eyes looked at her:

“Su Nan, we have male and female friends, this is not called rogue is like.”

He pressed on his throat, smiled and asked: “? Do you like it”

sudden The seriousness made Su Nan’s face even redder.

This Shang Qian really knows how!

She couldn’t be left behind, she had to work hard to get rid of her blush and heartbeat.

It’s just that she didn’t dare to recall that kiss, and she felt the apex of her heart tremble.

She pursed her lips, bit her head, and made a serious evaluation:

“It’s okay, the skills are average, but I can see that you are very skilled. President Shang, how many girlfriends have you had?”

She had no intention of pursuing his previous love history. He said he would have believed without her.

But the kiss just now was not unfamiliar at all.

Besides, what about a liar?

She folded her arms and looked at him, gazing at his reaction.

Shang Qian smiled lightly and raised his hand very calmly, “You are the only one, I am self-taught. If you want, we can explore more techniques and try to satisfy you.”

Su Nan paused and suddenly felt that he was really I can’t say it anymore.

She felt that she really couldn’t win this game, she had never lost so thoroughly.

Just in time, little Mike Baba ran in, breaking the ambiguous silence between them.

He looked at Shang Qian with his big eyes, and then at Su Nan. It was best to look at Shang Qian, and said sweetly:

“Daddy, congratulations that you are not dead yet...”

Shang Qian originally The sparse emotion between his eyebrows instantly froze.

He twitched the corners of his mouth and looked at his son:

“Thank you...”

Little Mike blinked, realizing that Shang Qian was in a low mood, walked over and hugged his arm, shaking it:

“Daddy, it’s very hard for people to take care of you when you have a fever. They give you medicine...but you don’t take it!”

Su Nan nodded, and the scene she saw when she entered the door was indeed that little Mike was there Put the medicine in his mouth.

Shang Qian’s brows trembled, and he looked at little Mike speechlessly:

“Don’t think I didn’t see it, you took the pills from a box of laxatives...”

Little Mike doesn’t understand, how old is he, he knows There are limited Chinese characters, and of course I don’t know what those medicines are used for.

Originally, he wanted to feed all the medicines to Shang Qian, but there was always one symptomatic.

As a result, before she had time to play, the pretty sister came...

Su Nan twitched the corners of her mouth and quickly took little Mike’s hand out.

I haven’t forgotten to turn around and instructed: “You rest for a while, and you can eat something when your fever subsides. We won’t disturb you.”

Shang Qian smiled, the antipyretics had a lot of stamina, and his head was dizzy and wanted to sleep.

He had just forced that little energy to take advantage of her, but now drowsiness came over him. As soon as he touched the pillow, he fell into a deep sleep.

Su Nan breathed a sigh of relief after going out with little Mike.

Fortunately, little Mike came in in time, otherwise she really didn’t know how to deal with it.

“Beautiful sister, why is your face so red?”

Little Mike looked at Su Nan with his beautiful eyes, curious and worried.

“Won’t it be infected by Daddy?”

Su Nan pursed her lips and touched her hot face. She took a deep breath to make herself look calm.

“Well, very likely.”

...

Chapter nine hundred and ninety third stamina is too big

Chapter 993 The stamina is too

strong Hearing that Su Nan was ill, little Mike was anxious and nervous, his pale and tender face was full of helplessness:

“I’ll call the doctor right away...”

Saying, He went to get the phone and was stopped by Su Nan.

She opened her mouth, quite helpless.

Shang Qian was seriously ill just now, and he never saw little Mike looking for a doctor in such a hurry. How did Shang Qian support his son?

She smiled and said, “No need, I’ll just take some medicine. Are you hungry, I’ll go make porridge?” Is

it better for people who are sick to eat light food?

Little Mike nodded and shook his head again:

“Cooking is too hard, I’m still hungry, I can’t make my pretty sister work too hard!”

Su Nan softened and looked at him with a smile:

“It’s okay, it won’t be too hard. I’ll be fine in a while.”

Su Nan went to the kitchen and simmered.

The sky was getting darker.

She and little Mike ate some porridge first, and little Mike consciously went back to his room to do his homework.

Then he went to the room to look at Shang Qian.

I touched his forehead, it was fine, the fever had subsided.

Su Nan breathed a sigh of relief.

Just in time the phone rang.

It is Yulou.

Su Nan picked it up, "What's wrong?"

Yu Lou: "Mr. Su, there is an urgent document that needs to be signed by you as soon as possible in the European area, if it is

convenient for you..."

Su Nan paused, getting used to it. , "Okay, send it to my email."

She hung up the phone, left a note on the table, and went downstairs.

Fortunately, it is more convenient to go upstairs and downstairs, and it is not too late for her to come up after reading the documents.

Su Nan's study uses an encrypted computer. After she browses the files and points out a few more hidden problems, she waits for Yu Lou to redo it.

Time passed little by little.

After Su Nan read it again, she was too sleepy to open her eyes.

Looked at the phone, there is no information and call.

It is estimated that Shang Qian was still sleeping, so she didn't go up to disturb him, she just rested after washing up.

early morning.

When Su Nan woke up, light flooded the room. She forgot to close the curtains and adjust the sleep mode last night.

But since he woke up, he didn't go back to sleep.

She stretched and stepped on her slippers and went to the bathroom to wash.

Today is Saturday, but Su Nan has not finished some things at hand and cannot rest.

As soon as she went out, she saw Shang Qian standing there holding little Mike's hand.

Shang Qian finally regained his former Langrun and gentleness. He stood there in high spirits, beckoning like little Mike:

“Good morning...”

Su Nan couldn't help laughing, “I slept last night. It was too late, so I didn't go up...”

Shang Qian nodded in understanding.

“I know, the porridge is delicious, I've eaten it all, this is today's breakfast, take it to the company to eat!”

He handed over the lunch box in his hand, Su Nan took it, the person who had a fever last night, actually got up this morning to prepare breakfast for her?

There was a warm current in my heart, and I was a little embarrassed.

She looked at the smiling little Mike, and Su Nan couldn't bear it.

“You can come in and wait.”

Little Mike shook his head and said seriously:

“Dad said no, we can't just go into a girl's house, it will scare you.”

What a good tutor!

Su Nan touched little Mike's head:

“It's okay, my sister won't be scared.”

Shang Qian smiled and changed the subject:

“Although I really want to see you off, my face can't go out to meet people for the time being. Drive carefully along the way...”

As soon as Su Nan saw him, she remembered the kiss from last night, and she hurriedly avoided her gaze.

Quickly nodded and left.

...

Chapter nine hundred and ninety fourth lame

Chapter 994 Lame One Leg

Little Mike and Shang Qian looked at Su Nan's escaped back, Shang Qian smiled, and it was meaningful.

Little Mike: "Why is my pretty sister's face turning red again? Does she still have a fever?"

Shang Qian touched his head: "The bodyguard is already waiting for you to go to the library downstairs, go... "

If he hadn't insisted on begging and waiting to take a look at Su Nan before leaving, Shang Qian would not have tolerated him until now.

Little Mike sighed, it would be nice if Shang Qian had a fever every day, so he could take care of him at home!

He really is the most dutiful son in the world!

...

a few days have passed.

Qin Yu's mood went up and down for a while, and she insisted on taking her for beauty treatments.

Ning Zhi was really unable to escape, Cheng Yi would quarrel with her without saying a word.

Su Nan was helpless and had to go by himself.

Two people have made an appointment for VIP VIP service in advance, so there is a special person in charge of reception.

It took more than two hours for them to finish the project and lie on the rest chair to massage automatically.

During the period, Su Nan told her about the engagement of Su Jin and Wen Xiang.

Qin Yu was silent for less than three seconds, then smiled lightly.

"It turns out that the fairy tales are all true, and I believe in love again."

Su Nan knew that the impact of this incident on her was not so severe.

She also slowly accepted it all.

Mo Xian entangled with her for a while after the divorce, and when he heard the news of her engagement, he ran to the Qin family as if out of control.

But unfortunately, Qin Yu's mother happened to be there, so the bodyguards chased him out on the spot.

I heard that he was lame.

In this regard, Qin Yu said that it had nothing to do with her, he deserved to find it by himself.

Since then, Mo Xian has disappeared from Qin Yu's world.

The whole world knows that Qin Yu and Shen Liang are engaged.

They did a good job of public relations, giving everyone the feeling that a lover is finally married, and they are also the golden boy and girl of the right household.

But in fact, Qin Yu and Shen Liang had no private contact, and even when they met, they would ask the assistant to make an appointment in advance.

Silence for a few minutes.

Suddenly I heard a familiar laugh walking in from the door.

When Su Nan's name was mentioned, they had to draw their attention.

"It's ridiculous, Su Nan looks weak and can be bullied on the surface, but in fact, she holds grudges more than anyone else in her heart. You don't know it yet. When I resigned from Xinpu International, she was the one who did it."

It was Yunyun's voice.

Qin Yu glanced at Su Nan.

Su Nan raised her eyebrows, and she naturally heard it.

Now both of them have masks on their faces and wear the same clothes, so none of the three people on the opposite side recognize that she is the righteous master they say.

They sat down in the massage chair diagonally opposite, looking very relaxed.

A woman next to Yun Yun looked a little familiar.

She didn't even remember her name, probably because her background was mediocre, and the celebrity circle didn't take her to play very much, so she could only get together for some insignificant wine parties.

As for the other woman, who used to curry favor with Fu Yingying, called Yang Mei, Su Nan was very impressed by her.

But as soon as Fu Yingying left this circle, the woman gradually disappeared.

Maybe Fu Yingying offended too many people. She used to do things for her, and everyone didn't like to play with her.

It is really uncomfortable for these three people to appear in front of Su Nan.

But Su Nan didn't mean to get up and leave. After all, the protagonist is herself, wouldn't it be a pity not to hear how she arranged herself?

...

Chapter nine hundred and ninety-fifth rollover on the spot

Chapter 995 Overturned on

the spot, Yunyun dragged her new friend in high spirits to complain:

"Don't believe it, don't look at Mr. Su and Mr. Fu divorced, but she has a strong possessiveness towards men, she clearly I'm hooking up with President Shang and breaking up with President Fu, and I am the most direct victim of them!"

Yang Mei asked in confusion,

"Could it be that you resigned from Xinpu International because she was jealous that you were with President Fu?"

"Of course. , Mr. Fu was fine before Xinpu International's identity was exposed, and I was about to become the president of Greater China.

But as soon as the news was exposed, such an excellent resume of mine would of course attract attention and shock, so I could only be Forced to leave Xinpu International..."

Yunyun shook her head regretfully and sighed innocently.

Another woman: "I've heard that Su Nan is domineering, no one dares to provoke it, all the sisters in the circle have been beaten by the family, don't offend Su Nan.

Miss Yun, you just returned to your biological father, you may not know it yet. , I have to hide from her in the future!”

Yun Yun was not convinced, and snorted coldly:

“I am not the cow and sheep that I used to be slaughtered by others. I have my father behind me to support me, and I want to show it to me. Her face?”

Yang Mei twitched the corners of her mouth, rushing to flatter her:

“Yes, Miss Yun is from a wealthy family now, so what’s the difference between you and Su Nan?”

Besides, you have worked in Xinpu International, and your ability is even better. No one can compare, when you take over the company, you will definitely not be worse than Su Nan!”

Qin Yu on the side couldn’t help but chuckle.

Yang Mei glanced at her subconsciously, but didn’t see anything, the two women wearing masks were indulging in the massage.

Her attention returned to Yun Yun, “And I think Miss Yun and President Fu are really a good match. Those men are all confused by Su Nan’s face. In terms of background and ability, there is no one more suitable than you!”

Yunyun was said to be a little flirtatious.

She originally just wanted to spread some bad words about Su Nan and destroy her image.

But I didn’t expect these two women to be so eloquent, and they could say what they didn’t have.

Yun Yun smiled, “Hey, it’s a pity that only a few of us know Su Nan’s true face, and everyone else has been deceived. If other sisters can recognize Su Nan’s character in time...”

Qin Yu He couldn’t help but sneer again.

Su Nan snorted, this Qin Yu is really making trouble.

It’s not enough to get anyone’s attention now.

Yang Mei was already suspicious and looked at Qin Yu several times.

Her cautious personality made her unable to ignore the two women diagonally across from her.

So, she walked over with a condescending attitude, and looked at Qin Yu with her arms around her arms:

“These young ladies, don’t know your surname? It’s

okay if you were eavesdropping when we chatted just now, why are you laughing so exaggeratedly?

Do you have any opinion on our conversation?”

Yang Mei is indeed someone who has been with Fu Yingying, and she has a knack for being a jerk.

Even Yunyun and another woman looked here.

Qin Yu opened her eyes and sneered, she could feel her disdain and ridicule while wearing the mask:

“You deserve to know my honorable name?”

Yang Mei was startled, the voice...a bit familiar.

Before she could figure out who it was, Su Nan reluctantly took off her mask, with a cold smile in her smile:

“When you speak ill of others, you should find a place where no one is around. It’s easy to overturn the car in public.”

Yang Mei was shocked and her pupils shrank suddenly.

It seems to be a little frightened!

Look how scared this guy is!

Yunyun and another woman were also shocked.

Another woman stood up directly and bowed to Su Nan:

“Hello, Miss Su!”

Qin Yu was amused by this scene.

Afterwards, he glanced at her disdainfully and tore off the mask from his face.

Yang Mei swallowed her saliva in horror, at a loss.

“Miss Su, I...I didn't mean to say this—”

Yunyun glared at her fiercely, but she was positive when she came to support her stinky feet.

Now shirk responsibility faster than anyone else.

Su Nan didn't take these two women seriously at all.

She looked at Yun Yun indifferently, and her voice carried a condescending coldness:

“If you want to spread my rumors, it's useless to find them both.

They can't even touch the upper-class circle and are waiting to be eaten. The rest can only pick up some leftovers, otherwise how would they find you?”

The two women's faces were like boiled shrimp, and they didn't dare to look up, so they could only pretend to be dead and remain silent.

What Su Nan said was ugly, but it was true.

Without Fu Yingying, who was willing to take them to the banquet and bluff, they tried their best and couldn't occupy a place in the high-class socialite power.

However, they were not capable of hooking up with men like Fu Yechuan, and in the face of those rich second-generation who only played, their mouths were full of hypocrisy, and there was no hope!

will also be shamed.

What's more, the rich second generation prefers Internet celebrities, and they can be paid with money.

But playing them has to bear the responsibility of a family.

Too troublesome.

Su Nan's circle of one level hugged tightly, because she really didn't look down on "licking dogs" like them.

Therefore, they can't go up or down, and they can only curry favor with those who are easy to curry favor with.

Yunyun's face turned pale.

Although she was a little guilty, she was pierced by Su Nan in person.

But she doesn't need to be as worried as before. She has a wealthy family behind her. She has the same family background as Su Nan and has a noble birth.

Now my father is responsive to his lost and found self.

How could she be afraid of Su Nan?

Worry!

Thinking of this, she raised her chin, her eyes full of arrogance and pride.

"Don't be so rude, Su Nan, do you think you're amazing?"

You think you can cover the sky with your hands anywhere?

Now that I've left Xinpu International, what else can you threaten me with?

Don't forget, My current status is no worse than yours.

If you dare to bully me, the family behind me will not let you go!"

Yun Yun was finally able to speak so stubbornly in front of Su Nan.

She felt so good all over her body, and it was such a pleasure.

Su Nan hooked her lips silently, and her bright face had a somewhat ridiculous look.

Qin Yu on the side sneered,

she couldn't help but said, "Your identity? Not worse than her?"

Where did you get the confidence to say this?

Who are you going to scare your house that is about to go bankrupt? ?

You and Su Nan are not even a star apart. Even if your father lived for 30 years, his net worth would not reach half of Su Nan's. It was ridiculous. Qin Yu sneered without hesitation ,

and looked at the two dog-legs next to her:

"You should remind her to recognize the situation and your identity. You can take a bite of anything! "

Yunyun's face changed suddenly:

"You...why are you so ugly?" "

...

Chapter 997 Retaliation

Qin Yu smiled and said,

"Ugly? I haven't said it yet. Do you think the family behind you is willing to sacrifice for you?"

Stop dreaming, that little property of your family is in Before you came back, you asked a lawyer to notarize it, and I didn't have your share, otherwise you are very capable, why didn't anyone in your family ask you to go to the company?"

Yun Yun was shocked all over her body, and her seductive face showed a smile on her face. A bit shy and suspicious.

Slowly, she herself felt something was wrong.

She also mentioned her excellent resume many times, but her father interrupted and changed the subject.

The so-called brothers and sisters above never mentioned the company.

One by one kindly let her "enjoy life."

She thought that she had really become the little princess in the family.

Could it be...

Seeing her face change, Qin Yu was satisfied.

What's so pitiful about a stupid and ignorant woman?

Su Nan became impatient and chuckled:

“Okay, what's the use of talking about this? Miss Yun, in order to make you recognize your own reality, I'll give you a gift as your punishment for arranging me behind your back!”

Su Nan straightforward.

She wouldn't endure it again and again.

Even if Yun Yun's share points.

But she can't learn to be quiet, and she has to take some losses in her hands to really have a long memory!

She smiled lightly, her eyes were cold, and she walked away calmly and calmly.

The corners of his mouth drew a slight arc.

Now, it is estimated that the circle of friends has exploded, right?

I don't know if she is still smiling?

Su Nan and Qin Yu went to the dressing room to change clothes.

Qin Yu couldn't help, “What gift did you prepare?”

Su Nan blinked, “Look at the circle of friends...”

Qin Yu opened the circle of friends.

The videos that Su Nan posted in the circle of friends are hung on it.

On the video, the angles are clear and clear.

Yun Yun's beating voice came out:

“Su Nan brought you here, it means she still believes in you, Mr. Sun, you have to work harder!”

"The mainstream gossip bloggers have some ideas, such as going to Japan to take a photo, such as complaining about their Su Group's products in the group, and the Su Group is over!"

After a few seconds of silence.

It was Sun Haoyang's voice:

"The Su Group can't be finished, it's me who finish first, do you think I'm a fool?"

Yunyun: "Of course I won't treat you badly, I'll get your contract for you. , I will give you a lot of money when things are done, so that even if you quit this circle, you can still live comfortably.

After all, in this circle, you are about to get out of business, right...?"

... ..

After watching the whole video, Qin Yu's face changed with anger:

"I'll go to her uncle, is this woman sick?" It

was too cheap to scold her just now, so she should have been beaten.

Su Nan smiled calmly, "I want her to see if her family will protect her when they know what she has done?"

Qin Yu shook her head, "Why not? Their family has always had their interests first, and they are exactly the same as the old man. Do you think he is a kind father?"

What a dream!

Su Nan raised her eyebrows, "Then let her expect a miracle!"

This video was originally intended to be the icing on the cake when Sun Haoyang was cleaning up.

But now it's okay, there are people in the province who are always thinking about throwing sand in her eyes.

a time.

This video of Su Nan was forwarded to his circle of friends by countless friends.

Anyone with discernment knows that Su Nan is hanging up!

It is Yunyun who hangs!

...

Chapter 998 She is a fart

Chapter 998 She is a fart

and everyone got a piece of information about why Sun Haoyang became the spokesperson for the new products of the Su Group.

All of these are traps set by Yun Yun!

Su Nan is just taking revenge in a frank manner!

But this Sun Haoyang seems to have a different impression from the legendary domestic abuser.

How did he become a decent man?

Not following Yunyun to death shows that this person is still saved.

But Yunyun was completely helpless!

Who are Su Nan's circle of friends?

Partners in shopping malls, international high-end talents, and countless elites and ladies in the circle.

This time, everyone knew what kind of Yun Yun, who had just come home, was!

Who will still associate with them?

When Su Nan and Qin Yu left the beauty club lazily, they happened to meet Yunyun who was about to lose control and go crazy.

"Su Nan, are you crazy? What's the matter with the video?"

You actually filmed it secretly? You don't care about the face of the two families at all..."

She said incoherently.

I really hate Su Nan's innate sense of superiority!

Although Su Nan is not in the entertainment industry, her influence is much stronger than those of female stars!

Every time she has a conflict with others on the hot search, netizens are all standing by her side.

Just stunned!

Su Nan sneered.

“Wrong, I just don’t care about your family’s face, although the relationship between the two was good before, but there has been no cooperation connection for a long time, it is nothing more than politeness on the scene.

And the victim in the video is my Su family, I believe your father will understand. “

Yunyun’s cell phone kept ringing, and she couldn’t pick it up just now. All the people in the family were asking her why she wanted to offend the Su family? In her

tone, the gentle attitude she had used before was completely lost.

She finally felt panicked. Yunyun

looked at the calm Su Nan, the blood in her body was flowing backwards, a chill rose from the soles of her feet and invaded her body, not letting go of every pore!

Su Nan showed a satisfied smile, stepped on She walked forward with her high heels on.

“Su Nan—”

Yunyun yelled.

She couldn’t help it.

She couldn’t lose everything she just got now!

“If I apologize, can you delete the video! She gritted her teeth ,

trying to calm herself down and negotiate with her.

Su Nan raised her eyebrows and smiled: “Don’t worry about the rest, your father will come to me in person. “

Her apology was worthless.

With Su Nan’s status, even Yunyun’s father had to make an appointment in advance if he wanted to see her.

So, Yunyun is a piece of shit?

Su Nan Shi Shiran left, and Qin Yu went home.

Let the people in the circle of friends set off a huge wave against Yunyun.

There is no trace of soft-hearted.

Su Nan went directly to Su's house.

If as expected, Yunyun's father will go directly to Su's house to find her.

Su Yifeng is still fishing, I don't know anything about what happened in the circle of friends.

It was Su Qi who started swearing in anger.

Seeing Su Nan entering the door, he ran over and asked in a stern voice,

"I said, why is the company so ignorant to ask Sun Haoyang to be such a big trouble, how much manpower and material resources it took us to clean him up, that woman is such a fool You, why didn't you tell me earlier?"

Su Nan smiled calmly and glanced at him:

"It wasn't the time, I wanted to see what other moves she had at the time, after she returned to her biological parents, she had to let her live. Have a good two days?"

Su Qi looked at Su Nan angrily, but he still felt that Su Nan was too soft-hearted.

for their family. If it is Su Qi, he will definitely get rid of this woman early, so that she can't get along!

How could it be possible for her to wait until today?

But it's not too late!

"Although Sun Haoyang didn't join her, but he was stuffed in by someone else..."

Su Qi said in a tangled tone, but in his heart, he still responded with disgust.

“Do your best, it’s better not to change the spokesperson of the official announcement. In fact, Sun Haoyang’s overall style matches our products very well.

He always has a complicated feeling that he can’t see his heart, and our new men’s watch has gone. It’s a luxury route, if you’re looking for little fresh meat, I don’t feel it...”

Su Nan explained patiently, and the uncle the housekeeper brought her a glass of milk:

“Miss, someone wants to see Su Dong, yes An old friend of his many years ago, I’m going to call him now.”

Oh, it’s coming quite fast!

Su Nan looked up and looked at Su Qi.

Everyone knows that the person here is none other than Yun Yun’s biological father, Zhao Huaisheng.

Su Qi sneered: “He still has the face?”

Su Nan pondered for a while, found the video on the phone and handed it over:

“Uncle, let my dad watch this video before deciding whether to see him or not?”

” After passing by, I went to the back garden where Su Yifeng was fishing.

After a while, the housekeeper’s uncle came in with the broken cell phone helplessly.

“Su Dong is too angry, so...”

Su Nan laughed dumbly, “It doesn’t matter...” It

can be seen that Su Yifeng is indeed very angry!

Fortunately, there are spares upstairs.

The next second, Su Yifeng came in from the door scoldingly:

“This Zhao Huaisheng still has a face? I lost the child at the beginning, and I felt sorry for him, but the child is not a good thing, dare to come to us?”

Su Nan couldn’t help laughing.

“Dad, Uncle Zhao probably doesn’t know what Yunyun did, otherwise he wouldn’t be so anxious.”

Su Qi sneered, "Is he here for himself? He is here for his son's company, I'm afraid we Get revenge on them!"

One sentence broke!

Su Nan raised his eyebrows, "Our relationship with the Zhao family is not that good, nor is it that bad, it's just a passable situation."

In fact, Su Nan knows very well that the son of the Zhao family has worked hard to get involved with the Su family in recent years. Relationship, his ability is mediocre, and he has done his best to keep the crumbling company.

If there is no strong capital support, it will soon be eliminated by the market.

The Su Group never spoke up and had no intention of cooperating.

Their production line equipment is outdated, management is lax, and they have no advantages. Once acquired, they might get into trouble.

On the surface, it seems to have a market value of tens of billions, but it owes the bank a lot of debt.

Within ten years, their family will be bankrupt.

Not necessary.

Only the idiot Yunyun thought that he really fell into the same golden nest as Su Nan.

Su Nan pondered for a few seconds and looked at the housekeeper's uncle: "

Go and tell the people at the door that when the incident happened, Miss Yun was not a member of his family. We will not implicate innocent people."

Su Yifeng turned around and walked out.

Su Qi: "It's cheaper for them!"

Su Nan: "Uncle Zhao and Dad had a good relationship in the past, but they gradually distanced themselves because of their different ideas. Dad prefers to be practical in starting a business, and Uncle Zhao wants to be successful. It's all right. It's

just that we can't let Uncle Zhao be the one because of the gap between the two. The position becomes embarrassing."

Chapter 1000 How could it crash?

Su Nan glanced at Su Yifeng.

Su Yifeng frowned, then his face softened and he sighed.

“Xiao Wu is right, I blame him for not being able to live up to his expectations, but that child was not brought up by him. It is not easy for him to tear off his old face, so forget it...”

but one yard is one yard . . . , that woman is plotting our affairs, so you can't just turn the page like this!”

Su Yifeng looked at his daughter and reminded.

He was due to his old friendship with Zhao Huaisheng, but he had no friendship with that woman.

Su Nan nodded, she didn't intend to let Yun Yun go like this.

Isn't it like finding fault?

She picks up!

After a while, the butler came back.

“The guest has already left, and his face is much better than when he first arrived, but it's not very good-looking. Why don't you ask me what the lady likes?”

Su Nan raised his eyebrows, Zhao Huaisheng was looking in the right direction.

If she doesn't let go, the people of the Su family will never let go for her.

Su Yifeng snorted coldly, stood up and left cursingly.

“How old do you still care about this?”

Su Nan didn't see him, it was a temporary decision.

After all, in front of Su Yifeng, embarrassing his old friend would make him feel uncomfortable.

But it's better to let it dry, don't look back and start to make some unacceptable conditions as soon as you meet.

After thinking about it, Su Nan went upstairs to change a mobile phone and imported all the s of the mobile phone.

She stayed in Su's house all day without going out.

Su Xiaohu was too bored at home, so he upgraded the system for himself, but it crashed.

When Su Nan found out, he was hanging on the swing in the house with his eyes crooked, and he was also wearing a small sweater of Guiic's specific style, like a little tiger who was hanged.

Then, she contacted Silent, and after remote manipulation, she turned it on again.

Su Nan: "How can it crash?"

Silent: "It mistakenly thinks that its IQ and ability are very high, so..."

Su Xiaohu woke up, wagged his tail, and swept his cuteness. Glancing around, he threw himself into Su Nan's arms and acted like a spoiled child.

"Wow, little beauty..."

Su Nan was amused with a smile, "Stupid tiger!"

"People are not stupid,

humming—" Su Xiaohu also felt embarrassed, and after playing with her for a while, I ran to catch fish with Su Yifeng.

After dinner, Su Nan took the key and went out.

Shang Qian has contacted her several times.

He asked her news in a side-by-side manner:

"Have you eaten yet? Do you want to come back after I made a nutritious meal?"

"It will rain tomorrow, will it be inconvenient for you to go to work from the old house tomorrow morning?"

"I also saw the video in the circle of friends. , I have some pertinent advice, do you want to listen to it?"

...

Before Su Nan went out, she received the latest news:

“I no longer have a fever, and I promise not to do anything bad to you. Things!”

He thought that Su Nan didn't want to go back because he didn't want to face him because of the kiss in the morning.

In fact, he thought too much.

Su Nan took a deep breath and really wanted to turn back.

Which pot is not opened and which pot should I lift?

Shang Qian, this person, has no solution!

On the way, she happened to see that her favorite dessert shop was still open, so she went down excitedly and chose a piece of orange cake.

Her self-discipline does not allow her to eat these desserts recklessly.

Very guilty!

But, just for once, it doesn't matter!

She comforted herself.

Back at the apartment, the smart housekeeper automatically adjusted the temperature for her, allowing her to get used to it in ten seconds.

“Master, do you need to put hot water?”

This time is too suitable for a hot bath!

Su Nan hesitated for a moment, “No, I'll put it back in thirty minutes.”

She turned around and went upstairs with the orange cake...
