

# Divorce Has Never Felt This Good

Chapter 109

## Chapter 109 No Looking Back

Becky stared at the leather seat before her for a long while, stunned. When she came to herself, she asked, “Babette has a younger sister?”

She didn’t know anything about it.

Talia had only just learned that Babette had a younger sister. So she took it upon herself to make a little introduction about Raina to Becky. “Five years ago, Raina met with an accident and was in a vegetative state. She was taken abroad for treatment.”

“Does this accident have anything to do with Rory?” Becky asked.

Talia hesitated at Becky’s question since she wasn’t sure if Becky still loved Rory.

Becky smiled at Talia’s hesitation and asked, “What’s the matter? Do you think I still love Rory?”

Talia was embarrassed that Becky knew what was on her mind. “I hope you don’t.”

“Don’t worry,” Becky said, smiling, “I won’t get back together with him.”

Becky wouldn’t indulge in the past.

Talia nodded before recounting the whole story. “Six years ago, Leon…”

Leon had a mistress. She asked Leon to divorce Jenifer and marry her. There was no doubt that he refused. His two sons were old enough to get married. And his interest in that woman was temporary.

Leon paid her a fat sum of money to keep her from pestering him.

The woman kept her word. Later, Crowbar Technologies and Brice Technologies were competing for a project. The people at Brice Technologies, having learned of Leon’s mistress, paid her some money and asked her to make trouble for Leon.

The mistress had received money from two sides. The people from Brice Technologies only asked her to create scandals for the Casper family.

However, her family knew about her being Leon’s mistress. She was scared that her family would blame her, so she lied that Leon had deceived her and that he had refused to marry her.

Armed with this information, the woman’s younger brother came to negotiate with Leon. He couldn’t find Leon, but he did learn about Rory and Amor after some investigation. At the time, Amor was out on a business trip, so Rory became his target.

Rory had just finished studying abroad and entered Crowbar Technologies. Raina happened to be with him that day. She pushed him away when the woman’s brother tried to hit him with his car. She became bedridden after the accident.

This had been a sensational scandal for the Casper family and they had paid the media to not report it. If Talia hadn’t investigated Raina, she wouldn’t know about this.

Becky felt ridiculous on hearing all of this. “So, the woman who Rory has loved all these years is Raina, not Babette.”

Talia looked at Becky, her lips pressing into a thin line as if she was holding back from saying something.

Becky looked at Talia, dissatisfied. “Talia, I will be angry if you keep doing this.”

Talia’s face paled before she continued to narrate the most important part. “Back then, Rory and Raina were dating while Babette and Amor were in a relationship. After that accident, Raina’s parents asked Rory to marry her. But Elmore disagreed, saying that only one of the two sisters could marry into the Casper family.”

“That explains it,” Becky sneered.

No wonder Rory hadn’t been intimate with Becky in their marriage. What a deep, touching love!

If Amor hadn’t been in a relationship with Babette, Rory would have married Raina, who was paralyzed back then.

Although that hadn’t happened, Rory had kept his integrity by marrying Becky, which was also a way to stop Elmore from getting on his case.

This was undoubtedly a love for the ages.
