"I didn't!" Theresa said, "Madam, you have wronged me!"

last time Mrs. Calsis said that Theresa wasn't worthy to be called her mother, Theresa changed her tune.

At this moment, Mrs. Calsis sneered when he heard Theresa's words, "Did you know that my grandson was

bullied outside? Just because you never agreed, did you let your grandson suffer outside?"

"Bullying?" Charlie asked, "How to bully?"

Mrs. Calsis said: "How to bully? They have been preparing for a competition before. I heard their teacher say

that it was the event sponsored by Sky Music. As a result...now the teacher won't let them go! The whole class

Theresa listened to him, nodded, and went back to the room with him.  
She finished the acupuncture for him and said to Charlie, "Then I'm going back?"  
Charlie sat in the chair, stared at Theresa, and said, "Won't you stay tonight?"  
His words reminded Theresa of the scene last night, when she was forced to sleep in the same bed with him,  
and her face turned red and she coughed, "No."  
I haven't been with my baby for two days. As a mother, she doesn't have such a big heart. It's better to go home  
early.  
Charlie sat in the chair and watched her go out the door, but didn't leave her behind.  
In the evening, the two babies were reading a book in the room. Theresa sat on the side and sent a message to  
Cristina. After hearing what Jimmy had done, Cristina was very angry and sent a voice message directly,  
"Is  
Jimmy still a person? No, he is not at all. Not a man, he's a dog! Bullying children like that. How about

Rose had to go.

Theresa got up in the morning and sent her two children to the kindergarten. The teacher in charge saw her

and said, "Mother Leonard, I'm sorry, I was so embarrassed last night."

"You have nothing to be ashamed of." Jimmy did this. Jimmy is a bit powerful now, likes to play with power

and thinks he's amazing.

The kindergarten teachers were ordinary staff members, and Theresa was not so unreasonable as to embarrass her.

The teacher said: "Sky Music called in the morning and said that Leonard and Ben were on the show. They

Theresa twitched the corners of her mouth. “You don’t know Charlie yet, so that’s why you think of him so

easily. How easy is it for him to be where he is today?”

Even if the child is his own and his, so what?

This child was not born for him in the first place.

With this child, can you consolidate your position in the Calsis family?

If this is really possible, then those actresses in the entertainment industry will not be able to give birth to so

many children without fathers.

Theresa was afraid that she would be confused for a while, blinded by the sugar-coated cannonballs at the

moment, and in the future, she would only regret it for the rest of her life.

Theresa frowned when she heard Charlie's words, she really wanted the two children to meet Charlie,

So much so that Theresa 's view of this man is full of disgust.

It took a lot of effort for Roderick to get the man back!

Theresa stood outside the door, hearing Roderick's words, and understood why she had two babies.

She thought it was just a coincidence.

Even thought that the disappearance of the data was all done by Jimmy.

It now appears that this is not the case.

Theresa looked at him in astonishment. "What?"

Charlie said, "I know that you should be under a lot of pressure to suddenly bring your two children back  
and

give you such a heavy burden. It's normal that you don't want to accept it."

"Forehead.....

"So, I thought about it. Since I want to take over my child, why don't I also take over the children in your  
family. It will be more convenient for you to take care of several children together."

"No... no..." Theresa didn't expect Charlie to make such a sudden request.

Charlie said, "I have consulted the hospital and knew the children were just an accident."

Cristina said, "You won't hold me accountable anymore?" Cristina was very angry when she heard that Charlie

was going to hold her legally responsible. Although she was not involved, she still felt angry for Theresa. Charlie said indifferently, "Yes, but since they are my children. I want to take them home."

Cristina said unconvincingly, "Why can you take them home at will?"

"Jonathan." Charlie said. Jonathan walked over and handed a cheque to Cristina. Cristina saw the figure on the

cheque and was stunned. She had to admit, Charlie was really generous! The money was so much that she

couldn't earn it even if she worked overtime for her whole life!

Cristina was staring at the figure on the cheque in a daze, and she heard Charlie's words, "This money is don't visit your children." When Cristina heard this, she instantly

The door of the kindergarten opened, and parents led their children out. Theresa glanced at Charlie and said,

“Can I go to pick up children?”

Charlie said, “Go ahead.”

After Theresa got out of the car, Jonathan also got out of the car. Theresa came to pick up the children every

day, but she was so nervous today. She walked in front, but she couldn’t even walk. Jonathan followed her,

raised the corner of his mouth, and said, “Ms. Cameron, are you nervous?”

Theresa said, “It’s a little bit. I pick up my own children from school every day. It’s the first time for me to pick.
