chapter 27 "Unrequited trip of surprises 2" Sona's pov I was engulfed in a warmth of ocean that was relaxing me and my body felt so light like a feather. But then reality check hit me hard and I could feel heavy breaths on my face. But I was feeling so much tired to wake up from my sleep. But then I panickly opened my eyes when I felt a heavy grip around my waist. And the sight in front of me was making me jump like a maniac. Mr Shergill. a But I don't know whether my heart was feeling calm when my eyes found the face in front of me and it was running like a speed of light. When did he came back and the last thing I remembered was Dhairya dropping me here and i dri ed to my sleep. But this was the first time I was looking into his face so closely. Pervert Sona why don't you say you keep on trying to find the chance to check out your husband a But it was the first time I was able to look at his face minutely and all it was shouting was perfection. a Yeah yeah. My brain smirking at me. His broad forehead, his dark eyebrows, his jawline and ofcourse his well trimmed beard. His hairs were frizzy but then also he was looking so good. You are doing no justice to his looks just by saving so good you idiot Sona you should say words like sexy hot beast and by the way are you not forgetting to add few more features. a What do you mean. His kissable lips Sona. Why this brain has to ruin my mood. As if you are not staring them. No I'm not. And now Just be quite remember I'm angry with him. He le me all alone here in a new place. Get that. But he did arrangements for you so that you don't feel lonely And vou even met Dhairva. But they are not a replacement for his company. You mean you wanted him to spend the time with you. I didn't mean that. Yes vou want it. No Yes Urggg I removed his hand from my waist and as I was about to get up a strong force held me back in place. He opened up his eyes. And now I was looking at him with wide eyes as if I have seen some ghost in my dreams. a Enjoy "Good morning Mrs Shergill." He said and his hand was around my waist and ofcourse due to the clothes I was wearing yesterday and stupid me who didn't bugged to change it, his hand was there on my bare waist. And as soon as his skin was in contact of mine I was feeling a foreign sensation in my entire body. That's why I want to keep distance with him. As if you don't like these Butterflies in your stomach God. He was still looking at me for the reply. "Go..od mor..ning Mr Sh..ergill." a Will you stop slutttering a We kept quite for few seconds staring at each other. But it's not some scene of romantic movie that he'll kiss you. See again "I'll just go and freshen up." "Wait a minute Sona. Isn't it my turn to admire your morning features."he said a And here the devil was smirking. a Was i that much loud and leave that was he not sleeping all this time. And again this proximity was killing me. "So you liked your morning view right. Why wouldn't you. You have got such a handsome husband." a God this man is so full of himself. But internally I was laughing at this new version of Mr Shergill. "Mr. Shergill leave me I need to get up." "Am i stopping you. He raised his hands in air." I eyes him with narrow eyes "No ofcourse not" I said sarcastically. I again tried to get up but again now his hands were restricting any movement. I glared at him. "Ok you can go but not before" a He brought his face closer to mine. "Mr Sher..gill what are you doi...." and my words vanished into thin air when he gave a kiss on my cheeks. My face and ears, literally turned a red shade of Tomato I was frozen there unable to move. "Mrs shergill aren't you getting up." I hurriedly went to the washroom locked the door and ofcourse I could hear his laugh from outside when he said " don't forget to look at your face in the mirror." a I touched my cheeks and looked in the mirror. I was all red due to embarrassment and the heating moment. Why you let him a ect you idiot. He is playing with you. A er taking a shower I went to the closet area which was attached to the washroom and changed myself into a cosy green shorts and top. Then i went out towards the dresser ignoring the presence of my devil husband. I started drying my hairs and applied some moisturizer. "Are you going somewhere." "Yeah actually I thought since you were bussy so i thought I could have a tour around this place." I could see his expression changed through the mirror but I ignored it. He went inside the washroom without any further discussion. A er 20 minutes he came out and i was all ready till now. He was wearing his formals as always. Devil still looks a sexy beast indeed my brain was right. a "Me Shergill can we have the breakfast together." I asked him "Why are you not getting late." "No I mean there is still time for Dhairya to peak me. So meanwhile we can have bre..akfast in case yo..u are free. "I said nervously. His expression changed into something I was not able to judge He came dangerously close to me and said "what do you mean." a "Leave it don't mind I know you have plans." "I'm not talking about breakfast. Who is this Dhairya and I'm asking are you not going to have a visit of this place with Sara." "No I mean he is my college friend and he has been here with his college seminar so he is free today and will be leaving day tomorrow that's why we thought to spend the day together." "And you didn't even considered it important to tell me ." He gripped my hand tightly by elbow "You were bussy." "Seriously Mrs shergill." "But you know it now right so there is no problem." He closed his eyes for a moment. "Indeed there is surely a problem." "What." "You are not going to wear it while going out." "Go and change." "What is the problem with this." "I don't like the outfit." "Go and change ." "But I liked it. I have brought it yesterday only." "Don't make me repeat Sona." He literally shouted at me. Seriously has he gone mad. What is wrong with my clothes. I brought it yesterday only sara had loved it forced me to buy it. But since he is so stuburn I'm going to irritate him more and decided to wear a o white one piece that was hugging my body perfectly and had a slut upto my mid thighs. a I can see his eyes roaming around my entire body as soon as I came But you made me do it Mr Shergill. "Is it fine Mr Shergill." I asked him innocently. He came close to me. "Don't you have something better to wear which is less revealing or you do it intentionally trying to harm my reputation." a "Why you always have to be so rude and bad Mr Shergill. What is wrong with this dress." "Okay fuck it do whatever you want I'm leaving for my meeting." "But breakfast "my words died in my Mouth with a loud sound of door closing. A lone tear escaped my eyes why are we always like this. My urge to have a breakfast died in my stomach and I didn't want to go out anymore. But I can't say no to Dhairya it's been a long time since I have met But Mr Shergill ruined my entire mood. But he is my bestfriend, I can't let him down because of all this I'll have to meet him any how. Meanwhile my cell started ringing. It was Dhairya. "Hello." "Hello Sonu." "Yeah " "Actually I'll be a bit late some work related to my project was there. I'll pick you by 11 be ready ." "Okay Dhairya. No problem." "See you bye Sonu." "Bye" I was having spare time so mean I decided to call my parents as well as my in laws too. It's been a while since I had a talk with them. A er that Dhairya arrived to pick me. But again Antonio was hesitant to let me meet him. I know again Mr Shergill would have warned him about my security and i don't understand for what as if I'm some celebrity. I had to even tell Dhairya so many lies regarding because of him. I don't know how will he react when he'll know about all this. I took Antonio on one side to talk to him. "Antonio I'm safe with him you don't have to worry I'll come back here on time." "I'm sorry ma'am I can't let you go alone with someone. It's the protocol." "But....." "I'm sorry ma'am either I'm accompanying you both since Miss Sara also not here otherwise I can't let you leave the place " Without le with any option I had to agree with Antonio. So we were being followed by Antonio everywhere. Basically he took me to Anne Frank House a er that he took me to lunch. We both missed our trio which was ofcourse incomplete without Then a er that we hang out to some more places Dam square Was the one I liked most. Our last destination was pub house. Although my last memories of club would be the last thought that I would want to remember. "Dhairya I think we shouldn't go to the club." "What happened Sonu we used to go in Delhi also but you never resisted there is any thing wrong" "No Dhairya nothing like that it's just that awe are in a new place." I "Common I'm with you a erall and your bodyguard too. Why are you afraid." "Nothing like that okay let's go." So it was on of the famous pub according to Dhairya whose entry passes he was having luckily and that's why he was so amadant to go That's why because Dhairya insisted so much i had to agree with and come with him. And his favourite band was coming here so he was damn excited and I must tell that he is indeed a great dancer. So finally since it was a pass system Antonio luckily was not able to follow us. As soon as we entered the place Dhairya was all engrossed in dancing I too joined him for about an hour we danced and then feeling tired we decided to take some rest. We decided to order something to drink. "I would like to have some shots and one juice for her" he told to the "I know you never drink Sona so some juice will work for you right "dhairya asked. I was thinking for a while "I would wanna try something new today." I wanted to forget Mr. Shergill for a while our fight in the morning and i know the best treatment is to get drunk. "Are you sure." "Can't I I'm an adult man." "Yeah but you have never taken it before." "I know but I want it now. Everything has a first time. Do you have any problem Dhairya " "Calm down girl okay." "Okay shots for both of us." As I took my first shot and i drank it down my throat had a burning sensation but as it mixed with my brains all I wanted was more. I don't know how many i had but Dhairya only had to since he said he has responsibility to drop me to my place safely. A er that the light of pub was changed and some ow music was playing in the background. They call it couple hour that is it was time for couple dance and we were given masks and every one was bound to dance with the partner number they get. So basically we put our mask and now I was really excited for it maybe the alcohol was doing its work perfectly. So my number was 27 and Dhairy's was 18. So as I was aligned with some unknown partner Dhairya was with his just beside me. Although I was hesitant to dance but Dhairya was there so I didn't felt any risk it's just a dance a erall. And ofcourse the alcohol inside me was taking over the sane side of And as we stood in formation his hand was about to encircle my waist a hand dragged me out of there. "Leave me, who are you just leave me Dhairya help." And i know dhairya followed us and separated my hand from his. "How dare you touch her." The masked stranger said when dhairya took my one hand and tried to pull me. "Leave her right now." Dhairya said "Fuck o right now" "Who the hell are you. She is with me." The stranger kept me aside and started talking to Dhairya. But I was loosing control over my mind to react and think and this sound was doing no justice. "Although she is here with you. She has come to this place from India with me." "What do you mean." Dhairya said. **Authors pov** "She is my wife." "You are lying she is my friend Sona Deshmuk and she isn't married. You are mistaken man. "She is Mrs Sona Shergill. And i don't think so that you are her friend if you don't know about this." "How can I believe you she is not sober so she is not coming with "He took out his wallet and showed their marriage photo." "Now leave her or you want more proof. Dhairya was in deep shock and let go of her hand. He smirked and took her out with him. "Hey you stranger leave me. I'm not your wife leave me." She saw Antonio and started shouting towards him. "Antonio help! help! you are my bodyguard just help me out. This man is not my husband. Your boss is my husband. Alcohol was doing right e ect on her. Anirudh's pov Has she gone mad or what can't she feel that it's me . I blood boiled when Antonio told me that they went inside the pub and he was not with them to keep an eye. What if something goes wrong like last time. For the first time I was afraid. Afraid for loosing her. I panickly le the o ice and meeting and drove to that pub location. Obviously due to my connections I was able to go inside without the entry passes but I had to wear that mask and i wanted to see her with mask so that she doesn't know my presence. And here in reality now I was a stranger for her. But I was glad she was restricting me as a stranger. But man she is damn cute. "You stranger leave me alone. My husband will not spare you if he'll know nor will he like it that I'm with you." Seriously. God why she has to drink when she can't handel it. Even though I'm wearing a mask which I haven't removed yet, but doesn't she should know that I'm her husband not some stranger man. "Are you listening to me or not stranger." "Ofcourse I am." "Then leave me alone I'm not coming with you." "Why I'll drop you to your place." I started to play like her games. "No no my husband won't like it." I was glad that to listen my husband from her mouth. "We won't tell him." "No lies in a marriage" Telling the girl who has betrayed me the most even a er marriage. Then also why she feels so innocent. "okay.Why won't he like it." "Because he is my husband." And i laughed internally at her childish behaviour. "Okay okay now let's go inside the car it's getting late". "No how many times I have told you I'm not coming." "Sona don't make it di icult for me." "Stranger how do you know my name." I mean seriously why won't I know my wife's name. I thought "Because I'm your husband's friends now let's go." I told her so that she could come with me and leave her stubborness. "But I know he won't like it if I'll be with you stranger." And she jerked her hand away from me and started moving in other direction. Fuck sometimes she is really a minx. I le the car there only and started following her. What was the need for her to drink so much. That's why I didn't want her to wear something like this dress but she never has to listen to me. "Sona let's go back you are going in the wrong direction." "No no stranger look there water fountains and even the songs are playing there let's go." "No it's getting late Sona." She made an angry face and then a pout. "You are just like Mr shergill he also doesn't have anything else to say except no." "But you are stranger why will I listen to you "and started running towards the fountain park.
