

Don't Escape Away From Me

Chapter 3

At the moment when Yan Xiaohuan was in a daze, Gu Beihan had entered the bathroom.

Hearing a slight sound coming from inside, Yan Xiaohuan came back to her senses and ran in quickly.

It was not because of other reasons, but because Gu Beihan was a disabled person. If he took a bath alone, he would definitely encounter a lot of difficulties.

Now that she had married Gu Beihan, Gu Beihan, who was inconvenient to take care of his legs, should do the same.

At this time, Yan Xiaohuan had never thought that Gu Northhan would take good care of her before she married

Gu Beihan.

The water in the bathtub had just been filled by Yan Xiaohuan, and the water temperature had just been good.

Because Gu Beihan's legs were inconvenient, instead of talking about the bathtub in front of him, it was more like a bath.

Because the entire bathtub was embedded on the ground.

Yan Xiaohuan stepped forward and carefully held Gu Beihan, making him half lie in the bath.

The man's tall body was immersed in the water, and his clothes were wet. The wet clothes stuck to his body, outlining the perfect figure of the man.

A few buttons on her chest were unbuttoned, revealing HIS sexy collarbones and firm chest.

Sometimes, when the protruding Adam's apple moved slightly, Yan Xiaohuan couldn't move her eyes away.

This man was really beautiful.

Gu Beihan was like a piece of artwork that had been carefully crafted by God. He was perfect without any flaws.

No, there was still a little flaw.

It was his legs...

Yan Xiaohuan's eyes couldn't help but fall on the man's slender and straight legs.

If Gu Beihan could stand up, he didn't know how many people would be envious of his long straight legs...

"What are you thinking about?"

Suddenly, someone pinched her chin. Yan Xiaohuan was forced to raise her head and looked straight at Gu Beihan's face.

"I... I didn't think about anything..."

No matter how silly Yan Xiaohuan was, she knew that she could not mention other people's pain.

"If you don't think about anything, then serve me to take a bath."

Gu Beihan did not pursue this matter. He just sat up straight and stretched out his arms naturally. Obviously, he wanted Yan Xiaohuan to help him take off his clothes.

“.....”

Yan Xiaohuan knelt on the edge of the bath. She leaned forward slightly and approached Gu Beihan. She carefully helped him untie the button of his shirt, and her fingertips trembled slightly.

She had never done such a thing, nor did she take off a man's clothes...

Gu Beihan lowered his eyes and looked at the strands of hair hanging in front of him. The woman's body was very close to him. A faint fragrance was emitted from the woman's body and passed into his nose.

The pleasant smell was clean and pure.

The buttons were unbuttoned one by one. Yan Xiaohuan held her breath and dared not make a sound.

When the last button was unbuttoned, Yan Xiaohuan put her hand on Gu Beihan's shoulder. When she was about to help him take off his shirt, her slender waist was suddenly caught by a pair of hands. Then her whole person was brought into the water.

"Swoosh—" A large amount of water splashed, crystal clear.

"What are you doing—"

Yan Xiaohuan poked her head out of the water and glared at Gu Beihan with dissatisfaction. Her hair was dripping wet. Obviously, she was in such a mess, but in Gu Beihan's eyes, she was very cute.

"The bath is so big. It doesn't matter to take a bath together."

Gu Beihan pulled Yan Xiaohuan to his side, wrapped his arms around her waist, and buried his head in Yan Xiaohuan's neck, smelling the elegant fragrance.

It was really a very pleasant smell. Even he couldn't help but...

"....."

Yan Xiaohuan stiffly let the man hold her and did not move.

After a long time, Gu Beihan let go of Yan Xiaohuan, and his face was cold and indifferent.

"You can go out."

"....."

Yan Xiaohuan looked at Gu Beihan and then looked at her wet clothes. She was speechless for a while.

This man was really baffling.

First, he let her come in to help him bathe. Then he pulled her into the water and asked her to take a bath with him. Now she hadn't started to wash yet, and this man was going to drive her out again...

However, this was good. She didn't have to be honest with him. How comfortable she was.

But it was a pity that she had already washed it once before. After being tortured like this, she would have to wash it again later.

Yan Xiaohuan stood up from the bath. She pulled out a clean bath towel and wrapped herself in it. Then, she walked out.

"Click—"

Listening to the sound of the door being closed, Gu Beihan slowly breathed a sigh of relief.

He was cold-tempered and didn't care much about that kind of thing. He didn't expect that this woman, who had just been with him for less than a day, could be so easy to make him respond.

"Take note of the N chapter: Mr. Gu has a strange temper and is inexplicable. It's good for you to get used to it."

Yan Xiaohuan added another thing to take note of and then closed the notebook.

Her wet body was still flowing with water, and her wet clothes were tightly attached to her body, which made

her feel a little uncomfortable.

Yan Xiaohuan simply took off her wet pajamas and thought that she would have to go in and wash again later, so she didn't change her clothes, but wrapped her body with a bath towel.

When Gu Beihan came out, he saw this beautiful scene.

Yan Xiaohuan bent her legs and curled up on the revolving chair in the bedroom, holding a heavy book in her hand. She put it on her knees and was reading it carefully.

And the bath towel on her body, because of her sitting posture, slipped to the root of her thigh, revealing a large patch of snow-white glow.

Gu Bei's eyes darkened and he pushed the wheelchair over.

"Hey? Have you finished?"

Hearing the sound of the wheel rolling, Yan Xiaohuan turned her head and looked into Gu Beihan's deep eyes.

Gu Beihan's eyes were dark and deep, like black obsidian. They were so deep that they could make people sink into them at a glance.

"Yes."

Gu Beihan responded indifferently and looked at the book in Yan Xiaohuan's hand. Yan Xiaohuan quickly closed the book and handed it to Gu Beihan.

"I'm sorry. I'm not going to rummage through your things. I'm just..."

"It doesn't matter."

Gu Beihan took the book and put it on the desk.

"If you like reading books, there are still a lot of books in the study room. Ask the butler to take you there some

other day. If you want to see anything, just make it yourself."

After finishing his words, Gu Beihan turned around the wheelchair and walked to the bedside.

Yan Xiaohuan saw this and immediately got out of the chair. Then she followed Gu Beihan and helped him to lie down on the bed. After that, she took her clean pajamas and went into the bathroom.

Lying in the wide pool, Yan Xiaohuan leaned against the edge of the pool, her eyes squinting comfortably. She couldn't help but think of the scene when Gu Beihan pulled her into the water.

"Phew..."

Yan Xiaohuan breathed out a sigh of relief. "Fortunately, Mr. Gu can't speak. Otherwise, it would be really dangerous in the previous situation..."
