

## Dont mess 1031

### Chapter: 1031

Yu Sheng's eyes were locked on Xia Feixue's body like a hungry wolf. Seeing Xia Feixue, she felt cold all over, and she retreated subconsciously.

The woman's instinct tells her that the rest of her life at this moment is definitely not the rest of her life under normal circumstances. He is very dangerous, very dangerous.

No more hesitation, Xia Feixue ran straight away. In this situation, she must stay away from the rest of her life. Otherwise, she might become the second Hu Gang.

Xia Feixue just reacted, and the next second Yu Sheng appeared in front of her and blocked the way. At this moment, Yu Sheng looked at her with a wicked expression, raised her chin, and looked at her left and right. Fan, sincerely admired: "What a stunner! This smooth and white face, this beautiful appearance, must be delicious!"

good to eat.....

Xia Feixue's body was trembling constantly, and she had never been so afraid for the rest of her life as she is now. Those familiar eyes looked at her as if looking at a delicious meal.

Suddenly Yu Sheng bit into Xia Feixue's white and tender neck, and blood was flowing down her slender neck.

Xia Feixue resisted the pain and pushed Yusheng hard, but couldn't push it away anyway. He was like a wall, and there was no way to shake it.

"Stop, stop, she will die if this continues!" There was a voice in a corner of Yu Sheng's heart that kept shouting.

"It's okay! She is just a woman. There are thousands of women in this world. One less woman will not get in the way, not to mention that blood can enhance your strength.

Only with enough strength can he rescue his father from the doomsday prison, so a lot of blood is needed so that you can become the strongest person, and all people will surrender under your feet." The momentum of the other voice was even stronger, almost completely occupying Yu Sheng's heart, and his body was also controlled by him.

After loosening his teeth, Yu Sheng licked the blood from the corner of his mouth and planned to bite it down in another place. When he accidentally saw Xia Feixue's expression, he felt a sudden pain in his heart.

A small area of Xia Feixue's neck was bloody, and she looked at him with tears in her eyes at this time. The biggest weakness of this man for the rest of his life was that he couldn't see the women he cared about crying. When he saw someone crying because of him, his heart softened.

"Ye... I'm sorry, Xia Feixue, go quickly, I control him and leave!" Yu Sheng's consciousness recovered a little, and he hurriedly urged that he didn't know when the devil would occupy his body again.

Xia Feixue didn't leave, and pointed to his mouth. For the rest of his life, he immediately understood, holding on to himself and now sober, helping Xia Feixue get rid of his dumb acupuncture points.

In the next second, Xia Feixue plunged into Yu Sheng's arms, hugged her tightly, and refused to let go.

"I won't leave for the rest of my life because I made you like this. If I leave now, I will be ashamed for a lifetime. Even if you kill me today, I won't hate you." Xia Feixue cried Said.

Leaning on the broad chest of the rest of his life, Xia Feixue didn't have the previous fear, and felt very practical and safe.

"What are you thinking about! Do you still want to save your father and kill her! Your food is right in

front of you, why did you stop suddenly?” The devil’s voice rang again at this moment. Yu Shengqin struggled with all his strength. Deep down in his heart, he wanted to improve his strength and rescue his father from the doomsday prison, but he didn’t have to use this method. If he really kills Xia Feixue today, then he will really lose control of his body, and even if he is a complete devil for the rest of his life, he will even kill his loved ones. Thinking of this possibility, Yu Sheng felt unable to forgive himself. His eyes kept changing between blood red and black. The two were constantly struggling to control the body. Suddenly, Yu Sheng looked up to the sky and shouted: “No!” The strong internal force gushed out, directly smashing his clothes to pieces, and shook Xia Feixue on the side to a place ten meters away. After a cup of tea, Yu Sheng woke up from his mental mind. At this moment, his eyes were black, and he slowly recovered for a while. Looking at Xia Feixue, who was lying on the ground not far away, because he was seriously injured, Yu Sheng hurriedly left, and used him to feed him a Johnson Pill.

### **Chapter: 1032**

Yu Sheng had never thought that the Blood Demon Pill could have such a powerful resilience and the effect of improving his own strength, but the side effects almost controlled him, which shocked Yu Sheng. If he hadn’t had a strong mind, perhaps he would have killed Xia Feixue just now, and he would even kill more people. By then, he would become a complete monster. Fortunately, the thought deep in my heart has been completely wiped out for the rest of my life. Seeing the pile of minced meat not far away, Yu Sheng had mixed feelings in his heart, and he couldn’t believe that he tore a person like this. Hu Gang persecuted more than a hundred people’s lives, and it was worth the crime to end up like this. Perhaps he was unwilling to die, it was the Blood Demon Pill he trained to kill him like this. At this time, Xia Feixue who was taking the Johnson Pill on the ground woke up leisurely. When he opened his eyes and saw that Yu Sheng was holding her, he thought it was the demon, struggling subconsciously. “Captain Xia, I am Yu Sheng!” Yu Sheng said quickly. Hearing the familiar tone and black eyes, Xia Feixue gradually believed that the person in front of him was really the rest of his life. Hugging for the rest of his life, Xia Feixue cried with joy: “It’s okay for you to do nothing, I’m sorry, I shouldn’t have dragged you into such a dangerous thing. If it weren’t for me, you wouldn’t have encountered this kind of thing. Die...” Said this, Xia Feixue lowered her head, and her heart was full of guilt for the rest of her life. At this moment, Xia Feixue’s phone rang suddenly. “Xia Feixue, where are you now? I order you to patrol the arrest room immediately!” An extremely majestic voice came from the phone, with an angry tone in his tone. After hearing this voice, Xia Feixue’s complexion was a little nervous, and after a response, she hung up the phone. Presumably Wang Mang had already gone back, and he also told the leaders above what had happened today. The call was made by the director of the patrol room just now. Yu Sheng’s six senses were one of the ordinary people, even if there was no loudspeaker in Feixue, Yu

Sheng could still hear the content on the phone.

"If you want something, go back first! I still have some things to deal with." Yu Sheng said.

Xia Feixue responded, and then drove away in the police car.

The reason why I didn't leave for the rest of my life was that I planned to go to the manor to have a look.

After all, Hu Gang and his son are also hidden people, maybe there is something good on them.

As for the refining pill prescription of the blood demon pill, it must be destroyed by hand for the rest of his life. If such a heavenly thing falls into the hands of people with wrong intentions, I don't know how many innocent people will lose their lives because of it.

When I came to the room where Hu Gang had been encountered before, for the rest of my life, he turned over a bunch of messy things.

There are practice secrets for primary exercises, and some precious herbs for making pill. These things are all treasures for the rest of their lives now, and they are all included in the bag.

The herbs that were found were very precious, but they shouldn't be considered as much to the Hidden Gate. Even the production method of the Blood Demon Pill was not found.

Yu Sheng felt that there must be some secret way he hadn't discovered, so he looked at every place in this room more carefully.

Suddenly, Yu Sheng was attracted by the vase placed on the desk. This vase looked very ordinary and looked a little awkward when placed on the desk.

Walking over, Yu Sheng planned to pick up the vase. Whoever thought that the vase could not be held, was delighted when he saw it.

Wrong! Sure enough, there is a secret room.

### **Chapter: 1033**

For the rest of his life, lying on the vase and twisting it from side to side, the bookcase turned over, revealing a black passage.

Presumably this Hu Gang usually likes watching TV, right? Yu Sheng slandered in his heart.

When he walked into the secret room completely, Yu Sheng was shocked by the scene in front of him.

He was like a child who had never seen the world before.

There are all kinds of modern weapons, guns, bullets and bombs. These are just ordinary things. The most precious thing here is the three unilaterals on the table.

One of them is exactly how the blood demon pill is made, and the other two are also pill recipes, namely the Jiji Pill and the Huisheng Pill.

The most powerful of these three lists is the Blood Demon Pill, this kind of thing simply exists against the sky, and those who have taken the Blood Demon Pill for the rest of their lives understand the terrible aspects of this pill.

In just a few minutes, a dying person can be restored to its original state, and it can also display a small stage ability that exceeds its own strength in a short period of time.

Even after the effect of the medicine was over, the body didn't feel any discomfort or weakness, but the side effects of this pill was so fierce that even the rest of my life now has lingering fears.

No matter how much he thought about it, Yu Sheng directly burned the one side of the blood demon pill. As for the production method of the two lists, he simply took a look at it, and there was nothing that needed to hurt the person's name.

Soon afterwards, the rest of his life searched for it again and found a snow-white jade pendant from a brocade box. As soon as his fingers touched the jade pendant, a gentle aura slipped from his hand.

The wonderful feeling was uncomfortable, and the whole person was refreshed by the breath nourished.

It's just a touch, and it has such a good effect. Wouldn't it be better if it is worn for a long time? Yu Sheng did not hesitate, and directly held the jade pendant in the palm of his hand. The wonderful touch was like holding a baby's soft hand. A clear stream slowly flowed into Yu Sheng's limbs, which was indescribable. Invigorating and dripping.

What surprised Yu Sheng the most was that his internal strength was running and practicing in his dantian on its own, and it was twice as much as he usually practiced.

The rest of my life was ecstatic, this piece of jade is definitely a good thing, it is a peerless treasure! If Hu Gang was still alive, he would be extremely shocked to see this sight, because the piece of jade in Yu Sheng's hand was in his hand, like an ordinary jade pendant, and it had no effect at all.

The reason why I kept this jade pendant is because Hu Gang found it in the cave. At that time, this jade was carrying the withered bone on his body.

But Hu Gang studied it for a long time, but he didn't have the effect of discovering this jade pendant, so he put it in the brocade box.

Yu Sheng slowly felt the beauty of this jade, which not only doubled his cultivation, but also slowly tempered his internal power to make his internal power more pure.

Yupei and his internal strength seem to be somewhat related to each other, Yu Sheng has no way to figure it out now, and I must be able to find something from the "Nine Heavens Profound Scripture". Collect all the spoils, and then left contentedly for the rest of his life.

When Yu Sheng returned home, it was getting dark. When Yu Sheng opened the door, Yu Sheng was surprised to find that Xiao Shui was washing clothes with his hands?

#### **Chapter: 1034**

"Isn't there a babysitter at home? And there is an automatic washing machine, why did you wash your clothes by yourself?" Yu Sheng knelt down and helped the water up, Yu Guang caught a glimpse of returning his clothes in the basin.

Xiao Shui shook the water on the water and hugged Yu Sheng's thighs. This couldn't restrain the tears in his eyes, and flowed down if he couldn't restrain it.

Too many things happened on this day, wronged, scared, and even almost sold out. Now that I saw my dad who loved me the most, he came back, so I started to cry.

"What's the matter? Who is bullying you? Xiao Shui, don't cry. If you have something to tell Dad, Dad is helping you, or is Xiao Shui angry because Dad missed the appointment?" Yu Sheng stroked Xiao Shui His head was distressed.

"Dad, don't go away from now on, okay with Xiao Shui? I don't want to stay at home alone, I'm afraid." Xiao Shui looked at Yu Sheng with a begging face.

As for what happened today, he dared not tell his father, for fear that Aunt Xu would sell him to that place. Then he would be cut off like those children and beg on the street.

But he stayed at home alone, and couldn't avoid being troubled by Xu Qianqian for a while. Only then did he think of a way to let his father accompany him.

As long as the father is at home, Aunt Xu has the image of a good aunt, and she will not beat him or give him breakfast.

"Dad promises you that I will be with Xiao Shui when he has time in the future, but Xiao Shui also wants to tell his father what happened today and why are you doing the laundry?" Yu Sheng asked with a

frown.

Xiao Shui's small movements, serious fear, and no way to escape the rest of his life, he felt that there was definitely something hidden in this matter.

Even if Yu Sheng asked like this, Xiao Shui still lowered his head and said nothing. He kept shaking his head and didn't explain why he was washing clothes with his hands.

Yu Sheng's brows frowned more tightly, and he grabbed Xiao Shui's shoulder and asked in a deep voice, "Xiao Shui, can you even trust your dad now? Is there anything you don't want to tell dad?"

"No, no." Xiao Shui shook his head flusteredly, tears falling down one by one. He really wanted to tell his father everything now and let him drive Xu Qianqian away.

Finally, Xiao Shui sent a clenched fist, looked at Yu Sheng with a grieved expression, and cried and said: "Dad, I don't want to stay in this house anymore, I hate..."

Xiao Shui's words were still not finished. At this moment, the bathroom door suddenly opened, and the person here was Xu Qianqian.

"Sorry, Xiaoshui is not good for Auntie Wang. I have already taught that Auntie Wang just now. This kind of thing will never happen again."

Xu Qianqian walked towards Xiaoshui and put Xiaoshui in her arms. She looked like a loving mother, loving her son.

With a sigh, Xu Qianqian looked at Yu Sheng with some self-blame: "Sorry Yu Sheng, I don't know anyone clearly, so I just hired a babysitter. I took care of Yueyue during the day and neglected Xiao Shui. I didn't think that Aunt Wang would do it. Laziness actually let Xiao Shui do all the dirty work.

Just when Yueyue fell asleep, I went downstairs and watched that Aunt Wang was sitting on the sofa and watching TV. I asked her if she did any laundry. She stammered and couldn't speak. I knew it must have been a problem.

From this look, she discovered that she actually let Xiaoshui wash clothes for the sake of being lazy. I am sorry for the rest of my life, so I will fire her. I will never allow this to happen in the future."

Yu Sheng looked into Xu Qianqian's eyes and found that she didn't look like she was lying when she said these words. She still asked Xiaoshui half-trustfully: "Is what your Aunt Xu said is true?"

Xiao Shui kept his head down. He was now in Xu Qianqian's arms with fear and sincerity. He didn't even react to it and asked him for the rest of his life.

Seeing Xiao Shui's words, Xu Qianqian felt a little anxious, so she patted Xiao Shui's shoulder and said, "Xiao Shui is aunt's fault. I have just fired Aunt Wang. You won't be angry with Auntie Wang. Bar?"

"No...not angry!" Xiao Shui lowered his head and said in a low voice.

"Xiaoshui is really good, and Auntie will treat you well in the future." Xu Qianqian said with a loving face, and touched Mo Xiaoshui's head dozingly.

## **Chapter: 1035**

Knowing the reason for this incident, Yu Sheng also breathed a sigh of relief. This day was too tired. He was too busy to deal with each other, and even almost died. Now when he comes home, he really just wants to get a good night's sleep. ,Rest.

"Xiaoshui obediently listened to Aunt Xu. Dad has been tired for a day, so he should go back to the room to rest first. You have to be good!" Yu Sheng touched Xiaoshui's head and planned to leave.

Just as he was about to turn around, Xiao Shui suddenly grabbed Yu Sheng's hand and looked at Yu Sheng imploringly, his eyes seemed to say, Dad, don't leave.

Xu Qianqian came over suddenly, held Xiaoshui's hand, and said with a smile: "Xiaoshui must miss his

father very much if he sees his father a day, but he has been tired for a day, so he should really take a good rest.”

Saying Xu Qianqian touched Xiaoshui’s head again: “Let Dad go to rest, Aunt Xu will play with you!”

Xu Qianqian winked at Yu Sheng and thoughtfully said: “Go and rest! I will take care of Xiaoshui!”

Yu Sheng nodded and said, “You should rest earlier, Xiaoshui, you have to listen to Aunt Xu.”

Seeing that the door was closed, Xu Qianqian’s smile slowly solidified, and his face was so gloomy and terrifying that it was almost dripping with water.

Xu Qianqian grabbed Xiao Shui’s water and pulled him into the bathroom on the first floor. In the process, Xiao Shui wanted to struggle. Xu Qianqian looked at it with a sharp look, and Xiao Shui was scared to speak.

Opening the bathroom door, Xu Qianqian threw in the water directly, went in as well, and immediately locked the door from the inside.

“Aunt Xu, I want to sleep.” Xiao Shui curled up in the corner, trembling and very aggrieved.

Hearing this, Xu Qianqian snorted coldly, and said, “Did you want to sue him when you came back for the rest of your life? Do you want him to drive me away? Or you really seem to be cut off and go to the street. It’s begging!”

Speaking of the end, Xu Qianqian’s voice came more and more, and the scared little water head was buried in his legs and trembling constantly, not daring to answer Xu Qianqian’s questions.

At that time, Xiao Shui really wanted to tell Yu Sheng about Xu Qianqian’s abuse of him. Who could have imagined that Xu Qianqian would suddenly appear and just saw that scene...

“I’m not obedient, right? I’m not a little patient for the disobedient child!” Xu Qianqian reached out and pulled Xiao Shui from the ground directly, pulling it toward the toilet, and then pressing Xiao Shui’s head. , Pressed his head into the toilet.

Xiao Shui struggled with all his strength, but a six-year-old child was still unable to hold back the power of an adult.

Seeing Xiao Shui’s face pressed against the side of the toilet, Xu Qianqian pressed the flush button in a vicious way, only to hear a crash, Xiao Shui’s entire head was washed by the current, because it was difficult to breathe, Xiao Shui’s nose and mouth were all Water in the toilet.

Upon seeing this, Xu Qianqian was satisfied with the water that grabbed Xiaoshui, and asked with a sneer: “Dare you still dare to say anything to your father that shouldn’t be said in the future?”

Xiao Shui sat on the ground, choked and shook his head, feeling extremely humiliated, but had to be obedient.

“Okay, let’s take a bath and rest, it’s stinking!” Xu Qianqian glanced at Xiao Shui with disgust, slapped her hand in front of her nose, as if she had smelled something unpleasant.

Closing the bathroom door, Xu Qianqian sat on the sofa and read the book casually. The content of the book completely attracted her.

With her ingenuity, Xu Qianqian is confident that she can learn the things recorded in this book in a few years, and she just has to practice!

## **Chapter: 1036**

After solving the problem of Shengyuan Company, the Sihai Group has been operating stably, and the research and development of the chips in the Science Park has also made good progress, and everything has slowly returned to peace.

The rest of my life basically stayed at home every day, picking up Xiao Shui to learn, unknowingly the

rest of my life also gradually found that Xiao Shui less and less like to talk, really personally depressed. No matter what he said, Xiao Shui just nodded, or gave an um, for the rest of his life in Xiao Shui's situation, there was no way to send him to Du Fei's side in the end.

Yu Sheng thinks that perhaps Xiao Shui has no way of accepting that an aunt and a younger sister suddenly appeared in the house.

For Xu Qianqian, Yu Sheng didn't know what else to do. She wanted to live at home, and she had no reason to drive her away. After all, a woman gave him a child and she didn't take her in. That's true. It's too human.

So you can only be at ease when you come...

In the battle with Hu Gang, Yu Sheng had already touched the bottleneck in the late stage of the Grand Master Realm. Coupled with the rapid improvement of his internal strength by Yu Pei, Yu Sheng had reached the strength of a half-step Grand Master.

Now he, even if he encounters Hu Gang again, he can easily deal with it without taking the Blood Demon Pill. This is the difference between the ordinary exercise method and the exercise method of the "Nine Heavens Profound Scripture".

Yu Sheng also found a similar record of this jade pendant in the "Nine Heavens Profound Scripture", but he was not sure whether it was the jade pendant he had obtained.

The above recorded something called Ningyu, which can purify the internal power, accelerate the training speed of the martial artist, and can also stabilize the mental power and immune to mental attacks.

The first two meet Ningyu's standards, and the latter will remain immune to mental attacks for the rest of his life.

If that is the case, then the jade pendant in his hand is really a rare treasure.

There are still no martial artists who cultivate spiritual power for the rest of their lives, but they cannot deny the existence of such a person, as it is recorded in the book.

Mental power attacks can easily destroy a person's mind. Even a strong man in the realm of Grand Master, if he is not prepared to receive a mental attack, may become a fool.

With this piece of condensed jade, the rest of his life can be regarded as a guarantee.

As for the two monads Yusheng also studied, although they are not as terrifying as the Blood Demon Pill, they are also anti-the-sky.

After taking the Zhuji Dan, the strength of those who can take it has been greatly improved. If you continue to take it for the rest of your life, it is very likely that you will directly reach the pinnacle of the half-step grandmaster. Go and touch the grandmaster level. threshold.

Of course, all the medicinal materials needed for this kind of heaven-defying pill are some treasures of heaven and earth, and some things have not even been heard for the rest of my life, so it is as difficult as the heavens to practice it.

As for the resurrection pill, the effect is similar to his name. Even if the dying person is left with only one breath, after taking this pill, his own function will automatically recover, and within a few minutes, the dying person will be able to reach The state at the peak, leaving it is completely equivalent to one more life.

The materials needed for the resurrection pills are also very rare, and they are basically as difficult as reaching the sky.

Although there are prescriptions, if these two medicinal herbs are to be made, it is harder than reaching the sky. Coincidentally, among those things that Yu Sheng snatched from Hu Gang's secret room, there

are just a lot of manufacturing facilities. Kidan's material.

It must be that Hu Gang also wanted to make this Jizhu Dan. The reason why he hasn't done it yet is probably because the treasures of heaven, material and earth are really rare.

With those materials, blood Ganoderma lucidum, Thousand-year snow ginseng, Longxucao, and Centennial Polygonum multiflorum are needed to make Zhujidan.

When he saw Longxuecao and Snow Ginseng, a smile appeared on Yu Sheng's face. Although these two things were rare, he happened to have them in his hands.

Some of the Johnson Pill that was originally made with snow ginseng and the plus version is left, and it just happens to be able to be used to make Jiuji Dan.

Thinking of this for the rest of my life, I felt a little grateful. At that time, there was an impulse to make two Johnson Pills. If that were the case, there would really be no place to cry.

Now only blood ganoderma and Centennial Polygonum multiflorum are left to make Zhujidan, and now there are only two things left for the rest of my life.

### **Chapter: 1037**

Seeing that it was the day of mother's death again, Yu Sheng promised to bring Xiaoshui to worship last year. Now there is nothing to do, and it is just right to take Xiaoshui to Beijing.

As for Xu Qianqian and Yu Yue, Yu Sheng didn't plan to let them go for the time being, after all, he still didn't fully accept the mother and son in his heart.

After spending some time with Du Fei, Xiao Shui's mood improved a lot, and he was no longer as depressed as before, and his spirit and spirit became much better.

"Dad, are we here to find Aunt Bai?" Xiao Shui asked Yu Sheng with open obsidian eyes, looking expectantly at Yu Sheng.

When he heard these words, Yu Sheng was stunned. He suddenly reacted to the fact that Magnolia had returned to the capital after that incident. She had been delayed because of too many things, and she hadn't been able to explain to her. .

Yu Sheng nodded and said, "Well, Dad will take you to Aunt Bai first, okay?"

"Okay! I haven't seen Aunt Bai for a long time, I miss her, Aunt Bai must also miss Xiao Shui!" Xiao Shui jumped and jumped excitedly, wishing to appear in front of Magnolia.

After hitting a car, Yu Sheng and Xiao Shui came to the door of the old house of Shangjing Bai's house, reached out and knocked on the door, and soon someone from the Bai's family opened the door.

For Yu Sheng, those people in the Bai family are naturally not unfamiliar. Before seeing Yu Sheng, he would respectfully invite him in. After all, this is the grandson-in-law candidate for the grandson.

But now it's different. After returning from Qiancheng, the old man made a fierce fire, and even shot the Xu family. In the end, he lent the Xu family ten billion fund for the rest of his life to solve the Xu family's affairs.

If it were not for the rest of his life, a second-rate family in Beijing would have been destroyed by the anger of the old man.

From then on, the two words Yu Sheng completely became a taboo for everyone up and down in the Bai family, and no one even shouted it out at all.

So when the person who opened the door saw that the person was the rest of his life, he closed the door directly.

Seeing this situation, Yu Sheng pushed the door hurriedly and quickly asked: "Little brother, why did you close the door again? Could you please inform the old man for the rest of your life?"

“Master Yu, you should go! It’s absolutely impossible for my master to meet you. I’m doing this for your own good, so please don’t make it too difficult for me to do it.” The subordinate of the Bai family said angrily.

After hearing this for the rest of his life, he might want to understand why, since the old man Bai refused to see him, he should go to the head office of Magnolia, right?

“You can tell me for help, I’m looking for Bai Yulan, it’s really urgent to find her!” Yu Sheng said.

Hearing that Yu Sheng was looking for their eldest lady, the gaze of the servant looking at Yu Sheng became even more hostile: “Master Yu, are you not miserable enough to humiliate our young lady? Please go back! Our young lady has gone abroad, you can’t see it. She’s gone.”

“Going abroad...” Yu Sheng Gu Zidi murmured, and then asked again: “Do you know where she went abroad? Where does she live.”

“Why can I tell you where our lady is, shitting! Our Bai family doesn’t welcome you.” As he said, the man took a bite in the hand that was blocking the door for Yu Sheng.

Yu Sheng withdrew his hand in pain, and the door was closed again in the next second, and his heart was mixed when he looked at the closed door.

Magnolia has gone abroad, presumably she doesn’t want to see herself! Thinking of this for the rest of my life, he sighed deeply.

“Aunt Bai has gone abroad? Will Xiao Shui never see her anymore?” Xiao Shui asked with a lonely expression.

Yu Sheng didn’t speak, but nodded, and answered Xiao Shui’s question.

“Take you to see grandma, if she is still alive, she will definitely like your grandson very much.” Yu Sheng said.

With Xiao Shui, Yu Sheng came to his mother’s grave, and while burning the paper, he told her mother how obedient and filial Xiao Shui was.

Just when Yu Sheng was taking Xiao Shui to leave, Xiao Shui suddenly asked: “Dad, grandma passed away, where is grandpa?”

### **Chapter: 1038**

grandfather.....

Yu Sheng raised his head and glanced at the sky. The blue sky was shining brightly and he couldn’t open his eyes.

Now that his strength has reached the strength of a half-step great master, it is time to go to the doomsday prison to rescue his father.

“Grandpa will be back soon!” Yu Sheng said seriously, not only for Xiao Shui, but also for himself.

Father, you are waiting for me. After a while, I will come out from that place. Believe me, I will be able to do it!

Cultivating so hard and trying every possible way to improve his strength, isn’t it just to rescue his father from that dark place and prevent him from suffering?

The little Shui Chicken nodded as he cooked the rice, thinking that he would be able to see his grandfather before long, the gloom on his face was swept away, and instead he was replaced by surprise.

“Well, Xiao Shui believes in his father. I don’t know what grandpa is like? Would he not like Xiao Shui?”

Xiao Shui began to feel a little lost when he thought of this question.

Aunt Xu hated herself very much, and she asked him to be driven out of the house to be a beggar. Xiao

Shui didn't know what she had done wrong?

So he was also very afraid that Grandpa would not like him...

Yu Sheng gave a chuckle, touched Xiaoshui's head dozingly, and said with a smile: "Don't worry, you also have the only grandson. How could he not like you?"

After the worship, his mother bought some supplies for daily use. Today, he and Xiaoshui can only stay in the hotel, and tomorrow they will buy tickets to return to Qiancheng.

"I heard that the auction house's items this time are all natural treasures! Lao Li, if you don't participate, you will definitely regret it for a lifetime!"

When Yu Sheng was about to return to the hotel to rest, I heard a middle-aged man passing by, holding a mobile phone and making a call.

When I heard the words auction house and Tiancai Dibao, the rest of my life came, listening to the chats of the middle-aged man with all his energy.

"There is another blood ganoderma. I heard that many people are eyeing it. I don't know what it is precious. I am not interested in that."

Said that the middle-aged man here rubbed his nose, showing a lewd expression, and said: "An insider broke the news that there is still a catwoman in this auction. I have to know what to say!"

I won't hear anything later for the rest of his life, because the middle-aged man has walked back to his room and closed the door.

However, this information is sufficient. Blood Ganoderma lucidum will be auctioned at the auction, and the materials needed to build Jidan also require a century-old blood Ganoderma lucidum.

This information alone is enough for Yu Sheng to examine whether the blood ganoderma lucidum sold for auction is a century old, and if it is true, then he is bound to win it!

After all, I heard too little information about the auction from the middle-aged man. After he settled in Xiaoshui, he ran for the rest of his life in person.

What surprises Yu Sheng is that there are such things as 100-year-old Ganoderma lucidum in this auction.

Excited to excitement, but there are still two days before the auction begins, so I can make some preparations for the rest of my life.

After all, things like blood ganoderma are hard to come by, not to mention that there are so many unknown competitors. In order to ensure that they can be obtained, the rest of their lives will have to prepare a large amount of funds as capital.

Taking a look at the black card in his hand, the corner of Yu Sheng's mouth was slightly raised. In fact, there was nothing to prepare. With blood ganoderma, it would only be a hundred years away from Polygonum multiflorum.

Truthfulness can really be made into Jidan, that is simply a good thing.

## **Chapter: 1039**

At the auction, there was an endless stream of people coming and going. Those who attended were either rich or expensive. Those who came and went talked to each other, discussing their favorite lots.

Everyone took out a red invitation card when they entered the auction and checked them by the security guard at the door before letting them in.

Yu Sheng was stunned when he saw this situation. He didn't even think that he would need an exclusive invitation to enter the auction. Now he has nothing, and there is no way to get in.

For the rest of his life, the blood Ganoderma lucidum was inevitable, but because there were no

invitations, he was stopped at the door.

“Can I see the person in charge of the auction? I have something to say to him!” Yu Sheng said to the security guard in a negotiating tone.

There are no invitations, and the rest of my life does not want to give up the opportunity to take blood ganoderma lucidum. If I don’t force it, I can only see the person in charge of this auction.

The security guard looked at Yu Sheng up and down, then curled his mouth in disdain, and pushed Yu Sheng back a few steps with the electric baton in his hand.

“Fuck off, hurry up, who do you think you are? If you see our person in charge, you will see the person in charge. No invitations are allowed to enter.

Besides, people like you can’t afford the things inside even if they go in, and the cheapest ones cost tens of millions of dollars. Is it enough for you to add up to 500 yuan?” The security guard at the door said disdainfully.

Yu Sheng was speechless for a while, thinking of being looked down upon by a security guard again, but he really didn’t have an invitation card in his hand now.

At this moment, a sexy and enchanting beauty walked past Yu Sheng, wearing a pink suit and exaggerated sunglasses, with a sexy enchanting beauty in his arms.

When I came to the security guard, I didn’t show the invitation card in my hand, but walked in casually. Seeing this situation, the security guard hurriedly stepped forward to stop him, but the tone of his speech was very different from that of Yu Sheng.

I heard a pleasing smile on the security guard’s face and asked cautiously: “Zhao Shao, please show me the invitation card.”

Zhao Juncai pushed away the exaggerated sunglasses on his face, looked at the security guard with a displeased look, and said angrily: “I forgot to get in the car with the invitation card. Is it possible that there is an invitation card and you won’t let me in? Believe it or not, I will let you stay in Beijing. Can’t go down.”

Hearing this, the security guard was stunned for a moment, and hurriedly said: “Where are you, Zhao Shao, of course you can go in. You have offended you just now. You adults don’t care about a villain. Don’t care about a villain like me. .”

Zhao Jun only relaxed when the security guard said that, he brought back his sunglasses with satisfaction, and walked in with the beautiful woman in his arms.

“He didn’t have an invitation just now, why can he go in?” Yu Sheng pointed to Zhao Juncai and asked the security guard.

“Don’t look at what you are, can you be compared with Zhao Shao? He is the first-line family in Beijing, the young master of the Zhao family, his identity is an invitation, what are you, let me hear it?” Looking at Yu Sheng with contempt, his face was full of disdain.

“What am I?” Yu Sheng pointed to himself and couldn’t help but sneer. Not to mention that Zhao Juncai had never seen him before, but he had met the Patriarch of the Zhao family.

After all, the Yu family used to be at the top of the first-class family in Shangjing, and the Patriarch of the Zhao family visited many times to win ties with the Yu family.

At this moment, Yu Sheng’s body was followed by a gray-haired old man who looked kind and friendly.

“Nephew, I said let you be with me. Look at you so anxiously. I forgot to bring the invitation!” The old man patted Yu Sheng on the shoulder and handed a red gilded invitation to Yu Sheng’s hand.

**Chapter: 1040**

Looking at the invitation card in his hand, Yu Sheng looked at the old man subconsciously, and the old man also looked at him with a smile on his face.

Naturally, Yu Sheng understood what the old man meant. He wanted to help himself and sent a door-to-door invitation. Of course Yu Sheng would not refuse. He still wanted to take a picture of blood ganoderma!

“Are you Gu Lao’s nephew?” The security guard looked at Yu Sheng with a look of surprise. He couldn’t believe it was true. He always felt that the young man in front of him was just a pauper. He didn’t expect it to be Gu’s nephew. Consciously replaced by the honorific name you.

“Why, don’t you believe it?” Yu Sheng raised his eyebrows and looked at the security guard jokingly, presumably this old man who helped him should have an unusual identity, otherwise the security guard would not treat himself with this attitude.

Hearing Yu Sheng’s words, the security guard quickly said respectfully: “Master, you laughed, how dare I not believe what Gu Lao said? I used to know how much I offended Taishan and I now apologize to you.” Speaking of the security, he still felt sincere and knelt in front of Yu Sheng, helping her wipe the non-existent dust on her shoes.

Yu Sheng didn’t think that the security guard would be so hard to eat softly, and he didn’t have a terrible taste to continue to let the security guard clean his shoes, and went directly to the auction with Gu Lao. “Sir, thank you for your help. My name is Yu Sheng.” Yu Sheng went into the auction and returned the gold-plated invitation to Old Gu.

Old Gu still had a kind smile on his face. He accepted the invitation that Yu Sheng handed over, and then said, “It doesn’t matter, it doesn’t matter. Is there anything you like about Brother Yu at this auction?”

There was no concealment, Yu Sheng directly said: “For the blood Ganoderma!”

“Blood Ganoderma!” Hearing Yu Sheng said that he wanted to shoot blood Ganoderma lucidum, the old man looked at Yu Sheng with a serious look, and then kindly reminded: “As far as I know, the final lot of this time is blood Ganoderma lucidum. Many people want it. To get this kind of treasure, even the people of the legendary ancient martial arts school came out specially for this thing.

So, Brother Yu, you have to be prepared. The lowest transaction price of this blood ganoderma will also be in the hundreds of millions.”

Although Lao Gu went out and helped Yu Sheng with kindness, he felt that it was really too difficult for him to take blood ganoderma lucidum.

Gu Lao knew all these things for the rest of his life, so he didn’t take it seriously. The auction is not the highest bidder, so the problem is not big.

only.....

When Yu Sheng looked at Mr. Gu, he was eager to speak but didn’t know how to speak. This old man didn’t seem to be deliberately disguised because he looked kind and good-looking. Only by looking forward to being kind and helping others can he have that unique aura.

What puzzles Yu Sheng the most is that a good person like Gu Lao should have a good luck, even if it is not good luck, there will be no blood on his forehead, right?

“Old Gu, do you have children and grandchildren?” Yu Sheng asked.

People like Gu Lao who should have been fortunate for his whole life have encountered this kind of problem now. It is very likely to be related to the members of his family, or to the problem of the ancestral grave.

Old Gu was stunned by the question. He didn’t know what he wanted to do for the rest of his life, but he said truthfully: “I have a son and two grandchildren, why is there anything wrong with Brother Yu?”

At this time, the auction was about to begin, and Yu Sheng came into the auction with Gu Lao after he had nothing to do.
