

Dont mess 1081

Chapter: 1081

When Zhang Shengquan heard Hu Hua's words, his face was blackened with anger, and he snorted coldly without answering, took the wine on the table and drank it in one breath.

Hu Hua was not discouraged either, although he was doing business in Haicheng. However, it has been sluggish, and the conditions of the family are naturally no way to compare Zhang Shengquan.

Furthermore, if his distant cousin Zhang Shengquan, just this one baby girl, really marries his son, then the whole Zhang family will have the surname Hu.

"Cousin! Why is your face so ugly? Is it because you drank that glass of wine too quickly, you drink slowly, I know you are happy in your heart, and I am also happy in my heart!

Look at my son, Hu Zhiwen, who is a talented person and has also studied in the U.S. He will be saved if he goes out. It doesn't matter whether your daughter is elevated or not. After all, our two families are planning to get married."

Hu Hua's face was thick-skinned like the city wall, and his words were full of words about how good his son was. It felt like Zhang Wanqiu married his son Zhang Jiaopan.

On the side, Zhang Shengquan was shaking his hand holding the wine glass, panting heavily, his face was hard to see to the extreme, he didn't expect his distant cousin to say such brazen words.

After alleviating the emotions in his heart, Zhang Shengquan said in a calm and indifferent way: "Since you think my daughter is climbing up high on you, then you don't have to talk about this marriage again!"

His Zhang Shengquan's girl, the Zhang family's eldest lady, are very top-notch existence in terms of appearance, talent and cultivation, but they are said to be worthless in Hu Hua's mouth. That is his pride, how can he not be angry!

Hu Zhiwen on the side hurriedly said, "Uncle, even though my sister Wan Qiu is from this small place, I don't dislike her. My sister Wan Qiu is so good-looking. After I get married, I will definitely love her well!"

People in small places? Don't hate her?

Zhang Shengquan was immediately smirked. If it hadn't been for the cultivation of his childhood that caused him to lose his temper, he would have wanted to lift the table and hit someone!

Now that Yu Sheng is here, can't let Yu Sheng watch their jokes, right? Zhang Shengquan stabilized his mind and found an excuse at will.

"Marriage matters are naturally not so casual. Besides, my daughter already has someone she likes." Have someone you like?

When Hu Hua heard these words, his face was visibly bleak. He had planned before, that his son successfully married Zhang Wanqiu, and then the entire Zhang family belonged to him. How could he let all of this be defeated?

"Marriage has always been the order of your parents. As long as your cousin disagrees, it's okay. Besides, is it reliable for others to have their own relatives? What if that person is wrong in the future and abuses her? Or It's reliable to marry Zhiwen!" Hu Hua said flatly.

Zhang Shengquan didn't think that this Hu Hua would be so difficult. He didn't agree. Could it be that he would forcibly marry his daughter to her son?

Zhang Wanqiu was also irritated by the Hu family and his son. A pretty face flushed red. If she listened here, she would be mad to death. She found an excuse and went to the bathroom. .

For the rest of my life, who had not spoken, watched all this quietly, never interrupting. After all, this was Zhang Shengquan's family affair, and he was not easy to take care of as an outsider.

At this moment, Zhang Shengquan got up from the chair and came to Yu Sheng's side. He pointed to Yu Sheng and said to Hu Hua: "This is the person my daughter likes. I think it's very reliable!"

Chapter: 1082

At this time, Zhang Wanqiu also came back from the bathroom. Hearing her father said something like that, she felt like her most secret secret. She was told in public. She flushed her face and turned red, and she secretly glanced at it. For the rest of my life, I wanted to see how he reacted.

At this time, Yu Sheng had a dumbfounded look. He didn't even think that he had become Zhang Shengquan's shield.

I am afraid that Yu Sheng will be angry with oneself, after all, what is the difference between offending a character like Yu Sheng and looking for death! The reason why Zhang Shengquan said so was also short-circuited by the two popular minds of the Hu family.

Zhang Shengquan turned Hu Hua's back on his back, looked at Yu Sheng with an imploring expression, and whispered: "Master Yu begs you to help me this time, this family is really too advanced!"

In any case, the Zhang family is also a big family in Qiancheng. People have lowered their attitude and begged for help. The rest of their lives is not easy to refuse, so they nodded slightly.

"Cousin, I always think you are a smart person. How can you make Late Autumn play friends with this kind of person? This guy also looks a little better and has a little white face. How can he compare to my son?" Hu Huazhen is so angry Said.

As he spoke, he pulled his son to the front and patted Hu Zhiwen on the back, as if a salesperson was selling a product.

Others have forced themselves to this point. Even if Zhang Shengquan's temper is good, he can't stand it. What's more, Hu Hua said that Yu Sheng is a little white face. Master Yu is the benefactor of their family. How can people be so defiled?

Zhang Shengquan's face sank suddenly, and he said to Hu Hua angrily: "The person I like is naturally comparable to people who are not a mess, and it is impossible for our two families to kiss Japan. If you want to If you think about what you shouldn't think about, I advise you to accept it. It's for the sake of relatives, and I don't care about you."

Seeing Zhang Shengquan's anger, Hu Hua naturally couldn't go too far, and quickly lost a smile and pressed Zhang Shengquan back to his seat.

With a flat face, he said: "Cousin! How can you say that? After all, our two families are also relatives. I also do it for your own good. I can't let the beautiful girl in late autumn marry a trash!

Take a closer look at how this young man doesn't look like someone doing big things. Maybe he will abuse Late Autumn in the future! "

Hearing this sentence in Yu Sheng's ears immediately became unhappy, so he asked, "You said I'm not a big business person, so are you?"

Hu Hua patted his chest proudly, and said proudly: "That's natural, but I do business in the big city of Haicheng, and I have a billion in assets!

Looking at you like this, maybe you are still working for someone else, right? Busy day from morning to night, only two or three thousand yuan a month, how can a poor man like you be worthy of late autumn? "

Although Hu Hua said he did business in Haicheng, he has been tepid, and his total assets may be less

than 100 million. To say that he has assets of 1 billion is completely bragging. After all, bragging is not responsible.

"I don't deserve it, I just like it myself. Doesn't this have anything to do with you? Besides, do you know Yu Sheng? His status is not something you can think of." Zhang Wanqiu said unconvinced.

She is really unpleasant to see the Hu family and his son. Can't she understand why there are such relatives in her family?

Hu Hua curled his lips in disdain. In his eyes, he never took the rest of his life seriously. He asked incomprehensibly: "Late Autumn, I know you love face, but there is no need to lie like this! You see that there is a sense of poverty all over his body, how could he be a big man?"

Zhang Wanqiu is not convinced, others can look down on him. But you can't look down on the rest of your life and simply tell Hu Hua the truth.

"He is the chairman of the Four Seas Group that you have always wanted to meet and have always wanted to curry with, do you understand now?"

Chapter: 1083

"How could he be the chairman of the Four Seas Group? Didn't he say it before, it's just the same last name!" Hu Hua said.

Yu Sheng had said it himself before, he was just the same surname as the chairman of the Sihai Group. The reason why Zhang Wanqiu said this was definitely a matter of face.

What more Zhang Shengquan had to say, Hu Hua immediately became unhappy, and shouted at this Shengquan: "Cousin! I still liked the late autumn kid before, but I never thought that she was so educated, you just heard that Did he speak to me in a tone? Is this the attitude to the elders? The most important thing is to lie!"

If she were not the only daughter of the Zhang family, he would never let his son marry such a naive woman! Thinking of this, Hu Hua looked at his son with satisfaction.

Zhang Shengquan was already very ugly by Hu Huaqi's face. He kept sitting there and stuffed his mouth with vegetables, even if there was a table of delicacies in front of him, but when he ate it in his mouth, it was like Chewing wax is generally dull and tasteless.

If it weren't for Yu Sheng to stop telling him, he really wanted to tell the truth, and slapped his distant cousin in the face, who is the distant cousin? The thought of being relatives with this kind of person made Zhang Shengquan feel annoyed for a while.

Seeing that Zhang Shengquan ignored his Hu Hua and didn't feel embarrassed, since there was no way to continue this topic, he wouldn't have to force it.

When the time comes, spend some money casually, ask a few people to give Yu Sheng a meal, threaten him not to be with Zhang Wanqiu, like Yu Sheng's kind of poor, maybe run away in a fright.

Hu Zhiwen didn't know Hu Hua's intentions, and came to Hu Hua's face with a bitterness, like an aggrieved child, and said pitifully: "Dad, late autumn sister he doesn't like me and I like it. What do people do?"

Hu Hua tilted his head and whispered to his son: "Don't think about it so much, your dad has already noticed in my heart, you can just eat with your belly open now. The delicacies of the mountains and seas on this table, don't eat and waste too much!"

When Hu Zhiwen heard this, he was relieved a lot. He hadn't had any ideas since he was a child. He always listened to his dad. What his dad said was what he said. His dad asked him to let go of his belly to eat. Then he didn't bother to think so. too much.

A table of delicacies and delicacies was something he hadn't dared to think of before. It must be expensive to death. It would be a mistake to listen to Dad's food.

There was no one talking in the private room. Hu Hua and his son completely let go of themselves, and stuffed them with the delicacies of the mountains and seas on this table. The two people's stomachs were swollen, and they simply took them out of their pockets. A plastic bag began to contain medicines. The appearance of his father and son is simply enough to reorganize the three views of the people present, Zhang Shengquan has already lowered his head in shame, and has no face to look at Yu Sheng. If he was given another chance, Zhang Shengquan would say nothing to see his distant cousin, maybe he wouldn't have to be so embarrassed in front of Master Yu.

Huhua's bag was already full of food, and found that the people around them looked strange, so he smiled and said, "I think you don't move your chopsticks much anymore. I thought you were full. Many, I look at the strange waste, so I took these vegetables away on my own terms. It is not easy for the uncle farmer to save food."

After the dinner, the party broke up unhappily. Hu Hua didn't even see the chairman of the Four Seas Group, but it was satisfying to have a full meal.

Zhang Shengquan said to Yu Sheng, he asked the driver of Zhang's family to send Yu Sheng back, and Hu Hua and Hu Zhiwen came out again!

Chapter: 1084

"Cousin, you booked the five-star hotel for me before. I lived with Zhiwen and I was uncomfortable! Besides, we are also relatives. I finally came here from a place as far away as Haicheng. Can't you let me go to your house?"

Besides, those five-star hotels are so expensive! So luxurious, how can it cost tens of thousands of dollars that night? It's not easy for you to make money anymore. If your Zhang family is so big, it is enough to make a room for my father and son, and we will do it."

Hu Hua said awe-inspiringly, his words were actually for Zhang Shengquan, but only he himself knew what calculations he was making.

Hearing this, Hu Zhiwen was immediately unhappy. He didn't understand why his father said that, how comfortable a five-star hotel is! The double bed room with large bath is just like heaven.

"Dad, I'm going to stay in a five-star hotel!" Hu Zhiwen acted like a child with Hu Hua.

Hu Huazheng realized that his son was so unfavorable, he pinched his arm and whispered: "Dad does this for you, so be honest and obedient!"

Hu Zhiwen immediately did not dare to speak, and stood there honestly without saying a word.

"Cousin, you can just let someone clean up two rooms for me. Even if I am your cousin, there is no need to be so luxurious. I believe you will not treat me and Zhiwen badly." Hu Hua said with a smile.

Zhang Shengquan knew that even if he disagrees with Hu Hua, he would find an excuse to follow him, just because he wanted to take some valuable things from his house.

As for this kind of rascal rascal, Zhang Shengquan had no other way but could only bear with it and ignore him, and took Zhang Wanqiu into his car.

As soon as he got in the car, Zhang Shengquan saw from the rearview mirror that Hu Hua and his son really followed, and he sighed helplessly.

Zhang Wanqiu also noticed that Hu Hua's Audi car was following. He was also upset for a while. He looked at his father and said, "Dad, are they really going to live in Zhang's house? I saw them!"

Zhang Shengquan also felt very helpless: "What can I do? I can only hope that they leave as soon as

possible. People like them are the most offensive. If they are torn apart, they may not be able to do anything.

If we run out and talk about our Zhang family's right and wrong, even if it is nonsense, the Zhang family's open voice will be damaged, and the Zhang family's stocks will also be affected. "

What Zhang Shengquan said Zhang Wanqiu could also understand. It was because of this that he became more angry. Is he really going to swallow his anger like this?

Less than a day later, the real grimace of the father and son was exposed, I don't know what other moths will be added in the days to come!

Back at Zhang's house, Zhang Shengquan got out of the car and went back to his room without any reason to Hu Hua. Obviously he didn't want to see Hu Hua.

But the Hu family, father and son, no matter how many talents there are, Zhang Shengquan didn't arrange rooms for them. Hu Hua took the initiative to order his servants to arrange two of the best rooms for them.

At twelve o'clock in the night, Hu Hua, who was sleeping on the bed, suddenly opened his eyes, digging out something from his own bag, and then a sly smile flashed across his face.

He took the things, put on his clothes and went to Hu Zhiwen's room. At this time, Hu Zhiwen was sleeping Zhengxiang, and he was suddenly awakened. There was a fire in his heart, but he was curious when he saw the visitor clearly.

"Dad, you don't sleep in the middle of the night, why did you come to my room?" Hu Zhiwen rubbed his sleepy eyes and said vaguely.

Hu Hua hated iron and steel, knocked on his son's head, and said, "You have no brains, can it be that I can't live in a comfortable five-star hotel. I really came here to give them. Does the Zhang family save money?"

Hu Zhiwen was still confused and didn't know what his father was talking about. He curiously asked, "Dad, what's wrong with you?"

As soon as the words fell on Hu Zhiwen's head, he took another hit, so that he covered his head directly, for fear that his father would hit him again.

If one more person saw this scene at the scene, he would not have thought that Hu Zhiwen was already a twenty-eight-year-old person, and his behavior would be the same as that of a minor.

"Of course it was to win Zhang Wanqiu, who is so beautiful, and she is the only child, how could a waste take advantage of it?"

Hu Hua said that there was a burst of anger, and he didn't think that his cousin was so far-sighted, and Zhang's family could definitely thrive in his hands.

Hu Hua took out something and handed it to Hu Zhiwen's hand and said, "You take this thing and secretly go to Zhang Wanqiu's room and cook the uncooked rice for mature rice!"

Chapter: 1085

This thing was bought by Hu Hua from the sidelines. The business has been sluggish and it is all bad news. Hu Hua has been busy and has no time to use it, so he kept it forever. It happened to be used by his son today.

Although Hu Zhiwen was dumbfounded, he also knew that if he did not take the initiative, his beautiful cousin would be snatched away by other men.

"Dad, wait for my good message, I will definitely take down the cousin!" Hu Zhiwen held the contents in his hand tightly, and he opened the door of the room with ambition and walked out.

Seeing his son finally being a man, Hu Hua smiled on his face, remembering something he took out his cell phone from his pocket and made a call.

As soon as the phone was connected, Hu Hua said, "Hey, what's going on with you? I'm an old acquaintance in Qiancheng. You have to do this for me beautifully."

"Don't worry about Lao Hu! I asked someone to check the photo you sent over before. It's called Yu Sheng, right? He was the son-in-law of the Yang family before, and he was just a waste of soft rice, meaningless!" The man on the phone. Said very positively.

After hung up the phone, Hu Hua looked disdainful. After a long time, he was just a damn son-in-law, a wimpy eating soft rice, and his cousin's vision was really bad!

Just waiting for his son to cook the uncooked rice tonight, he said that Zhang Wanqiu seduce his son. If Zhang Shengquan still disagrees with Zhang Wanqiu marrying Zhiwen, he will publicize the matter and let Zhang Wanqiu not marry him. go out!

Hu Hua's heart was thrilled at the thought of this, and he coaxed Xiao Qu'er to go back to the room to sleep, waiting for his good news tomorrow.

.....

Bang bang bang!

The rapid knock on the door awakened Zhang Wanqiu in his sleep, and opened his eyes depressed.

Zhang Wanqiu asked loudly in the direction of the door of this room: "What's the matter in the middle of the night, I'll talk about it tomorrow!"

Zhang Wanqiu was lying on the bed again, and the sound of knocking on the door was heard as soon as the quilt was covered, and Zhang Wanqiu was upset by the noise.

Anxious, Zhang Wanqiu put on his slippers to see who was so annoying and kept knocking on the door, and he must be a good lesson.

As soon as he opened the door of the room, Zhang Wanqiu saw Hu Zhiwen standing at the door. He had an opinion on him during the day, but now he is knocking on the door here in the middle of the night. Of course Zhang Wanqiu has no good temper, so he opened his mouth and wanted to say. Two sentences.

As soon as he spoke without saying anything, Hu Zhiwen took something and sprayed it on Zhang Wanqiu's face.

Zhang Wanqiu subconsciously turned her head, but it was still too late, her face was sprayed with inexplicable water, and the water still exudes a strange smell.

"What did you just spray on my face..." Before the words were finished, Zhang Wanqiu felt that his head turned around and he couldn't stand still, and his consciousness slowly became confused.

Seeing this, Hu Zhiwen pulled a smile at the corner of his mouth. It seemed that his father didn't lie to him. This thing is really a good thing.

At this moment, Zhang Wanqiu's body swayed from the left to the right, unable to exert his strength, Hu Zhiwen showed a smirk on his face and directly hugged Zhang Wanqiu into his arms.

With a tender body in his arms, Zhang Wanqiu exudes a faint virgin fragrance, which seduce the evil fire in Hu Zhiwen's lower abdomen.

Zhang Wanqiu subconsciously felt that she was being held in her arms by Hu Zhiwen. She wanted to scream, but she couldn't scream like a ball of cotton stuck in her throat.

The scene in front of him seemed to be separated by a water wall, Zhang Wanqiu finally resisted the strong medicinal effect and lost consciousness.

Chapter: 1086

“The boss, the boss, is this kid, exactly like the person in the photo.” A yellow hair pointed at a man standing smoking in an uncomfortable place and said to the boss in the car.

A man got in and out of the car. He was in his fifties. The man had a dark skin with a beer belly and a big gold chain around his neck. He was nicknamed Tiger Brother! He was the one who talked to Hu Hua on the phone before.

Pointing towards the little brother, Brother Tiger really saw a young man in his twenties. The man’s profile was exactly the same as the photo Hu Hua sent him on his phone, and he was wearing the same clothes.

Originally wanted to find someone to find out where is Yu Sheng’s wretched waste now? Unexpectedly, when I came across here, I really couldn’t find a place to go through the iron shoes.

“Hey, who really is this kid? He looks like a little white face. I have brought more than a dozen brothers this time! I might be able to kill this kid directly. !” Brother Tiger said with a smile, he is happy to be able to run into that kid here!

After extinguishing the cigarette butt in his hand, Yu Sheng looked in the direction where Brother Tiger was. He just walked out to relax, unexpectedly meeting someone who wanted to trouble him.

You don’t need to think about it for the rest of your life. These people may have Hu Hua invited over to deal with him, just some small gangsters, but they didn’t care about it for the rest of their lives.

What’s more, he is not the only one who came out for a walk this time!

The group of punks were quick enough to move their hands, and the rest of his life was surrounded in the blink of an eye. Brother Tiger walked out of the group of punks and stared at the rest of his life swayingly.

“It’s your kid who offended Hu Hua. Did you know that he is my Tiger brother’s friend? A wimp who eats soft food and stays at home, but he came out to find death!” Tiger brother said and hammered his fist in Yu Sheng’s chest. After two times, he didn’t put the rest of his life in his eyes.

Yu Sheng pulled off Brother Tiger’s hand, and said with a smile: “I don’t know Brother Tiger, but I think you leave as soon as possible, otherwise you might kneel down and beg me to let you go!”

“Hey, let me go, are you so arrogant as a kid? With your small body, I can beat you up with a single punch, please? Is your head funny?” Brother Tiger said Haha laughed, as if he heard the most ridiculous joke in the world.

This wimpy family who eats soft rice is so good at boasting, so he is not afraid that the boasting is too big, and he will kill himself!

Brother Tiger laughed at his group of men and laughed loudly, thinking that what Yu Sheng said was very ridiculous.

This is their boss tiger! As for the dozens of brothers under his hand, the seemingly weak kid who said this is just looking for death.

For the rest of his life, he didn’t care about their ridicule. He was completely capable of dealing with these young people, but now he has just reached the realm of a great master, he still has no way to accurately grasp the strength, a small matter, that’s how to kill people by mistake. It’s not worth it.

Taking a look at the time on the watch, Yu Sheng said: “This time is coming soon, are you sure you don’t leave?”

Hearing what Yu Sheng said, Brother Tiger felt baffled for a while, thinking that this kid must have been scared stupid by so many people with him.

Not planning to waste too much time with Yu Sheng, Brother Tiger ordered his little brother in the dozen or so: “Why are you still stunned? Get on! Let’s go drink if you are half disabled!”

As soon as he heard this, his dozen or so punks were gearing up, and they were about to clean up the rest of their lives.

At this moment, someone patted Brother Tiger's shoulder, saying that Tiger's ass was untouchable. Brother Tiger still minded others patting him on the shoulder, and felt that he was the boss and disrespect him.

He grabbed the man's hand and turned his head angrily, thinking about swearing at the man, but when he saw the person standing behind him, he was dumbfounded!

Chapter: 1087

"Brother Fei?" When it was clear that the person was Du Fei, Brother Tiger's tears of excitement flowed out. She looked like a star-chaser girl who saw her idol and couldn't control the excitement in her heart. The person in front of you is Du Fei! The king of the underground forces in Qiancheng is the idol in the hearts of these little gangsters, and they all want to be men like Du Fei.

"Brother Fei, why are you here? Did you come to me on purpose? If you want me to be your little brother, I am willing to be one hundred and ten thousand!" Brother Hu thinks that Du Fei's reason Being able to appear here must be because he wants to accept himself as his little brother.

Snapped!

Brother Hu was slapped all over his face, and his face trembled horizontally. Because of his strength, two teeth were knocked out.

Brother Tiger has a blind face! I don't even know why Du Fei wanted to beat himself. How could he not offend such a big person by a small gangster on the street?

Brother Tiger, who wanted to attack Yu Sheng, also noticed that there was a problem here. When Du Fei had just seen that Du Fei had beaten their boss, no one dared to stand up and help their boss.

"You just said you want to maimed someone? Come, you say it again and I'll listen!" Du Fei asked with a calm face like Brother Tiger, and deliberately stuck his head to Brother Tiger's ear.

Brother Hu, no matter how stupid he was, understood that the reason why Du Fei slapped Du Fei might be because he was going to fight for the rest of his life.

After swallowing, Brother Tiger asked with trepidation, "Brother Fei, did you admit the wrong person? What I want to fight is just a wimpy eating soft rice. How can this kind of person know you?"

As soon as Brother Tiger's words fell, he was slapped again. This slap was even harder than the last slap, and Brother Tiger's fat face was directly swollen.

"Fuck, the person you are going to beat is my brother, and the fuck you want to beat my brother? You guys are really courageous!" Du Fei said, kicking Hu Ge's beer belly. Kick him directly for more than a meter.

Du Fei took a sigh of foam at the tiger brother, and said to the dozen or so gangsters: "Come here, I want to see who else dares to beat my brother. If you want to beat my brother, please clean me up!" The little gangsters looked at each other, all of them were not able to speak but were afraid of it. The wise ones knelt in front of Du Fei and began to apologize. One started, and the others started. There are also ways to learn.

"Brother Fei, we were wrong. We just listened to Brother Tiger's orders. Don't be angry with me!"

"Brother Fei, I really don't know that it is your brother. If you know it, you will be respectful!"

"Brother Fei for your life, Brother Fei has nothing to do with me. Brother Tiger ordered us to do this."

Those little gangsters all knelt on the ground, crying for mercy. The lord in front of him was Du Fei. If he offends such a person, breaking his arms and legs is a trivial matter. The most important thing is that he

may not even have a small life. Yes.

The kicked Tiger Brother crawled over on his knees, crying and begging for mercy just like those punks.

He took the lead in this matter. If Du Fei gets angry, there will be no one like him in this world.

“The one you offended is not me, but my brother!” Du Fei pointed to Yu Sheng and said.

I have to say that on weekdays, in front of Yu Sheng, Du Fei has a straight line, talking and laughing close to Pingyi, and sometimes even some chicken thieves.

But if something happens, the aura spreads, the identity of the underground king is simply well-deserved, and the aura alone can scare ordinary people into fear.

Brother Hu and those little gangsters hurriedly knelt before Yu Sheng. Brother Hu took the lead to beg for mercy: “Big brother, I know I was wrong, please don’t care about me? It’s all Hu Hua’s bastard please. I’m here, this matter has nothing to do with me, otherwise I won’t be able to offend you!”

It was really Huhua, exactly the same as his guess.

Yu Sheng put his hands in his pockets, with a playful smile at the corner of his mouth and said to Brother Tiger: “I reminded you before! You didn’t listen to me. Kneeling and calling me grandpa twice, I won’t care about you!”

I did say this for the rest of my life, but the tiger brothers at that time didn’t take it seriously, and now they really regret it.

But when I heard that Yu Sheng didn’t intend to blame them, he just let them kneel and call Grandpa. Such a request was like an amnesty for them.

Brother Hu and the group of punks knelt and kept kowtow to Yu Sheng, shouting grandpa in their mouths.

Yu Sheng waved his hand and signaled them to leave before they stood up to thank Du Fei and Yu Sheng and left.

As soon as Brother Hu turned around, he pulled his face off with a brush, took out his cell phone and called Hu Hua. After a long time, no one answered.

boom!

Brother Hu directly slammed the phone to the ground, and smashed it to pieces. He cursed angrily: “His grandma, Huhua, this dog dare to punish me, don’t let me touch it, otherwise you have to That kid can’t be chopped!”

Chapter: 1088

The Zhangjiazhai was quiet at night, and a few insects could be heard in the garden. The rest of the house was quiet and terrifying, almost audible.

The door of everyone’s room was closed, only Zhang Wanqiu was ajar. Through the crack of the door, you could see that the light in the room was still on.

At this time, Hu Zhiwen put Zhang Wanqiu on the bed and looked up and down Zhang Wanqiu with his small eyes.

Now that it’s the late summer season, Zhang Wanqiu is wearing a pajamas made of white silk, and his graceful figure is shown vividly and vividly like a work of art.

Hu Zhiwen trembling hands wanted to untie Zhang Wanqiu’s clothes, and couldn’t wait to have something to happen to this beautiful beauty.

Just as his hand was about to touch Zhang Wanqiu, a voice suddenly broke the calm room.

“Sister, you didn’t sleep at night, what are you doing?” Zhang Daoyi knocked on the door and asked inside the room.

Hu Zhiwen, who had never done this kind of thing, was frightened. He didn't dare to speak and went straight into a cabinet. He hid in the cabinet and trembled. He wondered why someone would show up at this late hour.

Zhang Daoyi heard that there was no movement inside, but the door was still open, out of curiosity or courage, he walked in, saying: "Sister! I'm here!"

Still no one answered, Zhang Daoyi thought that even if his sister fell asleep, he should wake up with such a loud voice!

Entering the room, Zhang Daoyi saw Zhang Wanqiu lying on the bed, wearing pajamas and even the quilt without a cover. Obviously, it didn't look like he was asleep, but he was fainted.

Zhang Daoyi thought of the possibility that there must be someone else in the room, so he began to scan around to see if there were anyone hiding.

When he saw the closet, Zhang Daoyi's eyes narrowed. The only place that can hide people is this place, not to mention that the closet is still trembling slightly, and he doesn't believe that there are people in it.

boom!

Zhang Daoyi didn't know who was hiding inside, so he didn't dare to inspect it easily, and kicked directly on the closet.

The strength of this foot is not light! Hu Zhiwen inside was kicked so badly that he almost fainted, and the door of the closet was also kicked off by Zhang Daoyi.

"Cousin Hu Zhiwen, why are you here?" Zhang Daoyi looked at Hu Zhiwen who was in the cabinet holding his stomach and yelling in surprise.

"I...I..." Hu Zhiwen dodged his eyes from side to side, stammering for a long time without knowing what to say, and finally pushed Zhang Daoyi away and ran out, covering his face.

When the duck with its mouth flew away, and was hit by someone, Hu Zhiwen was panicked and could only run to Hu Hua's room to ask for help.

"Dad, let's feel let's go!" Hu Zhiwen opened the door and yelled at Hu Hua who was sleeping on the bed. He looked back from time to time to see that someone was catching up.

Hu Hua opened his eyes. He had just woke up so much, why did his son come back so soon?

"What happened? Why did you panic? Could it be that someone discovered it?" Hu Hua asked worriedly.

Hu Zhiwen nodded heavily and told Hu Hua what had happened in Zhang Wanqiu's room.

"It's over. The Zhang family must not keep us when this matter is discovered!" Hu Hua said that he hated iron and made steel and knocked on Hu Zhiwen's head severely.

"You incompetent son, if you ask you to do this, you can't do it, forget it!" Hu Hua sighed and saw the antique vases in the room, and then ordered Hu Zhiwen. : "Hurry up, take as much as you can pick the expensive ones!"

Hu Zhiwen nodded, and the father and son began to pack everything from the room before into their luggage. In the end, they couldn't fit it. Then they just let it go and decided to wipe the soles of their feet.

At this moment, the door of their room was kicked open.

Chapter: 1089

"Second Uncle, it was Hu Zhiwen who ran into my sister's room without sleeping most of the night, and my sister was still lying in bed unconscious, it must be his ghost!" Zhang Daoyi pointed to Hu Zhiwen and

said to Zhang Shengquan.

At this time, Zhang Shengquan had clearly seen the border in the house where the Hu family and his son planned to run, and his eyes narrowed dangerously.

Seeing that they were relatives before, Zhang Shengquan tolerated them many times. He didn't expect this father and son to be so prosperous, and even use this kind of abuse to damage his daughter's reputation.

"Hu Hua, should you give me an explanation!" Zhang Shengquan looked at the two angrily, and questioned with the majesty of the head of the family in his voice.

Seeing that Zhang Shengquan stopped calling his cousin, Hu Hua also knew that he was really angry when he moved, and for a while he didn't know how to rectify this lie.

As soon as Hu Zhiwen saw so many people, he knew that he was here to catch them. He stepped back two steps nervously, and finally sat on the ground. The antique vase in his backpack fell out and fell to the ground. Smashed.

"You not only attacked my sister's idea, but even dared to steal things from our Zhang family. It's too much. How can our Zhang family have relatives like you?" Zhang Daoyi was really out of anger. What shit relatives!

Zhang Shengquan can't stand it anymore, the mud bodhisattva still has three points of fire! Zhang Wanqiu is his only daughter, and now that he has touched his negative scales, naturally he will not let them go so easily.

"Find out all the things from the Zhang family from these two people, beat them and throw them out, they will no longer have a relationship with my Zhang family for half a dime!" Zhang Shengquan ordered to the subordinates of the Zhang family.

"Second uncle, you don't know. If I come a step late, maybe I will let the guy Hu Zhiwen succeed. Fortunately, I showed up in time so that my sister is not harmed." Zhang Daoyi saw that the matter was over and began to exaggerate. Proudly ask Zhang Shengquan for credit.

Zhang Shengquan nodded a bit. This incident was discovered by Zhang Daoyi in time, otherwise his precious daughter would be defiled by Hu Zhiwen's waste.

"Just say what you want!"

Upon hearing this, Zhang Daoyi immediately became excited, rubbed his hands and said in a negotiating tone: "Second uncle, I recently fell in love with a Lamborghini. It's super handsome. My dad thinks it's too expensive for me to buy..."

Zhang Shengquan naturally understood what Zhang Daoyi meant, and directly handed him a card, and then left with a faint smile on his face.

Zhang Shengquan, who was able to get rid of that Hu, was naturally refreshed, and the originally depressed mood was much better.

.....

Yu Sheng was sitting in his office looking through the files of the Four Seas Group. Hearing what Xia Jun said, he put down the files in his hand and asked, "Who is looking for me?"

"Yu Dong has two people outside. To tell the truth, relatives of the Zhang family want to negotiate a contract with you. This kind of messy people don't want you to be upset.

But these two people have something to do with a friend from Haicheng. If Yu Dong doesn't want to see him, I will blast them out!" Xia Jun said.

The relatives of the Zhang family came to him, thinking that Yu Sheng's lips raised up, and the husband and son of the Hu family only found someone to beat him last night. It is really interesting to look for

him again today.

“Let’s go and meet!” Yu Sheng stood up and walked to Xia Jun’s side, patted him on the shoulder and said, “Your Haicheng friend is unfair to others!”

Xia Jun was taken aback for a moment, and he couldn’t figure out why Yu Sheng said that, but when he recalled the father and son he met at the gate of the Sihai Group, he understood a little bit in his heart. No longer thinking about it, Xia Jun quickened his pace and followed Yu Sheng.

Chapter: 1090

“How did you kid get into the Sihai Group?” Hu Hua, who was waiting for the chairman of the Sihai Group, saw the difference that Yu Sheng actually appeared in the Sihai Group.

As soon as his voice fell, he saw that Yu Sheng was still following Xia Jun, he knew Xia Jun! The chairman of the former Sihai Group is now also the person in charge, and his identity is certainly needless to say, but the Sihai Group is an existence of more than 10,000 people under one person.

Hu Hua saw Xia Jun immediately put away the silly look, and asked with a flattering look: “Mr. Xia, Chairman Yu is free? When will you meet me?”

Xia Jun glanced at Hu Huaneng who was talking, but respectfully looked at Yu Sheng and said:

“Chairman, these are these two people. They have to meet you and say they want to negotiate a contract with the Four Seas Group.”

Yu Sheng nodded and smiled: “Okay, I see, these two people are my old acquaintances! Yesterday we had dinner together, and this big brother Hu also specially invited a few people to send me. One of them is called Brother Tiger.”

boom!

Hu Hua only felt that there was a burst of thunder in his head, and it was impossible to think about the explosion of his head.

The young man in front of him turned out to be the chairman of Sihai Group? In Hu Hua’s eyes, he wasn’t just a pauper, and he mocked a few times.

It seems that everything Zhang Wanqiu said before is true. He is really the chairman of the Sihai Group.

Hu Hua didn’t know what to do for a while.

Unknowingly, he offended such a big man, and even knew for the rest of his life that he secretly invited people to fight.

Talking about work will definitely be impossible. Hu Hua’s forehead was sweating, and his legs were trembling constantly.

“Yu... Chairman Yu has misunderstood. I don’t know what is called Brother Tiger. You must have made a mistake. You have offended you when you were in the hotel before, so don’t take it to your heart!”

Hu Hua felt that as long as he didn’t admit the account, he didn’t do the matter. Then he would apologize to Chairman Yu. Maybe people really didn’t care about it.

Hu Hua’s reactions were all within Yu Sheng’s expectations. He smiled and said, “It’s a coincidence! You said you didn’t know Brother Tiger, but Brother Tiger said he knew you! Just now I I called to let him know, maybe it will be there in a while.”

Hu Hua didn’t know what the rest of his life was going to do? But the relationship between him and Brother Hu is quite good. The two people are considered to have had very affectionate brothers. When the time comes, give him a wink and let him accompany him to perform the show.

Thinking of this, Hu Hua was also very confident in his heart, completely relaxed, and began to talk about cooperation with Yu Sheng.

“Yu Dong, I am in Haicheng, but I am a person who has done big business. This time I am looking for you to cooperate with me to make you an investment. I saw a project over there that is particularly profitable. You only need to invest in one. Billion, leave the rest to me, and you are guaranteed to triple in a year.”

Hu Hua was spitting out his mouth, and he was very ambitious to talk to Yu Sheng about his tirades, and the words were wise. Anyway, as long as Yu Sheng invests in him, the next richest man in the world is Yu Sheng.

“I heard that Big Brother Hu has more than one billion people at the dinner. How could he send me this one billion?” Yu Sheng looked at Hu Hua with a joking expression, wanting to see what he said.

Hu Hua looked ashamed, and quickly waved his hand and said: “That Yu Dong, I can’t bear your words, Big Brother Hu, you just call me Xiao Hu.

As for the one-billion-dollar property that was recently frozen in a small accident, I still want you to invest, let alone make money together!”

Yu Sheng thought about it, and said after a moment: “Brother Hu just heard what you said but was very interested. Since there can be three times the return, then I will invest 5 billion!”

five billion!

After hearing this number, Hu Hua’s stared-eyed boss stood up from the sofa, dancing with excitement, and couldn’t believe it was true.

“Five billion, the chairman of the Four Seas Group is really big, five billion! Thank you so much for your trust in me.” Hu Hua was so excited that he grasped Yu Sheng’s hand and shook it heavily.

Even Hu Zhiwen, who made Yu Sheng a rival in love, is full of joy! Thank you very much for the rest of your life.

Xia Jun behind Yu Sheng was a little confused. He didn’t understand what his chairman was going to do. A discerning person knew at a glance that these two people were unreliable! You have also invested 5 billion for them.

At this moment, more than fifty or sixty people came in the door of the company of the Four Seas Group, and the company’s security did not stop them but let them in.
