

Dont mess 111

## Chapter: 111

Everyone just wanted to see the rest of their lives being beaten into pigs.

He didn't think that when Hu Daokun had just started his hand, Yu Sheng's collar was sealed by Yu Sheng, and he lifted it up into the air with ease.

At this moment, the whole scene was silent.

Even Hu Daokun himself was dumbfounded. He was lifted in the air by Yu Sheng. He didn't know how Yu Sheng made the move. His eyes were full of horror.

"Is this the so-called black belt master?" Yu Sheng looked at Hu Daokun sarcastically.

Hu Daokun was very angry and shouted: "If you fucking have a seed, let me down, let's fight it upright!"

"Not satisfied?" Yu Sheng sneered.

"You fucking cheat, of course I don't accept it!" Hu Daokun said angrily.

He is a dignified black belt master, he really doesn't believe that he can't beat Yu Sheng this soft-footed shrimp.

The reason why Yu Sheng was mentioned was that he himself had just taken care of it. In addition, Yu Sheng's force was indeed very strong, so he immediately started to speak.

As long as Yu Sheng dares to let him down, he will make Yu Sheng a pig head.

"Okay, I'll give you a chance." Yu Sheng smiled, and when he let go, Hu Daokun fell to the ground.

"You fucking die for Lao Tzu!" Hu Daokun stood still and blasted Yu Sheng's face with a punch.

This time, he exhausted all his strength and vowed to punch this waste for the rest of his life.

"Snapped!"

But when his fist was a few centimeters away from Yu Sheng's face, Yu Sheng shot with lightning and slapped Hu Daokun's face with a slap.

For the rest of his life, this slap was hard enough. Hu Daokun's one hundred fifty or sixty kilograms of body was slapped away by him and hit the ground fiercely.

boom!

Everyone trembled with fear in their eyes!

This is too cruel!

Hu Daokun was slapped away with a slap. How powerful is Yu Sheng's hand!

Xu Qianqian, who had been watching the show next to him, also widened his eyes.

She always thought that Yu Sheng was just a rubbish, and she didn't have a good face for Yu Sheng.

Unexpectedly, Yu Sheng was so fierce that he could beat the black belt master Hu Daokun with no strength to fight back.

This guy is not as unbearable as he imagined!

At this time, Hu Daokun only felt his brain roar, and the Venus appeared in his eyes.

However, he should feel fortunate that the focus of the slap for the rest of his life was not on his teeth, or not only the force of the slap, at least two of his dies had to be removed.

Hu Daokun stood up swayingly, his eyes were both anger, fear and unbelief.

This time, he no longer doubted Yu Sheng's strength.

But he couldn't believe that a soft-footed shrimp was so terrifying that even his black belt master could not fight back!

"Yu Sheng, wait for me, this Liang Zi Lao Tzu took it down!" Hu Daokun's face was lost, and he let out a cruel remark, and wanted to escape the scene.

"Don't rush away."

Yu Sheng stretched out his hand to stop Hu Daokun, and said with a smile, "Just now, I seem to have said it, let's bet, we must be willing to lose."

Yu Sheng turned his head and took a look, put it aside, the plates full of pastries.

He suddenly realized that for the rest of his life this was deliberately playing with himself!

"Who do you think you are?"

Hu Daokun said coldly, "What qualifications do you have, talk to me!"

He didn't want to admit it.

If he eats these pastries today, he won't have to mix them in front of his classmates in the future.

Besides, it is impossible for him to finish eating those cakes.

The rest of his life smiled.

The momentum in the whole person's eyes changed, those eyes were staring at Hu Daokun, like a beast staring at his prey.

"I don't know what it is, but if I say something, I must do it!"

"What do you want to do?"

Seeing the momentum in Yu Sheng's eyes, Hu Daokun couldn't help but sink in his heart, and immediately shouted, "You dare to do it to me!"

"Snapped!"

For the rest of his life, he was not the slightest polite, raising his hand was a slap.

At this moment, Li Kai ran out, and when he saw this scene of Yu Sheng, he suddenly lost control of his emotions!

Seeing Li Kai coming out, Yu Sheng thought about it, but spared Hu Daokun.

After all, today is the happy day for Li Kai's new store to open, and he is too embarrassed to make it easy.

"Hu Dashao, as a human being, the most important thing is to be credible."

Yu Sheng said lightly, "Today, for the sake of the opening of Li Kai's new store, I will let you go for the time being, but if you think I'm going to be bullied for the rest of my life, just let go, but next time, you won't have such good luck. ."

He released his hand, Hu Daokun's face had turned purple, grabbed a bottle of drink and poured it in, coughing violently...

"Ahem! Ahem!"

It took a long time for Hu Daokun to catch his breath. With the feeling of suffocation just now, he really felt like he was going to die!

Yu Sheng dared to do this to him!

"you you....."

Hu Daokun still has a trace of elegance and demeanor.

His suit was wrinkled, his hair was messy, his face was almost twisted, his belly was bulging, and he was almost dying!

He gritted his teeth, staring at Yu Sheng, trying to say something cruel, but seeing Yu Sheng's eyes, he just couldn't say it.

As if being stared at by a terrifying beast!

That kind of fear comes from deep in my heart, the most primitive fear!

Yu Sheng didn't care about him anymore, but turned around and opened the trunk, took out the blue and white porcelain and walked towards Li Kai.

"Brother, business is booming, everything goes well."

Yu Sheng smiled and put the blue and white porcelain on the table next to it.

"You get out of here, you are not welcome here!" Yu Sheng just turned around and saw Li Kai staring at himself with an angry expression.

It feels like he has hatred of killing his father and taking his wife.

For the rest of his life, he was stunned.

Xu Qianqian and other classmates were also stunned.

I don't know what happened.

### **Chapter: 113**

"You don't know, it was just a few days ago that Li Kai invited Yu Sheng to drink together, and then everyone was drunk. This Yu Sheng took the opportunity to defile Li Kai's girlfriend. It's not as good as a brute!"

Just when everyone looked confused, Gu Jian and Li Kai's girlfriend Du Yue also walked out.

It was Gu Jian who came out to blame Yu Sheng.

Du Yue also yelled angrily: "Yu Sheng, Li Kai treats you as a brother to death, but you forcibly defiled me while I was drunk, doing this kind of thing that humans and gods work together, it's just a beast!"

Hearing the accusations of the two, the other classmates suddenly exploded.

"My grass, Yu Sheng, how can you do such a thing? Are you still a fucking human being you!"

"It's not as good as a pig and a dog!"

"It's wasting Li Kai to treat you as a good brother. As the ancients said, brothers and wives should not be deceived. You are a damn shame to our class!"

Everyone scolded one after another, one by one, if it weren't for the fearful combat power of the rest of their lives, many classmates wanted to step forward and teach the rest of their lives.

"Yu Sheng, you really disappointed me. You were a trash eating soft rice, and you were already very despised. I didn't expect that you were still a beast. Are you worthy of your brother? Are you right?" Xu Qianqian shook his head, accusing Yu Sheng with an angry face.

At this time, the superhero chairman's stalwart figure suddenly appeared in her mind.

When she was treated for her injuries, she was only wearing a small inner inner, and almost all of them were seen by the chairman.

But the chairman of the board not only has clean eyes, but also no evil thoughts arose.

This is the gap!

Although both are named Yu, both are called Yu Sheng.

But whether it's status, character or morality, the rest of my life will be thrown away from this fake rest of my life, one hundred and eight thousand streets!

Xu Qianqian constantly shook her head and sighed, feeling worthless for her friend Yang Zihuan.

Yu Sheng took a deep look at Gu Jian and Du Yue, then looked at the furious Li Kai, took a breath, and said, "You also believe that I did it?"

Among the many classmates, he had the best relationship with Li Kai, and he was usually commensurate with his brothers. He didn't believe that Li Kai would slander himself out of thin air when there was no evidence.

“Who else didn’t you do it? After Li Kai was drunk first, I went out to drink with another friend, but you and Du Yue were still drinking in the private room.” Gu Jian said coldly.

“Do you think I’m completely drunk and unconscious?”

Du Yue looked at Yu Sheng and said angrily: “Although I was unable to resist at the time, I was still conscious. It was you, a beast who was violent to me. I want to wake up Li Kai. You just covered my mouth... ..”

Yu Sheng still looked at Li Kai, but Li Kai’s answer made his heart cold to the bottom.

“What else can you say?”

Li Kai suddenly became excited, tears and anger flashed in his eyes: “I believe you very much, I believe in the brotherhood between us.

But do you know that my fucking wife put a green hat on me. After leaving, I finally found someone I really love, and you gave me another one. Why? Why are you? Why are you doing this to me!”

Li Kai’s mentality collapsed, and he cried like a helpless child.

If it was someone else, he could still muster up the courage to fight the opponent.

But this man is not only his good brother, but also the chairman of Sihai Group.

Can he work hard?

Does he dare to work hard?

“Go away! Take your things and get away! Go away!”

Li Kai shouted helplessly, and some students grabbed the pastry that Yu Shengqiang had fed Hu Daokun before and threw it at Yu Sheng.

For the rest of his life, there was no evasion, and the cakes were allowed to smash on his body, bleeding with heartache.

At this moment, an rs7 drove in and parked beside the Yusheng r8, and Yang Zihuan got out of the car elegantly.

## **Chapter: 114**

Yu Sheng gave her this luxury car and asked her to go to talk business today very smoothly. When she was happy, she came to congratulate Li Kai, and at the same time wanted to pretend to be forced in front of her old classmates.

I didn’t think of getting out of the car, and I saw everyone holding cakes and smashing the rest of their lives.

“Zi Huan, you just came here, look at your husband, you actually did something to tarnish Li Kai’s girlfriend, it’s not as good as a pig!” Xu Qianqian saw Yang Zihuan, and was the first to talk about the rest of his life. Crimes.

“what?”

Yang Zihuan’s heart trembled, it was like a bolt from the blue, and she felt tender inside and outside.

Because Yu Sheng gave her this luxury car today, her attitude towards Yu Sheng has just changed, and she didn’t expect Yu Sheng to do such a thing.

Yang Zihuan became angry at once. Without saying anything, he stepped forward and slapped Yu Sheng’s face when he raised his hand.

For the rest of his life, Yang Zihuan’s thoughts were on Yang Zihuan’s body, and there was no time to react. With a ‘pop’, Yang Zihuan was pumped firmly.

“Beast, go and divorce the marriage today. I, Yang Zihuan, unexpectedly chose you at the beginning. I was simply blinded!” Yang Zihuan shouted angrily.

“It’s not me, I don’t have one!” Yu Sheng defended in a cold voice, cold all over.

“For the rest of my life, I treat you as a brother, and I was blinded by the dog’s eyes. From now on, our affection is like this sleeve, and there is nothing to do with it!”

Li Kai said fiercely, picked up a kitchen knife, cut off half of his sleeve with a single knife, and threw it in front of Yu Sheng.

Cut the robe and cut righteousness!

“Haha, good, good, good!”

Yu Sheng clenched his fists tightly and smiled miserably: “Li Kai, since you are going to be blinded by the villain, and I did the slander, I have nothing to say, don’t you want to cut off your robes? My fucking Complete you!”

As he said, he tore off his left sleeve in half with one click, threw it on the ground, then resolutely turned to his car, hit the accelerator, and went away in anger.

Yang Zihuan frowned when he saw that Yu Sheng actually drove another luxury car today, and the r8 was still more expensive than rs7.

She didn’t believe it. Just as Yu Sheng gave her rs7 today, their chairman bought another r8.

But she is even less convinced that the r8 will be bought for the rest of her life.

For a while, she couldn’t tell the situation.

“Go ahead, I don’t care about your broken gift!” Li Kai was also furious, picking up the blue and white porcelain that was placed on the table next to him for the rest of his life and was about to smash it.

“and many more!”

At this moment, sharp-eyed Gu Jian grabbed Li Kai and snatched the blue and white porcelain that Li Kai was about to smash.

He looked it over and over again and was pleasantly surprised: "This is real blue and white porcelain. It should have been fired in the Song Dynasty. It is worth about two million!"

"What, Yu Sheng actually gave away two million blue and white porcelain!"

Everyone was shocked at once.

Isn't he a soft meal for the rest of his life? Where can he afford such an expensive gift?

Isn't it fake?

"No matter how much he is worth, it was the beast who gave it to me anyway, I just don't want it!" Li Kai insisted on smashing it.

"Are you crazy? This is two million. When did you earn so much money to marry me?" Du Yue scolded.

Gu Jian has studied appraising treasures, and she believes that Gu Jian's vision will definitely not be wrong.

Before Li Kai could react, she snatched the blue and white porcelain from Gu Jian and prevented Li Kai from smashing it.

"Is this really blue and white porcelain from the Song Dynasty?"

Yang Zihuan and Xu Qianqian glanced at each other, and both saw the doubt in each other's eyes.

## **Chapter: 115**

When Yu Sheng waited for the traffic lights, the mood had calmed down.

He opened the car window, took out a cigarette and put it on.

At this moment, the phone rang.

For the rest of his life, he didn't care about it for the first time, but took a mouthful of cigarettes, and then took out to see who hit it.

"Yu Dong, something happened in my house, I want to ask for leave and go back to see!" As soon as the phone was connected, Xiao Zixin's anxious voice came.

"What happened?" Yu Sheng asked.

Xiao Zixin hesitated, and then replied: "My family coaxes ghosts, my mother is already possessed by ghosts..."

"Coax ghost?"

Yu Sheng was a little surprised, is there really a ghost in this world?

"Yes, my family has also coaxed ghosts before. It was only after I asked the Taoist priest to do the ritual." Xiao Zixin said.

"Well, I'm out of the company right away. Come out, I'll go and have a look with you." Yu Sheng said.

The theory of ghosts, evil spirits and evil spirits has a certain relationship with the art of feng shui.

Although he has never encountered ghosts or other evil things, he will look at Feng Shui, and he should be able to tell the name.

The ancient book of Nine Profound Heavenly Scriptures is really comprehensive.

Martial arts, alchemy, feng shui, appreciating treasures, etc., are all-encompassing and have everything you need.

During this period of time, he often studied, although Feng Shui has not been used, but if there are really ghosts, he believes that he can see it.

Xiao Zixin thought that Yu Sheng was afraid of her telling lies, so she wanted to follow her, so she agreed.

There are just a lot of people who come up with ideas.

When Yu Sheng arrived at the door of the company, Xiao Zixin had already opened her a6 and was waiting at the door.

For the rest of his life, let her lead the way and follow her behind.

Xiao Zixin's house is in Huzhu Village, a two-story rural housing building, plus the courtyard is more than 200 square meters.

When the two arrived, the periphery of the yard was full of villagers, and some villagers were burning incense and paper money in their hands.

Seeing Xiao Zixin's return, the middle-aged woman stepped forward and said: "Zixin, you are counted here, and your mother has been caught by that thing again. Hurry up and ask the Taoist master of Bai Yunguan to do it for her."

"Aunt Wu, how is my mother?" Xiao Zixin asked worriedly.

"No one dares to go in and see, you know, at this time, anyone who goes in will be unlucky..." the middle-aged woman said.

"Why don't I go in with you first," Yu Sheng said.

Although he hasn't encountered such a thing before, he thinks it shouldn't be difficult to solve.

"Forget it, let's go to Baiyun Temple to invite Dao Master Ma." Xiao Zixin shook her head.

Seeing that Xiao Zixin didn't believe in herself, she didn't insist on it for the rest of her life, she nodded and said, "I'll take you there, I'll go faster."

His r8 is a sports car, and its efficiency and power are far from the a6.

"Thank you then." Xiao Zixin nodded, she didn't dare to delay any longer, because she knew that the longer she procrastinated, the more dangerous her mother would be.

Baiyun Temple is on Baiqu Mountain, 12 kilometers away from the city, it is not very far, and this time period is not the peak time for commuting, there are few cars on the road, and I will soon arrive at Baiyun Temple.

There are more than a dozen Taoist priests living in the Baiyun Temple. Master Ma Zilai is the master of the Taoist Temple.

Usually there are many believers who come to watch and ask for signatures to interpret dreams or something.

Under the leadership of Yi Xiaodaotong, Yu Sheng and Xiao Zixin soon found Master Ma Zilai.

“Master Ma, my mother has been caught by the evil thing again, and I also ask you to go down the mountain to help my mother, thanks!” Seeing Master Ma Zilai, Xiao Zixin said piously.

### **Chapter: 116**

Master Ma is in his fifties, his face is slightly thin, but he is very clean and kind.

He closed the scriptures in his hand, took a look at Yu Sheng and Xiao Zixin, then nodded and said: “Well, I knew she would come back. I was injured and ran away last time. I will definitely not give up. Let’s go. She flies and flies.”

“Thank you, Master Ma!” Xiao Zixin was overjoyed and hurriedly led the way.

Yu Sheng walked behind, looked at Master Ma, and thought to himself, is Xiao Zixin’s mother really fucked by ghosts?

He hadn’t seen any ghosts before, and he was still somewhat skeptical.

However, he didn’t have much to say. After leaving the Taoist Temple, the two of them drove back to Xiao Zixin’s house.

“Master Ma is here!”

“Master Ma!”

When the villagers saw Ma Zilai, they were very respectful and came forward to say hello.

Ma Zilai Heshi nodded slightly to everyone, and walked to the Xiao Zixin’s compound.

Yu Sheng and Xiao Zixin followed behind and entered the yard. Yu Sheng’s mind suddenly shuddered.

“It’s such a heavy evil spirit, it seems that Xiao Zixin’s mother is not faked by the evil thing.”

Yu Sheng thought to himself, becoming more and more curious about what the ghost that had fallen into Xiao Zixin’s mother would look like.

“You two stay outside.” At the door, Master Ma waved his hand and signaled Yu Sheng and Xiao Zixin to stop, not to enter the house.

“Master Ma, I’ll go in and help you.” Yu Sheng smiled slightly, he was curious about what the ghosts in the house would look like.

Especially the closer you get to the door, the stronger the yin evil is before, and the more it makes him curious.

“Are you an ordinary person to go in and die? Let you stay outside and stay outside.” Master Ma turned his head without question, his face a little displeased.

“Yu Dong, the room is dangerous...” Xiao Zixin said hurriedly.

“Okay.” Yu Sheng spread his hands, then stopped insisting, but felt a little regretful.

Xiao Zixin cast an apologetic look at Yu Sheng without explaining too much.

At this moment, Master Ma took out a peach wood sword that was more than a foot long, pinched his fingers, and muttered something to the peach wood sword.

Soon, a yellow light flashed between his index finger and middle finger, and hit the peach wood sword. The whole seemingly humble peach wood sword suddenly seemed to have spirituality.

Then, Master Ma opened the door and entered.

Seeing this process, Yu Sheng nodded secretly.

Although the techniques and power of this master Ma’s tactics are very weak, he can see that this is an authentic Taoist technique.

Not a liar.

Of course, it was far from the Feng Shui Dao Fa that he saw in the Nine Profound Heaven Scriptures.

Seeing Master Ma entered Xiao Zixin’s house, the villagers gathered around, not daring to speak loudly.

“Ah~~~!!!”

Suddenly, there was a woman’s terrifying and angry screaming scream in the room. This sound penetrated the soul at once, and everyone suddenly felt a little scalp numb.

“boom!”

Then, the door broke, and a figure flew out.

Everyone was shocked and screamed and evaded.

When the figure hitting out was clearly seen, everyone’s heart was suddenly enveloped with a terrifying shadow.

## **Chapter: 117**

Master Ma!

It was Master Ma who was knocked out!

That ghost is so ferocious!

“Master Ma, are you okay?”

“Master Ma, what’s the situation inside, why can’t even you beat that ghost?”

“Master Ma, how is my mother?”

Xiao Zixin and others hurriedly gathered around, with a worried look on their faces.

Several men helped Master Ma up.

“That ghost sucked the yang energy of other people again, and became stronger again. I can’t take her anymore.” Ma Zilai shook his head with a helpless look on his face.

“What can I do then?” Xiao Zixin almost cried anxiously.

“I’m going to Longhu Mountain to ask my senior brother for help, I’m afraid that when I invite my senior brother back, your mother...” Master Ma didn’t go on, but he already knew what he meant.

Xiao Zixin trembled, turned around and ran into the house.

She must go in and see her mother’s situation.

“Don’t go in, you will die!”

Master Ma wanted to hold Xiao Zixin, but it was too late.

Seeing that Xiao Zixin was about to run into the room, Yu Sheng grabbed her with anxious eyes.

After what happened just now, he already believed that there must be something evil in Xiao Zixin’s house.

At this moment, when he was standing two or three meters away from the room, he could feel a biting icy air.

“Let go of me, I want to see my mother!” Xiao Zixin wanted to get away from Yu Sheng’s hand.

“It’s dangerous inside, I’ll go in.” Yu Sheng said.

“You, aren’t you afraid of ghosts?” Xiao Zixin stopped and looked at Yu Sheng.

Yu Sheng just smiled, then let go of Xiao Zixin and walked towards the room.

To be honest, before today, he didn’t believe in ghosts at all.

So before today, he was not afraid of ghosts.

But at this time, as the cold air coming out of the room became heavier and heavier, he was inexplicably nervous.

When I walked to the door, the cold was already extremely heavy.

For the rest of his life, he squeezed a Lei Jue with his right hand, ready to fight at any time.

This Lei Jue gesture was learned from the Nine Profound Heaven Scriptures, because there was little practice, and he was just getting started, and he didn’t know whether he could deal with the ghosts.

The sun was blazing outside, but the room was dark and gloomy. Li Gui closed all the curtains, and there were no lights in the room. It was dark and could not see anything.

There was a cloud of mist at the door, and Shao Yang outside couldn’t get in either.

“Boy, I advise you not to go in. The female ghost has evolved, and I am no match for the old way. You will only die if you go in.”

At this moment, Master Ma suddenly spoke.

“Yeah, Zixin, don’t let your boyfriend go in for danger. The female ghost has already controlled your mother. Even Master Ma is not an opponent. If your boyfriend is killed by her, after inhaling masculinity, it has changed even more severely.” An aunt also persuaded.

Xiao Zixin’s face turned red and embarrassed: “Aunt Wu, he is not my boyfriend...”

With that said, her gaze was still looking at Yu Sheng. At this time, her excitement had subsided: “Yu...Yu Dong, or you still don’t go in, it’s too dangerous, let’s slowly figure out a solution.”

For the rest of his life, holding his breath, without being affected by others, he stepped in and observed the situation in the room intently.

Seeing Yu Sheng stepped into the room, and finally his whole body was covered by the mist, everyone held their breath.

The first time I worked, I didn’t see anything, and the palms of my hands were sweaty for the rest of my life.

Even if his martial arts is strong, he is considered a master of martial arts in ancient times, but at this time he is not facing a master of martial arts, but...

Mysterious,

ghost!

After adapting to more than ten seconds, the scene in the room slowly became clear.

### **Chapter: 118**

The living room of Xiao Zixin’s house is very large.

This Yin Qi is a little abnormal, unlike the usual cold and cold Qi, it is much heavier in comparison.

The most important thing is that this cold air, like it can penetrate the soul of a person, makes you feel fear and fear invisibly.

However, for the rest of his life, he has practiced the feng shui yin and yang magic techniques in the Nine Profound Heaven Scriptures, among which there are maneuvers and secret spells for dealing with ghosts and monsters, but they have never been used.

So he didn’t have too much fear in his heart.

He believed that no matter how scary ghosts are, no matter how mysterious and unpredictable, they must be afraid of people.

For the rest of my life, I haven’t really seen a ghost. Although he hadn’t seen it before, he was very sensitive to breath after cultivating the Nine Profound Sky Sutra.

The yin qi exuded by Yin Ling is rootless qi, and there will be a tingling sensation on the body, but it only stays on the epidermis of the skin. Simply put, it will tighten the skin.

There is also a kind of yin qi, which is caused by feng shui. This yin qi has roots and does not have a strong tingling sensation, but like an ice needle, it can penetrate the bone marrow.

The yin air in Xiao Zixin's house seems to blend the two, not only the panel is tight, but also a chill is revealed from the bone marrow.

This is a bit strange.

Yu Sheng quietly observed for a few minutes, and after confirming that the living room was not in danger, he went to look at the other rooms.

Then he slowly went up to the second floor.

The yin on the top is much weaker than that on the bottom.

But for the rest of his life, he didn't dare to be careless at all.

He kept his left hand pinching Lei Jue, protected his body, went up the stairs to the second floor, and gently opened the door of a bedroom.

It was empty and there were no people inside.

He exited the bedroom, then opened the second door.

It is still empty.

At this moment, the Yin Qi upstairs suddenly disappeared.

For the rest of his life, he became nervous and his heart beat fiercely.

He quickly exited the room, pinched Lei Jue with both hands, and stacked Lei Jue three times.

Die Thunder Art, this is the strongest method in Feng Shui Yin and Yang that he can do now.

Most people use thunder tactics with one-handed thunder tactics, but the thunder tactics can actually be superimposed, and once they are superimposed, their power will increase exponentially.

According to the records in the Nine Profound Heaven Scriptures, Lei Jue can stack nine folds, and only three folds can only be stacked for the rest of his life just after practicing.

Because this is the first time to work, Yu Sheng would rather kill a chicken with a sledgehammer than dare to take it lightly, so he directly stacked the strongest triple thunder formula.

There are two rooms left on the second floor, one is a bedroom and the other is a study.

Yu Sheng handed Lei Jue to his left hand, gently opened the door of the study, and took a closer look, the inside was also empty.

Only the last bedroom is left.

Yu Sheng closed the door of the study and walked carefully to the door of the study. Lei Jue in his left hand was ready, and he held the door handle with his right hand.

He took a deep breath, settled, and prepared to open the door.

At this moment, the skin on his back suddenly tightened.

Yu Sheng looked back abruptly, and saw a pale, fifties-year-old woman's face, showing a weird smile at him.

Her eyes rolled, all white.

Yu Sheng's mind trembled, his hands trembled, and the squeezed Lei Jue disappeared.

### **Chapter: 119**

When did she show up?

Why is there no sound at all?

The rest of his life was shocked, and suddenly he was shocked in a cold sweat.

This woman should be Xiao Zixin's mother.

It's just that at this moment, she was taken up by the ghost, and the whole body was controlled by the ghost.

Yu Sheng took a step back slightly and pinched Lei Jue again with his right hand.

It's just that Li Gui is too close to him, he has no time to stack up.

Li Gui slowly approached Yu Sheng, and Yu Sheng slowly backed away until...

His back was leaning against the door, and Li Gui's pale face was almost on his face.

"Boy, I advise you not to be nosy, otherwise I don't mind sucking your yang energy..."

This is the voice of a little girl.

Such a voice, coupled with a bitterly sly smile, made the scalp numb.

But when she didn't speak, Yu Sheng still had no bottom in her heart, and when she spoke, Yu Sheng didn't feel nervous.

"Really, I'm going to see how you can suck up my yang energy." Yu Sheng smiled strangely.

"You are looking for death!" A vicious flash flashed in the female ghost's eyes, and her hands quickly pinched Yu Sheng's neck.

She is surprisingly strong in her hands, if it weren't for Yu Sheng's deep inner strength, she would surely be suffocated to death by her pinch.

But at this moment, the Lei Jue in Yu Sheng's hand finally hit the female ghost's belly.

"Hey!"

An electric current hit Yu Sheng's fingertips and hit the female ghost.

The female ghost screamed, her whole body retreated like an electric shock, and hit the wall at once.

"You're looking for death!" The female ghost shouted angrily, and then rushed towards Yu Sheng with a roar.

For the rest of his life, he succeeded in one blow, his confidence increased, his left hand quickly squeezed, alternating left and right, and the moment the female ghost pounced on it, he finally completed the second round of thunder.

I couldn't help thinking about it, when Qian Jun made a shot, the second time for the rest of his life, the lay-thunder tactics pressed on the female ghost's forehead.

"Wow!"

The female ghost screamed again, and was struck into the air by the power of Thunder Jue, fell five or six meters away, and rolled down the stairs with her body.

For the rest of his life, the whole person seemed to have been emptied, and the whole body was weak and weak.

It turned out that his cultivation base was not enough, so he used the method of stacking thunder forcibly, which immediately emptied his energy and spirit.

At the same time, he was also very fortunate that he had not used thunders three times before, or he might have fainted if he was not stupid.

He took a deep breath, and quickly replied a little bit of energy. He remembered in his heart that he would not be able to use the method of stacking thunder at will in the future.

If you are not careful, you will easily get rid of yourself.

He glanced at the top of the stairs and walked slowly down.

Damn, this woman won't be shaken to death by Lei Jue, right?

Yu Sheng's mind was shocked, and Xiao Zixin's mother was bleeding from the seven thieves at this time, and she passed out to death.

"Boy, you dare to hurt me, you wait for me, I will make you dead and ugly!"

At this moment, for the rest of my life, I saw a little girl in a red coat staring at him viciously in the mist under the stairs.

The little girl was seven or eight years old, with a blood hole on her eyebrows, and blood was gurgling out of the blood hole and flowing down her cheeks.

Before the rest of her life had time to say anything, the little girl disappeared into the mist.

Soon, the fog gradually dissipated.

For the rest of his life, he had no time to control the kid, so he had to step forward to examine Xiao Zixin's mother's injuries.

He just used the two-time superimposed Thunder Technique, and although he knocked the little ghost back from her, she seemed to have suffered serious injuries.

But what made Yu Sheng breathe a sigh of relief was that Xiao Zixin's mother still had aura, but the dim light was dim, and she was in danger of dying at any time.

At this moment, seeing the fog dissipate, Master Ma and others rushed in, looking at Yu Sheng with shocked expressions.

## **Chapter: 120**

Yu Sheng actually smashed the ghost away, and everyone couldn't believe it.

To know.

That female ghost, even Master Ma could not do anything.

"Mom, mom, how are you?" Xiao Zixin was very worried when she saw her mother's situation, and hurried over.

"She's still dead, but her condition is very dangerous and she may die at any time." Yu Sheng said to Xiao Zixin.

"What should I do, Yu, Yu Dong, you must save my mother!"

Xiao Zixin knelt down in front of Yu Sheng and begged: "Yu Dong, as long as you save my mother, I can promise you any conditions."

"What conditions do I want you to promise me?"

Yu Sheng smiled indifferently, and said: "I will try my best. I don't know if it will happen. It depends on your mother's fate."

He pointed to Xiao Zixin's eyebrows as he spoke.

Xiao Zixin was startled, staring at Yu Sheng blankly, with a look of puzzlement.

At this moment, Master Ma suddenly said: "Mom's mother's divine light is dim, and now we need to force her to make up a little divine light, or she has a very slim chance of survival."

As he said, he looked at Yu Sheng with surprise on his face.

He had seen Yu Sheng's method of restraining the divine light of a living person in ancient books, but he didn't know how to do it.

This is a kind of magical method, not even his old way of coming out of Longhu Mountain, the sacred place of Taoism.

“Your mother has a very heavy suffocation in her body, and she has almost covered up her divine light, so I need to hold you a ray of divine light to help your mother break through the suffocation.” Yu Sheng said.

“Yeah.” Xiao Zixin nodded.

“Look into my eyes.” Yu Sheng said again.

“Yeah.” Xiao Zixin nodded and stared at Yu Sheng.

The two looked at each other for more than ten seconds.

When Xiao Zixin’s eyes were full of divine light, Yu Sheng’s fingers on the center of Xiao Zixin’s eyebrows suddenly flicked, and a ray of her divine light was restrained.

Xiao Zixin snorted, her eyes darkened, her whole person was like three souls lost one soul, and the whole person became a bit sluggish.

The body fell softly in Yu Sheng’s arms.

For the rest of his life, she didn’t care about her, but quickly pressed her divine light to the center of her mother’s forehead.

Soon, her mother’s face turned ruddy. Although she still didn’t wake up, everyone could tell that this woman could not die.

At this time, Yu Sheng held Xiao Zixin’s hand, continuously pumping a lot of internal energy into her.

Xiao Zixin, who was still a little lost, soon regained some energy.

Feeling a warm breath wandering through her body, Xiao Zixin was both surprised and puzzled.

She looked up at Yu Sheng, originally wanting to ask Yu Sheng what was going on.

Only when I found myself lying in Yu Sheng’s arms, the whole pretty face suddenly turned red, like a ripe apple.

Xiao Zixin slammed in her heart, and hurriedly got up from Yu Sheng’s arms, looked at her mother and asked, “My mother should have a problem.”

“Well, rest for a few days, take some medicine to recover, you can find a pen and paper, I will give you a list.” Yu Sheng said.

At this moment, Master Ma said: “Master, that ghost is still dead, and it will definitely come again. You hurt her today, next time, she is likely to trouble you.”
