

## Dont mess 1111

### Chapter: 1111

Dare to beat herself, Song Wanwan raised her red lips, a playful smile appeared on her face, and then she kicked Xu Qianqian's stomach fiercely, and then Xu Qianqian was kicked out.

Song Wanwan's body turned into a phantom and appeared in front of Xu Qianqian, pulling Xu Qianqian who was wailing constantly on the ground.

"Why do you still want to do it? I don't mind killing you directly!" Song Wanwan still had that charming smile on her mouth, but her words were extremely cold.

Xu Qianqian's bones were about to fall apart after being kicked by that kick. Now that she heard Song Wanwan say this again, she knew that this was definitely not a joke with her.

Before that, the hostess who was still regarded as very high disappeared instantly. Xu Qianqian looked at Song Wanwan in horror and begged for mercy: "Yes... I'm sorry, I won't dare anymore..."

Hearing Xu Qianqian begging for mercy, Song Wanwan sent her hand to grab Xu Qianqian. As long as her ability was strong enough and poor enough, there was nothing that could not be solved.

"I'm going to cook for the master. If you disturb me again, I will cut off your tongue." Song Wanwan said with a smile, with a charming smile on her face.

"If you don't believe me, you can try it!" Song Wanwan said while humming a little song and went to the kitchen to cook for Yu Sheng.

Standing still in shock, Xu Qianqian was still in a daze. This incident made her feel her weakness. The woman not only occupied the rest of her life, but also didn't put her in her eyes.

She feels like an ant who can take her surname at any time in her hand, and Xu Qianqian feels even more angry when she thinks of this.

After stealing the Gu book from Yu Sheng's study, Xu Qianqian also knew about martial arts matters. As for the Gu art matters, there was no time to actually experiment.

Both Song Wanwan and Yu Sheng were cultivating internal powers. Xu Qianqian knew in his heart that he was too weak now and there was no way to contend with these two people.

As for the humiliation Song Wanwan brought to her today, she wrote down. Xu Qianqian's hands clenched her nails and fell into the flesh, and the blood flowed from the fingers and fell to the ground.

In the past, she thought the cultivation methods in the Gu Scripture were too cruel and bloody. As an ordinary person, she had always resisted it. Now she wants to improve her strength. What does the life and death of others have to do with her?

Xu Qianqian thought of a person in his mind, and that was Da Jinya. He had a lot of children's resources in his hands.

Xu Qianqian didn't even contact Dajinya by phone. She drove directly to the remote alley, fearing that he would be aware of it for the rest of his life.

"Ms. Xu, why did you come to this place?" Da Jinya saw Xu Qianqian coming, and quickly stepped up respectfully, and said flatly.

Xu Qianqian glanced at Big Golden Tooth, then set his gaze on the children, and then asked, "How many children do you have here?"

Da Jinya didn't know what Xu Qianqian asked these for, but he said honestly: "About twenty or thirty? What's the matter with Miss Xu?"

"I want all of these kids!" Xu Qianqian said lightly.

Da Jinya wondered what Xu Qianqian wanted to do? The only role of these children is to go to the

streets to beg, twenty or thirty people can ask for a small 10,000 yuan a day, but these small amounts of money are not enough in Xu Qianqian's eyes!

"Miss Xu, these children seem to be of no use to you. Why do you buy them with broken arms and legs?" Da Jinya asked puzzledly.

Xu Qianqian originally wanted to conceal Big Golden Tooth, but it was difficult for him to do this alone, and he needed a helper. Now it's quite appropriate to think about Big Golden Tooth.

"I want the internal organs of these children, and you will be responsible for bringing all the children here in the future." Xu Qianqian said to Da Jinya in a commanding tone.

## Chapter: 1112

"Miss Xu, are you kidding me? What do you want these children's internal organs? Does your family still need to rely on this method to make money?" Da Jinya looked at Xu Qianqian with a weird face.

The woman in front of her looks sweet, she looks warm and lovely and gives people a kind of love she wants to protect, and she is also the most beautiful of the women Da Jinya has ever seen, so she has always been respectful to her.

But what she just said was too horrible, asking for the internal organs of these children, wouldn't it indirectly kill all these twenty or thirty children?

Femme beauty!

Sure enough, the more beautiful a woman is, the more terrifying, the woman in front of me is more heart-warming than him.

"I want to use them to practice my Gu worms, so their sacrifice is inevitable, and this is also their honor." Xu Qianqian said coldly, her tone without a trace of emotion.

When the big golden tooth heard Xu Qianqian's words, he was a little scared of this woman, and couldn't help but step back two steps to get a certain distance from her.

Xu Qianqian naturally noticed the abnormality of the big golden tooth, and asked with a sweet smile, "Why? Are you afraid of me? Am I that scary?"

Da Jinya swallowed, and shook his head quickly, flatteringly said; "No, no, how can I be afraid of a beautiful person like Miss Xu?"

"Then will you help me with things?" Xu Qianqian asked, raising her eyebrows.

"This..." Da Jinya still hesitated. Although he did a lot of things that hurt the world and reason, he still hesitated to dig out the internal organs of these twenty or thirty children and kill Da Jinya.

This is just the beginning. I don't know how many people Xu Qianqian will have to kill in the future.

He has been doing this for so many years now, and there is no life-threatening thing. He lies at home every day, plays cards and plays mahjong, and can collect money at night. Is there anything more chic than this?

"Miss Xu, tell you the truth! I have always respected you, but this matter is not worth the loss for me! So Miss Xu, you should find someone else!" Da Jinya refused with embarrassment.

Hearing Da Jinya say this, Xu Qianqian's smile deepened, she looked at him with her arms folded, and asked gloomily: "Do you think you still have a choice now? If you are not afraid of death If you do, then I can only find someone else."

Da Jinya didn't take Xu Qianqian's words seriously, no matter how noble her status was, she would come by herself today, and a thin woman, Da Jinya, didn't take it seriously.

"Ms. Xu, I don't want to be difficult, but you will force me? If you don't tell you more nonsense, it's not good to help you, but I can sell these children you said, 150,000 each, you still buy It doesn't matter if

you don't buy it." Da Jinya sat down on the chair, his face a little embarrassed.

What Xu Qianqian meant in those words just now, but killed him when she disagrees. She said that, what kind of face does Da Jinya have?

"Sorry, I don't want to spend a penny, I will let you give these children to me willingly, and then do things for me with all my heart." Xu Qianqian said with a smile, with a confident tone.

Da Jinya laughed angrily. Is this Miss Xu really stupid or fake? Net said some crazy things today. Just because of her fragile appearance, Da Jinya felt that she could subdue her with the touch of her fingers, and she even said willingly to do things for her, it was a pipe dream.

"Miss Xu, I don't have the time to listen to your nonsense here. Please come back if you are not welcome here!" Da Jinya said impatiently.

Xu Qianqian snorted coldly. It was true that she couldn't beat Yu Sheng and Song Wanwan, but it was more than enough to deal with an ordinary person. Otherwise, wouldn't these learning Gu classics be for nothing?

"I don't know how to live or die, I will let you surrender to me now!" Xu Qianqian directly released a small yellow bug and flew towards the mouth of the big golden tooth.

### **Chapter: 1113**

The yellow worm that Xu Qianqian released was very ordinary, like a worm that could be easily seen in normal times, but it flew very fast, and it got into his mouth when Da Jinya didn't react.

When Da Jinya reacted and tried to dig out the worm, the worm was gone. Da Jinya looked at Yu Sheng with a surprised look and asked, "What did you just do? What is that worm?"

At this time, the big golden tooth had no patience. Recalling that Xu Qianqian's purpose was to raise Gu worms for those children, it is very likely that what he just ate was the Gu worms raised by Xu Qianqian. An endless sense of anger ignited in her heart. This woman was simply too vicious. She didn't want to do this kind of thing. She used this method to force herself.

Da Jinya became furious and wanted to go up and grab Xu Qianqian to get her out of the bugs in her stomach.

But this was just a step forward, and when he didn't even grab Xu Qianqian, Da Jinya felt a pain in his stomach, as if something was gnawing on his internal organs.

The piercing pain made it difficult for him to take a step forward. He collapsed on the ground and kept rolling. When the pain was severe, he really had no idea what to do. He crawled and knelt in front of Xu Qianqian, crying for mercy. Said: "Miss Xu, let me go! I'll almost die of pain if this continues.

Xu Qianqian pulled out a disdainful smile at the corner of her mouth, and then asked: "How come you know that you begged me now? Give you another chance, are you willing to do things for me?"

"Will you be willing, you will be what Miss Xu says in the future! Dajinya, I will obey your orders absolutely and unconditionally, please stop this magical power as soon as possible!" Dajin's toothache caused big sweats on his forehead. Zhu, but still holding on to Xu Qianqian's head again.

Seeing this scene, Xu Qianqian showed a satisfied smile on his face, and this stopped the worms in the big golden tooth from gnawing on his internal organs.

"From now on, this place of yours will be where I raise Gu worms. I will give you some money for you to find some helpers. Don't let me down!" Xu Qianqian touched the big golden tooth's head and said .

Although there was no such piercing pain in Da Jinya's body, his face paled after the torment just now, and he was extremely afraid of Xu Qianqian. He didn't dare to have any resistance, so he nodded and agreed.

“If that’s the case, let’s do it! I want the thirty children. Pay attention, don’t make too much movement.” Xu Qianqian left a word and walked toward the house.

The big golden tooth who was in the same place looked at the dozens of children who were still eating not far away, struggling in his heart, and finally compromised.

After all, that kind of pain is really torture, Da Jinya is not afraid of death, but the feeling is more uncomfortable than death.

People don’t punish themselves for their own sake, and think for the good. Actually, it is not a bad thing to follow a big figure like Miss Xu.

After I figured it out, all the children who are still eating on the side of the Great Golden Tooth Tide yelled: “Yaoji, the south wind is coming to my room.”

These children are all from Dajinya, their real name Dajinya naturally doesn’t know and has no memory of it, plus he likes to play mahjong, so he simply uses mahjong as his name.

The children here are very afraid that Big Jinya dare not defy his orders. Two children followed Big Jinya to his room, and then the door was closed, and then the room heard a sorrowful wailing. But it only rang a few times, and everything settled down.

In about half an hour, Da Jinya opened the door of the room, holding a tray in his hand that contained the kid’s internal organs that had just been dug out, and blood dripped down the tray.

Da Jinya’s complexion was a bit ugly, and the hand holding the tray was trembling. It was the first time he killed someone, even if he was a little scared when he did this kind of thing for the first time.

When he arrived at the house, Da Jinya placed the tray in front of Xu Qianqian, and said respectfully: “Miss Xu, what you want.”

Xu Qianqian was also a little scared when she saw the red internal organs and blood in the tray, but she didn’t show the fear in her face on her face, and acted as if nothing had happened.

A small box was opened randomly, and four or five yellow bugs flew out of the box. The bugs were exactly the same as the bugs that flew into the belly of the big golden tooth.

The yellow bugs landed on the viscera in the tray and started to gnaw.

Seeing this scene, Xu Qianqian smiled with satisfaction: “Eat, eat, my little darlings.”

These bugs are a bit less after all, it seems that we still need to go to the Miao people to get more bugs, Xu Qianqian thought.

#### **Chapter: 1114**

“Master, do you eat first or me first!”

Yu Sheng sat on the bed and was still cultivating, when he heard a soft and soft voice in his ear, he heard a burst of heart and soul.

When I opened my eyes, I saw Song Wanwan lying on the bed, looking at him with a pair of glamorous eyes, and then blinked at Yu Sheng.

Sometimes I have to admit that this woman Song Wanwan is indeed a stunner. She smiles at a glance, and her every move is born with all kinds of charm.

If this goes on, Yu Sheng will be unable to hold it back sooner or later, so she pushes away Song Wanwan’s face and puts on her shoes and went straight downstairs.

Song Wanwan on the side curled her lips unwillingly, thinking that Yu Sheng would just ignore her, and then quickly followed Yu Sheng’s pace.

“Master, wait for me, why are you walking so fast?” Song Wanwan trot all the way to catch up with Yu Sheng. She wanted to hold Yu Sheng’s hand, but she was thrown aside mercilessly by Yu Sheng.

"I'm not a wild beast, why doesn't the master let someone touch it?" Song Wanwan blinked a pair of fox eyes and looked at Yu Sheng with pitiful eyes.

Yu Sheng sighed helplessly. Although there are many benefits to keeping Song Wanwan by his side, he can protect his family when he is inseparable, but such a grind little fairy, he himself can control no matter how strong his concentration is. When not staying.

"By the way, why didn't I see Xu Qianqian? Where did she go?" Yu Sheng glanced at the villa, and didn't notice Xu Qianqian's breath.

When Yu Sheng asked the nasty woman, Song Wanwan snorted, pretending to be jealous and said, "Master, isn't it enough to serve you with me? Why do you have to look for her? Is it because I am not beautiful??"

Saying that Song Wanwan had rubbed somewhere for the rest of her life, she looked aggrieved, like a little cat who was left out by the owner.

Yu Sheng sighed helplessly. He really didn't know how to use Song Wanwan. He didn't talk, and slumped his head to eat, but in his heart he was thinking about Yu Zhongtian's fun with Xiaoshui.

"Master, is Wan Wan's food still up to your appetite?" Song Wanwan asked expectantly.

Yu Sheng nodded, I have to say that Song Wanwan's cooking skills are still very good, much stronger than him, and the level is no less than the level of a Michelin three-star chef.

With Yu Sheng's approval, Song Wanwan was happy, and she watched Yu Sheng eating with her eyes wide open.

After eating, the babysitter hugged Yueyue and walked outside. Xu Qianqian still didn't come back, and Yu Sheng felt a little worried.

No matter how much Yueyue is still young, Xu Qianqian, a mother who left, stays indifferent for a day. Such an approach made Yu Sheng a little dissatisfied.

It was about the evening, when Yu Zhongtian was holding Xiao Shui, and his grandfather and grandson came back. Both of them had satisfied smiles on their faces. After this outing, the grandfather and grandson were also very close. At night, Xiao Shui had to haunt Yu Sheng, but instead wanted to live with Yu Zhongtian.

And Xu Qianqian didn't go home until the next night, and took the initiative to tell Yu Sheng that he was going to a friend's house, and insisted on pulling her to live to talk.

It was Xu Qianqian's freedom to go there. Yu Sheng didn't intend to intervene too much, except that she was a little dissatisfied with her behavior that she left Yueyue directly.

While blaming her, Yu Sheng also thought about herself. How could she be a qualified father, busy with other things every day, and didn't have time to spend time with her children.

During this period of time, I finally took a rest, and the rest of my life pushed everything away, and concentrated on accompany his father Xiaoshui and Yueyue, intending to make up for his negligence for so long.

Days passed, knowing that Yu Sheng's cell phone was reminiscing again, and that the call was sent by Mr. Gu.

You don't need to think about it for the rest of your life. It must be those people in the hidden door doing something again.

## **Chapter: 1115**

"Master Yu, I just called you not to ask you for help, but to get together with you. You have done too many things for my family. My old man has been living for two days, just want to See you again before

you die. I wonder if Master Yu has time?”

Old Gu's voice on the phone was a little weak, and it seemed that he had exhausted all his efforts to say these words.

For the rest of his life, he was a little surprised. Although the people who had been concealed by Gu Lao had been beaten before, but after taking the pills he gave him, his body should be fine. How could he become like this now.

“Old Gu, why are you so weak now? Have you encountered something? You can tell me.” Yu Sheng asked puzzledly.

Old Gu on the phone smiled, but just by listening to this voice, Yu Sheng could feel his smile a little bleak.

“Master Yu, you have done too much for Gu's family and can't bother you anymore. The reason why I called you this time is to simply see you before I die.

Being able to meet someone like you is the blessing of my previous life cultivation, but it is a pity that my family has not done anything for you, and I owe it very much in my heart.”

Yu Sheng himself couldn't ask anything on the phone, so he thought about going to Beijing tomorrow to see what happened?

Before leaving, he told Yu Zhongtian the news of the birth of the hidden door, and Yu Zhongtian was also very shocked by this incident.

After all, the hidden gate has been closed for a hundred years and has not stepped into the secular world, and now it wants to occupy the secular world in this overbearing way.

After learning the news, Yu Zhongtian did not go to Beijing with Yu Sheng, but planned to stay with Xiao Shui.

After arriving in Beijing, Mr. Gu sent Yu Sheng his address on his mobile phone. This time the place was not in the Gu's villa, but in a slightly remote rental house.

In a small room of more than ten square meters, there is a small bed and a small wardrobe, and a small table can barely fit in the middle.

Even if he racked his brains for the rest of his life, he couldn't think of the situation where Gu Laohui would end up in such a desperate situation. He spent four billion angrily at the auction just to buy a painting of Tang Bohu.

Yu Sheng walked over quickly and took a closer look at the very weak old Gu lying on the bed. When he understood the specific situation, he couldn't help sighing, and his dislike for the hidden door became deeper in his heart.

After Yu Sheng left last time, the Gu family only had a few days of clean life. After those people in the hidden gate learned that the Jiuyou Sect master who occupied the Gu family had died, they launched a strong revenge on the Gu family.

Gu's son, Gu Tiancheng, as the head of the family, did not have sex, but suffered the anger of the Yinmen sect and was beaten to death alive.

Even those who conceal it like this are still not willing to give up, and even want to kill all the people in the Gu family directly.

Fortunately, Gu Ming learned the information in advance and took his grandfather to escape from Gu's house.

In just a few days, his own grandson died. This was already a huge blow to an old man in his seventies or eighties. He didn't think that his son was dead again, and the Gu family, who managed it all, was furious. Only then fell ill again.

This time it was very serious. Gu Ming invited the dean of the most famous hospital in Shangjing to see it and said that he would not survive for a few days.

As he spoke, a line of tears was left on Old Gu's cheeks, and the monstrous hatred towards the hidden door in his heart almost swallowed him.

He has been doing good and accumulating virtue all his life. He thought that good people would be rewarded, but he thought that he would encounter this kind of thing when he was old.

"Master Yu, even if I meet you today, even if I die now, I will be reconciled." Old Gu wiped away the eyes from his face, and then closed his eyes with peace of mind, waiting for the coming of death.

Yu Sheng also noticed that Gu Lao was not in a good state now, and it was almost time for the lamp to run out.

"Old Gu, I have done so many things for your Gu family, you still haven't had time to buy me a good meal, how can you just die like this? I don't follow it!" Yu Sheng said with a smile.

Gu Lao's illness, he can save it!

### **Chapter: 1116**

"Master Yu, Gu is really sorry for you, even if I am in good health now, and I don't have the Gu family, I don't have money to ask you to have a good meal, let alone what I am now..." Gu's voice said very weakly.

He now feels like he has a hand tightly pinching his neck, even breathing is very difficult, and a big stone is pressed on his heart and it is boring and uncomfortable. This feeling is like he might die anytime, anywhere.

Yu Sheng didn't speak, but directly helped Old Gu on the bed to sit up, and then gently patted Old Gu on the back of the palm of his hand.

Slowly turning the palm of his hand, he merged the inner strength of his body into Old Gu's body, and then he slapped him hard on the back of Old Gu.

As soon as Yu Sheng's palm fell, Gu Lao vomited out black blood and directly stained the sheet covering him.

Just then, the door suddenly opened, and Gu Ming, who was carrying the food in his hand, was stunned when he saw this scene, not knowing what to do.

With a calm personality, he did not impulsively think that Yu Sheng had injured his grandfather, but after careful observation, he found that grandpa's complexion was obviously better after spitting out the black blood, and then he realized that Master Yu was here. Saved his grandpa.

"Master Yu, thank you, your kindness to my Gu family is really useless." Gu Ming directly knelt on the ground and knocked Yu Sheng.

After realizing that he was spitting out the black blood, Mr. Gu's breathing became much smoother, and his chest didn't feel the same oppressive feeling before.

He had been sentenced to death by his old friend, and only a few days of life, I didn't even think that I had inadvertently invited Master Yu to save my life.

"Master Yu, I owe you the kindness that Gu owes you, and I won't pay it off in this life!" Old Gu said with a heavy sigh, eyes full of loneliness.

In the past, He Shou Wu, the treasure of the family heirloom, could be gifted to Yu Sheng. If Gu's family is now forcibly occupied by those at the Hidden Gate, he would be willing to hand over Gu's family to Yu Sheng.

"Gu Lao, do you think I still lack something in my current strength? If it is true, it may be a lack of a meal.

After all, I am quite hungry now.” Yu Sheng touched his shriveled stomach. .

Immediately he looked at the food that Gu Ming was holding, and a smile of joy appeared on Yu Sheng’s face, and he smiled: “Old Gu, if you really want to repay my kindness, you can give me this food?”

Gu Lao glanced at the food in Gu Ming’s hand, it was too light, that is, the potluck that was bought outside for ten dollars and twenty, fried cabbage, fried bean sprouts, and two boxes of rice.

Since Gu’s family was occupied by the door, they escaped with no money on their bodies. In addition, the concealer ordered no one to contact Gu’s family. Friends of the past did not dare to help them in this situation, so they were able to eat. The last full meal was extravagant for both grandpa and grandson.

“Master Yu, this...”

Gu Lao was interrupted by Yu Sheng without speaking.

“Old Gu, are you too stingy? I just want to eat some of your food. You don’t agree. I’m starving now. If you don’t agree, you have to agree.”

Speaking, Yu Sheng grabbed the food directly from Gu Ming’s hand, broke off the disposable chopsticks, and ate a large piece of it.

After a while, he ate all the food for the rest of his life, and finally burped with satisfaction.

“This meal tastes okay, Mr. Gu, thank you for your hospitality!” Yu Sheng said, touching his chubby belly. Gu Ming and Gu Lao didn’t know what to say. Although their meal today was eaten for the rest of their lives, they might be hungry for a day, but they were full of joy in their hearts.

After leaving the rental house for the rest of his life, he wiped his mouth clean and showed a cold color on his face.

For the rest of his life, he didn’t intend to intervene in this matter, but now he has changed his mind, and he has to teach the concealment some lessons anyway.

## **Chapter: 1117**

For the rest of his life, there was no trouble blindly looking for those people in the hidden door, but inquired about some things.

Old Gu was forcibly occupied by people like the Hidden Gate, and the Yu Family and Bai Family of the same top forces were not spared.

The current head of the Yu family is Yu Xuan. His character is greedy for life and fear of death in the hidden door. When he wants to occupy the Yu family, he gives up without saying a word. He is willing to change from the head of the family to the dog leg of the hidden door, just for preservation. Own life. Yu Xuan’s character has been seen for the rest of his life. It is reasonable to be able to choke his mother to death by himself.

On the other hand, Mr. Bai didn’t have that much trouble and simplicity. Mr. Bai had a staunch personality, and said that he didn’t agree to give up the Bai family’s property, so he led the Bai family to fight against the hidden men to the end.

Whoever thinks that the elites of the Bai family are simply not enough to look at in the hands of the people of the hidden door, and those who divide by two will be solved.

The old man Bai was humiliated by the people of the hidden door, and in the end he still couldn’t keep the property of the Bai family, but he was finally robbed by the people of the hidden door.

And now the old man Bai is in a similar situation to the Gu family, and he doesn’t live in a fixed place, but there are more people in the Bai family, and they don’t even have enough to eat.

For the rest of his life, he came to a relatively remote alley and found the information he inquired, so he

knocked on the door.

After a while, the door of Kung Fu was opened, and the voice of Old Man Bai came from inside: "Who!" As soon as he finished speaking, Old Man Bai saw Yu Sheng standing at the door, and he closed the door again to class.

Through the gate, the old man Bai said to Yu Sheng outside: "Why did you come to see my Bai's joke? Billow, this place is not welcome."

Yu Sheng didn't think that the attitude of the old man was so resolute, and he sighed and said, "Why does old man Bai be like this? Can you listen to me explain the misunderstanding in the previous incident?"

Also, I am not here this time to tell a joke about seeing the Bai family, but intend to help the Bai family. Could you please let me in? "

The face of the old man in the room was complicated, and he was hesitant for a while, wondering if he should let the rest of his life over, because he was a capable person, Mr. Bai knew.

Magnolia was wronged, and she was heartbroken for a time, but these were really nothing compared to the Bai family. How could the helm of a big family not be clear about the priorities?

With a sigh, the old man finally opened the door and let Yu Sheng in. The expression on his face was still somewhat dissatisfied with Yu Sheng.

"How are you going to help the Bai family? Is the request to let Magnolia make you a kid? Or let my old man apologize to that Xu Qianqian?" Old man Bai asked tentatively, with a strange tone of yin and yang.

"Magnolia's business is my business, and the Bai family's affairs are my business. As for the apology, there is no such thing. After all, Mr. Bai, you didn't do anything wrong! I am ashamed of Magnolia for the rest of my life."

Yu Sheng spoke very sincerely, and couldn't help but reappeared that beautiful shadow in his mind.

After divorcing Yang Zihuan, the only woman he was tempted was Magnolia.

"For the rest of your life, if Xu Qianqian does not appear, you have always been my proud granddaughter-in-law. You personally ruined everything and broke Magnolia's heart.

Since you personally said that you will help the Bai family to solve this problem, then I hope you don't fail to say anything!" Master Bai said.

Now his attitude towards Yu Sheng has always been neither salty nor indifferent. After all, the person in front of him made the Bai family a joke of the top-class family in Shangjing some time ago. It would be strange if the old man Bai could still entertain Yu Sheng with a pleasant face.

People in the top-class family care about face and fame.

"Don't worry about this matter! I will let those people in the hidden door roll back to the hidden door, and will not let them do evil in the secular world." Yu Sheng's tone was very cautious and assured the old man.

Later, from the mouth of the old man, he learned that the one who occupied the Bai family was the Thunder Sect, one of the four major gangs of the Hidden Gate.

## **Chapter: 1118**

In the end, Mr. Bai is not a person of martial arts, and he doesn't know much about the details. He just tells the group of people who occupied the Bai family. He touched the bodyguard of the Bai family lightly and was electrocuted into a coma.

Facing this magical method, the Bai family's activists were all electrocuted into a coma. Even the old man Bai was stunned, and he woke up after being in a coma for a day and a night.

.....

The places where Mr. Gu and Mr. Bai live are relatively remote, which is not considered to be in Shangjing, so for the rest of their lives, they can only travel to Shangjing by car and find out in the past. And in such a remote place, only one bus can go to Shangjing City, and it only charges 20 yuan per trip. After getting in the car, Yu Sheng planned to take a nap, and as soon as he closed his eyes, a middle-aged man sat down beside him.

The seats on the bus were two by two. The man felt a little squeezed as soon as he sat down for the rest of his life. The man was really too fat, and it seemed to weigh more than 200 kilograms.

Sleeping is no way to sleep. The rest of my life is bored looking at the scenery outside the window, but in my heart is thinking how to deal with those in the hidden door.

Yu Sheng is still very confident of his current strength. In the early days of the Great Master Realm, even in the place where the aura from the hidden gate is sufficient, there should be no existence against the sky, right?

He felt that he could have the power to fight even if he said it.

Since he was promoted to the early stage of the great master, even with the help of Ningyu, Yu Sheng still felt that his strength was too slow to improve. Only by constantly fighting with masters can he better stimulate his own potential, so that his strength can progress faster. .

The thing that Yu Sheng was thinking about was bumped by the man.

“Little brother, you also went to Beijing? Seeing that your small body doesn’t look like someone who can do heavy work, do you have any plans?” the man asked Yu Sheng with a smile.

“Yes, I also went to Beijing, planning to find someone from the hidden door.” Yu Sheng said casually.

Hearing the words “Hidden Gate”, the man’s eyes gleamed as if he had found some common topic:

“That’s a coincidence! My name is Wang Zhuangshi, little brother. If you are younger than me, you can call me Brother Wang.

I also went to Beijing this time. I wanted to apply for a job as a chef at the hidden gate. I have no other skills, and the cooked rice is delicious.

If I can cook rice for those gods in the hidden gate, if this matter is told, I feel more face-saving.”

After listening to Wang Zhuangshi’s words, Yu Sheng understood that he had misunderstood that he, like him, came to Beijing to work for those people in the hidden gate.

I never thought that the people here actually regarded the bandits in the hidden gate as gods.

“They acted so badly in Shangjing, why do you have to do things with them? Sooner or later, people like this will be driven back from wherever they go!” Yu Sheng said lightly.

Hearing these words, Wang Zhuangshi’s face paled with fright. He looked around and quickly covered Yu Sheng’s mouth with his hands and reminded in a low voice: “Little brother, I want to remind you because of our fate. In a word, such remarks must not be said nonsense. The right or wrong of Yemen’s hidden gods is not something ordinary people like us can discuss.

Presumably you must have come from a different place, and you don’t know what’s going on. Now most people in Beijing have regarded the gods in the hidden gates as beliefs, and they are not allowed to be slandered by others.

Like the words you just said, if the believers in the hidden door hear them, they will have their tongues cut off!”

For the rest of your life, you will think of what you just said, and will not slander the hidden door. All you think about is the regret of being cut off your tongue.

He was a little curious, the people at the hidden door, behind the scenes, forced and robbed those top

families to kill them, but on the bright side they were a sect who claimed to be a god, and there were even those ridiculous believers.

Really extremely ignorant!

For the rest of my life along the way, I learned a lot about the people in the hidden door from Wang Zhuangshi's mouth, and couldn't help but admire their way of buying people's hearts.

### **Chapter: 1119**

"Little brother, I've always been talking, and I forgot to ask what your name is?" Wang Zhuang was embarrassed and touched his head with his fat hand.

"My name is Yu Sheng." Yu Sheng said with a smile.

Yu Sheng still has a good impression of this honest and simple Wang Zhuangshi.

"Brother Yu, anyway, we are all looking for the gods of the hidden gate, and we are simply together, and there is a sympathy for each other. I went to the place where I used to go to the house of Jingbai to apply for the cook of the gods of the Thunder Sect, and you should also go together. Try it?" Wang Zhuang enthusiastically invited the rest of his life.

After hearing the words of Shangjing Baijia and Thunder Sect, Yu Sheng didn't expect it to be so coincidental, so he simply agreed.

"Okay! Brother Wang, I'll go with you."

When the two came to the gate of the Bai's villa, there were 1,000 or hundreds of people who came here outside.

Isn't this too exaggerated to be shocked to see such a big battle for the rest of my life? So much is to find a job under the hands of the hidden door?

"This time there are still very few people here! There were so many talents in the first two days! You didn't know that where Mo Tianzong is, there are nearly 10,000 people queuing there every day. You can't imagine the scene. Ah!" Wang Zhuang said honestly.

If it weren't for the expensive accommodation in Shangjing, he wouldn't have to go back and forth in the car every day.

Yu Shengzai carefully observed the hundreds of people outside, and ordinary people like Wang Zhuangshi were not too big, most of them were wealthy people wearing famous brand watches and driving luxury cars.

"Brother Wang, do you know what those rich people are here for?" Yu Sheng asked Wang Zhuangshi.

"Of course these rich people don't come to cook for the immortals of the hidden gate like me. They want to join the hidden gate to apprentice skills." Wang Zhuangshi sighed, looking a little lonely.

"If I were as rich as them, who would be a chef? To be able to learn from a teacher to learn these magical methods, I think it is enthusiastic.

such a pity! The fee for signing up is only one million per person, and it is not guaranteed to be able to successfully enter. Those gods who can be regarded by the hidden door are lucky. If they are not selected, the one million will be spent in vain. "

Among the millions of people, there are two to three hundred people who came to sign up, and the registration fee alone is more than 100 million. This kind of money-making method is admired even for the rest of his life.

"Brother Wang, listening to you, it's probably not the first time you have been here!" Yu Sheng said.

"That's natural. I've run five or six and lie down, and I've run almost anywhere else, but the Thunder Sect is almost here. This is my last chance. I don't know if I will be selected. "Wang Zhuang said with a

sigh, the honest smile on his face disappeared.

Yu Sheng felt a little sad after hearing Wang Zhuangshi's words. Facing the invasion of the hidden gate, these people not only had the unity to resist, but also felt that it was a great honor to be able to do things for people like the hidden gate.

Perhaps humans nowadays don't worry about food and clothing, and what they yearn even more is immortality and the ability to possess gods, which is understandable when you think about it.

At this moment, a middle-aged man walked out of the crowd. The man came to Wang Zhuangshi's face, looked at him contemptuously, and then kicked Wang Zhuangshi's big pocket with his foot.

"This is not Wang Zhuangshi, I thought I would meet you here? Look at your big bag and small bag, wouldn't you come to apply for a security guard, right?" The man's tone was full of sarcasm and disdain. Wang Zhuangshi looked a little ugly after seeing the man in front of him, and he simply turned his head as if he couldn't hear anything.

Seeing that Wang Zhuangshi was like this, the man didn't intend to give up, he still mocked: "Yo yo yo, why didn't you, green-headed turtle, dare to speak when I saw me?"

### **Chapter: 1120**

"Wang Huan, don't go too far, otherwise, I will fight with you today, you think I am really afraid of you!" Wang Zhuangshi heard the man calling him green-headed turtle, the fire in his heart was instantly ignited. Turning his head and cursing at the man.

Wang Huan curled his lips in disdain, and said mockingly: "Yo yo yo yo, you still know how to lose your temper!"

As Wang Huan pointed to his face, he said, "Don't you want to hit me? Come here, if you dare to hit me, my mother will go to a lawyer and ask you to pay a hundred thousand yuan. Ah! If you don't do it today, you are my grandson."

Wang Zhuangshi's face flushed with anger by Wang Huan's words, his fists were tightly clenched but he did not dare to really hit Wang Huan.

After all, he is just an ordinary person. One hundred thousand yuan is an astronomical figure for him. Even if he earns a few years, he may not be able to save one hundred thousand, so this other person must be swallowed.

Seeing that Wang Zhuang didn't speak, Wang Huan became more interested, took out his mobile phone and sent a message, and then a smirk appeared on his face.

"Wang Zhuangshi will be here in Hongxia in a while, you already miss her very much, right? It's a pity that she is with me now, and has nothing to do with you.

Not to mention anything else, your wife's skill at serving people is still very good, how could she have been so useless with you in the past! "

Wang Huan's words went too far, and Wang Zhuangshi's fat face became darkened, and his dignity as a man was severely stepped on the ground to scum.

And all this was in front of Yu Sheng, a friend he had just met, and there were so many people around who were all watching his jokes.

"This fat wife is doing well with others, it's really pitiful."

"Cut, it's just a waste of money, even his wife can't hold back to show that he is capable, that he can't do it."

"That's right, you see his wimpy, people ridiculed him in public, he didn't even dare to put a fart, it's really shameful."

Hearing these words, Wang Zhuangshi bowed his head deeply. He felt that he had never been so embarrassed in his entire life, as if the events of that day were happening again in his mind.

"Husband, what did you ask me to do? Did you miss me?" A woman's voice came from a distance at this moment.

Hearing this familiar voice, Wang Zhuangshi was stunned. They all said that men had tears and wouldn't flick them lightly, but she still couldn't help crying.

This is his childhood sweetheart, who grew up together, but when the two were married for three years, Hongxia had never called his husband before, but now she calls someone else's husband in front of him, which is really ridiculous.

A slightly beautiful woman walked over and took Wang Huan's arm directly, and a small woman leaned against him with a gesture of tenderness, and said, "Husband, you've been standing here for so long, so you're not tired. Huh? Would you like me to rub your legs for you?"

A triumphant smile appeared at the corner of Wang Huan's mouth, and said to Wang Zhuang: "I heard that your wife is very caring about me. Have you ever been served this way before?"

Wang Zhuangshi kept his head down, and the anger in his heart almost swallowed him. Wang Huan was wrong. He always regarded Hongxia as a treasure. After he married home, he would eat and drink deliciously and offer nothing. She does.

Earning money to cook and wash is all his work alone, and even washes her face with water for Hongxia. Even if she spoils her like this, she is better off with others.

At this time, Hongxia saw that Wang Zhuangshi was here, and a flash of embarrassment flashed in her eyes and she was relieved, and just like Wang Huan, she looked at Wang Zhuangshi with disdain.

"So you are here? Long time no see!" Hongxia said lightly.

Hearing this sentence, Wang Zhuangshi finally raised his head which had been lowered, and looked at Hongxia affectionately and asked: "Hongxia, come home with me! I don't care about the mistakes you made before and we will live a good life. Ok?"
