Chapter: 1131

The third elder's eyes were round and round with triangular eyes, and he couldn't believe that he didn't even hold on to this young man's hand, and he was directly subdued by him.

Such a strength at a young age is simply beyond the imagination of the three elders, even Song Hao of Mo Tianzong did not have such a method when he was his age like the person in front of him.

Fast, accurate, and ruthless, and didn't give him any opportunity to use his skills. This young man was really terrifying. It was only now that the Third Elder realized how dangerous he was.

"Little brother...you...you don't do it first. If you have something to say, I have been guilty of many crimes before. If you have any requirements, I will try my best to satisfy you and don't kill me." Old face Zhang pleaded.

The man in the hot spring thought he was here to die for the rest of his life, but he thought it was the third elder who was unlucky, and couldn't help but admire the strength of this young man.

If they had the ability for the rest of their lives, how could they be willing to be played with by an old pervert of the same sex!

Yu Sheng pinched the hand of the third elder's neck and didn't let go. He still didn't have the eagerness to coerce and lure the third elder to survive.

"If you want to survive, please honestly tell me the detailed information of your Thunder Sect. If you let me know if you dare to lie to me, I will let you experience the feeling that life is better than death."

Yu Sheng said with a smile, and after finishing speaking, the left hand moved the inner force towards the rockery and swiped a piece of the rockery that was directly blasted into a stone foam by Yu Sheng.

And many people have seen it, and after Yu Sheng waved it out, a huge golden palm phantom appeared in the air.

The three elders also saw it clearly. He only knew that Yu Sheng was great, but he didn't know what realm he was, but he now understood that being able to transform internal force into form was definitely the strength of a great master.

The great master in his twenties is unheard of even in the hidden gate. What kind of enchanting existence is this young man in front of him?

"I said, I said!"

The three elders were completely overwhelmed by Yu Sheng's strength, and without a trace of concealment, told Yu Sheng all about Thunder Sect.

There are three elders in the Thunder Bell and Lei Yuan, the lord of the Thunder Sect. The great elder is a half-step great master of the Grand Master realm, and is only a short distance away from the great master, while the second elder is the peak of the late Grand Master realm.

For Yu Sheng, these three elders are not in the eyes. Even if they fight together, Yu Sheng can easily deal with them. Although it is only a small gap, there is a world of difference.

Lei Yuan, the lord of the Thunder Sect, is not so easy to deal with. He is a veritable powerhouse in the realm of Grand Master. Although he is the same as Yu Sheng in the initial stage of strength, Lei Yuan has been in this realm for more than 20 years. The ability to control internal forces is quite extraordinary. What Yu Sheng said was that he had fought against the three great masters in the Doomsday Prison, and he was also able to deal with Lei Yuan.

The only thing that worries Yu Sheng is that he doesn't know if the other party has any secret weapons, or what kind of pill against the sky, there is nothing to ask from the mouth of the three elders, Yu Sheng

plans to find out again.

Acting arbitrarily, then he will become the target of the entire Thunder Sect. The best way is to defeat the three elders one by one, and finally deal with Lei Yuan, even if he has any later moves, he won't have to worry too much for the rest of his life.

As for the old perverted three elders, Yu Sheng showed no mercy to him, and slapped his sky spirit cover with a palm, directly shattering his skull.

"You are an old pervert after so long and don't know how many men have been forced. Thinking about it, I feel sick. It's better for someone like you to go to hell early."

After solving the three elders, the men in the hot spring wanted to escape. If they did, things here would definitely be discovered.

"If you don't want to die, just stay here honestly, and disobedient people will end up like this old pervert!"

Yu Sheng scolded, those people didn't dare to move anymore, they all stayed there honestly, and no one even dared to make a noise.

After solving the problem here, Yu Sheng planned to find the other two elders, and then Yu Sheng opened the door, and then the door opened, Yu Sheng saw an old acquaintance standing at the door.

Chapter: 1132

"Brother Yu, I'm just looking for you! I didn't expect you to come out by yourself, and I was asking someone to call you." Wang Zhuangshi said with a simple face, and he was still holding a lunch box in his hand.

Yu Sheng glanced at the lunch box in Wang Zhuangshi's hand and understood that he should have come here to deliver food to himself. He was really interested.

"You did this?" Yu Sheng asked.

Wang Zhuangshi smiled and nodded, and said excitedly: "Brother Yu, there will be a place to stay in the Bai's kitchen in the future, and there will be no need to be a security guard in the future. I am responsible for peeling potatoes and washing vegetables in the kitchen.

Although I still can't cook and cook, I am confident that in the future, the Bai family's kitchen will definitely have a place for me to speak. This is the dinner I made specially for you, so you can try it.

Brother Yu, you helped me so much today. I have no abilities and no money. I can only give you these useless things. I'm really sorry."

Yu Sheng patted Wang Zhuangshi with a look of loneliness, and comforted: "You are an indomitable man, and you behave like a lady, a man, what kind of thing is this?

Since it was made for me, take it and let me taste it!"

Yu Sheng took the lunch box that Wang Zhuangshi handed over, and opened the lid to see that it turned out that the fragrant braised pork looked very appetizing. Even after eating the delicacies of mountains and seas, Yu Sheng was drooling when he saw the braised pork.

I picked up a piece of meat for the rest of my life and put it in my mouth. I have to say that it was delicious in color and flavor. Wang Zhuangshi's level was indeed unreasonable. It seems that there is a reason for his fatness, because he cooks so deliciously.

Unknowingly, the sound of the rain ate up all the braised pork and rice in the lunch box. He wiped the oil from his mouth and exclaimed, "You're really a culinary artist. You're cooking here. It's a pity, why don't you follow me later!"

If there is a cook like Wang Zhuangshi in the Yu family, Yu Zhongtian and Xiao Shui will be happy if Wang

Zhuangshi is really willing to come.

Wang Zhuangshi didn't expect Yu Sheng to say this. He was stunned for a while, and asked some uncomprehending: "Brother Yu, you just said it was a pity that I was here. Would you let me follow you?"

"Yes! Are you willing to follow me to give up the opportunity to enter the hidden door?" Yu Sheng asked tentatively.

It is also a kind of fate that two people can meet on the bus, not to mention that the two people also experienced Wang Huan's things together, plus the special delivery of dinner to themselves, more or less the rest of his life is still to this unpretentious Wang Zhuangshi Very affectionate.

If he is willing to give up the hidden gate and choose to follow himself, Yu Sheng will never treat him badly in the future, but he still chooses to stay in the hidden gate. After Yu Sheng dared to leave these people in the hidden gate, he may not ask Wang Zhuangshi again. Things up.

Wang Zhuangshi hesitated after hearing what Yu Sheng said. He didn't know anything about Yu Sheng, and the two people only met today.

And staying in the hidden gate, even if it is a kitchen chore, it is to do things for the gods, his job can not be requested by others!

"Brother Yu, I, Wang Zhuangshi, will follow you in the future. Before I was ignorant, I asked you to call my brother Wang. Now you call me Zhuangshi." Wang Zhuangshi said firmly.

After thinking about so much, Wang Zhuangshi finally only wanted to understand one thing, his life was saved for the rest of his life, so what reason is there to refuse him!

Yu Sheng was supposed to deal with the two elders of the Thunder Sect at night, and couldn't bear Wang Zhuangshi's temperament. Two people drank a box of wine like this, even if there were no drinks or dishes. Excited.

A man with extraordinary talents, a rare genius in a thousand years, is worth hundreds of billions, and the other is a poor family in the countryside.

It was these two people who were quite different in their identities and even drank while talking and laughing. For the rest of their lives, they were listeners and listened to Wang Zhuangshi's narration of his story.

Chapter: 1133

Early the next morning.

Yu Sheng woke up from the room, put on his clothes and planned to go out. The third elder was killed by himself and couldn't be kept away for too long, so there were some things that had to be done quickly. After going out, Yu Sheng wandered aimlessly in the Bai family, wanting to see what level the disciples of the Thunder Sect were.

According to observations, there are indeed many hundreds of disciples of the Thunder Sect. Although the Bai family is large, there is no way to accommodate these people. For some people in places near the Bai family, if something happens here, they can come as soon as possible.

The highest level of these people is just the strength of the initial stage of the Grand Master Realm, which in Yu Sheng's eyes can not pose a threat at all.

After Yu Sheng was about to inquire about the residence of the two elders, he heard a sharp woman's voice coming from behind.

"You stop me!"

Wen Sheng Yu Sheng looked back and found that the speaker turned out to be Wang Zhuangshi's ex-

wife Hongxia. After seeing that it was him, Yu Sheng didn't intend to pay attention to him, and continued to walk, directly ignoring her.

"You are a thing of the third elders. What qualifications do you have to walk around, and you are not afraid that you will dirty this place!" Seeing Yu Sheng was about to leave, Hong Xia yelled.

She accompanied the two black-robed adults last night, and she also learned from their mouths that the reason for choosing the rest of her life was because of the hobbies of the third elders.

"It doesn't matter if the people are not clean, you just spray dung in your mouth in the morning, for fear that others don't know what you are?" Yu Sheng turned his head and turned back directly.

Hong Xia thought that Yu Sheng would say this to him. She was so angry that she shook the arm of the black man next to her with a grieved expression, and said pitifully, "My lord, you look at him like this, it's nothing. I put you in my eyes! You must teach this kid a good meal."

The man in the black robe is not someone else, it is the day when he chooses a person to naturally recognize this for the rest of his life.

"This looks really owe you to clean up, little baby, how do you want to clean up him!" The black robe man touched Hongxia's face and asked.

Hong Xia naturally has no affection for Wang Zhuangshi's friend, and Yu Sheng just said that to her, saying that nothing can be done to him lightly.

"My lord, I feel annoyed when I see him, otherwise I will drive him out of Thunder Sect! How can such a person be worthy of staying in this place?"

The black-robed man hesitated when Hong Xia said this, because Yu Sheng had now been sent to the third elder, and there was no order from the third elder to drive people, and he did not dare to call the shots without authorization.

In the eyes of these ordinary people, he is an adult or a god, in fact, he is just an inconspicuous disciple of Thunder Sect, and his current strength is only a warrior.

"This won't work, but I can help you beat him to relieve his anger, what do you think?" the black robe man said.

Hongxia is not the kind of unwise person, and it is good to have a rest for the rest of her life. If it weren't for this nosy person, how could Wang Huan not want him.

"Good lord, please show your magical powers and clean up this ignorant guy!"

Yu Sheng had been looking at the two with a sneer on the side, and even a little pitiful Wang Zhuangshi, who was drunk last night and kept calling this woman's name, it was simply not worth it.

Yu Sheng would not show any mercy to such a person who took the initiative to look for him. Looking at the black robe man rushing in his direction, Yu Sheng directly waved a palm to his chest.

The distance between the two of them was five or six meters. When the black robe man hadn't met Yu Sheng, he was blown away by a powerful internal force.

The black-robed man fell to the ground fiercely, his bones shattered, and Yu Sheng's light and fluttering palm was a devastating injury to a warrior. There was no death but it could only be said that Yu Sheng's men were merciful.

Hongxia was frightened, and she couldn't help shivering while standing there. Yu Sheng had just shot the god of Thunder Sect into the air, which was simply shocking.

I thought that Wang Zhuangshi's friend might be a bit bad money, but I didn't expect his strength to be so terrifying.

"You woman relied on Wang Huan before, and now you think that rubbish can deal with me, do you still

want to be called someone? I stand here and wait for the rest of my life!" Yu Sheng looked at Hongxia with a playful expression, and said lightly.

Chapter: 1134

Hongxia had completely lost his way this time. He didn't expect to be so powerful for the rest of her life, how could such a terrifying strength be something she, a weak woman, could deal with.

In order to be able to save her life and not end up to pieces like the man in black, Hongxia directly knelt on the ground and begged for mercy: "I'm sorry, I'm sorry, I was blinded by lard before, and please don't follow me with a lot of lard. I usually care about this little girl.

From now on, I will do whatever you ask me to do. Can you please spare my life? "

Yu Sheng pushed away Hong Xia, who was holding her trouser legs. The previous woman completely disgusted him. If it weren't for Wang Zhuangshi, he wanted to kill this woman.

Hongxia was kicked away by Yu Sheng with a look in her heart, she apologized so much that she was still reluctant to think about the other party.

At this moment, Hongxia saw two people walking in the distance. They were dressed extremely gorgeously, and both of them were relatively old, and she knew that they were unusually identities. Recalling what the black robe man said to her last night, Hongxia could almost confirm that the two people not far away were the first elder and second elder of Thunder Sect.

Seeing these two people, Hongxia was like seeing a savior. In that case, the rest of her life would be a catastrophe imminent.

Getting up from the ground, Hongxia snorted disdainfully, and said to Yu Sheng in a bit of bitter voice: "You are really as annoying as Wang Zhuangshi. Don't think that I was really afraid of you when I kneeled with you just now. .

Do you really think you are invincible in the world if you are a little capable? Following the deity who injured the Thunder Sect is seeking his own way of death. Look at the back, the great elder and the second elder are here, you are dead today! "

When the first elder and the second elder were 100 meters away from Yu Sheng, Yu Sheng had already sensed it. The reason why he was wasting time with these two people here was just waiting for them to come.

It's hard to think that Hongxia, a stupid woman, would actually use the two elders as her backer.

"Even if it is the king of heaven, Lao Tzu is here, I want to clean up you and no one can save it? As for how to clean up you, I have already figured out how to clean up your face, and see how you will seduce men in the future? "Yu Sheng said coldly.

Upon hearing this, Hongxia took a few steps back subconsciously and hurriedly covered her face. The tone of Yu Sheng's speech just now was really terrifying.

"You...you..." Hongxia covered her face with one hand, and pointed Yu Sheng with the other, feeling angry and afraid of Yu Sheng in her heart.

Seeing the two elders getting closer and closer to them, Hongxia directly shouted at the two elders: "Elder, second elder, help! This person killed the Thunder Sect person!"

The two elders were still chatting and laughing. They heard someone yelling, so they looked over and saw that a disciple of the Thunder Sect was dying not far away.

"The two elders, this is the one who beat people like this, he also said that he would destroy the entire Thunder Sect!" Hongxia said to the two elders.

I thought to myself, no matter how good you are, there must be no way to fight the two elders. This

time you are definitely dead!

What made Hongxia never thought was that not only did she escape for the rest of her life, she took the initiative to attack.

When the two elders saw that he was a young man, they didn't think he was so powerful. They didn't feel the fear of the palm until the palm hit the second elder.

Without any defensive second palm, I was directly knocked out by this palm, and the whole person spit out a mouthful of blood before stopping.

"Second brother, are you okay?" The elder hurried to catch the second elder who was about to fall to the ground and asked with concern.

Yu Sheng's hard palm was the same as the strength he used to deal with the black robe man before. The black robe man only had the identity of a warrior, so he couldn't hold Yu Sheng's palm at all.

The second long teacher's strength at the peak of the late grandmaster stage, although he was not as weak as the black-robed man, he was seriously injured after taking over the palm of the rest of his life.

"Brother, this person is extraordinary! The strength of his palm is comparable to yours, we must not take it lightly." The second elder held his chest, looking at Yu Sheng with a watchful eye.

At this time, the great elder and the second elder were all beaten like this. Naturally, it was not good for him to underestimate the enemy. He believed in what Hongxia had said before.

It seems that the purpose of this person here is to destroy the Thunder Sect.

The two elders glanced at each other and attacked Yu Sheng at the same time. Hong Xia on the side saw this and a smirk appeared at the corner of her mouth. He didn't believe that she could survive the rest of her life.

Chapter: 1135

"Who are you here for the purpose of Thunder Sect? What is it?" Elder Leng Sheng asked Yu Sheng.

The emergence of Yu Sheng's this time really shocked the two elders. I thought that the most powerful one was the Hidden Gate, but I thought that today a young but strong person suddenly appeared.

When dealing with the rest of his life, it is still necessary to ask who sent him over, so that every school can be prepared.

"You ask who I am? I just can't understand the high-profile form of your hidden door. I don't object to your hidden door being born, but if you do anything wrong in the secular world, then I have to take care of it today." Yu Sheng said.

"You think you can really contend with the Yellow-mouthed Child Thunder Sect based on your ability? Let's talk about it after passing our level!" The second elder said to Yu Sheng in a deep voice.

Just now because of carelessness, he was slapped by Yu Sheng, and now he was seriously injured, but he was angry with Yu Sheng, and seeing that this kid dared to fight against Thunder Sect, naturally he wouldn't have a good face.

"Don't talk too much nonsense with him. We two will take action together and solve him. Then we will send it to the Sect Master to see how the Sect Master sends him." The elder did not know when he had already taken out a piece of talisman paper and clamped it in two. Between the fingers.

But the second elder took out a long face and held it in his hand, and the two looked at each other and then launched an offensive towards Yu Sheng.

For the rest of their lives, the two elders in front of them have never been in the eye. Yusheng's feet pulled away a certain distance with the two elders, and happened to escape the thunder that the elders let him pass. symbol.

The rest of his life had just dodged, and a piece of yellow talisman was dropped at the position where he was fighting, and lightning struck the ground in an instant, and a huge black hole appeared in the ground in an instant.

A small piece of talisman paper can actually attract the power of lightning, if it is not immediately chopped into ashes on a person's body.

Sure enough, the methods of the great elder were much more powerful than the rune paper used by the three elders he killed before.

The second elder pierced Yu Sheng's chest with the Ben Lei sword in his hand, and shouted in his mouth: "This time I think you can't hide it? Look at the sword!"

Yu Sheng could see that his Juggernaut had strong internal strength and thunderous power. Although this power was not small, his speed was not enough in Yu Sheng's eyes.

One side of his body escaped his attack, Yu Sheng squinted his eyes and hit the second elder with a fist, directly blasting the second elder out.

At this moment, the great elder had three more talisman papers in his hand, and then his mouth silently muttered some tricks that he could not understand for the rest of his life, and all the talisman papers in his hand ignited spontaneously.

For the rest of his life, I couldn't understand what he was doing? But in the next second, I understood that the great elder was a direct magnification move.

A circle appeared at the foot of the position where he was standing. When Yu Sheng wanted to leave, he realized that there was no way to get out of that circle. He could only move in that small space. He seemed to be separated from the outside world by a layer of internal force. The barrier is average. Without any hesitation, Yu Sheng directly transported his internal force toward the air barrier and blasted over, but the internal force he grew up seemed to be completely absorbed by the air, and it had no effect at all.

The elder saw Yu Sheng still struggling and sneered and said: "Don't do useless struggles. If you can force me to use the Five Thunder Talisman, you can be considered dead. Unless you have survived the Five Thunder Tribulation, otherwise, don't think about it. Come out of that circle."

Of course, while the great elder trapped the rest of his life in that circle, the outside world could not cause any harm to the rest of his life.

As soon as the words of the great elder fell, the sky, which was still clear for thousands of miles, was immediately covered with dark clouds, and the sky was dark when the wind blew up.

The sky crackled with thunder, and lightning moved like an electric dragon among the clouds. It looked like it could be smashed from the sky anytime and anywhere.

Seeing this monstrous aura, Hong Xia, who had been watching the show next to him, also showed a look of surprise. Among them, he admired the gods of the Thunder Sect even more. It is true that the gods can manipulate the thunder and lightning. This time, the rest of his life is definitely dead. !

Chapter: 1136

In this short space, he thought of many ways for the rest of his life to escape from this circle. He couldn't just wait for death like this! Even with his current strength, Yu Sheng felt a bit dangerous aura.

At first, I tried to split the air barrier with internal force, but it didn't work. For the rest of my life, I switched to another method, which was to dig a hole under the ground to escape while the lightning was still not breaking down.

When Yu Sheng wanted to do it, he discovered that not only was there air around it, but also under the

ground, it was simply trapping him inside.

Yu Sheng sat on the ground and sighed. It seems that he really can't hide from these five heavenly thunders this time...

Since he couldn't escape, he would carry it. He didn't believe that the strength of a small half-step Grand Master could really kill him with these five thunder tribulations, then his Grand Master was really too watery.

Looking at the clouded sky, Yu Sheng waited quietly for the thunder and lightning in the sky, suddenly an electric dragon rushed towards Yu Sheng's head from top to bottom.

In the face of this sudden lightning, for the rest of his life, there was no way to hide, but he could only rely on his power to resist the lightning's damage to the body.

boom!

When the lightning strikes, Yu Sheng only feels that his whole body is shocked, and the clothes on his body are directly slashed and burned by the powerful lightning. Even Yu Sheng's hair was not spared, and all of them were burned. ash.

After the thunder and lightning, he still stood upright for the rest of his life. Although his body had been blackened by the thunder and lightning, he still stood upright.

The power of thunder and lightning just now is indeed not small. For the rest of my life, I feel that my whole body has been baptized by lightning. This day, the thunder is more powerful than the thunder and lightning on the iron lock of the doomsday prison.

Even so, Yu Sheng still carried it down. Although Tian Lei was powerful, it was still far from the power that Yu Sheng imagined.

Then came another sky thunder, which fell from the sky and smashed Yu Sheng's body again. This time the power was even more powerful than the last one, and a hole was cut out on the ground under Yu Sheng's feet.

The body of the rest of his life, who was bearing the sky thunder, couldn't help but sway, but it still didn't fall down.

When Yu Sheng saw this, even the great elder who led the martial arts Tianlei was extremely shocked in his heart.

What if it takes two sky thunders? This day, the power of the thunder became more and more powerful. The great elder didn't believe in the rest of his life. At this young age, he can really have such a strong strength to survive under the five thunders.

boom!

The electric dragon in the sky struck Yu Sheng's body again, and even the two elders and Hongxia on the side could clearly feel the power of the sky thunder this time was much higher than the previous two. Even if the strong electric shock is not hitting them, you can still feel the numbness on the surface of the body's skin. It's like this more than ten meters away. What will happen to the rest of your life after being struck by thunder and lightning. Now!

The eyes of the three of them all looked in the direction of Yu Sheng. The power brought by the thunder and lightning just now was too great. The place where Yu Sheng was was enveloped by a puff of black smoke, and it was impossible to see exactly how the people inside were. NS.

The black smoke dissipated faintly, and the three of them stared at the front unblinkingly.

In the smoke, Yu Sheng knelt on his knees and pressed his hands to the ground. This third sky thunder also caused him a lot of damage. He coughed violently, and Yu Sheng stood up slowly again.

Feeling the tiring power of this day clearly for the rest of his life is almost certain, this is not the power

that the half-step master can create at all, and the three talisman papers of the great elder are definitely not painted by himself.

Thinking back to the three elders who were killed by him, the gap between the two runes was too big. But at this time, Yu Sheng didn't have time to deal with these things. He had insisted on laying down three heavenly thunders and two still waiting for him.

Facing the last two sky thunders, Yu Sheng didn't have a slight heart. Compared with the previous three times, Yu Sheng deliberately revolved his internal force and wrapped his whole body to resist the next sky thunder.

"God, that kid can actually stand up, this body strength is too terrifying!" The second elder said with wide eyes in disbelief.

The Grand Elder's expression also sank, and then he thought of something, the sad cloud on his face slowly dissipated. Although the strength of the rest of his life was terrifying, the Grand Elder was also very confident in these five thunder talisman.

Chapter: 1137

These three pieces of talisman paper are the gods just given to him by the Sect Master. They are one of the two treasures of their Thunder Sect. The most powerful divine item of the Thunder Sect is the nine thunder whip in the hands of the Sect Master, and the second one is his five treasures. Lei Fu.

The reason why the grand meeting is useful for such a powerful baby is because he felt the crisis of death in the palm of Yu Sheng's hand to the third elder, so he did not hesitate to take out this baby and plan to subdue it for the rest of his life.

Now that Yu Sheng can survive the three sky thunders and still stand, this has deepened the elder's guess, if he directly talked to Yu Shengsheng, he might have become a corpse now.

The strength of this young man's body has reached such a terrifying level, is it possible that his strength is more powerful than that of the suzerain?

Thinking of the great elder here, he didn't dare to think about it anymore, he could only silently pray that these five thunder talisman would disperse the soul of the rest of his life.

boom!

The fourth sky thunder struck down, and the two elders couldn't help but step back dozens of steps, for fear that the immense power of the thunder injury that day would also affect them.

As an ordinary person, Hong Xia's face turned pale, and she hurriedly ran away, and came to a place tens of meters away, hiding behind a big rock and then poking her head in the tide, looking at the direction where Yu Sheng was.

Will you see if you die this time? That great power must have chopped him into dregs, right? Hongxia thought viciously.

The power of the fourth heavenly thunder is indeed very great, and Yu Sheng will persist under this heavenly thunder, even if there is an internal barrier that Yu Sheng has made in advance, he is still seriously injured.

No longer holding back the rest of his life to spit out a mouthful of blood, the whole person was lying on the ground, breathing a little bit unsmoothly.

At this moment, Yu Sheng's mental mind sounded a milky voice.

"Master, are you in trouble? Would you like Xiao Ningyu to help you?"

"Can you help me? How can I help!" Yu Sheng asked with his mind.

"No matter how much I say, I am also an ancient god jade! I have a lot of abilities, and the level is still

not growing to that level, but I can overdraft my strength to help your body condense a protective layer, although it can't make you completely I can't feel the power of the sky thunder, but it can also make you a lot easier, at least you won't be life-threatening." Xiao Ningyu said triumphantly.

After getting Ningyu, Yu Sheng also understood Xiao Ningyu's nature against the sky. He didn't even think that he was still a growth-type baby. When he thought that Xiao Ningyu's current usefulness was large enough, if he could grow up enough. When it's strong, isn't it even more against the sky?

"No need, five heavenly thunders. If I even let you overdraft to help me, it would be too wasteful." Yu Sheng directly rejected Xiao Ningyu's kindness.

The four sky thunders just now made Yu Sheng feel that the meridians on his body were running fast. In addition to the huge damage to his body, the sky thunder did not mean that there was no benefit at all. He wanted to see what kind of power the fifth sky thunder had!

"Master, are you sure you don't need my help? Just in case... I mean just in case! Master, you can think about it again. These five thunder talisman are very powerful. Survive under this kind of power." Xiao Ningyu said with some worry.

Although he was still asking, but he had already made a plan in his heart. If Yu Sheng was really in danger of life, he would do his best to protect Yu Sheng's safety even if he didn't let him take it.

"I know what you are thinking, listen to my orders, don't do anything for me, I don't believe that I can only survive from the thunder of the sky by relying on external forces for the rest of my life!"

Yu Sheng clenched his fists, his body exuded a monstrous aura, this time he wants to try head-on! boom!

When the fifth sky thunder struck, the Bai family that was shaking by the electric dragon trembled a few times.

Chapter: 1138

"God! Why did it suddenly thunder during the day? This is too scary, so hurry up and stay in the house!"

"No! See which god is responsible for this situation? My God! Hurry into the house, I was scared at the sight of this thunder and lightning, let alone smashed people, it is not directly smashed into scum Scum!"

"Isn't this taking out the five thunder talisman of Thunder Sect's divine object? Who passed it to you recently? It's not easy for someone to use this method to deal with it!"

"Even no matter how powerful it is, it's dead under the power of such a sky thunder!"

People from the Thunder Sect were all talking about it, but there was no one who dared to go and see it. After all, in this case, normal people would choose to stay in the house, and the fool really ran over to watch the heat! There is no difference between that and looking for death at all.

Such a movement naturally alarmed Lei Yuan, the lord in Thunder. Lei Yuan, who was practicing, listened to the thunder in his ear and opened his eyes.

"Could it be that there is some powerful character from Thunder Sect? Otherwise, how could the great elder come up with five thunder talisman." Lei Yuan Gu Zi murmured.

Even if there is a powerful character who is trapped in the five thunder talisman, he can't escape with his wings, and there is no possibility of surviving at all.

Thinking of this, Lei Yuan closed his eyes again and continued to sit and practice.

.....

Hongxia didn't see the scene of being struck to death by the sky thunder for the rest of her life. She didn't dare to stay in this place anymore to survive, and fled straight away.

When the two elders saw this scene, they also circulated the internal force in their bodies and made a protective shield of internal force.

Yu Sheng stayed in that circle and had nowhere to retreat. The sky thunder struck him down. Yu Sheng only felt that the force between the sky and the earth made him lie on the four sides, followed by the intense numbness.

As strong as the rest of his life, there is no benefit that he can get from this thunder. The skin on his surface is cooked by the thunder and exudes bursts of meaty aroma.

For the rest of his life, he was not smashed into ashes by this fifth sky thunder, and he was lying motionless in the big pit on the ground. Now he was like a corpse, completely without any vitality.

“Dead! It’s his ability to die under these five thunder talisman, but it’s a pity that these five thunder talisman! I don’t know what to draw such powerful talisman paper again.” The elder sighed. He said in a tone, it was a pity that these five thunder talisman had been used so easily by him.

“To be able to hold on to the four heavenly thunders, the strength is not something the two of us can contend with. Fortunately, you carry the Five Thunder Talisman with you, otherwise our lives today will be accounted for here.” The second elder said with lingering fears. .

The elder nodded in agreement, although regretting the five thunder talisman, it was a good thing to be able to save his life.

At this moment Yu Sheng, who was like black coal, moved his limbs, and then Yu Sheng slowly got up from the ground.

The two elders who saw this scene slumped on the ground in surprise, almost unable to believe what they saw in front of them.

“How is it possible? How could this kid be able to carry five heavenly thunders and still be dead!” The Great Elder said incredulously.

The second elder next to him was already shocked, his mind was blank and there was no way to think, just staring at the rest of his life in a daze.

Suddenly, Yu Sheng stood and slapped in the direction where the two of them were. In an instant, a golden palm phantom appeared in the sky, and in the golden phantom there seemed to be electric dragons roaming inside.

boom!

The two elders were hit by golden shadows before they could react, and instantly turned into ashes and disappeared between the heavens and the earth.

Chapter: 1139

For the rest of his life at this time, although he survived the fifth heavenly thunder, it also brought a lot of trauma to his body.

The surface of his skin has been roasted, and the whole person looks like a monster, looking very scary.

“Master, let me fix it for you!” Xiao Ningyu said with some worry.

For the rest of my life, I didn’t refuse, and nodded. The pain is still tolerable, but the appearance is too scary. If anyone passes by this place, he will be scared to pee when he sees him now, right?

Since Xiao Ningyu can repair his appearance, it couldn’t be better!

Seeing Yu Sheng nodded, Xiao Ningyu exuded the strength of his body. A layer of golden light immediately enveloped Yu Sheng’s whole body, and then the layer of rotten flesh on his body slowly faded away. The flesh and blood were repaired by the golden light, and soon, it grew again. A layer of white and tender skin.

Slowly, all the black rotten flesh on his body receded. Although the skin was completely repaired by the golden light, Yu Sheng turned into a big bald head.

Xiao Ningyu saw Yu Sheng's bright big bald head and couldn't help but laughed out: "Master, you are too funny, you have turned into a big bald head, hahahaha, like a hairy egg.

Your hair was burned by the sky thunder, I don't know if it will grow out in the future, or the owner will only be a hairy egg in the future! "

For a moment, Xiao Ningyu lost his mind and didn't notice that Yu Sheng's face had gone completely dark.

Yu Sheng raised his hand and knocked on Xiao Ningyu's head. Xiao Ningyu wailed in pain, looking at Yu Sheng with aggrieved expression.

"Master, they saved you just now! Why are you paying me your gratitude and revenge to beat me!" Xiao Ningyu said pitifully.

Yu Sheng put his hands on his shoulders, and still asked with a dark face: "Who did you just say is a hairy egg? Say it again!"

After being burned clean by the sky thunder, the rest of my life has been depressed enough, and it is strange that this Xiao Ningyu laughs at him for the rest of my life!

"The owner is not a hairy egg. The owner is the most handsome bald head in the world. There is nothing wrong with even a bald head. At least it can save money for shampoo." Xiao Ningyu couldn't help but smile directly. There was a sound.

Yu Sheng directly grabbed Xiao Ningyu's ear this time, and said angrily: "If you dare to say that I am a bald head, I'll clean you up!"

Suddenly the rest of his life realized that there was little energy. This Xiao Ningyu looked a little bigger than before. Before, he looked like a one or two year old child, but now he looks like a four or five year old child.

"Master, it hurts!" Xiao Ningyu grabbed Yu Sheng's water and begged for mercy.

Only then did Yu Sheng react. He still held his ears, and quickly let go of his hands and asked, "Xiao Ningyu, have you grown up? What's the matter?"

Xiao Ningyu curled her mouth and bulged her cheeks, and without answering Yu Sheng's questions, she turned her head angrily.

"Okay, okay, I was wrong, I shouldn't hold your ears, I'm sorry, let's do it! Tell me, why did you grow up suddenly?" Yu Sheng said.

Xiao Ningyu turned her head when she heard Yu Sheng's apology, but she was still annoyed for the rest of her life, and said sullenly, "The fifth sky thunder just now has not only strengthened your own thunder attribute, but it also treated me very much. The big advantage is that the energy of the thunder element will naturally increase when I absorb it. I told you before! My voice is a growing ancient god jade!"

Yu Sheng nodded his head seemingly understanding, the palm that went out to the two elders before did indeed carry thunder and lightning ability, and I didn't think that carrying the fifth sky thunder in the past would have such benefits.

Suddenly Yu Sheng thought of a question. He placed his hand on his chin and looked at Xiao Ningyu thinking. After thinking for a while, he still couldn't understand, so he asked: "Xiao Ningyu, are you a man or a woman? Why? I still can't tell when I'm four or five years old?"

Chapter: 1140

Xiao Ningyu was also stunned. He didn't know how to answer Yu Sheng's question. Whether he was a man or a woman, he couldn't make the decision!

He was originally an ancient god jade, and there is no gender at all. When he used to follow the ancient god of death, he grew up to become a man and fight side by side with the god of death.

"The gender should be determined by the master. I am still in my childhood. When I grow up to adolescence, the master can choose my gender." Xiao Ningyu said.

Yu Sheng didn't think he could choose anything like gender, and couldn't help but become more curious about Xiao Ningyu.

At this moment, Xiao Ningyu said again: "Master, are you sure you don't wear clothes like this? You have been standing here, don't you be afraid of others coming to this place?"

There is more! That annoying woman just hid in a room fifty meters to your left. Don't forget to clean her up! I can't understand her piety!"

After listening to Xiao Ningyu's words, Yu Sheng couldn't wake up immediately, and saw that his skin had returned to the way it was before, but there was something wrong with wearing clothes.

Tian Lei not only burned his hair, but also burned his clothes for the rest of his life. There is no way for the rest of his life to take off the clothes of the dying black-robed man who was beaten by him before.

In the process, the black-robed man still wanted to struggle, but there was no way to stop the rest of his life if the bones on his body were broken.

Putting on the clothes of a man in a black robe, the black robe is large and fits well. Yu Sheng said to the man: "Let's wear the clothes. By the way, you can survive in my palm and you will be big enough.

Survive under the aftermath of the sky thunder, what a Xiaoqiang who can't be beaten!"

Abandoning this sentence, Yu Sheng turned around and left, only leaving a man lying on the ground unable to move, unable to speak, he was crying without tears...

For the rest of his life to deal with the two elders, it is natural to find the woman Hongxia to settle the accounts!

When he arrived at the room Xiao Ningyu said, Yu Sheng kicked the door of the room and heard the woman scream, and then saw Hongxia hiding under the table in a panic.

"Come out! You can't hide today."

Yu Sheng said coldly, the voice was like Shura who came to kill her in hell, and Hong Xia was trembling in fright, and she never dared to crawl out from under the table.

Upon seeing this, Yu Sheng directly shook the table flying with internal force, Hong Xia who had nowhere to hide screamed and knelt at Yu Sheng's feet.

"The gods have mercy, the gods have mercy!" Hong Xia kept kowtow to Yu Sheng, her forehead was bleeding and she still didn't dare to stop.

Being able to live under the thunder of such a powerful world, for the rest of her life is more powerful than these gods of the Thunder Sect. This time Hongxia really knew that she was wrong. If she was given another chance, she would not offend such a character by saying anything.

"Should you remember what I said before?" Yu Sheng didn't have a trace of pity for this Hongxia, and asked coldly.

Hearing Yu Sheng's words, Hongxia's face turned white when she brushed it. How could she have forgotten that before Yu Sheng said that she would draw flowers on her face.

As a woman, and still a pretty good-looking woman, she cares most about her appearance. If her face is disfigured, then she will have no hope of anything in the future.

Hongxia kept shaking her head, praying for this and the rest of her life to let her go.

Even if she looks like this for the rest of her life, she is still unmoved, if it weren't for Wang Zhuangshi's face, Yusheng would directly kill this disgusting woman.

He provoked him once or twice, and for the rest of his life he would never be kind to such a person.

Yu Sheng came to Hongxia step by step, and under his struggle, he used his finger to draw a cheap word on her face.

"To marry a man who treats you with heart and soul, you don't cherish it, and you go out of the wall, and even cooperate with your adulterer who wants to kill your husband's life, a woman like you who can do her best. This is You deserve it!"

The rest of his life said without a trace of emotion, and then turned and left.
