

Dont mess 1181

Chapter: 1181

There was only one young man sitting there in the designated place, and even the rest of his life would not find it, but instead played a game with comfort.

Yu Sheng walked to the young man, knocked on the table with his hand and said, "I'm here, why is there no one here?"

Suddenly hearing someone talking, the young man raised his head and saw that there was a person standing in front of him. He was startled, and then said angrily: "This place is exclusively for the guards of the Holy Land. Not everyone can come. Hurry up, hurry up!"

"I am a participant, and I have arrived now, why are you alone here? Other people?" Yu Sheng asked in surprise.

The young man in front of him this time, even the old woman who was talking on the high platform yesterday, could not possibly be the case that this challenge was invalidated, Yu Sheng thought in surprise.

The young man put his mobile phone in his pocket and looked at Yu Sheng angrily and said, "You are not done with this person? What's wrong with things! How can someone be at this point now?"

And even if the challenger will arrive tomorrow morning at the earliest, you should pretend to be a bit more even if you come in and pretend to be? "

After listening to the young man's words, Yu Sheng realized that the reason the person in front of him didn't believe him was because he arrived too quickly, and it was a bit unbelievable, so this person thought he was fake.

If the rest of your life has a map inside and you don't get lost, you can basically reach the place that night, which is still relatively slow!

Yu Sheng understood that it was useless to say more, only what the eyes saw was true, so his body moved quickly and appeared at a position of about ten meters.

Yu Sheng's move was completely stunned by the young man, and some even couldn't believe his eyes, thinking that he was hell, how could anyone move such an exaggerated ability instantaneously?

"Did you see clearly? Believe it now?" Yu Sheng said that he appeared in front of the young man as he moved.

"Believe... Believe it!" The young man's mouth was a little disobedient, looking at Yu Sheng's eyes as if looking at a monster.

"Don't look at me like this, I'm just an ordinary person, can you please inform the people of the Holy Land now?" Yu Sheng said with a smile.

The young people were still shocked by Yu Sheng's speed against the sky, and they didn't react to it. Seeing Yu Sheng's reminder, he took out his cell phone and made a call.

"My lord, there are...someones who have successfully challenged now, do you want to come here now?"

The young man said and glanced at the rest of his life subconsciously.

Although all of this happened real, the feeling was not real like a dream.

"How is it possible that a challenger has arrived at this point? Could it have sneaked in? You can check that anyone else can be put into the Holy Land." The old woman said with some impatient tone.

The young man understood that the adults did not believe in the truth of this matter just as he did, so he quickly explained: "I have already inspected the matter. This is true. He is really a challenger, and his speed is very high. Come on, as if it will move instantaneously, come here soon!"

The more he said this, the more fascinating he was. If he hadn't seen it in the real world, the young man even felt like he was bragging.

"Well, I'm going now!" The old woman hung up after speaking.

The young man touched the sweat on his forehead and looked at Yu Sheng with a bit of irritation. The tone of the adult's words to him just now was obviously irritated, which is not believing him.

In other words, if someone calls you and says that someone has completed the challenge twice as early as possible, and will move instantaneously, this will definitely be considered mentally ill!

Chapter: 1182

"This person is the person you mentioned on the phone who completed the challenge twice as early as possible, and can still move instantaneously?" The old woman looked at Yu Sheng and asked the young man.

The man in front of him looked like he was only in his twenties. He was no different from an ordinary person, much less like someone who had practiced some powerful Gu techniques.

The young man nodded quickly and said, "The adult is him. If you don't believe me, I will let him demonstrate to you now. I really don't lie."

Yu Sheng smiled faintly and immediately understood, and then appeared in front of the old woman as soon as he moved, and asked: "You believe it now? I am the first person to come to the destination. Can I go to the holy place to be a guard?"

Listening to the urgency in Yu Sheng's tone, the muddy eyes of the old woman became deeper, and there was a complex color in the eyes of Yu Sheng.

She lived nearly a hundred years old, and she had never heard of such a capable young man here, and his skills were not at all in cultivating Gu, on the contrary, he was more like those martial arts people from the outside world.

Thinking of these, coupled with Yu Sheng's eager desire for this place, made the old woman even more suspicious that he had no plans.

"No, I won't take you to the Holy Land. Let's make some things clear in person. What is your purpose here?" the old woman asked in a deep voice.

Yu Sheng also understood that his performance was too dazzling, so he would be seen by others. If it were placed in the rest of his life, he might choose to be a little slower, so as to be concealed, but now his daughter is poisoned anytime and anywhere. May be killed, which made Yu Sheng a little anxious and chaotic.

Now that it was seen by others, Yu Sheng didn't intend to conceal more, and explained: "I am not from this stockade, and I am not participating in the challenge to protect the Holy Land.

If it is the purpose, I just want to see the saint and ask her something. This matter is related to my daughter's life, so I have no choice but to make a bad plan. I hope you don't care about me."

The old woman had been staring at him for the rest of her life. His tone was sincere and not as if she was lying, so she asked: "What purpose do you have in this place, why don't you tell me? Otherwise, I won't let you go to see the saint."

Yu Sheng sighed helplessly, and talked about his daughter's situation to the old woman in front of him.

There was no concealment between the words, and he also explained the Gudian book.

"What, you actually have such an evil book!"

The old woman looked at Yu Sheng with a shocked look. She couldn't understand the book of Gu Dian. The book was kept in the holy place of their stockade before, and was later stolen by people without

knowing it. With audio.

The method of practicing Gu in that book is too bloody and cruel. Although the speed of improvement is very fast, it will kill a lot of innocent lives, so they don't have the content in the study book, because it is something left behind by the ancestors and is for reasons of respect. There is no destruction.

"Yes, there used to be a person who practiced the above Gu technique and killed many children. Later, because I destroyed all his secret base, they looked at me and wanted to kill me and I solved it. That book is Turned out from him.

I just took a look, and put the book in the study room. I didn't expect it to be stolen by someone with a heart. Yu Sheng explained.

The old woman sighed, "Perhaps all of this is a matter of God's will! I have a way to detoxify the gu worm in your daughter's body. Follow me!"

"Really?" Yu Sheng was full of excitement. Sure enough, he was wrong to come to this place, and an antidote could be found here.

Chapter: 1183

Following the old woman all the way, Yu Sheng was very worried, and unknowingly, he came to a room specializing in vegetarianism.

The old woman sat in a chair and looked at Yu Sheng and asked, "Your daughter's I can help, but there is no good thing in the sky, so what can you do for me?"

There was nothing wrong with her method, Yu Sheng also felt it was reasonable. After all, others had no obligation to help herself, but Yu Sheng couldn't figure out what the old man in front of him wanted to get from him.

"I have 400,000 in cash in my backpack. If you don't think it is too small, you can tell me the number, I'll let someone call you when I get back."

Yu Sheng put the backpack on the table next to the old woman, unzipped the zipper and revealed stacks of hundred yuan bills.

The old woman didn't even look at it. She stretched out her hand and pushed the backpack to the ground, and the money in the backpack fell out.

"If I help you save your daughter, you just use the stinky money to send me away? Do you look down on me too much?" The old woman said with some dissatisfaction.

She has lived for most of her life, and as long as she wants to use her status, someone will willingly give her money, so she simply doesn't look at the money she used for the rest of her life.

Yu Sheng smiled slightly and apologized: "I didn't mean that. If you have any conditions, just mention it! Otherwise I don't know what you want?"

"I want you to promise me a condition, but I still don't have a plan. I will tell you when I think about it." The old woman said.

"As long as you promise to give me the antidote and let me save my daughter, you can mention whatever the conditions are. As long as it's not a bad thing, I will do my best if it doesn't violate morality!" Yu Sheng said solemnly.

The old woman nodded in satisfaction, and then escaped a white porcelain bottle from her sleeve: "This is the antidote you want. The premise is that I can put a bug on you so that I can give you the antidote. This bug has no effect on you, it just makes it easier for me to find you in the future. If you are afraid, you can leave now."

Looking at the fleshy bug on the white porcelain vase, Yu Sheng felt sick for a while, thinking that his

daughter was still being tortured by the poison, Yu Sheng didn't hesitate to take the white porcelain vase directly.

The fleshy worm on the white porcelain bottle had already penetrated into Yu Sheng's body when Yu Sheng went to pick up the bottle.

Yu Sheng was not afraid of what tricks the old woman was playing on the bugs. Seeing that the people here respected her, she was also a person of status and status.

Opened the lid of the white porcelain bottle, Yu Sheng smelled the contents, and then thanked the old woman: "Thank you for your salvation, the rest of my life will be unforgettable!"

"There is no kindness, we are just making a deal, remember what you said!" The old woman reminded Yu Sheng at last.

When Yu Sheng was about to leave, he suddenly thought of what happened when he first entered the stockade, so he turned his head and said, "Senior, I think the flu here was caused by someone deliberately. If you have time, you can check it out."

"You don't need to bother about this. The matter has been checked out. The reason for the flu is spread by the spirit atom. The purpose is to collect money. Now he has been caught in the dungeon by me. This matter will not be light. Forget it," the old woman said.

The last thing in his mind was resolved. Yu Sheng got in the car back to Qiancheng and left. Looking at the farther and farther stockade, Yu Sheng couldn't help thinking of Ran Na.

That young boy had a timid personality and was very reckless in doing things. I hope that what he experienced this time can change his temperament and make him a real hero one day.

Chapter: 1184

After giving Yu Yue the potion in the white porcelain bottle, her complexion really improved a lot, and she didn't have a long time to wake up.

When Yu Sheng saw this, he was overjoyed, and used his internal strength to feel that the toxins in Yu Yue's body were disappearing at a great rate, and even the corroded stomach was repaired.

"Dad, Dad." Yu Yue's milky voice called to Dad. Because of her younger age, her pronunciation is not too standard, but she can understand what Yu Sheng is.

Listening to my child calling his father, Yu Sheng just felt his heart warmed and took Xiao Yuyue in his arms, and said apologetically, "I'm sorry, but my father's negligence did not protect you, and it made you suffer so much. s pain.

From now on, Dad will no longer make Yu Yue uncomfortable, and will make you the happiest little princess in the world! "

Xu Qianqian on the side felt so deep seeing the father and daughter, and took this opportunity to hug them. The three of them hugged each other like a very happy family.

Seeing all this, Xiao Shui didn't speak, but moved his body and grasped Yu Zhongtian's hand for a few more minutes.

Yu Yue's matter was resolved, and life returned to normal. Xiao Shui followed Yu Zhongtian to learn martial arts. Recently, the company's revenue has increased greatly because of the research of chips in the Science Park. Good news has been one after another.

For the rest of my life, I was also idle, leisurely basking in the sun and enjoying the ordinary days, when the mobile phone in my pocket suddenly rang, it was a call from Xu Qianqian.

"For the rest of my life, can you come to the park? I have encountered something here."

Xu Qianqian's voice was a little aggrieved, and Yu Yue's cries could be heard on the phone. For the rest

of his life, he would have no time to relax in the sun at home.

“What’s wrong? Did something happen?” Yu Sheng asked anxiously, for fear that something might happen over there.

“Yu Sheng, you’d better come to the park!” Xu Qianqian said and hung up the phone.

Yu Sheng was worried about what happened to the mother and son, so he quickly came to the park.

Seeing Yu Yue who was crying in Xu Qianqian Tower not far away, there was a woman in her thirties and a boy in her five or six years standing beside them, her mother and her son. The women were beautifully dressed. I was buying jewelry on my body, which made me feel like a nouveau riche.

Yu Sheng walked over quickly, took Yu Yue who was still crying in his arms, and asked Xu Qianqian:

“What’s the matter, why is Yu Yue crying?”

Xu Qianqian glanced at the mother and son in front of him and said, “I and Yu Yue are playing slides here. They were playing well, but the two suddenly came over and the boy had to occupy this place. I said that you two kids were playing together, and he pushed Yu Yue directly and hit Yu Yue on the head with his hands. I wanted to reason with them. He... they humiliated me.”

The gorgeously dressed women with big names on the side curled their lips in disdain, and said contemptuously: “You little bitch knows what’s wrong with pretending to be pitiful in front of men and humiliating you. I’m just telling the truth.

You are a little bitch, how could the daughter be better? Growing up is also the material of a junior, what qualifications do you have to grab a slide with my son?”

Yu Sheng’s face turned gloomy when he heard this. The woman in front of her was not only unreasonable, but also humiliated Xu Qianqian and Yu Yue in this way. She opened her mouth to be a little bitch and a mistress. Why didn’t the rest of her life be angry?

“How did their mother and daughter provoke you? Why do you want to humiliate them like this? Didn’t your parents give you anything to raise them?” Yu Sheng asked coldly.

The woman was very indifferent to Yu Sheng’s words, and said with a cold snort: “You are the one who is educated? The slide you have been on, I still feel dirty!

What’s wrong with you two sentences? What I’m talking about is the truth, this Xu Qianqian is not it! Xiao San, who ruined other people’s families, is pregnant with a married child. If you are reluctant to marry her after your divorce, isn’t it because she is a little bitch?”

The little boy next to the woman also coaxed and said, “The child without daddy is not worthy of making money for me! Little bitch, little bitch!”

Chapter: 1185

The patience of the rest of my life has reached the limit, raising his hand is a slap, and slaps the woman’s face fiercely. The force of this slap is not light, and it directly knocked the woman over and the face was swollen high. stand up.

“If you dare to say this again, I will let you never have a way to speak. As for your son, you can help you discipline regardless of how you teach me.” Yu Sheng said coldly, and then looked towards with sharp eyes. The little boy.

The little boy was a little hairy by Yu Sheng’s eyes, he cried with a cry of fright, and hid behind the woman, not daring to look at Yu Sheng again.

The woman knocked over by Yu Sheng on the ground raised her head and found that her teeth had been knocked out. This undoubtedly made her even more furious, and she cursed at Yu with a sharp voice.

“Is what I said wrong? What I said is true. If you don’t think she is a little bitch, then why don’t you

marry her if she has a child? Or you are so embarrassed that you were so angry that I was hitting me because of what I said. , What is a good thing for a man who beats a woman?"

"In my eyes you are not a person at all!" Yu Sheng saw the woman still unrepentant, raised his hand and slapped the woman's face again.

After two slaps, the woman's face was completely swollen by Yu Sheng, and her teeth were almost lost. This time the woman finally realized that she was scared. The eyes that looked at Yu Sheng were conscientious, and she didn't dare to talk nonsense anymore, for fear of hitting him again for the rest of her life. Same.

"If you let me find out that you dare to talk nonsense, then it will not be a simple matter of slapped two fingers. I will let you never say anything. Whether you believe it or not, then don't blame my subordinates for being merciless. .

Now immediately apologize to my daughter and them, and your son must apologize! "Yu Sheng said coldly, with an undoubted momentum in his words.

The woman staggered and got up from the ground, she didn't dare to be indifferent. The temperament that Yu Sheng exudes seemed like she wanted to kill him. How dare she think of being disobedient?

"I'm sorry, Miss Xu, my mouth is dirty, I chew my tongue, and I shouldn't talk nonsense. I won't dare anymore, please forgive me, okay?" The woman clutched her swollen and ugly face to Xu Qianqian. Apologize to Yu Yue.

"Yeah!" Xu Qianqian just hummed, then looked at Yu Sheng and said, "Let's go home, I don't want to play anymore."

Yu Sheng could tell from Xu Qianqian's words that she was not in a very good mood, which is also normal. Which woman would want others to call him a mistress and a little bitch?

"Don't be sad, I have helped you teach that woman." Yu Sheng said comfortingly.

Xu Qianqian took a look at Yu Sheng and then looked away from her again, and said with some loss, "What people said is the truth! I was unmarried and pregnant first, and Yueyue is more than a year old..."

Xu Qianqian laughed mockingly at this, and then changed the subject: "Alright, let's talk about these sad things. What would you like to eat tonight? I will cook it for you myself, and I will also be with Wang Zhuangshi. I have learned a lot of cooking skills, so I will cook today and let you taste it."

Seeing Xu Qianqian entering the kitchen, a trace of guilt flashed in Yu Sheng's eyes. It was only after today's incident that he realized that he had been owed to Xu Qianqian and Yu Yue.

Although the family lives together now, but I still don't have a name for these two people, and this makes them both suffer from others' eyes and insults.

Asking himself that Yu Sheng is really difficult to make a decision, he has no feeling for Xu Qianqian, and the reason why Yu Yue is only because of an accident.

Now he has always treated her as the mother of her child, and she has not given her a trace of her own love. Is this really fair to Xu Qianqian?

Helping the Xu family is the only thing Yu Sheng has done for Xu Qianqian. This woman gave birth to a child and has experienced so many things. She really owes her mother and daughter. Maybe this should give her a name.

"What do you want? Come over for dinner, I cook all the meals you like!"

Xu Qianqian's voice came in his ears, and Yu Sheng came back to his senses. Looking at the fragrant food on this table, Yu Sheng's affection for Xu Qianqian increased.

Although I have no way to fall in love with her, it is undeniable that she is really a good woman and she

will definitely be a good wife in the future.

A determination was made in his heart, and Xu Qianqian, the relative of the rest of his life, said solemnly: "Wait a month later, I can come back alive from Shangjing, and then I will marry you!"

Chapter: 1186

boom!

The fish soup she was holding in Xu Qianqian's hand fell to the ground, and the milky white soup was splashed everywhere, scorching her legs.

But Xu Qianqian didn't care about this at all, and he didn't even feel the pain. He looked at Yu Sheng with excitement, and a line of tears slipped across his face.

"Are you true? Or do you mean I have hallucinations?" Xu Qianqian asked, looking at Yu Sheng in disbelief.

Yu Sheng didn't answer Xu Qianqian's question, and picked her up, put her on the sofa, opened the medicine cabinet and took out the scald cream to apply to her.

"Why are you so careless? That's the soup that just came out of the pot! You see a piece of hot red on your leg. You used to think you were quite smart, but why are you stupid now?" Yu Sheng complained to Xu Qianqian with some complaints. .

At this time, Xu Qianqian's mood was a bit complicated. Seeing the rest of his life carefully applying scald cream to himself, there was a touch of love that was so gentle.

She has known a girl for so many years. This is the first time in the rest of her life that she has shown her concern for him. If she was more than a year ago, she would have fallen into it, but now it is different.

After tidying up his mood, Xu Qianqian pretended to be a little woman and said, "If you can get your care and love like this, I don't care even if my legs are broken, I would rather be stupid."

Said Xu Qianqian leaned her head on Yu Sheng's body, feeling Yu Sheng's heartbeat in her ear, this time Yu Sheng did not refuse, and put her in her arms.

"For the rest of your life, do you really want to marry me? Is it because of today's things that made you this determination? If you don't want to, I won't force you, even if I am wronged, it doesn't matter, as long as you Just be happy." Xu Qianqian said very sensibly.

Yu Changchang took a long breath and let go of his feelings for Magnolia. A woman as good as Magnolia deserves to meet someone who treats her better.

"No, you should explain to both of you, mother and daughter, you can't always let you take part in it!" Yu Sheng said.

Xu Qianqian's tears flowed with excitement: "Thank you for the rest of my life. In the future, I will be a good wife, a good mother, take good care of Yueyue, and treat Xiao Shui as her own child."

"I see, the company still has something to do. I'll go to the company. Your burn is not good, so just rest!"

Yu Sheng kissed Xu Qianqian on the forehead and turned around and walked out of the villa.

Watching Yu Sheng driving far away from the balcony on the second floor, Xu Qianqian took out his mobile phone and found a call and dialed it.

"It's a good job. I've already sent you the money. Try not to show up in Qiancheng in the future. If you dare to talk nonsense, I will let someone cut off your tongue!" Xu Qianqian said.

"Miss Xu, don't worry, I will take my son to other cities, and I will never show up here again."

There was a woman's voice on the phone. If she was still here for the rest of her life, listening to this voice would definitely be able to hear that this was the woman who had previously humiliated Xu Qianqian.

After switching off the phone, Xu Qianqian looked at the direction of Yu Sheng's car disappearing and said to himself: "Yu Sheng, Yu Sheng, if you don't use this method, maybe you will never marry me in your life!

I know there is no place for me in your heart, so what can I do? What I want is only your identity and status."

.....

Four Seas Group.

Office of the Chairman.

"What's the matter, how is the house decoration?" Yu Sheng asked, looking at Xiao Zixin who was back to work.

"It has been renovated. If you want, you can move in anytime, anywhere. Thank you, Yu Dong. Would you like to ask you to sit in my house?" Xiao Zixin asked.

Seeing Yu Sheng hesitated, Xiao Zixin quickly said: "You gave me a house at such a cost, can't I just ask you to have a meal?"

"Okay! You arrange it."

Xiao Zixin said so, and for the rest of her life it was hard to refuse, so she could only agree.

Starting from Sihai Company, Xiao Zixin drove the rest of her life to the villa area of Yijing Homeland.

Chapter: 1187

"Stop the car first!" Yu Sheng saw a toy store through the window. A white plush bear in the window was very beautiful and instantly attracted Yu Sheng's eyes.

Since Yu Yue came to this home, he, the father, has never given a gift to the little guy.

Now Yu Yue is one year old and knows how to play. Buying her a toy will definitely be very happy.

Xiao Zixin parked the car to the side of the road and followed Yu Sheng into the toy store. Looking at the dazzling toys inside, Yu Sheng didn't know how to choose.

Wrapped the one-meter-long teddy bear from the window, Yu Sheng chose two more exquisite Barbie dolls.

Suddenly Yu Sheng's eyes caught a glimpse of a doll in a corner. Barbie is different from others in that it has some long black hair, and its pupils are also black, and its beautiful and delicate face is somewhat similar to Xiao Zixin.

"This doll looks like you! It looks like a picture made from yours, but she doesn't have the vividness and aura of yours, so this doll will never be given to you!" Yu Sheng said with a smile to Xiao Zixin.

Xiao Zixin thanked him, and she held the doll in her arms and treated it like a treasure. As long as it was something she gave her for the rest of her life, she would cherish it extraordinarily.

After the checkout, when the two people were planning to take the car to the villa area, a woman's voice suddenly came from behind, with a mean tone in her tone.

"Hey, this is a coincidence, I didn't expect to meet Zixin here."

When Yu Sheng and Xiao Zixin turned their heads, they saw a woman with big yellow wavy hair dressed very fashionable. At first glance, she looked similar to those online celebrities, all with big eyes, double eyelids, high nose and pouting lips.

There is still a difference between artificial beauties and natural beauties. Xiao Zixin is a natural beauty. She looks pleasing to the eye and very attractive. Although the woman in front of you looks pretty at first glance, you can see her from a closer look. The double eyelids are cut a bit wider, and the tall nose bridge is somewhat transparent.

Next to the woman stood a man in a suit and leather shoes with a watch worth tens of thousands of dollars. In order to highlight the watch he was carrying, he deliberately rolled up his sleeves.

“Why did Zixin look at me with that look? Why can’t I recognize it? We grew up together, and I am your cousin Xiao Tingting!” Xiao Tingting said with a smile.

Xiao Zixin was just a big deal now. He had thought this voice was a bit familiar before, but he couldn’t recognize it when he looked at her face.

When Xiao Tingting was a child, she was dark and fat, and she even looked like a little boy without a trace of a girl. After graduating from university two years ago, she went to study in the U.S. and she didn’t expect to be able to meet her here.

“It turns out to be my cousin! The changes are so big that I can’t recognize them.” Xiao Zixin said with a smile.

Xiao Tingting looked at her manicure intently, and said with a smile, “It’s normal for you to not recognize it.

Go shopping with your boyfriend? The boyfriend is very handsome! But why does it look sour? You don’t even have a watch, it’s not the soft rice you want to eat! ”

Xiao Tingting giggled while covering her mouth.

“Cousin, if there is nothing wrong, I will leave first!” Xiao Zixin didn’t want to talk to Xiao Tingting any more, she wanted someone directly.

After all, the person Xiao Tingting insulted was Yu Sheng. If it was someone else’s words, it would be unlucky to be cleaned up by Yu Sheng, but in any case, it was her own cousin.

“I have finally returned to China, why don’t you leave without chatting with me!” Xiao Tingting took Xiao Zixin’s hand and said that he would not let him leave like this.

“Don’t be angry! At the same time, I didn’t find your skin as big as you. The cousin just wanted to make a joke with you.” Xiao Tingting said with a chuckle.

Chapter: 1188

Xiao Tingting took the arm of the man next to her and said affectionately: “This is my boyfriend Shi Yan. I met him in the first class of an airplane. We both have the same hobbies and interests. I have afternoon tea at the Bulgari Hotel and I like to buy things from the same luxury goods.”

Immediately, Xiao Tingting looked at Yu Sheng. Although the person is pretty good, there is no valuable clothes on his body, not even a watch, and he looks like a little white face with no money.

“It’s pretty good. Seeing that the two of you are a good match, I wish you a long time, and lovers will eventually become family members.” Xiao Zixin said perfunctorily.

Her cousin didn’t like to play with herself since she was a child, and she always targeted herself, Xiao Zixin knew that she was the same even when she grew up, and she liked to put her head on her head everywhere.

Those words just said were nothing more than a few words in front of her, Xiao Zixin didn’t bother to say so much, she just wanted to leave quickly, and then get along with Yu Sheng alone.

“By the way, what does your boyfriend do, Zixin?” Xiao Tingting deliberately introduced the topic to Yu Sheng, just to make Xiao Zixin ashamed.

“I started a small company, and it’s pretty good now.” Yu Sheng said casually.

Xiao Tingting suddenly covered her mouth and laughed, and said with a sneer, “Is there such a threshold to start a company? Anyone dares to say that he is a small boss. You gave him the baby in Zixin’s arms? It looks so poor, you think you can even give away this kind of thing.”

At this time, Xiao Tingting's boyfriend Shi Yan stood upright, and said with great pride: "Yes! How can a man give his girlfriend such a worthless thing? How can I give a brand-name bag or something? ?? Only then can I take the shot."

Xiao Tingting looked for the right time and shook the av bag she was carrying in front of Yu Sheng and Xiao Zixin and said, "This bag is a gift from my boyfriend. It is worth 20,000 to 30,000!"

"He treats you very well, you guys are really good match." Xiao Zixin praised against his will, and liked the Barbie doll in her hand more than the famous brand bag Xiao Zixin.

If she had to be more precious than the gift she gave, the rest of her life gave her a necklace worth several million, and a house worth more than 20 million, which is comparable to a lv bag of 20,000 or 30,000. ?

"If my cousin doesn't have anything, Yu Sheng and I will leave first if there are other things, and we will talk together if we have a chance, goodbye!" Xiao Zixin took Yu Sheng by the arm and wanted to leave, listening to others in front of her. It's really hard to be so desperate before.

At this moment, Shi Yan grabbed Yu Sheng's other hand, and said familiarly: "What are you doing in such a hurry? I feel that I have a good relationship with this little brother, and I know a lot of people. , You are in a company again, maybe I can help you close a few big customers?"

Shi Yan was full of jealousy towards Yu Sheng! Although Xiao Tingting is pretty long, she is just a kind of internet celebrity face. You can get similar results by simply swiping videos on the phone. Unlike Xiao Zixin, she looks more and more beautiful. It's worth it at a glance, so how can you let these two people leave like this?

"Yes, Zixin hasn't seen each other for so long, I'll invite you to have a cup of coffee!" Xiao Tingting suggested.

Xiao Tingting didn't know what Shi Yan was thinking in her heart. Her purpose was to squeeze Xiao Zixin hard and step her on her feet.

Both of them said so. Yu Sheng and Xiao Zixin looked at each other. In the end, Xiao Zixin was ashamed to refuse and could only agree.

Chapter: 1189

"Shi Yan, do you know of any better cafes here? It's hard to see Zixin on the other side and can't do it so well!" Xiao Tingting pretended to be intimate and took Xiao Zixin's arm.

"I know this. The Yijing home here is very close. The Blue Mountain Coffee in it is very famous, but it is only open to the head of the household inside. But I have a friend who works in a cafe that can Help us through the back door."

Shi Yan said intentionally, his eyes fell on Xiao Zixin's body unconsciously, wishing to see the stunning creature in front of him inside and out.

"My dear is amazing! It's really great to be able to take us into the Yijing Homestead. I love you more and more." Xiao Tingting blinked at this Shi Yan and blew a kiss.

The embarrassing goose bumps of Xiao Zixin and Yu Sheng were about to fall, and they laughed dryly and did not speak.

It seemed like they were able to go to the Blue Mountain Café because of Shi Yan's light.

"You can go anywhere, as long as Xiao Zixin likes it." Yu Sheng said casually. He is now Xiao Tingting's boyfriend who is Xiao Zixin's boyfriend. Then Yu Sheng will definitely not fail to give Xiao Zixin this face, so he still puts his efforts on this role. Okay.

"Zixin, don't you two come here by taxi to buy a Barbie doll? If that's the case, let's be my boyfriend's

car!

The car he drove was Land Rover, and more than one million cars were comfortable to sit in. "Xiao Zixin said very intentionally.

Xiao Zixin took out the car key from her pocket and pressed it once. The light of the BMW on the side of the road turned on: "No, I have my own car, and I can sit in my car with Yu Sheng."

Xiao Tingting was a little shocked when she thought that Xiao Zixin could actually buy a BMW, but she remembered that her boyfriend drove a Land Rover, which was a bit more expensive than this BMW, and it instantly balanced a bit.

"Yo! When I got home, I heard that you work for Sihai Group and you are the secretary of the chairman. I didn't think you bought the car so soon. It seems that the chairman of Sihai Group values you very much!" There is something in Xiao Tingting's words. Said, looking at Yu Sheng's eyes as if looking at a poor green hat man.

"Although it is very profitable to be the secretary to the chairman of the board, it is better for girls to love themselves. After all, you also have a boyfriend now. Although the salary is high, this job is still somewhat inappropriate."

Xiao Tingting also deliberately added a sentence, she just wanted to see Yu Shengsheng Xiao Zixin's anger, it would be better for the two to quarrel now, it would be better if they broke up directly.

Xiao Zixin's face flushed with anger, and her pink fist was clenched tightly. If the person in front of her was not her cousin, she would want to punch her in the mouth. See if she dared to continue. Nonsense. For the rest of his life, a savvy person, how could he fail to see Xiao Tingting's carefulness, and clasp Xiao Zixin's waist unchanged, and said, "My woman earns all money based on her ability, not everyone. She can be the secretary of the chairman of Sihai Group. She can do well and is valued by the chairman, which shows that she is good enough."

Xiao Zixin didn't think that she would be able to protect herself like this for the rest of her life. She felt very warm in her heart. If she could really have the rest of her life, such a boyfriend would be a very happy thing!

Thinking about this, she even envied the former Yang Zihuan. If she were Yang Zihuan, she would definitely not give up such an excellent husband.

Xiao Tingting didn't feel discouraged when the small calculation was lost. On the contrary, he felt that the rest of his life was just useless, so that's why he said that.

For couples like them, they still have to look at the girls' cars when they go out. It is very likely that for the rest of their lives, they will not even be able to afford a car to be a poor pauper. What they said before was probably to save face.

"I'm just giving Zixin a piece of advice, and I don't mean anything else. Don't get me wrong!

Since you don't want to be my boyfriend's Land Rover, then we will lead the way. "Xiao Tingting twisted her small buttocks and got into the Land Rover.

Chapter: 1190

In the car.

Xiao Zixin said apologetically to Yu Sheng: "I'm sorry! I didn't know that I would meet them at this place. I was thinking of asking you to have a meal. Not only did I not finish my meal, but I wanted you to help me out. I'm really sorry. ."

Yu Sheng waved his hand indifferently, and said with a smile: "This is nothing. The Blue Mountain Coffee at Yijing Home is very famous. I often hear others mention it, so I can take advantage of this opportunity

to go there and taste it!"

Hearing what Yu Sheng said, the guilt in Xiao Zixin's heart faded away. It must be a very pleasant thing to be able to drink coffee with Yu Sheng!

After arriving at the place and parked the car, Yu Sheng and Xiao Zixin followed Xiao Tingting and Shi Yan to the entrance of the most famous Blue Mountain Cafe in Yijing Home.

"You wait for me here, and I will tell my friends that they will be able to let us in at that time, otherwise it is not the head of the household who is staying here." Shi Yan said.

Xiao Tingting looked at Shi Yan with big curious eyes and asked, "Is it necessary to be so troublesome? How expensive is the house here, my dear! I want to buy a set here in the future, so that I can drink here and blue every day. Mountain coffee."

Hearing this, Shi Yan's face was a little embarrassed and said: "The villas here are very expensive, and the lowest is about 5 million. It is still a bit difficult to buy a house in this place."

"Five million? The price is still the lowest, my God! The house here is too expensive? Is it worth it?" Xiao Tingting said in surprise.

In the eyes of ordinary people like them, five million is already a very exaggerated figure. I don't think that so much money is just buying the worst house in this place. Xiao Tingting feels a little frustrated when he thinks of this place. .

Although the Blue Mountain Coffee here has a great reputation, it is not something that everyone can drink. Xiao Tingting feels a little regretful. She had known that she would not bring Xiao Zixin with her. It is simply a matter of her kind being able to come to this place to drink coffee. It's too cheap for her. Now that she has come to the place, she can't drive Xiao Zixin and Yu Sheng away now. In that case, she can only make the two of them cheaper.

Xiao Tingting made up his mind that she would never let Shi Yan bring them to this place in the future. At this moment, a young man dressed as a waiter came out from the door of the Blue Mountain Café and walked in their direction, beckoning to Shi Yan.

"I'll go there first, you guys wait here now!" Shi Yan greeted everyone and walked towards the person dressed as a waiter.

"Why did you bring three people this time! I really think I am the boss of this place! If there is any next time I won't help you." The man said angrily.

Upon seeing this, Shi Yan patted the man on the shoulder and said, "Brother, how angry are you! You didn't ask you to help me in vain this time. You see, I brought two big beauties this time. I waited until I slept. The yellow-haired one will let you play.

In order to get this woman, I deliberately asked someone to buy me a high imitation bag, and also spent a thousand yuan to rent a Land Rover, I was so expensive this time, you must give me face! "

The man looked up and down at Xiao Tingting. After deciding to be a big beauty, the impatience on his face disappeared completely.

"It's okay to help you, remember your promise, don't forget me brother after playing!"

Shi Yan quickly promised: "This must be problematic, don't worry!"

"Then it's settled, I'll go in and arrange a seat for you." The man said and entered the Blue Mountain Café again.

After solving the matter here, Shi Yan walked over with a look of intention, and said with great pride:

"My friend still gives me a lot of face, and has just promised me to arrange seats for us, and I will be able to Go in."

Xiao Tingting hugged Shi Yan's neck and kissed him on the cheek excitedly, and said, "Honey, you are so

amazing, you can actually let us in! I really love you to death.” NS.”

Looking at all of this, Yu Sheng showed a sneer at the corner of his mouth. The six senses of a martial artist are different from ordinary people. The conversation between Shi Yan and his friend just now was clear for Yu Sheng, so I can't help but want to laugh when I see this surface. .

After being sold, I don't know yet, even with a look of admiration. For the rest of my life, I was a little bit expecting what Xiao Tingting would behave when the truth came to light.
