

## Dont mess 1201

### Chapter: 1201

This sentence was like a slogan, and Yu Sheng was stunned for a long time without a reaction, until Du Fei's voice came through the phone again, and his thoughts were pulled back.

"Lao Yu, I'm sorry! Don't worry, I and Xiao Shui will go back right away. Then I will apologize to you, okay?" Du Fei said with a guilty conscience.

"You first come back with Xiao Shui, my fist is a little itchy, then you will practice with me." Yu Sheng said and changed the phone directly.

A layer of cold sweat broke out behind Du Fei, who was still driving on the other side. He had seen Yu Sheng's fist!

That punch can not only make a golden phantom, but it can also directly interrupt a big tree. Although Du Fei feels that he has some punches and feet, his body is definitely not as hard as that big tree!

When he wanted to explain something, Yu Sheng had already switched the phone.

"Little guy, I was badly hurt by you. When your dad wants to hit me, you have to pull a little bit, otherwise you will never see your godfather again." Du Fei said to Xiaoshui in the back seat. Said something.

"Godfather, don't worry! When my dad is afraid of hitting you, I will definitely stop a little bit. I can't be sure if I can stop it." Xiaoshui shrugged helplessly.

"You deceitful little bastard, I really can't do anything with you, it hurts!" Du Fei complained and started to concentrate on driving.

.....

This call from Du Fei showed that Xiao Shui was not in any danger, and he had been sneaking out, which made everyone's heart relieved.

Yu Zhongtian, who was pacing back and forth, let out a long sigh of relief when he learned that Xiao Shui had something to do, and then sat on the sofa.

Some complained: "This kid, why don't you tell me when you go out to play? Although I am urging him to practice martial arts, I am not saying that he will not let him go out to play!

When this little guy comes back, I must teach him a good lesson. You can't stop me when I beat your son for the rest of my life! "

Xiao Shui didn't get lost, and Yu Sheng's mood improved, and he smiled and said, "This kid is indeed a little dying to clean up. Don't worry, I will never stop you when you teach Xiao Shui."

It was said that Cao Cao had arrived. At this time, the door of Yu's villa opened. Du Fei and Xiaoshui came in.

Du Fei held Xiaoshui in one hand and led a big cake in the other. He shrank his neck subconsciously when he saw Yu Sheng walk out of the house.

Looking at the big cake that Du Fei was holding for the rest of his life, he was stunned. It was not Xiao Shui's birthday or his birthday. Why did he prepare a cake?

"What's the matter with this cake, isn't it possible for your kid to celebrate his birthday today?" Yu Sheng asked curiously.

Hearing Yu Sheng's question, Du Fei and Xiao Shui looked at each other with a smile and said, "Hey, of course it's not my birthday. You have to ask your son about this."

At this time, Yu Zhongtian walked out with a sullen face. When he saw Xiao Xian'an come back, there was a glimmer of joy in his eyes, and then passed away, replaced by a more severe gaze.

“Xiao Shui, how do I teach you on weekdays? Even if you are afraid of hardship and don’t want to practice martial arts, you have to tell me, so you suddenly ran out. Do you know how worried you are, come over and stretch out your hand.” Yu Zhongtian is serious. Scolded this Xiaoshui.

Xiao Shui didn’t dare to violate Yu Zhongtian’s words and walked over timidly, and stretched out both hands hesitantly.

Yu Zhongtian glanced at Xiao Shui, and took the ruler in his hand and hit Xiao Shui’s hand ten times. In the process, Xiao Shui endured the pain without crying, and even crying, but insisted stubbornly. The little hand was flushed, leaving several red and swollen marks. Even after the hit, there was still no sign of the little hand, because Yu Zhongtian didn’t have a word.

“Do you know what’s wrong, next time you dare to run out alone without saying anything to worry everyone?” Yu Zhongtian asked in a deep voice.

Although he felt a little regret after the fight, as an elder, he must teach Xiao Shui what to do and what not to do!

“I don’t admit it, I’m not wrong.” Xiao Shui said stubbornly, holding back the tears that were about to fall.

Xiao Shui, who has always been sensible, is exceptionally disobedient today. This is undoubtedly annoying Yu Zhongtian. He clenched the ruler in his hand and hit Xiao Shui’s hand twice.

Xu Qianqian sneered in her heart, watching Xiao Shui being beaten. Don’t worry about how happy she was. It’s best to get rid of his hand.

“Are you wrong?” Yu Zhongtian asked Xiao Shui again.

“I’m not wrong, give me another chance, I will still slip out.” Xiao Shui is still exceptionally stubborn.

Yu Zhongtian also didn’t think that Xiao Shui was obviously wrong, and he didn’t know to repent. It must be too privileged for him on weekdays, and he must be taught him well today.

Holding the ruler in his hand, and the little hand who was about to hit Xiaoshui, even Du Fei walked over and grabbed the ruler.

“Uncle, it’s not what you think, Xiao Shui is very sensible.”

## **Chapter: 1202**

“In just a few days, this little child has been exposed in a round shape, and he didn’t expect to be so costly and unobedient. I must teach him a lesson today.

Du Fei, let me go, otherwise I’ll even hit you!” Yu Zhongtian said angrily.

The kind of strength that Yu Zhongtian exudes, even Du Fei, who is the king of the underground forces in the city of Qiancheng, can’t bear it. He doesn’t have any thoughts about what Yu Zhongtian said. If he doesn’t let me open, he will definitely be connected. I was beaten together.

Things have reached this point. Du Fei doesn’t intend to keep hiding it anymore. You can’t let Xiaoshui’s sensible child be beaten, right?

“Uncle, Xiao Shui is indeed his who sneaked out today, but he is also preparing a surprise for you!” Du Fei explained.

“Surprise?” Yu Zhongtian murmured, still unable to figure out why, he looked at Xiao Shui and asked:

“Xiao Shui, what is going on? Tell Grandpa!”

“Grandpa, I heard the conversation between you and dad. Grandpa will leave Xiaoshui in a month.

Xiaoshui can’t bear you, but he doesn’t want to be your hindrance. I saw other children celebrating their birthdays, so I thought about it. Xiao Shui hasn’t even celebrated his grandpa’s birthday.

So I just slipped out, and asked my godfather to take me to the cake shop and customized a special cake

for my grandpa. The reason I didn't tell you was that I wanted to surprise you. "Xiao Shui lowered his head and said word by word.

This made Yu Zhongtian feel guilty in his heart. He thought Xiao Shui was a non-director before, and it was distressing to think that this little guy was sensible.

At such a young age, I knew to give him a birthday.

Indeed, I have spent so many years in the doomsday jail, let alone a birthday, it is a luxury to be able to eat a full meal, I don't think this little guy in front of me can think of himself like this.

The more Xiao Shui was like this, the more distressed Yu Zhongtian was. He was obviously such a director. He had just beaten him with a ruler. His Xiao Shui was red by himself. Thinking of it, Yu Zhongtian felt guilty in his heart.

He threw the ruler in his hand to the ground, Yu Zhongtian grabbed Xiao Shui's hand and exhaled distressedly: "My dear grandson, did Grandpa hurt you? It's all Grandpa's fault. Grandpa shouldn't beat you. of.

If you have something to say, you kid directly! Why do you keep holding back? If you say it, grandpa will definitely be reluctant to beat you!"

Xiao Shui's tears couldn't help streaming down, and he plunged into Yu Zhongtian's arms, crying and said: "Xiao Shui sneaked out and worried Grandpa and Dad. Xiao Shui should be punished, but I Reluctant to leave Grandpa, Grandpa Xiaoshui can not bear you."

Yu Zhongtian sighed deeply. He didn't have such a affection for the rest of his life when he was a child. Now that he is old, how does his grandson look so cute and how he feels to be pampered? Inter-generational?

The misunderstanding was resolved, and the family regained harmony. Although today is not Yu Zhongtian's birthday, Xiao Shui prepared this cake just to give him a birthday while Yu Zhongtian was still there.

Wang Zhuangshi went to prepare dinner, Song Wanwan helped, the kitchen was busy, and in the living room Xiao Shui sat in Yu Zhongtian's arms and two people watched TV.

On the other side, Xu Qianqian accompanied Yu Yue to play with toys, which looked very warm, but Xu Qianqian was already irritated a long time ago, and she didn't even think that there would be such a big reversal behind this incident.

In this way, Xiao Shui's image of being sensible and obedient is more established. Not only Yu Sheng loves Xiao Shui, Yu Zhongtian is even more painful, but Yu Zhongtian rarely embraces Yu Yue, how can this make Xu Qianqian not jealous!

What happened today showed that Xiao Shui was not as simple as she had imagined, and that he was able to use this method to make Yu Zhongtian love him even more, and he was also a thoughtful little guy.

It's terrible at the age of six. I have done so many things to him. How can I let her go so easily when my wings become hard?

This little guy must be dealt with while she is still young, otherwise it will be a problem for raising tigers!

### **Chapter: 1203**

The family ate a meal happily, chatting and laughing at the dinner table, Du Fei was full of praise after eating the meal Wang Zhuangshi cooked, and even wanted to be with the rest of his life, but he had no choice but to give up.

Yu Sheng put down the chopsticks in his hand, wiped his mouth and said solemnly: "Next to this

opportunity, I want to talk about one thing, which is the matter between me and Xu Qianqian. No matter what, she is also the eldest lady of the Xu family. In the past two years, she has taken care of Yu Yue by herself. She has suffered a lot and lost her eyes. The father of my child has done all his responsibilities. After the division, I decided to hold my wedding with Xu Qianqian in a month. Of course, everything is kept simple because of the urgency of time. ”

The person who was most shocked by this message was Xiao Shui. The chopsticks in his hand fell to the ground, and tears fell after a second after his teeth clenched his lower lip.

Yu Sheng discovered the strangeness of Xiao Shui, and asked concerned: “What’s wrong? Xiao Shui, why are you still crying? Is there something uncomfortable?”

Xiao Shui slowly raised her head, looked at Yu Sheng with teary eyes and asked, “Dad, if you marry Aunt Xu, don’t you want Aunt Bai? What should Aunt Bai do? She must be sad that she likes Dad so much. of.”

Xu Qianqian, who was listening to this, was about to break his chopsticks, this little bunny really had a lot of opinions on her! To openly oppose Yu Sheng to marry himself is simply a lesson.

Yu Sheng drew a piece of paper to help Xiao Shui wipe away the tears on her face and said, “Your Aunt Bai will meet better people when she goes abroad, but your sister is still so young, you can’t make him famous. ? A man has to be responsible.”

Xiao Shui knew that his words could not change Yu Sheng’s determination, so he could only give it up and stop saying: “Dad is right. A man must be responsible, and a younger sister needs a dad.”

“Xiao Shui is really sensible.” Yu Sheng praised sincerely.

After eating, Song Wanwan went to the kitchen to clean up the dishes and chopsticks. Xu Qianqian said that she went to help and also entered the kitchen. The kitchen door just closed and the atmosphere began to open.

“Oh, you woman has the means! You deceived the master, why? Did you run into the kitchen to look for me? You are not afraid that I will scrap you?” Song Wanwan washed the dishes while washing the dishes. , While speaking gloomily, the tone was full of gunpowder.

Xu Qianqian put the dishes and chopsticks in his hands in the dishwasher, and said with a sneer: “There is nothing to do, I will be married to Yu Sheng in the future, and I will be your mistress by then.”

Glancing at Song Wanwan who was washing the dishes by hand, Xu Qianqian snorted and said, “Don’t tell me that you can’t even use a dishwasher. Are you the wild girl who picked up from the country for the rest of your life? ?

These days, I have discovered that not only do you know how to use a dishwasher, but you also know how to watch TV. You don’t even have a mobile phone. Even in the countryside, there are no knowledgeable people like you! ”

Listening to Xu Qianqian’s words, Song Wanwan came up with a flash of anger. This ordinary person could pinch to death with her own fingers. She even dared to laugh at herself, she didn’t know whether to live or die.

“Do you really want me to beat you up? You little hoof!” Song Wanwan looked at Xu Qianqian coldly, the surrounding air dropped a freezing point because of her aura.

The powerful deterrence of the half-step Grand Master can make ordinary people urinate, and Xu Qianqian has studied the martial arts after practicing Gu, even if he is not as embarrassed as ordinary people, a beautiful little face is a bit general. It’s white.

Xu Qianqian is such a strong person. Although she can’t beat Song Wanwan now, there is no need to be afraid of supporting her for the rest of her life.

“What I’m talking about is the truth. You are so lonely and ignorant as a hillbilly, but your martial arts

level is surprisingly good.

The twenty-two-year-old grandmaster, half a step, has a face that is a disaster for the country and the people, and he has never talked about his family affairs. ”

Talking that Xu Qianqian walked to Song Wanwan’s side, and turned her head to Song Wanwan’s ear and said, “Let me guess, you are so special, I’m afraid you are not a hidden person. With this kind of strength and talent, which one should you be? Sovereign’s daughter!”

#### **Chapter: 1204**

Song Wanwan was stunned in the same place, his head seemed to have been blasted by thunder, and the roar was a long time without regaining his senses.

Because of her distraction, the bowl in Song Wanwan’s hand fell to the ground with a “bang”, and it was splashed everywhere.

The action here naturally shocked the people outside. Yu Sheng was afraid that the two women would coax some conflict in the kitchen, so he ran over quickly, opened the kitchen door and asked, “What’s going on.”

“There’s nothing wrong. Sister Song slipped her dishwashing hands and fell to the ground by accident. I’ll clean up, there’s nothing wrong.” Xu Qianqian said with a smile.

Yu Sheng glanced at the ground if it really was like this, then relieved his mind: “Why are you two closing the dishes when you clean up? It’s so mysterious.”

“Well! I’m telling all the whispers to my sister! Go out! Leave the kitchen to us.” Xu Qianqian pushed Yu Sheng out and closed the door again.

There was a gentle smile on his face, but before the moment he turned his head, the smile on his face disappeared completely, replaced by a sneer.

Song Wanwan’s reaction just now gave her the answer indirectly, and she guessed that there was nothing wrong, because this woman came from a hidden door.

“I got it right! Song Wanwan, you know that the rest of your life is incompatible with the hidden door. If he knows that you are a hidden door, will he continue to take you in? Or will he kill you directly? “Xu Qianqian said with a smile.

Song Wanwan squeezed Xu Qianqian’s neck very fast as soon as the voice fell. Because of excessive force, he could hear Xu Qianqian’s throat gurgling noises.

“You, an ordinary person, dare to threaten me, even if Yu Sheng knows that he wants to kill me, what can I do? I will kill you now.” Song Wanwan said coldly, squinting her eyes.

At this moment, she was indeed murderous towards the woman in front of her. Although this woman is an ordinary person, her scheming and brain are indeed very clever.

She was obviously disguised so deeply, she was able to guess that she turned out to be a hidden person only by relying on this little clue. This was really beyond Song Wanwan’s expectation.

Killing the woman in front of him was the only thought in Song Wanwan’s mind.

It is basically impossible for Xu Qianqian to struggle with Song Wanwan’s neck. After all, this woman is a half-step great master!

The feeling of suffocation made Xu Qianqian feel that her brain was about to explode, and if this continued, she would definitely be strangled to death by this woman.

“I... don’t plan to tell... Yu Sheng.” Xu Qianqian used the last bit of strength to say this sentence.

At this time, Song Wanwan’s mind slowly came to his senses. She was indeed too impulsive just now. Even if she knew she was a hidden person for the rest of her life, it was one thing to kill or not to kill!

But if she had just choked Xu Qianqian to death, Yu Sheng would never let her go. This woman would hate Yu Sheng without knowing it, and she gave Yu Sheng a daughter.

Song Wanwan let go of her hand holding Xu Qianqian's neck, Xu Qianqian coughed violently, and then breathed in air.

"Do you have to be so ruthless? If I want to say something, I just told Yu Sheng, as to give you a chance to kill me?" Xu Qianqian complained, touching his neck.

Song Wanwan couldn't understand why Xu Qianqian wanted to do this. She had beaten her severely before. Logically speaking, this woman would definitely find a way to retaliate against her.

Since she didn't talk about such a good opportunity this time, could it be possible that she had another purpose?

"Let's talk about it! What do you want to do!" Song Wanwan asked directly without a trace.

### **Chapter: 1205**

"I want you to obediently listen to my arrangements, and respond to all requests, otherwise I will tell this matter." Xu Qianqian said.

"I think you made a mistake? The reason why I am with Yu Sheng is just to have fun. What kind of thing is your cheap hoof? You dare to let me be your slave, it really shows your face." Song Wanwan was cold in her beautiful eyes.

Born in a hidden door, her status is also extremely noble, and his cultivation talent is also very high, naturally there is a genius arrogance, how could it be persecuted by an ordinary person.

Xu Qianqian thought that Song Wanwan would refuse so thoroughly, so he questioned: "You dare to refuse me? Are you not afraid of me telling Yu Sheng this matter?"

Song Wanwan snorted disdainfully: "Go ahead if you want to say it! Do you think you can manipulate me if you know this? Since I dare to stay by her side, I am not afraid that things will be exposed.

You hug Yusheng's thigh tightly, Xiaojianhuo. If you don't need you for the rest of your life someday, that's when I will go to your surname."

Xu Qianqian stepped back two steps. She didn't even think that Song Wanwan was so stubborn and threatened her with words. This made Xu Qianqian angry and had no choice but to swallow her anger. Suddenly, Xu Qianqian raised her hand and slapped her face fiercely, and then pulled her hair. When she was very embarrassed, she shouted to the outside: "Help! Yu Sheng save me, this. The woman wants to kill me."

Said Xu Qianqian opened the door of the kitchen and ran out. Seeing Yu Sheng who was coming in this direction, he fell into his arms.

"What's the matter?" Yu Sheng asked in a deep voice.

Xu Qianqian swallowed twice, and pointed to the direction of the kitchen, and said in shock, "Yu Sheng, Song Wanwan is going to kill me. The reason why she is a hidden person by your side is for other purposes. I discovered it. Just thinking about killing people, but fortunately, I ran fast, and I died in the kitchen if I didn't let it go."

Song Wanwan in the kitchen just glanced at Xu Qianqian, sneered without explaining anything, and calmly packed up the bowl that she had broken before.

This woman has the ability to pretend to be weak but handy, but Song Wanwan is not afraid at all, she doesn't believe that the rest of her life will really kill her.

"Are you from the Hidden Door?" Yu Sheng looked at Song Wanwan and asked.

Song Wanwan might have been nervous when she was discovered by Xu Qianqian before, but she had

already figured it out at this time.

“That’s right! I’m from the Hidden Door!” Song Wanwan smiled at Yu Sheng and directly admitted.

“Why are you hiding from me? Is it because you are with me to kill me?” Yu Sheng asked.

At first, he might be a little uncomfortable with such a big beauty to be with him, but after a long period of time, he discovered that Song Wanwan was actually pretty good, and she was good at cooking and obedient. He slowly regarded her as this family. A member of, never thought that she turned out to be a hidden person.

Song Wanwan shrugged disapprovingly, her face still had that charming smile, and said faintly: “Master, you haven’t asked me about it! How could I want to kill you by my means? The reason why I follow the master is because I like the master!”

Speaking, Song Wanwan looked at Xu Qianqian, she chilled in an instant, and said contemptuously:

“Master, this woman’s acting skills are really good, and she threatened me with this matter just now. I don’t care about her. She slapped herself twice and then called you.”

Xu Qianqian flushed with anger, and quickly explained: “The rest of my life is not what she said, how could I beat myself? She beat me all the injuries on my body, and she still wanted to kill me.”

Song Wanwan came to Xu Qianqian’s side, patted her on the shoulder and said, “If I really wanted to kill you, do you think you ran away?”

It’s easier to kill an ordinary person by a half-step grandmaster than to squeeze an ant. How could she give her the opportunity to file a complaint?

The rest of my life is not a fool and naturally understands this truth. This matter is Xu Qianqian lying. Xu Qianqian is really different from before, not a fuel-efficient lamp.

But no matter how bad she is, she is also Yu Yue’s mother.

He glanced at Xu Qianqian coldly, Yu Sheng didn’t speak, but his disappointed eyes could already explain a lot of problems.

It will be very difficult for Xu Qianqian to re-establish the image of a pure and harmless and gentle wife in Yu Sheng’s heart in the future.

“Come with me.”

Yu Sheng stepped forward and grabbed Song Wanwan’s arm, and the two entered the study together.

## **Chapter: 1206**

“You don’t believe me? Do you think I have another purpose in staying with you?” Song Wanwan asked. Yu Sheng did not answer her question. To tell the truth, he learned that Song Wanwan was a hidden person, but Yu Sheng had doubted it.

“Which sect you are from, why do you have to stay with me? Did someone send you here? What is the purpose?” Yu Sheng asked coldly.

Song Wanwan looked at Yu Sheng with her cold eyes, sighed with self-deprecation, and then replied: “I am from the Mo Tianzong. My family was killed by Song Hao and only I escaped by myself. As for following The purpose of your side is to make you my man, but you are a super close-up straight man, and you don’t cooperate at all.”

For the rest of his life, he was half-believing and wondering if what Song Wanwan said was true or false. If that were the case, Song Wanwan’s situation was quite pitiful.

“It doesn’t matter if you believe it or not, but I won’t leave during this period of time. I will stay by your side until I go to Beijing to challenge those people in the hidden gate. I must see Song Hao die with my own eyes!” Song Wanwan said solemnly.

“Well, I will take you to Beijing, but I have been wronged during this period of time.” Yu Sheng said a few times on Song Wanwan’s body, so that she can completely rest assured that she is staying at this home.

“What did you do to me?” Song Wanwan said angrily.

“Don’t be afraid, no matter how you say you are in the realm of a half-step great master, this kind of strength is still quite terrifying. For the safety of my family, your internal strength is temporarily sealed, and I will help you unlock it when I go to Beijing.” Yu Sheng said lightly.

Although Song Wanwan was dissatisfied in her heart, she was not the opponent for the rest of her life, she could only obediently obey.

There is still half a month to go to Beijing, and fifteen days are fast, fast, slow, and slow. The rest of my life is busy with the science and technology park.

There was a problem when the chip was successfully developed and planned to go to the market, which almost caused the company to be infamous, but fortunately, the R&D department solved the problem in time, which stabilized the situation.

The chip is successfully listed, and the price is much cheaper than that of the United States. At first, many companies did not believe that the country could develop their own chips, so they did not dare to cooperate with Yusheng.

There are no cooperating customers and orders for the rest of his life are not afraid, after all, good chips are there, no matter how he does it, he will not lose money.

With no orders and customers, Yu Shenghao simply established an electronic brand belonging to him.

Coupled with the promotion of the Four Seas Group, the placement of various advertisements by the big stars directly washed the people’s minds.

For a while, everyone knew that the brand created by Yu Sheng was well-known and won’t be short of sales. Some people bought those electronic products because of their idols, and some bought them with the mentality of giving it a try.

No matter what kind of mentality it is to buy the products created by Yu Sheng, it has brought them a big surprise.

The price is low, the equipment is good in quality, and the appearance is good. It also gives you more face when you take it out. This is the biggest selling point of the brand founded by Yu Sheng.

In just a few days, the sales of mobile phones and computers directly exceeded 100 million yuan, and the limelight was no different.

Yu Sheng’s brand is doing well, which undoubtedly undermines the interests of Americans. Their brand of mobile phones and computers received a serious impression, and sales directly dropped by more than three times. As a result, they could not sit still.

In the US San Francisco Commercial Building.

A blond, blue-eyed, high-nose man closed his computer with a sad face, sighed and said, “I never thought that someone in China could actually study this kind of chip...

Now, our interests have been affected so much just by promoting the whole China, and it will only take a few days! If they are given a period of time to promote to the world, it will be a devastating blow to our company.”

The secretary of the blonde beauty frowned and asked, “Is it really that exaggerated? What can Huaxia have? They are just a large population. Even if the chip is researched, it is not much better. How can it be with us? How does the chip compare?

They are only able to jump for this period of time. When their chip goes wrong, the good times are over. Chairman, you don’t need to worry too much.”

“No, no! This time is different.” The man took out a mobile phone from the drawer and put it on the desk, and said, “This is the mobile phone of that brand. I showed it to the R&D department. There is no problem with their chip. The most important thing is that it is better than ours. If we continue to wait, we won’t be able to wait for their demise, and we have cultivated the biggest competitor.”

The beauty secretary was a little anxious, and asked worriedly: “Then what should we do, chairman?”  
“Go to China!”

## **Chapter: 1207**

“Chairman, there is a chairman who claims to be a certain fruit brand outside and said that he has something to discuss with you.”

Yu Sheng closed the file with a faint smile on his face. The sales volume these days was completely beyond Yu Sheng’s expectations.

“Well, let him in!” Yu Sheng said.

After a while, the door of the office opened again. This time two foreigners, a man and a woman, came in. The man was young in his thirties. He looked a little soft and quiet with this eye.

The woman is in her twenties, with a hot body comparable to a supermodel, wearing sexy professional clothes, and her eyes with inherent arrogance.

“I didn’t expect you to be so young. It’s really amazing!” The man said word by word in Chinese.

Yu Sheng came to the man and shook hands with him politely: “Thank you, I don’t know what happened to you when you came to see me this time?”

“My name is Bush, and this is my secretary Lisa. This time I came to Chairman Yu to discuss cooperation. You will also be very interested in this cooperation.” Bush said with a smile.

Yu said in a prosperous tone, and then asked: “Then first tell me what you want to cooperate with me!”

Bush looked at the 20-year-old Chinese man in front of him. He always felt that he couldn’t see through it. He was not an ordinary person. Otherwise, how could he dare to be the first Chinese man to eat crabs.

“We have been in the electronics industry for many years. We have unique brand effects and loyal customers. What you have now is nothing more than the freshness of consumers. Once the freshness has passed, they will still choose my brand.

Therefore, in this case, I advise you to accept it as soon as you see it, and leave yourself a way out. I am willing to spend 100 billion to buy your brand. Look at the price. ”

Where did you come to negotiate the contract after doing it for a long time? Obviously, I saw that I had made the results, and I felt the crisis and thought about the acquisition.

The price of 100 billion sounds like an astronomical figure. In fact, the rest of his life has invested more than this amount in the science and technology park.

Huaxia has just developed its own chip, they can’t stand it anymore, and they just want to go their own way for the rest of their lives.

“One hundred billion, you really took this amount. If you want to acquire my company, don’t say one hundred billion, even if you make five hundred billion, I only have one word, no!” Yu Sheng said righteously. .

Bush didn’t expect to be as thorough as he would refuse for the rest of his life, but he was not in a hurry. He had a second plan.

“Since Chairman Yu doesn’t like this kind of cooperation, let’s change the way! For example, I invest in your brand and provide your brand with the most advanced equipment and technology, but the price of

your product has to be doubled, and it should account for 50% of the shares.”

Overlord treaties one after another, this Bush looks soft and weak, but in fact he is a guy who cannibalize people without spitting out bones.

Yu Sheng sneered, watching Bush's eyes disappear even the last trace of politeness, and said coldly: “Do you mean that I want me to help you pit the Huaxia people together? Are you treating us as Huaxia people? Fool? Or this is the sincerity of your U.S. people in negotiating contracts.”

“I have been tolerant enough for you. To use an old Chinese saying, don't toast or not eat or drink fine wine!” Bush said angrily.

As a U.S. bourgeoisie, even if Yu Sheng has some ability to make products so well, he will not take Yu Sheng too seriously. After all, in his eyes, those Chinese people are not only short and yellowish in color. At a glance, he is the sick man of East Asia.

“Who on earth is toasting and not eating fine wine? Don't think that if you know a few words of Huaxia, you really feel that you understand Huaxia. If you dare to talk to me about the Overlord Treaty, I will kill you every minute. If you don't believe it, you can try it.” Said coldly.

### **Chapter: 1208**

“What do you mean? Isn't China a country of etiquette? Is it possible that you still want to do it?” Bush asked angrily.

Yu Sheng stood up from his chair and said with a cold smile: “You are really right about this. Talking about cooperation, there are some overlord treaties. You think we Chinese people are all good bullies. Get out of here. If you don't leave, just don't blame me for doing it.”

“What can a Chinese kid have? Are the chips made not all plagiarize us? There is nothing to be gained.” Lisa said disdainfully.

“Plagiarism?” Yu Sheng was amused by her words. He invested hundreds of billions in the science and technology park, and it took him more than two years to successfully develop the chip. The results of his labor have become in the eyes of others. Plagiarism can't be recognized for the rest of my life.

“Wipe your dirty mouth clean. Is it plagiarism for others to do well? I don't think the new product I developed is much worse than yours, and there is no similarity. You bother to use your brain before slandering people. “Yu Sheng directly returned domineeringly.

The reason why the two people in front of them are so arrogant is that they have been accustomed to squeezing the Chinese parents in China over the years, and they think he is as easy to deal with as those people.

“You...you are just a Chinese, what's arrogant, isn't it just to develop a broken chip? In the electronics industry, we are the leader, and we can trample you to death anytime, anywhere.” Lisa said unconvincingly.

“If you really think so, you can give it a try. Why should you come all the way to ask for fun! Please come back if you have anything!” Yu Sheng hurried away.

The contract has not been negotiated and was humiliated. How could Lisa give up like this, sitting there with no intention of getting up, she folded her shoulders and said: “Let me go, you just did you scolded me, you must apologize to me!”

For this foreign woman, Yu Sheng has only four words, that is a strong word. It is obvious that she first spoke out and accused him of plagiarism, and now she has to ask herself to apologize to her, really treating herself as a soft persimmon.

“If I remember correctly, you were called Lisa. If you don't leave, stay here again. I don't care. I will go to

dinner when the time is running out.”

Yu Sheng said that she was about to leave the office, Lisa stepped in front of her with a reluctant look. Yu Sheng looked at Bush without anger and asked, “Boss Joe, your secretary is so ignorant of the rules, don’t you just leave it alone?”

Bush didn’t plan to cooperate for the rest of his life. Lisa did all of this at his instruction, and of course she wouldn’t care.

“Yu Dong, my secretary is hot and easy-going. The reason why I hired him is that I like this character. Many times she doesn’t listen to me at all, so I can’t control it either.” Bush smiled lightly. Said.

Yu Sheng was angry and laughed. When two foreigners came to Huaxia’s site, they dare to be so arrogant and domineering. Really, when their Huaxia people are so easy to bully?

“Since you don’t plan to manage it yourself, then I will help you discipline and discipline. If you start hard, then don’t blame me.” Yu Sheng said coldly.

He immediately raised his hand and slapped towards Lisa. He didn’t use any internal force for the rest of his life. He just wanted to knock Lisa back.

What made Yu Sheng didn’t expect was that Lisa had escaped, although he was not quick and accurate, but he was a competent person who could escape.

“Do you want to do it with me? Then let me see Chinese Kung Fu!” Lisa said proudly.

In the U.S., she is a master of taekwondo, and she can always hear others say how powerful Chinese Kungfu is. Today, she wants to see whether it is like the rumor, and by the way, she can teach this ignorant guy in front of her.

## **Chapter: 1209**

“Do you really understand Chinese martial arts? I’ll let you see it before you do it, and then you think about whether you want to play with me or not.” Yu Sheng said lightly.

For the rest of my life, I wanted to teach Lisa, who was ignorant of the sky, but she didn’t know how to do it because she was a woman.

Lisa didn’t know what tactics this was going to use for the rest of her life, but in his heart he thought that no matter how much scheming and tactics, she could suppress him by strength.

In the United States, Lisa can easily deal with ten 1.9-meter muscular men, and the rest of her life in front of me looks only 1.8-meter-long. It looks white and pure as an ordinary person. Is it possible to be able to follow ten? Compared to a muscular man?

Yu Sheng glanced around in the office, not finding something suitable, and finally his eyes fell on the suitcase Lisa was carrying when she came in.

“Fantastic!” Yu Sheng reminded Lisa.

Lisa didn’t understand what Yu Sheng wanted to do. Looking at what she was doing with the suitcase, she completely reorganized her worldview in the next second.

Yu Sheng waved a palm towards the suitcase a few meters away. The box was directly torn apart by Yu Sheng’s internal force, and the contents inside were also shattered to pieces by that powerful internal force.

This is not the most important thing. A golden phantom appeared when the palm was swung out for the rest of his life. That kind of real feeling was not what the special effects could bring.

Lisa’s first reaction was that Yu Sheng absolutely moved something, and what projection equipment was there, but she knew her box best!

This is dedicated to storing important files, so the material of the box is specially researched, and even

bullets cannot penetrate it.

And this ordinary Chinese man in front of him could explode the box with one palm. How powerful is this palm?

Bush, who was working on the side, was also shocked and speechless. This was the first time he had experienced the power of Chinese martial arts.

The two looked at each other and did not dare to stay longer, after all, his body was not strong with a suitcase.

“Suddenly I remembered that the company still had something to do and I would leave first, and see you if I had a chance.” After Bush said, Lisa turned and left.

When he walked out of the Four Seas Company and got in the car, Bush was still a little frightened. He asked Lisa on the side: “Did you see clearly just now? He just hit the box and was blown up by him, and he showed up. There is a golden phantom. Isn’t this amazing?”

“Boss, did you see it too? I thought I had hallucinations at the time! It seems that everything is true now, my God, is Huaxia Kungfu really that magical?” Lisa said in surprise.

“It seems to be the case now. I have heard the old man say that Chinese people are unusual. They have some magical martial arts. At first I didn’t believe it, but now it seems to be the case!” Bush said.

As the owner and creator of a brand, Bush has a stable personality, but as a superior, he looks down on Chinese people, thinking that they are stupid and cowardly.

The reason why I was so gaffe today was that I was completely suppressed by the rest of my life.

The reason for Yu Sheng’s direct action is to scare these two people away. It is best for them not to provoke themselves. This will save a lot of things.

Even though he was surprised by Yu Sheng’s magical ability, Bush still did not give up on suppressing the science and technology park, after all, that directly threatened his interests.

Bush picked up the bones and found out some similarities between the brand of a certain fruit and the brand created by Yu Sheng, and asked the team of lawyers to sue Yu Sheng for plagiarism.

Of course, these other mobile phones are also available, which does not represent who is plagiarizing who, but Bush just wants to make a fuss and make this matter bigger.

This message is so popular that the two major brands also have their loyal users. Most people in China are still standing by Bush. After all, Yu Sheng’s brand has not been established for a long time. If it is given by Bush this time it’s crushed, and then it will be difficult to stand up again.

Seeing the situation, when everyone on one side began to stand in Bush’s team and put pressure on Yu Sheng’s brand together, Yu Sheng directly posted a video on the Internet, which directly turned things around.

## **Chapter: 1210**

Of course, if a video wants to become popular, it cannot be fueled by the Four Seas Group. With the operation behind the scenes of the Sihai Group, the video will soon be transmitted to every Huaxia’s mobile phone, even if you don’t know that a certain fruit will fight for the rest of your life. Understand the situation and stand in line for the rest of his life.

This is Yu Sheng’s killer feature. The content that Yu Sheng discussed with Bush that day was cut off by Yu Sheng.

Many people in Huaxia like the mobile phone of a certain fruit because the processor is not stuck. Now they have their own brand in China, and they are not at all inferior to the expensive mobile phones bought by foreigners.

Coupled with the ridicule by foreigners that everyone in China has a lot of stupid money, this aroused their patriotism even more, and touching a certain fruit became the hottest topic at the time.

With the vast number of consumers in China, the brand of a certain fruit suffered a great loss, Bush had to come forward to explain this matter, and at the press release meeting that Yu Sheng was a fake video plaguing them.

After people who knew this technology checked the matter, there were no traces of the incident, and Bush was pushed to the cusp of the storm again.

At the end of the coaxing, there was really no way. For the interest, he could only come forward and publicly apologize to the Huaxia people.

The final solution ended with a complete victory for the rest of his life.

The reason why Bush, who has always been prudent, would make such low-level mistakes was because they were talking in the office for the rest of their lives.

It stands to reason that the chairman of the board would not think about installing surveillance cameras in his office. After all, in this way, he can talk to the little secretary and so on. Who knows that the rest of his life will do the opposite.

After this incident, the rest of his life's wages have risen directly, and many loyal users have been harvested. The company's profit has also directly doubled several times.

As the days passed, the one-month deadline was reached. During this month, the hidden people did not make phone calls for the rest of their lives.

This trip took Song Wanwan with her for the rest of her life, and unlocked her acupuncture points to restore her abilities.

When I came to Beijing again this time, a big change happened. I don't need to think about the rest of my life to know that it was those who concealed it.

After arriving in Shangjing, Yu Sheng went to Bai's house to visit Mr. Bai. What was more surprising was that the door of the Bai's house was closed. After inquiring, he found out that Mr. Bai had already sold all of the properties when he helped her take back all the properties for the rest of her life. I went abroad with money.

Leaving is the most correct way. The rest of his life will make more people in the concealed family get revenge. With the rest of his life, Mr. Bai can't hold the anger of those who conceal it. Leaving can save everything. .

The same is true for the Gu family. They sold their properties and went abroad. Many people from big families fled and even became slaves to the hidden people.

Yu Sheng directly released the message this time, holding a ring at the door of the Bai's house, challenging all the hidden people to hold it for ten consecutive days.

For the rest of his life, his behavior was very coaxing. If the hidden people refused to accept the challenge and insisted on being a turtle, they would be criticized by outsiders.

Mo Tianzong.

"A boy in his twenties, really such arrogance? How dare he be a cultivator in the secular world!" Song Hao said coldly.

Suddenly he remembered what Lei Yuan had said a month ago, that a man named Yu Sheng had only been able to fight back with his own power.

At that time, Lei Yuan believed that Yu Sheng was fast, so he killed Lei Yuan. Now it seems that this matter is true.

"Give me an order to let the three major sect masters fight, only to win, not to lose, if you lose the face

of the hidden door, don't come back." Song Hao said to the disciple of Mo Tianzong.

The disciples of Thunder Sect didn't dare to be scornful after receiving the order, and went to inform the three suzerains non-stop.

Playing with the tea cup in his hand, Song Hao showed a sneer at the corner of his mouth. This time, sending the three masters to take action together was enough to give Yu Sheng face.

The sect masters of the three great masters attacked together, and even he himself was very difficult to deal with. A young man in the secular world who was so much younger than him, Song Hao did not believe that he could not be dealt with.
