

## Dont mess 1211

### Chapter: 1211

"It's you? You dare to challenge our hidden door, you are afraid that you have drunk fake wine, don't you know how many cattles you have?"

A disciple of the Lieyan Sect couldn't help but mock Yu Sheng when he thought that Yu Sheng looked so young, thinking that Yu Sheng was just a kid who didn't know the height of the sky and earth came to die.

The disciples of the other two major sects were also contemptuous when they saw Yu Sheng's young age. They thought that the order given by Sect Master Mo Tianzong was too trivial. If they deal with such a small word, they can solve it with their hands. Should they still use to alarm the three Sect Masters?

"This kid dared to go to the hidden gate to look for things. He doesn't know how to write the dead words!"

"Let let let let, I can directly kill this kid with one punch. You let me let go and let me meet him!"

Everyone in the Fiery Flame Sect is violent, and they are also the strongest of the four sects, so they are naturally arrogant.

The person on the side grabbed the disciple of the Lieyan Sect and kindly reminded: "Don't be so impulsive. This kid looks strangely young, not as simple as you think. Did you know that the Thunder Sect was expelled from White? Home is made by the individual."

The disciple of the Flame Sect cast his mouth in disdain and said contemptuously: "Can the Thunder Sect be on par with our Flame Sect? They can't beat this young man, and they don't tell the young man how good they are, but it shows that they are too wasteful.

Stop talking nonsense with me here, I'm going to try today how many cattles this kid has. "

Taking advantage of the fact that the three sect masters were still not there, the disciple of the Lieyan Sect jumped to the arena with a leap, and looked up and down at Yu Sheng's face full of disdain.

"I am Liexiong, the disciple of the Lieyan Sect, but your kid dares to challenge the hidden gate."

Yu Sheng is so sad that people come up to let himself move around! He didn't wait for other sect masters to come, but waited for a kid who didn't know the height of the sky.

Since the arena is held, then you are not afraid of others coming over to challenge, and since you are challenged, you can just let yourself be active.

"Yes, I just want to challenge the entire hidden gate, and also drive you all out of the world. This is not a place where you can do evil." Yu Sheng said.

Hearing Yu Sheng's words, Lie Xiong was overjoyed, and he burst into laughter directly, and even the people in the audience laughed and laughed at Yu Sheng for a while.

"Oh my god, are you trying to laugh at me? What are you counting on, you dare to say to drive the hidden door out, stop bragging, I will let you know today what it means to be ignorant! "Talking that Lie Xiong stopped talking nonsense and struck towards Yu Sheng.

The reason why he was able to challenge the rest of his life so boldly is entirely because he himself also has good strength.

As the son of the Sect Master, he has unique resources for cultivation, and his talent is not bad. Now he has the strength of the later stage of the Grand Master Realm, and he is one of the best in the younger generation.

For the rest of his life, he seemed to be about the same age as him. In addition, the secular world had no

aura at all. He didn't believe that the man in front of him could be more powerful than him. The shot was a big killer move. He pinched Yu Sheng's neck. The wood he practiced on weekdays could be crushed by his claws. He didn't believe that Yu Sheng's neck was harder than wood.

Seeing that Yu Sheng had no plans to hide, the smile on Lie Xiong's face became even brighter, and he was caught by himself. This was definitely mortal.

If he can clean up the rest of his life before the three elders come, he will definitely be reused by the Sect Master of Mo Tianzong, and the training resources he will receive at that time will be accelerated. Even if he becomes the first person in martial arts, it is not possible. of.

Lie Xiong was already dreaming of the bright future in his mind. Seeing that his claw was about to smash the neck of the rest of his life, who would have imagined that in the next second he fell severely under the ring.

For the rest of his life, he kicked him off the stage with a simple kick.

### **Chapter: 1212**

"When fighting against each other, I even dared to think and distract myself. If I kill you, you will have died countless times." Yu Sheng said coldly while looking at the Lie Xiong below the stage.

The Liexiong who fell to the ground at this time was still hooded, and he didn't think he would be kicked off so easily. Seeing the people around him mocking and pointing at him, he only felt that he was shameless.

Standing up quickly from the ground, Lie Xiong unwillingly shouted to Yu Sheng: "That didn't count just now. I'm not ready yet, let's do it again!"

Not being prepared is naturally an excuse. After all, the person who just shot first is Lie Xiong, but they are all hidden people, and naturally they will not help Yu Sheng to speak, and they also open one eye to Lie Xiong's behavior.

Besides, the Liexiong was defeated too fast just now. They still don't know what the level of the rest of their lives is, so can the young really drive the Thunder Sect out by their own strength?

Yu Sheng just smiled and didn't pay attention to this kind of shameless behavior of the Lie Xiong, and said indifferently: "Okay, you have to be prepared this time!"

Lie Xiong was kicked off the stage once and felt shameless. Naturally, he would no longer be fascinated by his own hands, and he would recover all the lost face.

It was still the Lie Xiong who attacked Yu Sheng first. This time he didn't use the offensive of the last time, but chose a defensive and defensive style of play.

This was just near Yu Sheng's body, he still didn't have any rush to move, the next second he was kicked off by Yu Sheng, and he fell severely outside the ring.

One time can be said to be an accident, but two times can't be as simple as an accident, right?

Now the onlookers can also see that Yu Sheng is not as simple as they thought. This fiery bear is not his opponent at all, and he can't hold on to even a single move in Yu Sheng's hands.

The Lie Xiong lying on the ground couldn't wait to find a hole to get in. This was the second time he was kicked down, and he didn't have any face.

After this incident, it is very likely that he will become a joke of the person of the hidden door, and even the Fiery Flame Sect will be laughed at by him.

Liexiong regretted it a little. Why was he so reckless and impulsive. If he knew that Yu Sheng was so good, then he wouldn't be the first bird, but there is no regret medicine in this world. Yu Sheng didn't have to directly kill him directly. NS.

“Do you still need to continue to challenge? Are you convinced or dissatisfied?” The rest of my life on the stage now asked faintly.

Lie Xiong clenched his fists, there were ten million people in his heart that were dissatisfied. The anger in his heart had already burned to the extreme when he lifted him off the stage for the rest of his life to provoke him like this.

“Lie Xiong, let’s forget it! Forbearance and forbearance will pass. After a while, the three major sect masters will all come. This kid definitely can’t beat the three major sect masters, and it will not be too late to vent his anger at that time.” The disciple comforted.

Hearing these words, Lie Xiong calmed down his anger. It is a fact that he did not beat Yu Sheng. Even if the frustration in his heart is strong, he can’t beat it. Instead of going up and being humiliated by Yu Sheng again, it is better to wait for the three majors. Sovereign comes.

“I admit defeat, because I underestimated you, but it doesn’t mean that you can not put the hidden door in your eyes. After a while, the three major sect masters will come. Then you will know how stupid you are!” Lie Xiongxin Unwilling to admit defeat, but still thinking about pressing Yu Sheng to find some face.

“You don’t need to worry about this, you just need to know how arrogant you are. If I wanted to kill you, you would have died long ago!” Yu Sheng said unceremoniously.

The retorted Lie Xiong could not speak to refute, and could only swallow his breath.

“Who else is going to challenge? I’ll be with you at any time!” Yu Sheng said aggressively, disregarding the crowd.

The people in the audience are silent. Look at me, I look at you, Lie Xiong was kicked by Yu Sheng twice. They all saw it. Although they laughed at how embarrassed Lie Xiong was before, many of them are not as strong as Lie. Xiong Qiang, going up to challenge is equivalent to taking humiliation, but if you don’t go, it will make Yu Sheng feel that the hidden door is afraid of Yu Sheng.

When everyone was really at a loss and didn’t know what to do, someone in the crowd yelled in joy:

“Look, everyone, the three sect masters are here, this guy who doesn’t know the height and the earth is going to be unlucky.”

### **Chapter: 1213**

After the man yelled, two luxury cars drove to this side and stopped. The doors opened and the three suzerain Civic Xuanyi walked out of the car. Everyone had a powerful aura.

The three sect masters stood side by side and walked in the direction of this arena. The disciples of the hidden gates wherever they passed gave way, and everyone would bend over to express their respect to the sect master.

Lie Xiong walked over excitedly, and couldn’t wait to come to his father’s face and said: “Father, I just challenged this kid. He really has some strength. I am not his opponent, but this kid is too arrogant and said Our hidden people are driven out of the secular world, you must teach him a good lesson.”

Sect Master Lieqin of the Lieyan Sect heard this from his son and looked at Yu Sheng on the ring. As the lord of the Lieyan Sect, his character was even more irritable than his son.

There is no difference between making his son lose face and hitting himself in the face. As the head of the four great sect masters, what he wants most is face.

Lie Qin glared at Yu Sheng on the stage and said: “Huang Maoer is so arrogant, do you really think he is invincible in the world? It’s ridiculous, I will let you know the rules of dare to come to the hidden door to make trouble.”

These remarks were full of domineering, and I heard the disciples of the small sects of the Hidden Gate clapping their hands and applauding.

“Sect Master Lie teaches this guy well and kills him!”

“Sect Master Lie is really mighty, so take care of him and let him dare to be so arrogant.”

Everyone was encouraged, it was because the three suzerains were too frustrated when they questioned them for the rest of their life before they came, and now they are backing the mountain.

Yu Sheng looked at the faces of these people in the audience, with a joking smile on their faces, and said shamelessly to Lie Xiong: “You not only like to be aggressive, but you are also so capable. You just looked like a bullied elementary school student. It’s really shameful to be looking for a parent, and I’m not ashamed of you for the same man!”

When Liexiong heard this, his face went dark, he wanted to go up and teach the rest of his life, but when he was about to stand up, his father Lieqin stopped him.

“You are watching from the stage to see how I clean up this kid, you can’t even beat him, and your character is really too impetuous.”

Speaking, Lie Xiong jumped into the class ring and stood facing the rest of his life.

“I will meet you, what kind of level is it to make you so arrogant?”

As Liexiong said, he planned to take a shot at Yu Sheng, and directly reached out to stop Yu Sheng, “Hold on, I still have something to say.”

Upon seeing this, Lie Qin sneered. In his eyes, the rest of his life stopped at this time because he was afraid of himself, and scared him to admit defeat without even having a hand.

“Since you are afraid of death, it is better to come to the hidden door to challenge. Now that you are afraid, you want to shrink back. There is no such good thing in the world. Even if you admit defeat, I will destroy you!” Lieqin said unceremoniously. .

The hidden disciple in the audience saw that Yu Sheng called a stop at this time because he thought he was afraid and wanted to shrink back.

“Yu Sheng, if you dare to admit defeat, I really look down on you, a coward who is afraid of death!” Lie Xiong looked for a chance to mock.

Even Song Wanwan, who came with Yu Sheng, didn’t know what Yu Sheng was doing too much. Could it be that he really wanted to give up now?

If Yu Sheng had given up now, when would she be able to avenge her big vengeance only by her own strength!

“I don’t want to admit defeat, I just want the three of you to come together, save me one by one, let’s come together! I’m in a hurry.” Yu Sheng said lightly, and the meaning of light and fluttering in that tone was completely absent. Put the three elders in your eyes.

## **Chapter: 1214**

Dealing with three Sect Masters alone, even the Mo Tianzong dare not say that with such courage! How dare this mundane 20-year-old kid!

They had heard about the strength of the three sect masters. They were all strong in the early stage of the Great Master Realm. The three had teamed up to deal with Shi Lao.

The people present in the battle had seen it before, although none of them had ever beaten Shi Lao before, that was because Shi Lao had reached the middle stage of the Grand Master level.

The young man in front of him said arrogantly that he would choose one to three. Could it be that he also reached the mid-term level of the Great Master?

If someone can reach the mid-term level of the Grand Master at this age, his potential and talent are simply unparalleled in a thousand years. They are still the first person they have heard of until now, and they are likely to touch the Grand Master in their lifetime. Realm.

“Why don’t you all react? I said I want to challenge your three Sect Masters at the same time. What are you doing in a daze? Come up quickly, and I will go to Song Hao after the fight.” Yu Sheng urged a little bit too late.

He said so, and the two sect masters under the stage looked at each other and immediately understood that they came to the ring together.

“Why do you shoot in a daze! Don’t say I bully you at that time.” Yu Sheng said lightly.

His words directly aroused public outrage, his tone really didn’t take them seriously, and his grumpy, violent expression turned blue.

“Before I was thinking of disposing of you, but now I have changed my mind. This kid is too arrogant. Let me see if you can say this when you die, let’s go together!”

The Sect Master of Haoyue Sect and Sect Master of Qingfeng Sect also couldn’t understand Yu Sheng’s arrogance, and they all wanted to teach him a good lesson.

The three great masters attacked Yu Sheng together and blocked his retreat. Now the rest of his life can be said to be irresistible, and they can only take their tricks abruptly.

Yu Sheng’s face didn’t show the slightest panic. At this moment, he had been looking forward to it for a month and had made a lot of preparations during the period.

In the blink of an eye, Yu Sheng had already figured out a countermeasure, and quickly found a breakthrough from the three of them. Then Yu Sheng’s gaze was fixed on the Haoyue’s Sect Master, and he raised his hand and slapped it with a palm.

The two palms collided together, and what Yu Sheng had cultivated was the exercises on the Nine Profound Heavenly Book. In addition, his internal strength was even more pure after being quenched by the jade. This palm undoubtedly knocked the Sect Master Haoyue back. Take a few steps.

The move just now directly broke the situation. Facing Lieqin’s offensive and Sect Master Qingfeng’s shots, there was room to dodge.

“Good boy, how dare you dare to be so arrogant? It turns out that you still have some skill.” Seeing Yu Sheng escaped the offensive of the three people, Lie Qin praised it from the bottom of his heart.

Yu Sheng smiled and said, “I’m not just a little capable! Then it’s my turn to take action. You have to be careful.”

Speaking, Yu Sheng’s eyes narrowed. Although he was talking just now, he still didn’t have the slightest care. Sect Master Qingfeng sneaked behind him and planned to attack him for the rest of his life.

A second before Sect Master Qingfeng planned to attack, Yu Sheng took the lead in launching an offensive.

“Ben Lei Palm!”

Yu Sheng shouted and slapped towards the Sect Master of Qingfeng. This palm was majestic, and the golden palm phantom was mixed with the power of purple thunder and lightning.

Yu Sheng’s movements were quicker and more decisive than the Sect Master Qingfeng who was planning to attack, and this palm hit the Sect Master Qingfeng directly on the chest.  
puff!

Sect Master Qingfeng spit out a large mouthful of blood, and the person was also beaten out, flew more than ten meters away and fell under the ring. Sect Master Qingfeng who fell to the ground kept

twitching. This is what Ben Lei Palm carried. The lightning paralysis effect that comes can make people deeply paralyzed within ten seconds.

### **Chapter: 1215**

In just two or three minutes, with the three Sect Masters taking action at the same time, Yu Sheng was able to knock the Sect Master Qingfeng down into a coma. This method really shocked everyone present.

“You... are you at the mid-level of the Great Master Realm?” Lie Qin looked at Yu Sheng in shock and asked.

Yu Sheng just smiled and didn't answer. In fact, he didn't reach the level of the middle stage of the Great Master Realm, and because of his internal power technique and his own strength, he gave them this illusion.

In the Doomsday Prison, teaming up with three adults to escape many times for the rest of their lives, both actual combat experience and physical strength have been greatly improved. But it can't be as unscathed as it is now.

With the silence of the rest of his life and the smile on his face, Lie Qin felt that the young man in front of him was unfathomable, and it was very likely that he was the mid-term strength of the Great Master. To be honest, Lie Qin had already had a retreat in his heart, but when Mo Tianzong's Song Hao had already issued an order, he would be expelled from the hidden gate if he couldn't deal with Yu Sheng. Thinking of Song Hao's ruthless and cruel approach, he might die unexpectedly after going out of the hidden door, so now he must fight if he doesn't fight!

The Sect Master of Haoyue Sect had the same idea as Lie Qin, and even if they were afraid of the rest of their lives, they would not shrink back.

Lie Qin no longer had the slightest concealment, took out a small black ball from his pocket, and threw it towards Yu Sheng's place.

Yu Sheng Shenxing dodged it, but the small black ball exploded the moment it hit the ground, and the power of the “boom” flame spread to the rest of his life.

For the rest of his life, his coat was lit, and he took off his coat without a trace of hesitation. This kind of fire is not simple if the fire wants to be extinguished.

In the blink of an eye, Lie Qin had already taken out the second ball and threw it towards Yu Sheng. The Sect Master in Haoyue was also idle, taking out a sword and stabbing towards Yu Sheng.

With the experience of the last time, Yu Sheng pushed out like a lightning so far before he was not affected by the fire. As soon as he stabilized his figure, a sharp sword shining with cold light pierced his chest.

For the rest of his life, he didn't have to hide. He stretched out two fingers and directly clamped the sword hand with a hard force, and the sword was directly broken by him and split into two.

“You...you unexpectedly...” Sect Master Haoyue was shocked when he saw that his sword was broken abruptly by Yu Sheng.

Taking advantage of the gap of the Haoyue Sect Master's distraction, Yu Sheng raised his hand and hit his shoulder with a punch, and then Yu Sheng made another kick and kicked the Haoyue Sect Master off the stage.

“You kid, look for death!” Lie Xiong took out several small black balls and threw them towards Yu Sheng. This kind of small ball is a special magic weapon of the fierce bear, and each one is extremely precious and can bring about a terrifying power. This kind of flame can be burned as long as a small flame is

touched, and it will never die.

Had it not been for the rest of his life to be vigorous and resolute, and he had taken off his shirt directly, maybe he had been burned to ashes now.

After throwing several small balls in a row, Yu Sheng knew that he couldn't hide, and this time he didn't run away at all, so he concentrated his inner strength with both hands and struck towards Lieqin.

The palm that the rest of his life in the Grand Master realm shook out was not intended to hurt people, but to use this wind to adjust the direction of the iron ball.

If he kicks them away with direct use, then the moment his foot touches the ball, it is likely to explode and burn, so he can only use the method of consuming internal force to shake the ball.

This trick is still very useful. The palm of Yu Shenghui's palm made the ball turn a corner. This time the ball flew in the direction of Lieqin.

When Liexiong saw this, her pupils contracted violently. As a great master, she was very fast, but this situation was beyond his expectation. She didn't even consider that this situation would be avoided when she wanted to hide. It's too late.

boom!

Some of the small balls hit Liexiong's body, and some fell on the soles of his feet. When those iron balls landed, there was a violent explosion, and a raging fire ignited immediately.

And Lie Qin became a fire man, he kept struggling and rolling on the ground, but he didn't have the slightest effect, and there was no way to extinguish the fire on his body.

## **Chapter: 1216**

"Father! Father!"

Lie Xiong shouted at Lie Qin on the stage, but at this moment Lie Qin had no way of responding to him. Seeing that his father was about to be burned to death, Lie Xiong couldn't help but go to the ring to save his father.

When he was about to go up, someone grabbed his arm, and a disciple of the Lieyan Sect persuaded him: "You must calm down, Liexiong! I know that the Sect Master is in a hurry now, but you know it too. There is no way to extinguish this kind of fire. What use is it even if you go up?"

Maybe it will catch fire to your upper body at that time, so you must not calm down impulsively, as long as the person is alive, there will be a chance for revenge sooner or later."

"Opportunity? Is it possible for me to watch my father burn to death like this?" Liexiong roared at the person who caught him.

"Yu Sheng, you dare to deal with my father like this, I want to kill you, I want to kill you!" Lie Xiong's sanity has been completely replaced by anger, and there is only the monstrous hatred for Yu Sheng in his eyes.

The disciple of the Lieyan Sect knew that something big would happen if he continued like this, so he said in his heart that he couldn't help but feel sorry for Liexiong. I did this entirely for your own good. Then he hit the back of Lie Xiong's neck, Lie Xiong turned around and looked at the disciple of the same clan, and turned his eyes into a coma without even uttering a word.

At this time, the fiery bear on the ring had stopped struggling, lying on the ground, there was no movement, but the fire on his body was still burning.

But it only burned for a while, and when the fire was getting smaller and smaller, when it went out, only a small pool of ashes remained.

The disciples of the Lie Yan Sect who watched this scene showed sadness on their faces, and their

suzerain was burned to death by the fire.

After practicing the fire for a lifetime, he finally died on this.

Even watching Yu Sheng killed their suzerain with his own hands, apart from the Lie Xiong, there was no one in the Lieyan Sect who dared to stand up and fight for their suzerain.

It's really because Yu Sheng's strength is too terrifying, even if they go together, they will not be able to withstand a single move under Yu Sheng's hands.

At this time, the Sect Master of Qingfengzong had awakened from the paralyzing effect brought by thunder and lightning, and he was shocked when he saw the scene before him clearly.

The strongest Lie Xiong between them was dead, and now he was seriously injured, and the Haoyue Sect's Sect Master was no better than him.

When the three of them dealt with a young man in the secular world, he was beaten up and there was no room for a backhand, and one of them died.

Yu Sheng looked at the other two sect masters who were lingering, and asked in a deep voice: "Are you going to continue? Or should Song Hao call out, you can figure it out. If you continue, maybe the end will be as miserable as Lieqin. , The end of a dead body."

Although Yu Sheng was very disdainful of them in his words, the two suzerains did not dare to say anything. After all, the difference in strength lies there!

Although the young man in front of him is arrogant, he has arrogant capital.

"We don't fight..." the two sect masters said at the same time,

All the people at the hidden gate under the ring bowed their heads. Ever since they stepped out of the secular world, they have always been kings and hegemony, treated as living gods, and the world treats them respectfully.

Today, a young man ran over to build the arena, and the three suzerains of the four major sects were all defeated. They felt that the rest of their lives was arrogant and hateful, but there was no one who could do anything about him.

The reaction of these people was in their eyes for the rest of their lives, and a sneer appeared at the corners of their mouths.

"Why? Scared? You guys at the Hidden Door are nothing more than that! Just like that, what qualifications do you have to rule the world in the secular world and plunder the fruits of other people's labor at will?"

## **Chapter: 1217**

One of the four great sect masters died, and the other three were defeated by Yu Sheng and they were still working together. The message here quickly reached Mo Tianzong Song Hao's ears.

"All the three Sect Masters have lost? How could that for the rest of his life be so powerful?" Song Hao looked incredulous.

However, this kind of accident occurred in the matter of stability. The three sect masters died and were injured even if he challenged them again, there was no way to do the rest of his life.

Do you really let this kid step on the head of the hidden door?

"Sect Master, what should we do now? That Yu Sheng clamored to see you, it seems that he will never give up if he doesn't drive the hidden door out of the secular world." Mo Tianzong's disciple said.

Song Hao was also full of sadness. The strength of the rest of his life was really too bad, and he could not deal with it at all.

"Or, please come out the Great Elder! I'm afraid that there is no one other than him who can solve that

kid.” The disciple of Mo Tianzong suggested that the Sect Master could not make up his mind. Song Hao thought for a while, but there was no other way. The only sure way was to get the Great Elder out of the customs and let his elders help deal with the rest of his life.

His old man was too late for a while, so he could only spend some time for people to go to the secret realm of the hidden door to invite him.

“You take the token to find the great elder, so that he must go out to help the hidden door through this crisis.” Song Hao took out a black token from his clothes and handed it to the disciple.

The disciple responded with a yes, and then got in the car and left.

How long did the disciple leave now, Mo Tianzong’s door was pushed open again, and it was Yu Sheng and Song Wanwan who came in this time.

The two pushed open the door of Mo Tianzong. No one dared to stop wherever they went. When they saw Song Wanwan, many of the inner disciples looked very strange.

“Where is Song Hao? Come out quickly to die.” Yu Sheng was now in the courtyard of Mo Tianzong, shouting loudly toward the inside, full of domineering tone.

There was a lot of noise here, and many of Mo Tianzong’s disciples came to watch. Even though Yu Sheng spoke such a rude provocation against Mo Tianzong, there was no one who dared to go up to Yu Xianzong.

After all, Yu Sheng alone challenged the three suzerains and won. Almost all the people with the hidden message know this.

“I’m Song Hao, what can I do?” Song Hao walked out of the crowd and said flatly.

When Song Hao came out, Song Wanwan’s beautiful eyes wrinkled slightly, and then her face was full of hatred for the person in front of her, and her fist clenched tightly.

Song Hao also saw a flash of surprise in Song Wanwan’s eyes, and immediately laughed, and said with enthusiasm: “Sister, you are back! I thought you were missing after my father died! I didn’t expect you to come back. , Brother is really happy from the bottom of my heart!”

Speaking, Song Hao looked at Yu Sheng, and asked Song Wanwan, “Is my sister your boyfriend?

Originally, who I thought could challenge the three suzerains? It turned out to be the one my sister liked. Your eyes are really good. Since he is your boyfriend, I won’t care about this matter with you.”

Yu Sheng looked at Song Wanwan next to him. She said before that Song Hao killed her family, but now it seems that Song Hao is obviously his brother. Is it possible that this woman was lying to him?

The purpose is to deceive oneself into Mo Tianzong, and then the two brothers and sisters join forces to deal with me together?

For the rest of his life, Song Wanwan’s purpose of approaching him was clear, and who thought that things had changed.

“Who is your sister, I don’t have a cruel brother like you, if I hadn’t escaped, maybe he would have died in your hands! I came to you today just to take your life!” Song Wan Wan gritted her teeth and said.

Although the man in front of him is her elder brother, he is just a half-parent. There is no way for the brothers of the big sects to be united, not to mention their situation!

“Song Wanwan what nonsense are you talking about? When am I going to kill you? How do you say you are my sister too!” Song Hao looked at Song Wanwan with a surprised look and said.

Song Wanwan’s charming face showed a sneer, and then pointed at Song Hao and said, “Pretend, then pretend, thinking that you’ve done those damaging things that no one can expose you? While everyone is here, I am now Just say it all!”

**Chapter: 1218**

“Sister, don’t be fooling around, have you been fooled by this for the rest of your life to say this kind of messy things? Don’t be fooled anymore, you will be angry for your brother!”

Song Hao’s face was slightly angry, and it really looked like a helpless brother. The disciples of Mo Tianzong who watched also thought Song Wanwan was bewitched by Yu Sheng.

“Don’t be hypocritical, no matter how you pretend, you can’t conceal your ugly behavior.” Song Wanwan said that she took out an ink-colored dragon-shaped jade pendant from her pocket.

“Everyone knows this jade pendant? This is my father’s personal jade pendant.” Song Wanwan said. When the disciples of Mo Tianzong saw the jade pendant, their faces showed respect. Seeing this jade pendant is the same as seeing the old master. This jade pendant is also Mo Tianzong’s inherited jade pendant.

The whereabouts of the second young master after the death of the old sect master was also unknown, and the third young lady also had no trace, so Song Hao logically sat on the position of Sect Master Mo Tianzong. At that time, he only said that Yu Pei was lost and could not be found. Today Miss San came back with a jade pendant.

When Song Hao saw this jade pendant, he subconsciously wanted to grab it. Yu Sheng had been paying attention to Song Hao. Seeing that he was about to grab the jade pendant again, he took the lead in taking the jade pendant from Song Wanwan’s hands. .

“Don’t worry, I’ll keep it for you first. He is a great master and it is not safe to put in your hands.” Yu Sheng said to Song Wanwan.

Song Wanwan nodded, now she has no choice but to unconditionally believe in the rest of her life. Yu Pei fell into Yu Sheng’s hands, and Song Hao didn’t dare to rob him in such a blatant past. In terms of strength, he was not Yu Sheng’s opponent.

Song Hao said angrily to Song Wanwan: “Sister, how can you give Mo Tianzong’s jade pendant to someone who provokes the hidden door? Before, I was still wondering how my father always died like this in good health. Now I finally figured it out, it must be your ruthless hand, right?

You killed your father and snatched the jade pendant, and now you are helping outsiders deal with the hidden door. No matter how Song Wanwan said you can’t kill her father for the sake of power, how dare you? ”

The disciples of Mo Tianzong who were quoted by this sentence also cast bitter glances at Song Wanwan. It is impossible for the third lady, who is gentle and beautiful on weekdays, to be able to do such awkward things. It is simply too unhuman. .

“Sect Master, kill them!”

“You are not worthy of being a hidden person. Kill this person, and we will kill them together.”

The disciples of Mo Tianzong were inspired by Song Hao’s words, and they all resented Yu Sheng and Song Wanwan. The old sect master was kind to people, and the disciples of Mo Tianzong admired the old sect master very much.

It was such a good man who was killed by his own daughter, whom he had loved for more than 20 years, and those who were both hidden doors couldn’t stand it anymore.

Song Wanwan looked at the same disciple who talked and laughed, but now she was about to kill herself, and she was heartbroken for a while, and she could only blame Song Hao for turning black and white.

“It’s not like this, it’s not like this. This jade pendant was handed to me by my father. It was all because Song Hao poisoned his medicine. Even the death of the second brother was caused by him. , He is the one who kills the father and the brother, and he is the most damned person.”

Because of anxious Song Wanwan's tears came out, she tried her best to explain, trying to clarify the matter.

It's not useful. Now Mo Tianzong's people are in riots and no one listens to what she said. As for Yu Sheng, she understood what Song Wanwan said.

"Disciples of Mo Tianzong, let us go together to see the old sect master revenge, and take these two people down!" Song Hao commanded loudly.

With an order, everyone rushed towards Yu Sheng and Song Wanwan!

### **Chapter: 1219**

Many people don't mean you can win. Yu Sheng raised his leg and stomped the ground, and a powerful force shook those people back more than ten meters away.

The great master's strength is not something they can deal with, as long as the rest of his life wants to solve these people in minutes.

If it wasn't for the purpose of figuring out the reasons for this, the rest of my life would have done it a long time ago, so why wait until now?

Raising his hand to grab a disciple of Mo Tianzong who wanted to make a killer move against him, Yu Sheng wanted to break his neck, and Song Wanwan stopped him when he was about to do it.

"Don't kill them, they are innocent. The capital of all the culprits is Song Hao, please don't kill them!" Song Wanwan looked at Yu Sheng with a pleading expression.

These people are all disciples of Mo Tianzong, who belong to the same sect as her, and they will respectfully yell Miss San when they see her on weekdays.

She came to take revenge this time just to find Song Hao alone. The cause of everything was Song Hao, and she didn't have much to do with these people.

Yu Sheng finally let go of the hand that was holding the man's neck, let go of a man and a lot of disciples rushed towards them.

There are more than 500 disciples of Mo Tianzong. If you do it, you can solve them quickly for the rest of your life, but you can't avoid casualties. Now the most rare thing is that Song Wanwan will not let him kill. It will be a little troublesome to solve it. NS.

Song Hao just gave him an order and didn't take any action. Instead, he quietly watched all this. When he gave this instruction, he guessed that the soft-hearted third sister would definitely not act like those disciples of the same class.

Five hundred people in a wheel fight can also consume some internal energy for the rest of your life. By the way, you will delay for a while. When the great elder comes, the rest of your life will be completely unable to fly.

Sister, sister, what is the use of what a woman says? It's not targeted by everyone. Although the rest of my life is still very strong, but what use is it?

Even if he is strong, can he be stronger than the elder? Decades ago, the great elder was the mid-term strength of the great master, and after so many years of retreat, it is very likely that he has broken through to the later strength.

After a round of battle, Yu Sheng and Song Wanwan solved the problem of these five hundred people without harming them, and half an hour has passed since they lost their combat effectiveness.

Although there are no great masters among them, there are still a lot of great masters. In order to solve them, Song Wanwan's internal strength has been completely exhausted, even if she stands there, her legs are still a little trembling.

But Yu Sheng's situation was much better. He was like a robot that wouldn't get tired, and he showed no signs of fatigue as he fought and became more brave. Song Hao was also a little surprised when he saw Yu Sheng's toughness.

"Now you have any shameful means, don't hesitate to use it, otherwise you won't have a chance, after all, you will not have much time to live in this world," Yu Sheng looked at Song Hao sharply, and rushed in one stride. Past.

"Ben Lei Palm!"

Yu Sheng raised his hand and hit Song Hao with a palm. The golden palm phantom mixed with purple lightning seemed powerful.

Song Hao didn't think that Yu Sheng had just gone through a round of battle, and he attacked himself without the slightest pause. Isn't he really tired?

The power of this palm can be seen from the naked eye alone. This is also the most powerful killer in his life. Song Hao didn't dare to evade it in a hurry.

Song Hao, who played Yu Sheng one move after another, retreated steadily. There was no room to fight back. Song Hao felt that his strength was inferior to him when Yu Sheng defeated the three sect masters, and he didn't expect to be suppressed so thoroughly by him.

If this dragged on, there would be only a dead end. Song Hao looked at the doorway from time to time, and could only expect the great elder to arrive as soon as possible.

## **Chapter: 1220**

In just ten minutes, Song Hao exhausted all his energy and still didn't have any advantage in Yu Sheng's hands, and Ver was so embarrassed that he almost lost his name.

Song Hao was kicked and flew out by Yu Sheng, spit out a big mouthful of blood, seeing Yu Sheng rushing towards his place again, he took a few steps back and quickly said, "Stop...Stop!"

A sneer appeared at the corner of Yu Sheng's mouth. Song Hao hadn't seen enough in front of him now, even if he was still thinking about playing tricks, there was no way to change the current situation.

Stopping the attack on Song Hao, Yu Sheng looked at Song Hao and asked, "Why? What else do you want to say? Speak out what you can say while you are still alive!"

Song Hao wiped off the blood from the corners of his mouth to make himself look less embarrassed. Then he straightened his back and said, "Brother Yu, why do we have to fight you to death? I have no grievances against you?"

If you don't want the hidden gate to stay in the secular world, then it would be fine for me to let all the disciples of the hidden gate go back. They are all martial arts people. There is no need to kill them all, right? don't you agree? "

Yu Sheng sneered, can he still see what Song Hao is making? A month ago, I gave them a chance. They just stayed in the secular world. Now they can't fight until they want to go back. There are such good things in this world.

"It's too late, do you think I will let you go back like this for the person who killed the father and the brother?" Yu Sheng said that he was about to start with Song Hao.

"Don't, little brother, there is a reason for this, can you listen to me and tell you in detail, can't you let me die like this with the truth?" Song Hao said quickly.

In this situation, he can only delay the rest of his life to start with him, and he can delay it for a while, as long as the elder is here, this matter will be easy to handle.

"Okay, you can talk about it." Yu Sheng folded his shoulders and looked at Song Hao with a sneer, to see

what other tricks this guy could play.

“Actually, my father’s death was not what I did. It was because my sister wanted the position of suzerain. Don’t think she is a weak woman, but her ambition is beyond your imagination. You have been bewitched by her for the rest of your life. Now.” Song Hao pointed at Song Wanwan and said angrily.

Yu Sheng was born with a sneer. This Song Hao was still doing useless struggles when he died. Originally, he thought this guy could really tell the secrets?

“What is said to be useful, I am not a three-year-old and I will not trust you blindly like those of Mo Tianzong. Since there is nothing else, then I will send you to the west.”

Yu Sheng didn’t delay time with Song Hao, and grabbed Song Hao by the neck. Song Hao was already injured and he didn’t have the strength to resist.

Just as Yu Sheng was about to kill Song Hao, Yu Sheng felt a powerful aura approaching him at a rapid speed, and he could arrive in a few seconds.

That kind of powerful aura has produced a strong sense of crisis for the rest of his life. People who can have such an aura must be stronger than him. Is it possible that the person who comes is the person of the hidden door, so...

Yu Sheng directly let go of Song Hao, and now there is no time even if he wants to kill him.

“Song Wanwan hurry up! Go west and don’t come back.” Yu Sheng moved her internally and pushed Song Wanwan a few tens of meters above the roof.

“Hurry up, don’t come back, Song Hao, I will kill him for you, and take care of my family.” Yu Sheng exhorted Song Wanwan, then turned his head and regarded it as home. Look at the door position. After all, what should come is coming!
