

Dont mess 1281

Chapter: 1281

What the hell is this kid talking about? Twenty minutes, let them enjoy what they have now? Shen Tengfei and the principal, a group of people, you look at me, I look at you, I don't know what the rest of my life is doing.

It's just a phone call. Could it be possible that he can still turn the sky over and can illuminate what astounding big person can come over?

"Dad, don't listen to him bragging. He is just a stinky driver. He doesn't have any stinky skills, but he is very clever at scaring people. Uncle Jia, don't be fooled by him!" Shen Huan Yu Sheng glanced coldly and said to everyone.

There is no time to repay her so many grievances! Ever since she was young, even her most beloved father had never beaten her, but she was beaten by a stinky driver. Shen Huan couldn't accept it anyway.

Of course, Shen Tengfei believed in his daughter's words, thinking that for the rest of his life, he was just getting to know some punks. Maybe he was so scared to see them running away!

But only for twenty minutes, they want to see Yu Sheng, what the hell this kid has done, and what he can do.

Xu Jingjing on the side was also a little scared. First, the president of the University of Finance and Economics, and now the head of the Shen family. Brother Yu seems to have offended them all. If they join forces to deal with Brother Yu, what should they do? Ah?

The big deal is that I will not go to school in the future, and go out to work to reduce the burden of life for my mother. This shouldn't hurt Brother Yu to accompany him with him. He is such a good person and shouldn't be hurt.

Xu Jingjing came to Yu Sheng's side, leaned to her ear, and whispered: "Brother Yu, we have more than ten minutes to go. Let's find a chance to slip away? These two people are really big, not us. If you can offend, I can't bring you with you. If you are tired, let's go!"

For the rest of his life, there was nothing to say, Jia Hua, with pointed ears, could hear what Xu Jingjing said clearly, and the smile on his face became even more proud.

"What's the matter? I haven't arrived in twenty minutes, so I want to find a chance to slip away. Didn't your brother say that we want us to take a good look at everything we have? Doesn't that mean that we are all finished? , Now we're still done! You guys are planning to run away. This ability to talk big is really awesome."

Xu Jingjing bit her lip tightly and didn't go to Li Jiahua, her voice was already low enough. Unexpectedly, I was still heard by this guy.

Now that there is no way to slip away in this situation, you can only see who Brother Yu called? Is it something bigger than Shen Tengfei and the principal?

What they didn't know was the gate of the University of Finance and Economics. Several luxury cars swarmed in at a very fast speed. They slowed down until they got inside the school. They were afraid that they would be late for a minute and a half as if they were in an emergency. .

First it was the top-level Lamborghini that Yu Sheng drove, and now it was a few luxury cars. The students of the University of Finance and Economics were looking straight.

What's the situation today? One luxury car after another luxury car, is it possible that their University of Finance and Economics is really famous? Did all those rich people come here?

Everyone still didn't know the situation. Some sharp-eyed students saw the people sitting in the car turned out to be among the best. These people had met on TV, and they didn't expect to have come to the University of Finance and Economics together.

At this moment, the door of the principal's office was knocked again. The principal glanced at Yu Sheng and wondered if this guy really called someone, and he is still here now?

It just so happened that he wanted to see what role this person was, so he shouted: "Come in!"

Chapter: 1282

The door of the principal's office was opened, and the characters walked in from the outside to see the principal who were dumbfounded. They didn't dare to continue dragging their seats and quickly stood up and got up to greet them.

"Mr. Xia, why do you think of coming to me? Wang Ju, is there anything wrong with you coming here? Director Chen, hello, please sit down, please sit down." Jia Liang showed a compliment expression on his face. The people here are even more respectful.

Jia Hua also knew that these people were all big shots. After looking at it, Yu Sheng, who was winking, was still sitting there, so he hurried forward and pulled Yu Sheng up and said angrily: "You stinky driver, hurry up from here. Get up, is this a place you can do? Have you seen any big shots coming? I'm still here to stay."

Yu Sheng sneered. He stood up from the sofa without saying anything, and looked at everything quietly as if it had nothing to do with this matter, he was an outsider.

At first, Jia Liang thought that the person who knocked on the door was someone Yu Sheng had called. Now, how could these big people know a little driver like Yu Sheng? It's a heaven and a ground, alright! Maybe these big people came to discuss with them about the University of Finance and Economics. It is very likely that the University of Finance and Economics will be brought to a higher level.

"Sit down, three of you, I will prepare tea for you now." Jia Liang said flatly.

Shen Tengfei on the side saw that there was actually Xia Jun in the person, and he hurriedly leaned over and said with a look of diligence: "It's a coincidence that Mr. Xia, I didn't expect to be able to meet you in this place. My daughter encountered some things before, so I'll come over. Help her solve it.

For the sake of our fate, Mr. Xia is considering the contract that we discussed earlier. The strength of my Shen family can definitely do a good job in this project."

Xia Jun didn't care about Shen Tengfei but stood there with the other two, not one of them made it to the sofa.

Jia Liang couldn't understand why they didn't sit there because there was a place to sit. Is it because he didn't entertain him well?

"Three, sit down! It must be very tiring to come here from a long distance? Just tell me if you have anything." Jia Liang said respectfully.

Xia Jun snorted coldly, and said, "Shoot my chairman off the sofa and let me sit down with my own hand. I don't dare to commit such a thing."

"Chairman Yu has no way to make a sofa, and we little people can't sit on it." Wang He said.

"Yes, the chairman of Sihai Group is not qualified to sit, let alone we dare." Chen Rui said.

What Jia Liang and Shen Tengfei looked at were dumbfounded. Why don't they understand what is going on now?

Just as Shen Tengfei, Shen Huanhe and the principal and Jia Hua were still unable to figure out the situation, the three big figures walked over to Yu Sheng.

“Dong Yu, don’t come here without any problems.” Wang He respectfully said to the rest of his life. The young man in front of him is the chairman of the Four Seas Group, with 100 billion in assets. Although he has a little ability, he can succumb to such a character. Able to take it to the next level.

“Yu Dong, did they offend you? Leave this to me, and I will definitely give you a satisfactory result.” Chen Rui promised, patting his chest.

“Chairman, don’t hesitate to tell me what you order.” Xia Jun said respectfully.

Jia Liang on the side was dumbfounded. What’s the situation? Isn’t this young man Xu Jingjing’s elder brother? Shen Tengfei also said that he was a smelly driver.

The respectful attitude of these three great men to Yu Sheng doesn’t seem to be a security guard? They all call him Yu Dong, what kind of big man is this?

Jia Liangliang was a little confused.

Chapter: 1283

“I am calling you over this time to show you what this school is doing as a proof.” Yu Sheng said lightly. Wang He and Chen Rui naturally didn’t dare to have any disagreement with Yu Sheng’s words, and said in unison: “Yu Dong, please tell us and listen.”

“This is my sister, a student from this university. I want to find a part-time job during the vacation. Classmate Jia Hua took the initiative to introduce her a part-time job with a higher salary.” Yu Sheng said and looked at Jia Hua. There was a sneer at the corner of his mouth.

Wang He and Chen Rui looked at each other. They couldn’t hear the meaning of Yu Sheng’s words. They didn’t dare to pick up the words indiscriminately. They could only wait and see Yu Sheng to say something.

“At the time, my sister saw that there were no problems with the contract and signed it. After that, Jia Hua asked my sister to go to the bar to accompany him. When my sister asked to see the contract, they had already touched the contract. If my sister doesn’t If you go to a bar to accompany you, you must accompany Jia Hua to sleep.

My sister naturally disagrees. Jia Hua used his relationship to get Jia Liang to expel my sister. “Yu Sheng said word by word.

Immediately Yu Sheng looked away from Jia Hua and looked at Shen Huan. Shen Huan felt cold all over, as if being stared at by a hungry wolf. He subconsciously stepped back two steps and hid in Shen Tengfei’s body. Behind.

Yu Sheng’s reaction to Shen Huan was all caught in his eyes, with a sneer on his face, now that he is afraid, it is too late!

“As for this Shen Huan, my sister’s roommate, she took a shower video of her with my sister’s permission and posted it on the campus forum, seriously infringing on my sister’s sex. Do you think about this? How to solve it?” Yu Sheng looked at Wang He and Chen Rui.

Jia Liang and Jia Hua as well as Shen Huan and Shen Tengfei on the side were scared to death when the three great figures were very respectful to Yu Sheng. Now they heard Yu Sheng talk about this matter before they knew they were this time. It’s really over.

“Huanhuan, didn’t you say that this kid is a stinky driver? How could she know these three big people and President Xia called him the chairman?” Shen Tengfei’s brain has no way to think normally, no more Taking care of his face, he dragged his daughter to question.

“I...I...I don’t know...” Shen Huan’s body was trembling, and she didn’t dare to look in the direction of Yu Sheng.

Now he finally understood that the top Lamborghini that he drove for the rest of his life was his car. He was not a driver as he thought.

Now that Shen Huan still hasn't figured it out clearly, how could Xu Jingjing have such a powerful brother? Isn't she just a wild girl from the country?

All this came too suddenly, like a dream, but it was definitely a nightmare that was so bad that it couldn't be worse. Shen Huan would rather it's just a nightmare, and wake up quickly, none of this happened.

Jia Liang also reflected that this time his son really provokes people who shouldn't be provoke, even he will be implicated.

The old man was so good that he was not waiting for the three big people to get angry, and he knelt in front of Yu Sheng, and pleaded sincerely: "Mr. Yu, I didn't know how offensive your identity was before. As for the classmate Xu Jingjing, his character I have learned well. I didn't handle this matter properly. I was wrong with this matter. I won't expel her."

Talking that Jia Liang pulled Rajah Hua's clothes and winked at him, Jia Hua immediately understood that his father also knelt down to Yu Sheng.

"Sorry sir, I'm sorry for Xu Jingjing's fault. I shouldn't be fooled by lard. If I do such an inferior beast, I won't have anything to say if it is to be beaten or punished." Jia Hua admitted wrong. , While kowtow to Yu Sheng, his attitude was extremely respectful.

Chapter: 1284

"The three of you will leave this matter to you. I still have something to do. I hope your handling will not disappoint me." Yu Business patted Wang He and Chen Rui on the shoulders with a deep taste, and then turned and left with Xu Jingjing.

This matter is not difficult to solve, the most important thing is to let people delete the video of Xu Jingjing, and it is completely hacked.

Yu Sheng took Xu Jingjing to leave, leaving Xia Jun, Wang He, Chen Rui, Jia Liang, Jia Hua, Shen Huan and Shen Tengfei in the office.

Wang He and Chen Rui wanted to have something to do with Yu Sheng. Knowing how much the four people in front of Yu Sheng and his sister were doing, they would naturally not take it lightly.

If this matter is not handled to the satisfaction of Yu Sheng, then let alone have something to do with Yu Sheng, maybe they will also be implicated.

Not to mention Xia Jun, who was extremely loyal to the rest of his life. These people did so excessively to show them some color.

"Mr. Xia! Anyway, we also had a meal together, and it is considered to be a little friendship. My daughter is not sensible and made such a mistake. I hope you will give her a chance to rehabilitate. Forty percent of the family's assets were given to the Four Seas Group." Shen Tengfei knelt before Xia Jun and pleaded.

Hearing what his father said, Shen Huan hurriedly stopped, pulling on Shen Tengfei's clothes and said, "Dad! Are you crazy? Forty percent of the Shen family's assets is not equivalent to half of the Shen family's property. Give it a hand?"

I just posted a video. What if I delete the video? If it doesn't help, I apologize to Xu Jingjing. This matter will not be solved. Do you have to make such a fuss? "

As soon as Shen Huan's words fell, she slapped a loud slap on her face. She looked at Shen Tengfei incredulously, and the tears of grievance fell.

“Dad, you hit me? You didn’t hit me since you were a kid, but now you hit me for such a small thing, do you deny me as a girl?”

Shen Tengfei sighed helplessly, this daughter was really spoiled by herself, and now this situation still doesn’t know how outrageous she was.

It would be good if she took out 40% of the assets of the Shen family and others could admire it. She even said such a thing, she was totally unaware of life or death.

Just as Shen Tengfei was still trying to say something to save it, Xia Jun sneered and said: “Miss Shen is right. Shen Tengfei really made a fuss about this matter. How can my Four Seas Group want your Shen family property? Huh?”

Shen Huan has always felt that her family is still very powerful, at least there are no people in this school who dare to provoke herself, no matter who it is, give her a bit of face.

So she should think that Xia Jun also wanted to give face to her father, and it was really embarrassing for her father to kneel down to others.

“Dad! Get up quickly! You see that Uncle Xia doesn’t want our Shen family property, which means that he doesn’t plan to care about this with me.” Shen Huan said as he wanted to help Shen Tengfei from the ground.

At this time, Xia Jun spoke again: “Naturally, I won’t want the property of the Shen family, because Qiancheng will soon have the Shen family!”

When Shen Tengfei’s heart just let go, hearing what Xia Jun said, he was scared that his soul was not possessed, and he almost fainted without being able to bear it.

“Dad, what’s the matter with you? Don’t scare your daughter to me!” Shen Huan hurriedly supported his father and said anxiously.

“Uncle Xia, are you joking with us? I just posted a video, which is a big deal and delete it. As for making our entire Shen family no longer exist? Isn’t that too much of a question?” Shen Huan said with a hint of complaint in his tone.

Xia Jun sneered, don’t worry, it’s not just that waiting for you!

Wang He and Chen Rui on the side shook their heads slightly as they watched Shen Huan. This woman is about the same length, but this brain is really not good!

Stupid!

Chapter: 1285

Let this Shen family cease to exist, Xia Jun’s decision was kind enough, but this Shen Huan had no brains, but was not convinced.

Xia Jun didn’t say anything, just smiled faintly, this smile made people have a way to see what he was thinking.

“Since Miss Shen has said so, it is indeed a trivial matter to let the Shen family cease to exist. Seeing that you are so filial, then I should just let you become a big star?” Xia Jun asked with a light smile.

Shen Huan didn’t understand why Xia Jun’s reaction was so great. He touched her face subconsciously. To be honest, she was quite confident about her appearance. Although she was not as beautiful as Xu Jingjing, she was still pretty. The beauty of the upper middle.

“Uncle Xia, are you lying to me? Are you really making me a big star?” Shen Huan asked ecstatically. Originally thought that I had offended a big man and was done, but I did not think that Uncle Xia was joking with himself, and would not force them to die in the Shen family.

Shen Huan couldn’t hear the meaning of Xia Jun’s words. How could Shen Tengfei, who had lived for half

a life, didn't understand the hidden meaning of these words?

He hurriedly pulled his daughter and said, "Huanhuan, what are you talking about? Be a big star, quickly apologize to President Xia."

Shen Huan shook off his father's hand, and said spoiltly: "Dad, I just want to be a big star. Uncle Xia gives me this opportunity. I will naturally not give up. You don't care about my affairs!"

The entire Shen family was almost finished by his own daughter, and now he is still so stupid. It's hard to know what kind of star he wants to be.

How did he give birth to such an unattainable daughter? It is simply unhelpful. Shen Tengfei was so angry that he fainted directly after he slowly came over.

Shen Huan glanced at his father, sniffed and found that he didn't plan to worry about anything while he was still alive, and focused all of his attention on Uncle Xia.

Four Seas Group also mainly operates in the entertainment industry. It is simply too simple to win a female star, so Shen Huan believes in Xia Jun's words.

"Uncle Xia, when shall we sign the contract?" Shen Huan asked excitedly.

Xia Jun sneered, and then winked at the men outside the door, and said, "Take Miss Shen to make a movie. Remember that the finished product must be widely publicized. It is best to let the whole school know about Shen Huan's. Fame!"

When Shen Huan heard these words, he was happy from ear to ear! Uncle Xia asked her to play with the entire Shen family one second, but the next second he treated her so preferentially.

Although she can't understand the reason, the only thing she understands is that she is about to become popular, and the classmates in the film school can see it. It is too face-saving, and she can't wait. .

"Uncle Xia, are you all true? I will do my best and I will never disappoint your trust." After saying this, Shen Huan followed Xia Jun's men and left. There was still a smile on his face.

Both Jia Hua and Jia Liang were terrified during this period of time. Shen Huan just made a video. Xia Jun directly let the rightful Shen family cease to exist, and made Shen Huan to make that kind of movie notorious. It's a murder and condemnation.

Recalling what Jia Hua had done, it was many times more than what Shen Huan did, and he had to fire Xu Jingjing, and insulted the rest of his life...

Jia Liang didn't dare to think about it anymore when he thought of this. He knelt on the ground and kept kowtow with the three big men. His scalp was smashed and the blood kept flowing down, but he didn't dare to pause at all. Kowtowing there again, his mouth kept begging for mercy: "Our father and son know that we are wrong, we really know that we are wrong, please let me go!"

No matter how stupid Jia Hua looked at his father, he knew that he was in great trouble, and he kept kowtow to the three big men and begged them to forgive him.

"It's useless for you father and son to kowtow here! Yu Dong is gone, even if you kowtow to death, it is useless, how to punish or how to punish!" Xia Jun said coldly.

Jia Liang sat on the ground feebly when he heard these words, his face was as gray as death, and the wrinkles on his face were much deeper, as if he was ten years old all of a sudden, his mouth was filled with: "retribution...retribution." !"

Chapter: 1286

Jia Liang has always indulged his son, thinking that he can protect him for a lifetime as he is, and these things that happened today have never dared him to imagine.

Sure enough, the retribution is unhappy. So many little girls have been harmed before, and it is because there is still no time to get retribution.

Now this situation can't escape the catastrophe even if it is smashed and bloodied.

Having been in a high position for so many years, Jia Liang ended up in ruin. The teachers and students in the school knew that he favored Jia Hua because of his position and caused many young girls to be played by Jia Hua.

Without this position, Jia Liang's family was directly bankrupted by Wang He and Chen Rui secretly. Jia Liang couldn't accept this sudden drop from the sky to the underground and went crazy directly, and was sent to a mental hospital.

And Jia Huazhe broke his legs and threw them on the street for dinner. From being a young man to being scrapped now, what he eats depends on the faces of others. Those who have been bullied by him in the past are also all. Come to see his jokes and taunt him.

Jia Hua couldn't bear this kind of gap, and wanted to die for a while, but he didn't have the courage, so he could only survive the life of the world.

Just as the people in the school were still thinking about what kind of big people could make Jia Liang and his son get to this point, the school broke the news again, and this time directly overshadowed the limelight of Jia Liang and his son. .

The most famous in the school, Shen Huan, the eldest lady of the Shen family, plus Shen Huan used to like to show up, he always had a sense of superiority wherever he went, there were basically no people in the school who didn't know her.

At that time, many people couldn't understand her superior posture, but there was no shortage of licking dogs who liked her queen-like character.

At that time, he was still the eldest lady of the Shen family and a famous figure in school, but now the Shen family went bankrupt overnight, and many people felt very relieved. When they saw the video uploaded on the Internet, it was completely Was shocked.

"Oh my god, I didn't read it wrong, the heroine in this little video turned out to be Shen Huan? This is simply a reorganization of my three views, my god!"

"This is really her. She looks aloof at school and treats herself as a princess. It's really embarrassing to think that she would shoot this kind of video? Even if the Shen family went bankrupt overnight. Now, she doesn't need to be like this, right?"

"Do you see that the enjoyment on his face seems to be forced to go? Obviously it is voluntary, okay! Maybe it is so low in his bones to look high in front of people!"

"I heard that Shen Huan's Xu Jingjing's video was deliberately made by Shen Huan. She posted the video without the permission of others. Her character is so bad that she didn't expect to make this kind of video herself. .

This kind of person would have been beaten to death long ago if they hadn't had a good life. "

A few girls watched the video and talked quietly.

The video of Xu Jingjing that went viral in the morning was completely overshadowed by the affairs of Jia Liang and his son, as well as the affairs of Shen Huan. There is no concept of comparison between the two, and it is almost insignificant.

After these two events, they also understood a truth. The reason why Jia Liang and his son and Shen family went bankrupt was because they offended Xu Jingjing.

They used to think that Xu Jingjing was just a wild girl from the countryside with money and money, but now they don't dare to think so.

.....

In the restaurant near the school.

“Brother Yu, thank you for helping me so much, I don’t know how to thank you?” Xu Jingjing said with a grateful expression looking at Yu Sheng.

It was the man in front of her that gave her a sense of being protected, and also allowed her to clear her grievances, and it was her savior.

Yu Sheng smiled slightly, took a sip of boiled water, and said, “It’s just a small matter. The reason for helping you is because of the face of Aunt Huang. You learn to repay your mother the best way to repay me. .”

Xu Jingjing kept her head down with some embarrassment. Although Yu Sheng had said so, she still felt that she owed Yu Sheng very much, and she was always a little sorry.

This emotion is also mixed with an inexplicable affection, which is probably the emotion of a girl carrying spring!

“Brother Yu, let me do something for you! Otherwise, I will feel sorry for it.” Xu Jingjing looked at Yu Sheng timidly, and then dropped her head again.

She was ready in her heart, and even if she made an excessive request from the rest of her life, she would not refuse. At the age of 21, she has never been in a relationship before and has always kept herself clean.

Therefore, even if Yu Sheng said that she wanted her, Xu Jingjing would not refuse.

Yu Sheng put down the cup, his eyes lit up and said: “Don’t tell me, there is really something right now.”

Xu Jingjing was overjoyed and asked excitedly: “Really? What’s the matter with Brother Yu?”

Chapter: 1287

“It’s not a big deal, that is, I forgot to bring my wallet when I came out, and now I have no money to pay for this meal, and my mobile phone has no electricity.

Eating overlord meal will affect my reputation. Since I helped you solve the problems in the school, in order to repay me, then you help me give me the money for the meal, right? Yu Sheng looked at Xu Jingjing and said with a smile.

Hearing what Yu Sheng said, the excited expression on Xu Jingjing’s face instantly solidified. She thought that Brother Yu was asking too much. She was already prepared for it. Even if she gave her body to Brother Yu, she was willing. But.....

Inexplicably lost in her heart, Xu Jingjing forgot to answer the questions for the rest of her life for a while. Looking at the dishes on this large table in despair, she felt very uncomfortable in her heart. Yu Sheng didn’t know what Xu Jingjing was thinking in her heart. Seeing her suddenly like this, she didn’t understand the reason.

Could it be that the price of this meal was too high, and for the rest of her life, she had the idea of letting Xu Jingjing pay the bill, so it wasn’t a bit expensive.

In addition, this is a restaurant near the school, and the price is not too high. This meal is only about two hundred yuan at most. Is it possible that Xu Jingjing can’t get it for two hundred yuan? The rest of my life thought to myself.

“In this case, I should pay for the meal myself!” Yu Sheng said, planning to get up.

“No, you helped me so much. It’s right to invite you to dinner, I’ll come!” Xu Jingjing got up for the rest of his life and went to pay the bill.

It wasn’t because of the money issue that Yu Sheng was really puzzled this time, and she didn’t

understand why Xu Jingjing suddenly became like this.

For the rest of his life, he cannot be said to be a straight man of steel. In his philosophy, no one would like someone just after knowing two or three hours.

Just like Magnolia, she is very beautiful, and she is the best-looking of all the women I have ever seen in the rest of her life, and she just dumped the big stars in the movies for several blocks.

Such a big beauty, the reason why Yu Sheng likes her is also because of her beautiful appearance, but the long-term contact is attracted by her character.

The only thing the rest of his life ignored was that he didn't know how attractive he was.

After a while, Xu Jingjing came back after buying the order.

Xu Jingjing came to Yu Sheng's face, but she did not dare to stop at Yu Sheng's body, but said in a strange tone: "That Big Brother Yu, let's go!"

At this time, Yu Sheng heard Xiao Ningyu's booing voice in his mind: "Master, this little girl seems to be interesting to you! Take it down!"

Interesting to yourself?

Yu Sheng thought about the changes before and after Xu Jingjing, and also felt that Xu Jingjing seemed to like herself, and suddenly felt that her head was big.

"Don't be fooled, if this happens, your candied haws will be unplayable!" Yu Sheng threatened Xiao Ningyu with his mind.

As soon as Xiao Ningyu heard this, she immediately stopped talking and closed her mouth obediently. Even so, she gave Yu Sheng a bad look.

Yu Sheng didn't care about him, and looked at Xu Jingjing: "Thank you for paying the bill for me. The two of us are settled, and you don't have to owe me anything."

Hearing this sentence, Xu Jingjing felt very uncomfortable. She would rather owe the rest of her life than make a clean with him.

At this moment, the ringtone of the phone call rang, Xu Jingjing subconsciously took the phone out of her pocket and opened it, only to realize that it was not her phone that rang.

Yu Guang accidentally left Yu Sheng and took out his mobile phone from his pocket to connect to the call.

"Really? Leave it to me." Yu Sheng said and hung up the phone.

Xu Jingjing didn't know who Yusheng was calling. What she was concerned about was the cell phone Yu Sheng was holding, which actually had electricity.

She laughed at herself, and Xu Jingjing understood that the reason why Yu Sheng let herself pay was just to make her feel more at ease.

"Well, I'll leave first if I have things to do. If you still want to go to school before, I've taken care of it for you, and no one will gossip about you.

If you really can't adapt, I will also find someone to help you arrange another school. It is the most famous school in Qiancheng. Of course, I know that the choice is yours."

Yu Sheng patted Xu Jingjing on the shoulder and sat on his top Lamborghini and left.

Xu Jingjing couldn't return to God for a long time now, such a nearly perfect man would not belong to her in the end, and the gap between the two was like a chasm, which was impossible to cross.

Chapter: 1288

"Master, don't you know that my grandfather is now following the fascination. He has been staying in the mountains for nearly half a year. You don't know what the hell he is doing?" Zhu Xiaoshu still said in

dissatisfaction.

Yu Sheng smiled slightly and touched Zhu Xiaoshu's head. These days, I have been busy with other things. I haven't seen this little girl for a long time. Today I saw that the tenderness on her face was a little less, and she was taken by the breath of a young girl in the spring. Substitute.

"Little apprentice, you have grown up again!" Yu Sheng blurted out.

Zhu Xiaoshu stepped back two steps defensively, watching Yu Sheng subconsciously covering his chest with a vigilant face.

"Master...you...what are you talking nonsense?"

Yu Sheng pulled out the corner of his mouth, the expression on his face was a bit embarrassing, it looked like this little apprentice had misunderstood what he said.

"Nothing, where is the old Zhu? Send me an address and I'll go see him." In order to avoid embarrassment, Yu Sheng deliberately broke the topic.

Zhu Xiaoshu's gaze looking at Yu Sheng was still somewhat defensive. As expected, there was no contact for such a long time. Just now, he just touched this little girl's head, which made her want to be crooked and unfamiliar!

Yu Sheng sighed helplessly, saw the position sent by Zhu Xiaoshu on the phone, and said: "Master is too busy these days, I have ignored you.

But this doesn't mean that I don't care about you anymore. I may spot check your medical skills anytime and anywhere. If I am not satisfied, I will be punished heavily at that time!"

Hearing what Yu Sheng said, Zhu Xiaoshu smiled uncharacteristically, and then stuck out his tongue very mischievously: "Master, you just need to check, but I am very hardworking."

Yu Sheng knew that Zhu Xiaoshu was very talented and a very strong girl, who would not be lazy in the convenience of medical skills.

The reason why she just said that sentence was just to put herself right in her heart. She hadn't seen each other for a long time, maybe she had blurred her impression of herself.

I was deliberately estranged just now and I slowly grew into a big girl with her. In addition, I haven't seen each other for so long and treated myself as a strange man, so I repelled myself from touching his head.

The words that Yu Sheng just said just wanted Zhu Xiaoshu to understand that she was her master.

I didn't have much to stay. I haven't seen Zhu Qingshan for a long time in the rest of my life. I still miss it a little. I heard Zhu Xiaoshu say that he was in the mountain. Zhu Qingshan is so obsessed with medicine. Maybe he is studying some medicine.

Taking the car all the way, Yu Sheng came to the position that Zhu Xiaoshu gave him. Seeing the high mountain road leading to the sky, ordinary people might be a little worried when they see it, but this is not too difficult in Yu Sheng's eyes.

In about a few minutes, Yu Sheng reached the top of the mountain, the most conspicuous place was a straw house, and there was no one who went in for the rest of his life to perceive Zhu Lao in the house through mental power.

"Doctor Yu, why are you here? If you want to find me and give me a call, why bother to come here? The mountain is still so high. It must have taken a lot of time to climb up. Come on!" Zhu Lao put down the book in his hand and quickly got up to greet him.

Speaking of this, Zhu Lao patted his head and said with some shame: "As you grow old, people's heads are not working well. How can there be any signals on this mountain? Blame me, blame me!"

"No problem, this mountain is not too difficult for me to climb. I got to the top of the mountain in a few

minutes. I came here to see how you are doing. What did you study when I came to this place specially?" Said with a smile.

A few minutes?

Listening to the light and fluttering tone of Yu Sheng's tone, Mr. Zhu felt that the two people were not talking about the same mountain, but how could it not be the same? After all, Yu Sheng is standing in front of him now.

Old Zhu still remembers that he spent a full day climbing the mountain by himself. From early morning to late afternoon, he almost breathed out when he was tired.

Even thinking about yourself, why did you find this place to study medical books? This is nothing but trouble!

Although this mountain is difficult to climb, the environment here is still very good. It is incomparable in big cities.

Regardless of the environment, people naturally relax physically and mentally, and can calm down to study medical books and appreciate what the ancients left behind.

"Doctor Yu, why are you a coincidence this time? In the past six months, I have really researched a good thing!" Zhu Qingshan's face showed uncontrollable excitement.

Chapter: 1289

"After half a year, I have researched something called soul-injecting pills, which I read from an ancient medical book."

Zhu Qingshan said that he took out a shabby book from the table and handed it to Yu Sheng, saying, "I found this book in my father's house by accident. My father is over 90 years old this year. What kind of serious illness, the body is still tough, but the old mind is also confused.

And this book was the book he used to cushion the corner of the table. I looked at it when I was unfamiliar, and then I realized it was a good thing.

It's just a pity that there is a method of refining soul infusion in this book, but it doesn't explain the usefulness of this pill."

Yu Sheng took the dilapidated book and examined it carefully. All that was needed on it was relatively rare. What shocked him the most was that it had thousands of years of ginseng.

Nowadays, most of the ginseng is artificially cultivated. Wild ginseng is rare. One hundred years old is relatively rare. As for the century-old purple ginseng, it can be sold in auction houses. Strain, it was only used by him, and now I can't find it.

"I have collected other medicinal materials in the first half of this mountain. It's only a thousand-year-old ginseng that I have never met. Although I don't know what effect this soul injection pill has? But looking at it. The recipe required for noodles is certainly not a thing.

The old man is also willing to take the risk, if there is more than the help of a genius doctor, it will be more effective!" Zhu Qingshan said with a smile.

He has lived for decades. In the eyes of others, his superb art is known as a genius doctor, but Zhu Qingshan understands that the talent that Yu Sheng possesses is not at all comparable to him.

Coupled with Yu Sheng's ability to make medicine pills, Zhu Qingshan has never heard of it. If this matter is left to Yu Sheng, then he will be able to see what the soul-injecting pills in this book look like.

"Although I also want to see what the so-called soul-injecting pills look like, things like Thousand-Year Ginseng can be met but not sought, and I can't guarantee that I can see anything.

So I still hope that I will not put too much hope on me. "Yu Sheng reminded.

Zhu Qingshan nodded, and then took the rest of his life to visit somewhere on the mountain. The two hadn't seen each other for a long time. Yu Sheng wanted to leave but was forced to live by Zhu Qingshan. Yu Sheng, if he insisted on leaving, he wouldn't be unable to leave. Seeing Mr. Zhu so stubbornly wanted to let himself stay, the rest of his life was too. It's not good to save his face. In these days living in the mountains, Yu Sheng's body and mind was extremely relaxed. In the daytime, the birds sang and the flowers sang, and the insects and frogs called at night. Even Yu Sheng's internal strength training speed was much faster in the city. No wonder there are so many seclusions in the world. Foreign masters, it still makes sense. It is worth mentioning that Zhu Qingshan's vision is still good, and the mountain he has chosen has a faint aura over and over again. During this period, Zhu Qingshan asked Yu Sheng a lot of medical knowledge, and Yu Sheng didn't have the slightest clumsiness to answer him one by one. After staying for half a month, Yu Sheng felt that it was a long time before he went up. Zhu Qingshan still wanted to play and stay, but after being rejected by Yu Sheng, he could only give up. Looking at the back of Yu Sheng's departure, Zhu Qingshan felt a little bit reluctant. Although he was obsessed with medicine in his life, he lost his son early. Even with Zhu Xiaoshu, there is still no way to make up for the pain in his heart. For Zhu Qingshan, Yu Sheng was his lifesaver, but during this time of getting along, it gave him a long-lost feeling. If someone can accompany, which parent is willing to be an empty nester?

Chapter: 1290

Yu Sheng just came down the mountain when he heard the sound of selling herbs at the foot of the mountain, and there were stalls everywhere with a dazzling array of herbs. Yu Sheng watched all this and didn't have too many stops. This mountain has a little aura. It is normal to grow some good-quality herbs, but those particularly good-quality herbs are hard to see. And what Yusheng needed to make the pill was those top forages, as well as things like heaven, earth and earth treasures, so it simply couldn't exist here. Just as Yu Sheng was about to leave by car, Yu Guang accidentally saw an old woman standing in a relatively remote location. There was a dilapidated basket in front of her with a large ginseng in the basket. It's just a glance at it from a distance, and the rest of your life will be able to see that this year is absolutely extraordinary, at least a thousand years. Suddenly a Mercedes-Benz car stopped in front of the old woman, the window of the car opened, and a man in his thirties with a big gas head poked his head out. "Hey! Did your old lady come to buy medicinal materials? It's weird to stay in this remote place and sell them. What's the shame of holding a white cloth to cover?" the middle-aged man said with a throat. The old woman was sitting here, there was a time for noon, she was naturally happy to see someone coming to ask questions, and she quickly lifted the white cloth on it. "This is the ginseng from my ancestors. If it weren't for my son who was seriously ill and needed 300,000 surgical fees, I wouldn't have sold this thing." The old woman looked at the ginseng and said with some dismay. Zhao Anping's eyes were straight when he saw the white cloth being lifted and the ginseng in the basket, and there was no way to look away from the ginseng.

Not daring to carry it in the car again, Zhao Anping hurriedly opened the door, looked around for a while, and walked over when there were no people around.

“Old lady, how do you sell ginseng?” Zhao Anping said as he took the adult ginseng out of the basket, and after careful observation, he became more and more happy.

The old woman saw that Zhao Anping had directly picked up the ginseng with her hands, and wanted to stop it, but she had waited here today for an afternoon, and finally met someone who came forward to ask, plus the fact that her son was still sick. Deteriorating, money is urgently needed for surgery.

“I don’t know what the price of ginseng is now, but you see that I am such a big ginseng, and it is passed down from my grandfather’s generation. If it wasn’t for an emergency at home, I would not give this baby. Come out and buy.

Give me 300,000 yuan. My son is sick and needs this money for surgery. If he doesn’t have surgery, he will die. “The old woman looked at Zhao Anping pleadingly and said.

As soon as Zhao Anping heard that the old woman didn’t know the market price, he made a small calculation in his heart, and rolled his eyes and threw the ginseng in his hand casually.

The old lady was frightened when she saw this situation! His hands quickly caught the ginseng.

“Old lady, you are really disrespectful of you! Even this shameless life is just a little bigger, it looks almost like artificially farmed, not even wild ginseng, and the yellow-brown on it is also like chemical It’s a robbery to be embarrassed to ask for three hundred and fifty thousand if the item was stained! If it weren’t for seeing you urgently need money, I would ignore you at all, but you also met a good person when you came out today. I will give you 30,000 yuan in this life! “Zhao Anping stretched out three fingers and said.

Thirty thousand yuan.

As soon as the old lady heard about this number, her heart was cold for the most part. Her son was seriously ill and required an operation to cost 300,000 yuan. With only 30,000 yuan, there is no way to save his life.

“This gentleman, are you wrong? My ginseng was uploaded by my ancestors. How could it be artificially planted?” The old woman quickly explained.

“This old woman, what do you know? I have followed my father in the medicinal material business since I was a child. You know more about this. You are farmed artificially. If I didn’t see you being pitiful, I wouldn’t buy yours. Four Ten thousand yuan can’t be more.” Zhao Anping said impatiently.

When the old woman heard Zhao Anping’s tone, for fear that he would leave, she hurriedly said: “Give me fifty thousand yuan, and I will buy it!”
